No. 36

Delegation Asks for Land For Eight-Room School

A delegation from the Divisional School Board attended the Council meeting on Tuesday night to advise the Council of the tentative building plans for a new eight-room school which the Board thinks will have to be built in the East end of Town to take care of the school population increase.

The actual allocation of the approximately five acres needed was deferred by Council until they can discuss the problem of school lands, in general with Mr. Lash of the Provincial Town Planning department, who is scheduled to meet the Council next week on problems connected with Edson's anticipated expansion.

The delegates also told the Council of the Board's tentative plans for a new Divisional office and warehouse building on the site of the present school shop in the old Baptist church building. Plans would provide for a building which would fit in with the residential character of the neighborhood, the delegates said.

Another interesting development was the personal application of Mr. J. E. Baugh of Canadian Pina Oil Company requesting a year's option of an extensive strip of property just West of the East railway crossing and South of Fourth Avenue for residential and industrial buildings and installations.

The Council agreed to giving Canadian Pina an option of the Town-held property for a year on conditions to be agreed on at the time of signing an agreement. The oil company has extensive leases north of Edson and exploratory work will take several years alone, with more permanent types of installation being needed if oil production is realized.

Other business at Tuesday's meeting included:

Leases: Mr. V. McLeod addressed Council asking for lease and option to lot 11, block 23. It was moved that Mr. McLeod's application be referred to Building and plans committee for report.

Minimum: Mr. T. E. Fowler addressed Council re: Drive In light minimum etc. It was moved that matter Drive In minimum be tabled for further consideration of Council. It was later decided minimum should be \$25.00 throughout the year.

Building Permits: The following building permits were approved: Mah T. Get, lot 26, block 6, addition \$2,500; J. Gerlitz, lot 12, block 34, garage, \$200.00.

R.C.M.P.: Letter from R.C.M.P. with regard to policy in policing Town was read and ordered filed.

Stony Plain Hockey Club To Visit

The Stony Plain senior hockey club, which provided an impressive showing in its appearance here last season, will visit Edson this weekend for a two-game set with the Edson Athletics.

The teams first clash will be Saturday evening, in a game slated to get underway at 8:30; while the second game will be played Sunday afternoon at 2:00.

This year's Edson squad promises to be a powerful one, with the addition of several new players to last year's fine club, and fans can be assured of obtaining their money's worth as the Athletics take on their first outside opposition of the season.

Uses Direct Road To Visit Fairview

Mr. Tommy Chapman made use of the nearly completed direct route to the Peace River country to visit his brother at Fairview last week, making the trip in nine and a half hours with time out to eat on the road.

Taking the road north of Rosevear to Whitecourt, which is quite passable in winter months, he and his family then travelled the Valleyview cutoff to High Prairie; then on to Peace River and Fairview.

Leaving at 3:30 Thursday afternoon, they were in Fairview by midnight that night.

Except for a 14 mile stretch of uncompleted road starting 24 miles north of Whitecourt, the road was in perfect condition and the travellers were very impressed by the rugged scenery of the unsettled territory, planning to make the trip up again this summer so that they may enjoy at more leisure the beauties of the district.

EDSON OCTOGENARIAN

Mr. M. S. Maxwell, a well known Edson old timer and pioneer, is shown above in a picture snapped by son Donald during the week he celebrated his eightieth birthday. Mr. Maxwell was a "surprise" birthday guest on his birthday when friends and neighbors gathered at the Maxwell farm on the Bear Lake road to honor Mr. and Mrs. Maxwell.

'B' Squadron 19th Alta Dragoons Authorized For Edson District

Lt. Col. E. S. Bryant, Commanding Officer of the 19th Alberta Dragoons, Edmonton, has announced that final approval has been obtained from Western Army Command for the formation and establishment at Edson of an armed squadron to be known as "B" Squadron of the well known 19th Alberta Dragoons.

A recruiting and documentation team will be in Edson later this month to recruit personnel, and all interested should contact any number of the military committee as soon as possible, and they will gladly give any information on the militia unit being formed here.

The committee in charge of preliminary arrangements are: Walter McIntyre, chairman; Walter Fowler, secretary; Tommy Booker, Bill Switzer, Jack Patterson, Jeff Herschel, Gordon McIntyre, Earl Rasmussen, Grant Bolton, Jack Madrak and Bob Williamson.

Trapper Laid To Rest Here

A quiet funeral was held from Edson Funeral Home on Thursday morning for the late Mr. "Tank" Thompson, a well known trapper of the Mariboro district.

Mr. Thompson was in his 75th year at the time of his death and has no known relatives in this district.

Legion President Walter Fowler read the Legion service at the graveside in memory of Mr. Thompson's service in the first World War.

Rev. H. Eschauer spent New Year's with members of his family in Calgary.

CN No. 2 Hits Car On West Crossing

Mr. William Daniels was rushed to hospital in Edmonton last Sunday evening after the car in which he had been riding was hit by the eastbound passenger train No. 2 at a crossing west of Edson.

Mr. Daniels' son, Walter, who had been driving up an icy slope to the railway crossing, found that the car stalled on the tracks and was attempting to back away when the locomotive hit the radiator of the car.

Old Matri, Burton Daniels and Irwin Daniels, other passengers in the car were admitted to St. John's Hospital at Edson suffering from minor injuries.

Mr. Daniels Sr. has not been in too robust health for sometime and friends were worried about the shock of the accident to him.

Alberta In 1954

By DONALD F. SMITH

Edmonton — Trying to find a starting place in a review of Alberta's progress in 1954 is like trying to find the end of a ball. And like a ball the province's fortunes continued to roll right along in the past year.

There were times when the ball seemed to roll backward—a poor crop and construction slump, hundreds of coal miners thrown out of work by lack of markets and slight drops in wholesale and retail sales. But, generally, few people would say the outlook for the province in 1954 was anything but bright.

Like the past several years, the program centered on the development of the province's natural resources, mainly oil and gas, and industrial expansion. Notable in the search for oil and gas were the developments in fields in the Pembina area, west of Edmonton, and the Sturgeon Lake district, in the south Peace River country.

If there were fewer large industrial plants started during the year, there were plenty of indications that even the expansion of the past years would be overshadowed by projects expected to start in 1955. On the drawing boards are plans for concrete plants, a pulp mill and chemical factories.

The export of natural gas from the province which some federal and provincial officials seem to think will begin this year, is expected to bring the development of industries designed to use by-products which cannot be exported in the gas.

Westcoast Transmission finally announced it will be exporting gas to B.C. and the U.S. under an agreement signed with an American firm which won the right to pipe gas into the northwest states. The Canadian company's gas will come from the Peace River district. Plans also are going ahead for the construction of a gas gathering system in the province, which will feed the big east-bound gas line.

In the field of government and legislature, a variety of new measures have been introduced, old ones revised and revenues and expenditures have reached all time highs.

The seven-week session of the legislature, held early in the year, included a lengthy education committee hearing and equally long hours debate on the government's proposal to relieve the teacher shortage in the province's isolated schools. The proposal was adopted.

WE LAUGHED AT THESE

The young bride proudly placed her first turkey on the Christmas table. "Ah, that looks wonderful," said her husband. "What did you stuff it with?"

"Stuff it?" Why darling, this one wasn't hollow!"

An attractive girl and a plain middle-aged spinster were waiting for a bus.

"Have a cigarette?" asked the girl opening her pack.

"What? Smoke in public?" exclaimed the woman, shocked to her depths. "Why, I'd sooner kiss the first man who came down the street!"

"So would I," retorted the girl, "but have a cigarette while you're waiting."

Salisbury to customer: "If you take off the jacket of this outfit you have a play-suit. If you remove the skirt, you have a swimsuit. If you remove any other piece, you'll have a lawsuit."

A man has to make allowances when he has a son away at school.

When Noah sailed the ocean blue. He had his troubles same as you for days and nights he drove his boys before he found a place to park.

A relative newcomer to the political scene in the province, Edgar W. Hinnman, of Cardston, elected first in 1953, became municipal affairs minister, the post held for many years by Mr. Gerhart.

A Christmas concert was held at the Mackay school. The concert drew a large crowd and was enjoyed by all.

Mr. and Mrs. James Dulan and Pat Dickie came down from B.C. last week.

Mr. and Mrs. E. Dickie have moved to their home right here in town.

We are sorry to hear that Mrs. Attwell is sick in the hospital. We all wish her a speedy recovery.

The dance held at the Mackay Hall on Friday did not draw a very large crowd but all who were present enjoyed the evening very much.

Betty Shand fell for the old trick of seeing stars but she hit the milky way.

Miss Florence Gardener of Edmonton was a Christmas visitor at the home of her brother, Mr. and Mrs. Reg Gardener and family.

Mr. and Mrs. Al Pike and family of Holden were holiday visitors at the home of Mr. and Mrs. A. McLean.

Mr. and Mrs. Bob George and family of Red Deer returned home during the holiday season.

LAFF OF THE WEEK

ALL ABOARD

By G. E. MORTIMER

Where do the characters in the comic strips get those ice-bags that they wear for hats on New Year's morning?

I have never seen anyone wearing an ice-bag in real life. I have known morning after the patients who implored me to sink a shaft in the skull with a brace and bit, and liberate the little men who were dancing a hobo-jig on the cerebellum.

But an ice-bag, on, I was beginning to doubt the existence of ice-bags. Just for fun I went to a drug store and asked for one, half expecting the man at the counter to give me an insolent stare and then burst into a loud guffaw.

"Aagh hah hah! Here's a man who wants—what was it you said you wanted?"—an ice-bag! A-hoh! Come on over and look at him, fellows! Craniest thing since that guy asked to buy some of the wine we keep in those big bottles in the window."

However, this did not happen. The drug store really had ice-bags to sell. They were limp, rubberized little sacks with wide flat mouths, priced (as the shopkeeper said) at 200 pennies.

The store clerk said he had sold only one ice-bag in a year. Either the people in my neighborhood don't read the comic strips, or else they have found better ways to handle a headache, such as hitting themselves on the head with a piece of firewood. I have tried

Coming Events

MONDAY, JAN. 18—The Edson Curling Club will hold a meeting in the Club Rooms at 8:00 p.m. All interested are invited to attend.

WEDNESDAY, JAN. 26—The regular monthly meeting of the Edson Home and School Association will be held in the school at 8:00 p.m.

It Happened In '54

The year nineteen-hundred and fifty-four was a momentous one in the history of Edson and district, bringing developments and promises of even greater developments in the months to come. It was the privilege of the Leader to record the events of the year, and some of the highlights of 1954 we bring you here; taken from Leader files:

JANUARY: Earl G. Brande is first baby of 1954; Edson Legion opens Folio Fund canvass; new cabinet minister N. A. Williams gives sectional dinner; testing on Edson No. 1 well at Brixth proves favorable; outbreak of fire destroy Erve, Block, damage home of Mr. and Mrs. Curtis Bourke; damage Fire Bluff Auto Court; Andy Woods home; oil tank at Conkyler burns, trapping cars in frozen oil.

FEBRUARY: Dutch Mill gutted by flames; School Division trustees hold organizational meeting; A. C. Gough, Evansburg elected chairman; Town finance committee reports modest surplus for 1953; M. E. Burleigh re-elected mayor by acclamation. Field rink wins Edsonspiel from Templeton of Mercoal; Teresa Chrenk in Lancer Carnival queen; Kathleen Olson declared Queen of Kinsleyites of '54.

MARCH: Fire in parked trailer

take life of small baby; Pulp Mill announcement made; Town sponsors meeting to hear milk question

APRIL: Mrs. R. Kiddle wins scholarship at Banff School of Fine Arts; Bryan Mountain Mine at Robb suspends operations indefinitely; Edson United Church officially opened; further 11 mills asked from Town for school purposes; officials here to survey pulp mill on Edson No. 1 well at Brixth

MAY: School Division taxing bodies present brief to provincial government; new Canadiana grade class on citizenship classes; Council holds mill rate at 55 pending ruling by Board of Public Utility Commissioners on protest; Mrs. Panamare wins Legion Ice Derby; Harry Kowalechuk retires after 38 years on CN.

JUNE: Mrs. C. Kuchel gives away for Sunday opening of new Anna's Dutch Mill; wet weather forces cancellation of school track meet; E.A.A. Fringe Binge draws crowd of 800; Glenwood Drive-In Theatre opens; Official announcement of Edson Pulp Mill made by Provincial Government; Edson high graduation exercises held; flames gut interior of Edson Auto Court at Wolf Creek.

JULY: West End Outlaws win \$1,000 first prize at July first baseball tournament; five men escape from automobile smashup west of Edson; School Division asks agreement on Peers-Fulham site; announcement made that bank of Nova Scotia would be opening a branch in Edson in anticipation of the coming pulp mill development.

AUGUST: Dick Griffiths, Football jockey, tops prairie racing circuit; tenders called for new Edson Post Office; Legion proposes light card in Edson Arena; School Board earmarks on \$200,000 building program; new Centre Service Station opens doors to public; thugs smash taxi in Home Food Market; Council launches \$60,000 concrete walk program; rainfall sets all time high, 6.77 inches.

SEPTEMBER: Public Utilities Commissioners hear Town brief; Little Louie's handball feature attraction on Labor Day; routine police dismissal forces into public square; Barbara Barker wins \$5,000 sweepstake; two men die in highway accident just west of town; New Edson Theatre installs

wide screen; Cadomin gets second chance with announcement of cement plant; site for pulp mill selected at Tellerston; Council approves \$100,000 in building permits.

OCTOBER: McLean River bridge on Card Branch highway collapses under crushing load of lowboy "cat"; two new banks open for business; Council discusses housing development; thirteen houses brought from Branch to Harbort Subdivision, near Spika Island; Council requests fringe control.

NOVEMBER: Pulp Mill agreement terms announced by Province; formation of Reserve Army unit discussed; Legion holds Remembrance Day Services; Council continues negotiations with Edson Development Corp.; Old Tellerston road undergoes rebuilding; delegation asks government to help coal industry; Post Office contact lost.

DECEMBER: Canada-Fina request lets from Town; Edson Development Corporation gets and on project to provide 500 houses; School Division decides to build schools at both Peers and Fulham; St. Regis Paper Co. estimates probable dates for pulp mill opening; R.C.M.P. finds no evidence to support sensational charges made by Ex-Town Council; Edson businesses extend compliments of the Yuletide season.

Yates News

Happy New Year everyone!

Members of the community are sorry to learn that Mr. Herman Carlson of Trail met with a nasty accident on Christmas Eve, and is in the University Hospital in Edmonton. We all wish him a speedy recovery.

The old money, Bu. has been making the rounds again and some among us were convinced that their beds for the best part of the holiday.

Mrs. Lorraine Shand had a short stay in hospital with an infected thumb, the result of a large silver under the nail.

Visitors to the district during the holidays were Mrs. Irene Campion and children, also Mr. and Mrs. Chris Livers, at the Vrolobo home and Mr. and Mrs. Percy Frith, Darrel and Mrs. Fred and mother, Mrs. Bill McKee at the Frith home.

Home for Christmas were Harold Shand and Pat Frith. A group of young folk gathered at the Frith farm on December 23 for a holiday party.

Plans had been made to have a winter read around a big camp fire. However, with a bitter cold wind whistling across the field and onto the ice, the idea was given up in favor of hot dogs and coffee indoors. The evening continued with dancing.

It is reported that Miss Joan Teigen is at present working at Elaine's Candy Store.

1955 Is Here

JOHN N. BATES, Peers

Nineteen hundred and fifty-five.

A wonderful year to be alive.

Have a happy road for every day.

And a smiling face, let come what may.

This is my wish for you.

There's sure to be many ups and downs.

One day fortune smiles, on another she frowns;

But it's all in the game, so play it fair.

So of all good things, may you get your share.

This is my wish for you.

May all your fondest hopes come true.

Your sweetest dreams and wishes too;

With lots of pleasure, and little of sorrow.

And plenty of courage to face each morn'g.

This is my wish for you.

W.A.H.L. MEETS TO ORGANIZE FOR WINTER HOCKEY WARS

The annual meeting of the Western Alberta Hockey League, which comprises Evansburg, Mayethorpe, Sanguo and Whitecourt, was held at Mayethorpe December 22, 1934 to discuss drawing up of the season's schedule and play-off arrangements.

Pete Trynchy of Mayethorpe was re-elected league president, with Bert Boudreau, also of Mayethorpe, re-elected secretary-treasurer. Members of the executive were W. J. MacGregor of Whitecourt, Harry Kubaruch of Evansburg and Peter McKee of Sanguo.

The league schedule this season will consist of 6 games, with each club playing the other three in the league two games, one at home and one away.

In case of tie games a tennis overtime period will be played. Player lists must be submitted to the league president not later than January 25, 1935, with a limitation of 18 players per team after the date of registration.

The home team will be responsible for supplying the referee and for forwarding statistics covering the game to the league president following each game. Semi final play-offs will consist of two-game total point series with the first and third and second and fourth place teams playing off. The winners of the semi-finals will meet in a best three out of five game series for the league title. In case of a tie in the final game of a total point series sudden death overtime will be played.

LEAGUE SCHEDULE

Wednesday, Jan. 5: Mayethorpe at Evansburg.

Thursday, Jan. 6: Whitecourt at Sanguo.

Sunday, Jan. 9: Evansburg at Whitecourt.

Tuesday, Jan. 9: Mayethorpe at Sanguo.

Wednesday, Jan. 10: Whitecourt at Sanguo.

Thursday, Jan. 11: Evansburg at Sanguo.

Friday, Jan. 12: Whitecourt at Sanguo.

Saturday, Jan. 13: Evansburg at Sanguo.

Rocky made his debut at the arena Friday afternoon and fans got something of an idea of the calibre of the purchasing that will be done locally this winter.

The club has been getting in some stiff workouts this week in preparation for doing battle with Stony Plain and several of the players are already showing mid-season form.

The line of Nino Chioa, Joe Boeck and Frank Levin is expected to provide a prolific scoring punch; with the Higgins, Kortman, Davidge trio giving a second powerful line to three at the opposition.

There is no lack of promising youthful talent to make up a strong third line and with such defence stalwarts as Ely Cebulak, Al Grant, Lew Hamstead and Grant MacMillan to patrol the blueline, we look for plenty of Athletic wins this year. There are four candidates for the paid-up job on the club, with Tran, Gorecki, Eddie Kapp and Tiger Goldstick all looking for a chance at the two-twenty job.

Close to thirty rinks are expected to enter the Edson Curling Club's "Broomstick" to take place this weekend. The proceeds from this raised capital will go to buy new brooms for the club. Curling interest is expected to reach an even higher peak than that experienced last year, with a tremendous influx of new curlers swelling the ranks of the club.

The Junior Curling Club has set the dates for its week-long bonspiel, to be held this year from February 14th to 18th. Thespiel features five events with good prize in each. Local curlers interested in taking part in the event should get their entries in to secretary M. E. Clark before 8:00 p.m. February 13th.

Other curling news brought to our attention this week includes the Taylor and Pearson High School Curling Championship, in which Edson risks have been entered for several years. The regional playoffs will be held in Edmonton this year, January 28th and 29th; with provincial finals in Edmonton on February 8th. Dominion finals will be held at Regina, N.S., February 21st to 25th.

Edson High's basketball squad will visit Jasper next Friday for another game with the Jasper team. Other basketball action in the next few weeks is hoped to feature at least one team from Edmonton High School, likely V. Composite or Summit.

Along Lindgren captured high single honors in the Ladies afternoon bowling league this week with a 555 blow, while Mary McKee's 434 triple was the top three game effort. The Piquishers had high team single of 1077 and also high team triple of 2942.

The Commercial league reached the second quarter of its schedule with the Beavers sailing down first place by half a point. Their 221.2 points just ahead of the Mustangs, who came up with nine points this week to bring their total to 32. In third place with 21.5 points were the Alley Oups while Iron Frenon and Ranchers tied with 20 each. Buckets finished the quarter with 23 points, Pen Pushers 21, C.C.'s 19 and the Milkmaids 8.

The community is very sorry to hear of the death of Mr. Bill Taylor on Monday, December 20th. Even Theobald is home to spend the Christmas holidays with his mother, Mrs. Theobald and his sister, Mrs. L. Cribb.

We see Mrs. A. McKay has moved to Edmonton. Mr. G. Johnson is home from Jasper sick with the flu. Margaret Dugle was home for the Christmas holidays visiting her mother, Mrs. Dugle.

Mr. and Mrs. Jack Naduruk visited Mrs. Naduruk's sisters in Regina and other Saskatchewan points during the holidays.

Mr. and Mrs. Bill Fisher of Calgary visited relatives in Edson this week. Mrs. Fisher will stay for a few weeks' visit with her family here.

Edson High's basketball squad will visit Jasper next Friday for another game with the Jasper team. Other basketball action in the next few weeks is hoped to feature at least one team from Edmonton High School, likely V. Composite or Summit.

Along Lindgren captured high single honors in the Ladies afternoon bowling league this week with a 555 blow, while Mary McKee's 434 triple was the top three game effort. The Piquishers had high team single of 1077 and also high team triple of 2942.

Local curlers interested in taking part in the event should get their entries in to secretary M. E. Clark before 8:00 p.m. February 13th.

Other curling news brought to our attention this week includes the Taylor and Pearson High School Curling Championship, in which Edson risks have been entered for several years. The regional playoffs will be held in Edmonton this year, January 28th and 29th; with provincial finals in Edmonton on February 8th. Dominion finals will be held at Regina, N.S., February 21st to 25th.

Edson High's basketball squad will visit Jasper next Friday for another game with the Jasper team. Other basketball action in the next few weeks is hoped to feature at least one team from Edmonton High School, likely V. Composite or Summit.

Along Lindgren captured high single honors in the Ladies afternoon bowling league this week with a 555 blow, while Mary McKee's 434 triple was the top three game effort. The Piquishers had high team single of 1077 and also high team triple of 2942.

C.N.R. Mixed Bowling League

The results of bowling for the past three weeks and the present league standings are as follows: The following four teams were tops in bowling on December 21:

Main Liners, 384; Handicappers, 2778; Dieels, 2085; Litter-Mist, 2072.

Individual high scores for December 21st: team high triple, Main Liners, 1042; team high single, Ed Yeres, 620; men's high single, Ed Yeres, 528; ladies high triple, B. Yeres, 528; ladies high single, Ed Yeres, 217.

The following four top teams were the tops December 28:

Main Liners, 2971; Dieels, 2897; Handicappers, 2868; Wharf, 2828.

Individual high scores for December 28: team high triple, Main Liners, 1070; ladies high triple, E. Yeres, 618; ladies high single, E. Yeres, 227; men's high single, Shamschuck, 3040; team high triple, Shamschuck, 1160; men's high triple, C. Ernst, 726; men's high single, C. Ernst, 257; ladies high triple, L. Yeres, 544; ladies high single, E. Yeres, 244.

Present league standings: Main Liners, 1st place; Wharf, 2nd; Litter-Mist, 3rd; Dieels, 4th; Handicappers, 5th; U.I.C.'s, 6th; Handicappers, 7th; Shamschuck, 8th; Pin Heads, 9th; Gutter slats, 10th.

Individual high scores for this week's bowling, January 4th: team high triple, Shamschuck, 3040; team high single, Shamschuck, 1160; men's high triple, C. Ernst, 726; men's high single, C. Ernst, 257; ladies high triple, L. Yeres, 544; ladies high single, E. Yeres, 244.

The following four top teams were the tops for this week, January 4:

Second Edson Curling Meeting January 10

First regular meeting of the Edson Curling Club was held Monday evening in the club house with a fair attendance. However it was very disappointing when only two ladies of the club turned out.

A letter of resignation was read from Mr. D. Buck and regretfully accepted, leaving open the position of president.

It was unanimously decided to open the belated season with a mixed broom 'spiel' starting on Friday January 7. This was tried last year for the first time and proved to be very successful.

It was felt the problem of curling dues for the present season could not be settled without a better representation of the fair sex. A meeting has been called for Monday, January 10 when it is hoped the ladies will at least balance the men of the club. The men decided to hold their annual 'spiel' on Friday, Saturday and Sunday, February 4, 5, 6, and have started making plans to make it even bigger and better than last year's.

Christmas Party At Kendall's

A Christmas party and supper was held at the B. Kendall residence with 18 people present. Out of town guests were: Mr. and Mrs. P. Frith and son Harold and Mrs. McKee Sr. all of Edmonton. Mrs. Percy Frith and Cecil of Yales.

All present had a very nice time with singing and playing Christmas songs.

EDSON SOCIAL NOTES

Mr. and Mrs. Wall Richardson are holidaying in B.C. and Oregon. Miss Jean Angus, secretary of the Religious Education Council of Alberta, was a guest of Mr. and Mrs. George Gourley during her recent official visit to the Edson C.G.L.T. group.

Dr. and Mrs. K. C. Grey of Calgary spent New Year's eve with Mr. and Mrs. Gordon Mahon. Mr. and Mrs. Keith Goldsmith are the proud parents of a daughter, born in an Edmonton hospital. Mr. Goldsmith and his small son had their picture in the Edmonton Journal recently, having a talk with Santa Claus at a city service club Christmas party.

Among the familiar faces we saw here for the holidays belong ing to Edson young people who are studying or have jobs away from home were Miss Switzer, Bill and Jeff Buck and two of their friends who spent Christmas with them at the Buck home, Jack and Teresa McLeod, Lorna Wilson, Donna Page from the coast, Helen Smythe and Reg Gerlitz, Lucy Harrison, Lillian Amundson, Alberta Harrison home from Yellowknife, Pat and Sheila Sedore, Jack Nelson and his fiancée, Lorna Smith of Edmonton.

RECIPE HINTS

Little Dixie Cakes, topped with hot sauce, make a gala dessert. The batter can be baked in a square pan if you prefer.

Dixie Cakes
One and three-quarter cups sifted cake flour, 2 tsp. baking powder, 1/2 tsp. soda, 1/4 tsp. cinnamon, 1 1/2 cups chopped dates, 1 cup sliced, 3/4 cup sugar, 1 egg, well beaten, 1 1/4 cups canned condensed tomato sauce.
Mix together flour, baking powder, soda and cinnamon; roll into a small amount of flour mixture. Cream shortening and sugar; add egg and mix well. Add flour mixture alternately with soup; stir in dates. Pour into a greased and floured 8-inch square pan. Bake in a moderate oven (350 degrees F.) about 45 minutes or until done. Serve with a hot dessert sauce. Note: May be baked in cupcake pans at 350 degrees F. for 25 minutes. Makes 18 cupcakes.

1935—and no resolutions—not yeoman service? Anyhow, resolutions for yours truly. I like me as I am, in my opinion are just men. Fat foods I like. Vile cigars I hate, and I've got an aging and gurgly pipe. And I don't like being disturbed from an afternoon nap on the tobacco ash drops either. And my good family doctor has probably given up on my daily constitution.

Why should I, when the little Prefect is outside, waiting to do

but, I've got a big problem on my hands. So have you. The same problem. There's no complicity about me. Nor am I afraid. But I know that I've got to face up to it. And soon. Now as a matter of fact.

There also might be some remarks made about crossing bridges before we come to them. That could be, but I have always maintained it's nice to know where these bridges are. Could be they might be washed away. Some wise ancient made a remark about "Forewarned is to be forearmed," with apologies for the probable misquoting of this gem.

Someone of you good readers are going to remark about yours truly being a complacent, self-satisfied ass. Not so. Anything

Carrot Creek Bites

Two days before Christmas, Mr. Jack Rogers had the misfortune to have his saw mill burn down. It was a complete loss. We understand that Mr. Rogers will rebuild it, and get going as soon as possible.

Mr. and Mrs. Ruthen Kilba of Hinton, accompanied by their family, were guests of Mr. and Mrs. Chas. Batey over the Christmas holidays.

Mr. and Mrs. Tom Silk and family spent their Christmas holidays visiting relatives at New Westminster, B.C.

Mr. Grant Vanhorn of Pecos was the guest of Mr. and Mrs. Art Durston for Christmas.

Mr. and Mrs. Burian spent their Christmas at Styal.

Bingo will resume at the C.C. Hall on January 8th. You-all come.

Congratulations to Mr. and Mrs. Kam on the birth of a daughter. The Durston girls were visitors at the home of Mrs. W. Robinson of Estevic during the holiday season.

Frank Stanger and family were visitors in the district last week. They are now making their home at Midnapore.

Bill Thomas and family dropped in. As teachers and the situation stabilizes itself.

Excuse it, please. I guess I do will become accustomed and more peaceful with the influx of "boom, er" types of people, and will remain until the "frontier" phase which to live.

in from the sky to visit friends and relatives in the district. He is now living in Edmonton but was for a number of years a resident of Carrot Creek. He landed his plane at the Thomas homestead, and took back to the city with him Miss McAskill who was also visiting there.

Last week friends of Ben Carlson, who is well known around here as an old trapper, became a little concerned as he was not seen around his place as usual. They got into his house and found Ben sick in bed, having taken ill suddenly with no chance to let any of them know. He is now recovering nicely we are glad to know.

BREAKING THROUGH the surface off the California coast, this gray whale may be the cone-shaped monster sailors have reported seeing. The picture was taken during the annual winter migration of whales.

A B-45 JET BOMBER rests on its nose in Milwaukee after overhauling the runway and knocking down a highway "no parking" sign. The plane slammed through a steel mesh fence, snapped off highway posts and just missed a passing car. The three crew members escaped injury.

THE 12,000 TON SUNRISE, the largest dry cargo vessel ever built in Canada, steams out of Quebec for Jamaica to enter the aluminum oxide trade between the Caribbean and Britain, B.C.

JEAN CAVALLA, 18, escaped injury in Edmonton, Pa., when his car skidded, jumped a curb, ran up a guy wire, and came to rest in the gutter.

Sturges looking for the missing God. Lesson for December 11: Psalm 42. Job 40: 6-10: 25-27. Golden Text: Psalm 48: 14

Sturges looking for the missing God. Lesson for December 11: Psalm 42. Job 40: 6-10: 25-27. Golden Text: Psalm 48: 14

One of the distinguishing marks of men in all regions and in all ages has been the longing for some kind of superior being. This is observed in the manifold religions that have claimed the allegiance of men since the dawn of time. Worshipers have called upon Beel and Asherah and a host of imaginary gods and goddesses, in addition to the God of Abraham, Isaac, and Jacob.

In today's lesson, we find the Psalmist, writing this longing of men for God. As the heart yearns after the water breaks, so the heart of a man pants after God. And as he remembers how he once went up with the worshippers into the house of God, he then awakes to hope in God and to bode life in the light of God's resurrection.

It appears that the Psalmist was pious from home, separated by a long distance from Jerusalem—even then he was sustained by his love for God. He knew in his heart he found the ways to God. And the Psalmist was sustained by his assurance of the eternity of God. Thus down in the heart of all of us there is a conservation that arises out of his satisfied. Here long to lay hold upon that which will endure. And the Psalmist found answers of refuge in the sustaining God.

SILVER SCREEN STAR Mary Pickford as she appeared for a Hollywood Court hearing recently. The judge ordered sale of the old United Artists studio in which she held an interest.

As Duggan Sees It:

KING OF THEM ALL

C.Y.O. Presenting Variety Show

The Catholic Youth Organisation of Sacred Heart Parish are preparing two select plays to be presented in a Variety Show to be presented in the High School Auditorium on Wednesday, January 26th, starting at 8:30 p.m.

In one of the plays, "The Prodigal Son," parts are played by Lerne Krowch, Johnny Knebel, Tony Grant, Mike Polanowski, Ross Parich, Viola Chiesa and Mary Kowebich.

The second play "Our Aunt from California," features an all female cast consisting of Christine McLeod, Mary Rademich, Maria Knebel, Viola Chiesa, Phyllis Chapman and Alice Kullboer.

In addition to the plays, several other variety numbers are being arranged to fill out what promises to be a most enjoyable program.

JUNIOR HIGH HOCKEY LEAGUE TO START ACTION SATURDAY

Edson Junior High School Hockey League under the direction of Percy Wells and with coaches Roy Sheppard, Frank Lovisa, Nash Mailhot and Joe Pohovich will commence play on Saturday morning at 11:30 using both available sheets of ice and with all four teams participating. A sixteen game schedule will be completed with playoffs commencing at the conclusion of regular league play.

First round of the playoff will be a three game series between the second and third place teams for the right to meet the league leader. Winner of the final series will be awarded the right to meet the league leader. Winner of the final series will be awarded the trophy emblematic of the championship.

Decked out in spanking new uniforms which were kindly donated by Soren Mathsen, Edson's Drug Store, Edson Motors and the Edson Dairy Co., the league seems to be away to a brilliant start. This will be the first time the players have had regular uniforms and anyone who thinks the boys are not proud of them should come out on Saturday morning for a first hand peek.

Following is a list of the team members and coaches of the four teams that make up the league. **Edson Motors Spittires:** Royce Sheppard, Coach; Ivar Lench, captain; Jack Blazewich, Dennis Pollock, Mike Greasy, Joe Rapsich, Kent Craig, Gordon Sheppard, Ben Joy, Tommy Wilson, Gerald Chapman, Gerald Stroud, Gary Mahon, Loren Wilson, Doug Caston.

Mathsen's Maple Leafs: Frank Lovisa, coach; Joe Lovisa, captain; John Bardar, Dieter Fehlberr, Tommy Mak, Doug Wells, Peter

Burleigh, Fred Dunbar, Denny McNaughton, Olaf Olson, Calvin Rowan, Moose Miller, Tim Greeney, Roy Oetie, Jerry Robinson, Hugh Ashwell.

Switzer's Canadians: Nash Mailhot, coach; Ron McNeven, captain; Ted McLeod, Peter Smilanch, David McNeven, Brook Finlay, Dennis Hill, Bobby Leyden, Blaise McLeod, Ronald House, Dale O'Hara, Ronnie Johnson, Cecil Race, Darryl Armstrong, John Jacobson.

Chapman Tigers: Joe Pohovich, coach; Clem Lovisa, captain; Melvin Soltyz, Gordon Christie, Banjo Lovisa, Bill MacDonald, George Madge, Allan Dumphy, Derry Sherman, Bobby Hanson, Ron Mann, Charles Rukavina, Bobby Manuel, Ronnie Christie, Harold Fousheim.

The Spittires will wear yellow and white uniforms; the Maple Leafs blue and white; the Canadians red and white and the Tigers green and white.

SCHEDULE

Saturday, Jan. 8: 11:30 a.m., Spittires vs Maple Leafs; Canadians vs Tigers.

Tuesday, Jan. 11: 4:00 p.m., Spittires vs Canadians; 5:30 p.m., Maple Leafs vs Tigers.

Thursday, Jan. 12: 4:00 p.m., Maple Leafs vs Canadians; 5:30 p.m., Spittires vs Tigers.

Saturday, Jan. 15: 11:30 a.m., Tigers vs Canadians; Maple Leafs vs Spittires.

Tuesday, Jan. 18: 4:00 p.m., Tigers vs Maple Leafs; 5:30 p.m., Canadians vs Spittires.

Thursday, Jan. 20: 4:00 p.m., Tigers vs Spittires; 5:30 p.m., Canadians vs Maple Leafs.

Saturday, Jan. 22: 11:30 a.m., Spittires vs Maple Leafs; Canadians vs Tigers.

Tuesday, January 25: 4:00 p.m., Spittires vs Canadians; 5:30 p.m.,

Maple Leafs vs Tigers.

Thursday, Jan. 27: 4:00 p.m., Maple Leafs vs Canadians; 5:30 p.m., Spittires vs Tigers.

Saturday, Jan. 29: 11:30 p.m., Tigers vs Canadians; Maple Leafs vs Spittires.

Tuesday, Feb. 1: 4:00 p.m., Tigers vs Maple Leafs; 5:30 p.m., Canadians vs Spittires.

Thursday, Feb. 3: 4:00 p.m., Tigers vs Spittires; 5:30 p.m., Canadians vs Maple Leafs.

Saturday, Feb. 5: 11:30 a.m., Spittires vs Maple Leafs; Canadians vs Tigers.

Tuesday, Feb. 8: 4:00 p.m., Spittires vs Canadians; 5:30 p.m., Maple Leafs vs Tigers.

Thursday, Feb. 10: 4:00 p.m., Maple Leafs vs Canadians; 5:30 p.m., Spittires vs Tigers.

Saturday, Feb. 12: 11:30 a.m., Tigers vs Canadians; Maple Leafs vs Spittires.

Skaters Have Plenty Of Practice Time

The skaters taking part in the Edson Ice Carnival this year will have a great deal more practice time than in recent years to master their twists and whitts; providing, of course, that the weather stays cold enough to keep the ice in shape.

With the Klimentz outdoor rink in operation to provide skating and practice time for skaters and hockey players, the figure skaters received a greater allotment of ice time on the indoor rink to prepare for the carnival, set for Friday and Saturday, February 25th and 26th.

On Tuesday and Thursday nights a one-hour practice session, from 8 to 9 p.m., has been made available; and on Monday, Wednesday and Friday evenings, the figure skaters may practice for three-hour periods, from 8 to 9 p.m.

Practices have already started with instructors Mary McKeever, Tom Ross, Don Pyper, Joy Rukavina and Jeanne Letewensk working under the direction of Mrs. Laure Mahon in preparing the carnival program.

United Church

Sunday, January 9

11:00 a.m. — Morning Worship.

Reception of new members;

7:30 p.m. — Evening Worship

8:45 p.m. — Young People's Union

Flying Officer Jim Gregson, who is stationed at Lethbridge, and Miss Alda Anderson of Lethbridge, spent Christmas with Jim's mother, Mrs. Margaret Gregson.

Mr. and Mrs. Leo and Janice, of Calgary, spent Christmas holidays at the home of Mr. and Mrs. Fred Reynolds.

Kids Galore At Elks' Show

Eight hundred Edson and district children enjoyed the pair of free shows provided for them by the management of the New Edson Theatre Dec. 22 and 23 with the Edson Lodge of the Elks providing a bag of treats for each child.

Some of the lower grades of the Elementary school joined with pre-school children to take in the forty-minute program of cartoons presented on Wednesday, December 22nd, to fill the theatre to capacity; while the next afternoon the remainder of the school children up to and including Grade Six enjoyed a Laurel and Hardy comedy with added cartoon features.

Between reels Knotted Ruler H. A. Switzer of the Elks' Lodge gave the kiddies a talk on the flag and explained that the show was brought to them through the co-operation of Fowler Bros., theatre managers, and the Elks, several of whom were on hand to distribute the bags of treats following the shows.

Holiday guests at the home of Mr. and Mrs. Masley Burleigh were Mr. and Mrs. E. Leede and daughter Jackie of Fairholm and Mr. and Mrs. B. Davies and daughter Pat of Leduc, as well as their son Kerry, home from Officers Training School at Esquimaux, B.C.

Pittsburgh PAINT TWINS

WALLHIDE SATINHIDE
Rubberised Enamel

Two amazing new finishes come to join the famous family of Pittsburgh Paints. For walls and trim no other paint can beat this combination. Here's why:

- Glides on smoothly
- Tough and durable as rubber
- Won't chip, peel or crack
- Stays on with brush or roller
- Wins selection in test after test
- Doesn't wash off ...
- Holds well
- Always looks fresh and new
- Recommended to use

Local Man Gets Contract For Clearing of Mill Site

The contract for the clearing of the site for the new pulp mill has been awarded to a local man according to information received by The Leader this week.

The local contractor, Mr. H. Anker, commenced work with his heavy equipment on the site near the old townsite of Tollerton this week.

This news has been received with considerable satisfaction by Edsonites as, aside from the purchase of the land last summer, this is the first viable start on the multi-million dollar project.

According to an estimate from St. Regis Paper Co. last month a start on the plant was to be made this spring, with completion ranging all the way from the fall of 1956 through to the spring of 1957.

Edson Man Killed At Branch Corner

Lawrence Bishop was killed at about 2:00 a.m. Sunday morning after being struck by a passing truck driven by Vern Tenney, also of Edson, near the branch line garage on the highway five miles west of Edson.

Mr. Bishop's car had left the road and he had halted a passing truck to help him out of the ditch when he was struck by the oncoming truck driven by Mr. Tenney.

In Mr. Tenney's efforts to avoid hitting Mr. Bishop his truck went down the south side of the highway snapping off a telephone pole, and rolling over.

An inquest into the accident will be held on January 19.

School Division Forced Into Big Building Program

The Board of Edson School Division No. 12 at their first all-day Tuesday sessions found that the increased school population in every sub-division in the Edson Division was going to be desperate for extra classrooms next year.

In fact most of the schools should have had extra classrooms this year due to the post-war pupil increase. As the Board considered the minimum requirements for each school in turn there seemed to be no point where the minimum number of rooms for each of the major sub-divisions could be cut under four rooms.

The Edson sub-division requires a minimum of 19 rooms—two added to the High School and an eight-room school in a separate location for elementary purposes. The eight room school to be built for easy expansion to sixteen rooms at a later date. In addition an industrial arts shop is required for Edson if high school boys are to continue to be able to get shop instruction.

Fulham, Peora, Niton, Wildwood and Evansburg are all to get four room schools or additions. A divisional office and warehouse in Edson has also become necessary.

To finance the proposed building program a debenture borrowing of approximately \$450,000 will be necessary over and above the grants provided by the Provincial Department of Education.

As much as 10 mills will be needed to pay this debenture issue off, but it is not known at the present time whether or not this increase in the school requisition will be necessary, as it will depend to a large extent on the grants received from the Province this year.

Nova Theatre Opening Set For Next Weekend

The modern Nova Theatre is scheduled for opening next weekend if progress on the new building comes along as well as expected this week.

There have been crews working two shifts for the last few days rushing the job to completion. This week among other jobs the rust colored concrete floor was poured by John Trydal and his crew.

Under supervision of Harold Pollock the general work has made big strides and Kuebel's have installed the huge oil burning furnace, while Mahon's have rushed the electrical installation.

A grand opening is planned during which the public will be able to inspect the modern edifice.

Plan Carnival Of Nations

The Edson Ladies Liberal Association met at the Trapp home on Thursday evening to plan a bigger and better "Carnival of Nations" similar to one held a year or two ago in the school auditorium.

The association will now meet every third Thursday of the month and the next meeting will be held at the home of Mrs. M. Proffitt on 7th Avenue.

THEY'RE BACK IN BUSINESS — AND HOW!

The most potent forward line in recent years to perform in this mark of the week is back in business. Frank Lewis, left, of last year's Lester Indians and Joe Bechok, right, late of the Walworth Communists are

once again banking against Nine Chicks to make up the "one" of the stunning "one-two" punch of this year's powerful Edson Athletics. In last weekend's two game series with Stony Plain internationally the line accounted

ed for no less than 18 points, including eleven of the twenty goals the club scored in the two games. Centremen Nine Chicks riddled home seven goals and assisted on a pair of others for

none of the 17. Right winger Frank Lewis scored three times and assisted on two others and left winger Joe Bechok added a goal and 3 assists to the line's personal scoring total.

ALL ABOARD

By G. E. MORTIMER

The Scots seem to have taken over January, from Hogmanay to Burns Night. It's a good month for a race of people who are cold outside and warm at heart, like a grim old house with a blazing fireplace.

A Scottish friend of mine, called Harry, always starts my day right with a shower of insults. The Scots are good at insults. Sometimes I manage to insult Harry first, and sometimes he catches me in a valley of shame while I am still blinking the sleep out of my eyes.

"Well, you take catfish," says Harry.
"Well, you porridge-weevil," I reply. And so it goes. The result is usually a draw.

The whole thing reminds me of a phase of my boyhood when a schoolmate and I had frequent "wrestling" matches. We were no ill-fated, but somehow it became part of our code of behavior that we should attack one another on sight.

My performance was poor in a serious scrap, when I knew my opponent was angry, but in those friendly matches I did all-right for a while.

Then I realized that I was beginning to lose all the time. The reason was not hard to find. My opponent (a lad of Scottish descent) had grown about 25 pounds heavier than me. I suppose he did it on catfish. I soon tired of coming home covered with bruises. More or less by mutual consent we abandoned the fight—just in time to save me from serious injury, I suppose.

I have lost touch with my old schoolmate, but the idea of fighting him now seems ludicrous. At the latest report he outweighed me by 50 pounds, and for all I know he is still growing. In fact, nearly all my old schoolmates outweigh me by 50 pounds.

My verbal duels with Harry remind me of those long-age fights. Sometimes, however, strangers raised eyebrows when I referred to Harry as a "baggy-worm." It is to point out that I didn't mean it.

I don't really believe that there is a type of worm that specializes in attacking Scotland's national dish. And I am friendly toward the haggis, in spite of all the cant about Robert Burns that I have been forced to suffer along with

it, at Burns Night suppers which I have attended as a newspaperman.

One time my wife and I actually bought a small haggis to eat at home, as an experiment. We were living in Vancouver (a town whose name we have long since wiped from our shoes). In the street car half way home, I suddenly remembered that I had left the haggis on a window ledge in a restaurant.

"Give me a dime," I told my wife. "I'm going back for it."

"All that way?" she asked. "For a little wee haggis? Someone has probably taken it by now."

"But we bought it," I argued. "It's our haggis. Imagine how someone will feel when they open that parcel and see the haggis. They won't know what it is. They will probably throw it in the garbage can. It seems unkind to leave that haggis just lying there, abandoned."

I felt responsible for that haggis. I thought of it as a creature, somehow. So I took our last money for carfare downtown.

The haggis was still there on the window ledge.

I bore it home in triumph, feeling that I had done a kind deed in saving the haggis from alien hands. It tasted delicious too.

I bore it home in triumph, feeling that I had done a kind deed in saving the haggis from alien hands. It tasted delicious too.

WE LAUGHED AT THESE

A city woman told an employment agency via the phone: "I want a man to do odd jobs, mow the lawn, shovel snow, tend garden and flowers, and I want a man who never talks back and..."

"Madam," interrupted the agency clerk, "why don't you get yourself a husband?"

"How did you happen to hit the pedestrian?" the patrolman asked.

"I didn't hit him," explained the driver. "I came to the stop sign. I motion him to go across the street and he fell."

"There isn't another person in the world who can cook like my wife."

"No. But I knew some guys in the army who came close to it."

Marilyn is such a magnetic person.

"And why not? Everything she has on is charged."

"But we bought it," I argued. "Yes. Now I can't even sleep when it's time to get up."

"What kind of mileage is your wife getting on the new car?"

"About 14 miles to the gallon and 33 miles per fender."

A farmer, reading his paper, suddenly looked up and remarked to his son, a world war 2 G.I., "I see where the government says Kretions stored since the war here spoiled."

The ex-G.I. snorted. "How can they tell?"

An old man at an evening function bowed his head and wept quietly but copiously while a young woman rendered the plaintive ballad, "My Old Kentucky Home."

The lady in charge tipped up to him and inquired tearfully: "Does me, are you a Kentuckian?"

"No Madam," the tearful one replied. "I'm a music critic."

"When the only child daughter got married the mother tearfully consoled her husband: 'We've lost a daughter, Henry, but we've gained a son.'"

"Humph," grunted the bride's father. "I thought you were going to say we'd gained a bathroom, a settee on the front porch and a telephone."

"When were you born?" the sergeant roared.

The recruit flinched but he replied.

"I say, when was your birth day?"

"What do you care?" the recruit bellowed angrily. "You ain't gonna give me no present!"

LAFF OF THE WEEK

"Here's a dishcloth to wipe that comical look off your face."

Scratchpad

By HENRY

A friend of mine in the course of conversation the other day brought up a topic that aroused considerable interest among our group. We were in general agreement on the subject.

It seemed that this friend had occasion, owing to desperate illness in his family, to recruit the help of an ambulance. The patient was to be removed to Edmonston.

The time element was vital, owing to extensive internal bleeding. And the trip was made in the night.

It was with considerable heat that he developed the matter. From what he said, there is a deplorable lack of understanding by a large number of drivers on our highways when they see an ambulance approaching. I am no authority on the matter, but I would say the law is specific in this respect.

In any event, I have always been told and taught that when a sire is heard, all traffic must forthwith pull over to the extreme right of the road and stop and remain stopped until the vehicle with the siren has passed. This applies to traffic travelling in all directions.

My friend had only one good word to say about the traffic in reply to an ambulance.

All trucks immediately made way for the ambulance. Passenger cars, almost without exception, deliberately challenged the ambulance in every way. By

refusing to dim their lights, by refusing to make way in passing, by refusing to pull over to the right and stopping.

All vehicles, including ambulances, which use our roads and highways, are subject to safety restrictions. But it is also true that if an ambulance should be involved in an accident in the centre of the highway, it will go desperately hard with the other vehicle. For it is in the centre of the highway that most accidents occur, and it would clearly indicate to investigating officers that right of way was not given the ambulance.

Night or day, on the highway or in the town, make way for an ambulance. Such vehicle is on the road on an errand of mercy. A life may hang on the few seconds of minutes of time.

And there is another matter to keep in mind. Without there being time to let you know or attempt to find you, even when your family was in good health when you left home, the ambulance you meet may be carrying one of your loved ones.

Minutes are precious. Make way for the car with the red flashing light and the siren.

A friend complained to the father of the bride that the newspaper didn't have a very big account of the wedding. "Right," replied the father. "I am understood that the big account was sent me."

Calling All Cadet Trumpets

We were talking with Mr. Rudy Kendall the other day and the subject of the Cadet Band came up. It seems they are beginning to think about the Ice Carnival and about getting down to the serious business of practicing for it.

They do, of course, want to have everything as perfect as possible so that they can look their usual best as they strut their stuff in their part of the Carnival performance so Mr. Kendall asked us if if we would remind the two boys who forgot to turn in their trumpets and the three boys who forgot to turn in their trumpet cords to do so as soon as possible.

Hinton Notes

The card party was held at the home of Mrs. Fuller, with Mrs. Eaton taking first prize and Mrs. Dugan taking second prize.

The Ladies Auxiliary monthly meeting was held at the Legion on Monday to elect officers.

We hear Mr. Fuller's truck which was stolen has been recovered.

We see Mrs. Jarka's niece in visiting her and going to school in Hinton.

The Catholic men and women held their monthly meeting at the home of Mrs. Cribb.

Mrs. Little's mother and relatives were visiting over the week end.

Mr. and Mrs. Joe Kistenreger of

Rosevear News

Mr. and Mrs. Gus Steller and Mrs. Ricky were visitors to the Stellers for New Years.

Miss Nina Klute spent two weeks in Edmonston.

The Rosevear Community Club are sponsoring a dance this coming Friday, January 14th. Good music and everyone is welcome.

Birthday greetings go to Mr. Walter Hasel, Mr. Aldo Sahan and Mr. Sam Klute Jr. Hope you all have many more to come.

Mr. Sam Klute and Elizabeth were Edmonston visitors last week.

Mr. and Mrs. C. Stibel and Ann were visitors to the Stubels over the weekend.

Canada's Largest Bank first to report assets over \$3 billion

During the year just closed, Canada and the Royal Bank matched strides on a path of solid progress. In many significant areas of the bank's operations new high records were reached, thus reflecting the vitality and growth of Canada itself.

Marking an historic milestone in Canadian banking, assets surpassed the \$3 billion mark while deposits of over \$2,797,000,000 and loans of \$1,188,022,047 were also new records.

making "higher." The bank now has more than 2,450,000 deposit accounts on its books.

To keep pace with the demand for banking service, new branches were built, while many others were renovated and modernized. Today, The Royal Bank of Canada operates some 813 branches—71 of them beyond Canada's borders—each geared to offer facilities in step with the needs of all Canadians in this era of exciting national progress.

JUNIOR HIGH PUCKSTERS HAVE SUCCESSFUL OPENING WEEK

The Edson Junior High School Hockey League swung into action Saturday morning, with two games featuring all four teams in the league.

Opening day action saw Maple Leafs and the Edson Stars Spittles battle to a 1-1 tie in the first game while the Edson Delfy Tigers bowed 5-1 to Switzer's Canadians in the second.

In the two games played Tuesday night the Spittles handed Canadians 5-4 and the Maple Leafs dented Tigers 6-1.

LEAFS 5, SPITTLES 3

Joe Lovin scored the only goal of the first period to give Leafs a 1-0 lead and early in the second Lovin again scored to put Leafs two goals in front. Both teams marked edges on breakaways.

Mike Greasy fired a pair of markers for the Spittles in the second to tie the score but before the period ended Doug Wells, assisted by Tommy Mah, regained the lead for the Leafs.

Jack Blomwich netted the only goal of the third period to give

the Spittles a tie.

CANADIANS 5, TIGERS 1

The teams battled through a scoreless first period before Tiger took the lead on their only goal of the game, scored by Gordon Christie. Ben House, Dave McInven and Brooks Pinkey scored for Canadians to give them a 3-1 lead by the end of the second period. Blaine McLeod supplied the pass for House's goal.

Dave McInven stretched Canadians' lead to 4-1 with a goal midway in the third stanza with Brooks Pinkey adding his second goal in the final minute of play to complete the scoring.

SPITTLES 5, CANADIANS 4

The two clubs traded goals in the first period, Mike Greasy giving Spittles a lead with his first goal of the game and Brooks Pinkey, assisted by Dennis Hill, tying it up for Canadians.

Each club scored once in the second period, Gordon Sheppard for the Spittles and Dave McInven for Canadians.

Bob Leyden, unassisted, and Brooks Pinkey, assisted by Ben House, sent Canadians into a 4-3 lead with early third period markers. Spittles' captain Iver Lash made it 4-3 before Mike Greasy went into action to punch home two quick goals, allowing Spittles to skate off with the 5-4 win.

LEAFS 5, TIGERS 1

Tommy Mah scored twice for Leafs to account for the only two goals of the first period and Joe Lovin added a goal, assisted by Mah, to give Leafs a 3-0 lead at the end of the second.

Lovin got his second goal early in the third, with Doug Wells assisting. Wells also assisted on the fifth Leaf goal, scored by Tommy Mah, with Lovin, assisted by Mah making it 6-0 before Gordon Christie spoiled Leaf netminder Johnny Bardar's shutout with the only Tiger counter.

Dennis McNaughton scored the seventh Leaf marker, assisted by Tim Greasy, and Lovin completed his four goal effort with an unassisted marker to end the scoring late in the period.

U.C. Notes

The January meeting of the Women's Association was held in the Church last Thursday evening. Mrs. J. Kerkvich and Mrs. K. McKee presented the missionary study in the form of an interesting dialogue. The reports of activities and of finances that will be given to the annual meeting of the association were presented and approved, and the ladies realized that 1964 had been a very good year in the W.A.

Officers for 1965 were elected as follows: President, Mrs. Harold Pollock; 1st Vice-President, Mrs. A. W. Leonard; Secretary, Mrs. J. R. Morrison; Treasurer, Mrs. W. H. Gillett. A vote of thanks to the outgoing officers had been passed at the December meeting, but it was emphasized in the report of activities how much the W.A. owed to the energetic leadership of Mrs. A. W. Leonard as President through 1964.

Several new members were received into the Church by transfer from other congregations, when the quarterly Communion Service was held on Sunday morning, Jan. 9th.

1964 financial statements and account books of the various Church organizations are being gathered in this week by the auditors, A. W. Leonard, G. M. Maclean and H. A. Seitzer, who will prepare a consolidated financial statement for the whole Church. This will be circulated at the Annual Meeting of the congregation on Monday, January 24, at 8:00 p.m. Among other things the

congregation at that time will elect two Elders for 1965, six stewards for two-year terms, and one steward for one year.

The Treasury Department is concerned with any governmental activity that involves the receipt, custody or payment of money. The department was established by an Act of the Legislative Assembly called "The Treasury Department Act" and is headed by the Provincial Treasurer.

The Treasury Department prescribes the main function of the department which is management and control of revenue and expenditure of the province. Each year the Provincial Treasurer prepares a budget containing estimates of the amounts required to pay the various expenses and costs of government services, as well as the estimates of revenues accruing from various sources.

The Budget Speech, delivered by the Provincial Treasurer of the Legislative Assembly, is a general statement explaining the financial condition of the province and the fiscal program of the Government. The estimates are the amount of revenues and expenditures expected by each department and when passed by the legislature, they control the coming year's expenditures.

The Provincial Auditor, an official appointed by the Lieutenant Governor in Council under the Seal of the Province, keeps the accounts of the province. His responsibility includes the checking of each item of revenue and the approval of each expenditure. He prepares the Public Accounts in which all the financial transactions of the province during the fiscal year are set out.

As the Treasury Board, the Executive Council from regulation

C.N.R. Mixed Bowling League

respecting the bookkeeping and accounting of the Government.

The Treasury Branches Act authorizes the Provincial Treasurer to establish and operate branches of the Treasury at points throughout the province. To date, 47 branches, 13 sub-branches and 84 agencies have been established. The Alberta Government Purchasing Agency Act is administered under the supervision of the Provincial Treasurer and the Director of Purchases in responsible to him. The Purchasing Agency purchases all supplies required by government departments.

Also attached to the Treasury Department is the Queen's Printer, the Queen's Printer is responsible for the publication of "The Alberta Gazette," which contains Government proclamations and official notices of the province and all other Government publications, and supplies all printing, stationery and general office supplies required by the departments.

The Provincial Treasurer administers the Retirement Association Act through which Albertans may purchase annuities with a small initial deposit. For administration purposes, the Board of Public Utility Commissioners is attached to the Treasury Department. Among its many responsibilities the Board regulates the rates charged by utility companies, protects the people of Alberta from undue investments, approves debentures and regulates the financial activities of local governments. In regard to milk control, the Board computes the average cost of production, makes dairy plants and determines price charges for the consumer.

Transport Truck Burns On Road

One of the Worthing Transport fleet of trucks was consumed by flames this week near Dresden when a fueler broke and fell across the starter causing a short circuit that ignited the gas line.

Driver Jack Blackwell managed to snuff the flames out with the extinguisher and had just returned to the cab after putting out road flares when the whole cab burst into flames.

The second flash of flame blew out the cab windows and burned Mr. Blackwell around the face a little.

Mr. Walter Mandel, editor of *Custer Advance*, was a visitor at the home of his mother here over the Julian Christmas on Friday of last week.

SPORT-TALK

With CLIFF BRANCHFLOWER

We're not really complaining about the sudden rash of hockey games that has made the reporting business busier than the proverbial one-armed paperhanger, since we spent the early part of the winter complaining about the mild weather, but with no less than a dozen minor age games to keep tabs on plus the *Scots* activity, a stenographer would be a handy gadget to have around.

After not seeing a game all winter, we saw two last Saturday each with something different to offer the fan really interested in the game from the ground up.

The ground, in this case, is the

Elementary School League, where 50-odd youngsters are getting their start along the trail that leads, as far as local hockey is concerned, through the Junior High League to the Senior Athletics, this year a powerful, bruising aggregation that would do well in intermediate competition anywhere in the province.

With the kids thus getting a chance at organized league play at an early age, it won't be too many seasons before the Junior High League is a little more polished, the *Scots* a power to be reckoned with when anybody is talking hockey, and a few steps, like *Juvettes* and *Junior clubs*, added to Edson's hockey ladder.

Each league has its stars, but we'll bet your eyes do a double take when you read the scoring statistics on the Elementary League, where David Asher tops the list with 20 goals in just three games. Even the *Knights*, 400 goals and all, might well envy a mark like that.

The Edson Athletics crying need right now is far more competition. They'll have to go farther afield from now on to meet opposition, as the *Stony Plain* club are the only band this side of Edmonton that even show promise of putting

up a fight; and playing them will get a little monotonous.

The theory scoring power was dealt a lethal blow in the late minutes of Sunday's game when Jim Giesbol, their ace sharpshooter, suffered a clipped limb in a collision with Frank Levin. As best the speedy little wing-man will be laid up for several weeks and the injury could perhaps prove really serious.

Another international who will have unhappy memories of last weekend's series is Jim Hickey, who made violent contact first with Stan Devrige's right hand and then the ice. . . . Athletic demonstration Al Grant showed the most prominent injury on the opposite side of the ledger, a skinned cheek and black eye—maybe somebody had a stick high once or twice.

The roaring game is in full swing following last weekend's mixed upiel. A dozen ladies' risks are curling Tuesdays and Thursdays with the men occupying the rink Monday, Wednesday and Friday.

Commercial Bowling League action saw the *Knights* gather in high team triple honors in the first week of the third quarter with a 2002 total. *Pumpkiners* had high team single of 1088. Gordon Lindgren bowled a high single and triple of 378 and 897 and moved up to 201 in the top average spot. In the Ladies Afternoon League Mary McKeever's 244 and 623 gave her high single and triple. *Pumpkiners* had high team single of 1097 and high team triple of 2995.

Board Of Trade Holding Meeting

The regular January meeting of the Edson Board of Trade will be held in the Commodore banquet room at 6:30 on Wednesday, January 15.

No guest speaker has been arranged for as yet, but it is expected that general Edson affairs will be thoroughly discussed.

Mrs. Elmer Reington of Westrum, Alberta spent the first week of January visiting with her sister-in-law, Mrs. Aaron Berglund. During her stay she was honored at a tea held at the home of Mrs. Berglund with ten guests attending. This tea was also in honor Mrs. G. Lindon who was celebrating her birthday that day.

RETIREES FROM THE SERVICE

Shown above is Mr. George M. Maclean being presented with a token of esteem by Locomotive Foreman J. East on his last day at the Round House on Thursday of last week. Mr. Maclean has completed 25 years with the railway since he came back from World War 1.

Following the presentation fellow employees of the railway paid tribute to Mr. Maclean and wished both he and Mrs. Maclean many happy years in our midst.

Legion Polio Canvass One Day Campaign

The Edson Branch of the Canadian Legion part of the effort to raise funds for the alleviation of suffering by polio victims in Alberta will be an intensive house-to-house canvass the evening of Friday, January 31.

In addition the Ladies Auxiliary to the Legion will be conducting a tag day on the streets all Saturday, January 31.

It is emphasized that the funds raised are to go toward helping any family or person suffering financially from the effects of polio and is not restricted to Legion members and their families.

This is the "new look" in Legion community service and judging by last year's response the general public are right behind the effort to help polio victims.

Committeemen ask that everyone has their contributions all ready Friday evening, Jan. 31.

FLAMES CONSUME POLE TREATING TANK LIQUID

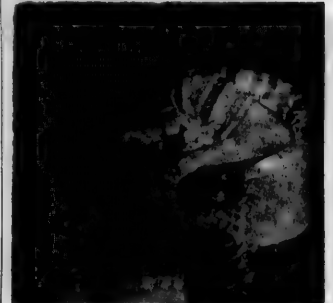

Pictured above are the flames and smoke rising from the two electrolytic pole treating tanks which caught fire last month at the Christmas tree plant located in the field of Mr. V. Woodville at Wolf Creek.

The preservative liquid, a mixture of diesel fuel and potassium, is heated by being passed through a boiler so as to achieve penetration of the pole chemical. When fire reached the tanks, flames spread only a

small patch on the surface of the inside tank, but quickly extended into the three heat of the fire pictured above. When put out the flames kept "bubbling back" even when chemicals were put into them.

TO INSTRUCT AT CAMROSE

Mrs. Rector Kadda of Edson will instruct a six week pottery course at the newly formed Camrose Craft Centre.

Mrs. Kadda, a graduate of an Art School in Ontario has been active in art and related circles since her arrival in Canada seven years ago. A member of the Alberta Society of Arts, she has had work exhibited in the Prairie Provinces as well as having instructed painting classes in Jasper for two seasons and in Edson for four and a half.

With the Visual Arts Board Scholarship last year Mrs. Kadda spent six weeks at the Banff School of Fine Arts, receiving instruction in the use of the potter's wheel.

In the Edson Pot Shop Salina has given a six week wheel course. She has also given much time in helping new members with hand work and experimenting with local clay and glazing techniques.

TOWN PLANNER REPLIES TO FEARS ON TOWN CONTROL

When it was prematurely released in the press that Edson Town was asking for some sort of control over the type of building which might spring up on the outskirts of Town, residents within five miles of Edson immediately became alarmed.

Following democratic tradition they circulated a petition protesting what they had heard about the possibility of Edson being able to tell them what they could build on their farms just because they were within five miles of Edson.

Printed below is the reply received from Mr. H. N. Laah, Director of Town and Rural Planning, Province of Alberta:

Edmonton, Alberta, January 29, 1936
November 2nd, 1934
Dear Sir:

I wish to acknowledge receipt of the petition dated October 28th, 1934, and signed by yourself and 23 other owners of property situated in the Edson district.

The reports of what is intended by the Department with regard to the control of development adjacent to Edson appear to be considerably in error.

The Department intends to construct a Zoning Order in the neighborhood of Edson, but the requirements of the Zoning Order will be drawn up by this Department and submitted to the Minister. It is not certain that the same, the same permitted in such cases, and the building restrictions, if any, in such cases will be set out in the Zoning Order. It is not certain how much area

will be subject to an appeal to the Minister. It is not certain that this will be done, but if it were done I think you will agree that it is a question of administrative convenience only and does not in itself set out how much area

ALL ABOARD

By G. E. MONTGOMERY

Professional mourners have shed a whole Mississippi of tears for the passing of the star-wheel riverboat.

Men of the old school have breathed enough sighs for the sailing ship to blow a fleet of many vessels across the Pacific.

When the last note from the steam locomotive whistle blew in the night, a regiment of lowered railway-towers with its last standing by the tracks went empty hearts.

Every new kind of vehicle in the world has caused grief in its time. Those of us who are torrid and romantic at the same time and who can't live without the automobile.

No human could like such a square-cut mechanical or as a diesel locomotive after knowing steam in its glory.

And yet, a later generation that never saw steam will have no special affection for it. Men of the year 2055 will esteem platforms of steam locomotives and call them relics of antiquity.

But they will be distressed in their turn by changes—"I wish the dear old steam-powered rocket was still in use," they will say "I trust doesn't come the same sense time brought in these new designs that shed passengers over the radio waves with the speed of light."

Sailing vessels are an essential mode of transportation, but they may have passed their time in their day.

I don't relish my voyage as much since the galleys were replaced by those low-slung straight windships. I can imagine some old Greek or Genoese saying, "Yes, I certainly miss the splash of the big crew, and the cries and groans of these slaves. They were the little sounds that gave a sea voyage its flavor, its atmosphere."

A ship was really a ship in those days. It isn't the same now, plane, old day, it isn't the same."

Airmen are already lamenting

the approaching end of the propeller-driven aircraft. No doubt some of them are nostalgic about the older weapons of destruction, too.

"Now you take the block-buster bomb, Pragerwell, there was something you could understand. Two thousand pounds of high explosives. A man knew he had a bomb aboard in those days."

"When the old-fashioned atomic bomb was cast, in a way, that this hydrogen bomb—a bit of mathematics. And with these new kinds of missiles, they won't be needing us to carry the bomb any more. I tell you, we won't want it used. And what man can't live without the atom."

When some war-time human general, some warriors may be and because the good old blockade runner has been replaced by some new paralytic organism. Don't ask me to weep over that one, though. A man has only a limited reservoir of tears.

Two little morose were walking home one dark night. One of them turned on his flashlight and found the beam up in the air. It made a tall white column in the dark.

"But you said you can't climb all the way up that beam of light," he said to his friend.

"That's all," he said.

"For \$5.00 I say you can't."

"Well, then, go ahead and climb up."

"Oh, no, you can't find me. I get half way up and you'd turn the darn thing off."

Wife: "You mean."

Hubbaid: "You burdon."

"Good afternoon," said the commercial traveller to the man who answered the door, "are you the husband?"

"No," answered the man, "I'm not, I'm having a wonderful time with the lady who lives here."

Words of Wisdom

BY FETTER

Some folks read the "Journal." And some folks read the "Star." While some prefer their Radio. For news from near and far. But if you really want the best, Let me tell you, gentle reader, That you never will be satisfied, 'Till you read the "Edson Leader!"

WE LAUGHED AT THESE

The professor was planning a war movie. "This will be the extravaganza to end all extravaganzas," he purred. "It'll give you the full picture—5,000 men on one and 5,000 men on the other."

"A total of 10,000 in one movie!" exclaimed the director.

"Easy," replied the professor. "We'll use real bullets!"

Joe: "Boy oh boy am I in trouble, and all because my wife-to-be is dead."

Bill: "How's that?"

Joe: "Well, when I proposed to her I had to yell so loud that the girl across the street is suing me for breach of promise."

Little Tommy had just returned from his first day at school. "Tell me son," asked his mother, "did you learn anything today?"

"A little," answered Tommy, "but not enough. I've got to go back to-morrow."

They say you can't live on bread alone, but plenty of fellows are getting by on nothing but crust.

"How long did you know your wife before you were married?"

"I didn't know her at all—I only thought I did."

"Get away, has he? Did you send all mail?"

Dumb Cop: "Yes, but I guess he must have left by one of the expressmen."

Two Alberta girls were talking about an old man they were going to meet.

"His mouth in the neighborhood of a million dollars," remarked one.

"Good," said the second enthusiastically, "that's my favorite neighborhood."

"Why did you shoot your husband last night?"

"I thought he was a deer."

"When did you discover he was not a deer?"

"When he started shooting back at me."

During a class discussion on taxes, the teacher asked Bobby to give her an example of an indirect tax.

"The dog tax," he replied.

"Why is that an indirect tax?"

"Because," answered Bobby, "the dog doesn't pay for it."

LAFF OF THE WEEK

"Junior wants to show you what he learned in school today."

Scratchpad

By HENRY

The activities engendered through the necessity of getting ready for a dance, had our house in the usual turmoil last Friday evening. Baby had been taken, the usual round of tirades had been exchanged because our daughter has used too much hair, and the two older brothers had to wait until it lasted again, and recriminations flew because they were both going to be disappointed late for what appeared to be most important dates of their lives. But then, in come of snore with a couple of old men of 18 and 17 years respectively, every day is most important.

And two details of used book store, coupling mechanical, discarded coats, shirts, silk stockings and sweaters, our youngest son was doing an exceptionally good job of building and directing. With what I feel is a splendid sense of humor, he pointed and belittled his sister and older brothers to the steps along road waymen were evident, and he cheerfully set us the side table and said it all with the naive consciousness of a 12 year old.

The maid was reached when nobody would be ready for their respective dates. I have come to the conclusion that it is a good idea to let these sixteenth year teenagers out, but there are times when some sort of order must be maintained.

"You're right," replied the indignant housekeeper, "but we put that towel up before the law was passed."

paper, I proceeded to restore harmony. The evening silence was twice as nerve wracking.

Twelve year old had the faint suspicion of a snore on his face. Sixteen and seventeen years old snored and snored and fought with their tin, sister importantly tried to adjust her pearl earring and, I saw paper one again, writhed with the discomfort of a couple of Windsor knots.

With so much attention being paid to such things, it seemed as if no new civilization came to the neck. The amenities of the Pharos hung thereon. Numerous underhanders had it covered by a sharp shining instrument of facility. As a result, I learned that by tightening a cord around it, they could extinguish the snore.

Lovers, after too much to enjoy the lips, or hand of their blushing apprentices, make a moment while adding up their bank balance. Judy made it. Hangman and Jewell. Besides it keeps the head of the shoulders, some in the case of wrinkles, you don't care anymore.

Food made me. Also past chicken and Windsor knots.

A little boy burst from his house and shouted, "Hey, dad, I just sold my dog for \$10.00."

"\$10.00?" asked the father in disbelief. "Where's the money?"

"Oh, I didn't take money for him," answered the lad. "What I did was exchange him for a \$5000 note and five \$1000 bills."

Rosevear News

The dance at Rosevear last Friday was well attended. Hope everyone had a good time.

The annual Community Club meeting will be held in the school on Friday, January 31st, at 8:30 p.m. Everyone interested please attend.

Mr. and Mrs. Rudolf Stahl were visiting at the Stahl home for the weekend.

There have been quite a few children in bed with the measles lately. Hope it soon will be all over.

Birthday greetings this week go out to Freddy Hunk, Ervin Maer and Ulrich Khita. Hope you'll all have many more to come.

Mr. R. Grosswald is working in Edson.

Niton Resident Mr. F. J. Kittle Buried At Edson

Mr. Francis James Kittle of Niton passed away at the age of 71 years on January 13.

Besides his loving wife, he was survived by two sons and three daughters, Hector and Walter of Niton, and Mrs. Kittle of Edson.

Funeral services were held at 2:00 p.m. on Wednesday, January 15, from the United Church in Edson. The Rev. W. D. Hare officiated and interment was in Greenwood Cemetery.

Floral tributes were received from: Loving Wife; the Loving Family; Mother, The Jollys; and the McKinnays; Tina, Alex and Bill; Harvey and Eva Soter; Mr. and Mrs. R. King and Family; Max, Beanie and Girls; Doris and Park Kirkus; Nita Community; Mr. and Mrs. Max Miller; Mr. T. M. Johnson; Mr. Joe McKeown.

Frederick, Elsie, Paddy and Family; Mr. and Mrs. P. McCormack; Mr. and Mrs. H. H. H. and Family; Mr. and Mrs. J. C. Zehar; Mr. and Mrs. R. Shirds and Family; Mr. and Mrs. M. Stafford and Family; Mr. and Mrs. M. Koudrunk and Family.

Mr. and Mrs. W. McKeown and Family; Mr. and Mrs. M. K. Wright; J. Kucyus; J. Zehar; Mr. and Mrs. L. H. H. and Family; Mr. and Mrs. M. Stafford and Family; Mr. and Mrs. M. Koudrunk and Family.

Edson Funeral Home were directors of the service.

HOW ALBERTA'S FINANCIAL PROGRAM HELPS YOU

Orderly debt retirement, constructive use of revenue, and aid to municipalities mark the Alberta Government's financial program.

Accumulated investments and surplus now amount to \$140,000,000 more than the remaining public debt. A provincial debt which totalled \$190,158,819 in 1945 has been reduced to approximately

\$91,000,000 in nine years. Provincial debt retirement plans call for the payment of the entire provincial debt by 1972, but allow the province the right to call in over 70 per cent of its debt at any time after 1948.

Under the debt re-organization program of 1945, 70 per cent of the debt has been placed by 1950 but all revenue made this possible many years earlier than expected.

Although total payment of the provincial debt is possible after June 1st, 1950, the Alberta Government has considered that the interests of the public would be served better by the investment of surplus funds in low-interest loans to finance urgent municipal capital expenditures.

The Alberta Government's financial assistance program is to

provide low interest provincial loans are being offered to help municipalities to obtain a financial position which will eliminate their large-scale borrowing, reduce municipal taxation, and permit an orderly retirement of municipal debt.

The material benefits of provincial loans to municipalities are evident throughout the province. Local governments have used this source of financial assistance to provide such utilities as water and sewer systems, which have improved the living standards of their residents as well as providing valuable services capable of producing long-term municipal revenue.

Under the Rural Electrification Revolving Fund, loans are granted to rural electrification associations. In 1935 an amount of \$10,000,000 was provided to assist in the rural electrification program. As at October 31st, 1950 loans of \$4,947,471 had been made to the associations. The balance in the fund as of November 1st was \$2,323,003.

Hinton Notes

We are very sorry to hear that Mrs. Grady broke her arm.

There will be a whist drive on Wednesday, January 23. Everybody welcome.

The card party was held at the home of Mrs. Hanson with Mrs. Backe taking first prize and Mrs. Dugis taking second.

Mrs. and Mrs. Joy are up visiting her parents, the Backes (family). Nice seeing you Shirley and George.

Russell Taylor is working in United for quite awhile.

WILDWOOD & EVANSBURG

FOUR ROOMS AT EVANSBURG AND WILDWOOD.—To relieve present overcrowding in both these municipalities at least four rooms are needed. At Evansburg it will also make it possible for one of the primary rooms to be converted to an industrial arts classroom in which boys while the girls are taking home economics. The four room unit at Evans-

NITON

FOUR ROOMS AT NITON.—Present overcrowding at the Niton central school and anticipated expansion of the oil industry near Mackay makes this unit necessary. At present two half sized rooms, each containing one window, are being used for classroom. One grade one class of 25 is crammed

PIERS & FULHAM

FOUR ROOMS EACH FOR PIERS AND FULHAM.—In accordance with the commuting solution arrived at between the sections of the Fulham Subdivision, a four room unit will be built at both Fulham and Piers. The two four room units will replace the present obsolete buildings which exist in both areas as well as provide for normal expansion and possible

burg would be built on the present school near the buildings already there. Wildwood's unit will be built on a site to be chosen. This will give Evansburg 11½ rooms plus a shop and home or room. Wildwood will now have 9½ rooms. Cost of the new units at each Town is estimated at \$77,200 plus equipment.

into one of these under-size rooms. Two one room schools that have been moved in can be converted to living quarters for teachers—which is an acute problem at rural centralization. This will give Niton 9½ rooms. The new unit is estimated to cost \$94,000 plus equipment.

division of districts of this subdivision now being transported a greater distance to Edson. The Fulham unit will be built on the present school site, while the Piers unit will be built at a location within the present hamlet instead of the present site more than a mile North of the Village. The units are estimated to cost \$64,000 each plus equipment.

Heavy School Construction Program In Offing

There seems to be no doubt that the heavy construction program involving a debenture issue of \$485,000 plus grants from the Provincial Department of Education are dictated by the sheer necessity of providing school accommodation for the pupils in this School Division. There seems to be no one who would suggest that our children should receive anything but the highest standards available in this day and age.

The School Divisional Board have met in conference with the architects on the plans for the buildings shown on this page. Under each of the sketches there is an explanation for the need of the size of the proposed unit and what the new building is designed to alleviate.

The divisional office and warehouse building is the only building in the program which is not for classroom use and is thought to justify the \$18,000 it will cost as for several years the Divisional staff have been usurping space in the Edson High School which is badly needed for other purposes by the High School. The building is to include offices and warehouse space with a garage and workshop area at the back for the repair crews. As it will not be constructed in a residential area it can be built much more cheaply than would be the case in a high fire rate area. The old office and shop building which has been condemned can then be sold by tender to help defray the cost of the new building. The size of the building was also reduced from the original plan. The Department of Education has been strongly recommending the construction of this office building.

Grants from the Provincial Department of Education will amount to \$155,000 which will bring the total of the building program to \$640,000. Forty per cent of the total or \$256,000 will be borrowed from the Government direct at 3½ per cent—leaving a debenture balance to be sold on the open market of \$236,000 at approximately 4 per cent.

Without even more assistance than this from the Provincial Government, however, this building program would be practically an impossibility for the low assessment areas of this Division. There have been persistent rumours and hints from Provincial Government sources that more help will be forthcoming for the hardpressed municipal taxing authorities from the Provincial Treasury.

In fact, from our observation, of the Board this year we don't think the Trustees would dare dream of such a building program without hoping that this is going to be the year the Provincial Government comes through with something really substantial to take the pressure off real property for education costs.

One of the schemes talked of is that the Provincial Government pay all school costs over 25 or even 20 mills. At present in the Edson School Division the Government is a little better than matching the 40 mills the Division is requisitioning for school purposes. Other richer areas do not get as much help from the Government, but neither is their requisition to the taxing authorities as high. In fact some Divisions requisition as low as 15 mills.

This is the principle of the so-called "equalization" formula which is designed to provide larger school grants for the lower assessment areas. However, the formula has always been behind with respect to a primitive area such as ours, which is only now being opened up away from the established towns.

Edson Town barely collected enough in current taxes and arrears in 1954 to pay the school requisition as out of a total mill rate of 55.54 were allowed to collect the 40-mill requisition and allow for unpaid taxes and discounts. If Edson Town had not had a comfortable profit from its municipally owned power plant and distribution system the mill rate would have been something fierce. Evansburg and Wildwood in this Division with no such prop to help them along, did not, we understand, collect enough in taxes to pay their requisition, let alone provide any municipal services to their ratepayers.

The building program is necessary — our Provincial Government with its bulging treasury—are not going to let us down as far as financial help is concerned, we feel sure. With this in mind we urge any groups—who otherwise might be inclined to veto this program—to hold off until the program can get under way as time is the essence and delay will mean doing without the necessary classrooms next term.

EDSON

EIGHT ELEMENTARY AND TWO HIGH SCHOOL ROOMS FOR EDSON—Have been made necessary to allow removal of pupils from the four present basement rooms in the old school, to replace the makeshift room in the Parish Hall and to relieve the present overcrowding in all classrooms in the Elementary school. A two-room addition to the present High School is necessary to take care of the double and triple grades as they get older. Unfortunately this expansion will not take care of any anticipated influx of pupils if the pulp mill and other developments all materials this coming year or two. The

Board feels, however, that these developments should be more of certainty before they commit themselves to a heavier building program in Edson Town. As at Evansburg, an industrial arts classroom is necessary to match the period of instruction devoted to Home Economics for the girls. The eight-room Elementary school, which is designed for easy addition of eight more rooms, will cost approximately \$120,000 and the two-room High School addition will cost approximately \$35,000 plus equipment. The shop building is estimated at \$37,000 with no equipment being necessary.

Mrs. J. Zelazo and Miss Sophie Zelazo of Edmonton were weekend guests of Mr. and Mrs. Nick Herbert.

Mr. and Mrs. Tom Berdar and Johnny are Edmonton visitors attending the Witkop-Zelazo wedding.

First Mercocall 'Spil Draws 22 Entries

Twenty-two mixed risks entered the first 'spil of the season at Mercocall held January 14th, 19th and 16th.

Duck Switzer's foursome won the A event in the spil. Other members of the winning risk were Gloria Fox, third, J. Kitch, second, and Helen Asher, lead. They defeated a risk made up of Jack Templeton, Tina Gustaf, R. Ray driving a half ton truck, Moxe and W. Austin in the final.

In the B event R. Lapointe's risk won out over O. Sandau. Lucy Chumey was third on the winning risk, J. Asher second and T. Langger lead. Other members of the Sandau risk were Mrs. Brown, J. McElroy and Alce Davis.

Ed Olynak's rootball risk emerged victorious in the C event. Mrs. Olynak played third, B. Riel second and Mrs. Cunningham lead. They defeated a risk made up of R. Struder, skip; Mary Bee, third; D. McKay, second and J. Yonasky, lead, in the final game.

In the D Competition Lionel Baly's risk, with Laura Simmons third, Dr. Waugh second and Irene Moxe, lead, defeated O. Charleal Oil Dealers, Mercocall Hardphers' risk in the final. Others on wave, Red and White Store, Bab's Christopher risk were Mary's Confectionery, L. Baly Dry Tinsbach, third, J. Moxe, second, Good's Coal Branch Motors, Ben's and Annie Fox, lead.

The curlers who enjoyed the game.

Trail Notes

Mr. Don Johnston is now working at Whitecourt, and Mrs. Johnston and family are spending the winter at Wolf Creek at her parents' home.

Mr. and Mrs. Adolfer Jr. and Anna and Mrs. Adolfer Jr. moved to Edmonton on Saturday, returning on Sunday.

Hear that the Larson family are over the river.

On Thursday Ray and Ali Weiser motored to the city. Now see Templeton, Tina Gustaf, R. Ray driving a half ton truck, Moxe and W. Austin in the final.

Saw Yendall's car standing on the road. What's the matter, won't it run on its reputation?

Mr. Larson returned from the city Monday and is now in the Edson hospital with pneumonia.

Saw Trueman Thomas walking to town. Must still be working on the railroad.

Bob Fowler returned from Calgary on Tuesday.

Spil can be thankful to faithful ice makers Alex and Tommy McQueen for getting the ice in shape and keeping it that way all during the event.

Sponsors of prizes for the spil third, Dr. Waugh second and Irene Moxe, lead, defeated O. Charleal Oil Dealers, Mercocall Hardphers' risk in the final. Others on wave, Red and White Store, Bab's Christopher risk were Mary's Confectionery, L. Baly Dry Tinsbach, third, J. Moxe, second, Good's Coal Branch Motors, Ben's and Annie Fox, lead.

The curlers who enjoyed the game.

Gainford Elks To Visit Here

The local lodge of the Benevolent and Protective Order of Elks will play host to a group of their brothers from Gainford lodge on Saturday evening, January 29th.

The visitors will bring with them the travelling gavel which is taken from lodge to lodge in the district and a large number of the Gainford members are expected to make the trip.

The regular meeting of Edson lodge, which would normally have been held Tuesday, February 1, was put forward to the earlier date so that lodge business might be taken care of before the social evening planned to entertain the visitors.

A similar visit to Mercocall lodge was made by members of the local group on Sunday, Jan. 16.

Policeman: "Barnes, see, sir, but your lights are out."

Motorist: "Thanks, but it really doesn't matter."

Policeman: "How are your brakes?"

Motorist: "Barnes."

Policeman: "By the way, do you have your license?"

Motorist: "No, I never had one."

Policeman: "That's three violations. I'll have to arrest you."

Motorist's Wife: "Oh, don't pay any attention to what he says, officer. He always talks that way when he's drunk."

U.C. Notes

The Annual Meeting of Edson United Church will be held on Monday, January 24, at 8:00 p.m. in the Church basement. Financial reports of organizations will be embodied in the consolidated financial statement for 1954 which will be circulated. There will be brief accounts of 1954 activities and achievements. It is proposed to elect two new Elders for life to increase the strength of the Synod. The Committee of Stewards will have five members continuing.

"What's worse than raising cats and dogs?"

"Raising taxi cabs."

Red Wings Move to Fore In Elementary League

David Anker's Red Wings have taken a lead in the Edson Elementary School hockey league, posting a pair of wins in league action this week to raise their point total to nine points. In second place are the Flyers, captained by Gary Davidson, who have a total of seven points.

With sponsors lined up for the teams, the league is on a better basis, or will be as soon as their uniforms arrive. First evidence of the better things to come are the new names under which the clubs began playing last week. Besides the Flyers and Red Wings, the league contains Dwight Betman's Edson Rockets and the Universal Jets, captained by Kenny Antonenko.

David Anker remains the leading scorer in the league, he added 17 goals in this week's three games to boost his total to 37 points.

SATURDAY, JAN. 13

Gary McNeven scored two goals, Burton Rowan, Gary Davidson and Bruce Mahon one each as the Flyers downed the Rockets 5-4. Red Wings scored two goals, John Fark one each.

In the other Saturday game the Red Wings defeated Universal Jets 8-5. David Anker scored five for the Wings, Andy Kulyk and David Antonenko two each. Bob McLeod

scored three for Jets, Kenny Antonenko a pair.

MONDAY, JAN. 17

Universal Jets won over Flyers 7-5; Ken Antonenko getting two for Jets; Bobby McLeod three, Victor Nadurak and Bob McNaughton one each. Gary Davidson banged in all five Flyers goals.

David Anker scored all six goals as Red Wings defeated Edson Rockets 6-4 in the other Monday game. George Stevenson accounted for all the Rocket scoring.

WEDNESDAY, JAN. 19

Edson Rockets posted their first win of the schedule as they downed Jets 5-4, George Stevenson and John Fark getting two each. George Brant the other for the Rockets. For the Jets Bob McLeod and Ken Antonenko each scored twice.

Red Wings and Flyers battled to an eight-goal tie in Wednesday's other game. David Anker scored six for Wings, D. Antonenko getting the other two. Gary Davidson collected a half dozen for the Flyers, Gary McNeven and Bruce Mahon one each.

Leafs Lead Junior Hi

McLeod's Maple Leafs racked up three wins during the past week to move out in front in the Junior High School Hockey League race.undefeated in five games thus far, Leafs have nine points on four wins and a tie.

Edson Motors Spitfires are in second spot with six points, with Switzer's Canadians a close third with five points. Edson Dairy Tigers, winless in five starts, occupy the league cellar.

Leafs' Joe Lovin has taken the lead in the scoring race, his 12 points on 13 goals being good for the top spot. Lovin's teammate Tommy Mah and Mike Greaney, one Spitfire sniper, are tied in second spot with nine points each.

In last Thursday's games Spitfires downed Tigers 5-3 while the Maple Leafs whitewashed Canadians 5-0, goalie Johnny Bardar racking up the first shutout of the season.

Saturday morning Canadians whipped Tigers 3-0 while Maple Leafs broke their first place deadlock with Spitfires by sking out a close 2-1 win.

In Tuesday's action Leafs stretched their lead by trouncing Spitfires and Canadians battled to a one-goal draw.

THURSDAY, JAN. 13

In the Spitfires-Tigers contest the Leafs took a 2-1 first period lead on two goals by Mike Greaney.

Bobby Manni counted five Tigers goals to 6-1 and in the third period Joe Lovin and Fahlberg notched goals to complete the scoring.

In the Canadians - Spitfires match the scoring came in the first period, Mike Greaney giving Spitfires the lead with an early goal and Ron McNeven, assisted by brother Dave, getting the equalizer for the Canadians.

LEAGUE STANDING

Team	W	L	T	Pts
Leafs	4	1	0	9
Spitfires	3	2	1	6
Canadians	3	1	2	5
Tigers	0	5	0	0

LEAGUE SCORING

Player	Goals

Mike Greaney (S)	9
T. Mah (ML)	5
Donag Wells (ML)	3
D. Fahlberg (ML)	3
D. McNeven (C)	4
R. Finlay (C)	3
R. McNeven (C)	1
G. Christie (T)	3

SATURDAY, JAN. 13

Canadians scored a goal in each period in racking up their 3-0 shutout over Tigers. In the first it was Bob Leyden, assisted by Ron McNeven. In the second, D. McNeven, assisted by Dennis Hill, put Canadians two up and in the third, Brooks Finlay, assisted by Ron McNeven, added the third Canadian marker.

Leafs and Spitfires battled their way through a scoreless first period before Mike Greaney gave the Leafs a lead just after the teams had changed ends to start the second period. The lead held until close to the half way mark of the game when Joe Lovin, assisted second when Joe Lovin, assisted by Doug Wells, knotted the count.

With two and a half minutes to play Peter Burleigh let go a long drive that nestled in the twins for Leafs' winning goal. Bardar beat Mike Greaney on a breakaway in the final minute to rob Spitfires of a chance of tying the score.

TUESDAY, JAN. 13

Leafs led 3-1 at the end of the first period in their game with Spitfires; Joe Lovin, Ole Olson, assisted by Dieter Fahlberg, and Fahlberg, unassisted, scoring for the Leafs, while Clem Lovin notched the only Tiger goal. In the second Fahlberg, assisted by Olson, and Wells, assisted by Fahlberg and Calvin Rowan, unassisted, stretched the lead to 6-1.

Bus To Make Barhead Trip

Arrangements have been made to charter a school bus to make a trip to Barhead this Sunday, where Edson Athletics will play a return game with Barhead Athletics.

The bus will leave Edson at 8:00 a.m. and is scheduled to be back in town by 9:30 p.m. Game time in Barhead is 2:00.

Fans wishing to make the trip with the club must make reservations with Miss Chas or Sandy Truss. There will be accommodation for 25 passengers in addition to members of the hockey team; though several reservations have been made since it was first announced the team planned to travel by bus.

Former Edson Girl Honored

Approximately thirty friends and neighbors gathered at the home of Mrs. Neth Herbut last Friday in honor of Miss Sophie Edson, who is to be married in Edmonton on Saturday, January 22.

Ring and singing were enjoyed by those present. The gifts were received in a beautifully decorated basket. While opening the gifts Sophie made a special wish for each person and during lunch in a few well chosen words she graciously thanked everyone for the many beautiful and useful gifts.

Sash And Door Factory Seeks Property From Town

At the regular meeting of the Edson Town Council on Tuesday evening last, there was the usual rash of building permits and leases for property applications that have characterized most recent Council sessions.

One was an application by Mr. M. Sukoviet for property for a sash and door factory and the retailing of building hardware. Another application of special interest was one by Mr. Bill Koopman of Pears for lots on which to place four houses from the Coal Branch—before the McLeod River bridge goes out in the spring.

Mr. Sukoviet intends to build on Second Avenue West while Mr. Koopman's houses will be placed on 8th Avenue East where brush clearing activities have been in progress this past week.

Sash and Door Plant — Mr. L. Kroetch addressed Council on behalf of Mr. M. Sukoviet asking for lease and option to lots in block 7, for building permit, for permission for erection and use of temporary building and recommendation of Council to issuance of license for a sash and door manufacturing and retail building supplies and general hardware.

It was moved that approval of Council be granted to transfer of lease, etc., from Mr. Mike Sukoviet to Mr. Mary Sukoviet on lot 14, block 46, and lot 15, block 81, be granted.

Not Available—Mr. L. Kroetch addressed Council on behalf of Mr. J. W. Koopman asking for lease and option of lots 11 to 15, block 126, and he was advised that this land could not be disposed of. Cont. on Page 4

Dean Of Edmonton Speaks At St. Catherine's Church Supper

The Parish Hall was filled to capacity on Monday evening when parishioners of St. Catherine's Anglican Church gathered for the annual parish supper.

Guest speaker for the occasion was the Very Reverend J. Grant Spiering, Dean of the Anglican Cathedral in Edmonton.

Dean Spiering spoke briefly on the new All Saints' Cathedral in the city which is to rise early in the spring. He pointed out that the cathedral would be the mother church of the diocese and would not just be for the people of Edmonton.

The Dean went on to tell of the Anglican Congress held in Minneapolis last August at which 360 dioceses in communion with the See of Canterbury were represented.

To illustrate the Catholicity of the Anglican Communion the Dean emphasized, and illustrated with colored slides the many varieties of language and color among the people who adhere to the common bond with Canterbury.

'Family Nite' At Arena On Saturday

The CNR Rovers, a club from the Edmonton and District Intermediate League, will be the visitors at Edson Arena for a two game series with the Edson Athletics this Saturday evening and Sunday afternoon.

Special feature of the Saturday night contest will be "Family Nite" aimed at increasing still further the interest that has been growing in this year's cross-country edition of the Athletics.

Any youngster bringing one of his parents to the game will be admitted free and those accompanied by both parents will be given ten cents spending money.

Also to be given away to the prize for the largest family in attendance at the games.

In addition to the hockey game, which promises to be first rate entertainment in itself, there will be chances on lucky number program prizes, new a regular feature of the winter games at the arena.

Game time Saturday night is 8:00 p.m., with the second contest to be played Sunday afternoon at 2:00.

Liberals Elect Leo Crockett

Mr. Leo Crockett Jr., of Mowbray, and well known in sports and business circles in this constituency, was elected president of the Jasper-Edson Liberal Association at their recent annual meeting in Edmonton.

Other officers chosen include: Mrs. C. H. Trapp, of Edson, first vice-president; Mr. T. H. Finch-beck, Winterburn, second vice-president; Fred Williams, and John Shipitski, Redcliff Bridge, secretary-treasurer.

The new regional directors are: Edson, Mrs. N. Findlay and Mrs. W. D. Baker; Stony Plain, H. McLeod, R. Ender; Lac Ste. Anne, Philip Kenney, John Millie; Pembina, George Schultz, J. P. V. Cox, and Q. Albert, W. Venn, L. McLean.

Edson Boy Killed In Tragic Air Crash Near Edmonton

Edson and district were shocked to learn of the death of Flying Officer John Kutyn in an air crash 25 miles north west of Edmonton on Saturday morning when the Mitchell training bomber in which he was flying with two other members of Air Force Reserve Squadron 418, crashed after striking a cable.

Kutyn, who was 22 years of age at the time of his death, has been working in the city since 1931, and has been serving his country in the Reserve Air Force on his weekends as a navigator.

He is survived by his loving wife of six months in city; his parents here at Edson, Mr. and Mrs. Nick Kutyn, and his brother Joe, who lives and works in Edson. A brother, Michael, is also a navigator with the Reserve Air Force.

Flying Officer Kutyn was born at Whitewood and later attended school after his parents moved to Edson. He left for the city in 1931 and joined the Reserve Air Force in 1932, graduating from navigation school at Summerside, Prince Edward Island, in October of that year.

Funeral services were held on Tuesday morning from St. Edmond's Church with the Rev. Fr. O'Reilly.

JOHN KUTYN
In an informal picture taken while with the Air Force (courtesy the Edmonton Journal)

In addition to the last rites of his church, Flying Officer Kutyn was accorded full military honors by his comrades in the service. The sympathy of the community is extended to the family in their loss.

Four Queen Candidates In Cycles Contest

According to queen committee Chairman Joe Perich of the Klummen Club, four candidates have been picked for the contest to be run in connection with Kinsley's 75.

Although the names of the young ladies were not available at press time, we are informed that there will be a candidate representing Edson High School, one for Edson Elementary School, a McLeod Valley candidate and one from Haines and the Coal Branch.

To give the out-of-town girls a fair chance the vote total from the McLeod Valley and Haines superior will be combined. The highest girl of the two will take credit for both and thus be in the running with the Edson girls.

Actual voting cards are to be charge of Klummen Club Perich, as in former years, who will handle them from his office on Main Street. His official start date for sales has been set as yet, but will be announced shortly to give all the candidates the same chance.

Subscriptions for the Kinsley's scheduled for Friday and Saturday, February 25 and 26, are proceeding apace and local representatives are being made on the "name" checking ticket being brought in from the city.

Kinsley's 75 local interest is being whetted into shape by a committee of local ladies and gentlemen headed by Mrs. Laura Haines.

Mrs. S. Stanley Buried At Edson

Mrs. Rose Ella Stanley, beloved wife of Mr. Ross Stanley, of Winnipeg, passed away at the age of 57 years on January 26.

Besides her loving husband, she is survived by three sons and three daughters, Everett of Grand Prairie, Ralph of Calgary and Wilbur of Montreal, Mrs. Paul Armstrong of Sask., Mrs. Tom Pratt and Mrs. Pat Hooper of Montreal.

Mrs. Stanley is survived also by two brothers, Verne and Ouel, both of Long View, Wash., U.S.A., and 16 grandchildren.

Funeral services were held on Sunday, January 29 at 2:30 p.m. from the United Church in Edson.

The Rev. W. D. Race officiated and interment was made in Glenwood Cemetery.

Beautiful floral tributes were received from: The Loving Family; Marian and Everett; Bill, Home and Family; Alice Price and Roy; Mrs. Mackay and Barbara, Marlene and Donald; Paul and Eileen Layton; The Renschie Family; Mrs. Byers; Mrs. Lafonde; Mr. and Mrs. L. Surber; The Woolly Family; Mrs. Olson, Staff of Calgary O.C.; Hector and Marnie; Mr. and Mrs. Harold Armstrong; Canadian Legion, Montreal; Les, Hazel and Family; Mr. and Mrs. Marshall; and Family; Chas; The Newton Family; The Denholm Family; Miss Edmond; Mrs. Spence and Family; Mr. and Mrs. Pangrath and Family.

ONE NIGHT DRIVE
Friday evening is the night set by the local Legion to celebrate the housewarming ceremony for the public hall.

Mrs. Hungenberg Laid To Rest

Mrs. Madeline Hungenberg of Edson passed away at the age of 81 years on January 25.

Mrs. Hungenberg was a well-known old timer of Edson and all who knew and loved her will be saddened at her passing.

Besides her loving husband, Walter, she is survived by one son, Pat, of Edson.

Funeral services were held on Wednesday, January 26, at 10:30 a.m. from the Sacred Heart Church in Edson.

The Rev. Father I. A. Shalla, C.M.I., officiated and interment was made in Glenwood Cemetery.

Beautiful floral tributes were received from: Loving Family; Harold and Allan Hutchinson and Family; Ralph, Elizabeth and Clarence.

"My daughter," said a father rather dejectedly, "is 31 years old today. I must say, the last 20 years have been harder than the first."

"How do you mean?" a friend asked.

"We spent the first year trying to get her to talk, and the last 30 trying to get her to stop."

Third Period Drive Earns Arrows Win Over Edson

Edson Athletics Sunday afternoon dropped a close 4-3 decision to Barhead Arrows in the Barhead Arena before a crowd of close to six hundred fans.

Making themselves right at home on the larger Barhead ice surface, the visiting Athletics helped themselves to a 3-0 second period lead on goals by Vic Cebulak and Joe Bechek, who also accounted for the Edson goals in the two-off control play-off here last Wednesday.

Arrows punched home four goals in the final stanza while holding the Athletics of the score-sheet. As far as third period territorial play went, the clubs were about even; only a sparkling performance by Arrow defenseman Art Clearwater preventing Edson from tallying on several occasions.

Only three of the Barhead goals had Sandy Tron, who up also came up with an outstanding performance in the Edson cage; the fourth being fired into the empty net after Sandy had left his position to make room for an extra forward in the final minute of play with Athletics trailing 3-2.

There was no scoring in the first period as the clubs battled out even terms. There were four penalties in this stanza: First of the Arrows went at 13:30 for interference. At 16:15 Gordie of Athletics and Governor of Barhead drew penalties for roughing. It was while the clubs were playing five a side that Edson got the best scoring opportunity of the period; Vic Cebulak feeding a pass to Nino Chessa. With only Clearwater to beat Chessa let go with a drive for the corner of the net that the Barhead goalkeeper just managed to get a pad in front of to save the score. Ramsdale went off for charging at 19:30; leaving Edson short-handed for the rest of the period and for a minute and twenty seconds of the sandwich session.

The clubs were back at full strength when Vic Cebulak took a pass from Chessa and rifled the puck past Clearwater for the first goal of the game at the two-minute mark of the second period.

Athletics did a great job of penalty killing a few minutes later as they played two men short for a minute and thirty seconds; Leo Ramsdale getting two minutes for crouching at 6:30 and Nino Chessa the same sentence for kneeling at 8:00. The two men advantage did the Arrows little good as Joe Bechek put on a display of stickhandling that kept the puck centre ice for the bulk of the penalty. Vic Cebulak took a turn at keeping Barhead away from the puck whenever Bechek did less control.

Nino Chessa set up the play for the second Edson goal, which came at 13:30, snatching the puck which Bechek converted into his second goal of the Edson-Barhead series.

Lake Grant got the opening Barhead marker at 2:30 assisted by Bechek and Pehovich; the third period and at 7:30 George Watt did all the work on the tying marker, carrying the puck out from behind the net to let go a shot that found its way through a mass of legs into the Edson net.

Watt also scored the winner at the 12:50 mark, again unassisted, with the clubs playing five men to four. In the penalty box at that time were Arrow Dellapard and Vic Cebulak of Athletics, serving five minute sentences for fighting; and Lyle Kortman, off for a two

THREE WAY TIE DEVELOPS IN JUNIOR HIGH SCORING RACE

The scoring race in the Edson Junior High Hockey League has developed into a three way battle between Joe Lovins and Tommy Mah of Madson's Maple Leafs and Mike Grassy of the Edson Maple Spiffies. With the schedule at the half-way mark, the three strikers are all tied up with eighteen points apiece. Doug Wells of Leafs and Tom McEwen of Spiffies are the closest to the top, each being tied by the three leaders.

Grassy's 17 goals give him the lead in that department while Mah has seven assists to hold the title of this league's leading playmaker.

The Maple Leafs have a two-point lead on first place in the league. As yet undecided, they have fourteen points on six wins and a pair of ties. Spiffies are second place with nine points.

THURSDAY, JANUARY 26
 In the Maple Leaf-Canadian game, the Canadians led 5-0 at the end of the first period on goals by O'Hara and Flinlay, and held that same lead at the end of the second period. In the third period, Louie, Tommy Mah, and Burleigh, and Dennis Hill all scored for Leafs before Canadians again hit the scoreboard. Goals by Hill and Flinlay tied the count for the Canadians before the Leafs again broke out in a scoring race. Tommy Mah fired two goals and Dennis McNaughton one to give Leafs a 7-4 victory.

Mike Grassy scored four goals, one of them assisted by Ben Jay and another by Gerald Chapman, sandwiched between two solo efforts, and Iver Leach counted the 16th Spiffie marker before Tigers made the score sheet in the second. Thursday game. Tigers fought back from their five-goal deficit, Gordon Christie assisted by Benjo Lovins, Sherman unassisted and Lovins, also unassisted, scoring for the Tigers to make the final score 5-4 for Canadians.

SATURDAY, JANUARY 28
 The Tigers posted their first win of the campaign Saturday morning as they shaded the Canadians 4-3. Gordon Christie scored a hat trick for the Tigers and Neil Selby added the fourth marker. For the Canadians Ben McEwen scored all three goals.

Spiffies and Maple Leafs battled to a 5-5 tie in a game that saw Spiffies take a 4-1 lead in the first period with Leach coming from behind to gain a tie and to avert their first defeat of the season. Dennis McNaughton got the lead for the Leafs in the first period before Ben Jay, Mike Grassy, Jack MacVicar and Gordon Chapman each took a shot to tie with a goal apiece. In the second Leafs closed the margin to 4-3. Tommy Mah getting a goal, Dennis McEwen scoring the second of the game. The second tie in the final round to 5.

Rosevear Notes

The Rosevear Community Club are sponsoring a dance on Friday, February 11. Good music and everyone is welcome.

The annual Community Club meeting was held in the school on Friday, January 21st. New officers were elected. They are as follows: President, Oscar Kunkel; Vice President, Mr. Rauder; Secretary, Treasurer, Mrs. Stuebel; Sports Director, Ernie Fabrian; Social Director, Walter Juvonovich; Membership, Albert Stuebel. We all wish them the best in their coming term.

The next meeting will be held in the school on Friday, February 4 at 8:00 p.m. Everybody welcome. Mr. Lawrence Ratke of Spruce Grove was visiting at the Kiste home for the past week.

Mr. and Mrs. Joe Kistenfeldt of Edmonton were weekend visitors to the Kiste home.

The Farmers Union meeting held in the school on January 19 was well attended.

The next meeting will be held on January 26th at 8:00 p.m. Everyone interested please attend. The hockey game on Sunday between Rosevear and Edson Jr. High ended in a 5-5 tie. Although the Rosevear team has never lost a game so far this season. Good going boys, keep it up!

Sorry to hear that Edith Alder is in the Edson hospital. Hope you will be well soon, Edith.

Mr. Max Greenberg of Chicago, Ill. was a business visitor and rosevear old acquaintances in Edson last week. While here was a guest of the Edson Hotel.

U.C. Notes

Reports presented at the Annual Meeting of Edson United Church last Monday evening indicated that 1954 had been a banner year, and larger sums had been contributed to missions and charities than ever before. A slight net increase in membership was recorded despite a slight decrease in the total number of persons under pastoral oversight. Average attendance in the Sunday School had reached an all-time high by the end of the year.

Votes of thanks were tendered to Rev. and Mrs. W. D. Race for their promotion of youth activities and their visiting in the homes. Mr. J. Pyper Sr., and his staff for their successful year in Sunday School leadership. Mrs. C. H. Trapp and her many helpers for the success of the Christmas Gift Sale which greatly benefited the Building Fund.

Elected as Elders were Mrs. A. Kileap and Dr. K. P. Robins, who will be officially admitted to their office at Sunday Morning Worship January 30. Continuing Elders were W. Wilson Sr., J. Pyper Sr., Mrs. A. S. Maxwell and Mrs. S. Cunningham. Stewards continuing in office were Messrs R. E. Gardner, A. W. Leonard, A. G. Mahon, H. A. Switzer, G. Vanderberg. Re-elected as Stewards were Messrs A. Amundson, Mrs. W. H. Gillett, Mrs. C. H. Trapp and Mr. W. F. Korimaa. High school new Stewards elected were Mrs. J. Pattinson, Mr. M. A. Collins and Mr. J. Pyper Jr.

CYO Program Well Received

A large audience enjoyed the excellent program of varied entertainment provided by the CYO's variety program, held in the High School auditorium on Wednesday evening.

On Tuesday evening, the show was put on as a dress rehearsal for the children who wished to attend the earlier showing.

The program included two one-act plays with casts made up of CYO members.

The first of these "My Aunt

from California, presented under the capable direction of Mrs. Fred Hindle, featured Marie Kooel as "Aunt Mary" with Christine McLeod, Viola Chiesa, Mary Radenich, Alice Kulboer and Billie Niagro in supporting roles.

The second play "The Prodigal Son" was directed by Fr. Malone, with a cast made up of John Knebel, Ross Fawick, Tony Grant and Mike Polasowski.

Other items on the program included a dance by Susan Hilde and Darlene Woywitska; Tango, by Shirley O'Hara and Jack Woywitska; a tap dance by Darlene Woy-

witska, Connie Harkins and Janet May; a comedy skit by Susan Niagro and Maureen Murphy; all pupils of Mrs. Fred Hindle.

Hubert Nyssen provided a musical number and Mr. Fred Hindle played the crowd with his magic act. Mr. and Mrs. Hindle collaborated on an act featuring marionettes to provide one of the highlights of an excellent program.

Miss Jessie Berthold of Westlock is spending two weeks at the home of Mr. and Mrs. Sig Hoffmann.

Vol. 3 Edson, Alberta, Thursday, February 3, 1933 No. 40

3,000 Edsonites Inspect Nova Theatre Building

It was estimated that nearly three thousand people from Edson and District visited the Nova Theatre during its opening run Tuesday and Wednesday, including all the kids who go to Edson schools plus more from the District.

Mayor Masley Burleigh was on hand Tuesday evening to introduce the members of Edson's latest business firm, Abe Goldstick, President; Erna Low, Vice-President; C. Matthews, Secretary-Treasurer; and Harry Rubel, Manager. Mayor Burleigh also introduced the contractor, Harold Pullock; the plumbing and heating contractor, George Koebel; the electrical contractor, Roydon Mahon and mentioned that the building had employed local labor at a time when jobs were scarce due to seasonal unemployment.

Representatives of the supply firms for the specialized equipment were also present and introduced: E. Hansen, of J. M. Rice and Co., who supplied the projection equipment and the screen as well as the seats, and Bill Shorvko of Canadian Pittsburgh Industries Ltd., who supplied the fine glass doors for the modern entrance.

The first night crowd was supplied with a lunch by the ladies of the Royal Purple following the showing of the first film in the theatre.

The visitors admired the handsome entrance, the "crying" room for patrons with babies, the "push-back" seats—you don't have to stand up to let people by—the smooth plaster finish, the big curved screen, the colored (maroon) concrete floor and the general air of being the latest thing in theatres.

The chief inspector of theatres, who was present, congratulated the theatre directors on the up-to-dateness of the new theatre and mentioned that, in accordance with the regulations of the Provincial theatres branch, there was an emergency lighting system installed to provide light in case of failure of the main source of power.

One of the nice touches of the first evening was the reading of a telegram from the management of the Nova Theatre congratulating the new theatre on its opening—with everyone joining in a hearty cheer.

Meeting Picks Jubilee Chairman

A meeting of representatives from most organizations in Town asked Mr. William Nigro to accept the chairmanship to correlate the various activities connected with Edson's jubilee celebrations. Mr. D. M. Coston was chosen secretary of the committee.

What's With Pulp Mill??

During the course of his short talk at the opening of the Nova Theatre this week, Mayor Burleigh, told the crowd that as far as the Town could learn there is no basis to the wild rumors which began to circulate last Saturday after the clearing and burning crews were laid off at the Polkerton pulp mill site.

We have been following down various leads on the several rumours and have not been able to trace any one of them to a source that might be "in the know." So we must add our voice to that of our Mayor and say that the rumors seem to be mainly "beer talk."

It does prove one thing, however, and that is that the pulp mill and the implications of great growth and possible prosperity it brings with it, have become very much a part of the dreams of everyone here and any threat to that possibility sends people into a flat spin.

So we're keeping our fingers crossed!!!

T. Williamson Retires From Road

Pictured above is Mr. Trueman Williamson being presented with an envelope from fellow-employees of the C.N.R. by Superintendent E. Moore, when Mr. Williamson came in two weeks ago from his last trip as conductor on the Coal Branch run.

Picture on page 3 shows Mrs. Williamson on hand to welcome her husband on the big day. Mr. Williamson has completed 25 years service with the C.N.R. and a banquet in his honor was held in the Commodore Banquet room on Monday evening, January 31, the Secretary-Treasurer of the Brotherhood of Railway Trainmen, Stan Ashton, was on hand to present Mr. Williamson with a purse and a life membership in the B. of R.T.

Mr. Williamson's plans for his retirement are rather indefinite at present, but he does have a homecoming to have another go at home—should he still be at Banquet, Alberta.

Billets Needed For Bandboys

Anyone with a spare bed or two during the annual Kincycles Carnival Feb. 25 and 26 are asked to get in touch with Klammens Harold Mahon or Doug Coston. There are over 50 boys in the

well-known band and not nearly enough billets have been arranged for as yet.

The Edmonton Boys Band is scheduled to provide the music for the various numbers in the Carnival, while the Edson Cadet trumpet and drum band will provide the escort for the new queen to the coronation station.

FOUR DISTRICT MISSES COMPETE FOR KINCYCLES QUEEN TITLE

GERTRUDE BARNHART

LEIGH DAKIN

RITA GAMMIE

EVELYN TALPASH

Supporters of the four young ladies pictured above began campaigning this week for the title of "Queen" of Kincycles of '33 to be presented in the Edson Arena February 25th and 26th. Gertrude Barnhart is a student at Polkerton School and is being sponsored in the contest by the 644 Clubs in the district.

Miss Barnhart's campaign manager is Mr. Chris Holman of Poon. Leigh Dakin, a student at Edson High School, is being supported by Edson Elementary School. Her campaign manager is Mr. Neil Village. Rita Gammie, who attends Harwood High School, is being

sponsored by the Harwood Lodge, B.P.O.E. and her campaign for the title is being managed by Mr. John Outchuk of Harwood. Evelyn Talpash, also a student at Edson High, is being sponsored by the High School and her campaign manager is Mr. Wino Chien. The campaign officially began

at 5:30 p.m. Monday, January 31. Tickets are selling for 25c each. Adult admission to the carnival is four tickets and student admission two tickets. Each ticket is worth 200 votes up to February 9. Tickets sold after that date, but before Feb. 17, are worth 100 votes, then Feb. 17 to Feb. 24, 50 votes.

Published by Edson Printers, Edson, Alberta
Member Alberta Division, Canadian Weekly Newspaper Association

An Editor Reminisces

We were privileged to have a copy of the current issue of the Vegreville Observer given to us last week and were interested to read a column written by that newspaper's venerable editor, Mr. A. L. Horton.

Mr. Horton has long occupied a position of respect among other newsmen in the West and his reminiscing about Alberta's early days is well worth reprinting, especially as we go into our fiftieth jubilee year.

Those who imagine that the Provinces of Alberta and Saskatchewan just sprang into being on September 1st, 1885 by virtue of an Act of the Dominion Parliament are really mistaken. On the contrary, Provincial status was only attained after a long and sometimes bitter controversy.

We will refer to some of these points later on. The Province of Alberta received its name from the Marchioness of Lorne who was a daughter of Queen Victoria and married to the Marquess of Lorne (later the Duke of Argyll). The Marquess of Lorne was the Governor General of Canada from October 1878 to May 1880.

It so happened that during his term of office the southern part of the vast Northwest Territories was subdivided into four provincial districts, namely Saskatchewan, Athabasca, Assiniboia and Alberta. This latter being one of the names of the Princess Louise, who in common with all royalty enjoyed a half dozen given names. The Princess Louise is also remembered in the name of the popular summer resort, Lake Louise west of Banff. In any case her name of Alberta was very probably derived from that of her father, Albert, the Prince Consort. As in the name Alberta itself we get an historical connection with matters of more than a century ago.

How the provincial district, Alberta was not at all the same in boundaries or extent as the present Province which is much larger.

In the early days of the N.W.T. the Lieutenant Governors were highly autocratic gentlemen, intransigent, intolerant and led in time to the formation of an executive council which met at Regina from time to time and was supposed to advise the Lieutenant Governor, who, it may be said, did not appreciate advice. In turn this led to an agitation for a fuller measure of self-government.

We happen to be writing this mostly from memory and may be off the track here and there. Hence this story is not to be taken as entirely accurate but it is close to the mark.

Among those who took a leading part in the agitation for more democratic government was Mr. F. W. O. Haultain, a lawyer who had settled at Fort Macleod. Mr. Haultain stuck to his crusade and was certainly one of the most influential workers for the creation of the Province. He wanted one big Province which would take in both Saskatchewan and Alberta but his plan was not acceptable. However he did an excellent job of presenting the case. Curiously enough Mr. Haultain was passed over when it came to the appointment of a Premier for the Provinces. He was, in fact, opposed to the Ottawa Government and was accordingly passed over. But he became Chief Justice of Saskatchewan and was later knighted, thus becoming Sir Frederick.

We are not too sure of how many others were interested in this Provincial agitation. It was before our day but we can imagine that Frank Oliver of Edmonton, Peter Tulloh of Lacombe, Arthur Sifton of Calgary, Dr. Brewster of Banff, and a host of others had a hand in the business.

Frank Oliver especially would be certain to be interested, if only to oppose something. For Mr. Oliver was a born opposer. Sometime ago we had a letter from an old friend of ours, Mrs. William Green Ellis, one time writer for the Edmonton Bulletin and now more or less a free lance writer for the Family Herald and Weekly Star. In her letter she deplored the fact that no one has ever produced an authentic biography of Frank Oliver.

It seems when Mr. Oliver died Mrs. Oliver refused to let any biographer have his letters and documents without which no writer could produce an accurate biography. We can still Mr. Oliver's son, John died some time ago and where the Oliver papers are now can only be conjectured.

To us it seems a pity that so stirring and active life as that of Frank Oliver should vanish from the scene without leaving a record. For Mr. Oliver was a really great man. We know

WE LAUGHED AT THESE

In a restaurant a man ordered a lamb chop and green peas. "And serve the green peas with honey," he said.

The waiter looked puzzled. "Surely you don't like honey with your peas?"

"It tastes awful," replied the diner, "but it's the only way I know to keep the darn things from rolling off the knife."

A young woman about to be married decided to test her sweetheart and called on a girl friend. "I want you to go for a walk with Jack," she confided, "and at a suitable moment tell him for a kiss."

Her friend blushed, but consented.

The following day the bride-to-be called round to see what had happened. "Did you ask Jack to kiss you, dear?"

"I didn't get a chance," she replied. "He asked me long before I'd thought of it."

A man met a friend who would him some money. The friend saw that it was impossible to refuse.

"One day later," he said, "I saw you five dollars and an apology. Please accept the apology now."

"It was so cold where we were," said the Arctic explorer, "that the candle-light froze and we couldn't blow it out."

"That's nothing," said his rival. "Where we were the words came out of our mouths in pieces of ice and we had to try them to see what we were talking about."

With his usual long windedness the boy was describing one of his misadventures.

"There was I," he said, "on a lonely road, miles from anywhere, with a blazing car. What do you think I did?"

One very weary listener stifled his yawns enough to reply, "Thank a long breath and blow it out."

Confronted with the task of paraphrasing the sentence, "he was clad in a suit of mail," a small boy wrote, "he was wearing a postman's uniform."

him very well and had no intention of making for him. Western Canada has produced more than its share of slackness in proportion to the population and Mr. Oliver would rank near the top.

Well that's enough for this week but we will continue these random comments from time to time. In the meantime one of Bob Edwards' stories in the Eye Opener will do to conclude this story.

One day Mr. Edwards went to the funeral of a prominent politician. The officiating clergyman went eloquent over the virtues of the deceased and finally described him as a "religious man." Bob pondered over this as he had been pondering over what a statement was. Then he came up with the answer.

"A statement," said Bob, "is a dead politician." What this country needs is more "statements."

LAFF OF THE WEEK

You see, my dear, I have just been to the bank and I have just been told that I am a very rich man. I have just been told that I am a very rich man.

On That January Thaw

JOHN N. BATES, Peers

Our weather man got his wires all crossed.

And sent us a January thaw;

And, if you'll pardon my grammar, folks,

It was the worst one I ever saw.

Slush and rain with sleet and snow,

Made a nasty combination;

And getting your feet mixed up in it too,

Don't improve the situation.

For though you kick and stamp and swear,

You'll find that it's all no use;

For the stuff it sticks there just like glue,

And don't seem to mind the shoe.

Then when your wife yells out the door,

"John, go around to the back,"

You feel like crawling in some dark place,

Just to hang yourself—don't you feel that?

But should you be in the "Boots and Shoes,"

Or "Umbrellas and Raincoats" line;

You'll never murmur or complain,

But think it is just fate.

The shoe-bills seem to like it too,

And the taxi men don't cry.

They smile and whistle all the day,

And they never bat an eye.

So while some folks lose some other gain,

And thus the world goes on,

For the gleamy days will soon pass away,

And the sun will be shining o'er long.

Then however we may satisfy go,

Outside, no more need we stall—

We can keep our shoes on in the house,

Not leave them in the hall.

"The man is so honest he wouldn't steal a pin."

"I never thought much of the pin trade. Try him on an umbrella."

"Two eggs, please," said the diner.

"Don't try those a second after the white is cooked, and don't turn them over. Put two more hot and just a pinch of salt on each. The pepper—well, what are you waiting for?"

"The host's name is Betty," said the waiter, "so that all right, sir?"

Se-Burg Teen-Town Crowned Queen

Miss Shirley Wright of Se-Burg was crowned Se-Burg Teen Queen at the first annual Teen Queen ball in Se-Burg, Friday night. Miss Wright was out of five other contestants for the throne. They were Miss Marie McDonald and Margaret Cumming of Se-Burg, Miss Ann Thach of Wilfred and Miss Helen Bohovski of Lacombe.

Miss Wright will compete for Alberta Teen Queen at the Alberta Teen Conference which will be held in Edmonton in April.

The queen was chosen on a point system in which such things as appearance, dancing ability, teen-down activities, sports, poise and many others. Judges were: Mr. and Mrs. C. J. McPhee, Mr. and Mrs. McKay, Mrs. Sampson, Mrs. Langford and Mr. H. Kahar.

The Queen was crowned by May-er C. J. McPhee about midnight on a large raised throne with a crown of imitation ermine and a

Burg Rockets Best Whitecourt

The Se-Burg Rockets remained in second place in the W.A.H.L. by defeating Whitecourt 7-3 Sunday. It was a close game but was slowed considerably by poor ice caused by the unseasonable warm spell.

Whitecourt was the first to get on the scoreboard with a long shot from the blue line by rightwinger Joe Cynabla that caught the low corner. Ab Bruce scored two in the first period to put the Rockets out ahead 2-1 at the end of the first period. Ab Bruce completed his hat trick in the second period and Ken Melvin made it 4-2 at the end of the second period after the visitors made it clear with a second-period tally.

Goals by K. Melvin, Ted Dye and George Elak in the last period finished off the scoring for a 7-3 Rocket win.

large blue crown. Attendants were Miss Helen Bohovski, and Miss Margaret Cumming. A large crowd was on hand to witness the coronation of imitation ermine and a

WATCH

Edson Grow

The following births occurred at St. John's Hospital, Edson, during the past week:

DAVIDGE—Born to Mr. and Mrs. Bart Davidge, Edson, on January 27, a son.

HULL—Born to Mr. and Mrs. Laddick Hull, Edson, on January 27, a daughter.

KEED—Born to Mr. and Mrs. Patrick Keed, Edson, on January 28, a son.

DUPEZZE—Born to Mr. and Mrs. Martin Dupree, Edson, on January 28, a son.

FRANSON—Born to Mr. and Mrs. Arvid Franason, Marlboro, on January 29, a son.

BERNES—Born to Mr. and Mrs. Wilbert Bernes, Peers, on January 30, a daughter.

LEACH—Born to Mr. and Mrs. Frank Leach, Edson, on January 31, a son.

U.C. Notes

Plans are being completed for holding a Christian Youth Service on Sunday evening, February 13, with representatives of various Church youth groups helping to lead the Service, and the groups present in a body. A special offering will be received for the work of the Christian Education Committee of the Alberta Conference of the United Church.

Sets of missionary film-slides will be shown at Evening Worship twice in the near future. On February 6, title is "New Light in Indian Villages," and on February 20 it is "Father of Indore High." Both sets are new and in full color and were made from photographs taken by our missionaries in Central India or by a photographic team recently visiting the field from the Church in Canada.

PUBLIC NOTICE

Plans for Alberta Golden Jubilee celebrations and activities this year, are being finalized and will be made known to all, when completed.

To date, no official publication or Golden Jubilee Directory has been undertaken or contemplated by the Government of Alberta.

If any such publication is considered, an official announcement will be made.

You are therefore advised that any persons soliciting advertising or funds for such purposes, do so on their own behalf.

EDSON HIGH HOCKEY CLUB DOWNS JASPER PUCKSTERS

The Edson High School Hockey club put on a third period drive that netted three goals to take a 6-3 decision from the Jasper High squad in a game played on the outdoor skating rink at Memorial Park Saturday morning.

The game was one of the athletic events included in a two-day session of games between teams representing the two schools.

The clubs battled to a two-all draw in the first period and the count was knotted at three apiece after the second stanza. By the 4:20 mark of the third

period, Edson had taken a 5-3 lead, adding their sixth goal later in the period for good measure.

Ron McIvor got the game-winning goal at the 8:18 mark of the third, with Berg again credited with the assist. At 9:30 an unassisted effort by Leo Koebel made it 5-3. Gerald Ford, assisted by Irv Marshall, completed the scoring at 19:52.

Referee Walter Kortman and Richard Gorecki handed out three penalties, all of them to Edson during the game. Bob Smilnich drew two of the minor sentences and Leo Koebel the third.

Jasper: Fred Plummer (goal), Jasper: Ron Hilworth, Allen McQueen, Norman Seade, Gerald Kitchin.

Edson: Linton Kulak, Wayne Kiefer, Gordon Winters, Gerry Krustadt, Edson: Tiger Goldschmidt (goal), Leo Koebel, Peter Chalk, Don Butts, Don MacMillan, Irv Marshall, Bob Smilnich, Ron McIvor, Emil Berg, Joe Levin, Glen Dirk, Gerald Ford, Red Brown, Ken Leyden.

Mr. and Mrs. W. Davidge returned last Saturday from an extensive trip to Minnesota, Detroit and Danville, Ont. where they were visiting relatives.

Mr. and Mrs. John Seve of Edmonton were Edson visitors at the home of his parent.

NOVA THEATRE

Organize F.U.A. Local At Peers

A Peers Local of the F.U.A. was organized at Peers on Friday evening last, when Mr. Gen. Manna was elected President; Mr. E. Acorn, Vice-President; Mr. N. Friend, Secretary - Treasurer; Floyd Radcliffe, Garth Hogenson, Mr. Armstrong and Mr. C. Wellman, Directors.

The new local is to be known as No. 567, discussed the food damage and the proposed removal of Peers elevator. Letters were forwarded to the U.G.G. and information was requested from other areas as to what steps had been taken, before making representations to the Government.

It was the feeling of the moving that assistance similar to that given for B.C.'s flooded areas should be available.

An educational show is being arranged for the next meeting which will be held on Wednesday evening, February 24.

SEEN ON THE MAIN DRAG

—Mike Rapp and Bill Derridge saying that a holiday is fine but it is good to be home.

—The Edson Theatre really packing them in to the show "From Here To Eternity."

—A certain someone coming out of the dentist office with one jaw slightly larger than the other.

—Blue Line Taxi business sport-ing two new 55 cars.

—Mrs. Fay Cole deciding a paint jay-walking and taking the long way round.

—Joe Wadley driving up Main Street in his new truck.

—The new local is to be known as No. 567, discussed the food damage and the proposed removal of Peers elevator. Letters were forwarded to the U.G.G. and information was requested from other areas as to what steps had been taken, before making representations to the Government.

White Cane Week To Show Work Of Blind

February 6th to 12th marks the 10th annual White Cane Week in Canada, sponsored by the Canadian Council of the Blind and the Canadian National "utilite for the Blind."

The purpose of White Cane Week is to familiarize the sighted public with the meaning of the White Cane and the problems imposed on its bearer as a result of blindness. During this week, each year, an effort is made by these two organizations for and of the blind, to create within each area awareness of the many ways in which he can assist his blind neighbor to live a full and useful life.

Across Canada today, many hundreds of blind people are employed, and are self-supporting, independent, and contributory members of their community. They work in factories, packing plants, crackeries, bakeries, cigarette vending stands, and other commercial establishments. They work as piano tuners, musicians, switchboard operators, dictaphone stenographers and salesmen. Many blind persons are in professional fields, such as the clergy, lawyers, welfare workers, university instructors and consultants in other professional fields.

These accomplishments on the part of the blind people of Canada have been made possible through the confidence and understanding which they have received from their sighted associates.

Through the theme of White Cane Week this year, "Put the Accent on Ability, not Disability," it is hoped to make many more Canadians aware, and confident, of the capabilities of their blind fellow citizens. White Cane Week can only be a success if you will

Spreens Flat Only six weeks more of winter says Mr. Groundhog, which pleases us greatly. We're not complaining, about this lovely spring weather, though.

The needless epidemic has practically run its course in this district, and school attendance should improve now.

This month's meeting of the Ladies Club was held at the home of Mrs. Ed. Petty. Next month's meeting will be at the home of Mrs. Louise Gardiner, Wednesday, March 2nd.

Don't forget the Valentine Novelly dance at the school, February 12th.

Gertrude Barnhart a 4th year girl in the club is running for carnival queen. Lunch was served time as to how and your blind neighbor can help each other.

Haddock 4H's Behind Queen

The Haddock 4H Clothing Club held a meeting January 27 at Palham school. The dance to be held at Palham School, February 19 was discussed and it was decided to invite the Peers Clothing Club to the next meeting.

Material for laundry bags was cut. Mrs. Barnhart demonstrated how it is to be done. The covers for our book project were given out.

JUNIOR HIGH LEAGUE STILL DOMINATED BY MAPLE LEAFS

Madson's Maple Leafs continued to roll along on their undefeated way in Junior High hockey action in the other Tuesday game. This week winning both their games by wide margins.

Switzer's Canadians moved into a tie for second spot with Edson Motors Spittles. Edson Dairy Tigers, though they won one of their games this week, a 2-0 shut-out over Spittles, remain in the league cellar.

Tommy Mah took over the league scoring race by adding five goals and an assist to his total to bring it up to 24 points.

There were no league games played Saturday due to ice conditions and these two games have been dropped from the schedule; not to be played at any later date.

THURSDAY, JAN. 27
Maple Leafs blasted out a 7-1 win over Canadians to continue their win streak. They led 3-1 after the first period on goals by Tommy Mah, Dieter Fehlborg, and Doug Wells. Dennis Hill netted the only Canadian goal of the game in this period.

Joe Lovin's second period goal gave Leafs a 4-1 lead and in the third Mah scored twice and Lovin once to bring the score to 7-1.

In the second Thursday game, Tigers racked up a 3-0 shut-out over the Spittles as Mel Ralys scored a pair of goals and Dick Christie one.

TUESDAY, FEB. 1
Canadians hosted Spittles 7-4 in one Tuesday game. The score was tied at the end of the first period and Canadians led 3-0 at the end of the second. Canadians added four goals in the third to win by the Spittles to take the two. Dave McEwen scored three for Canadians. Ben McEwen a pair and Bob Leyden and Blaine McLeod one each. Mike Greany scored three for the Spittles and

Mr. and Mrs. Ed Ford accompanied by their daughter and son-in-law, Mr. and Mrs. Elmer Bjornstad and family of Merced, returned to Lindberg where Mr. Bjornstad will be employed.

SPORT-TALK

With CLIFF BRANCHFLOWER

Things on the sporting scene will be busy this weekend, to say the least, with both curling and hockey in large doses for their respective addicts.

On the hockey front there will be a three-game High School tournament this Saturday and Sunday. Saturday afternoon at 3:00 Bransburg and Concordia teams meet in the first game and at 5:00 Edson and Shony Plains will square off. Final game is set for 7:00 Sunday afternoon.

With the amateur club, Athletics will visit Leduc for a two-game series with Leduc Oilers Saturday evening and Sunday afternoon. Included in the arrangements is a return visit here by the Leduc club at an early date.

The annual Edson Bonspiel got underway Wednesday night and will be running around the clock all this weekend. Thirty-one rinks have entered the four-day 'spiel, slightly below the number entered in last year's version of the big 'spiel.

EDSON HIGH GIRL CAGERS NOTCH WIN OVER JASPER

The Edson High School girls basketball squad pounded out a glister to the occasion.

By the end of the third quarter the Edson lead had swelled to 20 to 15, with Edson outscoring Jasper 10-4 in the final quarter to stretch their victory margin to 45 to 25.

Jasper: Ben Baxter, Jean Cantwell, Bev Whitten, B. Robinson, Jean Robinson, R. Hudson, T. Bonner, L. Johnson.

Edson: Helen Stakich, Bev Nygaard, Marilyn Hill, Mary Kunkin, Anita Rodemann, Mickey Leonard, Jean Mah, Eve Colclough.

Referee: Lynn Korman and Terry Chalkin.

Mrs. Mary Campbell, an Edson old time maid and now residing in St. Joseph's Hospital, Edmonton, and a belle to all her old friends in Edson.

Mr. Derrison of Carrot Farms was visiting a friend, Mrs. Bull, a room mate of Mrs. Campbell, and in the course of conversation around that Mrs. Campbell was from Edson and knew most of the Edson Leader staff.

Athletics Take CNRA Rovers

Edson Athletics added another pair of wins — their season's record and the CNRA Rovers gained the growing list of clubs to go under before their concentrated attack as they swept both ends of a two-game series, taking a 3-0 win Saturday night and chalking up a 3-4 win Sunday afternoon.

Warm weather at the weekend produced soft ice in the arena which slowed the pace the Athletics have been setting in their earlier appearances, but they nonetheless put on a couple of spotless performances for the fast-paced crowds in attendance.

Frank Lovin picked up the most ground in the club's scoring race, five assists and a single goal raising his point total to 13. Nina Chien maintained his lead with three goals and assist to give him 15 points. Joe Berckel equaled Chien's output to move into third spot with 10 points.

SATURDAY, JAN. 29

The rinks were desiccated at one goal space at the end of the first period; Koral, unassisted, having tallied for Rovers at 0:30, with Joe Pavich, on an assist from Reg Gertin, getting the equalizer at 11:30.

Gertin put Rovers in front at 2:35 of the second and less than a minute later Lynn Korman, assisted by Ben Davidson, tied it up. Time of the goal was 3:22. Goals by Chien, from Lovin, at 9:10 and 10:00, from Rasmussen, gave Athletics a 3-0 lead.

Korchak, assisted by Lester, put Rovers back in contention at 15:00. Chien got his second goal of the game, assisted by Lovin, at 15:24 and Lovin again assisted on Berckel's final goal of the period at 18:01.

Goals by Berckel, assisted by Chien, Pavich from Korman, and Marshall, from Korman in the final period raised the Edson total to nine while Koral completed the Rovers scoring with an unassisted effort.

There were only three penalties in the game, three to Athletics and one to Rovers.

SUNDAY, JAN. 30

Rovers took a 2-1 lead in the first period. McLaughery opened the scoring at 15:24 with an unassisted effort. Lovin, assisted by Berckel, tied it up at 11:37. With a short Korchak, assisted by Leporeau, got the second Home goal at 18:30.

Chien, assisted by Lovin, got the tying goal at 8:00 of the second and Joe Pavich, assisted by Bev Marlin, put the goal that gave him a 2-1 lead in the second and the season's scoring at 17:19. Lou Marshall, assisted by Ben Hillman, and Berckel, from Lovin, at 2:30 and 7:08, earned Edson a 3-0 lead. The Home's biggest lead

HAVING GOOD SEASON

The intent look on the face of Sandy Trow, who guards the nets of Edson's center Athletics, given an indication of the concentration he has put into keeping his team's nets free of rubber this winter. Sandy, who has been in the business of post-curling for one or another Edson team for a good many seasons, is having what might be termed as a slightly seasonal season. The Athletics have dropped only one decision in six starts this season, and on a good many occasions it has been Sandy who saved the team when opposing forwards got within what should have been scoring range.

hard to make a game of the affair. Koral scored at 18:14, with Edson men short and Rovers one and McLaughery made it 5-4 at 11:12.

Edson drove six of the seven penalties handed out by referee Walter Korman during the game.

Rovers: Fry (goal), Prussy, Lafontaine, Horne, Weiss, Little, Lister, Ralys, Blumhach, Koral, Korchak, Quilley, Kell, McLaughery, Pavich.

Edson: Trow (goal), Chienhach, Rasmussen, Gertin, MacMillan, Berckel, Edson, Chien, Higgins, Davidson, Korman, Warden, Marshall, Pavich, Tumbach.

No Politics

ON PRIVATE LIFE

"I doubt whether any of the modern democracies abroad have shown such a degree of kindness and generosity to a party politician who has not yet retired and may at any time be involved in controversy."

It is indeed the most striking example I have ever known of that characteristic British Parliamentary principle, cherished in both Lords and Commons — "Don't bring politics into private life."

It is certainly a mark of the underlying unity of our national life which survives our even gross in spite of vehement party warfare and many grave differences of conviction and sentiment.

This unity is, I believe, the child of freedom and fair play; fostered in the cradle of our earliest common institutions, and nurtured by tradition and custom."

They Both...

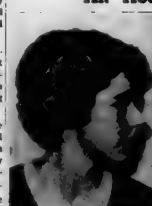

Helen Stakich

Who scored the Edson girls to their win over Jasper with a 15 point output in the scoring department.

Tipson Touring

By Carol Lane
Women's Travel Authority

Bar boredom from your itinerary, and you'll discover car travel with your children can really be child's play. Best way to divert youngsters' interests and keep them amused is by taking along suitable toys for touring.

Aware of the importance of keeping children amused enroute, manufacturers have come up with a whole group of travel toys designed to keep youngsters happily quiet in a limited space. For the tot 3-7 years of age, picture books, blocks, paper and crayons are all

ways welcome diversions. Industrious little girls in this age group will enjoy wooden weaving looms and dolls with travel wardrobes in small suitcases. Sure to be a favorite is a new doctor or nurse kit. Boys of the same age will be delighted with tinny rubber or plastic cars. Either boys or girls will find kaleidoscopes, playing or picture cards and hand puppets an endless source of amusement. Tinker toys, 2-4, love to tiddle and play with small dolls and wooty animals.

Older children from 8 to 12 years of age are easier to keep entertained and retain their interest in a particular toy or game longer than younger fry. Keep their interests up throughout the trip with activity books, coloring books, drawing pads and puzzles. Children of this age are old enough to enjoy automobile and number games which you can make up as you go along.

Remember not to mislead toys which might distract the driver, such as yo-yo's, balloons and balls. Above all, don't forget that a little fun and someone can save the day when travelling with children.

Why are you going to marry that hard-up ledger of yours? What on earth are you going to live on?

"It'll be all right, Mrs. Fyrm. The poor fellow owes me enough to keep us in comfort for years."

EDSON CAGERS ALL SCORE AS JASPER SUCCUMBS 92-56

Everybody got into the act of the high school gym Friday night as the Edson boys' cage squad racked up their biggest point total of the season in humbling Jasper 92-56 before the biggest crowd the game has ever drawn in Edson.

Lawrence Lovellette led his mates in the scoring parade with 30 points, scoring buckets from every angle imaginable. Pete Chalick was next in line with 17, Lerne Yendall and Alex Koryk followed 14 each. Lyall Kertzman 10 and Tiger Goldstick and Jim Stroud four each as every member of the squad got into the scoring limelight.

Jerry Kitchen and Norman Sande led the Jasper scorers with 18 points apiece; with Alex Davich the next biggest scorer with six points.

The first quarter was little more than a mild workout for the Edson lads as they romped to a 25-8 lead. The Jasper crew managed to halt the runaway after a fashion in the second quarter, but even at that the margin increased slightly as Edson led the scoring 35-16 to move the half time score to 35-16.

Both clubs turned on the heat in the third quarter as Edson sharp shooters bagged 25 points to Jasper's 27.

With the score at the start of the final quarter 68-43 and the century mark in sight for Edson, they continued to pour their way through a tiring Jasper team for 34 points in the closing session while Jasper managed 13.

At half time in the game a group of Jasper cheerleaders took to the floor to incite their team to greater efforts. The girls had quite an effect on the audience as they went through their colorful drill, but didn't seem to produce any electrifying effect on the scoring output of their team.

Jasper: Jerry Kitchen, Jerry Truman, Tom Reed, Alex Savish, Norman Sande, Ron Ellworth, Fred Plummer, Wayne Klier.

Edson: Lawrence Lovellette, Lyall Kertzman, Lerne Yendall, Pete Chalick, Alex Koryk, Jim Stroud, Tiger Goldstick.

Referee: George Makinder and Ron Marshall.

Stagecrafters Rehearsing For Plays

The Stagecraft Club of Edson High School has been rehearsing locally ever since Christmas in preparation for the concert they will present on February 18th, in the High School Auditorium.

The club consists of Grade eleven and twelve students, who have made dramatics a special hobby, and are carrying on with their club as an extracurricular group.

Two one-act plays are in rehearsal. "Daddy Goes Literary" and "Satisfied Smith." These will be supplemented by a third play "My Cousin From Sweden," presented by members of the grade ten dramatics class.

Miss Jessie Thrift, who has been associated with stage activities in Edson, has joined Mrs. Irene Nygard of the Edson School Staff, as Associate Director of the group.

For members of this community who may be interested, brief resumes of the plots of the plays to be enacted will be given in next week's issues of your local papers. Please watch for further news at that time.

Former Edson District Man Laid To Rest

The funeral of Willie Lindborg who farmed in the Edson district between 1948 and 1951 and who died in Peace Lake Union Hospital on January 29th was held on January 30, 1965 in Psa. Lake United Church with Reverend H. E. Fennel conducting the service. Mrs. E. W. Johnson was pianist and the pallbearers were K. Kirk, E. Olson, P. Seidlak, A. Kirk, M. Dublanes and H. Patrick.

Burial was made in Peace Lake Cemetery.

Mr. Lindborg was born in Minnesota, U.S.A. in 1880 and came north to the Gravel area north of Melfort, Sask. in 1913 before the railway was built into the district. In 1915 he married Miss Hilma Lundborg, also of Minnesota. He farmed until 1930 and then moved to the hamlet of Gravel.

A first grade teacher read her pupils some nursery rhymes. To find if they had paid attention, she asked them questions about the rhymes.

"Why did the cow jump over the moon?" she inquired.

"Little Johnny spoke up. 'Maybe the milkmaid had cold fingers'."

taking up lead in the Edson district.

In 1951 the "north" called and he moved to "Sunset House" in the Peace River area, settling south of High Prairie where his son, Virgil operates a farm and oil delivery business.

He is survived by his widow, one son Virgil, Sunset House, Alberta; two daughters, Mrs. E. (Lily) Hanson of Vancouver, Mrs. I. Kirk (Verna) at Rankin, Sask. There are four grand-daughters.

He is also survived by two brothers and a sister in the United States.

He spent the last two months at the home of Mr. and Mrs. I. Kirk following a major operation last October.

Just as it did in days of yore, Just as it did on the other side, Just as it will be forevermore.

Edna, Tom, Gordon and Joyce

IN MEMORIAM

In loving memory of Mr. W. (Bill) Ingles, who passed away on January 27th, 1965.

Shall claim of death cause us to grieve

And make our courage faint and fall?

Scattering fragrance far and wide Just as it did in days of yore, Just as it did on the other side, Just as it will be forevermore.

Fourth Annual Poster Contest

Open to Grades 7, 8, and 9 in the Edson and Edson District Schools, with a new prize open this year to Edson Grade 10-11-12 students.

PRIZES — 1st - \$5.00; 2nd - \$3.00; 3rd - \$2.00; with separate prizes for the country schools.

SIZE — Minimum size of poster, 20" x 26". Poster should be on light cardboard. Bristol board may be ordered from the Edson Theatre at 10c a sheet. Please send a complete order for each classroom or school.

CLOSING — Date of Contest. Posters may be received at the Edson Theatre no later than Thursday, February 24th, 1965. Winning posters will be on display at Graff's Variety Store, through the co-operation of Mr. G. Graff.

NOTE — Check your entry carefully for correct cast, picture title and play dates. Photos from magazines may be used for illustrations. Please print your name, school and grade on back of poster.

CONTEST PICTURES — Your poster must be on one of the following pictures:

"BASKATCHEWAN" in Technicolor (filmed at Bant) starring Alan Ladd, Shelley Winters. Thursday, Friday and Saturday, March 3-4-5.

"MAN WITH A RIFLE" in Technicolor starring Gregory Peck, Jane Griffiths. Friday and Saturday, March 11-12.

"QUO VADIS" Technicolor. REGULAR ADMISSION PRICES. Starring Robert Taylor, Deborah Kerr, Peter Ustinov. Monday, Tuesday, and Wednesday, March 14-15-16. Show times for this engagement only 6:15 p.m. and 9:15 p.m.

"KNOCK ON WOOD" in Technicolor starring Danny Kaye, Mai Zetterling. Friday and Saturday, March 18-19.

"APACHE" in Technicolor starring Burt Lancaster, Jean Peters. Thursday, Friday and Saturday, March 31 - April 1-3.

Is Alberta Moving Toward Socialized Medicine?

By DONALD P. SMITH

Edmonton — Is Alberta moving into socialized medicine?

That, according to some reports, is the question many medical men in the province are asking as increasing indications are that the provincial government plans to extend its health program at the legislative session opening, February 17.

Published reports, apparently leaked by medical officials, call the plan a health insurance scheme and indicate it would be linked with Medical Services Incorporated, which was formed by the medical men of the province a few years ago. The details of the scheme, if it is to be forthcoming, however, probably will not be known until the legislation is introduced in the house.

According to available information, the province would pay one-third of the costs. This, of course, brings up the question "who pays the remainder?"

Will it work in a similar manner to the present hospitalization and extra services plan in which the municipalities participate and the taxpayer feels it through his taxes? To what extent will it touch the pocketbooks of the citizens? Will it be compulsory or will it be compulsory only to rate-payers and optional to non-rate-payers as are the current schemes?

When health insurance schemes are discussed, thoughts of most people turn to British Columbia, where considerable controversy and difficulty arose over the institution of compulsory health insurance there. One of the results was the imposing of a five percent provincial sales tax on goods at the retail level.

It seems hardly likely the Alberta government would draw up a health scheme which would require imposing a sales tax, for if a scheme could not be financed from the already-large revenues the government is getting it probably would not be a very sound scheme.

The present schemes operate on a 50-50 basis between the province and the municipalities which adopt the plan on behalf of their ratepayers. The municipalities raise their share through taxation. Persons who do not pay municipal taxes are eligible on payment of stipulated annual rates.

The schemes give hospitalization in standard wards at a charge of \$1 a day to the patient and extra service, barring some drugs, at an additional \$1 a day.

In submission to the provincial cabinet recently, the Associated Hospitals of Alberta, representing the province's 93 general hospitals, asked for the

establishment of a commission to study all government hospitalization schemes with a view to simplification. It said:

"The acceptance of the extra services plan has been disappointing. The study by the association indicates only 23.15 percent of the total hospital days in the province come under the plan."

The group indicated it would favor one plan, which would embrace the two schemes.

The hospitals also complained the rates accepted by the government as standard ward rates for the payment of the provincial share of the hospitalization scheme were not realistic and should be increased to meet actual costs. They want an all-inclusive rate for where should strive for liberty. If ward and extra services and feel a chance to pursue hospitalization in case where they are not really necessary.

The human race cannot go forward without liberty. If this be increased to meet actual costs, then all people everywhere should strive for liberty. If ward and extra services and feel a chance to pursue hospitalization in case where they are not really necessary.

The association's printed brief made no mention of a possible health insurance scheme, although possibly the group's efforts had refrained from mention it in print.

Probably any health scheme to be introduced will require some direct financial outlay by citizens wishing to participate. The absolutely free, fully-socialized plan, officials have said in the past, lead to care, treatment or hospitalization in cases where they are not really necessary.

The human race cannot go forward without liberty. If this be increased to meet actual costs, then all people everywhere should strive for liberty. If ward and extra services and feel a chance to pursue hospitalization in case where they are not really necessary.

19th Dragons Expect Recruiting Team Out Soon

As announced earlier, plans for formation of "B" Squadron, 19th (Alberta) Dragons, (Armored Car Regiment) at Edson is progressing favorably.

The recruiting and documentation team should be in Edson prior to February 19th and will have quarters set up in the Canadian Legion Hall.

All interested parties are requested to make contact with this team either during the day or evening.

Officers and N.C.O.'s have yet to be officially posted to "B" Squadron, as all those with previous service and experience are requested to offer their services and assist in training future personnel.

All members of an Armored Car Squadron are required to be specialists and the Squadron is assured the most modern equipment for training purposes.

Constant attendance is required at parades and a current training allowance will be announced as soon as squadron formation is completed.

Mrs. Chris Hugot and Messrs. Cliff Canada and Bill Kuyke motored to Jasper on Sunday.

Letter To The Editor

A SIXTY-FOUR DOLLAR QUESTION

What has happened to our spirit of co-operation? We all know there is very little for the teen age lad after his usual school activities but we do have in our town a fairly active Army Cadet Corps.

Last fall the lads joined in such numbers that their commanding officer asked for an assistant to enable him to carry on more advanced training with the older cadets. The Legion sponsors the Cadets here so a meeting was held

with the Legion executive; two of them from Cadet headquarters, Western Command were present to outline what was needed.

Three veterans of the 2nd War promised to assist in any way they could. Now the Cadets commanding officer has been ill since December and away in hospital since early January, where are those helping hands?

Monday night has long been their regular parade night at the Hall; yet instead of helping these lads to "carry on" and do their best in their leaders absence, their best was cancelled for a Week and Bridge. Is that co-operation for our boys?

By MERRY

I wonder if there could not be a law passed to give parents of high school age children some relief and protection against homework they insist their parents should help them with?

It was too much of an effort when my oldest got me concerned on Grade Nine questions. It was a step in my pride to offensively apply some theorem in elementary geometry. I was even able to stagger through a little trigonometry and I believe that I did a fair job on literature even into Grade 12.

But of late years, I had become a sort of educational fugitive in my own home. To assume admitting my ignorance, I at first pleaded to being "too tired." But I could not use this excuse indefinitely. Even this idea knew that it was a mathematical impossibility for their father to be tired 24 1/2 days a year and 24 1/2 days on a Leap Year.

Then I shyly resorted to another kind of subterfuge. When the children were gathered around

Burg Rockets Post Victory Over Edson

The Evansburg Rockets scored a 5-1 win over the Edson High School squad in a game at Evansburg Wednesday night.

Bruce scored the lone goal in the first period for Evansburg, with three minutes left to play. Dye getting an assist on the goal. Rockets led 4-0 at the end of the second period, on goals by Bruce, Kucharuk and Bruce, assisted by Eliah.

The teams traded goals in the final stanza, Douglas getting the fifth Rocket goal and Kilpatrick, overtaking a shutout with an unassisted effort.

Edson: Goreski (goal), MacMillan, Koebel, Marshall, Kilpatrick, Smilnich, McNeven, Berg, Lewis, Chalich, Kladiak, Ford, Brown.

Evansburg: Lee (goal), Eliah, Wolf, McGowan, Bruce, Kucharuk, Duris, Dye, Young, Dolgikh, Anderson.

CYO To Take Variety Show To Coal Valley

This Sunday the Edson Catholic Youth Organization will present the variety show which planned a large Edson audience last Wednesday, in the Coal Valley Community Hall.

The success of the show at Edson has encouraged the troupe to take the show out of town and other engagements will be made if they can be arranged.

CARD OF THANKS

We wish to express our sincere thanks to everyone for the many kindnesses shown in our sad bereavement. Also our sincere thanks to the Sisters of St. Joseph's Hospital, Dr. Bagg, Mr. Jay and the telephone operators.

STANDINGS UNCHANGED IN ELEMENTARY SCHOOL LEAGUE

Standings in the Elementary School hockey league remained about the same following this week's contests of games.
Still firmly entrenched in first place are the Red Wings, who were both their games, to increase their points to 27. The Flyers remain in second spot with thirteen points. Universal Jets picked up ground by winning both their games to give them nine points while the Rockets remain in the cellar, failing to win a game this week.

SATURDAY, JAN. 29

Only one game was played Saturday due to the ice being used by the High School team in their game with Jasper. In the sole encounter played the Flyers bested Rockets 5-1.

Gary Davidge scored two goals for the Flyers; Gary McNeven, the third. John Ferenc accounted for the lone Rocket marker.

MONDAY, JAN. 31

Universal Jets defeated Flyers 5-1 in the first game; Bobby McLeod scored three for Jets and Ken Astonska a pair. For Flyers Gary Davidge scored twice and Gary McNeven once.

The Red Wings whipped Rockets 12-5 in the other game as David Asher bolstered his points total with 11 of the Wings' goals. Dick Kullboer was the other Wing marksman. Johnny Ferenc got all three Rocket goals.

WEDNESDAY, FEB. 2

Universal Jets won their second game in a row as they bested Rockets 10-3. Ken Astonska and Bobby McLeod shared 10th scoring honors with five goals apiece while Johnny Ferenc and George Stevenson scored for the Rockets.

In the second Wednesday game the Red Wings bested Flyers 6-1. Andy Kalyk scored twice, David Asher and David Astonska one apiece. For the Flyers Gary McNeven was the lone scorer.

Edson Billiards Trophy Race

Complete standings in the Edson Billiards trophy race for the Edson Billiards trophy is as follows:

Going to the office with Brown every morning, Smith noticed that he raised his hat to Dr. Hiss, the family doctor whom they met on rounds.

"Why do you raise your hat?" asked Smith.

"Because my wife always does what he tells her," replied Brown.

"They also keep his feet warm," muttered an onlooker.

"The clergyman appeared in the dairy office. 'Regarding the milk you deliver to me—' he began.

The manager flinched and said meekly: 'Yes, sir.'

"Well," concluded the clergyman, "I just wanted to say I use the milk for drinking, not christening."

Field Rink Wins Grand Challenge In Edson 'Spiel'

For the second year in a row Carson Field's rink captured the Edson Motor Trophy in the Grand Challenge event of the Edson Men's bonspiel beating out the Shaver rink, also of Edson, 12-4 in the final game of the competition.

In the Edson Hardware competition, the second primary event of the bonspiel, the Templeton rink of Mercoal, last year's Grand Challenge finalists, downed the Neuman foursome from Entwistle 17-6 in the final.

The Tip-Top event, secondary to the Edson Hardware, was by Gids Field's rink, another Edson entry. They downed Win Johansen's rink in the final game. In the Merchant's event, secondary to the Grand Challenge, Earl Ronneseth's rink beat out Joe Kuty's youthful entry in the final game.

The Veterans' event was won by Gaddy of Jasper, who ousted the Templeton rink of Mercoal in the final. The Citizens' event was captured by the Zucht rink, who knocked out Ed Hunter's foursome in the final game of the 'spiel.

Thirty-five rinks, twenty-five from Edson and ten from outside points, participated in the 'spiel, which got underway with two draws Wednesday evening and lasted through Thursday night and all day Friday, Saturday and Sunday to 2:30 a.m. Monday.

Throughout the 'spiel was marked by a large number of one-sided games, close battles which had to be settled by the ships throwing a rock apiece to break a tie. One of the latter cases was in the final of the Citizens' event when Sam Zucht drew into the back of the house to break a 10-11 deadlock with the Hunter rink with the final twenty-thrown stone of the 'spiel.

GRAND CHALLENGE
Four Edson and four outside rinks made it to the rights of the Grand Challenge event. In the games to decide the semi-finalists the Field rink ousted Templeton, 10-7. To beat Mr. Ronneseth the Legionnaires elected Gilbert Durrer, first vice-president; Walker McIntyre, second vice-president; Jim Cole, secretary-treasurer; with Earl Falick, Royden Mahon, Jack Pattinson, Harold Gold, Cliff Wiley and George Brown Jr., as executive members. Ed Ford was elected sergeant-at-arms.

Among the prizes introduced at the annual meeting was one by CME Wiley concerning the financial condition of the rink. It was a small one, but it was a prize.

Cont. on Page 2

Classy City Puck Squad Coming Here

Edson Athletics will play host this weekend to Borne and Durrer Commandos, currently the hottest club in the Edmonton and District Intermediate League.

The Commandos are the only club in the league to have a win over this year's Verity Golden Bears and are just one point behind the Bears and Cloverdale, tied for first place in the league.

Fans looking for a yardstick with which to measure the possible calibre of the city club will be interested to note that they have been having a picnic all season with Mercoal, a club the Sherbrook Arrows found difficult to cope with.

This weekend's series means as a real test for the Athletics, who have been having a great season and hope to gain recognition as a power to be reckoned with in provincial intermediate circles.

The Edson Arena is the place to be Saturday night at 8:30 and again Sunday afternoon at 2:30.

Former Mayor Elected School Division Trustee

Mr. W. H. Kankowitz, a former Mayor of Edson, and local businessman was elected to fill the vacancy as trustee of Sub-division No. 6, Edson, on the board of Edson School Division No. 12, last week.

The present chairman of the board, Mr. A. C. Gough, of Brantburg, was re-elected by acclamation for Sub-division No. 1 of Brantburg.

At the annual meetings held throughout the school division during the past week the financial affairs of the division have been thoroughly aired before the ratepayers present. The meetings at Brantburg and Wilfrid were the most heavily attended.

It is from these sub-divisions that the proceeds concerning the heavy building program have come and for which purpose a plebiscite has been made necessary on March 3.

Blood Clinic Coming To Edson

The local branch of the Canadian Red Cross Society announces that there will be a blood clinic in the United Church basement, on Monday and Tuesday, March 7 and 8.

On Monday the clinic will operate from 7 to 9 in the evening, while there will be both an afternoon session as well as an evening clinic on Tuesday.

Due to this district's large industrial type of population we have hit the resources of the community.

Leading Vote

LENN RAEH

Who, with two weeks to go until the final vote are counted, has a tremendous lead over his three competitors in the run for the title of "Queen of Klondike" of '35.

Leigh's total following Wednesday's count of the votes was 444,300, almost three times as much as the runner-up, Evelyn Talbot, who earned a total of 154,700 votes in the first week of the campaign.

Final blood bank in the city quite heavily for accident as well as meeting the general need for blood in sickness.

The local Red Cross therefore urges every one who is able to contribute their blood to this humanitarian service to do so.

THEY'VE GONE AND DONE IT AGAIN!!!

The four cigar-smoking curlers above were wearing broad grins after they won the Grand Challenge event in the Edson bonspiel last year; but they couldn't hold a candle to the expressions of delight on the faces of themselves and their supporters at the local curling rink Sunday evening following their capture of the Edson Motor Trophy for the second time in a row. The four fellows who've done for the second time what any curler would give an eye tooth to do last time are: left to right: Bert Smith, lead; George Somborsh, second; Jack Weywitt, third, and Carson Field, who shipped the rink through the bonspiel.

Edson Wins Two Week-End Games Over Leduc Oilers

Edson Athletics carved a pair of notches on the handles of their hockey clubs last weekend as they handed Leduc Oilers 5-4 and 6-4 shutouts on Leduc ice during

their first two-game road trip of the season.

The wins moved the Athletics' victory share to four straight, giving them a total of six wins and a tie in eight games this season.

The series was a rough one, as indicated by the number of cuts and ugly bruises brought home by team members. One of the few players not marked up was goaltender Sandy Tran, who again did a tremendous job in the Edson nets as he held the Oilers at bay in his eighth.

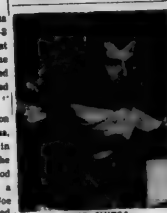

Miss Chiswick collected five of the 14 goals the Edson squad netted in the two games. Stan Davidge coached them. Lyle Kortman and Frank Lewin two each and Walter Higgins and Reg Gervin got singles.

SATURDAY, FEB. 5
Athletics stunned the painted house of rival Leduc fans by opening three goals in the opening minutes before the Oilers could get organized and find the way to the net.

Frank Lewin sank the opening pair of goals, assisted on the first by Chiswick and the second by Reg Gervin. Stan Davidge, assisted by Ramon, made it 3-0 before Kropp of the Oilers put his club back in the game with a pair of goals late in the period.

Wideman got the equalizer for

and Johnson for the Oilers. Local fans may get a chance to see the Leduc club in action at the local arena if plans for a return visit February 19 and 20 materialize.

STAN DAVIDGE

STAN DAVIDGE

The pair above were the big goal-getters in Athletics' two-game series of Leduc. Chiswick, the club's top scorer, added five goals to his total while Stan Davidge, beginning to his big stride in the scoring department, was next in line with three markers.

Edson High Puck Squad Downs Mercoal

In a game played at Edson Arena on Wednesday evening the Edson High School hockey club downed Mercoal High School 6-3.

Gerald Ford, Joe Lovin and Pete Chalk scored for Edson in the first period to give them a 3-0 lead. Red Brown assisted on Lovin's goal and Don MacKillop on Chalk's marker.

Edson led 5-0 at the end of the second period on goals by Ron McIverson, unassisted, and by Lyle Kortman, assisted by Joe Lovin.

In the third period Irv Marshall added a goal for Edson, with MacKillop firing a pair for the visitors.

Edson: Gervin (goal), MacKillop, Marshall, Kilpatrick, Smith, McIverson, Bert, Lovin, Kortman, Brown, Chalk, Ditt, Ford.

Mercoal: Armstrong (goal), Bates, Simmonds, Reoch, Paskevich, W. Baker, Lail, Marwick, Onger, Koller, R. Simmonds, Gotsch.

NO CHANGE IN ELEMENTARY LEAGUE STANDINGS THIS WEEK

This week's quota of games in the Edson Elementary School Hockey League produced no change in the standings as the front-running Red Wings increased their lead to six points over the second place Flyers by winning all three of their games.

Saturday, February 5
Gary Davidge scored all four goals as the Flyers downed Rockets 4-1. Johnny Furono was the lone Rocket scorer.

In the other game played Saturday morning Red Wings downed Universal Jets 4-0 on four goals by the league's leading scorer, David Anker.

Sunday, February 7
The Red Wings downed Rockets 4-4 on four goals by David Anker, and two each by David Antonenko and Andy Kulyk. Johnny Furono scored three for Rockets with George Stevenson getting the other.

The Flyers took a 3-3 win over Universal Jets in the second game of the day. Gary Davidge sank four goals for the Flyers with Bruce Mahon getting the other.

For the Jets Ken Antonenko scored twice and Bobby McLeod once.

Wednesday, February 9
Red Wings downed Flyers 8-0 to increase their first-place margin. Anker scored three for the winners. Andy Kulyk and David Anker.

Letter To The Editor

MORE ABOUT THE
544 QUESTION

Dear Sir:

I noticed in your last week's edition a letter in which a member complains about the lack of instructors for the Edson Cadets. It is true that three gentlemen offered to help the commanding officer, but they never showed up, and Sergeant Crooks of Edmonston has to come and look after the Cadets.

Now, let's look at the other side of the story. There are about 35 cadets on the roll; out of these 30 cadets only about 15 or 20 boys turn up for training purposes.

Mr. R. Kendall has eleven trumpeters and four drummers on the roll. Of these about three to five

show up for practice. The rest of them have to baby sit, play hockey, curl or go to the show.

Mr. Kendall is expected to get the band in shape for the Carnival, but it is a very difficult job to do if the boys don't come out to practice.

So, instead of complaining, let's get behind the boys and instructors and try to see that the cadets come to practice and training sessions when they are asked to do so. This kind of training not only keeps the boys off the streets, but it also gives them a chance to learn something useful; and gets their bodies in strong and healthy condition.

If the boys don't show up more regularly, according to Army regulations the Edson Cadet Corps will be closed down for lack of interest, a disgraceful thing for the people of Edson.

An interested Father

Rink Scores Eight-ender

The first eight-ender in the history of the Edsonville Curling Club was registered by the David Daniel rink of Edsonville Monday night against the Ronald Robinson rink, also of Edsonville. He had Charles Daniel playing lead, Bill Campbell of Edsonville playing second and veterans Glen Campbell of Edsonville playing third. The big end was the third and David ran up a 19-0 score before Robinson got a four ender in the sixth Daniel eventually won 22-10 in the biggest score of the bonspiel.

The game was in the fourth of the Edsonville Merchants event. Due to a heavy entry of 36 rinks this year, this event has not yet been concluded.

Carriers, who came from Edmonston to Edson, were forced to curl on very heavy ice Saturday and Sunday as temperatures soared to the forties.

The Wild risk from Spruce Grove won the Grand Challenge of Edsonville. Wild had previously disposed of Robert of Edsonville while Seabrook defeated Ames of Darwell. The Ames rink had not quite a pace by being the last undefeated rink to fall.

In the Hayes event, the Ames rink lost out in the fourth to Layden while Hanson of Edsonville defeated the Pillars rink from Edson. Hanson went on to win the coveted Hayes trophy.

The last event—the Edsonville Merchants—was won by Art Horne's quartet when they defeated Spruce Grove's McNeil rink after winning out over Hanson from Edson. McNeil had previously defeated Robinson and Layden.

The final games were played on very good ice as the weathermen gave the curlers a break.

LEAFS CONTINUE IN TOP SPOT AS JR. HIGH PLAYOFFS NEAR

With only two games remaining in the schedule, Madson's Maple Leafs have clinched a berth in the final playoffs of the Edson Junior High Hockey League.

Leafs held a 10-point lead over second place Edson Motors Spitzers, who commence a best-of-three semi-final series with third place Spitzers' Canadians on Thursday. Winner of this series will meet Leafs in a best-of-three final to decide the league championship.

In this week's action Leafs best Canadians 5-1 in one of Thursday night's games, with Spitzers taking a 2-1 decision over the Edson Dury Tigers in the other.

On Saturday Leafs and Spitzers battled to a one-all tie and Canadians took a narrow 5-4 win over Tigers in the other game of the day.

On Tuesday night Spitzers and while Leafs handed Tigers an 8-3 Canadians fought to a two-all tie.

Burg Carnival March - Fourth

At the present time there are four candidates competing for the "queen" title.

They are Allen Neunpue, representing the north van student; Merna McQuinn, Junior High student at Edsonburg; Carol Knutson, west van student; and Shirley Wright, recently crowned "Teen Queen" will compete for "Teen Town." It is expected that Edsonville will also enter a queen candidate.

Plans for the carnival, sponsored by the Edsonburg Community League, are continuing satisfactorily.

Theatre Poster Contest Winner

Shown above is a reproduction of the prize winning poster by Mary Zukowski of Northville, a grade 9 student who took first prize for the second year.

This year there will be a new prize for the grade 10, 11 and 12 students, as well as for the students in grades 7, 8, and 9, as in former years.

There are prizes of \$5, \$3, and \$2 and special prizes for country schools. Minimum size of the poster has to be 20x30 inches and should be on light card board which may be picked up at the Edson Theatre.

Council Faces Short Agenda For a Change

The regular meeting of the Edson Town Council faced up to a comparatively short agenda on Tuesday evening, February 9, which has become a rare occurrence since Edson became the least point of so much activity.

Present were Mayor Burleigh and Councillors Korman, Mahon, McIntyre, Nigro, Switzer and Tucker.

Block 119, A letter from Mayor W. Onda and W. Kinn applying for purchase of block 317, and setting out proposals to erect service station etc. was read. It was moved that Messrs Onda and Kinn be advised that the application cannot be considered until the terms development plans have been completed.

Transfer: It was moved that transfer of lot 18, block 118, to Mr. Stanley Luckhoo, on the substantial completion of his house, be authorized.

It was moved that transfer of lot 17, block 18, to Mr. Mahon

Cresman, on the substantial completion of his house be authorized. Plans changed: It was moved that approval of Council be granted to alteration of plans to Mr. J. Fedynak on his proposal to move house on to lot 13, block 48, building permit for proposed modifications to building on north side of block 134, be approved and that approval of Council be granted to issuance of license to the Sunset Trailer Court for operation of trailer camp.

Alteration: It was moved that building permit be approved covering proposed modifications to Dietrich Hill building on lots 11 and 12, block 8.

Leave: It was moved that leave and option to lot 11, block 33, be granted to Mr. W. Grigot on the payment of the sum of \$100.00, on basis \$50.00 land sale and \$50.00 toward cost of servicing and that building permit be issued for proposed house in this site be approved.

Sometimes it is better to remain silent and be thought dumb, than to speak and remove all doubt.

Concordia Clippers Win Edson High School Hockey Tourney

The Concordia College Clippers downed Edsonburg Rockets 10-3 in a see-saw battle all the way. Stony Plain led 3-2 at the end of the first period, with Edsonburg forging ahead to take a 5-4 lead by the end of the second. The Clippers fought back hard in the third but the host they could manage was to equal the Edson production of three goals and stay just one goal behind.

The Edson squad edged out a close 6-7 win over Stony Plain Memorial Broncos, winners of last year's tournament, in the other game of the first round.

The first two periods of the opening game of the tournament between Concordia and Edsonburg, starting Saturday afternoon at 2:00, were fairly even, with the first ending in a one-all tie and the second with the Clippers out in front 4-2.

In the final stanza the Clippers turned the game into a rout for the undermanned Burg club, rapping in six goals, two of them coming while Edsonburg had a man advantage.

Dennis Johanson scored five of the Concordia markers, with Trevisper getting three and Dietrich, Miller and Stanford one each. Edson markers were Emil Herr and Gerald Ford.

Mr. Dale Clark left this week for his job north of Dawson Creek with a seismograph crew.

Ask about P.S.P. The Bank of Nova Scotia has two special savings plans. If you are between 6 and 46 you'll want to know about P.S.P.—Personal Security Program—a plan which insures your savings goal!

Your BNS Manager is a good man to know. In Edson he is R. B. Williamson.

McGregor was a bit startled when he met an old acquaintance. "What's the idea," he asked, "of a band of mourning on your left leg, Jack?"

"My mother has passed away," replied Jack. McGregor persisted. "But why on your leg instead of your sleeve?"

"She was me stepmother."

Her: "Can she keep a secret?" Him: "Sure, we were engaged three months before I knew it."

SPORT-TALK

With CLIFF BRANCHFLOWER

With the dust of last week's basketball still settling, the ladies of the Edson curling club are busy getting things lined up for their 'spiel', which gets started Friday evening, with an entry of eighteen risks.

Three risks from Foothills are entered in the 'spiel', those being skipped by Mrs. Ed Olympe, Mrs. Belrose and Mrs. Romanio. In addition there are two Keweenaw foursomes, skipped by Mrs. Harlow and Mrs. Robinson.

These visiting risks, along with a record entry of Edson risks, will be in the running for prizes in five events: the Grand Challenge, H. H. Cooper, Malkins, Ciums and Visitors.

And also prizes they are too, for the ladies have stepped out and got themselves a bunch of prizes that put the majority of prizes in the men's 'spiel' to shame.

Karl Rasmussen's Legion risk had themselves a trip to Edmonton between games in the Edson 'spiel' to come back with the District Legion curling title. The risk, made up of Bill Switzer, Charlie Marshall and Jim Cole, will take part in the Provincial Legion 'spiel' in Wetaskiwin next Sunday, Monday and Tuesday.

This week we're beginning a new type of feature in this column. Each week we hope to bring you a picture and a brief outline of the athletic activities of some Edson personality.

PETER CHALICK

Starting off our series is Pete Chalick, a young man well known for his efforts in more than one sport. He's one of the top point producers on Duane Stockwell's High School basketball squad.

Pete, a grade ten student at Ed-

son High, is one of the stalwarts of the school hockey team and in the hockey line has played several games with the senior Athletes.

High single in the Commercial bowling league this week went to A. Weimer, with a 271 line. Pat Donnelly rolled a 600 triple to lead in line department. Alley Opps picked up high team single of 1007 while Beavers were high team for the night with 5088. The Beavers finished the third quarter of the schedule on top of the heap.

In the Ladies' Afternoon league Edna Castle bowled high single of 203, and Mary McKeever had the high triple of 517. High team single and triple went to the 7up and Bolton crew, with 1043 and 3061.

The Quiet Man

THE EDSON LEADER

Scratchpad

By HENRY

By now anyone who takes time to read this alleged column, has probably deduced that I have my own mind.

Well, I have. And the more years that are added to my belt, the more I realize that I have a little more tolerance in my disposition.

These younger folks are going to say that I have a right to my likes and dislikes, being as we're living in a democracy. I call it getting old.

So that as it may (Mr. Henry, it was not at home) I happened to overtake a group (no sex mentioned) carrying on a discussion. If it had not been for the word "they" I am positive that this conversation could not have been carried on beyond a swift short hello to one another.

What I want to know is who or what is "they?"

It is impossible to get a specific answer from anyone as to whom this four lettered pronoun applies. Ask someone. Just try and get an answer. Just try what happens? Huh! A look of varied inference comes into the user's eyes. He or she can't answer the question.

The thing is that the question must continue to get intelligent, knowing all the time that you (the questioner), question who or they? know very well the question can't be answered, knowing at the same time that those questioned know the answer can't be answered.

What a wealth of intelligence is attributed to "they." What beautiful scenery "they" enjoy! From behind this hastily created curtain, comes such indisputable mental games as "they" say that there is going to be no all. "They" say a discussion is coming. "They" say there is going to be a war. "They" say. "They" say.

Consider for a moment what would happen to a vast number of conversations if by some hocuspocus we could eliminate this all-embracing word. Certainly not very much notice would come of most discussions. There just would not be any discussion.

What would happen to our two parties? What would happen to our hocuspocus? What would happen to the minute conversation on the street? We'd probably wind up tongue tied. Horrible thought.

What a marvelous springboard, imagine the vast output of words which are introduced by "they."

Oh "They," what omnipresence is in the name! What omnipresence must there be! How glad they must be! What about it, friend, who is (are) "they?"

Mr. W. F. Ingles Buried In Edson

Mr. William Franklin Ingles of Peora, Alberta passed away at the age of 70 years on January 30, 1965.

There are no known relatives. Funeral services were held on Thursday, February 4, at 2:00 p.m. at the United Church in Edson. The Rev. W. D. Ross officiated and interment was made in Glenwood Cemetery.

Miller and Joe Long. Pallbearers were Ken Walsh, C. White, Ed Bonser, H. Lindgren, J. Floral tributes were received from: John H. Boley, Charlie and Marie, Margie and Wade; The Silks; Mr. and Mrs. A. Sims and Family.

Donations to the Nurses Fund in Peora were also made by Jacob Miller and Family, Edson and the Silks at Peora.

Edson Funeral Home were the directors of service.

Mr. and Mrs. E. Willis were Edson visitors this week.

Mrs. Harry Wilson is up Edson visitor this week.

WATON

Edson Grow

The following births occurred at St. John's Hospital, Edson, during the past week:

EWALD—Born to Mr. and Mrs. Richard Swanket, Edson, on February 8, a son.

PARCHAK—Born to Mr. and Mrs. William Panchak, Edson, on February 7, a daughter.

MacKAY—Born to Mr. and Mrs. Harold MacKay, MacKay, on February 7, a daughter.

CASTON—Born to Mr. and Mrs. Douglas Caston, Edson, on February 5, a daughter.

MURPHY—Born to Mr. and Mrs. Glen McIlven, Edson, on February 5, a daughter.

The city youngster was rearing around in the country when he found a pile of empty condensed milk cans.

"Hey, gus," he called excitedly, "come here quick. I've found a cow's nest."

Mr. and Mrs. George Davidge are visitors with George's parents, Mr. and Mrs. W. Davidge, this week. George has accepted a new position in Calgary and leaves the end of this month to take up his new duties.

Wolf Creek News

The people of the district wish to extend their sympathy to the Arbetick family in the loss of their father, who passed away at the Cal. Veterans Hospital last week. Mr. and Mrs. D. Arbetick were old timers of the district and usually when they made their home in Edmonton.

Many of the younger children have been laid up with measles during the month of January, and now February has arrived with the appearance of chicken pox.

M. D. Johnson visited with his family who are residing with the Newfields for the winter.

Mr. Richard Smith visited in Edmonton last week.

Many happy returns to Miss Jean Chilton who celebrated her birthday Sunday, February 18.

Remember February 19th folks; that's the night of the dance in the school house. Everybody welcome.

Kincycles '55 Bringing In Top Talent for Ice Show

In addition to the nearly score of spectacular local acts under the overall direction of Mrs. Laura Mahon and individually instructed by various local ladies who have learned their skating here, Chairman Rob Sykes has made arrangements for the top-notch talent from the city.

Former 1933 Western Canadian Champion Gordon Lindsay, who has skated in many ice shows previously will lead the male side of the talent parade. Two winners Misses from the Edmonton Figure Skating Club, who have also won many admirers here, will also appear.

They are Miss Lynn Gibb and Miss Barbara Park, the professional instructors at the Edmonton Figure Skating Club.

Another stellar attraction will be little Miss Dorene Higgs, an eleven-year-old prodigy from the city.

The dates, of course, are Friday and Saturday, February 25 and 26. And don't forget to buy an extra ticket or two for your favorite carnival queen candidate.

Mrs. W. H. Gillies has returned home after a month's holiday in Miami, Florida, with her son and daughter-in-law, Major and Mrs. J. H. Gillies.

Teen Towners Invite Others From District

Seaburg Teen town this year is being held in the Ninth Annual Western Canada Teen Conference to be held in the Village of Seaburg from April 14 to 17.

If there is a group of young people who have organized a Club in your community between the ages of 13 and 19 inclusive, they are invited to attend this conference. If there is not an organized group in your vicinity but there are some teenagers that are interested in organizing a Club they may send not less than two or more than six delegates along with one adviser who is over the age of 21 years.

Here they will be given help in forming a Club of their own or if there is a Club they are invited to attend and discuss their problems with other Club members from throughout western Canada.

The purpose of this conference is to promote new Teen Clubs and

E. Ronneseth Heads Legion

Cont. from page 1

ing of the remainder of the building which could not be completed at the time the original building was built.

The extra heating units have been bought and paid for from proceeds of the bingo and the Grey Cup raffle, and installed by Comrade Elmer Fosheim in his spare time.

Another committee reporting was the polo fund chairmened by Comrade Bill Switzer which reported \$548.70 having been raised (a report on which appears elsewhere in this issue.)

to help any such Clubs with their various problems. We are confident that the Teenagers in your community that attend this conference will find it both enjoyable and educational.

For further particulars and application forms please write Miss Janet Foster, Evansburg, Alberta, prior to March 1, 1935.

Evening Wedding Solemnized Here

A quiet wedding of local interest took place in St. Catherine's Anglican Church on January 12, when Donna Maria, daughter of Mr. and Mrs. C. Alaker of Edson became the bride of Mr. Allen Kallio, son of Mr. and Mrs. O. Kallio of Toronto.

Later a reception was held for them at the Wadley home where a large number of friends dropped in to wish the newlyweds well.

Final Standings In W.A.H.I.

Team	W	L	F	A	Pts
Sanguo	4	1	21	13	8
Evansburg	3	3	23	16	8
Whitecourt	2	3	14	21	4
Mayerthorpe	0	3	8	14	0

Sanguo will now wait to battle in a best of three final series with the winner of the Evansburg and Whitecourt two game total goal series. Sanguo retained the home and home regular schedule with only one defeat. First game of the semi-final will be played at Evansburg Sunday, Feb. 12th.

No. 42

11 Voters Hear Council's Reports

Eleven ratepayers were in the Council chamber of the Edson Town Hall Monday evening to hear the reports from the various chairmen of the Council on the year's business for our Town.

Present in an official capacity were: Mayor Manley Burleigh, Councillors W. Kortman, E. G. Mahon, W. McIntyre, W. Nigro and G. Tucker; Sec-Treas. R. C. Gregg, J. Leiro, R. Roome and P. Serdiak for the Town staff; Mrs. L. Buck, J. Finlay and D. C. Blundell for the Edson School Division; and W. Wilson Sr. for the Board of Health.

Mayor Burleigh made a brief address of welcome and dealt at some length with the biggest single item of business encountered by the Council, that of the negotiations concerning the housing development on the east side of Town.

Commencing in August of 1932, at the time the pulp mill appeared to be a secure proposition, the Council had been in receipt of inquiries and the submission of schemes for the development of land and the construction of homes for the anticipated growth of population. At the same time, the Council has kept in contact with the Department of Municipal Affairs in the major features of the development, principally in consultation with Mr. H. V. Lash.

The Council was approached the following Companies with proposals that encompassed the whole development: 1. G. Thompson and associates of 9913-100 St., Edmonton; Rainer Development Corporation of 302 Broadway, Edmonton; Edmonstone-Glennie Engineering & Construction Co. Ltd., 537-7th Ave. West, Calgary; Edson Development Corporation of 515-9 Ave. West, Calgary.

(1) In the case of J. G. Thompson the discussion never got beyond preliminary discussion. It appeared evident that these people were not prepared to underwrite the cost of servicing the area.

(2) Rainer Development Corporation, although not submitting a definite final proposal, submitted verbally an outline of what they would be prepared to do. In substance, this Company was prepared to pay a sum of money for the land (a figure submitted was \$200,000 per lot) however, it was evident that it was their opinion that it could be purchased on the Town to pay the same, either in the first.

Cont. on page 16

TO SKATE HERE

Here is another of the talented skaters who will be in Edson on February 25 and 26 to round out the local ice talent in the forthcoming Carnival. She is Miss Lynn Gibe of Edmonton who has performed in Edson before and can be counted on for a grand performance in her city.

A SKATING STAR

The lovely young lady pictured above is Miss Barbara Park, of the Edmonton Figure Skating Club, who will be on hand at Edson's annual ice Carnival February 25 and 26, to add thrills and variety, with her graceful performance. Miss Park is the professional instructor at the Edmonton Club and can be counted on to please the crowd.—Photo by Alfred Elly Edmonston.

Edson Ambulance Collides With Car West Of Town

The Edson ambulance being driven by Tony Grant collided with a car driven by Hans Peterson of Norwood on Wednesday afternoon about 5:30 p.m.

The Peterson car going West and the ambulance collided on the Jasper Highway about three miles West of town. Mr. Peterson is in serious condition in hospital, while his passenger, Billy Mendenhall, of Hobb, is off right.

The patients in the ambulance, Oswald Gumbin and John Purcell, of Norwood, as well as Wilby Joy and driver Tony Grant received only light injuries.

The ambulance had been on a trip to Norwood for the patients and was returning to Edson when the accident occurred.

Train Hits End Of Car

Very conditions at the level crossing at Wolf Creek were responsible for the truck being driven by Elmer Tunk of Rambover being hit on the back end by a passing train at about 1:00 p.m. Sunday afternoon.

Mr. Tunk had tried to stop on approaching the crossing but found that the key condition of the road caused him to slide across the tracks causing the rear of the vehicle to stay on the tracks.

The driver suffered lacerations to the head in the truck accident.

Kincycles Show Takes Theme From Story Of Hiawatha

Four talented young ladies: Madeline Twiss, Mary McKeever and Miss Jeanne Letourneau and Joy Barstow, under the direction of Mrs. Laura Mahon have been shaping the spectacular local number for Kincycles of '33 into their usual high caliber.

These local numbers in addition to the professional and semi-professional skaters from the city promises to provide patrons with a show on ice that has given the

annual Edson carnival its good name through the years.

Dates this year are Friday and Saturday, February 25 and 26 with the evening show to start both nights at 8:30 and the Saturday afternoon matinee to start at 2:30.

The theme "Hiawatha" revolves around the story of the Indian maid of that name and starts on the shores of Ojibwa Country, by the shining Big-Sun-Water, as

Connecting Link

Three hundred and fifty tax payers have expressed their desire to have a passable road to connect Wildwood with Mayerthorpe. There are, undoubtedly, twice this number as only the heads of households have signed a recent petition that circulated through the district of Wildwood and Mayerthorpe.

The desire to have this road, connecting these two districts, is one of long standing. Early settlers travelled north from the town of Junkins (now Wildwood) over the route covered by the recent petition. Those settlers depended upon the southern town for supplies until the railroad and subsequent towns were developed to the north. Then the settlements became divided, those to the south of Junkins Hill trading at Wildwood those to the north trading at Greenmont and Mayerthorpe.

The original trail was almost abandoned until the people of the southern district, being pressed for the need of a connecting road, sought funds by private subscription and with government assistance put through the existing road. This road is passable only during dry weather and during the winter. The need for an all weather road will be more pressing than ever when Highway No. 43 is completed to Valleyview.

At present, there are no all weather connecting roads between Highway 16 and Highway 43.

With the legislature now in session, it is to be hoped that our members, The Hon. N. A. Willmore and Mr. A. M. Montemurro, will bring urgent pressure to bear, on the petition forwarded to the Provincial Government.

Scratchpad

BY HENRY

TO EVERY MAN . . .
 There are times when we are all moved to mark the passing of a friend in some way. I try today to mark such a passing. Of a good friend, of a great man:

Against the further reach of the horizon, stands a mighty pine. Beneath the aging mountain, rolls and sweeps into the valley, and down to the churning river. And across his ascending arms, about in strength, able to bearing royal him in his dignity, to all who would meet the comfort of his noisance.

Now, it seems have passed. But he was not always the giant of today. As a young man with life reeled down the rocks to where the soil sprang, took in-factly hold, and began to grow. The heavens did not give him to drink when he needed it, but he bore the drowning floods of the season's rains. The desires of the forest trail upon his tender head. The winds parched him; the icy winters' snows lay heavily

upon his limbs, and chilled his heart. Yet he grew.

And then he stood, above the struggle, high beyond the threat, beyond danger, beyond enemy. Elemental. Elemental as the hear mountain itself. To him forces desires gather when the fury of the storm is unleashed. In his branches, the birds rest in safe haven. To him the folk in the valley turn their eyes and know that there is something else in life, know that there is more than labor and sorrow and strife. There is hope and courage and peace and beauty.

Only the soul, beaten by life's hand, scorched by his bottles, overgrown by his vines, hardened and toughened by his neglect and sleepiness, may know the nobility and majesty that crown the good life. Only those who break the furles of the storm unbreast, and conquer them, come to true understanding and

WE LAUGHED AT THESE

"Does your wife talk much?"
 "I'll say she does. While we were on holidays her tongue got untied."

"Aren't people funny?"
 "Yes. If you tell a man there are 276,678,934,341 stars in the universe he'll believe you, but if a sign says 'Fresh Paint' that same man has to make a personal investigation."

"Is Macpherson a typical Scot?"
 "I should say he is. He's saved all his toys for his second child."

A woman burst into tears in court and told the magistrate that she had been lifted four times in the last two years.
 Said the magistrate: "And I suppose the coroner has been naturally concerned?"

Old Tom had had a good week and thought he'd buy his wife a present, so he picked up the table and carried it out of the house, put it on top of his head and trotted down the road.

Bill Smith met him. "Allie, Tom, are you moving?"
 "No," said Tom, "I'm going to buy my wife a tablecloth."

Two men were working on a very tall building. Suddenly the men at the top of the ladder called to his mate at the bottom: "I say, Jim, come up here a minute and listen."

His mate slowly climbed the ladder and at last, quite out of breath, reached the top.

"I can't hear anything," he said after listening intently for a while.
 "No," said the other, "Airtight is quiet!"

To do something, however small, to make others happy, is the plain duty of every man.

True wisdom and achieve true greatness.

As such, he stands alone. Daily scribbling himself and grows daily in grace, not knowing of the beauty that abides from his soul through his face and through his eyes, nor of the glory that circles his head, nor knowing of the faith and strength and beauty his life believes on those about him. So stands the Pine.

When it falls, there is a vast, hurting emptiness in the sky. A void on the horizon. Never to be filled. True, men and things will rise again, but not the one we lost. Let us praise good men in their time.

LAFF OF THE WEEK

"... And he pruned me the moon on a silver platter and I didn't get that either!"

ALL ABOARD

By G. E. MORTMERE

Here's a tip for salesman: call on your prospective clients when they are sick in bed, and feeling low. They sign anything.

A magazine salesman came to me when I had a sore throat and my head felt the size of the planet Jupiter. I kept raising my hand to brush off these eleven o'clock yawns when he was selling me a magazine.

"I'll buy it," I said wearily.
 "What is it?"

"That's a beautiful house you've got," said the salesman. At least I think that was what he said.

I forgot about the deal until a few days later, when I had taken to bed and my wife had left no alone in the house. She said she was going shopping, but she probably suspected that my absent was a bit of a ruse.

"I'll buy it," I said wearily.
 "What is it?"

"That's a beautiful house you've got," said the salesman. At least I think that was what he said.

"I'll buy it," I said wearily.
 "What is it?"

"That's a beautiful house you've got," said the salesman. At least I think that was what he said.

she snuggled. "Sign here. The other form you signed was only an application. Don't forget this is a contract. It's binding."

Even if she had said "This is a hand grenade; remove the pin and hold it until it goes off," I would probably have obeyed. I signed, and the girl mimed out the door, looking back over her shoulder as if she would like to break into a run. She obviously wasn't used to interviewing clients who were in bed.

All this happened about two years ago. I have learned quite a bit since.

For this "package deal" that gave me a three-year subscription to four magazines, I agreed to pay \$150 a month for the first two years—a total of \$360.

Separate subscriptions to the four magazines (I have since learned) would be \$1 cheaper.

The magazines did not reach me until some time after they had appeared on the shelves. But at least they arrived—for a while.

Then some of them failed to arrive for months on end. The agent, however, came as regularly as clockwork to collect.

This agent was yet another sort of the magazine firm, a somewhat older woman who had not appeared at the selling stage or the contract stage. I complained to her several times, without result.

Then I wrote to the company and received a courteous reply asking me to state how many I had and they would make it good. Shortly after came another letter from the company, saying they were sorry, but they seemed to have no record of my subscription.

EDMONTON SCHOOLBOYS BAND PLAYING AT KINCYCLES

Pictured above, resplendent in their uniforms, is the Edmonton Schoolboys band, who will be on hand at the Edson too Carnival next weekend to complete a well planned show. The band will be under the direction of Mr. T. V. Newton.

and as well as providing the music for the carnival performance Friday and Saturday evenings will give a band concert Sunday afternoon at 3:00 in the School Auditorium.

The band were well received when they played for the Carnival several years ago and for the concert they gave at that time. So for anyone who thrills to the sound of a band, here is a chance to enjoy a few hours of really entertaining music.

A few tickets for the boys are still needed to put them up from Friday through to Sunday afternoon. Anyone with tickets is asked to phone The Leader or Mr. Harold Kahn.

SPORT-TALK

WIN CLIFF SEARCHFLOWER

This weekend promises to be an other busy one in the sporting line, with the annual High School bonspiel going on and a two-game series between the local Athletics and Leduc Oilers on tap.

The bonspiel will keep the high school curlers occupied for most of the weekend, giving a lot of the youngsters their only real chance of the winter to find out what the "rarin' game" is all about.

The series between Leduc Oilers and our local youth chasing squad should prove to be interesting, to say the least.

The Athletics swept both games of a series at Leduc two weeks ago when they won 8-4 and 6-4, but they came out of the round both bettered and bleeding. The Leduc crew may be a little meeker and milder away from home, and it would be well for their own good if they are. The Athletics' wounds have healed and they're ready to meet the visitors on whatever terms they choose.

One popular feature of senior games at the arena, the lucky number program draws, scored Billy Kankewitt a chicken from the Home Food Market Saturday night while Doug Gerlach won a pair of Theatre tickets in the Edmonton Theatre the same night. Sunday's fans were apparently so worked up over the game that they forgot to

look at their program numbers—neither of the numbers drawn were called for.

As promised, we've got another hockey player to introduce to the readers of this column. This week we bring you Les Marshall, better known to people on the Coal Branch than Edson, as well recently he made his home there. A veteran of the hockey wars, he did

LES MARSHALL

his playing was Leduc's lifeline last season, providing a great deal of the fire shown by that club. He was a little late getting into uniform with the Edson club this year, but has performed well, his experience and scoring ability adding balance to the Athletic attack.

Athletics Earn Split In Weekend Hockey Series

Edson Athletics earned an even split in their weekend series with Burns and Dutton Commandos, a powerful intermediate club from Edmonton, over the weekend, dropping a 7-4 decision Saturday night and coming back to shake the city club 4-3 in a fast encounter Sunday afternoon.

Athletics were never really close as far as the scoring went in Saturday night's game after the first few minutes, though they had the puck in the Edmonton end and a good share of the time and certainly weren't outclassed, just unlucky around the net.

Vic Cebulak played the hero's role in Sunday's game, his goal at the 19:43 mark of the second period giving Athletics a lead for the first time in the series, a lead they held until the final buzzer.

VISITORS START FAST

The city club got away to an early lead in Saturday night's game. Grocholski, from Bethelam, getting the first goal at 3:18. Mich. Kinsarovich made it 2-0 at 4:09 before Walter Higgins, on a pass from Stan Davidge, put Athletics on the scoreboard at 7:27. Gibbons scored on a breakaway at 8:52 to give Commandos a 3-1 lead, with Levan getting one back for Edson at 17:08. Sawchuk, assisted by Grocholski, got the final goal of the period for the Commandos at 9:40.

Frank Levan must have broken some sort of a record with his goal at the 7-second mark of the second period, Nine Chosen supplying the puck from the face-off to set up the goal. St. Martin scored for Commandos at 7:58, with G. McDonald adding another at 11:08. Joe Pavich, assisted by Les Marshall, completed the scoring for the period, at 15:31.

Green, assisted by Grocholski, scored the only goal of the third period, the marker coming at the 11:08 mark.

COME FROM BEHIND

Athletics had to come from behind to earn their win on Sunday. After the clubs had traded goals in the first period, Kinsarovich scoring for the Commandos and Joe Bockak for Edson, Commandos took a 3-1 lead on goals on Turgenev, at 2:38, and Drumbovsky, at 5:17.

Nine Chosen scored on an unassisted effort at 10:35 to put Athletics back in contention and at 15:31 Reg Gerlach, assisted by Joe Pavich, knotted the count for the home club.

With the final minute of the second period ticking away, a concerted drive by the Athletics paid off with what proved to be the winning goal of the game. Walter Higgins passed to Vic Cebulak in front of the Commandos net and the big defenceman drilled a shot past goalkeeper Ray Hickey. Time of the goal was 19:43.

Neither club could score in the

SCORES WINNING MARKER

Vic Cebulak, who netted the big game winning goal for Edson Athletics in their game with Burns and Dutton Commandos Sunday afternoon, has a reputation for scoring his goals when they're badly needed, and his Sunday goal was certainly a timely one. The highest scoring defenceman on the club, Vic commands the respect of op-

posing forwards who range into Edson territory few of them trying to be on the receiving end of a pass. Vic played for a number of years on highly-rated clubs on the Coal Branch before moving to Edson to make his home and step into an Athletic uniform, both in hockey and baseball, several years ago.

Edson: Tran (goal), Vic Cebulak, Lew Ramsted, Al Grant, Dennis Leonard, Grant MacMillan, Joe Bockak, Frank Levan, Lefl and Kortman. Stan Davidge, Walter Higgins, Reg Gerlach, Les Marshall, Joe Pavich, Paul Roy.

CURLING AT CADOMIN

Anyone interested in curling up the Coal Branch? Cadomin Sports & Amusement Association have announced that they are holding a Men's Bonspiel on Feb. 25 and extend an invitation to anyone who thinks they are good enough to take home a prize. Entries asked to be have names in by Feb. 22.

Notice of Debenture Poll

(Section 244)

Edson School Division No. 12

Whereas the Board of Trustees of the Edson School Division No. 12 of the Province of Alberta on the 11th day of January, 1965, passed By-law No. 6 to borrow the sum of Four Hundred and Eighty-Five Thousand Dollars (\$485,000) on the security of the said Division by the issue of debentures repayable to the bearer in 30 consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, to-wit:

1. Build and equip a four and one-half roomed (4½), school at Evansburg
2. Build and equip a four and one-half (4½), school at Wildwood
3. Build and equip a six and one-half roomed (6½), school at Niton
4. Build and equip a four-roomed (4), school at Pitham
5. Build and equip a four-roomed (4) school at Power
6. Build and equip a two-roomed addition to the Edson High School at Edson
7. Build and equip an eight-roomed (8), school at Edson
8. Build and equip an Industrial Arts Shop adjacent to the Edson High School at Edson
9. Build and equip a Division Office and Supply Room at Edson

And, whereas a demand for a poll of the proprietary electors of the said Division for and against the said by-law has been made as required by The School Act, 1962;

Therefore, notice is hereby given by the Board of the said Division that a poll for the purpose of taking the votes for and against the said by-law will be conducted on the 28th day of March, 1965, from 2:00 p.m. until 5:00 p.m. at the following places:

POLLING PLACES

Edson — Divisional Shop	Evansburg School
Evansburg School	Knowledge View School
Wildwood School	Danahoe School
Niton School	Lorman School
Northford District	Lrg Cabin School
Power School	Trail School
Pitham School	Spruce's Place School
Marville School	Mountain Ash School
Winton School	Erivance School
Wooly Springs School	Star Lake

Dated at Edson this 8th day of February, 1965.

D. S. BLUNDELL,
Returning Officer

QUALIFICATIONS OF VOTERS

Proprietary Elector means any elector of the Division who is liable to assessment and taxation for school purposes in respect of any property situated in the Division. Every proprietary elector is entitled to vote on the by-law.

Kincycles Show Takes Theme From Story Of Hiawatha

Cont. from page one

Indian Princess plans for the love of a young Indian who has not yet been recognized as a brave, and who therefore cannot seek her hand.

He lives in the wig-wam of Nokomis. The wig-wam is one of

a group of 70pees, where many Indian Chiefs meet to consult and smoke the peace-pipe and to make peace with the great white queen. But even in peaceful times the Indians have long and strange in one of their many ritual dances.

The esteemed Medicine Man leaps and prepares his potlens, wishing them good luck in their hunting. Hiawatha eyes the braves enviously and looks longingly at his prize. "Go into the forest and prove to us your manhood," join the braves. "Bring back to us an animal, and you too shall become a brave."

So through the lonely woods, Hiawatha wanders and spots first the rabbits in their burrows. They jump and run with the young hunter in hot pursuit. Exhausted they stop and beg and plead for their lives. Hiawatha relents and spares their lives. They soon become friends, and Hiawatha realizes that he cannot kill.

The word spreads and all the creatures of the wood rejoice and hurry to meet the new friend of the forest. The caterpillars wriggle rapturously, the skunks come shyly forward. Addaxmon, the squirrels chatter, and are joined by the chirping grasshoppers and bluebirds. Ladybugs, bees, and spiders hurry to the clearing where all join in a chorus of musical gratitude.

Hiawatha becomes a fast friend of all and learns their language. His new companions introduce him to stranger folk of the forest. There are elves and fairies too! They caper in the forest and light from the fireflies casts shadows through the trees.

The Fairy Queen sprinkles him with gold dust and Hiawatha is crowned the "Friend of All."

The life of the forest rejoices, and in token of his kindly the butterflies whirl in an ecstasy of gladness. The tribe admires the good-

ness of Hiawatha, who has become the friend of all the forest and make him a brave.

And at last, he is united with his princess. This charming story is brilliantly portrayed by the superb costumes, provided by the Kincycles and the mothers of the children in this year's Kincycles.

Buy your tickets to the Elks' St. Patrick's dance in plenty of time.

Leigh Leads Queen Vote

With only a week left until the final votes are counted, Leigh Deane has a commanding lead in the race for Queen of Kincycles of '65. Standing following the latest count is as follows: Leigh Deane, 764-380; Evelyn Talpash, 553,100; Gertrude Barnhart, 170,000 and Rita Gambin 30,000.

Mercool Students Union Hold Annual Bonspiel

Mercool — The second annual bonspiel of the Mercool Junior High Students' Union was held over the weekend of February 4, 5 and 6. There were sixteen risks made up of the grade 7, 8, and 9 students. The main event was won by Sandy Lee; Lemie Van Donsen, Victoria Dagli's team over George third; Ryan Koon, second; and

Phelps by a score of 84. The secondary event was taken by Sandy Lee over Lucy Babak by a score of 130. The consolation was won by Wayne Bolek by a defeat of 133 over Elaine Simmonds.

The winning team consisted of Victoria Dagli, skip; Francis Gauthier, third; Ivo Davidson, second and Diane Masser, lead. The secondary team was skipped by Sandy Lee; Lemie Van Donsen, third; Ryan Koon, second; and

Jessie Milonovich, lead. The consolation team was skipped by Wayne Bolek; Bobby Bostil, third; Brian Schepanovich, second; and Joie Gaudet, lead. "Hello," I hear you've got married?" "Yes, I got tired of restaurant food." "And now?" "I'm beginning to like it again."

LADIES BONSPIEL HAS TROUBLE WITH WARM WEATHER. SOFT ICE

Warm weather which turned ice at the curling rink too heavy for the ladies curlers to complete their bonspiel allowed completion of only one of the six events of the night; with the rest to be completed on the ladies' regular curling nights as the weather allows. In the Victoria's event, Mrs.

Mrs. Olynk defeated Mrs. Robinson of Estrie to enter the final, while Mrs. Belrose was two games defeating the Romanist rink of Footville and the Hansen foursome from Estrie to earn a berth in the final.

In the Grand Challenge event, the Johnson and Brown risks of Edson will meet in the postponed final game. Mrs. Johnson defeated Mrs. Olynk of Footville and Mrs. Brown defeated Mrs. Garvie in the semi-final games of this event. In the other primary event, the Shearer and Dickson risks will be the finalists. Last year's Grand Challenge winner, Helen Shearer, skipped her risk to the final with a win over Lenore Alby's risk in one semifinal, while the Dickson risk defeated Pige in the other semi.

In the Multiple event, the Ferguson and Robinson risks of Edson made the final, also yet to be played. Ferguson defeated Labaree and Robinson defeated Simmonds of Footville in the semi-finals. Only one risk, the Garvie foursome of Edson, has entered the fourth of the Citizens' event, with the remaining semi-finals yet to be declared. No games have been played in the Merchants' event, restricted to Edson risks.

WATCH Edson Grow

Atomic power has become a reality following the report that the U.S. Submarine Nautilus was "under way on nuclear power." The first sea trials of the Nautilus and man's first attempt at using the controlled atom for transportation got under way nearly ten years after the first atom bomb was dropped on Hiroshima. Above: The surface trail behind the arrival of atom-powered transportation. The Nautilus is also equipped with steam and diesel engines.

Piloted Flaming Plane to Sea

LEWIS ROBERT MOORE, 23, Royal Navy pilot from Belfast, Ireland, who died with his flaming plane until it cleared the Cheviot Naval base, near Halifax, and was over open water. He parachuted to safety from 600 feet.

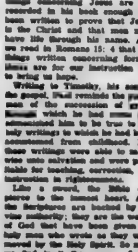

THE NEW STAMP has been issued to mark the maiden voyage under the German flag of the passenger-cargo vessel, H.S. Sueda, formerly the Canadian. The ship will operate between Southampton and New York. The stamp is worth 10 pence (about 5¢ each).

Far East "Poster Boy"

KWON KWAN NAM, whose parents and sister were killed in the early days of the Korean War, has been chosen as the official "Poster Boy" in the Far East Air Force "Adoption" of the Myung orphanage in Seoul, Korea.

THE NEW STAMP has been issued to mark the maiden voyage under the German flag of the passenger-cargo vessel, H.S. Sueda, formerly the Canadian. The ship will operate between Southampton and New York. The stamp is worth 10 pence (about 5¢ each).

JIM PETERS holds the gold medal he received as a Christmas present from the Duke of Edinburgh for the courage he displayed in his heart-breaking marathon run at the British Empire Games in Vancouver last August. Peters, 25, has retired from athletics. He works as an optician in London.

Husky Young Recruits

CPL. R. A. HATTEN, of Kenora, Alta., holds two canine recruits for the SCAF station at Kamloops Bay. The pups will be trained as sled dogs to aid in the mid-winter movement of supplies.

Golden Jubilee

SONG WRITING COMPETITION and PLAY WRITING COMPETITION

The Golden Jubilee Committee announces the establishment of a Song Writing Competition and a Play Writing Competition as part of the Alberta Jubilee activities. The purpose of the competition is to stimulate interest in song writing and in the writing of regional dramas and the production of plays written by Albertans.

RULES FOR SONG WRITERS' COMPETITION

- Entries will be received up to April 15th 1955. All entries must be sent to the Golden Jubilee Committee, Edmonton, in an envelope plainly marked "SONG WRITERS' COMPETITION."
- Compositions previously published will not be eligible.
- Open to amateur and professional song writers of Alberta. Entrants must have been resident in Alberta since October 1st, 1954, or, if not resident at the present time, must previously have been resident in Alberta for a period of five years or more.
- Songs may be for solo voice or union singing as well as part-songs for two, three or four voices. If the compositions are designed to have a full piano accompaniment, this must be provided. (N.B. Failure to provide full accompaniment to songs requiring it will render the contestants liable to disqualification.)
- \$750 in prize will be awarded to the competitors considered by the judges to be the best submitted. A substantial sum of money will be awarded to the most outstanding entry. If in the opinion of the judges, no submission meets the required standards no prize will be awarded.
- Copyright arrangements in respect of the lyrics must be made by the composer. Arrangements for permission to use the poems in the Alberta Jubilee Anthology should be made with the Publishers.
- The manuscripts of the songs submitted must be in duplicate, must not contain any identification marks but should be accompanied by a sealed envelope containing the name and address of the composer and attached to the manuscript.
- The right is reserved by the Jubilee Committee to edit any composition.
- Authors desiring the return of unacceptable manuscripts please enclose a self-addressed envelope to facilitate their return.
- The submission of any manuscript signifies an acceptance of all rules, regulations, and conditions as above stated.
- Members of the Committee, Judges of the competition and their families are not eligible.

11 Voters Hear Council's Reports

Cont. from page 1

install or by payment to the Company over a term of years for the extension of plant, water and sewer, etc., where it could not be applied strictly as local benefit.

(3) Discussion went a good deal further with Glenco Engineering and Construction and at our final discussion with Mr. Wade of this Company, certain terms and conditions that had been agreed upon by the Edson Development Corporation were revealed and a letter was received from Mr. Wade expressing the inability of his Company to meet such terms.

(4) Lengthy negotiations were carried on with the Edson Development Corporation which finally culminated the signing of the existing contract. Initially, this Company was not desirous of underwriting the costs of servicing, but on finding that the development was impossible otherwise, due to the limited resources of the Town, the Company was persuaded to accept the terms of this contract.

As you will be fully aware of the limited resources of the Town, and the comparative immensity of this undertaking, I believe you will agree that the Council followed the only sensible course in its negotiations. It was felt by the Council that although the Town might have an asset in the undeveloped land, that in balance against the costs of servicing, it appeared wise to give the land away at a nominal price and remain free of both the financing and the risk involved in the development.

THE REPORTS

The Mayor read the Municipal Inspector's report and the Secretary read the Auditor's comparative statement of receipts and disbursements and financial report.

The Mayor reported for the Police Committee reading the annual Police report, indicating a total of 343 Court cases handled by the Police in 1964. It was noted that there was a very substantial increase in bad cheques. Of 102 articles stolen 87 had been recovered by Police. Fine receipts are down and there was a general decrease in crime during the year. The Mayor commended the Chief and his staff for their good work.

The Mayor reported on the major feature of the financial problems of 1964 pointing out the effects of the increase of school re-

question from \$31,579.96 in 1963 to \$78,113.25, an increase of \$46,533.29. In the face of the confirmed opinion of the Council that ratepayers were being asked to pay the maximum amount of taxes already the only way this requisition could be met was by cutting from the budget all capital expenditures proposed and by reducing the works budget by \$10,000.

A proposal to start construction on a new fire hall building as a program of sidewalk construction out of current revenue was maintained at 10 mills on a basis of 50 school and 3 municipal. In the face of the close budget, By-Law 778 was passed to provide for sidewalks on a local improvement basis, payable over a twenty year period.

UTILITIES

Councillor McIntyre reported for the Utilities Committee reporting increase in light accounts from 800 in 1963 to 949 in 1964, sales of energy from 1,430,541 k.w.h. in 1963 to 1,500,328 k.w.h. in 1964 and Electric light gross revenue from \$67,079.66 in 1963 to \$104,148.17 in 1964. Peak load 1964 of 500 k.w. Expenditures up from \$61,211.70 in 1963 to \$61,217.90 in 1964. In addition loan repayment of \$14,941.74 was made.

Capital expenditures of \$46,639.62 including balance to Can. Fairbanks-Morse for No. 4 unit of \$22,164.00 and the balance on extension of lines, change over on alloys east and west of Main St. and intensified lighting on Main Street, etc.

A great deal of work was done in 1964 to bring old lines up to standard, as well as on a number of extensions and changes. The Superintendent and his staff were commended for the amount of work accomplished.

The Water Works Department showed an increase of customers from 532 in 1963 to 643 in 1964. Water pumping showing a major increase from 21,002,800 in 1963 to 40,236,300 in 1964. Revenue increased from \$20,169.56 in 1963 to \$31,004.36 in 1964. Expenses on operations and sundry amounted to \$10,088.16 in 1964 and in addition 1,750.00 was expended on the painting of tank and tower.

The increase in water consumption is a major problem, as our water history indicates a continual falling off in production and it appears it may be necessary to install water meters throughout the Town. Our new well is most satisfactory and is providing 10 to 12 better than 35 G.P.M. against a reported capacity of 75 G.P.M.

It is hoped that this can be definitely improved. The cost of this well plus the lines are approximately \$11,000.00. In addition, a water line on 2nd Avenue West was installed at a cost of \$2,488.06 of which \$2,800.00 was

paid by Centra Development Company.

SCHOOL REPORT

At this point Mayor McMullin called on Mrs. Buck to report for the local school division. The school report indicating that balance of receipts over disbursements was \$11,219.27, which was a great improvement over the deficit operation of the previous several years. Great efforts have been made to curtail costs with some minimum in bus operation. Ten thousand dollars have been paid against outstanding bus borrowings. Mrs. Buck had reported there were 886 Edson pupils attending school. Mr. J. Finlay gave some figure on the relative costs of the school division and a strictly town operated school.

WORKS DEPARTMENT

Councillor Mahon reported for the Works Department, stating that the works budget, as indicated by the Mayor, had been cut below that of 1963 from the previous year, however, some capital work was done in the making of new roadways and the laying of 14 miles of gravel. \$5,238.96 was spent on gravel, of which several hundred yards was stock piled for use in the spring of 1965.

Due to the very wet conditions, a great deal of gravel was used in repaving streets. \$800.00 was spent rebuilding culverts on East creek and \$1,200.17 was expended on permanent steel culverts.

An original program for current sidewalk construction was abandoned because of the increased school costs and By-Law No. 778 was passed to provide sidewalks on a local improvement basis.

This work should go ahead as soon as the frost is out of the ground. A major step was taken towards the wise spending of public money in the employment of a qualified engineer, J. Leira. Close to two thousand yards of crushed gravel has been stock piled this winter with a view to it being used on a permanent improvement of Main Street. It is anticipated that some major repairs will have to be done to two culverts on 8th Avenue and one on the North Road.

BUILDING AND PLANS

Councillor Nigro reported for the Fire and Building and Plans Committee, reporting thirty fire calls for the year 1964, of which there were three major ones in January which created an urgent condition requiring the keeping of fire-farmers at the fire hall during the greater part of that month. The old fire hall still remains unsatisfactory. Councillor Nigro commended the Fire Chief and his crew for their extraordinary performance. There was no major accidents in the department in 1964.

Eighty six building permits, of a total value of proposed construction of \$804,210 were issued in 1964. Construction was commenced on buildings, of estimated value of \$208,218. Thirty-three dwelling were constructed for co-

operation. Seven commercial premises completed.

HEALTH AND WELFARE

Councillor Tucker reported for the Health and Public Welfare Committee, reading a brief report from the West Medical Health Officer. Councillor Tucker reported that there was an increase of sewer connections of 620 in 1963 to 464 in 1964. Sewer service charge revenue in 1964 being \$2,808.67.

Three major by-laws were passed in 1964. No. 776 new Health By-Law, No. 778, new Dog By-Law, No. 777, a wholly new garbage by-law instituting an effective clean-up system. The public were urged to co-operate in the observance of this by-law to improve the conditions of the Town.

It was learned that rabies was still a threat and the public were urged to control their dogs much more strictly than is presently evident. On the matter of Public Welfare, total costs of \$4,749.53 reported, the previous contribution being \$1,523.68.

FINANCIAL REPORT

In the absence of Councillor Switzer, the Secretary reported for the Finance Committee, pointing out that tax collections had not held up as well as had been hoped but they were still up from 3,970 over the previous year.

Provincial grants had been increased 3 1/2% from the previous year, a figure considerably less than what had been expected. A general review of receipts and disbursements was given, indicating a strict control of expenditures had been maintained which made possible an operational surplus at the end of the year.

The increase of funded debt to a figure of \$64,804.03 was pointed out. Great efforts are being made in 1965 providing for the payment of all outstanding taxes possible.

GENERAL CONDITIONS

The Mayor then reviewed conditions of the Town generally, in the year 1964, the Town had employed a Town Solicitor and a Town engineer to the great advantage of the community.

Mayor Fairclough expressed the hope of the community that Councillors Switzer and Nigro would return to their respective chairs, as they were both most valuable men. The Mayor also discussed the matter of fringe control, highways through Town, the matter of school administration, and the Town staff.

A question period followed, where a number of questions were asked with regard to dogs, sidewalks, financial statement and etc. Several members of the ratepayers in attendance commended the Council and the Town staff for their good work.

Mr. R. Matthews seconded by Mr. W. Wilson moved a vote of thanks to the Council, Town staff, and Mrs. Buck, local member of School Division Board, and was heartily applauded.

There being no further questions or comments, the Mayor declared the meeting closed at 10:58 p.m.

Vol. 2 Edson, Alberta, Thursday, February 24, 1955 No. 43

Pulp Mill Site Near Hinton Now Favored

The Hon. Norman Willmore came straight from a meeting of the full cabinet of the Alberta Government to tell a hastily called group of Councillors, School Board and Board of Trade representatives that the North Western Pulp and Power company have decided that a site on the Athabasca river between Hinton and Hinton would be more suitable to operation of the pulp mill they have been contemplating.

Mr. Willmore explained to the group that the Government have no control over the actual site any industry picks, but must make sure that the terms and conditions they stipulate are carried out. In this case the pulp company requested a larger area for their pulp cut as with the Athabasca instead of the McLeod river for a water source they would be able to increase from the projected 300 tons a day capacity to as much as 450 tons per day.

This would involve moving the Western borders of the pulp lease across the Athabasca and granting the pulp company certain more acreage up towards, and perhaps including, the Berland area. Which area present timber operators here have been hoping would be left for saw logs for marketable timber.

The Government is insisting that the cost of building the road from Highway 16 to the Tollerton site be repaid as well as the work completed on the rail spur for the C.N.E. as one of the conditions of the new agreement with the company.

Mr. Willmore thought that probably the company would still require purchasing and other general offices in Edson, but that a townsite of some sort would be necessary near the mill for employees working there.

In answer to questions about pollution of the river in this area Mr. Willmore said that the Government was unwilling to allow the pulp company, or any other industry for that matter, to turn the McLeod or any other river in the Province into a sewer ditch for the wastes from that industry.

Mr. Willmore assured the group that all the conditions included upon in the original agreement were being included upon in the new agreement respecting the new location, and that the Government was receiving advice from those qualified to know respecting pollution and all other problems.

The clause with regard to the buying of pulp wood from settlers was still being included upon. It was pointed out however that the extra 50 miles from the heaviest present settlement might make the cost of hauling the pulp wood to the mill prohibitive.

Leigh Dakin To Reign As Queen Of Kincycles '55

Leigh Dakin, candidate sponsored by the Edson Elementary school, will reign as Queen over Edson's twoday ice carnival, Kincycles '55, being staged this Friday and Saturday, February 25 and 26.

The Queen, daughter of Mr. and Mrs. Hugh Dakin, will be crowned at the three performances of the Kincycles show by Princess Gertrude Barakhot, co-

MISS LEIGH DAKIN
Queen of Kincycles of '55

andidate sponsored by the Fultam and District 441 Clubs; Miss Rita Gombin of Marcel, who was sponsored by the Marcel Lodge of the S.P.O.B., and Miss Evelyn Tolpelt, sponsored by the Edson High School.

In addition to the evening performances and a Saturday afternoon matinee, a dress rehearsal will be held Thursday night at which shut-ins and persons who ordinarily might not have the opportunity of seeing the ice show will be present.

2½ POUND BABY THRIVING

On the right above is Sister Duke of St. John's Hospital holding the two-and-a-half pound McMillen baby which set a record for a premature infant that is fast growing into a normal sized, healthy baby. For comparison Nurse Frouda Ewers holds Baby Linda Fern Mackay who was born at the same time and weighed closer to nine pounds. Little Katherine Susan McMillen can be thankful to the doctors and Sisters at St. John's for giving her a good start in life. —Photo by Janet

We Need The Schools!

We need the schools—GET OUT AND VOTE.

Even the vocal minority in the East end of Edson School Division admit that we need the classrooms proposed in the building by-law which they have forced to a vote. Their reason, they say, is that they can't afford to pay for any new buildings—and Pembina's mill rate suggests that this is only too true.

If the Provincial Government announces that the increased building grants mentioned in the Thorne speech in the Legislature before March 5th and the increase will mean no mill rate increase our East end fellow ratepayers may they will vote for the schools—if the increase is not announced or is not enough—they will vote against the by-law.

The Leader is not quarrelling with the point of view of the Division's Pembina ratepayers if they think that they can't afford to pay for schools which they somehow can get along without.

Edson and the middle section of the Division certainly do need all the classrooms budgeted for in the by-law and it is up to Edson and District voters to get out and show they think so.

As explained repeatedly by school board officials and by Superintendent J. Flahay again at the Board of Trade meeting on Wednesday evening—the plans call for only enough new classrooms to meet present needs and no allowance has been made for any expansion because of the proposed pulp mill or other activity.

No definite arrangements have been made to get out the vote as yet, but we presume some public body such as the Board of Trade will undertake a pick-up service to take voters to the polls.

In Edson Town the voting takes place from 2:30 to 5:00 at the old Divisional office on Main Street, at other points the voting is scheduled for the local school houses.

Remember the date—Saturday, March 5 from 2:30 to 5:00! We need these classrooms.

IN THE LEGISLATURE

By DONALD F. SMITH

Edmonton—There were no real surprises in the Speech from the Throne read by Hon. J. J. Bowen, Minister of the Interior, at the opening ceremony of the third session of the 13th legislature.

From the time he entered the front door of the legislative building, inspected a Canadian very guard of honor, walked with Premier Manning to the assembly chamber and read the speech, less than an hour elapsed.

An outline of some of the legislation the government proposes to introduce in coming weeks of the session, the throne speech contained plans to increase aid to education, public health and new home standards and pour more money into public health, highways and public works.

Absence of any mention of farm marketing legislation was conspicuous to those who fully expected it to be brought up at this session. However, it still may be introduced as it is understood considerable time is being devoted to it behind the closed doors of the Social Credit members' caucus.

In connection with homebuilding, the throne speech noted continued heavy demand for home-landed lands and the government, to encourage further development, plans to provide loans to help pay costs of land clearing and breaking. The loans will be brought about by amendments to the Public Lands Act.

Taxpayers should feel direct effects of proposed major increases in grants made to school boards for operational expenses. A major portion of the increase will be earmarked for school tax reduction subsidies.

The government also plans to increase the capital grants made for new school construction and the indication is a fund, similar to the revolving funds now assisting for municipal and rural electrification borrowings, will be established for school board borrowings.

This apparently is the government's answer this year to the municipalities' requests for more financial aid. They had requested the doubling of unconditional grants under the Municipal Assistance Act but no mention is made of increases to the grants.

As suggested earlier by Highway Minister Gordon E. Taylor,

money will be made available to municipalities and local improvement districts on the basis of need for financing district highways and local roads.

The government's official announcement of plans to enter a voluntary prepaid medical services insurance scheme is contained in a three-lined paragraph, and extension and explanation of how this will take place probably will be given later by Health Minister Dr. W. W. Cline.

Unofficial reports indicate the government will enter an agreement with Medical Services (A.I.A.) which incorporated under which provincial funds will be used to subsidize premiums issued to A.I.A. members by the private, non-profit organization.

It had been expected the government would bring in legislation to correct difficulties in the registering of land titles, particularly with reference to mineral rights. The throne speech says the matter still is being studied and interim legislation, to protect the equities of interested parties, will be introduced.

After the opening-day formalities, the legislature moved into consideration of the throne speech. The second day saw J. R. Clark, S.C. Member, move the reply to the speech, and Leo Levitt, S.C. Member, seconded it, in speech's supporting the government's planned program of legislation.

Opposition members were to begin summing up their feelings about this week, with J. Harper, P.W. Lib. Member, leader of the opposition, leading off on Monday.

As in the past few years, it appears the major items of the session will involve the spending of revenues the government is reaping from natural resources.

WE LAUGHED AT THESE

Two Indians watched the building of a lighthouse. When it was completed they sat and watched it very night. A big fog came rolling in one night and the steam blew continuously.

"Ugh," grunted one Indian to the other, "Light shines—bell ring—horn blow—but fog come in just the same."

Post: "Just think, in years to come people will be able to look up at these windmills and say, 'Sailboats, the great port, used to live here.'"

Landlord: "Yeah, and if you don't pay your rent they'll be able to say it tomorrow."

A worm met another worm coming up from the ground and departed. "You're very beautiful and I'd like to marry you."

"Don't be a dope, you the reply, 'I'm your other end.'"

An American resident in China remonstrated with her houseboy for taking her linen into her bedroom without knocking.

"That's all right, Missy," said the native. "Every time come, knock through keyhole. Nothing on, no come in."

Next to a beautiful girl, what do you consider the most interesting thing in the world?

"When I'm next to a beautiful girl I don't give a rap about statistics."

In a Western cowboy an old man was walking by a mine when without warning a young overland dabbler out, took a flying leap from the sidewalk and landed on the seat of his pants in the gutter.

The man hurried over to him. "Are you hurt?" he asked.

"No," was the angry reply, "but I'd shore like to meet the person who moved my horse."

"Does this package you're sending your grandson contain anything easily broken?"

"Well . . . I'm afraid it does."

"What?"

"The Ten Commandments—it's a Bible."

LAFF OF THE WEEK

ALL ABOARD

By G. E. MORTIMER

You get a false idea of history if you consider the most interesting thing in the world?

"When I'm next to a beautiful girl I don't give a rap about statistics."

In a Western cowboy an old man was walking by a mine when without warning a young overland dabbler out, took a flying leap from the sidewalk and landed on the seat of his pants in the gutter.

The man hurried over to him. "Are you hurt?" he asked.

"No," was the angry reply, "but I'd shore like to meet the person who moved my horse."

"Does this package you're sending your grandson contain anything easily broken?"

"Well . . . I'm afraid it does."

"What?"

"The Ten Commandments—it's a Bible."

It isn't only a matter of language, but of the attitude of the mind. In the modern, it is wholly American. It wouldn't be surprised to see the weights also down a deck of cards on the Round Table and set a vulgar game.

People in the stories of long ago behave in conformity to the moral code of Main Street. This may be a good guide to conduct now, but it seems a little odd against a rough antique background until you get used to it.

Not content with being the greatest power in the free world,

our giant ally is laying claim to all of time as well. No doubt the Russians are doing it too.

Already there is a comic strip in which the central character is a libelous ad from the dawn of the world, who travels through the centuries in a time-machine and meets American-speaking people everywhere.

When time-travel becomes a reality, Russian and American forces may fight for possession of past ages. It will be strange to see a Yankee Napoleon and a rival Marie Napoleon locked in a grim duel, while the real one stands watching with his arm under his coat.

Being a resident of North America, myself, I have no prejudice against the dialects of the United States. Some of them are similar to English as we speak it in Canada. But for a while it jarred me to hear Napoleon, the Lancet and Marco Polo speak with a Yankee twang.

Friendship is an expensive spirit that overthrows individualities and takes in common, over passion jealousy and embraces rivals. Two great and too good to be stopped by prejudice, it needs the good of all sorts and conditions of folk—even all the barriers that exist, class and race can erect. Such magnanimous friendship is an elemental test of character. Such unbreakable good-will is the indispensable foundation of the brotherhood of man—Barry Newman Proctor.

Winners in the wheel drive put on by the Western Saskatchewan Lodge on Wednesday evening were ladies first: Mrs. T. Madole, ladies consolation, Mrs. E. Fowler, gentlemen first Bill Cochrane, and game second, Mrs. J. Johnson.

Mr. and Mrs. Ed Hunter and Mary Lou spent a few days this week visiting Mr. Hunter's mother in Calgary.

Any desired publicity for community causes is invited to make use of this section of The Leader.)

Rosevear Old Timer Passes in Edmonston

Edmonston—On February 18th, Francis Joseph Rosevear, formerly of Rosevear, passed away at the age of 78. He had lived at Edmonston many years after coming from Belgium in 1912. He moved to Edmonston in July, 1904, where he resided with his brother and family till his death last week. He leaves to mourn his passing one sister, Christine in Belgium, four brothers, Gustave of Edmonston, Felix, John, and Albert in Belgium.

The funeral was held in Edmonston on Monday, February 21st where a requiem mass was sung at 9 a.m. at the Church of St. John, the Evangelist by Rev. Father Augustus McCree.

The pallbearers were Messrs J. Schuch, Wm. Vaud Obe, Nick Olsky, Fred Hault, C. Taylor and N. Milach. Spiritual tributes were rendered from the following: Mr. and Mrs. T. Givernaux, Mr. and Mrs. J. Schuch, Mr. and Mrs. Culler, Mrs. C. B. Bessie and Tina, all of Edmonston; Mrs. M. Milach and Mrs. M. Maroff of Edmon.

Funeral tributes were received from Leifing Family, Mr. and Mrs. Smith and Belle; Mr. and Mrs. Mike Palske; Ernie, Josephine and Family all of Rosevear; Dr. and Mrs. Bessie and Family of Edmon. Informal took place in the Catholic Cemetery in Edmonston. May his soul rest in peace.

Niton H. & S. Discuss Discipline On School Buses

The monthly meeting of the Home and School Association was held on February 18 in Niton Central School.

A panel discussion by the bus drivers and the parents brought out facts which are major problems to drivers. The following meeting was made with regard to discipline problems. Motion by Mr. S. G. Smith for bus drivers to notify parents by note or letter of reasons why children are removed passengers on bus for failing to observe discipline.

Two guest speakers were also present. Miss M. Egan, District Health Nurse, gave an informative talk on the services provided by the Public Health Centre. Mr. Haddock highlighted on the Nurse's home to be constructed. This will provide for better health services to the entire surrounding community.

Favorable program has been made on the skating rink but more voluntary help is required and would be very much appreciated.

Mrs. K. D. Whidbey and Family from Edmonston in Edmonston on Thursday of this week to attend the concert by coloratura soprano, Erna Seck who is appearing in the Celebrity Series.

Old Timers Association Plan Social

The Edson and District Oldtimers Association will hold a social evening in the Legion Memorial Centre on Friday, March 11th at 8:30 p.m.

This party is for members only but those eligible to join and wishing to do so may purchase their membership ticket at the hall that evening. The evening will be spent with cards, entertainment and lunch.

Mrs. Jim Wall is enjoying a visit from her mother, Mrs. Gills of Westlock, Alberta.

twins (Betty and Bernice) celebrated their 16th birthday and said they did not feel a day older. There was a good turnout for Bingo in the hall on Saturday night, but no one was lucky enough to carry off the \$50 jackpot. Mr. Bonka and daughter Mary of Anselmo were visitors at the home of Mr. and Mrs. Art Durston on Sunday last.

Local fishermen were out in force last Sunday and all came home with a good catch.

Bingo lovers note: Next Bingo will be held in hall on February 25th when the jackpot will be \$50. Better come it might be your lucky night.

Mrs. Walter Durston went to Edmonton last week for medical treatment.

Mr. and Mrs. Lou Pignon have moved to Fort Assiniboine where Mr. Pignon is employed.

Mr. John N. Bates spent a few days holidaying in Edmonton.

Mrs. E. Robinson and Shirley were in Edmonton on business.

Mr. Eddie Adolph and Mr. Jim King have returned to their homes in Camrose.

Grassroots Workshop Discuss Farmers Union Organization

The FUA Grassroots Workshop of sub-district No. 8 and 6 met on Carrot Creek Hall on February 18 in an effort to form a district local.

Chairman Mr. Charlie Seely of Churchill and Workshop instructor, Mrs. Matherson of Newbury were in attendance.

Nominations for several committees and officers were made with Mr. H. Lawton being named secretary, registration committee, Mr. E. Fabrian, press and publicity.

Mr. H. Lawton and Mr. T. Birk, resolution committee, Mr. E. G. Gieson, Mr. Gilbert and Mr. E. C. Acorn.

Sub district directors are as follows: Mr. Gieson for District No. 8 and Mr. Acorn for District No. 6.

Discussions took place on selling memberships, moppet drives, holding the members interest after they had joined the local etc.

The Nilon Central School 4-1 girls served dinner and lunch after the meeting which was much appreciated.

After the Roundup at Carrot

Kinettes Hold Dinner Meeting

The last regular meeting of the Kinettes Club in the form of a dinner meeting was held last week in the lounge room of the Commodore Hotel with a wonderful turnout of members.

Mrs. Sally Gardener gave a report on the final arrangements for the Carnival to be held this week-end.

A presentation was made to Bob McEwen in appreciation of his handling of the banquet.

Congratulations were extended to Mrs. V. I. Canton on the birth of a new daughter, and a spoon is to be presented to her on behalf of the Kinettes.

Two new members, Helena Williamson and Clara Mae Burke, joined the club at this meeting.

FUA has never had a majority, only you as a farmer can join to help yourself. Only a farmer has this privilege.

It is hoped that the next meeting to be held March 2 at 8 p.m. should be well attended by a sharp mind in the family, but the women folk as well. At this meeting a board of directors will be elected, and it is expected there will be more information on the Leadership School to be held at Stony Plain at a later date.

Other topics to be discussed will include: overhauling of side roads, floor price for all well trapping, the proposed removal of the grain elevator at Peers, Hospital taxes paid on rented land, discussion on game conservation and amalgamation of Nilon and Foley Timber with Carrot Creek Local.

The ladies are asked to bring lunch.

You won't want to miss this informative meeting. Remember the

Rev. W. D. Race and Rev. E. C. Gates of Jasper traveled together last week to the city to attend a luncheon with Messrs M. A. Colman and G. Vanderburg making up the Committee.

U.C. Notes

Teachers and officers of the Sunday School held a social gathering at the home of the Superintendent, John Pryor Sr., on Wednesday evening. Presentations were made to Mrs. Leah McKee and Audrey MacMillan in appreciation of their work in the Sunday School, and best wishes were expressed as they leave for other places. There was also some discussion of the team supper which the Sunday School is serving in the Church basement on Sunday evening, March 3. Proceeds will go partly to needs of the Sunday School, but more particularly to help the management of Burridge Lake Camp.

It may seem cold weather to talk about it, but the Minister is seeking to arrange for a special Service of Infant Baptisms for Sunday morning, March 6, and will be glad to hear from interested parents.

Some pedestrians walk like they're seeking for a rear end full of front bumper.

Trail Notes

Edmonton visitors were Mr. and Mrs. H. A. Hoffer Jr. and Mrs. Wynne Sr.

Saw A. Kolosky hauling lumber Building Alex.

Visiting at the H. A. Hoffer Jr. home is Mrs. A. Hoffer's daughter, Mrs. H. A. Hoffer.

Wynne guests at the party were Valerie, Sam and Carol Hester, Joan and Adell A. Hester, Leslie and Beverly Larson.

Kolosky were visitors to Mayer.

**Promoting
Better
Agriculture
IN ALBERTA**

Although great progress is being made in other fields, Alberta's economy is still largely dependent upon agriculture. Buoyant farm income means greater prosperity for all, and when it is reduced, the effect is felt by everyone. It is important therefore that Alberta's farming industry be given every possible assistance and encouragement.

This is the purpose of the Alberta Department of Agriculture. The work of the department is to bring all phases of farm living, the 4-H Club movement is actively encouraged among farm boys and girls. Schools of Agriculture offer practical training for young farm people. Highly trained personnel are ready to help farmers and their wives in solving their problems and improving their methods. And finally, Alberta's Master Farm Family program has been set on foot.

The highest honor which the Department of Agriculture can bestow upon a farmer is to name him to the Agricultural Hall of Fame. So far five Albertans have gained this great distinction. The achievements of these men have been well remembered for all time.

In addition to this, district agriculturalists direct the 4-H Club program in their districts. This young people's program is increasing in interest and importance all over Alberta. By participating in var-

ious over the weekend. Mr. John Kolosky returned with them. He returned home on Tuesday. Mr. A. Hoffer Jr. was ill with the flu.

Mr. and Mrs. Lou Achenauer were visitors at the Weiser's Saturday night.

Mr. and Mrs. Maurice Bourdin were Rose Weiser's visitors at the Weiser home.

C. Larson and C. Wagner were Calgary visitors this week.

Gene Radolph Stuber and Alex Kolosky leaving for Jasper.

Mrs. C. Wagner spent the day at Mrs. C. Larson's.

Try a Leader classified

Join 4-H projects, the farm boy and girl learn by doing. The purpose of the program is to encourage and assist farm young people not only to acquire better farming and home making methods, but to become better citizens and active leaders in their communities.

The department maintains 10 Schools of Agriculture at Olds.

Vermilion and Fairview. Here again the purpose is to encourage young people to make farming their vocation, and those who complete the course return to their homes with a practical knowledge of how to make the best of their opportunities in agriculture.

The three schools can accommodate about 300 students. All young people taking the course benefit from the experience and training aimed, and many of these who have graduated now occupy important positions in public service and municipal government.

Established in 1926, Alberta's Master Farm Family program has a two-fold objective: to give official recognition to families who have made an outstanding success of farming, family relationships and community living, and also to inspire others to follow the example of those who have earned the award. There is no doubt that the Master Farm Family program has given impetus to "Good Farming"—Right Living—Clear Thinking in this Province.

The highest honor which the Department of Agriculture can bestow upon a farmer is to name him to the Agricultural Hall of Fame. So far five Albertans have gained this great distinction. The achievements of these men have been well remembered for all time.

Athletics Clobber Leduc Oilers in Weekend Games

The Edson Athletics added a pair of wins to their impressive record last weekend as they clobbered Leduc Oilers 15-7 and 8-4 in a pair of games played at the local arena.

The wins, their third and fourth over the Leduc club, give Athletics a record of nine wins and a tie in twelve games.

The Oilers were no match for the hometown squad, who spotted their guests a two-goal lead in the early minutes of the first period right as long as I love God. Our Lord told us: If you love me, keep my commandments. The more you love God, the harder you will try to please him. If you try not at all, but the trying is all. We are never to be depressed or hopeless about our failures: we are meant to make them material of a deeper love.

We are never to worry in a self-centred way about our sinfulness; but we are to keep our eyes on the Lord, trying to love him better. Christianity is not a negative thing, not just the avoidance of things that are wrong. Christianity is love; and love, if it is deep enough and strong enough, will cover a multitude of sins.

RED WINGS, FLYERS TO MEET IN ELEMENTARY HOCKEY FINAL

The Red Wings, captained by the league's scoring leader, David Anshel, and the Flyers, with number two man in the season's scoring, Gary Davidson, will meet Monday night in the final of the Red Wings and Flyers' semi-final series.

The Red Wings finished the schedule in first place, with a record of 14 wins, a loss and a tie in 16 games. They met fourth place Rockets in a one game semi-final Wednesday night, taking a 2-0 win to move into the final round.

Flyers who finished in a second place in the schedule, won 11 games, lost five and tied one. They took a 7-3 win over Universal Jets Wednesday night to earn the right to a berth in the final.

The league has had a highly successful season, with only a single

game having to be dropped because of weather. All the teams were outfitted with uniforms in the season and with the in revenue provided by the interest shown in their welfare this year, the league can look forward to an even more successful season next winter.

Local Curlers Win At 'Spiels'

Some of our local curlers took to the ice on Monday night to compete in the 'Spiels' curling tournament. The winners were the L. Ahl rink which beat the H. Shearer rink which came fourth in the Grand Challenge.

Two rinks went to Jasper, skipped by Mrs. Bertha MacDonald and Mrs. Freda Johnson. Mrs. MacDonald's rink brought home second prize in the McDonald; second in the Visitors, and fourth in the Grand Challenge.

Mrs. Johnson's rink captured first in the Visitors, third in the Naturalizer, fourth in the Grand Challenge.

LANGHAM — Born to Mr. and Mrs. Walter Langham, Edson, on February 22, a son.

WARWARRUK — Born to Mr. and Mrs. William Warwaruk, Wolf Creek, on February 21, a son.

FOLKERTSMA — Born to Mr. and Mrs. Bart Folkertsma, Edson, on February 21, a daughter.

TERON — Born to Mr. and Mrs. William Teron, Edson, on February 19, a son.

Mrs. C. Colvial of Winnipeg is visiting at the home of her daughter and son-in-law, Mr. and Mrs. Walter Segal.

Edson Red Cross Report Year's Activities At Annual Meeting

The Edson Branch of the Red Cross recently held its annual when reports were read and new officers elected. During the past year four families whose homes were destroyed by fire were given clothing and bedding.

Three families who were in need were given children's clothes and layettes were supplied to two new babies. Groceries were given one needy family, and fruit juice was supplied to a mother and child in hospital with severe burns.

Holding from the Edmonton depot was obtained for three district families who were also fire victims. Admittance to the Alberta Sick Children's Hospital was arranged for two children and assistance was given in locating

one missing person.

At meetings the members made nearly 5000 seals for the blood transfusion service. Two quilts were made and some knitting was done. The annual campaign was conducted and was well supported by the town and district. All in all 1934 was a good year for Edson Red Cross, but with the first blood clinic in three years soon to be held it is hoped to make 1935 an even better year.

Officers elected were: President, Mrs. C. Phillips; 1st Vice President, Mrs. G. Roby; 2nd Vice President, Mrs. J. Handrick; Secretary Treasurer, Mrs. H. Seldon; Executive, Mrs. K. Widdens; Mrs. J. Hall, Mrs. G. Koshel, Mrs. G. Nakosky.

It is hoped that this year's campaign can be done during the first week in March and blood donors will be enrolled at the same time. The campaign quota is set for \$2,000 as in previous years and the blood clinic for 300 donors. With the help of the entire town and the surrounding district both quotas should be achieved.

Plan now to visit the blood clinic in the Legion Hall on March 7 and 8 and bring a friend. As all well planned affairs, coffee will be served. Note the change of place from the United Church basement to the Legion Hall. It was found that the basement could not accommodate all the equipment required for the clinic.

H. Grant
Heads Credit
Union Again

The annual meeting of the Ed-son Savings and Credit Union was held at the home of Mr. and Mrs. Karl Whidden on Friday, Febru-ary 11th, 1935. The meeting was well attended.

Mr. Hugh Grant, president, opened the meeting with a review of 1934 business, which was very good, and a 2% per cent dividend was declared on shares.

Nominations were asked for offi-cers for the next three years.

Mr. Hugh Grant was returned to office by acclamation.

Other officers elected for an-other term were Mrs. S. Phillips Secretary, Mr. J. Swan, Supervi-sory Committee, Mr. Ed Kirby, Director, Mr. J. Rowan, Super-

visory Committee.

Mr. Hugh Grant stated that the Credit Union was in a fine shape with thanks to the able work of Mr. Orm Perkins, Treasurer, but he appealed to all members to play a more active part in their Credit Union.

At the close of the meeting a lovely lunch was served by the ladies.

Notice of Debenture Poll

(Section 244)

Edson School Division No. 12

Whereas the Board of Trustees of the Edson School Division No. 12 of the Province of Alberta on the 11th day of January, 1966, passed Bylaw No. 6 to borrow the sum of Four Hundred and Eighty-Five Thousand Dollars (\$480,000) on the security of the said Division by the issue of debentures repayable to the lender in 20 consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

1. Build and equip a four and one-half roomed (4½), school at Evansburg.
2. Build and equip a four and one-half (4½), school at Wilketon.
3. Build and equip a six and one-half roomed (6½), school at Tims.
4. Build and equip a four-roomed (4), school at Pullman.
5. Build and equip a four-roomed (4), school at Edson.
6. Build and equip a two-roomed addition to the Edson High School at Edson.
7. Build and equip an eight-roomed (8), school at Edson.
8. Build and equip an Industrial Arts Shop adjacent to the Edson High School at Edson.
9. Build and equip a Division Office and Supply Room at Edson.

And, whereas a demand for a poll of the proprietary owners of the said Division for and against the said bylaw has been made as required by The School Act, 1966:

Therefore, notice is hereby given by the Board of the said Division that a poll for the purpose of taking the vote for and against the said bylaw will be conducted on the 8th day of March, 1966, from 2:00 p.m. until 5:00 p.m. at the following places:

POLLING PLACES

Edson — Divisional Shop	Evansburg School
Wilketon School	Knowledge View School
Niton School	Douglas School
Hottenham District	Loxton School
Peers School	Log Cabin School
Pullman School	Spruce's Plate School
Marvella School	Mountain Ash School
Hinton School	Erivon School
Holly Springs School	Boar Lake

Dated at Edson this 8th day of February, 1966.

D. S. BLUNDIE,
Returning Officer

QUALIFICATIONS OF VOTERS

Proprietary Elector means any elector of the Division who is liable to assessment and taxation for school purposes in respect of any property situated in the Division. Every proprietary elector is entitled to vote on the bylaw.

43-3

Scratchpad

By HENRY

The advertisement said in big bold letters: "Do it yourself and save money." The picture showed a man with a confused look on his face, with a pipe securely gripped between his teeth, admiring what apparently was his own handwriting as represented by a finished coffee table.

So easily is a man beguiled by appealing to his vanity. Subconsciously, I suppose, I had visions of my wife admiring some work that I had done. Myself. With my own two little hands. I was also in the fix. I had the pipe in my teeth. Quite a mental picture. Further enhanced by my saying in an offhand manner to my wife, "Gee, a beautiful picture. Further enhanced by my saying in an offhand manner to my wife, "Gee, a beautiful picture. Further enhanced by my saying in an offhand manner to my wife, "Gee, a beautiful picture."

Altogether, I think from the house and hid my new tools. And began to conjure up excuses to explain a cune in the amount of \$63.35.

My wife, T. Butterworth of Prince George, B.C. passed through Edson on her way to Edmonton last week, where she will visit her daughter, Mary. Mrs. Butterworth said that she remembered to her many friends in Edson.

So I got home with my tools. And went into the living room to recuperate. Abruptly the door of vanity burst open at our coffee table. A very nice, beautiful coffee table that my wife had very much. One with a lot of glass and other modern equipment. One that had shined the previous Christmas to the tune of 60 odd dollars.

Tributes To Late Mr. Bill Ingles

Following are additional tributes to the late Mr. Bill Ingles which were inadvertently missed from the account originally run in The Leader.

Donations to the Peers Nursing fund from friends included in addition to those already published: Mr. and Mrs. T. S. Carr, Carr Creek; Mr. and Mrs. J. Miller, Edson; Mr. Fred Kennedy, Cudde Hotel, Edson; Mr. and Mrs. Bert Rodcliffe, Peers; Mr. and Mrs. Gomer Roberts, Shining Rock; Mr. and Mrs. C. Nielsen Sr., Mr. and Mrs. C. Nielsen, Jr., Peers.

Friends of Mr. Ingles who came to pay their last respects to a departed friend were: Mr. and Mrs. Alex Sims, of Wainwright; Chumley White of Haddock; Ned Dumas, Edson; Mr. and Mrs. Jacob Miller, Edson; Mr. John Batey of Peers; Art Dornan, Peers; Mr. and Mrs. Tom Silk, of Carr Creek; and many others who had known Bill through his later and earlier years of life.

Trustees Get Acclamation, 3 Contest 2 Council Seats

Messrs G. T. Harrison, H. Matthews and D. M. Caston were elected by acclamation to fill the expiring terms on the Edson District School Board for Edson.

Other members of the District Board which is responsible for certain duties within the set-up of the larger Edson Division No. 12 are Mrs. L. Busk and Mrs. J. Pattinson.

The trustees will serve for two years and for Trustees Harrison and Caston it will be a repeat term.

For Council retiring Councilors W. Higgs and W. Palmer are standing for re-election and a new-comer to the local political field, Mr. J. A. Bell has also thrown his hat into the ring.

The election to decide the two councilors for the three year term will be held on Monday, March 7th.

Earlier this month Mr. W. M. Kinschiff was elected by acclamation to represent Edson subdivision on the Board of Edson School Division No. 12.

Mr. P. A. Robb District Pioneer Passes In City

A colorful figure in Edson and District's early days passed away in Edmonton on Friday, February 18 when Mr. P. A. Robb died at the age of 68.

Mr. Robb was known to practically everyone in this district's earliest days as "Baldy" a nickname which seems to have no connection with the heavy growth of hair he retained in his later years.

Mr. Robb came to Alberta from Manitoba in 1907 and ran the small ranch from Edson to Grande Prairie over the old Edson or (as we call it) the old Grande Prairie Trail.

A man of vision and initiative, he began operating one of the early coal mines on the Coal Branch in 1917 at Mile 83 which community bore his name.

In later years he also established a lumber and sawmill business at Robb which he operated until his retirement in 1933 at which time he went to live in the city. Mr. Robb is survived by his wife, Mrs. A. J. Martin, Mr. and Mrs. Edward of Edmonton, three daughters, Mrs. B. Cole, Ed-

B. of T. Urge More Numbering Edson's Street System

The Edson Board of Trade is conducting an extra campaign to encourage business places and residences to put up numbers to denote their locale with reference to Edson's street system.

The Board of Trade are presently the Telephone System for street listings in their directory and find they can't give it without a more general numbering of business places and residences.

Some thought has been given to getting a group such as the Boy Scouts to canvass the town, but no date has yet been set.

Among the names mentioned are: Mrs. N. Whiting, Lee La Roche and Mrs. E. Lebrun of Athabasca and 11 grandchildren. Funeral services were held on Tuesday at 2:30 p.m. with Rev. E. J. White officiating and interment was made in Westlawn Cemetery.

Old-time friends from Edson's Messrs. Karl Bellack and Sam Rutherford acted as pallbearers. Other district people attending the funeral included Mrs. S. Parnell, Mrs. A. J. Martin, Mr. and Mrs. R. V. Bellack and Mr. C. H. Trapp.

Sunset Service Host To Many Well Wishers

There was a good crowd on hand for the grand opening of the new Sunset Service Station and Coffee Shop Thursday, Friday and Saturday of last week.

The new Sunset service station with the new coffee shop in connection located on the west side of the Sunset Motel is an extra service which patrons will be able to use during their stay in Edson.

A big attraction to purchasers of gas at the service station's pumps was the draw for the winners of prizes with the first prize of \$50 going to Hart Lindgren; second of \$25 to E. Fabrian; and third of \$10 going to C. Roebbin.

Six prizes of \$10 each were won by D. J. Jergens, Philip Tomlinson, R. Doucet, A. Berglund, L. Allen and Matt Sawky.

ANNOUNCEMENT

Mr. and Mrs. E. Affolter Sr. announce the engagement of their daughter Anna-Marie to Mr. Edward Barkham, of Elk Point, Alberta. Wedding to take place in March.

FRIDAY, SATURDAY, MONDAY

The Edson Leader

The Voice of Edson Constituency

Vol. 2 Edson, Alberta, Thursday, March 3, 1935 No. 44

CONTESTING TWO COUNCIL SEATS MONDAY

J. A. "JIM" BALL

A newcomer to the local political scene and a well known projectionist, painter and decorator.

W. A. "BILL" SWITZER

Presently serving on the Council and up for reelection Bill is a well known local businessman and a local boy.

W. "BILL" NIERO

Standing for reelection on Monday, March 7th, Niero is at present a member of the Council and a well known lumber operator.

Who Can Vote At Elections

The question of who is entitled to vote in the school division by-law plebiscite and the town election for councillors is being asked.

In the school division plebiscite the by-law is a money by-law and therefore requires that voters be bourgeois or property owners whose names appear on the list of proprietary electors.

In the case of the election for town councillor all residents of Edson since April 1st, 1934, 21 years of age and Canadian citizens are entitled to vote.

In addition bourgeois (who don't have to be Canadian citizens) who are on the list of proprietary electors of the Town of Edson are entitled to vote for councillor.

For those residents of Edson who are not on the voters list as it appeared in December, 1934, they can be sworn in if the returning officer is satisfied as to their eligibility.

U.N. Speaker Coming Here

Mrs. E. G. Montgomery, Canadian delegate to the United Nations, will address a meeting in the Edson High School Auditorium on Thursday, March 30th, at 8:30 p.m.

Mrs. Montgomery will also address a dinner meeting in the hotel room of the Commodore Hotel at 7:30 p.m. the same evening.

Tragic Fire At Mercoal

Three little tots were burned to death at Mercoal late Tuesday when fire destroyed the house of Mr. and Mrs. Edward Kirby.

The children Keith, 4 years, Allen, one and Rose Marie, a month-old baby were alone in the house for a short time while Mrs. Kirby was at a neighbor's.

When Mrs. Kirby got back to the house it was a mass of flames. Mr. Kirby and two older children were not at home at the time.

The sympathy of the community is extended to the bereaved family.

School Vote On Saturday

The big vote on the building by-law for the construction of over half a million dollars in schools is scheduled for Saturday, March 6, at various schools throughout the School Division.

The vote in Edson will be from 2:00 to 5:00 p.m. in the old school division office between 5th and 6th on Main Street.

NO CARNIVAL

Due to the extreme cold the Klugeyds show planned for this Friday evening was reluctantly postponed at the last minute.

"MAGNUS" MANGESEN

"HELMER" KJELLAND

Shown above are the new proprietors of Edson Dairy Company who took over from Mr. Harold Chapman as of the 1st of the month. Both Mr. Kjelland and Mr. Mangesen have had extensive experience in the dairy and allied industry and plan to expand the service as conditions warrant. Mr. Chapman plans to remain in business in Edson and will now devote his time to his custom-made clothing business.

Hinton's OK By Us

AN EDITORIAL

We've never liked to "run with the pack" and this seems to be the way we are with regard to the proposed pulp mill site at Hinton.

Admittedly that a pulp mill is going to be good for this area—and most people seem to admit that—then we can't for the life of us see why a pulp mill with several hundred employees 45 miles down a hard surfaced road is not going to be a good thing for Edson and District.

There are those who are saying that Edson really took a rooking when the site was changed—we can't see where. Admittedly the Town and Council got all hot and bothered about providing for "200 houses now and 500 eventually" but there has been no serious expenditure of money aside from the midnight oil spent by the Councillors in trying to plan ahead for the expansion.

There are even certain advantages to Edson taxpayers about having someone else worry about where the 300 or more houses are going to be built, where the schools to educate the kiddies, etc., etc., are coming from.

On the other hand Edson is a community with nearly 3,000 population and if we as a town can't retain that leadership over a town that isn't yet on paper—then we deserve to wither and die on the vine.

Somewhat we can't imagine the businessmen of this town, through their Board of Trade, allowing any such thing to happen. The trend along the Jasper Highway west of Edson is for the residents to look eastward and this includes right up to Jasper, 45 miles along a hard surfaced highway isn't very far to look eastward.

This is especially true when Edson retains its leadership in providing entertainment through our theatre, down to shops in restaurants to eat in and hotels and motels to stay in, with much extras as big sports days, carnivals and ice shows, etc., that are only possible in larger centres of population.

There is also the thought that things in the new pulp town will tend to be a bit more expensive, because they will be sold from spanking new buildings that will cost dearly to build and because of that extra 45 mile haul that will add to the cost for freight and express on everything that is sold there.

The disadvantages to farmers with woodlots in the immediate Edson area are unfortunate and it would certainly have been much better to have had to haul the pulp wood only ten miles or so instead of fifty miles, but then again it's better to haul it fifty miles than not at all.

The implication that local lumber operators are going to be out in the cold in the Athabasca forest reserve may or may not come to pass. Mr. Wilmore assured the meeting last Friday evening that marketable timber would not be allowed to be used for pulp wood. If this means that local operators will all have to work through the pulp company it could mean serious disadvantage to the local operators.

However with pulp being made from forest products we understand about 80 per cent of the wood is used, whereas with normal timber operations only 30 per cent of the forest product is utilized.

So there we have it—Edson can't lose by having a new industry come to our district no matter how you look at it.

Think Before You Vote

Now is the time to give considerable thought to the selection of a councillor. We usually think of a good councillor as a man whose integrity is above reproach, who is loyal to his constituents, ambitious, progressive and diplomatic. He should also have some knowledge of road construction. Today's needs make still further demands on his abilities.

Operating a municipality has become big business. How many taxpayers take part in handling a business with an annual turnover of half a million dollars? Yet, we not only expect our councillor to do this, but we expect him to do so as expertly as a financier.

One of the major considerations in the selection of a councillor should be his business ability as well as his personal character. He should be a good organizer with an understanding of finance and accounting. (How many of us understand the annual Municipal Auditor's Financial Statement?) A terrific responsibility rests on the shoulders of the councillor. It is your money he will be controlling, so "think before you vote."

We wish to make ourselves clear, very clear. We are not trying to tell you how to vote, or who to vote for, but please take time to vote. If you don't vote, don't criticize the choice of your neighbors and fellow taxpayers. Think before you vote, then exercise your right.

CARD OF THANKS

I would like to thank everyone who supported me, the High School, my manager, Miss Chiam and Mr. M. Parich, assistant manager. Congratulations Leigh.
 Evelyn Talpash

CARD OF THANKS

I thank everyone who supported me for Carnival Queen, especially Mr. Pilago and the teachers and students of the Elementary School.
 Leigh Dabbin

4-H'ers Discuss Pool on River

A special meeting of the McLeod Valley Jr. 4-H Girls Club was held on February 18 in Peavee School.

President Anne Haddock was in the chair and 12 members were present. A discussion was held on having a pool on the river.

It was decided that tickets be set as soon as possible and the closing date be March 25. Mr. White gave a rough outline on the conference at Sangued. He also mentioned a few things he hoped the 4-H'ers could carry out this year.

A discussion was held on supporting and advertising for 4-H Carnival Queen candidate — Gertrude Lianham.

The next regular meeting was on March 25 in Peavee.

At this meeting Clarence Monahan Jr., leader, and Gertrude Barnhart will report on the 4-H conference at Sangued. We hope this will interest 4-H parents.

After the meeting was adjourned lunch was served.

Roseover Notes

The Roseover Community Club are sponsoring a dance next Friday March 11 in the school. Good music and everyone is welcome.

We wish Miss Elizabeth Khat who is on the sick list this week a speedy recovery.

Also on the sick list is Mr. A. Saban. Hope you'll all feel better soon.

A lot of people in the district have had colds due to the cold spell. We hope the weather warms up soon.

The Farmers P.U.A. Local are holding their next meeting on March 29 at 8:00 p.m. Well drive will follow the meeting. Everyone is welcome to attend.

Mr. Paul Stibel is working in Illinois.

Junior aged 7, had spent the day inside because it was raining, and he'd been into all sorts of trouble for which his mother had scolded him endlessly. Finally at wife's nod she plunked him on to a chair and said, "don't let me see you today."

Junior mopped right back: "Well, tell me how can I stay away?"

WE LAUGHED AT THESE

The neatly dressed businessman walked into an income tax office and sat down. After about 2 hours someone finally called him: "Did you want something?"

"Not particularly," was the reply. "I just wanted to see some of the people I'm working for."

At the end, teacher pointed to a door and asked: "Tummy, what is this cabinet?"

"I dunno."

"What does your mama call your papa?"

"Daddy told me that's a lunatic."

"A fine and thankless country this is," said Pat. "Dunno of sister have Indian names and yet only one has been named for an Irishman."

"Ome!" pondered his friend Clancy. "Which one is that?"

"Faith and beggers!" spat out Pat. "Haven't you heard of the Western state, O'Kanagan?"

"My son," said a young mother to her neighbor, "always has his shirttail flapping outside his pants, but your son's shirttail is always tucked in so neatly. How did you manage to train him so well?"

"Oh," replied the neighbor. "It was really quite simple. All I did was sew a lace edging on the bottom of all his shirts."

"Hummy, that doesn't seem too painful like he advertised."

"Why, did he hurt you?"

"No, but he yelled like you after dentist when I let his finger."

"The dear old lady left a Christmas package at the parsonage with a note addressed to her pastor. 'I know you do not cure for pox, so I send candy to your wife, and milk to you.'"

The nickel-souring Smith took their infant son to a movie. The usher warned them that unless the baby remained quiet the management would refund their money and ask them to leave.

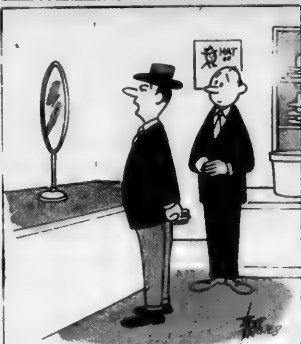

Near the end of the feature, Smith nudged his wife and whispered, "What do you think of it?"

"Terrible," replied Mrs. Smith. "Check," agreed Smith. "Kick the baby."

Having lost his Scotch dog, a resident of a river suburb inserted this ad in the local paper: Lost—black male Scottie, answers in Trouble.

No response was forthcoming after two days and the owner revised the ad by adding: "Has been exposed in rubies." Before bedtime that night five neighbors came to the man's house, each dragging a very reluctant black male Scottie.

LAFF OF THE WEEK

"... Like everything about it except the shape, color, price, and the price."

ALL ABOARD

By G. S. MORTIMORE

"Did my hair cut in a certain town by a barber who once served in a big prison farm for popping a hotel clerk on the nose."

This man (lets call him Joe Elvad, a fictitious name) was sentenced to 15 days' hard labor for assault. But he actually served only 11 days—and during that time he put on 10 pounds in weight. It's the truth, he says.

"I do more work in a day here than I did in my whole time in jail," he says.

They organized everything you can imagine, except a branch of history or Elvado—and they might have done that, if they could have got a charter.

To hear the boys talk in jail the only thing that got them inside was one little mistake. And when they got out, they weren't going to make THAT mistake again. Of course, they might make a different one.

Before you write a letter to the government about this, I had better tell you that my friend was in jail several years ago. Conditions may have changed.

On the other hand, Joe Elvad retained his amateur viewpoint. He is therefore able to talk lightly heartily about the whole thing. It is the prize from his gallery of anecdotes. He talks about his time in jail the way few men fortunate men talk about the day they fell through the ice on the creek.

They sent Joe to work in the barber shop. He was the only professional barber in there. Some of the others had gone to barber school and cut half-way through their scissors, clippers and razors were in poor shape. Joe cleaned and sharpened them, then buckled down to the job, which consisted mainly of hanging around and waiting.

Bob Takes First Train Into Kitimat

When the roadwork from Terrace to Kitimat by Way of Vancouver to Kitimat, B.C., was finally covered and up the coast by boat, done about the middle of January it was an Edson engineer who had the first passenger train use the honor of taking the first train into the town.

Photoed above are engineer Bob from having to make a long trip to Kitimat and his brother, Tony.

Glaser, a one-time resident of West Creek, photographed just before they left Terrace on this historic trip. They also made the first non-official trip, taking the first work train from one station to the other.

ATTENTION FOLKS!

You can now buy the famous HONEYBOY BREAD right here in Edson. Just say — "HONEYBOY" to your Grocer.

HONEYBOY BREAD is made by Western Canada's largest independent producers of bread and is made with the finest obtainable ingredients — (when they have that look of joy they've been eating HONEYBOY).

U.C. Notes

There will be infant Baptisms at Morning Worship on Sunday, March 6, if the weather is consistently above zero. Otherwise they will be held one week later.

A set of film-slides about a little girl in India will be shown to the Sunday School at 12:15 p.m. Sunday, March 6. They will offer a place of ministry to children and take the place of the regular adults who desire to study the

Lesson, on a Sunday when the teachers will be tired after serving the Bean Supper to the public Church on previous of their faith.

The Young Peoples' Union are busy these days preparing for a Fashion Show to be held Wednesday evening, March 23 in the School Auditorium. You will hear more about this soon.

Try a Leader Classified. They pay dividends.

Mahaska W.I.
Delve Into
Early History

The monthly meeting of the Mahaska W.I. was held in the home of Mrs. J. W. Haddock with the vice-president, Mrs. F. Johnson in the chair.

Secretary Mrs. Ruby White read a letter from Mrs. K. Wood, M.I.A. asking for information on the early history of this branch as a book is being written on the histories of all Alberta W.I. branches.

One question Mrs. Wood asked was whether the Nursing Home was still in a log cabin. This being the Mahaska W.I. were the one to petition the Government and had them send the first Nurse and medicines but all contents such as, furniture, light, wood and any comforts the Nurses required which were very meagre at that time.

Another question was whether Pella School was still standing or whether we had Centralized. As we all know Pella has now been turned to the people for community activities, although in poor condition.

Looking back through old records brought forth very interesting information such as Mr. James and Mr. Charles Bush were the only white men between Pembina and Athabasca Rivers before the land was surveyed. Charles Bush, located on a quarter later known as the H. J. Holleson place and James located five miles west. Members found this bit of local history quite interesting.

Our March card parties are on the 12th and 20th. Everyone welcome at the Pulman School. The next meeting will be the first Saturday afternoon in March at Mrs. F. Johnson's.

Miss Margie Polynick spent the weekend at home before going on to the coast for a short visit. On her return from the coast she will begin employment in Edmonton.

Burg Rockets
Take Whitecourt
In League Game

The Evansburg Rockets battled their way to the W.A.H.L. final against Sanguo by whipping Whitecourt 6-3 in the second game of the two-game total-goal series. They had lost to Whitecourt 5-3 at home the previous Sunday.

The Rockets took the lead quickly, scoring three goals in a five minute span of the first period on goals by Elisk, Dye and Melvin.

The teams shared two goals in the second period, Grey getting the Whitecourt marker and Berg replying for Evansburg.

The teams again stayed on even keel in the third period with K. Smith scoring for Whitecourt and Elisk getting the one back minutes later. A. Woods scored late in the game, and with only one minute remaining, Ab Bruce picked a corner for Evansburg from a 4 ft. of their goals, tied the game with a difficult angle.

Evansburg: Walachuk, Durin, Dye, Bruce, Kharbach, Melvin, Berg, Keisel, Anderson, Dolgash, 5-4 victory. Scoring for the Rockets: Dye, Dye, Dye, Dye, Dye, Dye.

Whitecourt: Berget, Hory, Karl, L. Cartwright, Medford, MacKinnon, Reed, W. Cartwright, Cymbalista, Smith, Gardner, D. Halverson, Durall, Halverson, Wood, Grey, A. Wood, F. Smith.

Whitecourt: Berget, Hory, Karl, L. Cartwright, Medford, MacKinnon, Reed, W. Cartwright, Cymbalista, Smith, Gardner, D. Halverson, Durall, Halverson, Wood, Grey, A. Wood, F. Smith.

THE 'LOOPER' AT REST

After a short young thing ending her first hockey game what the "C" on Athletic team captain Low Ramsdell's sweater meant a hardened fan glared down at her and snarled: "Character, what else?" That one medium-length word fits the energetic Low, captured above by the Leader camera at rest for one of the few times in his life, perhaps better than any other in any language. An effective defenseman while on the ice, Low has spent much of his time off the ice working in the club in such capacities as decorator, arranger, club sign painter, etc. and his untiring efforts since the season's start have turned the Athletic dressing room into a sort of home away-from-home for the players, complete with bulletin board, cue-rack hanger, pitch rack and picnic calendar. A warrior by nature, Low sports the club's only scar, and has a quart of milk as his constant companion between periods. Low also worries a lot about the future of refereeing to call penalties on his own team, and his view that referees with a rugged style of play have earned him more penalties than any other player on the club. "The Loop" spent last winter at Jasper and played with that town's hockey club, but most of his playing years both in hockey and baseball have been spent in Edson.

Sanguo Royals
Take Lead In
W.A.H.L. Final

The Sanguo Royals took a stranglehold on the W.A.H.L. championship by winning the first two games of the best-of-five series with the Evansburg Rockets. The Rockets had previously demolished Whitecourt in a two-game total series by losing the first game 5-3 but coming back to win the second 6-2.

In the first Rocket-Royal game at Sanguo, the Royals broke a 2-2 deadlock in the third period with two quick goals by Gilson and Weidel to take the game 4-2.

In the second game of the series at Evansburg, the Rockets held a 3-1 edge at the end of the first period and a 3-2 edge at the end of the second but lost the game in the final minutes of the game.

Weidel, who did practically all the damage for the Royals scoring 12-20 for the winning goal and a Berg, Keisel, Anderson, Dolgash, 5-4 victory. Scoring for the Rockets: Dye, Dye, Dye, Dye, Dye, Dye.

Whitecourt: Berget, Hory, Karl, L. Cartwright, Medford, MacKinnon, Reed, W. Cartwright, Cymbalista, Smith, Gardner, D. Halverson, Durall, Halverson, Wood, Grey, A. Wood, F. Smith.

Whitecourt: Berget, Hory, Karl, L. Cartwright, Medford, MacKinnon, Reed, W. Cartwright, Cymbalista, Smith, Gardner, D. Halverson, Durall, Halverson, Wood, Grey, A. Wood, F. Smith.

1905-1955

ALBERTA HONORS HER PIONEERS

with Senior Citizen Scrolls

For their contribution to Alberta's Fifty Golden Years, all pioneers who were in the Province at the time of its establishment in 1905 or before, will be presented with Senior Citizen Scrolls, upon application.

Crests on the delicately engraved border of the scroll will depict history motifs of the province, and the script will identify the recipient as a Senior Citizen. The name will be hand written on each scroll by an artist.

• Who May Apply:

All persons who have been in residence in the province since the year 1905 or prior, may apply for a Senior Citizen Scroll. A short period of absence does not disqualify you.

• How To Apply:

Applications must be made for scrolls. Forms will be available soon at Municipal Offices in each district or from the Jubilee Committee. Completed application forms are to be sent to the Committee (address below).

CLOSING DATE for APPLICATIONS - August 1st, 1955

To enable the Jubilee Committee to prepare and distribute the scrolls, your co-operation is requested. Completed applications must be received by August 1, in order that distribution may begin by August 22.

• Distribution Of Scrolls

The majority of scrolls will be mailed from the Jubilee office to the applicant, but communities wishing to be responsible for distribution at special presentation ceremonies, even prior to August 22, are requested to prepare a list of eligible citizens and ensure that application forms are submitted well in advance of the date scrolls are required.

• Honoring Our Pioneers

They, who homesteaded in Alberta at the turn of the century, or who pioneered in industry—they, who saw the birth of a great province and contributed to 50 years of progress—it is they who are worthy of a special and personal commendation by the rest of us—their relatives, friends and neighbors. Whatever the date, wherever the presentation of a Senior Citizen Scroll in a home or at a public gathering, join in our Golden Jubilee Celebrations by adding your personal congratulations.

• Senior Citizen's Day

A Senior Citizen's Day has been added to the agenda of official dates for the Jubilee Year. September 16th has been set, though communities throughout the province will be holding special Senior Citizen Scroll presentations to coincide with their own Jubilee activities.

action this week Jack Bevan notched high singles and triple of 303 and 630. The Ranchers came up with high team angle of 1096 while the Alley Ope turned in top team triple effort of 3015.

In the Ladies Afternoon League Ella Graf took high individual honors with a 194 single and 405 triple, while the Quints turned in the high team effort of a 2022 team triple.

We skipped writing a column last week so this week to catch up on our picture schedule we bring two members of the local sporting fraternity out to take a bow.

You'll go a long way before you find as diverse a competitor as Lyall Korman in any sport. He's the kind of guy who never gives up and his persistence has won a lot of admiration from even opposing players and has earned a lot of goals, baskets, runs and touchdowns that might otherwise have been scored. A Grade Twelve student at Edson High, Lyall still a valuable position at guard on Duke Stockwell's age squad. As far forward on the Athletics, he is well up in the scoring race and stands out as one of the hardest workers on the club. Just to fill in time between hockey games one recent weekend he skated a full

The lady cricketers finished several more of the events in their annual tournament this week, but as yet all the competitors have not been played and will bring you a full report next week.

A number of local risks are planning to take in the annual Cliff Branchflower "Spot of Murder" this weekend. This "spot" has long been a highlight of the curling season and this year promises to be no exception.

In Commercial League bowling

LYALL KORMAN
is the high school basketball to the Grand Challenge final, staying up most of the night to do it; but still showing up for a hockey game Sunday afternoon. After playing in the baseball Athletics infield for several seasons, he went behind the plate in last year's July First tournament to turn in a catching performance that rated as one of the highlights of the tourney. We could say more, but every one interested in sports in the district is already aware of the white oval arena of our own since he came to Edson some five years ago.

Our second guest this week is Reg Gerlitz, another young athlete who stars in more than one sport. At present (hockey) school at Macleod, Reg has been making frequent trips to Edson this winter to serve on the Athletics hockey machine. In the recent series with Linden he was shifted from his wing position on the forward line to a defence post, where he performed in a manner to gladden the heart of any fan. As well as getting a goal each game he finished

all agricultural production in 1954 was in the neighbourhood of 1000,000. However, farm income for any year is less than total value, due to a substantial part of sold crops being utilized by the farmers themselves in the production of livestock and poultry. Actual cash income to Alberta farmers in 1953 is calculated at approximately \$600,000,000, a reduction of

Since irrigation multiplies the carrying capacity of the land and greatly increases its productivity, projects now developed and those planned for the future are of the importance to the stability of the industry and indeed to the entire economy.

Agriculture in Alberta is making an important contribution to the Province and to Canada. It will continue to do so, in ever increasing measure, as the years go by.

REG GERLITZ

an important spot on the defence staff. Reg has been the workhorse of the baseball Athletics picking Korman in any sport. He's the kind of guy who never gives up and his persistence has won a lot of admiration from even opposing players and has earned a lot of goals, baskets, runs and touchdowns that might otherwise have been scored.

We have in Alberta about 60 million acres of land suitable for farming. The potential area of arable land in Alberta exceeds that of any other province.

Feed, one of our basic necessities, comes directly from the soil, or from animals that consume plants such as grain, clover and grain. Life depends upon the soil and the uses to which it is put.

Agriculture is the most general occupation of man. It remains Alberta's most important industry.

Alberta's Department of Agriculture makes every effort to help farmers with their problems, to promote interest in agriculture and to encourage the best use of our rich soil resources.

The potential of Alberta agriculture keeps the department's eye on the future. Its more immediate task is to create an environment that will enable farm families to maintain a high standard of living and preserve the qualities of their lands.

As agriculture in Alberta expands, this will remain the basic responsibility of the department.

Alberta's farm population is approximately 245,000 living on over 94,000 farms. Total value of

all agricultural production in 1954 was in the neighbourhood of 1000,000. However, farm income for any year is less than total value, due to a substantial part of sold crops being utilized by the farmers themselves in the production of livestock and poultry. Parks Report

Given To
Ratepayers

The report of the Parks, Rink, Cemetery, Town Hall Committee was inadvertently omitted from the press reports of last week.

The Rink, standing as a feature of our activities of this season, Councilman Kortman reported that the Arena had been substantially improved by the installation of plumbing and that the new outdoor rink that was constructed largely through the good offices of the Rinkmen Club and the Edson Athletic Association, had proved to be a great asset and served particularly in giving the younger group a place to skate.

The Rinkmen built the fence and the E.A.A. had paid a large part of the cost of light installation. Though off to a late start, the rink, under the management of Mr. J. Daniel, is going ahead most satisfactorily.

The Park's budget was considered somewhat due to the over cost. The Park was leased to the E.A.A. again in 1954. The Committee showed the progress of the growth of the area, there being 87 lots in 1954.

An area south has been cleared, and fence posts procured for sections that will be necessary in 1955. The small upshot was maintained. The old Town Hall, though bulging somewhat, still stands.

days which we call Rinkmen Days. They are days of special feeling and devotion for a special purpose that purpose being the increase in quality and quantity of the sacred principle. The president of the Church is the highest vocation to which a man may be called; it is therefore fraught with more danger, more frustration, more adventure, more opportunity for true love than any other. The priest's job is to show forth Christ the Lord to the people and to lead the people to Christ. The prayers of the faithful are needed both for all the clergy, and for those preparing themselves for Holy Orders. This Sunday, at St. Catherine's will offer the Rinkmen with this special intention, and also give an opportunity to the faithful to make their annual offering for the work of our theological colleges and seminaries.

FREEZING WEATHER CALLS HALT TO GALA KINSMEN'S ICE SHOW

Edson's annual ice carnival, of ten plagued by high temperatures and melting ice in recent years, fell victim to sub-zero weather which last weekend forced cancellation of the Saturday night performance and cut attendance at the Friday evening and Saturday afternoon shows.

Some 450 hardy persons braved 25-below-zero weather Friday night to see the show, "Klondike of '35" which featured the most dazzling display of costumes and scenery yet put forth in the Edson show.

The carnival was officially opened by the Hon. Norman A. Williams, Albert, Minister of Industries and Labor, following which Edson's Mayor M. B. Burleigh placed the Klondike crown on the head of Miss Leigh Dekin, Elementary School candidate, who had been escorted to the platform by her princesses and the Edson Cadet trumpet and drum band.

Muscle for several numbers of the program was provided by the Edmonston Schoolboys Band, who played quite well despite the handicap of freezing instruments, hands and toes.

The costumes, created by the Kinetite club of Edson, and the arena-wide forest scene, painted by artist V. Kuprianov, along with an attractively painted ice surface contrived with the Kinsmen, provided real color for the performance of the theme of the first paying a winner to Edson this season of the program "Hawatha," day for a series of games with the school out by some 120 local young members of the local Senior badminton club who had been schooled for

months by instructors Jeanne Letwinski, Mary McKeever, Toni Ross and Joy Rukavina, under the direction of Mrs. Laura Mahon.

The young skaters were a credit to their teachers, as they went through their routines with very few mistakes despite the stiffness brought on by the biting cold.

The second portion of the program consisted of several solo, duet and trio numbers, including a well-executed solo by Edson star Joy Rukavina, three comedy numbers, two of them featuring local male skating star Bob Evanson, a duet by Trudy Forsythe and Joy Rukavina and numbers by Edmonston skaters Barbara Park, Lynn Gibb, Gordon Llansey and Little Darlene Higgs.

Friday afternoon's performance was run off as scheduled but there was no Saturday night show due to the continued cold weather. The Kinsmen had planned to hold a performance this Friday evening but with the mercury hovering in the 20-30 below region, every night this week this plan had been abandoned.

City Racquet Club To Visit Edson

Members of the Brampton Racquet Club of Edmonston will be visiting Edson this Saturday afternoon to play a series of games with the school out by some 120 local young members of the local Senior badminton club who had been schooled for

Edson Theatre Poster Contest Draws Interest

The winning entries in the Edson Theatre's 4th Annual Poster Contest received the admiring attention of local citizens while on display at Graf's Variety Store.

Winner of the new award open only to students of Edson High is Grace Kilbuck of Grade Eleven, with a very pleasing, original comic-theme on the picture "Man With a Million." This is the second win for June as she won a prize with a poster entered in the contest while a Grade Nine student.

Competition proved very keen for the awards open to Grade 7, 8 and 9. Bruce Frith, Grade Nine, won first place with a professional-looking poster on the picture, "Apache."

A very impressive mountain scene portraying the setting of the film "Backstage" (filmed at Banff) won second prize for Jennie Greenwood of Grade 8. Thomas Mah, with an eye-catching entry on "Knock On Wood," winning 3rd prize, became a repeat winner, having won in the contest last year.

For the past several years Northville students (attending Wildwood school) have led the District competitions, and remain in form this year thanks to Sophie Zukowski's artistic entry on "Knock On Wood."

Young newcomer to the contest is Patricia Beale, Grade 7 student at Spruce's Park, winner of second place with a fine poster on the Danny Kaye musical comedy "Knock on Wood."

First winning poster to make use of magazine illustrations, one which no doubt entailed lengthy research, was entered by Dwayne Little, Grade 8 student at Edmonston whose efforts won third prize.

Red Cross Show Sunday

Powder Bros. are again providing a film for a Sunday benefit show to be held this Sunday, March 6, with the Red Cross being the organization getting the benefit in this instance.

There will be two showings of the film, a matinee at 2:00 p.m. and an evening performance at 8:00 p.m. The picture will be a musical comedy starring Eddie Cantor, entitled "Show Business."

RED WINGS WIN ELEMENTARY HOCKEY LEAGUE TITLE

The Red Wings, captained by David Anker, captured the Elementary School Hockey championship this week, winning the first two games of the best of three final series over the Flyers.

Wings took a 1-0 decision in the series opener Monday night. Anker accounted for 11 of the Red Wing goals, with Andy Kulyk collecting a pair and David Antonenko one. For Flyers captain Gary Davidge sank five markers, with singles going to Burton Rowan, Wednesday night's game, won 5-3 by the Red Wings, wing a close

battle right up to the closing minutes, with the score tied 3-3 two minutes left to play. A pair of quick goals by Wings won them the game and the league title.

Anker scored three of the Red Wing goals, Kulyk and David Antonenko one each. Gary Davidge accounted for all three Flyers goals. In an exhibition game played Monday night between the Edmonston Rockets and Universal Jets, Rockets took a close 3-2 decision. Johnny Pereno scored all three Rocket goals while Bobby McLeod scored twice for Jets.

Local Red Cross Ask All To Put 'Blood In The Bank'

Have you ever thought of your gift of money and blood to the Red Cross as an investment in life insurance? And we do mean "Life Insurance"—something that may mean prolonged life—not just a fund building up to be spent by others after you have gone.

If you are in a car accident, suffer burns, require major surgery or develop any of the ills where the use of blood may save your life the Red Cross will be right there to help.

Oh sure, you will get the blood when you need it even if you have never donated—but wouldn't you prefer to have "blood in the bank" to draw on? If you never need it yourself you are lucky, and you will be glad to know that your donation has gone to help some fellow human.

This insurance doesn't pile up big dividends to fill the pockets of a few fat financiers—it pays off in human lives.

Your donation of cash is needed to provide equipment and trained personnel. Alberta Red Cross spends more money on blood service and on the Crippled Children's Hospital than the annual campaign brings in.

So we need your cash and we need your blood to keep "the blood bank" in sound condition. You can pay up your premiums in Edson this week. Visit the blood clinic on March 7 or 8. No appointment is necessary.

The local Red Cross will say "Thank You" with coffee and sandwiches.

SUNDAY, MARCH 6 — Special meeting of the Edson Craft Centre in the Library. Old and new members requested to attend. 63-4

MON & TUES, MARCH 7 & 8 — Don't on any account forget your date at the Red Cross Blood Clinic. Remember it could be your own life you are saving.

THURSDAY, MARCH 17 — Annual St. Patrick's dance in the Legion Memorial Centre, sponsored by Edson B.P.O.E. 63-5

WEDNESDAY, MARCH 23 — At 8:00 p.m. the regular monthly meeting of the Home & School Association will be held in the school Auditorium.

ANNOUNCEMENT

Having purchased the Edson Dairy from Mr. Harold Chapman and will be operating under the name of Edson Dairy Company as from March 1st, we solicit the continued patronage of all old customers and we will be pleased to be given the privilege of serving many new ones.

We assure you that we shall, at all times, endeavor to give the utmost in quality and service.

Instead of the usual paper milk tickets now in use we are introducing plastic tokens in various denominations, and in order that redemption of the paper tickets be completed as quickly as possible we urge all customers with such tickets on hand to exchange them for an equal number of tokens by either contacting the delivery man or calling at the dairy.

Substantial Assistance For Schools Provided In Budget

AN EDITORIAL

Interested ratepayers, councillors and school officials are looking forward with all the anticipation of children waiting for Christmas to learn the details of the extra help for struggling school divisions as announced in the Provincial budget brought into the Legislature by the Hon. G. E. Gerhart this week.

The whole program of school cost help has been deliberately arranged to give the most help to the struggling low assessment areas such as the Edson School Division. The budget advice to balance budget at all costs last year is now going to pay off in additional help under the new formula as well.

According to well informed estimates this will mean that the school requisition will be reduced from the present 47 mills to 25 mills, and would mean for Edson Town alone a drop from \$76,000 paid for school purposes last year to about \$43,000 this year. Edson Town has been levying 53 mills to allow for discounts and non-collection of taxes and in this proportion will probably have to levy 28 mills or so to collect the 25 mills requisitioned by the school division.

The Council will have to get the official word from the school division, who in turn must get the amount of the actual grants before they can make up a budget. It could conceivably be into April before definite word on the actual amount of the grants and other financial help from the Province is known in detail.

The Edson Council have not had a chance as yet to decide whether the mills for school purposes released will be devoted to lowering taxes, doing more in the Town in the way of public works, or reviewing the high light and power rate and adjusting that somewhat. But the ratepayers all agree that its use to be figuring out how to spend a prospective surplus instead of wondering where increased demands for school purposes is going to end.

It is on this note of where the tax relief should be made that opinion will differ widely. Our opinion is that both some mill rate reduction AND some light and power reduction should be made. But our Town Council will have to weigh all the angles before making up their minds.

The Government deserve, and no doubt will get, the hearty thanks of hard-pressed ratepayers in this area. The delegations that went to meet the Provincial Cabinet from this and other similarly situated school divisions seem to have borne fruit. Thanks Mr. Manning, we can sure use the dough!

Banquet For Junior High Hockey Clubs

Players in the four town Edson Junior High School Hockey League attended a banquet in the Commodore Hotel, followed by a free show at the Edson Theatre Wednesday evening.

After the turkey banquet and toast to the Queen, Chairman Percy Wells expressed the thanks of the League to the team sponsors coaches and to sponsor Mr. S. Madson, who had provided for the banquet.

Each of the team captains and coaches and the two sponsors represented, Mr. W. A. Switzer of Switzer's Drug Store and Mr. Harold Chapman, who sponsored the Chapman Tigers, spoke a few words to the gathering. The Edson Motor Co. and Mr. Madson, the other sponsors, were not represented.

Plans for the entry of a Midget team in the Provincial playdowns next season were announced by Joe Polowich, who coached the Tigers this season and Mr. John Finlay, Superintendent of Schools, gave the boys an idea of what they could expect if such an entry were made.

Low Ramstead Leads Penalties

We took a little time out to add up the minutes spent in the penalty box by the various members of the Athletics this week and find Low Ramstead leading the list with 47 minutes in penalties against his record. Vic Chubalak and Grant MacMillan have 18 each, Walter Higgins 14, Lynn Kertman 13, Al Grant and Nine Coleman each, Reg Gerlitz 8, Stan Davidson 7, Joe Pavich 5 and Frank Loran 4. The rest of the players are listy white as far as getting caught by the referees are concerned.

Mrs. George Gourley is visiting at Red Deer this week with daughters Beverly and Jean.

Mrs. Barbara of Styl is visiting at the Ron Rocco home.

COUNCILLORS RE-ELECTED

Councillors W. Switzer and W. Higne were re-elected for three year terms each following Monday's election to fill the two seats on the Council. Councillor Switzer led the poll with 223 votes; Councillor Higne received 207 votes and Mr. Jim Ball received 177 votes.

Out of 419 ballots cast there were 32 who voted for only one candidate which is considerably higher than average. There was also one rejected ballot (the voter had put three X's opposite the candidate of his choice). Of the 32 "plumbers" 22 were for Mr. Ball with the rest being divided between the other two candidates.

In previous years ballots cast for only one candidate when more than one is running have been disqualified. This election Returning Officer R. C. Strupp allowed them as he could find nothing in the Act against this practice.—Photos by Grant

School Division By-Law Gets OK By Majority Of Ratepayers

Returning Officer D. B. Blandell, secretary-treasurer of Edson School Division No. 12 has announced the official count in the plebiscite to decide what the voters wanted as far as the \$600,000 building program was concerned.

Voting for the by-law were 406 ratepayers and against were 237 ratepayers. As the bylaw only requires a straight majority vote it was carried, of course.

As shown by the vote by schools listed below, the Pembina ratepayers were pretty solidly against the building program, but the heavy vote at the Edson town poll against the bylaw was surprising to many.

Most voters interviewed by The Leader said they had voted against the bylaw because they didn't want to see an increase in the mill rate. They almost all admitted that the school room accommodation was necessary.

The announcement of the extra school grants in the provincial budget Friday night came too late to impress many of the contrary votes and it is thought that the most of these votes would have been for the bylaw if they had thought there would be no mill rate increase.

The vote by school follows:

	For	Against
Edson	191	61
Mountain Ash	—	2
Evansburg	91	49
Estremus	—	—
Wildwood	35	39
Nissan	47	7

Win At Mercoal

Three Edson risks took part in the Mercoal Mixed Bouquet last weekend played by Danny Switzer, Joe Switzer and Joe Kutra. The Danny Switzer risk, which included Misses Helen Kutra and Helen Shamer and Danny Shamer, took second in the competition to win propane lighters and silver crown and sugar sets.

More Light For Edson

During 1964 the Town of Edson erected a new street lighting system on the lower half of Main Street covering the Business Section.

The old system with its light bulbs and glass shades wasted three-fifths of the light into the sky, and although the Mercury Lamps decided upon and erected, use twice the electricity, they give off three times more light.

The Mercury Lamps installed shade the light downward towards the street, and the gain in illumination at street level is even more dramatic than the figures given.

Each of the 20 new steel poles supports the most modern lighting equipment available. The downtown district is much more attractive in appearance and the ratepayers of Edson are no doubt proud and unanimous in their approval of the better illumination.

All electrical wiring and wooden poles were moved from Main Street to the adjoining lanes, the buildings on Main Street are now serviced at the rear, from a lanes. Much credit is due the Utilities Superintendent and employees for their planning, prior to and assistance to the contractor during the change over and installation of underground cable work, also erection of new steel poles. The proper type of Aerial Ladder has yet to be supplied the Utilities Department for servicing this new Mercury Street Lighting Equipment.

The People's Choice

Councillors Switzer and Nigro know this week that they have the people of Edson behind them in fairly substantial numbers following Monday's vote count.

While Mr. Ball made a very good showing and revealed a heavy section of the ratepayers considered he would make a good councillor and this should be a source of satisfaction to him, he also rendered an excellent service in making a vote necessary.

There is frequent criticism about people not taking sufficient interest in what their Council is doing and one of the chief reasons, in our opinion, is that all too often the voters do not see that a choice is available.

A genuine division of opinion on municipal affairs is healthy town politics and ensures that every angle of policy respecting town problems gets consideration.

More power to you Councillors, new and old, and let's see what you can do with the extra money the smaller school requisition will make possible.

Loyalty

You can't buy loyalty, they say;
 I bought it though the other day
 You can't buy friendship tried and true;
 Well, just the same, I bought that, too.

I made my bid and on the spot
 Bought love and faith, and a whole lot
 Of happiness, no all in all
 The purchase price was pretty small.

I bought a simple trusting heart
 That gave devotion from the start.
 If you think such things are not for sale,
 Buy a brown-eyed pup with a wagging tail.

WE LAUGHED AT THESE

"Did your wife win a prize in that magazine contest?" she asked another. "No, she didn't," was the reply.
 "How come? Isn't she smart enough?"
 "Oh, she's smart enough all right. But she entered under a pseudonym. You see, she's never been able to say anything in 25 words or less."

A lecturer was giving a talk before a women's club on life in Egypt, past and present. He mentioned how curious some of the Egyptians were toward their wives.
 "Why it is no novelty at all," he said, to see a woman and a donkey hitched together over there."
 "Come to think of it," volunteered a voice from the rear, "it's no novelty in this country either."

Ruckin' Chair Observations: I know folks who claim they're happier because they don't rich, but I don't think any of them would be unkind to a wealthy old uncle... Some folks are so what they need is a good kick in the pants... Will Clats says if you want to do something to make the little woman really happy, set the bathroom scales back five pounds.
 Why is it that when a fellow is trying his best to concentrate on working in the garden he finds such beautiful fishing worms...

"Dad, it says here that a certain man was a financial genius. What does that mean?"
 "Only one thing—that he could make money faster than his family could spend it."

Be faithful to your friends; for true friendship is of a nature not only to survive through all of the vicissitudes of life, but to continue through an endless duration; only to stand the shock of conflicting opinions, and the year of a revelation that shakes the world, but to last when the heavens are no more, and to spring forth from the ruins of the universe.

In all affairs of life, courtesies of the smallest character are the ones which strike deepest.
 MEASURE OF MATURITY
 How can you know your son is grown
 To man's estate and on his own?
 Take heart, my friend, there is a way:
 Just watch him on a rainy day
 When there are puddles on the ground.
 If he suddenly walks around
 Instead of boldly striding through
 Regardless that his shoes aren't new—
 Well, then, and only then you can
 Be doubly sure your son's a man.

LAFF OF THE WEEK

ALL ABOARD

By G. E. MONTAGNE

Some people insist on reading Motor Oil. Try it Today.
 bits of the newspaper aloud. There seems to be nothing more they do to as a nervous gesture, to be said on the subject, so you like twiddling the thumb or drumming on the wall. It's a kind of you walk or ride along in silence for a while.

Friday, March 10, at 10. On the 11th of the Following Month, he blurted, "Don't Be Half-Bright. Use Common Sense. Flange Hardware Store and Turkish Bath. Are You Troubled With Throat Scratch? Vets For Joe."

"My gosh," you exclaim in a shocked tone, and wait for the person to say something more about this tragic affair, or draw some wise conclusion from it. But the reader-aloud drops the subject. He doesn't go in for educating. Just the facts, ma'am. And then he's off to the next item.

"I'll see the town of Tumblehead," is making the mile-high this year."
 "Do you think our taxes will go up, too?" you ask, but the reader-aloud doesn't get your message.
 "That," he says, "The council drivers of the Sudan are threatening to strike."
 And so it goes. Give this man a time, and he'll read the paper aloud clear down to the fillers and the classified ads. There's not much you can do, except sneak out and leave the fellow to read alone to himself.

A kindred poet is the man who reads signs aloud. "Now Caribee Gasoline With the Miracle Ingredient, Glucose T.Y.G." he suddenly announces.

"I beg your pardon?"
 "Oh, I was just reading the sign on that service station. And things

New Plates Now On Sale
 You may purchase your new car or truck license plates at the Provincial Treasury Branch. Sales started on March 1st, with several persons getting their new tags the first day.

The new plates are black with gold letters. This year in order to get your new driver's license you must produce your last year's card. If you have destroyed your old one or lost it, you can still get a new one by applying at the Provincial Branch, filling out the necessary forms to be sent to Edmonton, from where your new driver's license will be issued, providing you are entitled to have one.

This new setup was introduced because many persons have had their license suspended and in order to prevent these persons from purchasing new licenses this new regulation has been introduced.

Marathon Game Fails To Decide Championship Of Jr. High Hockey League

The winner of the Pattinson Trophy, emblematic of the Junior High School Hockey League championship has not yet been decided even following a marathon game played Wednesday morning that failed to produce a winner in 119 hours and fifteen minutes of overtime.

Madden's Maple Leafs reversed the series at one game apiece by winning the second game of the series over Edson Motors Spittins Thursday night after dropping the opener 6-2.

First cold weather and then soaring temperatures prevented playing of a third game until Wednesday morning with play starting at 7:30 in order to make use of time.

LEAPS WIN EASILY
 Last Thursday's game saw the Leafs, who dominated league play all season, hand Spittins one of their worst defeats of the season as Tommy Mah and Hugh Ashwood snatched a pair of goals, with Doug Wells, Cliff Olson, Timmy Greasy and Dieter Pahlers adding singletons. The lone Spittins goal came from the stick of Mike Greasy early in the first period.

"KID OF THE YEAR"
 The hot and cold Spittins staged a complete reversal of form in Wednesday morning's encounter and were within seconds of skating off the ice league champions as they projected a 3-3 lead until the final minute of the third period when Tommy Mah, league scoring champion, rapped home a goal with bare seconds remaining to send the contest into overtime.

Spitts took a 3-1 lead in the first period on goals by Gordon Sheppard and Irv Lench, with Mah, assisted by Joe Lewis, rapping for Leafs.

It was Mah again who kept Leafs within scoring range in the second period.

Spitts took a 3-1 lead in the first period on goals by Gordon Sheppard and Irv Lench, with Mah, assisted by Joe Lewis, rapping for Leafs.

It was Mah again who kept Leafs within scoring range in the second period.

At the beginning of the second period, Mr. Johnson sold his farm and moved to work at the dry docks in Prince Rupert, later settling at Terrace, B. C.

His wife, the former Stella Girard of Antigonish, N. S., preceded him about fifteen years ago.

U.C. Notes

The Minister is now conducting two church membership classes. The one for teenagers will hold its next meeting Tuesday, March 15, after school. The one for adults will meet Thursday, March 17, at 8:00 p.m. Both will meet in the choir room of the church.

The Evening Choir is being re-organized, with Mrs. G. M. Maclean again leading as former members of Senior Choir and of Young People's Choir gather to prepare Easter anthems. Mrs. Mathers is preparing special music also with her Junior Choir.

Mr. Rita Whitfield left Thursday for Kelowna where he has been moved by the C.N.R. Mrs. Whitfield will follow at a later date.

Last week's bowling results for the Ladies: Afternoon League won in error in that Mrs. Bob McKee had high single with 204 instead of 8. Giff.

Council Asks Edson Development Corporation About Housing Deal

At their regular meeting on March 1st the Edson Town Council directed the Town Solicitor to write to the Edson Development Corporation to find out what the intentions of that company are with regard to the proposed development in Edson in view of the change of plans on the pulp mill site location.

This, it will be readily recalled, was the proposed 200-house town, 500 later deal which was to have started in the north east part of the Edson townsite.

The Town is in the position now of not having any Town-owned lots on utility serviced lots and must know what the proposal is with regard to this development before over-all plans can be made for Edson's natural growth, which would normally have taken place, pulp mill or no pulp mill.

Present were Mayor Burleigh O.O.R.P. Edson Lodge No. 51 for and Councilors Mahon, McIntyre, Nigro and Tucker.

It was moved that the minutes of the Annual Meeting of February 14th be adopted as written.

Mr. C. H. Bell addressed Council asking for extension of license coverage.

Feed License - It was moved that approval of Council be granted to extension of license for Cawley Lumber and Builder's Supplies to include sale of Feeds and Fertilizer.

Legion Delegation - Messrs H. L. Switzer, W. H. Fowler and E. Bannerman addressed Council on behalf of the Canadian Legion R.E. 83, asking for the financial problems that are besetting the Legion that have arisen in consequence of the eviction of the Hall that was designed to serve the community, and asking for the consideration of Council to some formula of assistance that might aid in carrying the Legion through the next two years.

Building Permits - It was moved that the following building permits be approved: Sunset Trailer Court, lot 11, block 134, street building, 55,000.00; Bird Construction, lots 5 and 6, block 21, Federal building, 325,000.00.

44-Hour Week - Letter from day work's department employees asking for consideration of Council to

44 hour week with same take home pay was read. It was moved that Work's Employees application be tabled for further consideration of Council.

Account Protected - Some discussion took place with regard to the account of Hadda, Davis and Brown Limited and the Secretary was instructed to protect the amount of the charges.

The following accounts were passed for payment:

E. Dutka, \$90; C. L. Gager, \$54.46; J. Daniel, 108.78; A. Chisna, \$2.08; J. Wychnowski, 108.80; J. Hendricks, 108.11; Eric Johnson, 103.38; J. Hancey, \$3.51; Mark M. Albert, 111.50; Earl Post, 2.16; A. J. Tyn, 10.80; W. C. Kortman, 13.96; G. Oer, 24.20; E. H. Minister Answers Telegram Protesting Pulp Mill Move

Members of the Board of Trade and the Edson Town Council have become alarmed at what they consider a threat to the economy of Edson and District in the decision of the North Western Pulp and Power company to locate nearer to Hinton than to Edson. The joint public bodies have therefore sent a telegram to the member for Edson, the Hon. Norman Willmore, Minister of Industries and Labour, protesting the Provincial Government's acquiescing to the change of site.

We reproduce the telegram from the Board of Trade below, followed by the detailed reply received from Mr. Willmore. The telegram follows:

Hon. N. A. Willmore, Minister of Industries and Labour
Hon. Ivan Casey, Minister of Lands and Forests

The recent announcement of the change of location of the proposed Pulp Mill from the McLeod River to the Athabasca River has been received by the people of the Edson area with deep regret. STOP The granting of timber rights in the Berland Area north of the Athabasca River to the North Western Pulp and Power Limited will greatly affect the lumbering industry in this area and will in turn have serious and detrimental repercussions on the economy of the Town of Edson and its surrounding district. STOP It is with grave concern that we urge the Provincial Government to withhold any decision which would alter their agreement of last fall with the Pulp Company and in particular with regards to the changing of the boundaries of the timber base until such time as all interested bodies can be heard.

EDSON BOARD OF TRADE
EDSON TOWN COUNCIL

Mr. Willmore's answer to the telegram follows and it will be noted that in addition to detailing the limits of the new license with the pulp company, Mr. Willmore outlines how new timber will be handled and also ventures the opinion that the new arrangement for handling this district's forest products will be better than formerly.

To: Edson Town Council
Edson Board of Trade

Dear Sirs:

In answer to your recent telegram regarding the proposed pulp operations in the Edson area, I wish to say that I appreciate the disappointment you experienced due to the decision of the North Western Pulp and Power to locate on another site other than the original proposed one at Tullerton. I should like at this time to advise you of the position of the whole matter and also offer my own opinions as to the development in the Edson area.

(1) The Government has provisionally agreed to reserve a pulp base known as a cutting area of 1,000 square miles across the Athabasca and a provisional reserve of approximately 3,000 square miles across the Athabasca. The Government reserves the right to dispose of saw timber from this latter reserve.

(2) The Company will relinquish a thousand square miles known as a provisional reserve in the present agreement. The Company will also delete 1,000 square miles from the pulp wood base of which some 1,000 square miles shall then become a provincial reserve.

(3) The Pulp Company to agree to increasing initial capacity of the mill to 400 tons per day and carry out the other conditions imposed by the Government.

Cont. on Page 5

Fourth City Hockey Club To Visit Edson

The Edmonton Canadians, the fourth city club to appear on Edson ice this winter, will meet the Edson Athletics in a two game series here this weekend. The first game will be played Saturday night, starting at 8:00; with the second meeting again in a Sunday afternoon game scheduled to get under way at 2:00.

The Canadians are expected to provide the local boys with some stiff competition as they carried a win against Barrhead Arrows in a pair of games played with that club, and had little difficulty in disposing of Leduc Oilers.

FUA Organizing Constituency Group Here

Farmers of Edson and District are urged to attend the organizational meeting which has been called for Monday, March 22, at 8:00 in the I.O.O.F. Hall for the purpose of organizing a constituency-wide F.U.A. group of district farmers.

Mr. Chas. Sealey of Churchill will be present for the meeting to answer questions and give the benefit of his experience.

Jasper Road To Be Completed This Year

According to an announcement by the Hon. Gordon Taylor, Minister of Highways, the Jasper Highway should be completely blacktopped to the Park Gate this year with any luck as to weather at all.

Mr. Taylor said that the highway department's engineers spent considerable time deciding on the location of the highway west of Hinton and found the best location to be north of the present entrance to the national park.

Action at the Edson Arena in last Sunday's game between Edson Athletics and Edmonton RCMP was hot and heavy from start to finish as any fan who was there will testify. The top shot was taken in the third period when the Athletics were making a drive to pin up their mounting lead. The shot to Edson from that of Joe Stuchlik, Mike Chies and Frank Lewis are deep in Montreal territory, with Lewis just picking up the puck over RCMP goalie Morrison, pressure on the ice, dived into the scramble in an attempt to bat it out of range of his cage. Other Athletics in the picture are MacKinstry, on alternate captain and Foreman, Mo. 5. In the bottom picture Athletics defenceman Lew Ramotow is seen starting out on the ice with the puck, which he picked up after Edson netminder Sandy Tran blocked a shot by Mountie Komulovich, Mo. 12. Bag Gervitz, who came back fast to hurry Komulovich's shot, is just turning off to get into position for a pass from Ramotow.

The Federal Government has stated however that there is too much other work this year to change the location at present.

Base course work is expected on the highway through Jasper Place in the city from Chip Lake to Carrot Creek; from Galloway to Obed and from Obed to Hinton, Mr. Taylor said.

Material for the overpass at Obed has been passing through town for the past week or two, turning public as well.

A Guest Editorial

BY HENRY

It was never the intention that this writer become a medium for the airing of political beliefs, or the likes and dislikes attendant thereto. We like our democratic way of life. We also feel we have a fairly comprehensive idea of the responsibilities which are ours under such a way of living. This does not mean that we should stand idly by and have our intelligence insulted and our sense of fair play violated by the type of letter which appeared in The Leader recently.

The letter to which we have referred dealt with the negotiations surrounding the proposed pulp mill. After reading it we were more than a little angered. Let this be clear. The inference and suggestion of this letter are definite. We are not quarrelling with the structural beauty of this letter, the precise phrasing, the effective punctuation or the amazing clarity which the author achieved in getting his idea into print.

WHAT WE WANT TO KNOW IS DID THIS AUTHOR KNOW WHAT HE WAS TALKING ABOUT?

Patently, our author does not have much affection for the members of the present Council of the Town of Edson. There are evidences also that he is a bad loser. Obviously, his personal feelings color his literary efforts. There is nothing objective or analytical in his letter. We do not mean to suggest that our Town Council is in perfect. But, out of decency and a sense of ordinary fair play, let us not blame Peter for the mistakes that Paul may make. Also, let us consider the intelligence of our readers. You may not believe it Mr. Author, but there are some pretty smart people in this neighborhood, who read what we have to say. Possession of a typewriter does not make us omniscient. We cannot dogmatically make an assertion and therewith conclude we are indisputably correct.

No titanic mental effort is necessary to ascertain that there were two distinct levels in the pulp mill negotiations. First, the location of the pulp mill. Second: the proposed housing construction in Edson attendant to the pulp mill site being in our area. That was easy.

'Too much damage should not result to even a nebulous intelligence to carry this reasoning further. The location of the pulp mill, the terms surrounding it, the forest lands, pulp wood prices, disposal of plant refuse, etc., etc., were matters for decision on a provincial level. Just what has this to do with the Town of Edson? Why the insinuation that our Council was negotiating and implying, quite badly, that information was being withheld? Since when does a municipal government decide matters of provincial scope?

As to the housing which would have been required if WE GOT A PULP MILL, either the author does not read The Leader carefully or again betrays himself, and refuses to give credit where credit is due. Under the circumstances, it is generally agreed that the Councilors of Edson did a fine job in this respect. And most

WE LAUGHED AT THESE

A traveling salesman stopped at a farm house near the edge of a city and asked the lady who answered the door if her husband might be interested in buying an electric razor.

"Well, he might," admitted the woman, "because he shaves close to once a year these days."

"Shaves once a year?" echoed the salesman. "Why I never heard of anything like that."

"He used to shave twice a year," she drawled, "but that was when we had a lady boarder."

"I'm afraid, doctor," said the chatterbox wife, "that my husband has some horrible mental affliction. Sometimes I talk to him for hours and then discover that he hasn't heard a word."

"Madam," was the doctor's weary reply, "that isn't an affliction. That's a gift."

BIRTHDAY PARTY

The tumult dies, the shouting's done,
They're all departed, one by one.
But sticky hands have left a trace
Of finger marks around the place.

And little feet have scratched the floor,
And little heads have cooed more
Of destruction than an army could,
Or any gang of monkeys would.

One thought alone consoles a mother:
A year will pass before another.

A farm wife was entertaining the small son of a friend. "Are you sure Tommy," she inquired, "that you can cut your meat?"

"I think so," replied Tommy, "we've had it this tough at home."

of all the information resulting from our Town's negotiations were to be seen in our local papers. Reference to the Council meetings' minutes will establish this.

The paucity of thought in the implied threat, as to the next election to fill three vacancies on the Council, springing as it does from an incorrect premise, and becoming itself a worse conclusion, does not merit comment. The next best over will bear persons who will become New Canadians who would not make the error of confusing governmental strata and governmental responsibility.

For the information of readers who may have forgotten what Edson's letter was about we repeat it below:

I read Mr. Wasmuth's letter and fully agree with his sentiments. "We the people, want a voice, all of us in the Edson district."

I would like to know who carried on the negotiations with the pulp mill officials? We the people want to know, what were we told, how could we find out? We the people, got more information

IN THE LEGISLATURE

By DONALD P. SMITH

Edmonton—Activities in the Alberta legislature on the two previous nights' days last week had Social Crediters reminiscing about the hectic days during the first four or five years of the party's reign, when the charges flew back and forth across the floor and sometimes within the Social Credit ranks themselves. Aak, in the press gallery some of the writers were complaining of having to write dull copy.

It all stemmed from the request of the Progressive Conservatives for a judicial inquiry into the dealings surrounding the government purchase of lands for a jail at Chaudreville Lake, just east of Calgary, and the charges of Paul Brecken, Calgary Conservative, that there were suspicious concerning why middlemen took an option on the land, then sold it to the government a few weeks later, making an "absolutely" profit.

The matter reached its climax when Attorney-General Lacombe Maynard spoke last week, charging Mr. Brecken would have reservations about repeating some of his statements under oath. The Conservatives perhaps will have an opportunity to make them under oath in court. Mr. Maynard said, because he (the attorney general) served The Edmonton Journal an order of intention to take civil action for libel under the federal Defamation Act.

His solicitors, he told the legislature, checked an editorial, entitled "Mr. Maynard's Position," carried by The Journal on Saturday, March 5th, and advised him to take action.

In connection with a judicial inquiry the attorney general said he would appear in court on the grounds Mr. Brecken had over-

stated the premise of the resolution calling for the inquiry. The Conservative, he said, made statements and charges in the legislature which rightly would have been the subject matter of the inquiry and, although his position probably would be misunderstood, he was opposing the proposal.

The legislature voted down the resolution by a vote of 40 to 9, with all the opposition members except R. Earl Anley, Independent Social Credit for Indian, supporting the resolution.

Earlier in the week, Premier Manning had accused Mr. Brecken of getting into the political game by trying to impute dishonesty to one of the cabinet ministers and the land transaction. And although Mr. Brecken did not name anyone, the premier said it was clear he meant Mr. Maynard.

Anyone who would employ such tactics, the premier said, brands himself a "would-be character assassin" and he said he had heard that political opponents, despairing of defeating his party by other ways were resorting to character assassination in efforts to discredit him. It is the government party.

On the days of government business, the debate on the budget moved slowly into the speakers' gallery where J. Harper, Province, Liberal leader of the opposition, and Mr. A. O. Alborg and Economic Affairs and Public Works Minister A. J. Linke.

From the budget total, \$22,765,072, Mr. Province came up with the phrase that it was "222 budget" and said that a "222" is an aquatic fortified with codinos and caffeine, prescribed for temporary relief but never a cure for anything. He charged Treasurer C. E. Gherhart was budgeting for a deficit but also was underestimating potential revenue and could well reduce some of the provincial taxes, like the amusement tax, the fuel oil tax and the unearned increment tax.

The unearned increment tax, he said, hit most strongly at the farmers who sell their land and are the ones most in need at the present.

Mr. Anley's link was to try and explain the plans for giving aid to school boards and the most difficult part was to outline the new tax reduction which grant funds. Explanations of the formulae are being mailed to all school boards.

Essentially, it entails school boards which can hold the line on expenditures to the point where any extra spending over last year can be financed by revenues from increased assessment and increased government operational grants. If this happens, the school rate will be cut to 35 mills and the government will make up the difference between that and the 1934 mill rate.

Come Back, Sailor Boy

JOHN M. BATEY, Poet

My sweetheart was a sailor boy,
He left me years ago;
To him I ever have been true,
Because I love him so.
And every day, and every night,
I never fail to pray;
That he is thinking of me too,
And will come back some day.

Our little son is waiting too,
He's never seen his daddy;
He's just like you, with eyes of blue,
A bonnie little laddie.
But it's weary, weary waiting,
My heart is tired and sad;
Come back my sailor boy to me,
Day after day, night after night,
I have waited by the shore;
For one who never has returned.
His ship comes in no more.
Sweatheart darling, you will never
Know my heart's lost yearning;
Hoping, trusting, praying ever,
For your safe returning.

Golden Jubilee

1895-1935

Song Writers' Competition

This competition is open to amateur and professional song writers of Alberta, and entries will be received up to April 15, 1935.

\$750.00 in prize will be awarded to the compositions considered by the judges to be the best submitted. A substantial sum of money will be awarded to the most outstanding entry. Compositions previously published will not be eligible. Songs may be for solo voice or unison singing as well as part songs for two, three or four voices. If the compositions are designed to have a full piano accompaniment, this MUST be provided.

Full details may be obtained from the Jubilee Committee (address below).

Play Writing Competition

Entries for the Jubilee Play Writing Competition will be received up to June 30, 1935.

Plays must have a playing time of not less than one hour and three-quarters, but no restrictions are made as to the division of play material into acts.

Plays must be original and should be typewritten, double spaced and typed on one side of the paper only.

Three plays will be bought at a price of \$200.00 per play and these plays will be made available to groups wishing to use them as part of the Jubilee activities, free from royalty during the remainder of 1935.

Oil Information Being Given In Series Of Talks

Exploration; Land Leasing, Mineral and Surface Rights; Drilling, Production and Conservation; and a Progress Report will be discussed by a panel of oil industry experts during another series of the Canadian Petroleum Association's "Open Forum On Oil" next week.

Following is the schedule of the meetings: Monday, March 25th, 8:00 p.m., Legion Hall, Edson. Tuesday, March 26th, 2:15 p.m., Edsonville Hall, Edsonville. Tuesday, March 26th, 8:00 p.m., Community Centre, Drayton Valley.

Wednesday, March 27th, 2:00 p.m., Legion Hall, Mayestown, Thursday, March 28th, 8:00 p.m., Community Centre, Stony Plain.

The forums are presented through the co-operation of the Canadian Petroleum Association, provincial Chambers of Commerce and Boards of Trade and other organizations for the purpose of giving rural and urban residents clear and correct information regarding the petroleum and natural gas industry.

The main feature of the forums which are open to the public, is a question period following the four hours of any country in the series of its people. Alberta's Department of Public Health exists to safeguard this resource by seeking to prevent disease, or when it strikes, to assist in the recovery of the individual.

The Province of Alberta has attained a favorable financial position, the advantage of which are being shared by all. As a result, Government services are being

Three Branch Children Buried

Keith Maurice, age 4 years, Alvin Lavers, age one year and Russ Marie, age one and a half months, beloved children of Mr. and Mrs. Edward Kirby of Merced passed away on March 1.

Besides their loving parents, they are survived by two brothers, Gary and Eddie and by, their paternal grandparents, Mr. and Mrs. Bert Kirby, Fresno, Calif., California, U.S.A., and their maternal grandparents, Mr. and Mrs. John Kellner of Fresno.

Funeral services were held Monday, March 7 at the United Church in Edson at 2:30 p.m. The Rev. W. D. Race officiated and interment was made in Glenwood Cemetery.

Floral tributes were received from: Loving Family; Mr. and Mrs. R. Bales and Family; Mr. and Mrs. L. Surber; The Vrijman Family; Mrs. Panch and Family; United Methodist Church of America; Gordon Currier; Mr. and Mrs. Flor and Family; Paddy and Loretta Carr; Mrs. Spach and Family; Ladies Auxiliary, B.E.L.E.; Edson Legion, Merced; Mr. and Mrs. Markovich and Family; Mrs. W. H. and Mr. Pankovich; School Children, Fresno, Alberta.

Edson Funeral Home were directors of the service.

Tips on Touring

By Carol Lane
Women's Travel Authority

We can all do without rush hours—especially we motorists.

There is at least one occasion when the motorist can avoid the carpool completely — when he wants to have his car preserved. Service stations like any other

The most precious possession of any individual is his health. It is the most valuable of all the resources of any country in the series of its people. Alberta's Department of Public Health exists to safeguard this resource by seeking to prevent disease, or when it strikes, to assist in the recovery of the individual.

The Province of Alberta has attained a favorable financial position, the advantage of which are being shared by all. As a result, Government services are being

Public health services include a hospital program available to 90 per cent of Alberta's population with standard ward care (when it is needed) at a direct cost to the individual of \$1 per day. Hospital "extras" are available at a rate of an additional dollar up to 11 days of standard public hospital care for each patient.

Maternity hospitalization up to 11 days of standard public hospital care for each patient. Maternity hospitalization up to 11 days of standard public hospital care for each patient.

Various pensions and allowances. The Province has assumed the cost of caring for those suffering from tuberculosis, cancer, cancer hospitalization, poliomyelitis, cerebral palsy and (excepting chronic cases) rheumatoid arthritis.

Cost of the chief health services provided by Alberta's Department of Public Health No. 1933-34 fiscal year include the following: Mental construction grants \$1,254,802; Tuberculosis Act \$1,801,802; Public Health and municipal nursing \$125,084; Mental Institutions \$2,285,333; Public Health Legislation \$1,801,477; Cancer treatment \$2,054,301; Health Unit grants and costs \$255,941; Pastors' health and medical services \$2,657,940.

The department provides the people of Alberta with a well rounded health program. It begins with pre-natal and post-natal care, well baby clinics and supervision

of school health conducted by trained personnel in the health

units and the municipal districts. It stresses prevention through intensive immunization campaigns, and carries on with the most effective health measure for the control of communicable diseases. It supervises and treats mental services for the most serious cases of mental illness and continues through to hospital, medical, surgical and dental care for pensioners and their dependents. It is designed to give help where help is needed most and in short, to promote better health for the people.

business have unworked hours on week days when they can give your car immediate attention. In addition, almost all stations provide a free "pick-up" service to and from your home or business parking area.

Many motorists, when they want a lubrication job, an oil or minor repair done, leave their cars at the station on the way to work. Substitutes usually choose Saturdays for the job when the service station is invariably jammed up. Or they'll come on a Sunday when the station is short-handed.

Consequently, they waste much time just waiting to get noticed. Why not just pick up the phone next time and let service come to you?

Athletics Swamp Mounties 13-4 In Fight-marred Game

An aroused Edson Athletics hockey squad fired nine goals in the third period to send the Edmonton of the Mounties back 1-0. The RCMP club back to the city market from the sting of a 13-4 shellacking in a game played at the Edson Arena Sunday afternoon.

The clubs each won one of the two games played the previous weekend, the Mounties taking the first 8-5 and Edson the second 8-4 and last Sunday's was for two periods, one of the fastest, closest encounters seen here this winter.

The Athletics' scoring spree in the third stanza however turned the game into the worst defeat administered to a visiting club this season.

The Athletics, leading 4-3 at the start of the third period, after the clubs had played to a one-all draw in the opening stanza. They had stretched their lead to 4-3 in the first two minutes of the third before a wild free-for-all resulted in the banishment of two players from each for five minute penalties.

The flare-up came without warning, as there had been only two penalties, for tripping offences in the first two periods and there had been little show of ragged temper by either club. When the combatants were finally broken up

Don Gourley and Lew Ramstead of the Athletics' and Verner and Beggs of the Mounties had each earned five minute sentences each.

The Athletics had a picnic in the scoring department while the Mounties were being served, averaging a goal a minute as they fired five goals to a single reply by the Mounties in the five minutes.

They added two more before the period was over to raise the score to 13-4. Another battle which started at the 17:41 mark earned Kunulavich and Mountie netminder Morrison five minute sentences and George Congrave of the Athletics a similar sentence.

No further scoring was done though Edson had a man advantage for the rest of the period. Edsonman Vic Cebulak staked the greatest individual scoring performance by an Athlete this season as he fired five goals to equal his output for the entire season previously. As well he picked up an assist to give him six points for the game.

Joe Bohek sank four goals and picked up two assists for an equal number of points to move into second place in the club scoring race. Other Athletic goal getters were George Congrave with a pair and Stan Davidson and Nino China with one each.

China also picked up four assists to maintain his lead in the race for the Edson Hillards scoring trophy. Leal Kortman earned three points with as many assists while Stan Davidson also got credit for an assist.

Don Gourley came out of the fracas with a bitten forearm, suffered in the battle that set the stage for the Edson scoring spree. The lunge that sank into his arm drew blood and gave him the dubious distinction of getting the most unusual injury of the season.

George Congrave came out of the second misadventure with a badly scratched face, to add to the atmosphere of ladies night at the wrestling pavilion.

McKinstry of the Mounties suffered a badly gashed face when he fell on top of Stan Davidson's skate after the former had been dumped to the ice while attempting to go between two defending Mounties for a shot on goal late in the final period.

In the first period, Verner scored for the Mounties at 4:40, with Congrave, assisted by Davidson, tying it up at 10:49. There was only one penalty, to Bohek of RCMP, two minutes for tripping.

In the second period McKinstry scored for the RCMP at 8:51, assisted by Kunulavich. Vic Cebulak scored on China's rebound at 1:00. Kunulavich, assisted by Congrave, tied the score again at 14:47, with China, assisted by Bohek and Cebulak giving them the lead for the first time in the game at 17:39. The only penalty of the

8:59 Kunulavich, assisted by Puc, got the only Mountie goal of the period.

Joe Bohek worked the puck around behind the net to pop in the 10th Edson goal at 4:18 and at 6:41 took a pass from China for Number 11. Stan Davidson, assisted by Congrave at 10:30 and Bohek, assisted by China, at 15:15, completed the scoring for the Athletics.

Mr. Charles Brown leaves in April to take up his duties as car foreman on the CNR in Dauphin. At Manitoba Mr. Brown has been assistant car foreman in Edson for the past several years.

District Teachers Hold Institute Here On Friday

One hundred teachers from Edmon School Division, Coal Branch School Division and the town of Jasper held a mid-year institute in Edmon on Friday last. Sessions were held in the high school auditorium and classrooms with a noon luncheon in the Parish Hall.
Thames of the Institute were language improvement in the Jan-

Service For East Alberta Man

Mr. Alvin Francis Lemley of Paradise Valley, Alberta, passed away on March 6 at the age of 32 years.
He is survived by his loving wife and four daughters, Marion, Rosemary, Myra and Lavina all at home, four brothers, Howard and Victor of Lacombe, Alberta and Cyril and Elmer of Paradise Valley, four sisters, Mrs. Harold Curtha and Mrs. Stanley Stone of Dewberry, Mrs. Russell Buchanan of Inver, and Miss June of Paradise Valley, and by his maternal grandmother, Mrs. J. Curtis of Dewberry. The remains were forwarded to Paradise Valley for funeral and interment.

Edmon Funeral Home were directors of the service.

Most people after middle years love to be told they are young for their age but it is wise to let that imply mostly to the appearance. The man or woman over fifty who runs for a street car, lifts heavy weights or goes in for strenuous exercise, is asking for trouble. There are plenty of enjoyable forms of exercise for those who have passed their first youth but it is well to let your doctor decide which kind is most suitable for your age, weight and physical condition.

Aberdeen Angus Opportunity Sale

OLD HERMITAGE FARM - EDMONTON

Fully Accredited Herd, Bang Vaccinated, Blood Tested
Reduction Sale of 50 Registered Aberdeen Angus Females
EDMONTON EXHIBITION SALES PAVILION
Tuesday, April 5th at 1:00 p.m.

OFFERING COMPREHENSIVE:

6 - 1954 yearling heifers; 16 - 1953 open heifers, mostly sired by Ellensmere 1514H, No. 110743;
19 - 1953 cows (7 bred to Ellensmere 1514H, 3 bred to Randolmers 54th and 1 bred to O.H. 1415)
19 - Cows born from 1941 to 1951. (17 bred to Ellensmere 1514H and 1 bred to Randolmers 54th)

NOTE: This is a reduction sale and is not by any means the bottom of the herd. These cattle are not in show condition but will be presented in natural breeding condition. Mature females will all be bred or with calf at foot. Due to the necessity of Old Hermitage Farm having to reduce their herd, this is a genuine opportunity to purchase registered Aberdeen Angus females of a quality very desirable for the establishment of new herds as well as additions to the established herds.

Write for catalogue to Old Hermitage Farm, 10080 - Jasper Ave.; C. W. Carignan, Fairview, Alameda Den Ball and Associates, Edmonton.

Words Of Wisdom

A kiss is took and a backward look,
And her heart grew suddenly lighter;
A trifle, you say, to color a day,
Yet the dull gray morn seemed brighter
For hearts are such that a tender touch
May banish a look of sadness;
A small, slight thing can make us sing,
But a frown will check our gladness.

Minister Answers Telegram Protesting Pulp Mill Move

Cont. from page 1

(4) The actual cutting area across the Athabasca has not been selected and is a subject of negotiations between the Department of Lands and the Pulp Company.

(5) All existing timber berths or applications for saw timber is proposed pulp lease in cutting area received by April 1st or up until such time as the proposed cutting area has been established will not be interfered with.

(6) The Government reserves the right to dispose of any saw timber in the provisional reserve as it sees fit.

(7) Every effort will be made to make available saw timber for the lumber operators with a minimum of disturbance or inconvenience.

I fail to understand how the granting of a pulp lease across the Athabasca will have a detrimental effect on the economy of Edson and District. It is my considered opinion that the direct opposite will be the case and that the economy of Edson and District will benefit to a degree which may be difficult for many of us to visualize at the present time. I offer the following reasons in support of this opinion.

Lumbering operations will be carried on in the Edson area as always limited only by the supply of saw timber, good forestry practices and marketing conditions.

In addition there will be the extensive pulp wood operations employing many additional persons on a more permanent basis than ever before and providing a large and steady payroll in this area.

Further the extra business and industries which will be required to service the basic pulp operation will be a substantial and important addition to the economy of the whole Edson area in particular and to the Province in general.

PAST NOT TOO HAPPY

I feel it may be proper for me at this time to point out that with the exception of three or four major lumber companies and a handful of smaller independent operators the history of lumber operations in the Edson area in the last 25 years, of which I have some knowledge, has not been a very happy one.

It has been too often a history of failures and bankruptcies resulting in unpaid accounts at stores and garages and other business places and in some cases the loss of wages to the lumber workers. At best many small operators and sub-contractors were operating on short seasonal basis with too little security or stability in their operations.

I am of the opinion that there will be a greater opportunity than ever before for people in the Edson area who are skilled in forest

operations to produce not only saw timber but also pulp wood and under conditions which will be at least as favorable as any they have known previously, if not more favorable and with greater security.

It goes without saying that the Government and people are willing to hear, at all times, representations from interested parties in connection with any problems that they may encounter. It is in connection with forest operations as any other matter.

The Honorable Mr. Casey, Minister of Lands and Forests, and myself have recently carried on discussions with a representative of the Pulp Company, representative of the lumber operators and representatives from the Government in order to discuss this whole question.

I wish to thank you for your interest in this matter and assure you that this has and will continue to receive my very best consideration.

Yours sincerely,
NORMAN A. WILLMOORE
Minister of Industries
and Labour

WALTER HIGGINS

JOE PAVICH

DENNIS LEONARD

PAUL ROY

Walter is another former Lancer Indian who decided to make his key this season after a short period in Edson when things on the Franch began slowing down. He's been performing this season on the line with Stan Davidge and Laval Korfman and has been well up in the club scoring since the season began. He missed last San day's game with the "Monsters" due to illness. George (Conroy) taking mounted over the arena backdrop over his spot on the firing line. Walter's better half, Barbara, has than one fan to good naturedly ask

Joe, making a comeback in hockey this season after a short period in the city in order to be on hand for the Athletes' games this winter. Being a member of the defence staff he hasn't had many opportunities, but was parked in front of the net at the appropriate time as one of the goals in the Athletes' 8-4 defeat of the Spittles in the second of the three games the clubs have played in the past two weeks.

Dennis, who has been working in Edmonton for the past several months, has had to make the trip from the city in order to be on hand for the Athletes' games this winter. Being a member of the defence staff he hasn't had many opportunities, but was parked in front of the net at the appropriate time as one of the goals in the Athletes' 8-4 defeat of the Spittles in the second of the three games the clubs have played in the past two weeks.

Paul, who spent most of his life in Winnipeg, has been in the Edson district for the past five years and has taken an active interest in both hockey and baseball. He notched his first goal of the season in the first of the three games played against the Edmonton B.C.H.P. squad recently.

B.C.H.P. squad recently.

Madsen's Maple Leafs Win Junior High Hockey Title

Madsen's Maple Leafs, with the tie Tommy Mah took a 7-3 decision in the opening game; with Leafs winning the second 8-1, in the third Edson Motors Spittles in the Edson Arena Thursday night to take possession of the Pattinson Trophy, emblematic of the championship of the Edson Junior High School Hockey League.

Previous to Thursday's game, each club had one win and a tie in the final series which started out as a best-of-three affair with the fourth game made necessary what influence Johnny Gerlitz used to get two on the same line so he could cash in on the advertising.

Leafs continued to pile up the score in the sandwich session as they again fired three goals while the Spittles tallied a lone effort. Mah got his third goal of the game at 2:02 assisted by Lavin; with Mike Greany scoring unassisted for the Spittles at 11:38. At 14:45 Olaf Gies took a pass from Doug Wells to drive home the 10th Leaf goal while Mah completed the scoring for the period with his fourth goal at 15:08, assisted by Tommy Greany.

Each club scored three times in the third period as the Spittles began to find the range and make a real contest out of it. Leafs had taken a 9-1 lead on goals by Olson, assisted by Lavin, at 5:32; Calvin Rowan, unassisted at 8:14 and Doug Wells, also unassisted, at 11:32, before the Spittles hit the scoreboard. Gerald Chapman started off a Spittles comeback drive at 12:35 as he batted home a pass that came from the stick of Jack Blawie. At 15:48 Mike Greany wound up

and let go with a drive that caught the corner of the net at 15:48. Greany took the puck right in the net from the farce after his first goal goal in the game, four to Spittles, to blast home another at 15:54. Following the farce after his second goal, which was not broken in an hour and 15 minutes of overtime.

Leafs slipped out early in the first period of Thursday's game to take a 2-0 lead on goals by Joe Lavin at 2:35, and a pair by Mah at 5:04 and 10:09. Mah's first goal was a solo effort which came after he worked his way around the Spittles defence. Tommy Greany passed for Mah's second scoring effort.

Fashion Show Promises To Be Social Event Of Lenten Season

Things are really hopping among the United Church Young People's group who are busy with preparations for the "Easter Parade" Fashion Show which will reach its climax Wednesday, March 23, in the school auditorium when the audience will have a chance to see the results.

This fashion show will not feature styles for kiddies and teenagers alone, but also fashions for anyone who is young in heart. Neither will it be for girls and women alone, but for boys, little and big, as well as men.

There will also be entertainment in the form of square dances featuring Misses Edna Cais, Pearl Pratt, Myrna Wilson and Jean Kerwell and Messrs Don Pyper, Don Mett, Ray Morrison and Bob Menhart.

There will be a performance of our younger majorities under the direction of Miss Jean Smilansich, including Maureen Dunphy, Susan Nigro, Billy Nigro, Kathy Kendall, Darlene Woywika and Judy Christie.

Another part of the entertainment will be called April Showers and will include such lovely Edson ladies as: Jean Smilansich, Edna Cais, Myrna Wilson, Karen Korman, Viola Chies and Mrs. G. M. Macdon.

For anyone who enjoys the music of a Hammond organ, the evening of March 23 will be especially enjoyable, for the background music for the show will be provided by Mr. Arnold Thompson.

C.C.W.I. Ask Work On Road

The March meeting of the C.C.W.I. was held at the home of Mrs. Joe Morris, on Wednesday, March 16th. Nearly all members were present.

Mrs. Paulson gave a talk on Agriculture, covering the types of soil found in this area. Also quite a few pointers on poultry raising.

The date for the Constitution Conference course to be held at Jasper was set for June 11. The study period was spent on the Nutrition course that the club is now taking up.

The Secretary, Mrs. Broadel, had been in correspondence with the Dept. of Highways regarding the conditions of the roads in the cemetery, asking that something be done about them, and received a nice letter from Mr. Reid saying that they would receive consideration when possible.

The next meeting will be held at the home of Mrs. Alchison on April 19th. At the close of the meeting a delightful lunch was served by the hostess.

Miss McDougall Burg Queen

Evansburg — Miss Marnie McDougall was crowned queen of the Edson's seventh annual carnival Friday night as she won out over Miss Shirley Wright, Norma Layden, Carole Kautson and Alice Neumayr.

Miss McDougall was crowned by Andrew Wilson, the 1954-55 reigning queen, following a short program at the Memorial Hall when it was impossible to have the carnival program because of ice conditions.

The short program consisted of a show about with dances, songs and comedy stunts. A very successful dance followed the program.

Mrs. Paulson gave a talk on Agriculture, covering the types of soil found in this area. Also quite a few pointers on poultry raising.

The date for the Constitution Conference course to be held at Jasper was set for June 11. The study period was spent on the Nutrition course that the club is now taking up.

The Secretary, Mrs. Broadel, had been in correspondence with the Dept. of Highways regarding the conditions of the roads in the cemetery, asking that something be done about them, and received a nice letter from Mr. Reid saying that they would receive consideration when possible.

The next meeting will be held at the home of Mrs. Alchison on April 19th. At the close of the meeting a delightful lunch was served by the hostess.

Mrs. Jean Dumble is reported on the sick list. Do hope you will soon be better, Joan.

Kathleen Hopkins, who has had a lengthy stay in an Edmonton hospital due to pneumonia complications following measles, is now recuperating at the home of her aunt in Edmonton.

Chosen Top Teen-Ager

Miss Mary Semakula of Evansburg has been chosen as outstanding teen-ager of 1955 of Se-Burg's Teen Town. Her closest competitor for the honor was Helen Belkowsky.

Other candidates were Margaret Cumming, Janet Foster, Ardell Mitchell, Teen Town Mayor, Alan Campbell and vice-mayor Don Anderson.

The candidates were judged for co-operation with adults and other teenagers and Teen Town, as well as other young peoples' activities.

Miss Semakula is secretary-treasurer of Se-Burg Teen Town, and is chairman of the decorating committee for the ninth Western Canada Teen Conference, which is to be held at Evansburg in April. She will compete with outstanding teenagers from other teen clubs in Alberta in the Alberta Teen Council competition for the provincial award.

EDSON JR. HIGH ATHLETES VICTORIOUS AT JASPER

A group of hockey and basketball players representing the Edson Junior High School made a trip to Jasper last weekend for a number of sports with pupils of the Jasper school and acquitted themselves well, winning all three hockey games played and dropping a narrow 7-3 decision in the lone basketball encounter.

In the Saturday night hockey game the Edson youngsters racked up a 1-3 win. The goal getting for Edson was spread quite evenly through the lineup as they turned in a much more polished performance than their rivals. Bobby Hansen and Dennis Pollock shared the goal tending chores for Edson, both acquitting themselves well in that department.

In a game starting at 11:30 Sunday an All-Star team from the Edson Junior High downed a Jasper squad bolstered with several High School players by a score of 6-3. This was a very even contest, with Edson coming from behind in the final minutes of the game to notch their win. Tommy Mah took the first marker for Edson, with Mike Greeny going in for the winner just seconds later.

In a game starting at 8:00 on Wednesday night the Edson team consisting for the most part of players who saw no action in Saturday's game rack up a 10-2 decision over the Jasper Junior High team.

The games were all very close and well handled by the McDevine brothers, who officiated for all the games.

Lineups for the Edson squad were made up from the following list of players: Dennis Pollock, Bobby Hansen, Irv Lench, Jack Blawrich, Mike Greeny, Ronnie McVine, Dave McVine, Joe Lovin, Tommy Mah, Clem Lawrie, Peter Burleigh, George Madan, Gary Mahon, Ranjo Lovin, Dale O'Hara, Dooley Dunphy, Darryl Chapman, Joe Rapach, Ted McLeod, Dennis Hill, Elaine McLeod, Ronnie Johnson, Doug Wells, Dennis McNaughton, Tommy Greeny, Ed Olson, Ray Oest, Gordon Christie.

This Week's Alley Action

In the Commercial Bowling League this week Carson Field rolled a 298 single game and a 708 triple was turned in by C. Sparks to give them high individual honors for the week.

The Boners turned in a high team single of 1080 with the Boners taking team high triple honors with a 2160 total for the night. In the Ladies Afternoon League Mary Lindgren's 186 single lane and 512 triple were top; while in 10-2 decision over the Jasper Junior High team.

Shown above is a little girl who has been helped by the Associated Canadian Travellers fund from the "Search for Talent" shows which are run throughout Northern Alberta each year.

The child in the walker is a Mrs. Bob McKenzie left on Thursday of this week for the coast where she will spend a short holiday.

Mrs. Fred Elliot returned on Tuesday from a visit with her daughters in St. Stephen N.B. Mr. Elliot will join his wife here on the weekend from Victoria, B.C. for a visit with old friends.

Join The Legion

Have you served? President's issue in the air, on land or sea? Home or Foreign, East or Westward, Holland, France or Italy? We don't ask about religion, nor if you were in "The Line"; Comrade, for the sake of comrades, join the Legion, now's the time.

Do you think a boundless duty? Is it that you do not care? Have you lost your pride of service? Is the burden hard to bear? You're a duty; then perform it... All for one and one for all—JOIN THE LEGION ALL you Veterans, for divided we might fail.

Apply to: Jim Cole, Sec.-Treas., Today!

ACT 'Search For Talent' Helps Little Girl

Shown above is a little girl who has been helped by the Associated Canadian Travellers fund from the "Search for Talent" shows which are run throughout Northern Alberta each year.

She is missing all fingers on one hand and as for her arms they are useless and never will be any better. However, due to a great deal of surgery her legs are now straightened but it is not likely she will ever walk, so this specially built walker was supplied which enables the little girl to get around.

It is for work of this kind that the funds from the "Search for Talent" shows go and the votes for various local contests help to boost.

"Search for Talent" is coming to the Edson High School Auditorium on Saturday evening, March 26 commencing at 7 p.m.

U.C. Notes

A Rally of Women's Association members was held in Edson on Wednesday, with women attending from the United Churches in Hinton and Jasper, and visitors coming from Hinton and Entrance. An inspiring address was given by Mrs. T. M. Dyer of Edmonton, past president of the Edmonton Presbytery W.A., and there was helpful discussion of many aspects of W.A. work.

Mrs. Harold Pollock, president of the local W.A., was chairman. A goodly number of the local W.A. members, managed to attend the Rally, as well as being busy serving a luncheon and afterwards tea in connection with it. It is hoped to have more gatherings of this nature in future.

The Annual Mother and Daughter Pageant is being held by the C.O.P. reunion (Hinton) in the Church basement. The special speaker is Mrs. Helen Fox, former W.A. member, managed by the Hinton staff will show color film slides to the public in the Church on Friday (tomorrow) at 8:00 p.m. They will describe his recent trip in the British Isles and Western Europe. The Type Group are sponsoring the showing and there will be a silver collection.

Interest is mounting in the Fashion Show, "The Easter Parade," to be held in the School Auditorium on Wednesday, March 23, at 8:01 p.m. Sponsored by the United Church Young People and directed by Miss Jessie Thrift, it will let the ladies know what is the latest style for formal wear, street wear or sportswear. The "small fry" and the men will find that their style will be demonstrated too. Several local stores are working with a considerable group of models to prepare the show. Background music and special entertainment will be provided by Mr. Arnold Thompson on the remarkable Hammond Church Organ provided by courtesy of Thompson & Co., Edmonton. Lunch will be served.

Sanguo Royals Win W.A.H.L. Title From Evansburg

Evansburg — The Sanguo Royals won the Western Alberta Hockey League championship by defeating Evansburg Rockets 3-1 in the third game of the best-of-five series.

Rockets were short-stuffed for the final game, being able to dress only seven players. The game was played on ice which was fast disappearing and which was actually a swimming pool before the game was won.

Sanguo pounced on the Rockets for five goals and a 3-1 lead in the first period. This score stood through the second period and the Royals outscored the Rockets 5-1 in the final frame.

Weidel scored three of the Royals' goals and Barry got two. Single goals went to Fortin, Schultz and Pascech of Royals and Eliah and Melvin of the Rockets.

This is the second straight time Sanguo are league champions in the two-year history of the league, although the finals were not completed last year.

Sanguo: Lavorn, R. Gibson, A. Gibson, H. Gibson, Mills, Clawson, Napper, Pascech, Weidel, Schultz, Fortin, Hansen, Barr.

Evansburg: Walschuk, Eliah.

MacKay News

Mr. and Mrs. Robert MacKay returned home after spending their honeymoon in the United States.

Mr. Chris Larson is now working at the Yellowhead Hotel. We were sorry to see Mr. and Mrs. Wilmore and family moving away to take up residence at Macdonald.

Miss Sherry Larson has been sick and has had to stay home from school for a few days. We understand that the measles are going around.

Mr. Andy Shand made a trip to Edmonton last weekend. Congratulations to Mr. and Mrs. R. Kison on the arrival of a son. Master Ronald Kison is staying at the home of Mr. and Mrs. C. R. Haggart.

The Biago held at the MacKay Hall last week had a good turnout with many fine presents going out. We saw that Mrs. Jack Atwell has a new puppy, sure is cute.

The Ben Trucking Co. have finished hauling pipe out of MacKay to the oil wells.

Gordon Haggart has taken over the Tuesday Star Weekly job. There were a lot of people from around here reporting that they were at the show "Come With The Wind" last weekend.

Melvin, Bert, Kaharuk, Anderson, Dalglish.

Niton Central 4-H Club Presents Play Nite

By JEAN CHRISTENSEN

Carrot Creek—There was a nice appreciative audience at the C.C. Hall last Saturday night, when the 4-H girls put on the Play Nite. The program opened with O Canada, followed by the 4-H Club song.

The first play was "Gab and Gossip" put on by Edith Goodale, Shirley McPherson and Ruth Hall. This was well received, and had everyone laughing from start to finish. Special mention should be given to Ruth Hall for her fine performance as she went on at very short notice, taking the place of Marilyn Archibald, who was held up by car trouble.

Then followed a couple of choruses by the girls club. They sang "Let A Smile Be Your Umbrella" and "Wedding Bells." Mrs. J. A. Fish, small was put on by Marjorie Stafford and Nellie Grysek. This proved to be very funny, and kept the crowd in an uproar. The Pledge Dance by Shirley McPherson and Brenda Durston was very amusing, and pleased both young and old alike.

Nellie Grysek sang a solo, accompanying herself on the guitar. The concluding number, "A Night in Camp" proved to be a side-splitting comedy. This was presented by Mary Smith, Ruth Hall, Betty Durston, and Judy Kirkland. This sure made a big hit with the crowd, and we'll bet many of them are laughing yet.

The program closed with "The Queen", after which a nice lunch was served by the 4-H members. The concluding number, "A Night in Camp" proved to be a side-splitting comedy. This was presented by Mary Smith, Ruth Hall, Betty Durston, and Judy Kirkland. This sure made a big hit with the crowd, and we'll bet many of them are laughing yet.

District F.U.A. Organized

On March 14, a meeting was held at the home of George Cooper for the purpose of organizing a Farmers' Union in this district. Mr. E. Arora from Peers was in attendance and was chairman of the meeting.

The following officers were elected: president, Bill Smith; vice-president, A. Rasmussen; Sec. - Treas., D. Cooper. Four directors were chosen.

Another meeting has been set for Tuesday, March 23 at 8 p.m. also at Cooper's.

Anyone interested especially from the Trail district, are cordially invited to attend.

The evening was climaxed by lunch which was provided and served by the ladies present.

"Thank You"

May I say a sincere "Thank You" to each of my friends in Edson and district for the beautiful flowers, cards, papers and letters, which I received during my recent illness.

Mary Gustafson, 11133 - St. Albert Road, Edmonton.

Carrot Creek Bites

Mr. Art Carlson is in the University Hospital, Edmonton, as a result of a very painful accident while at work in a saw mill. It is reported that he will lose the right of one eye. Tough luck. I mulls it.

Mrs. Joe Lee and children have moved to Fort Assiniboine where her husband is employed on bridge work.

Congratulations to Ken and Shirley Thomas on the arrival of a son.

C. A. Durston, Hank Gilroy and Art Durston were Edmonton visitors on Monday last.

There will be a bingo in the Hall on Saturday, March 20th. The Jackpot is now \$75.00. Come and get it.

The Hon. Norman Wilmore addressed a meeting in the Carrot Creek Hall on Sunday last. His main topic was roads, etc. and he gave out with much useful information re same. Also he answered a number of interesting questions.

Mr. Lawton of Hattendorf, was appointed as reviewer of complaints, problems, etc. regarding the side roads, which he in turn will take up with the Department of Highways.

Mr. Chris Paulson made a trip to Hawill, hauling grain, last week.

MacKay News

Sunday School held at MacKay Hall last Sunday had a good turnout. Miss Nellie Grysek was home from school last week.

We see Mr. Karl Larson driving around in a new Chev. truck. Mr. Campbell and Art were both home from camp over the week-end.

Mr. C. E. Haggart and Gordon were down to Evansburg to get a load of coal last week.

CARD OF THANKS

To all the voters who cast their ballots for me in the recent election I wish to say "Thank You" with your help and co-operation I hope to do much better next year.

Jim Ball

Home And School To Sponsor Careers Night

Working in conjunction with the principal and staff of the Edson High School, the local Home and School Association is undertaking a very worthwhile project for their next meeting on March 21st in the high school at eight o'clock sharp. Plans are now well advanced for sponsoring a Careers Night for pupils of the senior high school, such pupils to be accompanied whenever possible by both or one of their parents. Events of this nature are under the general direction of the Supervisor of Guidance for the Province of Al-

berta, Mr. A. A. Aldridge.

Purpose of a Careers Night is to place before senior pupils and their parents all types of information regarding professions and occupations, and requirements for entering each, in the hope of making it possible for prospective graduates of the high school to make an intelligent choice of a potential life work. For this purpose, a panel of 'experts' is made available to pupils and parents on occasions of the kind planned for March 21st.

Among those planning to attend the Edson Careers Night—besides Mr. Aldridge—are Professor Cook, head of Student Services at the University of Alberta; Miss Pugh, Director of Nurse Recruitment for the province of Alberta; Mr. McTavish to deal with Business Colleges and Commercial Education; a representative of the School of Technology and Art at Calgary; a representative of the Armed Forces; and local men to give information on the federal and provincial civil service and the CNR.

It is expected, of course, that all members of the Home and School will join the parents and pupils at this interesting and worthwhile project. Lunch will be served.—H.D.M.

Mrs. Claude Shipley left this week for Kinsella, Alberta where she will visit with her daughter, Mrs. Lynn Hunter and family.

Vol. 2 Edson, Alberta, Thursday, March 24, 1955 No. 47

Lumbermen Told Pulp Mill Anxious To Co-operate

Edson and District lumber operators were told at the special meeting of the Edson and District Lumberman's Association in the Parish Hall last Friday night that they have nothing to worry about as the pulp mill takes over the forest industry in this area.

Present for the meeting were Hon. Ivan Casey, Provincial Minister of Lands and Forests; the Hon. Norman Willmore, member for Edson and Minister of Industries and Labor; and Mr. F. Hart, woodlands manager for St. Regis Paper Company.

The meeting, chairmanned by Mr. E. B. Johnson, president of the Edson Lumberman's Association, was opened at eight o'clock for general discussion of lumberman's problems. Later businessmen and other interested persons arrived with the Provincial Government Ministers and Mr. Hart arriving later.

Mr. Casey outlined the general policy of the Government that the transition of this area from a timber and lumber district to a pulp mill "economy" should start with a "minimum of disruption and dislocation to present operators in this district."

Mr. Willmore emphasized to the operators that the lumber industry in this area would be cut out inside of seven years in any event and that a switch to the pulp economy, plus cutting of available saw timber, and the practice of "forest management" would make possible permanent lumber and pulp operations in this district.

Mr. Hart pointed out to the lumbermen that it is "easier to work a berth for both pulp and saw timber at the same time and that's where you operators come in." On being questioned Mr. Hart said he couldn't be specific as yet about which berths were available on this basis, but would be in a position to do so as soon as he could get an office set up in Edson.

It was on the prospect of forest committed to logging at Hinton, management as advocated by Mr. Willmore that the continuing hope of this area from the forest product point of view is blighted, the meeting was told. The pulp mill happens for a perpetual cut of 200,000 cords of pulp wood from the reservation of 1,000 square miles the government has tentatively granted the company.

In addition to this 1,000 square miles the pulp company has been granted a "provisional reserve" of another 1,000 square miles across the Athabasca if they decide the plant can expand to take more.

A question by Mayor Massey Burleigh of Edson "in view of the lumbermen's about the plant location here and marking the product and at Edson, is the company definitely manage the actual plant itself."

Edson Audience Hears Discussion On Alberta's Oil

The oil industry is confident that more oil will be discovered in western Canada and this optimism is based on several factors, said Mr. Al McLennan of Shell Oil Co. during an open forum on oil at the Edson Memorial Centre Monday, March 21.

The meeting was one of a series of open forums on oil arranged through the co-operation of the Canadian Petroleum Association, provincial Chambers of Commerce, Boards of Trade and other organizations.

Forums will be held in Manitoba, Saskatchewan, Alberta and British Columbia during the next few months to give rural and urban residents clear and correct information concerning the petroleum and natural gas industry.

One of the factors creating the optimistic outlook for further oil discoveries is the oil hunting area in western Canada covering some 770,000 square miles.

Mr. McLennan said another important factor "is that the industry has only scratched the surface as far as oil explorations is concerned in this vast area." To date in western Canada one well has been drilled for every 154 square miles of prospective hunting area. In the United States, one well has been drilled for every 15 square miles.

Contrary to popular belief, oil does not exist in underground pools or lakes. Rather, it exists in the pores of rocks and sandstone. The pores in the rock, sandstone, or limestone are connected together and it is through these connecting channels that the oil flows to the well where a hole is drilled in the reservoir, said Mr. Jim Warkes of Secum Vacuum Exploration as he described drilling, production and conservation.

Some of the many difficulties experienced in land leasing and mineral and surface rights negotiations were described by Mr. Cy Thomas of Texaco Exploration Co. Mr. Al Miles of Royalite Oil Co.

Cont. on page 6

The captivating smile won by ability to capture childhood's Heather Lindgren, daughter of Mr. and Mrs. Bryn Lindgren of Edson, way to keep priceless memories above, is proof positive of Edson alive through the process of a portrait photographer Al Green's child's growing up.

FUA Meeting Postponed Day

The FUA meeting which was scheduled for Monday, March 28 had to be postponed one day until Tuesday, March 29, as the speaker, Mr. Chas. Sealey of Churchill was unable to get here for the Monday meeting. The time and place remain the same, the L.O.O.F. Hall at 8:30 p.m.

A second organizational meeting will be held the same day with Mr. Sealey as speaker. This will be held in the Pinedale school at 2:30 p.m. where it is hoped a good turnout of district farmers will gather to form a local.

B. Of T. Plan Meet March 30

The regular district meeting of the Edson Board of Trade will be held in the Commodore Banquet room at 8:30 p.m. Wednesday, March 30.

Featured speaker will be Walter Shale of the Alberta Motor Association.

Oil Kings To Visit Edson Arena For Sunday Game

The high-flying Edson Athletics, defeated only three times in 17 games this season, will place their sterling record on the line against a team made up of members of Edmonton's Junior "A" squad, in a game set for this Sunday afternoon, starting at 2:00 p.m.

The Oil Kings need no introduction to local hockey fans, as their efforts have caused the use of a lot of Western dollars since they entered the junior hockey wars a few seasons ago.

The Kings' best season was the 53-54 campaign, in which they put together a phenomenal record in league and playoff play before losing out to St. Catherine's Trojans last spring in Toronto.

Three of the Oil King regulars have performed on Edson ice already this season. Don Gourey and George Congrave, both of whom are Edson lads, have been in Athletic uniforms on recent weekends when visits with their families have brought them home, while the third, Frank Hoggover, was a member of the ill-fated Edmonton Canadians' expedition here last weekend.

A record crowd is expected for the game, which will bring a climax to the most successful hockey season Edson has enjoyed. Admission will be by ticket only, and details are available from any member of the Athletic hockey club and at Edson Billiards.

C.G.I.T. Hold Mother And Daughter Banquet

Thursday evening, March 17, in the United Church, the annual Mother and Daughter banquet was held by the two C.G.I.T. groups. The St. Patrick dance was carried out in table decorations and place cards. Following a delicious banquet, Marjorie Stakich acted as chairman of the program which followed. It commenced with a jolly singing, with Joan Mammol at the piano and Marjorie Stakich leading. The toast to the Queen was then proposed by Christine Stevenson. This was followed by a toast to the mothers, shyly presented by Owen Adams and responded to by Mrs. Jack Pattinson.

Mrs. Elaine Kapty, teacher of the Jr. C.G.I.T. Sunday School, then gave an inspiring talk on the topic "Spring cleaning our minds." A delightful solo by Marilyn Nielson followed and a reading "My Mother's Head" by Joanne Radcliffe was given.

Elizabeth Congrove delighted the audience with a piano solo and succeeding this came the Toast to the Church by Shirley Rehr. Mr. Rao responded to this toast.

Mrs. Helen Foshelm was called upon at this time for a speech, and also chose as her subject, "The Friendship Knot." A candle lighting ceremony became to be a tradition at their banquets and so one was held at this point. After the ceremony a visitor from Edmonton, Mrs. T. M. Dyer, was called upon to bring greetings to the girls. This was followed by a skit entitled "The Stilted Uniform." The closing number was a colorful presentation of layettes to tender members of the C.G.I.T.

The happy evening came to a close with the singing of Laps, and all agreed that great praise was due the two leaders, Mrs. George Gourley and Mrs. Jack Pattinson for their fine leadership of the girls.

The last two weeks of the Lenten season are known as Passiontide, the more solemn being of course the second week which we call Holy Week. The word "passion" means "suffering," but for the follower of Christ it means more than just that: it means suffering as a result of love; it means love in action. We look to Christ nailed to the Cross and there we see just how much God really loves His creation, for He is God.

But there is another side to the Cross of Christ. It not only shows God's love, but it also shows man's sin; it shows how man (you and I) refuse to face the Light, prefer the darkness, refuse to acknowledge Truth—we would crucify the Truth. And still God loves, and therefore gives Himself.

H & S To Hear Talks On Careers

The March meeting of the Edson Home and School Association will be held Thursday, March 24, in the High School Auditorium at 8:00 p.m. sharp.

The program for this meeting will centre on careers, with Mr. A. A. Aldridge, Superintendent of Guidance, Edmonton, being the main speaker.

Talks on different careers will be given by Mr. McTavish, Commercial Training, Dr. Cook or Miss Wilson, University of Alberta; Miss Ferguson, Director of Nurse Recruitment Service; a representative from the Armed Services and a representative from the School of Technology.

This will be an outstanding meeting and a cordial invitation to the public is extended.

THE EDSON LEADER

Page 5

IN THE LEGISLATURE

By DONALD F. SMITH

Edmonton—A man purchased a fairly large office building, known as the Alberta Block, on Edmonton's main street, for \$175,000 on June 1, 1962. The following day he sold a three-quarter interest in that building to a friend for \$175,000.

The original purchaser retained a one-quarter interest, raising the value of the building to \$225,000 — an increase in value in one day of \$50,000.

Its sale to the provincial government in August, 1962, for \$225,000, was one of three real estate deals questioned by Calgary Liberal Hugh John McDonald in the Alberta legislature last week as he requested an

investigation into the handling of provincial money. He charged there was waste and extravagance.

His request that the legislature be made prior to appropriate any estimated expenditures for a coming fiscal year was ruled out of order by the Speaker, Hon. Peter Davison (S.C. Little Bow).

Mr. MacDonald's contention was there had been a \$50,000 profit on the building in three months. The details of the original purchase and sale of a three-quarter interest were given to the house by Hon. C. E. Gerhart, provincial treasurer, later in the week as he defended the record of the public works department in land dealing.

The treasurer said the Liberal member had neglected to mention the transaction which took place between the firm of the original purchase and the sale to the government. He suggested the higher price resulted from the cost of brushing houses held by tenants, commissions on the sale, architect's fees, legal fees and the cost of financing.

In the preparation of the two men to turn the building into a hotel. But Mr. MacDonald contended these costs have nothing to do with increasing the value of the building.

The reason the man sold the building, according to Mr. Gerhart, was due to pressure of business

on one of the men to put money into improving a Calgary hotel, of which he is proprietor.

Mr. MacDonald also had questioned why there was a \$120,000 profit in six days on land sold to the government for a Calgary liquor store. The treasurer reported the liquor control board had sought in vain for property in the selected area and finally decided to buy the land in question.

It was held by a one-car dealer under a lease-option selling for a selling price of \$35,750, Mr. Gerhart said, and he was asking \$54,000. The liquor board offered a cash price of \$46,000 which the option-holder accepted. He asserted his option and the transfer went through the land titles office six days before the transfer to the government.

The third deal, brought up by the Liberal member, involved the proposed expenditure of \$38,440 in \$18,100 (increase over last year) for the maintenance of an Edmonton building no longer owned by the government. He also noted the government bought the building in 1960 for \$75,000 and last year sold it for \$64,000.

The government knew the building wasn't a good one when it was bought and it was expected to depreciate heavily, Mr. Gerhart said, but office space was in urgent demand. Last year when it was sold by tender to the highest bidder, the government retained the right to rent quarters for \$28,000 a year, he said.

These were the explanations given by Mr. Gerhart as he ended the debate on the budget but it was not expected to be the end

of questions about these transactions and the Calgary jail-land deal. The public accounts committee, which has authority to call witnesses and question them under oath, was to begin sitting this week at the request of the Liberals.

In other matters during the week, the government introduced legislation, still to be finally approved, to allow marketing boards for a variety of agricultural products, excluding cattle and sheep.

Social Credit members also rejected a request by testifying J. Percy Page, Edmonton. Conservators' rehabilitation centre. Opposition members contended any time was right for a study of a program like the liquor one.

The house is going to have to hustle to wind up its business before Good Friday, the unofficial objective, and several night sittings are indicated.

Carrot Creek Bids
Mr. and Mrs. Les Anthony were visiting at the home of her brother Mr. Elz Wilder.
There was a wedding dance in the Carrot Creek Hall on the night of March 18th. Unfortunately we were not able to obtain the names of the happy couple, but the large gathering there was evidence of their popularity, and everyone seemed to be having a mighty good time when we looked in. Shirley McBee, of Niam was a

guest of the Durston girls over the weekend.
There was a very nice wedding dance held in the Peers Hall last week in honor of Jean and Pat McNeill. These girls grew up in our district and were very popular and were well known for their musical ability, both being beautiful singers. There were many present from quite some distance around. Some of these were Miss Kitty McNeill, Spike Thomas and family, Billy Thomas all of Edson and Dolores Thomas of Las

Angles.
Everyone had a very pleasant evening and all joined in wishing both couples a happy and joyous voyage on their trip over the matrimonial sea.
Spike Thomas and family spent a few days visiting at the home of Harold Thomas.
They tell us that Spring is just around the corner, and it may be they are right, but I wish they would be a little more specific and tell us just which corner. Personally, I would like to see some symptoms at least of "the flowers that bloom in the Spring," etc., that we are informed about in the Mikado.

Zoe Visitor: "Does the girl get a sore throat if he gets wet?"
Keeper: "Yes, but not for a week after."

U.C. Notes
Rev. W. D. Race has received a call to be the minister of Ritchie United Church in Edmonton. A "Pastoral Relations Committee" has been busy here, and is prepared to recommend the name of a minister who might succeed Mr. Race when he leaves at June 30. The congregation of Edson United Church is being called to meet on Sunday, March 27, at 8:30 p.m. to hear the report of the Committee and decide if a call should be extended to the minister concerned.

of screened gravel is spread to a depth of five or more inches. Two or more layers of crushed gravel come next each heavily compacted, the latter consisting of asphalt-bound crushed rock, bringing the total thickness of the base course to nine inches or more.
At the beginning of the third year, any further weaknesses are corrected and a coat of asphalt is applied. After this comes the hot plant mix of asphalt and sand. A ribbon of the mix, three to four inches in thickness, but in touch and smooth as a table, is rolled in place at the rate of one to two miles per day. A few hours after the new surface has been laid, it is ready for traffic.

The fourth year of the schedule followed in Alberta brings the application of the seal coat. This consists of a light layer of asphalt and rock chips rolled into the surface to give it a greater durability and traction. When lanes are marked and additional guide posts and markers erected, the new highway is completed.
Alberta now has more than 1800 miles of hard-surfaced highways, approximately 30,000 miles of gravelled main and secondary highways and district roads, and more than 30,000 miles of graded roads which are still to be gravelled. Engineering skill and knowledge behind the construction and maintenance of this vast system are the most expert obtainable. Safety and endurance are built into every mile of road, and the search for better methods never ends.

Highways must be built from the bottom up, and so they go. The grade must be carefully selected. Continual tests are run in the field laboratory to check the stability of this basic material.
As it takes shape, the sub grade is wetted down and compacted with sheepfoot rollers and heavy rollers. Ditches, shoulders and grades are fine graded, and first course surface gravel, again carefully selected, is applied. The new highway is then put into use over winter.

The second year of the schedule calls for repaving any failures that might have been caused by frost action or traffic. After this, a stabilization of base course

Scratchpad

By MERRY

None tamper out outside names payments.

Yes—now is the time when all good men . . . the love and passion of love will flow. Pencil will be sharpened and redoubled. On the backs of envelopes, loose invoices, or any available scrap of paper will appear a multitude of figures, names and names of the staff will find its way into various types and sizes of waste-paper baskets in various shapes and stages of crumpling, each denoting a certain amount of fury and/or helplessness. Midnight oil will burn with fierce intensity.

Heads with hair on them will take a wild rumpled look as nervous fingers trace paths in locks golden, grey or otherwise. Bald heads will take on a fiery red look from the abuse of fingers against the unprotected pate. Normally clear eyes will now be hurried and hurried and filled with a bland incomprehending look. Friendship becomes a thing forgotten.

Speech as an art will drop to a new low. Short, sharp, concise, furious, laconic, abbreviated, monosyllabic, irritated, explosive, sarcastic, biting, withering, belittling. By comparison, the ancient Spartans would be Marc Anthony. Social functions will be dominated and provoked. Bridge and canasta will suffer as experts try mightily to push the time back into a rebellious sub-conscience.

C.W.L. Meet On Tuesday

The regular monthly meeting of the C.W.L. was held in the Sacred Heart Rectory Tuesday evening, March 22. Plans were discussed for the forthcoming dance to be held on Easter Monday in the Legion Hall. Tickets for sale were distributed to the members present. These tickets include a chance on a grocery hamper to be drawn for at the dance.

It was decided to have the annual election of officers at the next monthly meeting on April 14, and a committee was formed to solicit nominations for the various offices.

Cars Arranged For Crafters

Transportation is being arranged for members of the Edson Craft Centre who wish to see the craft show being held in Edmonton in the Edmonton Museum of Arts from March 28 to April 3.

Any craft member interested in going is asked to contact Mrs. H. Seldon at phone 86 before March 25.

CARD OF THANKS

A hearty vote of thanks is extended to Mr. Madson from the "Spirators" for the very nice banquet and show, held on Wednesday March 9. The boys really appreciated it.

Team Captain Ivor Leach

Vol. 2 Edson, Alberta, Thursday, March 31, 1966 No. 48

Peace River Pipe Line To Join Trans - Mountain Here

According to announcements made this week work will soon start construction of a projected \$8,000,000 pipe line to join the fabulous Sturgeon Lake oil field with the Trans-Mountain pipe line at the pumping station six miles west of Edson.

The Provincial Government has given its approval to the Peace River Oil Pipe Line Co., after the company agreed to broaden the base of producer participation so that all producer companies in the area could be served by the line.

Earlier a route for the pipe line to the Coast had been mooted by way of the Monkman pass in B.C., but the companies who finally made application to the Alberta Government chose the direct route from the Peace River country to Edson because of the considerable saving in pipe line mileage.

It is proposed to construct a combination of a 18- and 12-inch line.

Says Edson Craft Centre Stole Edmonton Craft Show

Mr. D. Morris of the Provincial Department of Municipal Affairs, and presently in charge of organizational work for the Jubilee celebration, told members of the Edson Board of Trade at their dinner meeting on Wednesday night that the exhibits of the Edson Craft Centre in the craft show currently being run in Edmonton had literally "stole the show."

Mr. Morris told his listeners that an internationally famous square dance caller has been booked to come to Edson on June 18 at the expense of the Jubilee committee to conduct a square dance jam-boree here as part of the celebration.

The Churchill show, which consists of paintings by Sir Winston Churchill is also scheduled for exhibition here on July 4 and 5.

Other cultural and entertainment activities being made available by the Provincial Government include a ballet and circus which must have a guarantee of \$100 and billeting accommodation for 25. The University of Alberta mixed chorus also receives similar guarantees and will be available later in the summer.

Mr. Morris also mentioned the other activities such as school day which will co-terminate with Festival

Day, June 9, for which towns will be much available for planning in school yards; the arrival to enter citizens of the Province; the opening to babies born on September 1st and the anthology to be presented to complete married on Sept. 1st.

Other events will be the mobile jubilee caravans, the song and anthology, the plaques which can be purchased for \$4.00, and the display kits of jubilee posters, emblems and slogans which can be purchased for \$2.00.

Edmonton Woman Delegate To U.N. Guest Speaker Here

Mrs. K. G. Montgomery, of Edmonton, who was one of the first delegates from Canada to the United Nations this past year, was the guest speaker at a luncheon sponsored Thursday evening last by the Edson Women's Liberal Association.

Mrs. Montgomery's listeners thrilled with her as she told of how the U.N. delegation from Canada was set up, how the various delegates were assigned to countries, and how the general assembly is organized so that the delegates from any country get

Legion Fight Card Brings Attractive Slate

The Legion have arranged a boxing card in the Memorial Hall for Friday, April 23, which will feature Kessie Anderson versus Frank Kewenaw in an eight round main event attraction.

Anderson is billed as "the most improved fighter in Western Canada" and Kewenaw was a welter-weight champ in Germany and has won nine fights and lost one in Canada.

Arrangements have also been made to show the Wals-Kahut fight film.

In the semifinal of five rounds Jackie Hendon, 185 lbs, of Edmonton, meets Cecil Hammett, 187 lbs, of Montreal.

Gordon Russell and Chris Lammerton, both of Edmonton, meet in the ring for a four-rounder.

Two Edson ladies—Laurie "The Logger" Hamstead, 164 lbs, will tangle with Mike Bagnide, "The Herbivore Mauler," 160 lbs.

A special event will see Vera Ezer, former Canadian Champion, box with Lee Armstrong, a former Edson favorite, in an exhibition bout.

Advance ticket sales will be made from the Commodore Hotel and Al's Smoke Shop.

Mr. Blake mentioned that the A.M.A. has been vitally interested in the Jasper Highway and in his opinion more progress was made on the road from September of last year to December than there had been since 1958.

The speaker also went on to discuss the proposal to build a toll road on the section of the Yellowhead Route west of Jasper. He said that he was in favor of such a road providing it was turned back for free public use after the cost of construction had been paid.

Canada is shown to have everything, said Mrs. Montgomery, when compared to the lack of freedom and the world's gross injustice.

Candy Kids Support Her

KUAN H. LAN

Shown above is Kuan H. Lan whose father was a Chinese nationalist army officer and whose mother fled with her to Hong Kong from their home in Shanghai when the communists approached. Lan's father stayed behind with his troops and has not been heard from since. Lan is five years old and is reported to be a sweet, sunny tempered, intelligent little girl.

She is to be supported and re-trained in the Christian Children's Fund welfare centre in Hong Kong because the kids who gather in the Edson Candy Store have decided to share their allowance with her by pledging a dime a week each as their part in making up the \$10.00 a month necessary to provide for Lan in Hong Kong.

The idea has now spread until the pledges have grown to 114, making it possible for the adoption of another underprivileged child in the east this side of the bamboo curtain.

The candy kids intend kids of

Cont. on Page 9

A.M.A. Official Advocates Toll Road For Yellowhead Route

Mr. Walker Blake of the Alberta Motor Association was the guest speaker at the dinner meeting of the Edson Board of Trade on Wednesday evening when he gave an outline of the functions of the A.M.A. in this province in Canada, and internationally.

To open his subject Mr. Blake had a film on the reasons for the formation of the American Motor Association shown, and then proceeded to give the advantages the association offers motorists in Alberta as elsewhere.

Mr. Blake mentioned that the A.M.A. has been vitally interested in the Jasper Highway and in his opinion more progress was made on the road from September of last year to December than there had been since 1958.

The speaker also went on to discuss the proposal to build a toll road on the section of the Yellowhead Route west of Jasper. He said that he was in favor of such a road providing it was turned back for free public use after the cost of construction had been paid.

He said that there were some signs that Ottawa was becoming interested in the road, perhaps to a considerable degree by the De-

Edson Old Timer Passes

A long time resident of Edson, Mr. Harvey Lavolette passed away this week after a lengthy illness.

Mr. Lavolette would have been 70 years of age this week.

He was a veteran of the First World War and was employed as a fireman with the CNR until a serious injury forced his retirement during the mid-thirties.

He is survived by his loving wife and four sons, Tom and Jim in Edmonton, Jack and Lawrence at home in Edson.

Funeral services were held on Tuesday of this week from the Roman Catholic Church with interment in their place in Edmonton.

Big Companies Move Fast

Big corporations have a habit of moving fast when the need is urgent. Last week the Canadian Gulf Oil officials met with Edson's Council and requested permission to use a cross-section between north-west to the present landing strip this side of Glenwood.

The Council agreed to let the company use the field for their flying operations if Gulf Oil would stand the expense of clearing the land for the new strip.

This week the company has been busy clearing the strip which will complement the present landing area and run westerly to allow an unobstructed approach to the Edson field.

We understand that the present field, while fairly suitable for light aircraft, is dangerous for the heavier planes that such companies as Gulf Oil use for transporting their personnel from isolated areas. The trees which crowd the present strip present cross-wind difficulties as when the aircraft comes in for its approach the cross wind is strong while the plane is above the tree level, and as soon as the machine gets below the trees there is no wind and the heavier craft must either be gunned or drop suddenly.

The shortness of the field makes gunning the engines dangerous with the result that pilots of the heavier aircraft have been reluctant to land here.

We can't imagine anyone who won't agree that improvement of Edson's landing strip is not a good move, especially so when a private company is willing to underwrite much of the expense of clearing the land.

There is also a prospect that an airline service from Edmonton to Jasper and west will be instituted shortly and it is likely the landing strip will assume even more importance.

Letter To The Editor

OOOO HOCKEY

The Edson Hockey Squad proved no pushover Sunday last for Edmonton Oilers who had a power checked team, though Edson was sluggish in the first period and seemed to feel their way, they really showed power in the second period and fought all the way.

I would like to remark on one player individually who played brilliantly all through the game, an old Edson player whose league experience proved tricky to the Oilers and a great asset to the Edson team, this player was Al Grant.

Al has seen a lot of hockey on Edson ice, and Sunday earned his keep, and played a very effective role in the Edson defense. Though he did not show prominently on the offensive, he was Johnny on the spot as a rear guard and proved a great tower of strength for the squad.

At times Al played the part of a second goal tender and stopped a lot of hot ones for Sandy, he was staunch and true with his

checking and stopped the Oilers in their tracks quite a number of times when trying to oil that Edson net.

Grant always was quite a steady level headed player, very seldom losing his temper when playing a closely contested game, but he was outstanding and played brilliantly Sunday.

He was a real asset to Trans covering him and protecting him at every turn, he played a very clean game even though penalized once for a minor infraction by holding the puck.

If any one was picking three stars out of Sunday's game surely this old war horse rightfully earned it to be one of them.

In my opinion he played one of his best games last Sunday, and kept, and played a very effective role in the Edson defense. Though he did not show prominently on the offensive, he was Johnny on the spot as a rear guard and proved a great tower of strength for the squad.

At times Al played the part of a second goal tender and stopped a lot of hot ones for Sandy, he was staunch and true with his

WE LAUGHED AT THESE

Traveler: "Quick, give me a round trip ticket."
 Clerk: "Where to?"
 Traveler: "Back here, you sap."

Overheard in front of the store of Venus de Milo.

Mother to little boy: "See Bobbie, that's what comes of hitting your finger nails."

Little Visitor: "Do you sailors wash your own clothes on shipboard?"

Sailor: "No, lady, we just throw them overboard and they're washed ashore."

A local hubby answering the phone: "How do I know? Why don't you call the weather bureau?"

"Who was that?" asked his wife. "How do I know?" he snapped at her. "Some darned fool waiting to know if the coast was clear."

Conductor: "Madam, you'll have to pay full fare for that boy, he must be over twelve."

"How can he be over twelve when I've only been married 10 years?"

"Listen, lady, I collect fares, not confusion."

Letter To The Editor

Dear Editor

A month or so ago didn't our town councilman pass a by-law restricting the parking of vehicles along 4th avenue, or highway 16 within the town's limits, and not-allowing to this effect?

Parking of vehicles both east and west of main street is still as heavy as ever, people who live along this avenue and who own vehicles still park them out on the pavement in front of their homes or places they are visiting or have business transactions at.

Parking in these places especially on the pavement hinders the movements of traffic which is quite heavy in this section of the town, especially large vehicles such as trucks which are inclined to block the view of the person who has to pull in behind to meet on-coming traffic.

This continual parking is a great hindrance to moving vehicles and could result in something quite serious, as this thoroughfare is not only for a parking lot but is also a thoroughfare for pedestrians travelling to and from town, and drivers have to be careful of them people at all times, more so after dark.

This portion of the highway is quite narrow only two lanes, should not the parking of the vehicles be strictly prohibited anywhere on this avenue within town limits, it would be for the good of all.

A Citizen

IN THE LEGISLATURE

By DONALD P. SMITH

Edmonton — The seriousness with which the Alberta government views the collapse of negotiations between the federal government and the Trans-Canada Pipeline Ltd. on the financing of a natural gas pipeline from Alberta to the coast was evident in the legislature last week.

It was expressed by Premier Manning during a 5 1/2 hour debate which saw spokesmen for Liberal, CCF and Progressive-Conservative parties, stating their views and though no conclusion resulted, the upshot was the announcement that the cabinet is considering adjourning the house when its current business is ended.

This would be instead of adjournment and would allow the government to call a quick sitting after talks with the federal government, the pipeline company and gas producers.

Mr. Manning's statement was: "The collapse of the negotiations is extremely serious to Alberta and, to a lesser extent, to the whole of Canada. The responsibility of Alberta is to see to it, in the light of these happenings, that we do whatever is the best and most constructive to resolve the problem which confronts us, at the earliest possible date, and in the best interests of Alberta and Canada."

CCF Leader Elmer E. Roper contended an American oil company, which would be the largest single supplier of Alberta gas to the Trans-Canada line, caused the failure of the Ottawa negotiations. After the federal government refused to guarantee payment of interest on the company's bonds in the early years of development, the government Bank of Canada offered to put up money, if the company would allow the bank to purchase \$5 million worth of common shares and \$40 million worth of debentures which could be converted into common stock.

Trans-Canada turned down the offer not because it was not prepared to accept it, Mr. Roper claimed, but because the American company refused to supply gas to a company over which the Canadian government might exercise some control.

That an American company could refuse to supply Canadian gas was outrageous to the CCF leader, and another indication Canada is becoming an economic colony of the U.S. With control over its own natural resources, he maintained, it is up to Alberta to let the American company "where its got off." If it is not prepared to deliver gas on the terms Ottawa asks to protect Canadian taxpayers it should let the government do it, he said.

Mr. Manning said he and Trans-Canada officials had checked and could find no producer who was opposed to the government's requiring security for guaranteeing the bonds but, he added, the bank's proposal went further. In effect he said, the federal government would be coming in the back door to control the line by virtue of the vast amount of voting stock the bank would own.

If the government wants control, let them be frank about it, he said the premier. If the producers know whether the company is a private or a crown corporation they would be prepared to deliver gas to the line but they would not, if the status of the company is confused.

Formerly, according to Premier Manning, is that the producers in Alberta obtain an immediate market for the vast gas reserves. J. Harper Proulx, Liberal leader of the opposition, took a less hurried view.

The far larger gas reserves of Texas, he maintained, are tied up in long-range contracts that will see that state importing gas from beyond its boundaries in 10 years, while still exporting its own to other areas. He defended the federal government's demand that the eastern line follow an all-Canada route, stating gas would help develop the vast undeveloped regions through which it will pass.

He opposed shipping to the U.S. which he said is running short of gas, because it would be used by industries competing with Canadian industry.

Red Deer Progressive-Conservative W. J. C. Kirby said the main thing is to find immediate markets for producers who have invested hundreds of millions of dollars in the province.

Conservation Purpose

In your day, Dad, you could go out and shoot; there were rabbits and partridge gallop. Your larks and your rivers were teeming with fish; how come they're not there anymore?

You hunted and collected, you killed and destroyed. You dug all the wealth from the land. You cut off the men from the life of the hills. Until now we have nothing but sand. You sold out our birthright for profit and gain. For wealth you could sell us for as long as you lived. And I guess that it did — just about. Now we're left to go fishing and shooting too. But our chances look pretty grim. When you had so much, Dad, couldn't you have saved just a little for me or for Tommy or Jim?

—Charlie Smith Jr., Calgary, Ont.

As is the general custom at this time of year, I have been peering into the future with the help of some slightly used coffee grounds, I have formed an accurate idea of what is going to happen within our town, the remainder of the year which will be the most important portion, the result:

PULP MILL
 Not wishing to precipitate any more trouble than what already exists at the present moment.

What I would like to say is that during the coming summer months and views and don't forget sites will be exchanged in all directions.

When they met again—having introduced their wives to each other — Dave was full of happy talk about old times. But as he talked, he noticed that his friend wasn't replying with much enthusiasm.

Jack would say "Yeah" and "Uh-huh" and give a short burst now and then. And sometimes he would clear his throat needlessly, and utter one of those dry coughs that show embarrassment.

It dawned on Dave that Jack was ashamed of him. Jack was not seeing him in the mind as a boy submerged along the river bank, but looking upon him as a cad in the rather dismal present.

And Dave began to realize that he was a bit shabby, with his cheap suit that had begun to shine in places, and his scuffed shoes. There was a small hole in one coat sleeve. The furniture needed cleaning—particularly that chair where the

SQUARE DANCING IS FUN—WHY NOT TRY IT

ALL ABOARD

By G. E. MORTIMER

I know two fellows who were boyhood friends. Let's call them Jack and Dave. They climbed trees, fell in the creek, built forts together. And then they did not see each other for some years. They used to be used and returned to civilian life. Jack prospered. Dave got along indifferently.

When they met again—having introduced their wives to each other — Dave was full of happy talk about old times. But as he talked, he noticed that his friend wasn't replying with much enthusiasm.

Jack would say "Yeah" and "Uh-huh" and give a short burst now and then. And sometimes he would clear his throat needlessly, and utter one of those dry coughs that show embarrassment.

It dawned on Dave that Jack was ashamed of him. Jack was not seeing him in the mind as a boy submerged along the river bank, but looking upon him as a cad in the rather dismal present.

And Dave began to realize that he was a bit shabby, with his cheap suit that had begun to shine in places, and his scuffed shoes. There was a small hole in one coat sleeve. The furniture needed cleaning—particularly that chair where the

Of course they didn't get together. The last time they saw each other on the street, Jack severely rebuffed to say hello.

That's the report as I have it from Dave, and I'm inclined to believe him. He seems a shade wistful about it. We are all fellow-passengers in the world, headed for an unknown destination, and it seems unfortunate (Dave says) that we can't be kind to each other on our route. But people like Jack feel that they are travelling first-class, and should not fraternize with the third-class passengers.

Carrot Creek Bites

Mr. and Mrs. Roy Kiebauch spent a very enjoyable day in Spruce Grove recently, visiting at the home of Mr. and Mrs. Fred Miller.

Grandma Lapp was kept busy last week receiving many congratulations on her eighty eighth birthday.

Blago in the C.C. Hall was well attended on Saturday night, but no one was lucky enough to win the \$75.00 Jackpot. Next Blago will be on April 9th when some lucky person can win \$60. Why not YOU?

A shower was held last Friday at the home of Mrs. Joe Kiebauch.

in honor of Mrs. Pat Beasley and Mrs. Jerry O'Toole, who were recently married in a double ceremony in Edson.

They were the recipients of many lovely and useful presents from their many friends in the district. The luncheon was co-hosted. The luncheon was really swell and a nice time was had by all. June Kiebauch furnished the musical entertainment.

Mr. Art Carlson was home in the district after quite a stay in an Edmonton hospital where he was being treated for a very painful eye injury, sustained while at work in a saw mill a couple of weeks ago.

ALBERTA'S DEPARTMENT OF HIGHWAYS

Building and improving Alberta's roads and highways is the special field of public responsibility assigned the Alberta Highways Department.

Its authority extends along 80,000 miles of highways and roads, a system that is being constantly improved each year. This net work of roads, whose total length is more than three times the earth's diameter, demands the expenditure of large sums of money for graveling, hard surfacing, bridging, widening, and general maintenance. Highways expenditure is such an important part of government spending in Alberta that almost 25 per cent of the 1964-1965 budget was allocated for this purpose.

The Department of Highways consists of seven branches — Survey, Maintenance, Location, Construction, Design, Accounting and Motor Vehicles.

The Location Branch of the Department of Highways selects the location of new highways and roads while the Survey Branch surveys the completed location of highways and all roads in Improvement Districts. The Survey Branch looks after all government owned land in the Province and administers all acts related to provincial land.

The Director of Surveys approves all plans for survey work in Alberta and administers the Pipe Line Act.

Actual construction of highways is under the control of the Construction Branch while the Maintenance Branch maintains all roads and highways, provides grants to municipal districts and improvement districts for road work, and supervises all work done under these grants. Municipal government now receives approximately \$6,000,000 a year in road grants.

The Motor Vehicles Branch constitutes the Highway Traffic Board and the former Motor Vehicles Branch, until recently a part of the Provincial Secretary's Department. All truck and car license, driver's tests, passenger car, pleasure, and business licenses and examinations and the annual responsibility, and other duties associated with the use of roads and highways by the public come under its attention. The truck and bus traffic and impose penalties when roads are most prone to damage.

struction Branch. This branch stakes out highway locations, purchases gravel, and does all the cross sectioning, levelling and other work entailed in building a highway.

The Bridge Branch of the Department of Highways builds all highway bridges. Its engineers have been busy during recent years on an expanded program of bridge building. Many bridges that have become inadequate for modern traffic conditions are being replaced with wide, strong and graceful modern bridges. Bridge design is carried out by the branch but construction is distributed between private contractors, working under the branch's supervision, and the branch's own bridge building crews.

Cuts of each type of highway, bridge and ferry are assembled by the Accounting Branch while the Maintenance Branch maintains all roads and highways, provides grants to municipal districts and improvement districts for road work, and supervises all work done under these grants. Municipal government now receives approximately \$6,000,000 a year in road grants.

THREE HIGH SCHOOL PUCK CHASERS

TOMMY MAH

MIKE GREANY

JOE LOVSIN

The three young fellows above played major roles in the recently completed Junior High School Hockey League playoffs. Tommy Mah, who captained the league scoring crown with a total of 36 goals and 9 assists kept his club, Madson's Maple Leafs, alive in the second game of the playoffs with a last minute goal that set the stage for a record-breaking overtime session; then passed his home to a 2-4 win in the final with a four goal performance.

Mike Greany, the league's top goal getter during the schedule with 28, played a big part in helping his club, Edson Motors Spitfires, force the fourth game of the playoffs, and was a constant threat to the Leafs' chances of annexing the crown.

Joe Lovsin, captain of the Leaf squad, finished the league schedule in a second-place tie in the scoring race with Greany; and was also the league's leading playmaker with eleven assists.

SEARCH FOR TALENT DRAWS CAPACITY CROWD

The Search for Talent Show Western type songs or instrumentals drew its usual capacity crowd when it appeared in the High School Auditorium last Saturday evening. As everyone knows the Search for Talent Show is brought to various Alberta towns during the winter by the Associated Canadian Travellers and radio station CFRN, who turn the proceeds over to the crippled Children's Fund. Winners of each show are determined by the most money voted by the end of the two weeks following the Saturday night show.

During the course of the hour long broadcast, Mayor Masley Burleigh was called upon to speak for the town of Edson and spoke his thanks to the audience for turning out so well to help the Crippled Children's Fund, and called for a hand for the Travellers who work so hard to put the show on each week.

There were 21 acts this year, a few less than for the past two years the Search for Talent Show has appeared in Edson. As usual after the "talent" had done their bit, the CFRN group put on a variety show that had the audience holding their sides in laughter and clapping their appreciation for the acts well done. Out of the 21 acts, 17 were

Former Carrot Creek Resident Passes At Jasper

Jasper—Harry Norton Moore, passed away in Stetson Hospital, Jasper at the age of 81 years, after a two week illness, on March 27th.

Mr. Moore was born in Davenport, Iowa. He came to Canada from Idaho in 1903 and resided at Botha where the family was born. He moved to Carrot Creek 38 years ago and he and Mrs. Moore moved to Jasper last fall.

Mr. Moore was well known and respected in the Carrot Creek district and leaves a host of friends both there and in Jasper.

He leaves to mourn his loss, his loving wife, three sons, Donald of Edson, Phillip of Jasper and Kenneth of Walla Walla, Wash., one daughter, Mildred Richardson of Jasper, one sister, Mrs. Uley of Stites, Idaho and six grandchildren.

The funeral services were held at 2:30 on Wednesday, March 30, in the United Church, "The Little White Church in the Rockies" with Rev. C. Gates officiating, and interment in the Jasper cemetery.

Mr. Harry King has arrived home after taking mechanics training at Calgary.

**Lift your heart
with the glory
of Easter**

Age-old, yet ever-new, is the transcendent glory of Easter. And where else can you find its true meaning so beautifully expressed as in Church? Here, as you join with family and friends in song and prayer, you will experience anew in your heart the miracle of Easter, and return to your work-day world refreshed in spirit and strengthened in faith, hope and courage.

New Plasma Substitute

Dr. D. I. Buchanan of Edmonton, senior medical director for the Red Cross Blood Transfusion Service in Alberta, has announced that limited supplies of serum albumin are now arriving in the province for distribution to hospitals by the Red

ing in the province for distribution to hospitals by the Red Cross. The serum albumin, a blood fraction, will gradually replace the dried plasma which has been issued up to this time. As serum albumin is being stockpiled for both disaster and civil defence, one ampule is received for each five bottles

of blood sent to the Connaught Laboratories in Toronto. Dr. Buchanan (right) and Dr. M. J. Tuttle of Calgary (left), medical director of Calgary sub-depot, hold five bottles of blood while Miss Colia Cockeram, senior lab technician, holds an ampule

of serum albumin and a bottle of gamma globulin, another important blood fraction which is processed at Connaught from blood given by volunteer donors.

MR. AND MRS. GEORGE FRANCES RIVERS

Bride From Niton Exchanges Vows In United Church

The Edson United Church was the scene of a pretty wedding on March 19, when Ida Iona Kjelland daughter of Mr. and Mrs. O. Kjelland of Vilnius, Alberta, became the bride of George Francis Rivers, son of Mr. and Mrs. R. Rivers of Empress, Alberta.

The Rev. W. D. Rave performed the ceremony.

Given in marriage by her father the bride was lovely in a white gown with full overskirt and featuring a sequin and seed pearl trimmed bodice. Her floor length veil was held in place by a sand pearl encrusted coronet, which matched her pearl earrings. Her bouquet was of pink roses.

Attending the bride as bridesmaid, Miss Velma Rivers wore a gown of green lace with net skirt. Matron of honor, Given Prohm wore a gown of mauve lace with net skirt. Both attendants carried bouquets of mixed flowers.

Mr. Marvin Kjelland attended

the groom as best man. Ushers were Hilda Kjelland and Ben Johnson, C. F. Fleming and George Gordon. For her daughters wedding Mrs. Rivers, Mr. and Mrs. F. Mississauga and Mrs. A. J. Mississauga, Mr. and Mrs. J. A. Maltby all of Edmonton and the Square M crew from Rochford Bridge.

CARD OF THANKS

We wish to thank our friends and neighbors for their acts of kindness during the sickness and death of our dear husband and father, Harvey Laviolette. Special thanks to Rev. Father Shalla, Rev. Father Malone and Rev. Father Landigan, Sisters at the hospital, Dr. Crawford, R. of L.F. and the Semanick family. Mrs. H. Laviolette and family.

(Out of town guests for the wedding)

U.C. Notes

The Sunday School will meet as usual on Easter Sunday and on the Sunday following. Although it is public school is by time. The Junior Choir will render special Easter anthems at Easter Morning Worship, but the expected members from the Senior and Young People's Choir for Good Friday Morning and Easter Morning Worship have had to be withdrawn because of difficulty getting in the necessary preparation.

A little before 6 a.m. this Sunday the girls of the C.G.I.T. will be gathered at the gate of the Wasmuth farm to hold their annual Easter Sunrise Service. Afterward they will have breakfast together at the home of Geraldine Mahon.

A special meeting of the congregation will be held Easter Sunday at 8:30 p.m., to consider a request that the Church sell a portion of the vacant lot it holds beside the Church building. Questions of the future building needs of the congregation will be paramount in the discussion and the decision.

The Sacrament of the Lord's Supper will be observed at Morning Worship on Sunday, April 7. The minister is preparing a number of persons for Reception into Membership upon profession of their faith at that time. A number of others are expected to transfer their membership to Edson from other places at the same Service.

By HENRY

Why Is It

Perhaps being fat and fifty, presumably set in my ways, with my inevitable five cent cigar, I should not worry about what I overheard the other day. Maybe I should let younger and tougher men take up the battle, because I think a fair to middling sized battle is shaping up here. But it is not in my making to hold sacred that state of affairs which is referred to in the two Latin words: status quo.

It is my inclination, and strongly so, to make direct reference, to name names and proceed to take up the fight from that point. But this matter is not one which is applicable only to what I heard. It is a feature and a sign of "small town stuff." It can apply, and does apply to every phase of life. It is readily applicable to a new and extra garage being erected when we

already have 5 or 6 in town. It can apply to a new theatre, to a new newspaper, a new grocery store. To anything.

It is a basic tenet of science that we go ahead or we go back. We cannot stand still. Those of us who would maintain the status quo as applied to modern civilization, modern society and its innumerable offspring, competition, could try to retard science.

Why should the status quo be such a sacred cow? By what sort of reasoning should things be left as they are? And the corollary follows: Who would dare say we have reached perfection? When that zenith has been reached, then we are on our way back down. Would anyone suggest that this state has been reached here in Edson—or anywhere else for that matter?

Why was it that at the time of the Industrial Revolution, or just prior thereto, our great neighbor to the south, I mean, I was this to maintain only about four million people? Today that population is over 100 million. A different culture of men. What would have happened today if the cotton gin, the steam engine, etc., had not been developed because the "status quos" had had their way? And not only developed, but improved from day to day. Who were we to say that the ideas were foolish impractical? The "status quos" perhaps, who had clung to them.

antiquated machinery, those of them who perished in the fierce fires of competition if they did not smarten up both themselves and their factories.

Certainly all the ideas were not good. But if they could not stand the severe scrutiny of the testing grounds, they fell by the wayside. But who was to condemn before the test was made?

Can anyone of us decide for the other in any matter, where all concerned are mature adults? Is it for you to say to me that such would find that there were not enough shoes and clothing or food

press an opinion definitely; it is our democratic right. But that as far as it should go. For the rest, hands off and mind your own business. Would anyone suggest that all books should still be written in Latin or Greek or in the weird figures of the hieroglyphics because that was the way it was done in the year so and so?

Why should I be a outcast because I do not think that what was good enough for my father is good enough for me? Such an attitude if carried to the extreme, would find that there were not enough shoes and clothing or food

and shelter to go around if we clung to the status quo which existed before the Industrial Revolution.

And it all stems from "ideas." It has been said that whatever the mind of man is able to conceive, he is able to execute. Watch out status quos, you'll get your fingers burnt.

And it is a very peculiar thing Most peculiar. If the pockets of the status quos are lined by the rump of a new idea, it is usually a very good idea—otherwise.

Council Taking Action On Main Street Improvements

The Council at a special meeting in the Town Hall on Tuesday, March 20, decided to begin the first phase of a program, laying a stabilized base and hard topping on Main Street from First Avenue to Sixth, inclusive.

The project has been long talked of and hoped for as much by the people who have to use the thoroughfare as those merchants and businessmen who have to do business on it. Money for financing the estimated \$26,250 program is to be partly assessed against the property on a frontage basis.

This, hand in hand with a \$62,000 sidewalk program, will make Edson's streets as busy almost as they were during the sewerage ditching.

Present were Mayor Barish, ed for lots 9, 10, and 11 block 7 and Councilors Kortman, Nigro.

It was moved that tentative approval of Council be granted to the

Children From District Helped

Within the past four years, three children from Edson and district have spent a total of 215 days in the Alberta Red Cross "Crippled Children's hospital." This includes one year in the "old" hospital and three in the new building, the largest orthopedic hospital in Canada.

Built for children whose parents cannot afford the prolonged hospitalization and medical care that orthopedic cases demand, the hospital belongs to the people of Alberta who contributed greatly to its construction and continue to help maintain it. Polio cases under 16 years of age are admitted under the Government Act while a few orthopedic cases, that cannot be treated elsewhere, are admitted also on recommendation of the medical staff and hospital Board of Management.

mit application, for proposed addition to building on lot 12, block 6, from Mr. E. Geimic was read.

Tentative application for building permit for proposed building and relocation existing building on lot 1, block 18, from Mr. G. R. R. was submitted.

It was moved that building permit applications from Mr. E. Geimic and Mr. R. R. be tabled until meeting of April 5.

Committee—It was moved that standing committee be recommended by the Mayor, be received and embodied in the minutes.

A.S.I. for Employees — It was moved that the Council grant its approval to the employees application to Medical Services Incorporated for coverage under its scheme and the deduction from the pay of the employees of the whole sum of contract, where covered, and the remission to the company.

Budget — The Council at this time discussed the details of the budget for the year 1965.

The following accounts were passed for payment: J. Wyshowski, 106.46; J. Hendricks, 106.04; E. Johnson, 111.32; J. H. Hinchey, 108.73; L. W. Ramstedt, 54.00; A. J. Tran, 56.05; M. M. Albert, 50.92; Alberta Gov. Telephone, 30.90; Land Titles Office, 100.00; A. J. Tran, 4.24; M. A. McLeod, 18.82; O. Kirsch, 44.00; C. L. Gager, 106.58; A. Chiesa, 114.84; T. Semeniuk, Fire Pay Roll, 150.00; E. H. Truckner, 15.25; L. W. Ramstedt, 112.52; C. Patterson and Son, 47.52; Workington's Clothing Store, 99.15; W. D. Guthrie, 1.00; H. Hutchinson, 11.80; A. C. Pflughauf, 8.00; J. Wouterse, 22.50; Highway Grocery, 20.00; Smith Clinic, Canmore, 16.00; L. P. Gas Sales and Service, 45.72; Edson Printers, 12.20; Municipal Supplies Ltd., 7.52; Willette and Shaw, 15.00; Western Supplies Ltd., 68.20; Neptune Motors Ltd., 20.57; Can. Westinghouse Ltd., 2.00; Northern Electric Co. Ltd., 236.00; British American Oil Co., 68.96; Imperial Oil Ltd., 812.70.

Division Appoints Committees At First Post-Election Meeting

Held in the Edson School Board Room, March 8, 1965 at 10:30 a.m. Present at the meeting were: Trustee A. C. Gough, W. Williamson, J. H. Lawton, H. G. Haddock, R. C. Frith and W. H. Kankevit, Superintendent J. H. Finlay and Secretary-Treasurer D. S. Blundell.

The meeting opened with nomination for chairman, Vice-Chairman, man, rehiring of the present staff and the forming of committees. Mr. A. C. Gough and Mr. J. H. Lawton were unanimously re-elected as chairman and vice-chairman for the coming year.

Two committees were set up consisting of Messrs A. C. Gough, J. H. Lawton and H. G. Haddock, to form the bus committee, discussion of van routes, debenture plebiscite, sale of Pails school, discussion of teacher salaries for 1965-66, supervised labor versus contracts in building programs.

Older matters discussed were printing of the minutes in the newspapers, Peers site, extension of van routes, debenture plebiscite, sale of Pails school, discussion of teacher salaries for 1965-66, transportation allowances, superintendent's and secretary's reports, payment of accounts.

It was moved that the regular meetings be held the second Tuesday of each month unless changed by resolution of the Board.

It was moved that the budget meeting and building program meeting be held during the week of March 10.

Edson Craft Enthusiasts See Work At Provincial Craft Show

About 20 members of the Edson Craft Centre went to Edmonton on Saturday to attend the annual Provincial Craft Show sponsored by the Cultural Activities branch of the Department of Economic Affairs. For many it was their first visit to the Museum of Arts and the first time they had seen their work displayed to the public.

The Museum is one of the old family homes of Edmonton with its many rooms. Crafts from the different centres were displayed in separate rooms and it was with justifiable pride that we found the Edson display large enough to have a room to itself.

It was very interesting to craft workers to wander from room to room comparing work and giving

complimentary remarks about the Edson display. Aside from the pottery, leather and general woodwork—the work done by R. Kodoo was receiving much favorable attention. His wooden articles with etchings burned in were unique and very well received.

Short lectures were given on design and marketing, and several films were shown depicting craftsmen in all parts of the world. It is hoped that these films may be obtained and shown in Edson before they are returned to their various owners.

In the talk on marketing the speaker made it clear that few—if any—craft workers could hope to make a living by their products but that for most the greatest benefit was derived from doing something that brought pleasure and by creating something of beauty.

Those who have been active in this work for the past year are in full accord with this thought. We may never make any money but we do have fun. Would you care to join us? Contact any member or go to the centre where the work of your class is being done and you will be made welcome.

Fire Destroys Hotel, Pool Room And Mercoal Home

Mercoal—Fire destroyed the well known hotel in Mercoal, which has been such a landmark to all who first visit the C. J. Brauch, after 3:05 a.m. Wednesday morning, partially burned the pool room, and completely burned the William Kolbe home.

The fire appears to have started in the hotel basement and quickly spread to the rest of the structure forcing roomers out the second story fire escape in their night attire. The hotel had some forty permanent guests who lost their personal belongings.

The pool room was partially saved from the flames by having it bulldozed out of the way in order to save the two store buildings directly west of it.

The eight members of the William Kolbe family had to escape in their night attire as well.

The hotel was jointly owned by Messrs Jim Anker and Andy Lezyk. Mr. John van Leed is the proprietor of the demolished pool room.

The hotel itself was valued at something over \$100,000 which does not include the thousands of dollars worth of personal belongings owned by the hotel's guests.

The Mercoal volunteer fire brigade battled the blaze with the help of the Canadian Colliers fire fighting equipment. The town was plunged into darkness for a while with only the flames casting their eerie glow over the scene.

Lucky Numbers Of Peanut Sale

The following numbers were drawn: blanket, No. 502; sheets, No. 255; towel set, No. 538; pillow cases, No. 178.

The Order of Royal Purple take this opportunity to thank the citizens of Edson for their generous support of this effort.

WEST EDSON

Continued optimism in Edson's growth and future were in evidence at the last regular meeting of the Edson Town Council meeting on Tuesday, April 5, when plans were examined for a fine modern new building on Main Street for the Edson Bakery.

This in addition to the new super market building proposed for Hud's just south of Switzer's Drug Store, the new post office building and the prospect of Edson Main Street being black topped this year, are going to give Main Street a "New Look."

Sidewalk Crossing—Mr. H. Mat there addressed Council in support of application to Town for provision of driveway crossing without charge, in view of inaccessibility to back of property, lot 8 block 38. It was moved that application for provision of sidewalk crossing for lot 8, block 38, be denied as it is not the responsibility of the Town to provide access to property.

Building Move—Mr. H. Lindgren addressed Council on behalf of the Moose Creek Lumber Co. making tentative application for permit to move building from block 16, to a site on lot 22, block 8, to be used as an office building. The Secretary was directed to have the building inspector check on building and report.

Cancel Lease—Letter from Mr.

Application Lease—Mr. H. Chapman addressed Council asking for lease and option to lots 39 and 40, block 11, and submitting a tentative proposal for its use. It was moved that the lease and option to lots 10 & 11, block 81, from Mr. H. Chapman until the next meeting of Council and pending submission of proper plans and specifications of proposed structure, etc.

Mr. Hipfner, field secretary for Northern Alberta, will be present at the annual meeting of the Edmonton and District Branch of the Canadian National Institute for the Blind, being held in the basement of the United Church on Thursday, April 21 at 8:30 p.m.

The speaker will tell of the work and aims of the group in Northern Alberta and will also be showing films.

The local group is hoping for a good representation, and every interested person is most welcome and urged to come out and give the local group help as in the past.

liamson of lots 10 and 11, block 81 be cancelled and that refund of 99% of deposits in the sums of \$800 to Mr. J. W. Henderson and \$775 to Mr. R. B. Williamson be authorized.

Letter from Canadian Fina Oil Ltd. with accompanying cheque of deposit in the sum of \$1,500.00 was read and ordered acknowledged and filed.

Building Permit—It was moved on building permit No. 540 to Mr. G. Rohr for proposed structure lot 1 block 16, he approved and that permission be granted to move.

Cont. on page 8

 No. 316 From Jasper, Mondays and Fridays, arrive 3:30 p.m.

Three retired railroaders from Edison went to Jasper recently to witness the final run for Singiner Archie Keys as he piloted the streamlined passenger train into Jasper for the last time. They were former firemen in the Edison Round House, Magistrate J. Thomson, and retired "hoggers" George Harrison and Clarence Trapp.

From left to right in the pictures snapped by Roward and McNeill of Jasper, are R. Keys (Mr. Keys's son), M. Harrison, Mrs. Keys Sr., Mrs. Keys Jr. and baby (nee Janet Thomson), Mr. Keys, Mr. Trapp and Magistrate Thomson. In the centre panel F. Ann Edwin Mueller, another Edison boy, congratulates Mr. Keys, while the last picture catches Mr. Harrison, Mrs. Keys Sr. and Bob as they watch Singiner Keys come in.

Light Rates Can Be Reduced

Rates for Edson produced light and power can be reduced but . . .

And that's the rub. Now that the school requisition has been settled as being only 25 mills this year, Edson's Councillors have been giving some thought to what should be done about the admittedly high light and power rates.

The light rates are mainly high because of the high cost of producing power in a diesel power plant, which with cost of distribution taken into consideration runs to over five cents per kilowatt. Household light rates start at 13 cents and come down to eight cents when the first 100 kilowatts is reached, while commercial lights are charged a flat ten cents, and power users a flat six cents (less 10 per cent discount).

A token reduction could be made, but the result is that some of the projects the Town has needed for years will have to wait. The profit from the power plant operation last year amounting to \$55,000 and was the only large amount of revenue the Council had to use for essential public works and for the Town's expenses. However, 24 mills less requisitioned by the School Division gives more tax revenue to play with this year.

The decision of the Council will be awaited with interest by the ratepayers.

The Horse Laugh Was On Bill

JOHN N. SATY, Poets

A little song I'll sing to you, and hope you'll not get mad. The story that I'm going to tell, is really very sad. A man, he had a colt he thought would make a lovely horse. But when he let it run around, it got in bad, of course. Oh me, oh my, what a shame! Oh me, oh my, you must not ask his name!

Somebody missed a chicken—and the bullet hit the bay. Now when the owner heard of this, it made him awful sore. He must have been a Christian man or else he would have swore. He went to Edson for the police, who came without delay. And very soon they thought they had the man who shot the bay. Oh me, oh my, of course it was a shame; oh me, oh my, I will not tell his name!

But all the same, they took him in that day. For somebody missed a chicken—and the bullet hit the bay. At last the case came into court and the judge said, (very stern) "One hundred and fifty for the colt, and then you may return. That scratch on the roan is not bad, a ten spot, it will do. 'Twas a mighty good price for a colt and a scratch, I think so, now don't you?"

Oh me, oh my, now wasn't that a crime? Oh me, oh my, I wish they had been mine.

You will admit, it was a most unlucky day. When somebody missed a chicken—and the bullet hit the bay. Now good friends all, both great and small, my song is nearly done.

To some it did seem quite a joke, but it was a costly one. And this advice I'd give to you, it was to hunt hunting; go. If you should see a chicken—pull the trigger mighty slow. Oh me, oh my, we must not mention names, oh me, oh my, we must always play the game.

But this we must know, it was a fatal day. When somebody missed a chicken—and the bullet hit the bay. The cattle and the horses still are running on the road. While somebody's little pocket-book is lightened of its load. If you should keep a sharp lookout about the class of day, Perhaps you'll see the black or roan, but never more the bay. Oh me, oh my, Bill wasn't much to blame; oh me, oh my, you must guess his other name.

When somebody missed a chicken—and the bullet hit the bay. (Note: Some school kids had told Police that they had seen Bill in the yard that morning with a rifle in his hands. At the trial, the judge (may be rest in peace) asked Bill, in all innocence replied: "I was shooting of a chicken." That was just too bad for Bill, as chickens and colts were both out of season, and so poor old Bill got the book, cover and all thrown at him.—J.N.B.)

WE LAUGHED AT THESE

"Oh, what a funny looking cow, the chic young thing from the city said the farmer. 'But why hasn't it any horns?'"

"There are many reasons," the farmer replied, "why does a cow not have horns. Some do not have them until late in life. Others are dehorned, while still other breeds are not supposed to have horns. This cow does not have horns because it is a horn."

"Give it to me straight, doctor," said the patient anxiously. "Don't use any of those long scientific words. Just tell me in simple English what's wrong with me."

"Well," said the doctor hesitantly, "be perfectly frank, you're just plain lay."

"Thank you, doctor," said the patient. "Now use that long scientific word for it so I can tell the folks at home."

A young miss bought a lottery ticket. She insisted on having number 51. It turned out to be the winning number and she received \$15,000. A reporter interviewing her asked, "Why did you specially want ticket number 51?" "Well," she answered, "for seven months I dreamed of number seven, and seven seems to be 51, so I bought the ticket."

A faith healer ran into his old friend Max and asked how things were going.

"Not so good," was the pained reply. "My brother is very sick." "Your brother isn't sick," contradicted the faith healer, "he only thinks he's sick. Remember that: he only thinks he's sick."

Two months later they met again and the faith healer asked Max, "How's your brother now?" "Worse," groaned Max. "He thinks he's dead."

A visitor to an amusement park asked an inmate why he was pushing a wheelbarrow upside down. "You don't think I'm crazy do you?" came the reply. "When I pushed it right side up yesterday, they kept filling it with gravel."

Harold Johnson, not feeling well, asked the druggist for a prescription. The druggist prepared a small box, of pills and handed these to Harold with the remark, "Take these."

Harold came in next day and said he felt no better. The druggist asked "Did you take those pills?" "Yes, I swallowed 'em."

"Swallowed what," asked the druggist.

"The box," said Harold.

"You swallowed the box and all."

"Sure," said Harold. "Didn't you tell me to?"

"You just wait," said the druggist, "until the lid comes off that box."

IN THE LEGISLATURE

By DONALD F. SMITH

Edmonton — The effects and ramifications of the events which occurred with machine-gun rapidity in the Alberta legislature last week, are still being felt in the halls of the Legislature.

As a result of evidence submitted to the house public accounts committee, two by-elections will be called within six months, unless a general provincial election is in the offing.

The committee sat at the request of Liberal members, who charged waste and extravagance in connection with government land and building transactions in Edmonton and Calgary. Evidence submitted to the committee showed that two members, John Charles Landry and Leithbridge, and Roy E. Lee, Trier constituency, are partners of a building being rented by the government.

Under the Legislative Assembly Act, persons holding such contracts with the government are ineligible to hold membership in the legislature.

The two members, who said they did not realize this and had not been informed of any irregularities by their solicitors when the building was assigned to a holding company in trust for Mr. Landry and Mr. Lee and William McNeil, of Leithbridge, submitted their resignations to Mr. Speaker on Thursday afternoon.

The committee was to meet this week to prepare the report it will submit to the legislature on the evidence received in the 12 hours it sat on three different days hearing witnesses. On one day, the committee, which actually is composed of all members of the legislature, sat 6 1/2 hours.

Mr. Landry, a former Social Credit member of parliament for Calgary East, has been a legislator since 1944, while Mr. Lee has been in the legislature since 1940.

They said they had never talked of their interest in the building prior to acquiring it or after. Immediately after the resignation, Premier Manning read to the house a written statement, in which he said the government did not know until the committee heard the evidence, that the two members held an interest in the building as private persons and not as members of a company.

The committee was told the building, which is in Edmonton and was purchased by the government in 1940 for \$75,000, was sold to Charles Hoback, president of Canadian West Insurance Co. for \$94,000 last year. It also was stated that Mr. Hoback, finding himself in financial difficulties, assigned the building over to the holding company which held it in trust for the two members and the third party.

Mr. Landry and Mr. Lee are managing director or director, respectively, of Canada West.

A land, where good planning, good management and careful work are the order of the day and a bonus for leading is the part.

Henry Wasmuth

Within Our Town . . .

During the coming season there will be several improvements made this year to sidewalks, streets, and lanes, some new signs posted, but will continue to reclaim YES and NO in their sleep. At least a few thousand words will be uttered in council, and of these words, that will seem to make any common sense at all will be "meeting adjourned."

At one time I could have sworn that the light and power rates would be lowered, but this error was made by looking at some of my coffee grounds upside down.

There is a rumor circulating

By HENRY

My infrequent business trips to Edmonton and back until recently, taken on the attributes of an unpleasant chore. And all because I usually visited my sister before returning home.

Now I would not want to give you the impression that I do not like visiting my sister. Adele is a very nice sister to visit with. She always makes me feel very much at home and treats me quite royally. Nor does she ask me to run down town and do this, that or the other thing for her. But I don't, should I say I didn't like her? At least, I think so.

Anyhow, it is a small creature about a minute high or less, and is a reasonable facsimile of what passes for a dog. It is golden colored and it is also a mongrel, embodying within it's small frame all the distilled essence of all the mongrels of its race, and, really speaking, it has a yapping, squealing, sounding bark and I should have destroyed it long ago by the simple expedient of stepping on it. But it is the treasure of my favorite sister and I could not bring myself to this last desperate measure.

The feelings between little Nipper and myself were very mutual. He didn't like me either. Each time I pushed my foot up to the front of Adele's home and got out of the car, this creature would magically appear from nowhere and emit a series of squeals and yaps far out of proportion to his size. Within seconds, I was the object of hostile glares from all households within two blocks on either side of the street. I could almost read their minds, in they criticized me for abusing my little Nipper, I mean Nipper.

At one time, a huddling type, barely able to speak happened onto this oft repeated scene and in a most pugnacious manner, why I didn't pick on someone my own size. I have often wondered since if he meant himself.

Well, the other day, I made a rather trip to Edmonton, and in the process of things I went to visit my sister, bringing my little Nipper with me. After stopping the car, I cautiously got out and looked around. No Nipper. . . I mean Nipper. I had happy thoughts of a car ditching him or of him being in the clutches of some large brute at a poundkeeper. I started toward the house, carefully keeping my eye to the rear, apprehensive in case that creature had changed his mode of attack. I negotiated the front door without incident. Barring the doorbell. Bill, no Nipper, I mean Nipper. Adele came to the door, and I said: "Where's Nipper?"

 Every Sunday in Easter Day

the day of Resurrection, of new life. It is the "Lord's Day," the special day of worship. It lacks all meaning, and we have no right to the day, if we forget this. We

came to kneel at the Altar on the first day of the week witness to the fact that He is risen and is alive for evermore, and to revive that risen life in the Blessed Sacrament.

Low Sunday acquired its peculiar name because Christians somehow felt that they had done their duty on "Easter Day," and could now afford to relax—the low attendance on that particular Sunday gave the day its name. In the Christian life, this is a lie. Every Sunday is Easter. The Christian who neglects this fact is "taking the name of the Lord in vain," treating God as if He did not exist.

ABOUT NOT MUCH

By SHAMUS

Quite awhile ago I was watching a basket ball game. I sat along side a fine looking old man. My team was not so hot, and the visitors had things their own way the first half, and he cheered every move they made. But our boys began to catch up, then Joe put me in the lead with a long and

shot — and I noticed that the old man was rooting for OUR side. "What team are you for, any way," I asked, "Neither," he replied, "I've got my own team, I figure ANY kid that can do a good job out there is on my team. Most of the individual like I do — and you'll always back a winner."

You know, he had something there, maybe it is a good idea to keep our eye on the individual instead of automatically grouping him on teams "for" or "against."

We're all individuals at heart, with our own likes and dislikes, our right to prefer tea to coffee or beer to butttermilk, our right to blow our horn when anyone tries to regiment us.

That, dear readers, is one of the headaches of the poor editor of any news paper, he is one individ-

ual that is supposed to have no likes or dislikes, the "team" figure that he must not publish anything against them, the "individual" figure that he must publish what they want published, so the battle goes.

If I was an editor, I would publish what the readers wanted for a couple of weeks, and then at back and watch the fur fly, and the letters come in, for or against. I know after all, when you get a little disgusted with things as they are, just stop a second and think of the old Chinese saying, "It is better to light a candle than to curse the darkness."

In other words, write a letter and make it interesting.

Dr. Bannister And Sports

Dr. Roger Bannister, the first man to run a mile under four minutes, gave a talk recently over BBC's Overseas Service and he addressed most of his remarks to the young people. He said that the trouble with the present age is indifference and the decay of freedom and truth as we know it in the past. When this hall the world is under a totalitarian system of government where the individual does not count and even in free countries there is a good deal of equality about individual rights and achievements.

Dr. Bannister was born in the uncertainty of the 1920's when young men were being conscripted for the second world war and after the war they two wanted a cold war and the League of Nations world was breaking out was never present. Those crises bred a feeling of insecurity among young people and they lost the habit making decisions on what they would do about their future. Sporty and indifference took the place of ambition and their future occupations were postponed until the times became more settled.

The chief result was the loss of self discipline and this was felt not only in society but also in the schools and colleges. Young people coined the phrase: "I couldn't care less" or "I haven't a clue," and they developed the negative attitude that goes with the philosophy of indifference.

Dr. Bannister contends that the rise of sport at this time and the competition of games of every kind was the only agency that brought back self discipline to his generation. Games depend upon the individual and every individual in a competition whether it is hockey, football, basketball, or any sport, loses his indifference and does the best he can for his team.

Manaska W.I. Reviews Year's Work At Regular Meeting

The monthly meeting of the W.I. was held in the home of Mrs. Fred Johnston with the vice-president, Mrs. Fred Johnston in the chair.

The minutes were adopted and a report was read in the about the W.I. Library for the United Church.

Mr. Johnston kindly offered to purchase the W.I. paper for the group this year.

It was suggested as all groups and clubs, such as the two 4-H Clubs, Home and School and F.U.A., use the Community Lamp at Pullman for their meetings, that they pool funds for the upkeep of the lamp such as coal oil, mantles and generators, etc. and they discussed this idea so that the expense wouldn't all be left to any one group.

A summary of the year's work was read by secretary Mrs. E. White and members suggested the press correspondent send it to the papers which is as follows:

In reporting of the W.I.'s yearly report of 1954. In February we gave the 4-H sewing club \$15 toward the payment of their sewing machine.

We also asked the help of the Nursing Committee to help the W.I. put on a dance for raising funds for the Nursing Home which \$40 was realized.

In March the W.I. had Mrs. R. White attend the Edmonton District Conference. Mrs. White gave

Council Consider Proposed Commercial Buildings On Main

Cont. from page 1
 frame structure to site on north side of lot to be used during construction of new building and to be demolished or removed from town not later than November 1st 1955.

Lesser Rejected—Application for lease and option from Mr. W. Masure for lot 13, block 82 upon which he proposed to build 31x32 building was read. It was moved that M. Masure's application be rejected as building does not appear to be suitable for residential district.

Lesser Application—It was moved that lots 10, 11 and 12, block 81 be held on behalf of Messrs McDonald & Collins until the next meeting of Council and pending submission of plans of proposed second building and deposit of sum of \$400.00.

Letter from Edson School Division Board was read. It was moved that the north half of block 62, and all of block 63, be transferred to the Edson School Division No. 12 on the Board's undertaking to erect a school building on the site, and subject to submission of plans and specification for approval, and subject to the alley in block 62 being widened to 40 feet, and that Council approve by cancellation of 7th Avenue between 45th and 46th streets and the alley in block 63, and that terms of transfer be placed in the hands of the Finance Committee with power to act. Councilor McIntyre requested.

It was moved that a meeting of the Court of revision for the purpose of hearing complaints and appeals against the current assessment, as well as the local improvement Assessment for sidewalks, be called for 8:30 p.m. on the evening of May 17th, 1955.

Mun. Convention—Letter from Secretary Union of Alberta Municipalities was read. It was moved that the Council advise that it is the opinion of Council that the affairs of Alberta would be better served if Alberta convention not held in conjunction with Federations meetings.

C.N.I.B.—It was moved that By-Law No. 782, a By-Law providing for a grant to the Canadian National Institute for the Blind in the sum of \$50 be now read a first second and third time and passed.

Boush Home—It was moved that By-Law No. 782, a By-Law providing for a grant to the Boush Home in the sum of fifty (\$50) dollars be now read a first time, a second time and a third time and passed.

Port Construction—Letter from Port Construction with regard to gravel stockpile and account was read and ordered filed.

Water Right-of-Way—It was moved that Councilor Nigro and Town Solicitor be directed to investigate possibility of gaining drainage Right-of-Way through a portion of the N.E. 1/4 of Section 23-23-17-W5.

Parking Lot Entry—It was moved that Mr. T. R. Fowler's application for Main Street entry to parking lot on lot 1, block 22, be tabled for further consideration.

Chauffeur License—It was moved that for Town employees be not paid by Town.

Sub-Dir.—It was moved that approval of Council be granted to proposed subdivision of part of the N.W. 21-23-17-W5 as submitted by Town Planner March 28th.

Bids Code Meeting—It was moved that Secretary be directed to advise Director of Town and Rural Planning of approval of Council to holding forum on National Building Code and that Council is prepared to send representative.

The following accounts were passed for payment:
 J. Thomson, Magistrate, 19.50
 J. Wyshewski, 114.62.1 Hendrick, 116.35, E. Johnson, 118.14, J. Hinchey, 119.89, G. T. Harrison, 10.00, H. M. Albert, 89.92, Mahon Electric, 24.30, Edson Hardware & Building Supplies, 20.16, Koebel, 48.57, Lunden Motors, 14.53, Edson Welding & Repair, 27.82, Wills Garage, 110.88, Edson Motor Co., 147.51, Signal Publishing Co., 50.14, Edson Printers, 12.81, Edson Lumber, 11.86, Municipal Supplies Ltd., 85, Salvation Army, 45.00, St. Joseph's Hospital, 47.75, Dept. of Public Health, Rosenhaven, 93.00, British American Oil Co., 87.13, Imperial Oil Ltd., 1,378.45 Town of Edson Utilities, 1,428.47

Overhang Signs—It was moved that approval of Council be granted to placing of overhanging signs by the undertaker on filing of proper indemnity undertaking. News Theatre Ltd., lot 4, block 13, L. Berkhout, lots 23 and 24, block 7.

Jubilee Grants—It was moved that the application to the provincial grant for grants for Golden Jubilee.

Board of Health—It was moved that Mr. J. P. Switzer be appointed to the local Board of Health to complete the term of Mr. W. Wilson and until the first meeting of new Council in 1956.

It was moved that a meeting of the Court of revision for the purpose of hearing complaints and appeals against the current assessment, as well as the local improvement Assessment for sidewalks, be called for 8:30 p.m. on the evening of May 17th, 1955.

Mun. Convention—Letter from Secretary Union of Alberta Municipalities was read. It was moved that the Council advise that it is the opinion of Council that the affairs of Alberta would be better served if Alberta convention not held in conjunction with Federations meetings.

C.N.I.B.—It was moved that By-Law No. 782, a By-Law providing for a grant to the Canadian National Institute for the Blind in the sum of \$50 be now read a first second and third time and passed.

Boush Home—It was moved that By-Law No. 782, a By-Law providing for a grant to the Boush Home in the sum of fifty (\$50) dollars be now read a first time, a second time and a third time and passed.

Port Construction—Letter from Port Construction with regard to gravel stockpile and account was read and ordered filed.

Water Right-of-Way—It was moved that Councilor Nigro and Town Solicitor be directed to investigate possibility of gaining drainage Right-of-Way through a portion of the N.E. 1/4 of Section 23-23-17-W5.

Thanks Folks

Fulham School

Dear Sirs:
 The intermediate room wishes to thank all the people around who bought our tickets on the raffie of a two pound box of chocolate. We have raised enough money to pay for the record player, but we need more money for records as we will be selling tickets over the Easter holidays.

The raffie will come off at a dance which the Fulham Students Union is putting on. That will be held April 23 at Polia School with the Oremba Sisters playing.

Yours truly,
 The Intermediate Room.

The Canadian Cancer Society is the only volunteer agency supporting a comprehensive program of education, service to cancer patients, and research for the control of cancer.

Thanks

My sincerest gratitude is extended to all the people who worked in my behalf and who gave me their votes for the recent "Search for Talent" Show. I earnestly hope that I may represent Edson and district well enough in Edmonton to merit such great kindness.

Beryl Wale

Seen on the MAIN DRAG

—Dale Clark and girl friend, gazing in the window of Marshall's store.
 —Numerous Geographical cars and trucks loaded up and all ready to pull out for other parts.
 —Mr. Don Buck driving a bus of plants up the Main Drag. Getting things prepared for his usual colorful flower garden.
 —Don Sole back at work with the Forestry after an involuntary four months rest with a badly injured leg.
 —Jared Martin looking out the window of his new taxi office in the Nova Theatre building.
 —That high fence around the new Post Office basement shutting out the view of interested passersby. Note to the contrary—how about some peep holes for us side walk superintendents?
 —Dane Stockwell and Dr. Law walking upstairs after taking in the early show.
 —George Graff sauntering down street to mail a letter.
 —Seen off the Main Drag, Truman Williamson proving his faith that spring is here, by digging his potato patch.
 —A healthy little dandelion plant growing perkily alongside Switzer's Drug Store. Even dandelions look good in the spring.
 —Mrs. Eileen Pike, up for Easter holidays from Holden, talking to Mrs. Kay Tunings.
 —Numerous good Kimmens out Wednesday afternoon collecting bottles.
 —Charles and Douglas AMT halting across the street, "Hi Auntie Carol, we're going out to Grandma's today."

Coming Events

EVERY SATURDAY NIGHT—Bingo in the Legion Hall starting at 8:30. Please note the new time. Jackpot this week is \$65.00.

SATURDAY, APRIL 16—It will be square dancing time in the Parrish Hall at 8:30 p.m. Square dancing is fun—why not try it.

MONDAY, APRIL 18—Classes in Staining articles will start for wood members of the Craft Club in the school shop. Mr. Max Brandt will again be the instructor.

THURSDAY, APRIL 21—Annual meeting of the Canadian National Institute for the Blind will be held at 8:30 p.m. in the United Church basement.

FRIDAY, APRIL 23—Boxing in the Legion Hall featuring Kenneth Anderson and "Frank" Kewman.

SATURDAY, APRIL 23—United Church W.A. will hold a Mother's Day Gift Sale, Tea and Bake Sale in the Church basement from 2:30 to 5:00 p.m.

MONDAY, MAY 3—Members of the C.O.R.P. will conduct their annual Cancer Society Drive. Please be ready for them when they call.

MONDAY, MAY 24—Plan to attend the Curling Club Bingo scheduled for this date.

FRIDAY, APRIL 29—Annual Fireman's Ball in the Legion Hall.

FRIDAY, APRIL 23—The regular meeting of the Edson Fish and Game Protective League, in the I.O.O.F. Hall.

The Canadian Cancer Society points out that the only approved means of curing cancer today are surgery and radiation by x-ray or radium.

Cancer as a killer has risen from sixth place in 1900 to second place today, says the Canadian Cancer Society.

ter holidays from Holden, talking to Mrs. Kay Tunings.

Our Third Year

With this issue, The Leader commences its third year of publication and we'd like to express our thanks to the many people who have made it possible for us to celebrate the upping of our name plate to Volume 3, No. 1.

A community newspaper depends upon the co-operation of quite a number to do its job in the area it serves. There are the people who buy our paper every week, bless your increasingly numerous hearts, our advertisers, bless you too. Readers seem to make more readers and more readers naturally make it more worthwhile for advertisers to give us the wherewithal to make our business tick.

Then there's the reason for a newspaper—the news it contains—this has been provided by friends who continually give us tips, correspondents who sit down each week and give us the news about the people in their own particular districts. We have a growing group of poets, columnists and others who help to make our paper interesting. We've had invaluable help from our two local commercial photographers in their co-operation with news pictures you readers like to see. Then of course, there's The Leader's own loyal staff who take a pride in their job of bringing you an increasingly better paper each week.

Thank you, one and all, and in return we'll try to do a job for you in helping to make our community a better place in which to live.

YOUR EDITOR

Beryl Wales Wins Local A.T.C. Show

Miss Beryl Wales and her viola will be the representative from Edson when the A.C.T. hold their semi-final "Search for Talent Show" in Edmonton some time in May.

Beryl was accompanied by her father, who says he always plays "second fiddle" to his daughter, played a medley of Irish airs to prove the most popular act when the show was in Edson in March.

On Tuesday of this week she received her \$15 from the A.T.C. which is the top prize in each local show and the accompanying letter said her act has been responsible for a great deal of mail.

Second prize was won by Eddy and Elsie Romaniak who did a Western duet and third prize was won by a lad named Joe from Cadomin who also did a Western number.

Mr. Geoff Buck spent part of his Easter holidays with his parents, Mr. and Mrs. Don Buck.

The Edson Leader

The Voice of Edson Constituency

Vol 3

Edson, Alberta, Thursday, April 21, 1935

No. 2

Lights, Mill Rate Reduced 10 Per Cent By Council

At their regular meeting on Tuesday evening the Edson Town Council decided to reduce both the mill rate and the domestic light rate what amounts to practically ten per cent across the board.

This year's mill rate was set at 50 mills—30 mills for school and 20 mills for municipal services. Last year the mill rate was 55—2 mills for municipal and 53 for school.

The domestic (household) light rate over 25 kilowatts was reduced from seven cents to six cents. The rest of the light and power structure was left unchanged.

The extra five mills in the school rate over the requisition from the School Division of 25 mills is necessary to allow for the ten per cent discount and non-collection of taxes, etc. The lower school requisition is the result of more generous Provincial grants for school purposes.

In order to qualify for the full ten per cent discount off taxes the full amount owing for current taxes must be paid before June 15.

The household or domestic light rate now amounts to 14 cents for the first 10 kilowatts, 11 cents for the next 15 kilowatts and 6 cents after 25 kilowatts have been consumed. The old rate for the amount over 25 kilowatts was 7 cents.

As the majority of light users fall in this category the over all reduction to light users will be approximately 10 per cent of their light bill. This reduction coupled with the 10 per cent discount for paying by the 30th of the month brings the lowest light rate down to 5.4 cents per kilowatt, which is almost the cost of production and distribution from our municipally owned diesel power plant.

Commercial light rates remain unchanged at 10c for the first 100 kilowatts, 8c for the next 400, and 6c thereafter. Power rates remain at the straight 6c rate. Less the ten per cent discount for early payment.

In connection with the light rate, successive Councils have traditionally held with the principle of a low minimum of \$1.25 per month as the few light users in this category are and in a position to pay more being mainly pensioners, and also do not use even that amount at the 14c rate. Practically all ratepayers agree that there is no question of more revenue from the low power consumers.

Rather the answer lies in the availability of cheaper power than can be produced and distributed from a plant making power from diesel engines.

Boy Drowns In Tragic Accident

Eleven-year-old John Varadi son of Mr and Mrs John Varadi, of Edson, was drowned Sunday afternoon in an ice cold slough on his grandparents, Mr. and Mrs. Nick Roman, farm near Bear Lake.

John had been pushing a raft from another one on the run-off slough when he slipped and fell into the very cold water. The slough was filled up with about ten feet deep. He slipped as he tried to get his rubber boots off.

His sister, Eileen, 15, was a witness to the tragic accident and waded into the pond in an attempt to rescue her brother. She had to give up and rushed to the farm buildings to get assistance from her uncle, Mr. Kase Roman, who arrived at the pond to see young John go under the surface. All Mr. Roman's attempts were to no avail and he finally had to give up.

The RCMP Detachment at Edson were notified and under the direction of Cpl. Wallace, the police were able to recover the body.

The sympathy of the community is extended to the family in their loss.

Coal Branch Legions Raise \$713.00 For Polio

Merced—Two Branches of the Canadian Legion combined to raise \$713.00 for the Legion Polio Fund during the recent drive.

Coal Valley Branch No. 400 worked together with Merced Branch No. 158 to raise the generous contribution from the Branch.

Coal Valley's share was about 50 per cent of the total.

Due to the Lovett Branch not being sufficient members to be active as they would like, they have hung their charter in the local Club house, and many of the members have Merced funds.

BERYL AND HER VIOLIN

Wales will be the representative from Edson when the Associated Canadian Travellers hold their semi-annual "Search For Talent Show" in Edmonton some time in May. Beryl won immediate recognition for her artistry on the night of the show in Edson School Auditorium and also led the voting following the show, proceeds of which go towards the travellers crippled children fund. Good luck and best wishes from your Edson fans, Beryl.

Outstanding Drama Group Coming To Edson Next Thursday

In connection with the Provincial Golden Jubilee celebration, and special events to be featured beginning April 28 through September, Edson will be favored with a visit from the University of Alberta Drama Society of twenty members who will present a series of short plays in the Edson School Auditorium, Thursday, April 28th at 8:30.

Among the plays to be presented will be "Portrait of the Madman," "Treasure Williams," "Where the Cross is Made" all by Eugene O'Neill, also the famous "Pot Boil" by Alfre Gortchberg.

This outstanding group brings to Edson some of the best talent in our province, everyone should avail themselves of the opportunity to see them. Admission will be 50 cents for adults; 25 cents for students.

Proceeds will be donated to Edson and District's Jubilee memorial project.

Nicholas Remick, of Edson, was convicted on two counts in Police Court, this following a Saturday night scrap which resulted in the wounding of Don Hill at a "house warming" north of town.

On a second charge of "causing bodily harm" he was sentenced to three months in jail, sentence to run concurrent with the first.

The victim is recovering rapidly from the wound which he received in the groin, and which seems to have been caused in an affray that was started by a misunderstanding.

Parsons last words: "Don't spend it all in one place, Yess."

Hon. N. Willmore Calls Meetings Of The L.I.D.'s

Last weekend the Honorable Norman Willmore called meetings of representatives of Local Improvement District 73 and Local Improvement District 95 with the purpose of the meetings being to discuss with Mr. A. M. Reid, District Engineer and Mr. George Hall, District Foreman, and hold preliminary discussions on district road programs for this summer.

The first of these meetings took place at Carrot Creek at 9:30 a.m. Saturday, April 16, with the following representatives from L.I.D. 73 being in attendance: Mr. H. Lawton, Niles; Mr. George Monson, Peers; Mr. Bruce Brown, Rosevear and Mr. Roy Getson, MacKay.

At 2:30 the same day a second meeting took place, this time in Edson, with the following representatives attending from L.I.D. 95: Mr. W. Osborne, Trail; Mr. G. Seibel, Pioneer; Mr. Alfred Hoeberli, Yase and Mr. C. White, Haddock.

Interesting discussions took place at these meetings regarding road building and repair problems of these districts' roads and no doubt much good will came as a result of these and following meetings which will be held throughout the construction season.

Mr. Robert McKenzie spent the Easter holidays at his home here. He returned Friday to Terrace, B.C. where he is employed on the new railroad from Terrace to Kitimat, B.C.

W.I. Have Bus Meeting

The monthly meeting of the Mahaska W.I. was held in the home of Mrs. J. Haddock with President Mrs. Ann Strangman in the chair.

The minutes were adopted as read and due to the absence of some of the members from the last meeting it was requested that the yearly report be re-read.

It was decided by the W.I. that they still wished to sponsor the handicraft for the school children up to 16 years and that it would be held at the school picnic and all classes would be the same as last year.

It was decided that the hooded rug that was made and donated by the W.I. for funds for the Home and School would be raffled at the school dance on April 23.

The W.I. paid their dollar to ward the expenses and upkeep of the Futham light Mrs. Harshart kindly invited the W.I. to take in a 4-H Sewing Achievement Day 1-18.

This year the W.I. are going to try and practice a little Agriculture such as obtaining chemicals etc. to rid the garden soil of the many pests and also to plant a few more garden seeds and each member donate a mixed sack of vegetables to some needy family.

Resolutions were read and answered as they may be sent into the Provincial Conference to be held in Edmonton this May or

C.C.W.I. News

The regular monthly meeting of the C.C.W.I. met at the home of Mrs. Atkinson on Wednesday afternoon. In the absence of the president (Mrs. Joe Keithhauch) the chair was taken by Mrs. Joe Morris, vice president. There was a good attendance in 'tiding four'.

Whether we send a delegate to be discussed at a later meeting.

The meeting was adjourned with the next meeting to be held at Mrs. J. Haddock's, May 7.

There was considerable discussion regarding the care of the Cemetery, etc. but no date was set for this work, and it will come up again at the next meeting. It was approved that the hostess would supply an article to be raffled at each meeting. The Club Morris, vice president, there was a study period on the nutrition course, and answered a Quiz program pertaining to same. Mrs. Joe Morris won the prize donated by Mrs. Novotny.

Mrs. Paulson, who is leaving the district was presented with a beautiful cup and saucer. The May meeting will be held second year girls will hand in their dresses on April 22nd.

4-H Project Progressing

The Nithon Central 4-H Club held their regular meeting on Thursday April 7 instead of Friday.

At the last meeting we had a fashion show. The girls will have the fashion show on May 17th for our Achievement Day.

The first year girls have all their projects handed in. The first year girls will hand in their dresses on April 22nd.

U.C. Notes

At last Sunday's Communion Service, ten persons were received into the membership of the Church upon profession of their faith. They were: Mr. and Mrs. Arthur Wales and Miss Beryl, 17; Mrs. Tilly, Rosevear; Steve Kapt, Gary Mahon and Misses Gaylene Armstrong, Baby Beale and Lorraine Chapman in addition. Mrs. Robert Burke transferred her membership from Wainwright and Mr. William Tiley from Meadow Lake, Saskatchewan.

Plans are taking shape for the annual Mother's Day service to be held on Sunday morning, May 8, as usual by representatives of the Sunday School. The Minister is arranging for a number of infant Baptisms in connection with this service, and is busy seeing interested families.

Trail Notes

Congratulations to Jeanette Jones and Neil Johnson on their recent engagement.

A Kokoi is now working at Coalpur.

Sunday visitors at Wainwright were Jim Wynne's and John Evans.

Visitors to Nilon last week were the Wynne family.

Mr. and Mrs. Fred Kokoi of Mayberridge were visitors at the home of Mr. and Mrs. A. Kokoi. Visitors at Mr. and Mrs. Fred Gompy's were their son and daughter-in-law from the Coal Branch.

Fort Bridge, Mrs. Allan Linden and Baby, April 15; Mrs. Joseph Lingitz, Edson, Miss Mary Catherine Coal, Hinton, Miss Ida Caroline Coal, Hinton, Mrs. Reuben King, Nilon, Mr. Pat McMillen, Edson, Mr. Edward Carlson, Edmonston, Mr. John Oswald, Edson, Mr. I. M. Pawkes, Edson, April 16; Master Frank Leach, Edson, Mrs. Robert Hill, and Baby, Edson, April 17; Baby Marvin Hox, Evansburg, Baby Bertus Kikert, Wainwright, Miss Jennie Greenwood, Rosevear, Mr. Donald Hill, Edson, Mr. Ben Brady, Edmonston, April 18.

C.N.R. Mixed Bowling League

The results of the play-offs of the league are as follows:
Winner of the C.N.R. Trophy, Whitebirds, 1st prize, Main Ladies, 233, Captain Ed. Hayes; 2nd prize, Hittie-Miss, 200, Captain E. McWhorter, 3rd prize, Whitebirds, 224, Captain J. Evans.

Individual winners for the 1954-55 season are: Ladies high single, F. Johnson, 288; Ladies high average, B. Hinchey, 170; men's high single, H. Yendall, 288; men's high triple, R. Yeros, 794; men's high average, C. Ernst, 303.

Winner of the Consolation Prize, Gutter Bats, Captain D. Typer.

I would like to take this opportunity to thank the following people for their fine help and co-operation that made this League running a pleasure.

Mrs. E. Yeros, Treasurer, who did such a fine job and mainly responsible for the smooth running of this League, the Club members for their understanding and co-operation and the Alley management, also the two local papers for help in printing our weekly results. Thanks again.

Jack Evans, Chairman

Rosevear News

Birthday greetings go out to Mr. Walter Kunkel, Gloria Hatten and Mrs. Sam Stalter. Hope you have many more.

There will be church services on April 24th in Rosevear at 3:00 o'clock p.m. Pastor T. F. Kunkel will conduct the service.

BOXING STAR COMING HERE

Frank Kuhn, shown above who will meet George Dunn's boy "Kenny Andersen" in the main event of the boxing card in the Edson Legion Memorial Centre on April 22, 1955.

Frank has a very impressive record in Germany as well as in Canada. He has victories over such names as Floyd Hayes, Calgary, Jim Woulter, Calgary and Walter Patrips, also of Calgary. These boys are termed the cream of the crop in the south.

SEEN ON THE MAIN DRAG

—Glenis Maclean, home for a bit from her nursing training in Edmonton, heading over to the Edson Photo Studio to see Evelyn.

—Mrs. Harry Wilson, driving friend husband to the station to catch his train to the Coal Branch.

—Mrs. Fran Mahon saying instructor Max Brandly had postponed his wood finishing course and that wood members of the Craft Club would now have another month to complete projects.

—Don Mentz of the Royal Bank staff busy with a shovel during the current snow storm.

—J. K. Wilson canvassing for new members for the latest square dance classes.

—Betty Martin walking tipsy across the muddy intersection at 3rd and Main.

OFFICERS OF MERCANTILE LEAGION

Earlier this year officers elected to the Mercantile executive included: J. Donovan, re-elected president, R. Rodd, vice-president, "Conger, secretary."

Council Asks Architect For Plans For New Civic Centre

While the actual construction of the long-dreamed of town hall is probably several years away as yet, Council decided there wouldn't be any harm in having an architect draw up tentative sketches as a basis for long term planning.

Current planning favors having the town hall building includes, in addition to administrative offices for municipal affairs, a fire hall, police department, library, committee rooms, and the actual building will require considerable thought and planning before any commitments are made.

The present town hall was to have been "temporary" when it was built before the First World War. Most urgent, probably is for a more permanent type of building to house the extensive fire equipment which Edson Fire Department now possess. One thought is that the fire section of the building might possibly be built first, as part of an over-all master plan.

New D.A.

ERIC SHOCKING

Who has recently been appointed District Agriculture for the Edson District and who has been around making himself acquainted with as many of the local farmers as he could last week. Since the retirement of Mr. A. A. Campbell the position has been vacant until Mr. Shocking's appointment. The new D.A., a graduate of the University of Manitoba, is eager to get at his job here and asks any farmer with problems to please get in touch with him at his home office of Bramburg.

Other business at the Tuesday, April 18th meeting included:

Building Permit: Mr. Brunelle addressed Council and submitted plans on behalf of Mr. T. C. Burrows on his application for building permit for proposed building site in block 7.

Building Permit: Mr. N. E. Bell addressed Council on his application for building permit to move building and alter, on site lots 17 to 22. It was moved that building permit No. 544 to Moose Creek Lumber Co. be approved subject to Mr. Bell's undertaking to place building as specified, to finish and install plumbing.

Transfer: It was moved that the Mayor and Secretary be authorized to execute transfers of the designated properties to the following on the understandings of the applicants to complete homes as specified: lot 5, block 18, William Kuryk; lot 12, block 20, Mrs. Hedwig Decker; lot 18, block 10, Frank Kestler.

Building Permit: It was moved that approval of Council be granted to issuance of building permit to J. J. McLeod for shed building. **Building Permit:** It was moved that building permit application from Mr. J. Woywits for proposed reconstruction of part of building on lot 2, block 18, be rejected and Mr. Woywits be advised building must conform to by-laws.

Cont. on page 8

Caught with their heads out the cab of the Super-Continental train which started the new schedule through Edson on Sunday evening at 6:45 are Engineer Albert Johnson and Fireman Les Hunt all set to take the train out to Jasper. Also on the "head end" for the inaugural trip was Master Mechanic S. Mygaard.

The bottom picture shows Mr. Peter Tominarski who re-fueled the streamliner with the

400 gallons of diesel oil required to bring the big train in from Wainwright. The efficient new passenger engine at least requires the services of this one man and a foreman during its brief stop four times a day at Edson. It was originally feared in railway circles here that there wouldn't even be that many men needed.

This is about the only hopeful sign—Edson's at least being a revolving stop—in the cut-

ting down program of the railway which has seen the round house and car department stalls cut right down to or below mid-depression levels. As long as the Coal Branch traffic holds at least its present level no further staff cuts are anticipated, we have been given to understand, and with Coleman to start shipping limestone to the new Edmonston factory in the next year or so, possibly the Branch will hold on.

In service to prospective passengers to and return from Edmonston, the new passenger schedule cuts 20 minutes from the time. Also with train both ways twice a day now it is possible to get in a day-and-a-half's business for one night in the city against the two nights formerly it took to get in one day's business. Photos were taken by Tom Snodgrass of Snodgrass Studio, Edson.

Marlboro Women Give Blood To California Mother-to-Be

Mrs. Clara Hironaka and her 21 local members of the Calhoun family have this rare type and donated two pints of their rare type blood to a California, Mrs. Nadine Robertson of Redwood City, who is about to have her second child by Caesarian operation.

What's The Final Answer?

This year the ratepayers of Edson School Division are reaping the benefit of a revised grant which has benefited Edson Division in every way. The result is a levy from the Division to the municipal taxing authorities of only 25 mills.

Whether or not this low requisitional levy from the Division can be maintained in the years to come remains to be seen — It is receiving considerable thought from those concerned with municipal tax rates and sources of revenue.

An editorial in the Ponoka Herald puts forth a point of view on the subject which we think is worthy of reprinting.

NEW APPROACH NEEDED

Despite the uproar about the runaway costs of education these past few years the plain and simple truth of the matter is that expenditures have increased much less than the costs of many other services.

The point is clearly obvious. Here is a table comparing expenditures on education in Alberta for the years 1947 and 1964. It is during this time that the great hue and cry has arisen.

Total Expenditure	in Millions of Dollars		% Increase
	1947	1952	
Education	15.4	38.2	148%
Amusement Tax	3.7	84	154%
Hospital	1.0	2.7	170%
Alberta Budget	47.0	123.0	162%
Automobiles	20.7	62.3	298%
Construction	47.4	231.0	287%
Farm Income	350.0	510.0	47%

The figures for these years and the intervening years are comparable except beyond a doubt that the expenditures on education have lagged behind other expenditures. The rate of spending for amusement is higher, expenditures on cars have more than doubled.

The Alberta minister of education has always hidden himself behind a barrage of figures when he discusses the costs of education. "Why do you realize that Alberta's education budget has increased so many millions in the past so many years?" I think that's a sign of great progress, don't you?

What does it matter that the expenditures have increased? They certainly don't! The department of education demands and the public concurs, that more and more subjects be continually added to the curriculum. Alberta pupils have a choice of 87 elective subjects in high school.

And now comes proof that the people of Alberta are content with the long-term values of the education process. But the most startling comparison is between the cost of education and farm income. Farm production from 1947 to 1964 increased only 47%, with a severe decrease since then in this area. And yet, nearly 70% of the cost of education has been borne by revenues from land taxation.

Farm income in 1961 represented 53.8% of the total of Alberta production. And this 53.8% bore 70% of the cost of education.

Reasonable conclusion is in order, to say the least, when taken into consideration such as the country of Sweden, and other advanced countries, that after years, there is only one conclusion: an entirely new tax base must be worked out for education.

By this we don't mean simply more and bigger handouts from the provincial government. Such a procedure leads invariably to more and more centralized control and that's not democratic. What we do mean is the tapping of other sources of revenue that will flow directly into the hands of local school administrators.

WE LAUGHED AT THESE

The fellow who always has a smile and a pleasant word is liable to be misruited.

Another peculiar thing about the easiness of human nature is folks preferring the front row at a ball game and the back row at church.

A supersalesman is a man who can convince his wife she would look fat in a fur coat!

Tale of Two Rabbits
Two rabbits got lost in the woods and had a harvesting experience.

In the spring of 1964 there were only 24 whooping cranes known to exist.

"Our land belongs to a group of people, some of whom are dead, still unborn."

"She thinks no man is good enough for her."

"She may be right."

"John dear, I dreamt for three nights running that you bought me a fur coat. What do you think it means?"

"An awful disappointment."

A subscriber to a certain partying uncertain — newspaper was angry with its editor for publishing unreliable news.

"I can never believe anything I see in your paper," he roared, "except one thing."

"And what might that be?"

"Fish and chips, and I have to take that with a grain of salt."

The fond mother confronted her daughter.

"Did you let that young man kiss you last night?"

"Well, mother, he told me he had lost an uncle and I felt sorry for him," came the quick reply.

"If I knew anything about that young man," her mother rejoined, "he won't have a relative left in a week."

Making a tour of the Far East a politician met in Tokyo a newspaper correspondent who suggested dinner at one of the town's restaurants. At the end of the meal the correspondent summoned the waiter, and making very heavy weather of it, spoke slowly and haltingly in Japanese.

"Is that all the Japanese you've managed to learn in all these months?" the politician asked him jokingly.

"It's enough," the correspondent answered him. "I told him to give you the bill."

Scratchpad

By HENRY

I looked out this morning too bad. Finally the job on the car was pleasantly surprised to find that spring was making another belated start. The birds were chirping cheerily, the sun was shining, and I felt just plain good all over.

I in my 5 cent stooge, got the usual rebuff from the better half, supposed of it's value, and wandered aimlessly outside to the garage.

The Project stood silently rebuking me for leaving a collection of three days mud on its more or less discernible brownish coat. I felt so chipper that I promptly decided to do a car wash job.

Father, I mean, between puffs on my cigar. I proceeded. I just felt that it was going to be a fine job. There was nothing else which required my time, and by the way, the garage floor became popping wet and loaded with mud, the car had collected. Two or three hours later, the time was not important. I was ready to change the car.

I rattled as I worked. I my bags from mud was splattered about all the people I have heard concerning the mud will I thought, accident, with that we have to put up with in happy. My spirit, however, a bit Edson. I thought unconsciously, I went out to drive the car back that mud wasn't too bad to put into the car. That as I sat it up with. But it doesn't a haze about it. I can pick up shipped and of nature and Edson, and used it would correct itself in a while. Whoo! I don't know who said time, I concluded my own. I was because I sat a real spray usually. Anytime, all it meant, mud. I mean, I allowed my mud was a few extra car wash jobs, a finish it, cigar, and the Prefect and repolish, a few more mud wash. However, I really don't spattered all a clothes to wash. Much. Much. Much.

back hell, all in all, mud is not much the mud. MUCH.

When Baby Came To Our House

When the baby came to our house, seems it filled our hearts with joy. Does it seem a bit to matter?

Were it girl or were it boy. Once we see its little features. Once we hear its baby cry.

Sort of fills our souls with gladness. Though we often wonder why. How we love to bath our baby. Love to pat its little feet.

Love to fondle little fingers. Love to stroke those little feet. Love to watch it kick and gurgle. As quite helpless it may lay.

After it makes us feel important. Though we couldn't tell you why. How we love to watch our baby. Growing dearer all the while.

With those loving little gestures. And it's odd endearing smile. Though at times we may be weary. And our work, our tempers try.

Thoughts of baby makes us happy. Who can tell us how or why? Since the baby came to our house. What a change came in our life.

How it draws us close together. For baby, husband, wife. And we know that we are nearer. To our Father up on high.

For with Him we are creators. Seems that is the reason why. F. H. L.

Marlboro Women Give Blood To California Mother-to-Be

Cont. from page 1

A sample of her blood could not be matched and experts in New York and London confirmed that it was of this rare type. Dr. Buchanan, a native of Glasgow, Scotland, then went into the records of families at Marlboro as far back as 1874 and found that 21 members of the Calhoun family altogether had the rare blood.

The rare blood is known in medicine as Sub-Sub RH Chromosome and the Calhoun sisters were first discovered to have this kind of blood when Jean was undergoing surgery in the Misericordia Hospital more than 14 months ago.

Blind Canvass Nets \$841.00 In Past Year

Secretary-Treasurer Mrs. Mary Gavin informed the annual meeting of the Edson Branch of the Canadian National Institute for the Blind on Thursday evening, April 21, that the campaign results for 1964 were \$841.00 when completed.

The report of the year's work, which was given in the basement of the United Church, drew praise from Mr. Higginer, field secretary for Northern Alberta. Mr. Higginer especially thanked the volunteers for their splendid co-operation in this work.

The interested group present also saw a splendid picture of the actual work being carried on by the blind in this province. Officers elected for the ensuing year are: Mr. Percy Wells, chairman; Mrs. B. Cressman, vice chairman; and Mrs. L. Dunlop, secretary-treasurer.

Farewell Party For Don Pyper

A farewell party was held at the home of Mr. and Mrs. George Koebel on Wednesday, April 20, to do honor to Mr. Don Pyper who left last week to take up duties with the Imperial Bank staff at Athabasca.

The twenty guests spent a full-fledged few hours of dancing and singing. Highlight of the evening was the presentation of a wallet and travelling case, with Lenore Kruetz doing the honors on behalf of the young people who had gathered.

Don is a long time resident of Edson and will be missed by all his friends who wish him the best of luck and success in his new job.

Edson School Board Approves Textbook Rental Plan For Pupils

Beginning in September Edson School Division is introducing into its all divisional schools a textbook rental scheme, whereby all pupils from grades three to twelve inclusive will be provided with textbooks on a yearly basis.

It is expected that this will reflect a considerable saving to parents and also greatly increase the efficiency of the class room, for under this system all required texts will be placed in the hands of the pupils on the first day of school rather than delaying several days and even weeks as has often been the case in the past.

At the close of this school term the Edson School Division, through the teachers and principals will purchase from the students any usable texts which they may have on hand. These books will be purchased at a price of one-half retail cost, a receipt will be issued to the students, and this receipt will then be applied toward payment of rental in the fall.

In September, complete sets will be rented to elementary and junior high school students at Durston's Store, Peers.

CHICKENS FOR SALE — 1 year old Leghorn hens laying heavily \$1.00 each. Also heavier hens for sale dressed. Chas. D. Bester, 1/2 mile south Durston's Store, Peers, Alberta. '28

SNOW COVERED PIPES on Mount Spokane create the illusion of atomic blasts. The fire-torn chimneys are T shaped with a hollow cross pipe and point out specific scenic views for tourists.

A FIREPLACE MURAL gives testimony to the fact that this old 19th century mansion, now reduced to rubble by wreckers. The former Elizabeth, N.J. showplace, built in 1840, was reduced to an 'eyecore' by vandals city officials say.

MONTREAL GYMO CLUB PRESIDENT C. W. FOXON points out the lights of Montreal to Mrs. Joseph Murphy, of Abbotsford, B.C., and her three-year-old son, Jackie, on their arrival at Montreal Airport. The youngster has a congenital heart condition and is in Montreal for treatment at the Children's Memorial Hospital.

PRESIDENT TITO of Yugoslavia tries on a turban during an inspection tour of a Russian educational center in New York.

DR. OTTO STRASSER, former Nazi who fled from Germany, holds up his West German passport on his recent arrival at Montreal. He is en route home to establish a new German party after being released only for 14 years.

ABOUT NOT MUCH

By SHAGUS

I remember an old German proverb which says: "Too soon we propose that the town set aside a piece of land to be used as a recreation centre, close in, and build a swimming pool for the kids, a small village like Evansburg, has a nice recreation center about half a mile out, but no swimming pool."

Surely, Edson can do as much as Evansburg, which is a village, when you take a trip East drop in to Evansburg and look that recreation centre over, you will be surprised, and what better idea than a museum than in a place like that.

The tragic event that recently happened proves that we must do something for the kids, let us get together, the council, the different organizations, and formulate a plan to get something started for the kids, and prove that though we are getting old, we are not getting mean!

How about it, Manley? Let's hear from you.

We are Standing Behind your purchase of

Work Boots

because we know how they are built and how to re-build them.

Wolf Creek News

Miss Shirley Starrs visited her parents Mr. and Mrs. Chas. Starrs over the holidays.

Frank and Dennis Starrs also spent the weekend with their parents.

The reception and dance in honor of Mr. and Mrs. Frank Gauthier, the newly weds, was precluded a very enjoyable affair by all attending. The bride received many beautiful gifts and well wishes for her success and happiness.

Among the visitors to Wolf Creek for the reception were Mr. and Mrs. Bulyea and daughters, Mary and Helen of Edmonton, Mrs. Milich, Mrs. Mendish, and Mr. and Mrs. Maroff of Edson and all their many local friends.

Mr. and Mrs. E. Kison and Elsie were recent visitors to Edmonton. This last snowfall hasn't helped improve our roads any, and although some work has been done on them, there still remains a lot more to be done in order to make them smooth for any type of car.

Another new family, Mr. and Mrs. Thelen and their five children have moved into the district.

Shamus

U.C. Notes

Sunday School sessions will be held as usual on Sunday, May 1. But on the following Sunday, May 8, they will be dropped in favor of the annual Mother's Day Service. This is always held at 11:00 a.m. with representatives of the Sunday School leading the worship and all the families of Sunday School pupils being urged to come out to Church together. The Minister is arranging for a number of Infant Baptisms at this appropriate Service.

Light Rate Charge: It was moved that By-Law No. 785, fixing the light rate charge, be read a first, second and third time and passed.

C.W.L. Hold Membership Tea

A Catholic Women's League social evening and membership tea was held Wednesday evening at the home of Mrs. Mary Givins with about 40 ladies present. During the evening 18 new members were enrolled in the organization.

An enjoyable evening was spent at playing bingo and a singing. In an effort to build up the supply of cups and saucers of the C.W.L., the party also took the form of a cup and saucer (as) with each of the 23 old members bringing a cup and saucer to be donated to the group.

After a delicious luncheon had been enjoyed by all, Mrs. Nellie Lavolette was presented with a lovely gift from the group by President Mrs. Mabel Switzer, who thanked Mrs. Lavolette for her 24 years of devoted service to the Edson organization. Mrs. Lavolette leaves shortly to make her home in Edmonton.

It was decided to investigate the possibilities of sponsoring a film on the evening of Mother's Day, May 8, at one of the downtown theatres and the Nova Theatre has been obtained for this. The show, "They Climbed The Highest Mountain," will be shown at that time. It is requested that no child under 14 years of age attend unless accompanied by a parent.

Architect with view to having tentative plans prepared for a Civic building: Town Hall, Fire Hall, etc.

Frank Yanders: It was moved that Secretary be directed to call tenders for fully equipped 3 ton Truck, with box, hoist, etc.

C.W.L. Sponsor Film At Nova

The main business of the evening was the election of officers for the coming year. The new slate of officers is as follows: President, Mrs. M. Switzer, re-elected; 1st vice president, Mrs. R. Whidden; 2nd vice president, Mrs. P. Chapman; 3rd vice president, Mrs. M. Robinson, re-elected; treasurer, Mrs. A. May, re-elected; secretary, Mrs. R. MacDonald.

Rev. Father Shalla expressed his thanks on behalf of the organization to the ladies retiring from office for their splendid work of the past year.

The monthly meeting of the C.W.L. was held in the Sacred Heart club room on Tuesday evening, April 19, with members in attendance.

SECOND SECTION

The Edison Leader

Vol. 2 Thursday, April 28, 1950 No. 3

He's Heard...

The Candy Kids To Support Him

The grinning boy pictured above has reason to be pleased—he's just been told that Edison's Candy Kids are going to support him tomorrow in addition to the little Chinese girl they are already supporting.

Back in Bin, whose name means "respectful man," is five years old and his father was a Chinese businessman who was killed in a bombing raid shortly after the outbreak of the Korean War.

His mother managed to keep the family together for a time, but eventually she died in a typhoid epidemic that swept their home area. There appear to have been no relatives and

in Bin than wandered about, finding for himself as best he could until picked up in a pathetic condition and brought to the Christian Children's Fund centre at the foot of Bok Han San Mountain, a bit north of the city of Seoul in Korea.

The Candy Kids work out of the Candy Store on Edison's Main Street and their enthusiasm has grown since they found they could support a little Chinese girl with their contributions which are pledged for a year at a time.

More power to you kids. Mr. and Mrs. Steve Kaptay of the Candy Store also support a homeless child in Asia.

Legion Boxing Enjoyed By A Good Turnout of Fans

By SANDY TRAM

A seven-bout boxing card was held in the Memorial Hall on Friday, April 23, sponsored by the Canadian Legion and promoted by Mr. George Dunn of Edmonton.

The main event of the evening saw Frank Knewman of Red Deer take a close decision from Ken Anderson of Edmonton in an eight round match.

Both boys started fast and it seemed as if Knewman might have an easy win. A hard right by Knewman opened a bad cut over Anderson's right eye in the early rounds and the fight was stopped by referee Jack Berry. The referee decided that the cut was not bad enough to halt the fight at that time.

As the fifth round began, Anderson seemed to be carrying the fight and getting the edge in the close range fighting. About that time Knewman's left eye started to swell and close and Anderson took advantage as he continually went after him with a flurry of blows.

When the final bell went both boys looked very tired and the crowd eagerly awaited a decision. The two judges gave Knewman a majority on points while referee Jack Berry handed the nod to Anderson. There were no knock-downs in the fight.

In the preliminaries, Pug McNiven and David Antonenko, both of Edison, fought to a draw in the heavyweight class. This was a three round fight.

The second bout of the evening saw Darrell Phillips of MacKay post a first round KO over Mike Antonenko of Edison.

Pat Reid took a split decision over Al Hutchinson in the third bout of the card. This was also a three rounder.

Baby Maxwell Buried This Week

Baby Bruce Alfred Maxwell, infant son of Mr. and Mrs. Don Maxwell of Edison passed away on April 23.

Besides his loving parents he is survived by one sister, Barbara at home, his paternal grandparents, Mr. and Mrs. A. E. Maxwell of Edison and his maternal grandmother, Mrs. A. Stabel of Bonnyville.

Funeral services were held on Wednesday, April 27 from the Edison Funeral Home. The Rev. W. D. Rice officiated and interment was made in the family plot in Glenwood Cemetery.

Palbearers were Dave Mathers, Billy Wilson Jr., Bill Kuzyn, and Dick Housheer.

By special request of the family the only floral tributes were those from the family.

Edison Funeral Home were the directors of the service.

The fourth and perhaps most eagerly awaited bout of the evening saw Fred (the Killer) Hoffman of Edison gain a first round KO over Lewis (the Looper) Ramstead of Edison. Hoffman looked much the harder puncher as the first round began and proved it when he laid a roundhouse right on the Looper's chin and sent him down for a count of ten.

The most bout which proved to be a real slugfest had Gordon Russell going against Oris Lazarenko in a four round tilt. These boys started slugging it out at the opening bell and never let up. The crowd was continually cheering as the two contestants stood toe to toe battering each other. Russell was given a split decision by the judges.

The semi-windup featured Vera Lacey, former Canadian heavy-weight champion and Edison's Lee Armstrong in a three round encounter.

All bouts were refereed by Jack Berry of Edmonton. The judges were Gene Sullivan and John McDonald of Edison.

Curly Harte Challenges Donald Gordon

Curly Harte came into the Leader office to lay down the terms of a challenge to President Donald Gordon of the C.N.R.

Curly tells us that he will conspire to ride the new Super-Continental train or will get another horse to ride it for him within the year.

Our local challenger says that the last thing he wants to do is get any local trainmen in ditch by hitching a free ride so has put the year's limitation on the terms of his challenge.

What has particularly irritated Curly is the word that only revenue passenger may ride on the new speeded-up passenger train.

Curly also says he has friends among the senior officials of the CPR who would be only too glad to see him show up this C.N.R. outfit.

With were a blue gown of embroidered net over satin with short sleeved jacket of embroidered net featuring a peler pan collar. She carried a bouquet of yellow carnations.

Harold Carlson, brother of the bride was best man and ushers were Messrs George Bilton and Herman Dube.

For her daughter's wedding, Mrs. Carlson wore a navy tulle gown with white accessories and corsage of red roses. Mrs. Orcutt chose a navy suit with white accessories and red rose corsage.

A reception to 50 guests was held at the home of Mr. and Mrs. Dube Sr. where Mr. Lee Miller proposed the toast to the bride which was ably answered by the groom. Following the reception a dance was held in the Pine Grove Community Hall.

The young couple will be making their home in the Edson district.

Word has been received from the Ocker Liskert family in Napier, New Zealand, who report having had a wonderful trip over and also saying they are really enjoying things in their new country.

WHEN you're painting your legs, a good idea is to use an old but clean sashoon in which to place each leg as you paint or varnish it. The pan will catch any splatters.

Old sashoons are ideal for storing all manner of screws, nails, brads and tacks. You won't have anything which to open when you want something, and everything will be kept neatly lined.

Ties will be easier to cut if they are warmed by an infrared lamp for a minute or so. Either kind or

RECIPE OF THE WEEK

Easy Carrot Fries

(For 8" cake)

1 cup light brown sugar, firm

1/2 cup packed

1 tablespoon evaporated milk

(undiluted)

1/2 teaspoon butter

1/2 teaspoon salt

1/2 teaspoon vanilla

2 cups sifted confectioners' sugar

In a saucepan mix together

sugar, milk, butter and

At first to boiling stirring

constantly. Cool, stir in vanilla

Add confectioners' sugar

and 3 tablespoons at a time,

stirring. Beat until smooth and

recrystallized. Store both filling and

frosting for the cake.

There may be need for the

long. Asphalt tiles can be softened

by the same method, but they will

require a longer time under the

lamp.

Living boards, too, should be

well-balanced and rigid so they

will collapse in the middle of

the heating operation. Irons should

be a metal rest to protect the

over and board from becoming

cracked.

we should help others and not criticize, and for each one of us to take stock of our years work.

A courtesy report was given by the Junior Provincial President, Mrs. Melnyk.

The following new officers were installed by installing officer Mrs. Ward with Mrs. Porret assisting: Junior P.V. President, Mrs. Price; Provincial President, Mrs. E. Bowen; First Vice President, Mrs. Smith; Second Vice President, Mrs. F. Biglow; Secretary, Mrs. T. Melnyk; Treasurer, Mrs. M. Ward; Chaplain, Mrs. N. K. Jensen; Sergeant at Arms, Mrs. W. G. Montgomery; Sentinel, Mrs. K. G. Murray; Historian, Mrs. Stieckly; Pianist, Mrs. W. F. Hogg; Press correspondent, Mrs. E. Woolven.

Mrs. Porret, Mrs. Ward and Mrs. Archer were appointed as organizers.

The next convention is to be held in Edmonton in 1956. The Provincial President gave a vote of thanks to all the sisters who made her term of office a pleasant one.

All the members went home determined to be better Canadians and to be of greater help to the New Canadian and to increase the membership.

Side Lights

Atomic Advice
—We admire a sign in a local restaurant relative to any possible atomic attack. The sign suggests that in case of atomic attack, first, be calm; second, pay your bill; and third run like a St. Catherine's Standard.

Returning from the Bull Run, the first battlefield of the Civil War, Jefferson Davis, the South-western president, spoke his word of warning as the people crowded about the balcony of the Sports-

wood Hotel in Richmond. He said: "Never be haughty to the humble, never be humble to the haughty."

FEED THE BIRDS

One of the residents of our fair but snowy town has made a suggestion that we thought we would pass along.

She suggests that more people put out food for our little feather-

ed friends these snowy days. Food must be pretty hard for a bird to find when its nest too plentiful yet and what there is covered with snow.

She says she puts out rolled oats, crumbs or seeds and has as many as 17 robins feeding outside her window at one time as well as juncos, sparrows, peewees and inches of sorts.

If you are the least bit interested in birds you will get much pleasure from watching them gather for a much appreciated handout and will be well repaid for your trouble by the thanks they give in song and in their antics as they feed.

You may remember that last year after the big snow storm many migratory sparrows were found dead, due in part no doubt, to lack of food.

Hold Funeral For Varadi Son

Master John (Johnny) Varadi, beloved son of Mr. and Mrs. John Varadi of Edmon and Beatrice Laine passed away at the age of 11 years on April 17.

Besides his loving parents, he is survived by one sister and one brother, Eileen and Billy, both at home. He is survived also by his maternal grandparents, Mr. and Mrs. Nick Roman of Pioneer, his loving Uncle Kashmir and Aunt Olga, Aunt Stella and cousin Mary, Anne, Victor, Daisy and Alexander.

Funeral services were held on Thursday, April 21, at 10:00 a.m. Requiem mass was celebrated by the Rev. Father B. W. Maloney, C.M., and interment was made in Glenwood Cemetery.

Floral tributes were received from: Daddy, Mommy, Eileen and Billy; Auntie Stella, The Perich Family, Grade 8A Class, Edmon School, Mrs. Lohyia Rapiach and Boys and Bessie and Joe Bales and Family, George Sekula, E. French and George Bishopovich, Mrs. L. Brown, Mrs. H. Regan, Mrs. C. Brown, Mrs. D. Papper, Leona Vance, Drayton Valley Hotel, Leo Beckley, Howard Olson, Harry Armitage, Herb Redlinger, Don Ross, John Mahon, George Krushell, Matt Perry, Frank Hazzard, Kirby Hook, Everett Vance, Uncle and Auntie Grandfather and Grandmother, Marna, Robbie and Sunny.

Mr. and Mrs. F. Lewis; Mr. and Mrs. Mike Kippen and Family; Merced; Mrs. Spanach and Family; Mr. and Mrs. Markovitch, Alex and Irene Sokolov; Mrs. T. Dobrich and Joe; Mr. and Mrs. Pankovich and Family; Mr. and Mrs. Pejovich and Family; Merced; The Perry Family; The Peas Family; Mr. and Mrs. Loh Joy and Family; The Velichko Family; Mrs. Nicholson, Dorcas and Jess; Mr. and Mrs. Jerry Bauer and Family; Horler and Marnie; Mr. Donald; Bart, Anne and Bay; Arnold and Mary Joy and Bessie.

Roger Kay and Kiddies, Mrs. Tomko and Clematis, Irvin, Verne and Carr; Michael and Margaret Schreier and Michelle; Mr. and Mrs. Afolter Sr., Mr. and Mrs. Redlich, Edmon; Steve Cheer; Mr. and Mrs. Louis Joy and Family; Glenwood, Marco Kovich, Merced; Mr. and Mrs. L. Surly; Annie and Eddie Sokolov; Bill and Theresa Kolbe and Annie and Steve Svako; A. Klapich, Merced; J. Ryan Family, Edmon; Mr. and Mrs. Peterson, Mr. and Mrs. Stan Sobolushko and Family.

Palibearers were Bruce Fryk, Mike Velichko, Peter Velichko and Sandy Joy.

Edmon Funeral Home were the directors of the service.

YATES NEWS

Mr. Harold Shand is home at present after spending the winter working with a survey crew in various parts of Alberta.

The April club meeting was cancelled due to bad roads. The next meeting will be held at the home of Mrs. Art Volsen, Wed. May 4th.

Carrot Creek Bits

We notice Billy Pigeon is visiting in the district.

Chris Paulson had a very successful sale last week in spite of some mighty unfavorable weather. Everything bringing good prices.

Mrs. Durian was in Edmonton last week for a check-up and returned looking a lot better.

Mr. Adamson of Edmonton, was the guest of Mr. and Mrs. Art Durison on Sunday and treated all those present with some very fine violin music.

Mr. Nelson of Bawit is taking over the old Paulson place and he and his family will soon be settled in their new home.

Mr. Perrin who has been employed at the crusher was taken to the Edson Hospital for treatment. His son Roy is taking his place at the crusher.

Hingo was played as usual at the Hall on Saturday night. No one seems to be able to win this nice Jackpot which will be worth \$100.00 on Saturday, May 7. Why don't YOU win it?

There was an Agricultural show in the Carrot Creek Hall last week. Mr. Hocking of Coombsburg, the District Agriculturist was present and gave a very interesting talk of interest to all those present.

Vol. 3 Edson, Alberta, Thursday, May 6, 1933 No. 4

Pulp Mill Town Must Be Open Town Says Minister

Any thought that the new pulp mill town west of Edson will be a "closed" town and controlled by the pulp mill company were put to rest this week with the announcement by Municipal Affairs Minister E. W. Hinman that the Hinton mill townsite will be planned and supervised by the Provincial Government Department.

The announcement was made in connection with reports that the Athabasca Valley Development Corporation intended to provide town services and a shopping centre in connection with the proposed \$5 million dollar pulp mill 48 miles west of Edson.

"It will be necessary to work in close co-operation with the pulp company to see that the townsite provides the accommodation and facilities they require. Nevertheless," said the minister, "our understanding with North Western Pulp and Paper Company is that any town established will be an open town rather than a company one."

"Consequently anyone wishing to live there or open a business there will have the opportunity to do so." Mr. Hinman said that the company will be responsible for temporary housing and camp facilities during the construction of the mill, but that this should not be confused with the establishment of a permanent town.

No town can be erected or a plan of a new subdivision registered without the approval of his Department, Mr. Hinman stated. Officials of the Department have made a preliminary survey of the area to establish possible sites for the town and have also an analysis of pulp mill towns in other parts of Canada.

Detailed planning will proceed as soon as the site of the mill is definitely established, The Leader was given to understand.

Mount Robson Picnic Set For Next Sunday

The annual picnic of Mount Robson has been set for Sunday, May 16, according to word received from the responsible officials at Jasper and Mount Robson this week.

The picnic was continually postponed last year on account of inclement weather and it is hoped that the sun will shine enough during the next ten days to make this annual event possible.

Families are to bring their own lunch and coffee will be provided by the sponsoring groups.

Nova Scotia At Hinton

The Bank of Nova Scotia across a first this week with the opening of a one-day a week service in temporary quarters at Hinton. The sub-branch will be run from the Edson Branch under Mr. E. B. Williamson Thursday of each week and expanded as the needs of the new townsite and construction development expands.

Taps 'N Tces Dancer

Lifesome Sharon Street is pictured above in one of the costumes she will wear in the production "Taps 'N Tces" which the Edson School of Dancing is presenting in the School Auditorium Friday and Saturday evening of this week. The school has been responsible for teaching the arts of dancing, both tap and ballet, to Edson young people under the instruction of Misses Frances Cleaveland, Betty Martin and Eleanor Goldstein.—Photo by Grant

C.N. Official Tells B. of T. Edson Can Profit From Mill

Mr. W. D. McPherson, Superintendent of Transportation for the Western Region of the C.N.R., told members of the Edson Board of Trade at their regular lunch meeting in the Commodore Banquet room that Edson and District could look forward to heavier employment in this area with the advent of the proposed pulp mill west of Edson.

Mr. McPherson said that he realized there had been disappointment among Edsonites when it was learned that the mill was not going to be established immediately south of town, but he said that the pulp mill coupled with the proposed cement plant in Edson which was to get immediate from Cadomin, would mean many more jobs in this area.

The former chief dispatcher in Edson (1943) went on to review the general outlook of the railway company and told his listeners that while the C.N. had suffered lower revenues in 1934, in common with the rest of the country, and due mainly to the present situation in Western Canada.

Cont. on page 12

Kinsmen Elect New Officers

The Kinsmen Club of Edson elected Kinsman Weldon Taddy to head their community service group for the coming year at a regular meeting in the Commodore Hotel Banquet room on Monday evening.

Other officers elected were: Wally Zama, secretary; Bob Williamson, treasurer; Joe Pohovich, registrar; Syd Cliffe and Stan Gelman, editors, with Bob Sykes, Walter Fowler, Al Clemen and Nino Clemen, as directors.

Mr. Taddy has been chairman of the project planning committee for the Kinsmen club and it is expected that most of the club's energies will be directed towards the big playground planned for the Memorial Park this year.

The neighborhood plan of play-grounds with the rest of the town is also to get attention from the vice club's work parties this year as well.

June 7th To Be Children's Day

Plans are well along toward giving the Edson District children a big day on Thursday, June 8, when nearly every service organization in Edson will be co-operating to make it a day to be remembered by children in this area.

The overall supervision of the day has been undertaken by the Superintendent of Schools John Finlay and will start off with a track meet and pageant under the chairmanship of Principal M. D. Meade of Edson High School and other teachers of Edson school.

District teachers from Entrance to Ninth, and as far up the Branch as Bob, have been given the task and asked to co-operate in arranging a dance for the bigger kids to take place in the evening.

It is hoped that the day will be self-supporting so that the 25 cents per head provided for each person in this area from the Jubilee fund will not have to be spent on providing treats for the children. There will be no admission to the grounds, but adults will be charged for refreshments at the booths.

Mr. A. Dehling went into Cal. McPherson Hospital this week for his regular checkup. Mr. Dehling will be going into the city next week to join him and go on to Calgary together for a visit.

The Elks Lodge and the Boys' and Girls' Club are going together to provide treats for the kiddies.

The Kinsmen as Kinsmen are combining to provide rides and other attractions for the kiddies.

Another committee is going to be formed and asked to co-operate in arranging a dance for the bigger kids to take place in the evening.

Should Local Businesses Be Protected?

This week a perennial question arose when it was learned that an itinerant photographer was going to take "free" pictures of the children in the elementary schools. At first thought the idea looks good—parents are always going to get a picture of their kiddies but just never seem to get around to it.

The idea is a good one—certainly and one of our local photographers should do it just as they are now doing pictures annually for the intermediate and high school students. We presume one of the local photographers will now go after this extra business.

Should then the rest of our community stick its neck out and discourage outside competition for business well established locally? There are those who would answer a flat no.

Whenever a housewife is confronted at her door by a salesman who doesn't know selling photographs, vacuum cleaners, sewing machines, subscriptions to magazines, etc., etc., there is always the question of whether she might not do better to get the item from local established firms.

The most obvious advantage to buying locally priced and other considerations being equal, is the one of the service that a local businessman is in a position to give.

The mail order house isn't much help to the citizen who has "saved" several hundred dollars in his bathroom fixtures only to find that the fittings don't fit and the local plumbers aren't too enthusiastic about coming up and putting the pieces together for him.

Another consideration that should be kept in mind is that your local businessman is helping to run your town with his taxes, his high light and power rates, his hours of community service work, his contribution to your church and the fact that in most cases he is providing jobs for your friends and neighbors.

We would not advocate that peddlers be barred completely, but certainly anyone purchasing from them should assure themselves that the local peddler has a town license to do so—then let our loyalty to local people and interests give the local man a better than even break.

Letter To The Editor

To the Editor of the Leader

Sir: Last week, while strolling through the lovely parkland just west of your fair city, I saw a change of direction they usually travel so fast as to be invisible except for the eyes which forunately render them very vulnerable to skilled hunters who shoot between the eyes which are quickly diminished as they sink into blank spots in space.

The Leader's Wifepod, which must not be confused with a rocky mountain or lesser Wilfrid's (which are quite common) can be found. This of course at this time of year and are quite does not constitute a menace and harmless as a white furred animal about the size of a large mouse from which they may be distinguished by the bristly tail and have long been a menace to life in northern regions due to Active Measures should be im-

their peculiar mode of progression.

Once established in a district they quickly constitute a serious problem as they not only multiply quickly but also do square root and long division.

Because their speed of movement increases twofold with every change of direction they usually travel so fast as to be invisible except for the eyes which forunately render them very vulnerable to skilled hunters who shoot between the eyes which are quickly diminished as they sink into blank spots in space.

While their natural food consists of small rodents, they are very adaptable and relish a diet of Liberals and small Conservatives and will occasionally take a Rocky Mountain or lesser Wilfrid's (which are quite common) can be found. This of course at this time of year and are quite does not constitute a menace and harmless as a white furred animal about the size of a large mouse from which they may be distinguished by the bristly tail and have long been a menace to life in northern regions due to Active Measures should be im-

WE LAUGHED AT THESE

A frustrated motorist had been trying for a matter of ten miles or more to get by a huge truck. But always the driver had speeded up or edged toward the center. Finally at a stop light the driver came abreast of the truck and gazed intently at the trucker. The trucker was obviously ill at ease and getting more so under the steady gaze. Finally he burst out belligerently: "You want to make something of something?"

"Not at all," said the other driver. "Just curious. You see, I know what you are. I just wanted to see what one looks like."

Young Billy was having prunes for his supper and was finally coated into eating all but two. But there he stopped and attempted to spit the last one out. He found it impossible to do so. He was very angry. But young Billy remained unmoved. Triumphantly, if disgraced, he was hurried off to bed.

Later a terrific storm broke out and fearful that the driving boy would be terrified, his mother stole into the darkened room.

There was young Billy standing at the window, staring out at the flashing fury without. Between the crashes of thunder the mother heard him speaking and forgetting his own nervousness, the tip-toed behind him. He was muttering in disgust: "Such a fuss—over two prunes."

A small girl, entertaining a visitor while her mother was telephoning, asked politely, "How is your little girl?"

"I'm sorry to say," replied the visitor, "that I haven't a little girl."

"How is your little boy, then?"

"I haven't a little boy, either." The child looked suspicious.

"Then what are you?"

"How is your little boy, then?"

"I haven't a little boy, either."

"Then what are you?"

"How is your little boy, then?"

"I haven't a little boy, either."

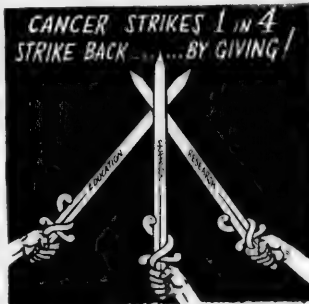

"Then what are you?"

"How is your little boy, then?"

"I haven't a little boy, either."

"Then what are you?"

"How is your little boy, then?"

CANADIAN CANCER SOCIETY

What Is Tourist Service Week?

Tourist Service Week (May 17, 1955) is Canada's traditional spring campaign stressing the needs and desires of all who visit and travel in our country. Since 1946 Tourist Service Week has provided a recurring occasion for special attention to tourist trade problems by all appropriate provincial, regional and municipal authorities, local businessmen's associations, shops, restaurants, hotels, motels, resorts, service clubs, the schools, the press, radio and TV.

While Tourist Service Week is only one week in the year, its message to Canadians is something for them to act on every week the year round—enhance in every possible way the reputation of their own communities and of all Canada as hosts to all visitors.

The widespread benefits of a healthy "Visitor Industry" are felt first at the local level where visitors spend money. One of the aims of Tourist Service Week is to correct the mistaken idea that proceeds of tourist trade are shared only by those in certain fields of activity such as accommodation and transportation. The fact is, everybody benefits. Whatever you happen to do for a living—whether you work in industry, farming, trade or other business or profession—you can be sure that some part of your income originally came from VISITORS to your community or country.

OBJECTIVES OF TOURIST SERVICE WEEK

1. Encourage needed improvements and higher standards of cleanliness, attractiveness, efficiency and courtesy in all services provided by visitors, including rail, air, water and road transportation. Buses, service stations, restaurants, and other retail outlets. All types of accommodation, including hotels, motels, resort camps. Public services such as border authorities, information booths, washrooms, etc.

2. Promote development of tourist attractions such as historical sites, community parks, festivals, pageants and other special events that will make your area a more interesting place to visit.

3. Talk up the idea of travel in Canada at all appropriate business, community or social gatherings and especially wherever you meet officials, teachers, press, radio and TV people and others who influence opinion.

4. Support community tourist promotion organizations whose task it is to attract visitors to your area and to assist them after they have come.

5. Feature distinctive local foods, handicrafts, etc. in all places frequented by visitors to your community.

6. Practice conservation of all recreational resources, including water, forests, wildlife and scenic attractions.

7. Be at all times courteous, co-operative and helpful to travellers and visitors. It is in everyone's best interests to make visitors want to stay longer, want to come back again and want to recommend the places they have visited to others.

Edson Band Being Formed

Anyone interested in the formation of an Edson band is urged to get in touch with Mr. R. Kendall at his Barber Shop right away.

Mr. Kendall has approached many of the known players with previous experience and there are almost enough to get a band going.

Another clarinet player, two alto horn men and one French horn player are still needed. Anyone with previous experience in band work and especially those with their own instruments are particularly welcome.

Donations of music to this worthwhile community effort will also be gratefully received. Experienced players are necessary at first to set the band going and this is hoped to bring in its own horns and drums as the band gains in confidence.

CLEARING WORK GETS EARLY START FOR ELEMENTARY SCHOOL SITE

Clearing the site for the new elementary school just north of the present site built up Sixth Avenue East resembles a minor lumbering operation due to the heavy brush encountered in the clearing of the black and

The clearing, which was contracted by Mr. Harvey Kennedy, commenced before the bush land had a chance to show in anticipation of the heavy construction program that faces the school division this year and urgency of having the Edson elementary school in operation by the time school starts next fall.

Shown above is John Moulie as he cuts a fair sized tree with his one-man saw. Skidding logs with a faithful horse is Tom Derick, who can be just seen down behind the pile of logs he has built up. The bottom picture shows Mr. Kennedy on his cat pushing the brush ahead of him.

Mrs. Frank Clarke left on Tuesday for Portland, Oregon where she will visit relations. She was accompanied on her trip by Mrs. Dale Propp.

Kinnettes Elect New Officers

The Kinnettes Club held a dinner meeting in the Commodore Banquet Room, Tuesday of this week where plans were made to install a merry-go-round at the Memorial Park by Jubilee Day, June 8th.
As well as the ride it is hoped to make sand pits in the kids corner of the park.
To raise money toward the completion of this project plans have been made to hold a Friday the 13th Jazz Dance at Ciciarelli's. Music will be provided by the Ciciarelli Orchestra and the usual good time out "at the river" can be expected.
On May 23 the Kinnettes will sponsor a benefit show in the Nova Theatre with proceeds also going to the Playground fund. Four members were presented with 100 per cent attendance pins. They were Mesdames Clara Sykes, Louise MacLean, Anne Blumie and Yvonne Wallace.
Election of officers took place with Mrs. Yvonne Wallace elected as president; Mrs. Joan Catmole, secretary; Mrs. B. Blumie, treasurer; Mrs. Pauline Mahon and Mrs. Rae Pattinson, directors; Mrs. Irene Raven, editor and Mrs. Joy Steelwell, corresponding secretary.

Coming Events

EVERY SATURDAY NIGHT — High single, John Homeniuk, 232; high triple, 630; high team, 1718.
Jackpot this week is \$60.00.

MONDAY, MAY 24 — Plan to attend the Curling Club Bingo scheduled for this date. 1

Taps 'N Toes Dance Revue Featured This Weekend

This Friday and Saturday, May 6th and 7th, the people of Edson and district will have an opportunity to see for themselves what has been accomplished by the ambitious energies of three young ladies of our town. The Messrs. F. Ciciarelli, E. Goldstein and B. Martin are bringing to a climax their first season's efforts with the Edson School of Dancing by presenting a revue "Taps 'N Toes".

This show promises a delightful evening of entertainment of high calibre for young and old alike.

The cast of more than 40 will provide a varied program of folk dances, tap and comedy routines, and ballet numbers. Colorful stage sets, special lighting effects and originally designed costumes along with the natural appeal of child performers will all add up to an eye-catching performance that is well worth seeing.

If you've gone fishing in the Edson Area you might just as well be prepared to enter the

Junior Fish and Game Association 1955 Fishing Derby

Rules for the 1955 Jr. Fish & Game Fishing Derby

1. Any resident or visitor who catches fish in a radius extending from Edson to Mountain Park.
 2. No entry fee is required.
 3. The entry form reproduced in the Edson Leader or an exact duplicate, must be filled out completely, signed by a witness present at the weighing and measuring of the fish entered before the entry can be considered for a prize.
 4. For measuring the length and girth of a fish, measure from the end of the mouth to the tip of the tail and directly in front of the dorsal fin for girth.
 5. All fish must be caught on rod and line during the legal open season.
 6. Contest entries will be valid May 15th to October 15th.
 7. All fish must be weighed on government inspected scales when possible.
- (Whenever possible accompany the entry form with a good, clear photograph of the fish and fisherman. These will be published in the Edson Leader providing the fish comes near to being in a winning class.)

THE JR. FISH AND GAME FISHING DERBY ENTRY BLANK

(Fill out completely and mail to Irv Foster, President, Jr. Fish and Game Assoc., Box 137, Edson, Alberta.)

On my honor as a true sportsman, I swear that the statements contained herein are the truth and that I have complied with the rules of the contest.

ALL ABOARD

By G. E. MORTIMORE

A baseball umpire has a soft line compared to that lesser known hero, the Household Referee.

"What kind of a house was that?" the wife enquired sweetly. "An idiot!"

"I like your new paint," I said, nervously trying to change the subject.

"What?" the husband exploded, brightly. "You like that mess?" My wife painted the walls that green and for miles around. Lovable, eh? yellow—ugh! It reminds me of that's a joke. He's got jaws like a cabbage salad with too much oil in it."

"Everyone to his taste," I remarked. "But I didn't say anything about the walls. I only said I liked the ceiling. A very attractive shade of gray."

"You must be kidding," the wife said coldly. "Of all the dreary colors I ever saw, that ceiling George painted is the worst."

"It is sober," I admitted. "But to the waist and rolling up his sleeves. Maybe he was stripping it."

Because of the heat, but I didn't care for the way he fanned his necks.

"Well, so I wouldn't say it was because of the heat, but I didn't care for the way he fanned his necks."

conversation, "that certainly is a nice little dog of yours. Smart, too."

"Don't talk to me about the best," said the lady of the house. "It's the plague of my life. Shed hairs. Scatters stale bones. And stupid! If ever there was an unbecome among dogs, here it is."

"Perhaps he isn't the brightest dog in the world," I said, "but anyway, he's lovable."

"Whaddya mean, he isn't?" the man growled. "That's the sharpest hunting dog I've seen his dog run from a hare."

"Bats," the wife put in. "I've seen his dog run from a hare. That's the sharpest hunting dog I've seen his dog run from a hare."

"Whaddya mean, he isn't?" the man growled. "That's the sharpest hunting dog I've seen his dog run from a hare."

"Bats," the wife put in. "I've seen his dog run from a hare. That's the sharpest hunting dog I've seen his dog run from a hare."

"Whaddya mean, he isn't?" the man growled. "That's the sharpest hunting dog I've seen his dog run from a hare."

"Bats," the wife put in. "I've seen his dog run from a hare. That's the sharpest hunting dog I've seen his dog run from a hare."

"Whaddya mean, he isn't?" the man growled. "That's the sharpest hunting dog I've seen his dog run from a hare."

"Bats," the wife put in. "I've seen his dog run from a hare. That's the sharpest hunting dog I've seen his dog run from a hare."

Surprise Lake Camp Plans

A meeting of the Surprise Lake Camp committee was delayed by the recent bad weather. However, plans concerning the date for youth camps will soon be published. As last year, there will be camps for older boys and junior girls (16-17) and junior girls.

More building is expected. This new well will be in operation this summer season. Donations of lumber, hard cash and labor will always be welcome. Through both Mr. Hare and Mrs. Norquay are leaving the district, they both plan to attend some of the camping period. Prospective campers should keep in touch with their local church leaders.

LOOKING FOR A BARGAIN?

With prices so much higher than they were before the war, bargains are hard to find these days.

For example... materials used in building houses have gone up 179%.

Food is up 107%.

The average wholesale price of all the things people buy has gone up 116% (and those are government figures) but during the same period the price of gasoline has gone up only 35% (less than one-third of the average).

church government existing with in the congregation and the denomination. In the Evangelical Free Church, the local congregation holds to the evangelical faith and the congregational form of church government in which the church is free to administer its own affairs.

What do the Free Church believe about the Bible?

We believe the scriptures, both Old and New Testament, are the Word of God and without error in the original writings. We further believe that the Bible is a complete revelation of God's will for the salvation of man and the divine and final authority for all Christian faith and life.

"The man who removed the mountain-bag by carrying away the small stones."

Sports In The Schools

Educating our children to be good citizens of the future is not confined solely to the classroom. The change in school curriculum now places emphasis and importance on all school students taking part in at least one sport, and the school governing bodies in all the larger centres are doing everything physically and financially possible to maintain an up-to-date "course of studies" in sports.

To develop our younger generation in the ways and means of "playing the game," one can find no better example than to have students take an active part in good, recreational and healthful sports. We often refer to the schools as the place from where our statesmen, scientists, medical men and a host of other professions come from. That is quite true, but it is not true that our jails and houses of correction also contain young men and women who at one time attended school.

Sports to our way of thinking instills in the minds of the participants, the necessity for the

obey the rules of the game. In our society our laws are the rules of the game, and infractions of them invariably draws a "penalty." In this respect there is a parallel between sports in the school and the "game" of taking our parts in society after school graduation. Besides the enjoyment and healthful benefits derived from school sports there is the most important phase of teaching the men and women of tomorrow the principles of giving and taking, competitiveness, self-confidence, determination and preparation for the big game ahead when school days are over and the students graduate to take their place on the "winning team" of this great nation.—Hanna Herald

Junior Fish & Game Launch Fish Derby For Edson Area

BY IVOR POSTER

The local sportsmen are urged to get out and catch some big fish in support of the 1965 Jr. Fish and Game Fishing Derby. The contest which starts May 15 and ends October 15 will be open to all visitors or residents who catch a fish within a radius of 60 miles from Edson (any direction) excluding Jasper Park. No fee will be required to enter. Starting May 15 mail your entries to Junior Fish and Game Fishing Derby, Box 137, Edson, Alberta. Your entry must be weighed on government inspected scales, if possible. On your entry form you must include the signatures and addresses of two reliable witnesses.

The contest will be divided into two large divisions. Lake and Stream respectively, under which are marked the fish caught in each. The list and contest rules will be displayed in Graff's Variety window along with some of the prizes for each division.

There will be magazines displaying the certain kinds of fish caught in the area and a sample picture of the size of the fish as would like entered in this contest.

The prize donors for the contest are: Lindy's Sporting Goods, Graff's Variety, Edson Hardware, Bug-Rite Foods, Mahon Electric, Service Hardware, Switzer's Drug Store, Koebel Electric, Wilmore's Clothing Store, A's Book Store, Willis Garage, Edson General Supply, Bell's Supermarket and Edson Motors.

There are a lot of good prize sportsmen, so unlimber your rods and start fishing.

Craft Centre Raffling Local Painting

Have you noticed the lovely big floral painting in the window of Graff's Variety Store?

If you stopped to really have a look at it you would see that it is done by Mrs. Galena Kodko who has offered it for raffling by the Craft Centre with proceeds going to bolster the Centre's fund.

As well as the picture, there are also displayed in the window a large urn from the pottery of people who had gathered group and a novel wooden bowl made on behalf of the senior.

These items will be drawn for when the Craft Centre hold their display of this season's work in the school auditorium on May 20. Tickets may be obtained from any members of the Centre.

C.N. Official

Cent from page 1
 ca, there had been no general change in rates except for the lowering of some. The most notable cut was an average drop of \$71.00 in ship cars from the east.
 Without modernization, said the speaker, the railway's financial position would have been much worse. Other innovations during the year, such as the snack bars on trains, truck hauling, marine barges, etc., all contributed to increased efficiency on the railway and more passenger comfort.

Mr. McPherson also told his listeners that Wabamun sub and Jasper sub were 4th and 5th last year on a tonnage basis with respect to the whole Western Division. He also forecast the railway picking up more and more of the traffic which was Veldara, Pioneer, Alberta

also diverted to trucks as a result of this modernization.

TOWN PROGRESS

During the course of the business meeting Councillor Bill Switzer reported on behalf of Mayor Burling on the progress the Town hopes to make this year with their sidewalk program, paving of Main Street, new elementary school extensions and other signs of progress. Councillor Switzer also told of the Council's hopes in regard to a start on a new town hall this year.

Further to raising the calibre of the Town members were also reminded of the clean-up and paint up week which starts May 11th.

Nino Chiesa Heads EAA For Another Year's Hitch

By SANDY TEAN

The annual meeting of the Edson Athletic Association was held in the LOOP hall on Wednesday May 4, when a new slate of officers were elected and business of the past and coming year was discussed.

Elected were President, Nino Chiesa; Vice President, Al Grant; Secretary-Treasurer, Pete Sordak; Directors: Nash Mailhot, Joe Pehovich, Sandy Tran, Mike Pavich, Tom Booker, Lyle Kortman, Harold Seldon, Joe Lotinsky, Joe Pavich.

After the new executive took their seats, the past hockey season was discussed and it was

decided to enter the senior team in the Alberta Inter-municipal B playoffs next season. A committee will be set up to approach the town council with a view to improvements to the Arena for the coming season, especially to the roof, boards and the base for the ice surface.

Joe Pehovich and Lee Dunphy were asked to investigate the possibilities of organizing a pony league baseball in Edson which would greatly improve the calibre of senior ball in the future.

Mr. Dunphy also stated that there is work being done to organize a senior league in this district. It would consist of Edson, MacKay, Entwistle and two teams from Dryden Valley. A meeting between these towns will be held at the earliest possible date to explore the possibilities of such a league.

Mr. Sordak then stated that there is a growing interest in soccer in the town and district and asked if the EAA would consider sponsoring a league. A decision was put off until the next executive meeting when the cost of such a program will be presented.

It was decided that the Association would erect booths for the

Jubilee committee who are holding a Kiddies Day at the Memorial Park on June 9th.

The meeting then adjourned with the understanding that an executive meeting will be held in the near future.

A senior basketball practice will be held on Sunday, May 9th at 2 p.m. weather permitting. A coach will be on hand and a good turnout is hoped for. All young hopefuls are asked to attend as there seems to be a shortage of senior talent available.

Miss Joyce Sobryk is holidaying at home from her nursing training in a B.C. hospital.

Amazing new kind of house paint
 guaranteed 5 ways better than
 any other house paint made!

1. 100% BLISTER-PROOF. On new wood, moisture can't get through—impossible for moisture to separate "Formula 5" from wood.
2. MORE BLISTER-RESISTANT. An improved, patented surface that resists blistering. Tight bond protects long after other paints peel.
3. STAIN-PROOF. No staining from rusting or corroding metals such as nails, screws, downspouts, door and window hardware.
4. FUME-PROOF. No discoloration from oil, solvent fumes such as are found in many other paints, varnishes, paper mills, smelters.
5. SELF-PRIMING. "Guaranteed - Penetration" and better adhesion make "Formula 5" the best undercoat.

MARSHALL-WELLS FORMULA 5

BONDS SO TIGHTLY ON NEW WOOD
 THAT EACH CAN CARRIES A

BLISTER-PROOF GUARANTEE!

Because new "Formula 5" represents such a radical improvement in paint performance, Marshall-Wells devoted five years of rigid testing to prove each of its 5 big advantages. This proof has been so conclusive that "Formula 5" now goes on the market with a double-your-money-back guarantee on every can!

This is your assurance that all these big advantages will carry through to

your home—that on new unpainted wood "Formula 5" will be completely self-priming, providing its own best undercoat—that it will be 100% blister-proof, so fully bonded that no moisture can make it peel or blister!

The same revolutionary chemical discovery that gives such complete paint protection also gives sharper, cleaner white tones and modern colors. Use "Formula 5" once and you'll never go back to old-style house paints again!

EDSON

ALTA. ELECTION CALLED ON T. B. ISSUE

The Edison Leader

The Voice of Edison Constancy

Vol. 3 Edison, Alberta, Thursday, May 12, 1965 No 5

Council Ask Board OK On \$43,000 Paving Borrowing

Edison Council gave preliminary reading to a by-law to borrow \$43,000.00 toward the cost of hard surfacing Main Street at their regular meeting on Tuesday evening May 11. The by-law must first be submitted to the Board of Public Utilities Commissioners in Edmonton for concurrence.

Council also decided to declare Thursday, June 9th, a river holiday to coincide with the kiddie day celebration which the Edison Jubilee Committee are planning. Clean-up week has been declared from May 16th to 21th.

Dr. D. C. Begg tendered his resignation as Medical Health Officer and Dr. A. P. N. Lee, also of Edison Medical Clinic was appointed to the position.

Present were Councillors Korts, Mack, Nigro, Switzer and 5,364.00; Willie Garage, 3,288.10; Tucker, Linden Motors, 5,273.11; Waterloo Motors, 4,893.00; Edison Welding and Repair, 5,880.00; Edison Motor Co., 5,257.00.

The Mayor and Deputy Mayor being absent, Councillor Nigro was elected by mutual consent to be chairman of the meeting.

Timber: Mr. H. Kennedy addressed Council on matter of contract to cut timber in Town and was advised that matter would be given consideration and he would be advised.

Truck Tenders: The Secretary was directed to open truck tenders. Tenders on various classifications of trucks were solicited by the following: Universal Motor, 4,380.00; Universal Motors.

Cadets Hold Night Training

Doughty members of Edison Army Cadet Corps partook of a night training scheme over Saturday evening during which the lads got a taste of sentry duty, patrol work and infiltration of the enemy's lines.

Highlight of the night operation was the bringing out of two "prisoners" who didn't know the password by members of their own patrol, of all things!

Officer Commanding the Edison Cadets, Mr. T. Boulter, took the lads out and supervised the youthful cadet officers during their first night exercise this year.

There were quite a number of tired boys around town both Sunday and Monday—but they were pleased with the whole deal.

Fish Derby Prize Awards Announced

Though the Edison Junior Fish and Game Fishing Derby doesn't start until the 15th of May there have been enquiries about it and a very definite interest shown.

With all the details as to the area it encompasses, types of fish etc., shown in the display in the window of Graff's Variety. Anyone interested has a chance to see just what he wants to aim for.

The Fish and Game Juniors are to be commended for their work in planning the derby and soliciting the prizes in an effort to provide competition for local and outside anglers.

Following are the prizes listed with their donors: A's Smoke Shop, Wiggins Camera, Bettner's Drug Store, Fly Feet, Edison Hardware, Air Mattress, Edison Motors, undivided, Willie Garage, Credit, Lindy's Sporting Goods, Trucks Box, Mahon Electric, Fly Rod and Reel, Bud's SuperMarket, undivided, Graff's Variety, Casting Rod, Edison General Supply, Set of Wrenches; Willing's Clothing Store, \$5.00 Merchandise Voucher, Keweenaw's Wrought Iron Lamp, Bug-Eye Food Store, \$5.00 Merchandise Voucher.

Royal Opens Full Time At Hinton

According to an announcement from the Royal Bank of Canada a full time branch has been opened at Hinton, Alberta in anticipation of the increased activity there.

Mr. Alex Reid, formerly manager at Morinville, has been appointed manager. And temporarily Mr. Jack Durksen of the Edison branch has been assisting with the opening.

Premier Manning informed the Legislature this afternoon (Thursday) that his government would take the issue of the use of the Provincial Government Treasury Branches to the people for a decision, following attacks by Liberal Leader J. Harper Frouse along the line that most members were ineligible to sit in the House because of dealings with the Provincial bank.

The Premier in his statement said that the charges had created "unwarranted suspicion and doubt" and that the only thought his government had was that the electorate should be allowed to express themselves on the use of Provincial Government Treasury Branches which had become practice during the last 17 years.

Locally the move to criticize the use of the Treasury Branches had been anticipated, among those in the political know, but the actual dissolution of the House and the calling of an early election after only three sessions came as a distinct surprise.

Naturally local constituency officers of the two major parties involved, the Social Credit and the Liberal, were not able to make any comment fit for publication.

In the Provincial election held on August 1952 the Social Credit candidate, Mr. (now Hon.) Norman Williams, received a majority over Mr. Bill Switzer, the Liberal candidate, of just over 500 votes. Now that our Social Credit member is also a Provincial Cabinet Minister, a contest in this snap election will be watched with extreme interest in this constituency.

GEORGE CHECKS UP

George Graff of Graff's Variety next door checks up through a sidewalk superintendent's peephole on how the pouring of the cement first floor slab is coming along on the new post office building. Pouring of the footings and the basement walls went on most of last week and now the cement is being poured into the mass of pipes and conduits laid in among the reinforcing steel.—Photo by Boulter

**Band Meeting
Next Wednesday**

Prospective members of the Edson Band in the process organization met on Monday to discuss ways and means of interesting more playing members.

With this in view a meeting has been called for 8:00 p.m. Wednesday, May 18th, in the Edson library building for the purpose of further planning.

Anyone interested in playing in the band is invited and those with instruments are especially invited. It is hoped to get the band going with experienced band men and then take on boys as fast as they can be handled.

Mr. and Mrs. J. Munsey of Winnipeg are visiting at the home of Mrs. Munsey's parents, Mr. and Mrs. H. Makowicki.

**Knuenen And
Anderson Try
It Again**

A six bout boxing card will be held in the Memorial Hall on Friday, May 30, sponsored by the Edson Branch of the Canadian Legion.

The main event of the card will feature Frank Knuenen and Frank Anderson, both of Edmonton, in an eight round bout.

These two boys fought in the last Edson card and Knuenen took the decision by one point, in a very good fight. The rest of the card has not been arranged, but it is hoped to bring "The Looper" Hansstead and "The Mauler" Bugida together in a four rounder.

There will be seven three round bouts by members of the Edson Boxing Club. These boys are in the weight group of 70 to

100 pounds. Ken Antonenko meets David Ashby; Danjo Levina vs. Chuck Davidge; Ted McLeod vs. "Dynamite Joe" Nicky Antonenko vs. Kid Serridge; Dave Antonenko vs. Calvin Rowen; Pugy McViven vs. Bill Kankewitz; Jimmy Guthrie vs. Burton Rowen. Ten per cent of the proceeds go to the Edson Candy Kids.

**June 9 To Be
Civic Holiday**

The Council have decided Thursday, June 9, will be a holiday when business places will be closed to allow everyone to partake of the holidays day planned as part of Edson's Jubilee Celebration. Only such essential business as service stations will be open on this day.

SPORT-TALK

By SANDY TRAN

Word is now out that the local hockey club will be entering the provincial intermediate "B" playoffs next season. It sounds like a very good idea as far as we are concerned, but it cannot become a reality without the wholehearted support of every sports enthusiast in Edson.

A venture of this sort costs a good deal of money and that commodity has been very scarce so far as gate receipts have been concerned. It is not due mainly to a lack of fans of the game, but due to a lack of paying customers.

The past hockey season was a big success as far as quality and quantity of the games were concerned. Why, then, could it not have been a financial success also? The attendance was greater at Sunday games than at Saturday nights, but the gate receipts always seemed to be smaller on Sunday. Why is it?

The answer lies in the fact that on Saturday night the fans were charged admission prices, but on Sundays a silver collection was taken.

If a meal at a restaurant is a dollar on Saturday night, it will be a dollar on Sunday also. We cannot see then why a hockey game on Saturday night is worth fifty cents and only worth a dime or a quarter on Sunday.

We are not accusing all of the hockey fans nor are we accusing most of them, as it is only a small percentage who are shirking their duties at the gate.

Well, now that the EAA has decided to sponsor a hockey team in the provincial playoffs and perhaps a baseball team in an organized league the fans should support the EAA by attending every sports event of the coming year and giving their full share at the gate.

**'Burg Holding
Sports July 1st**

Drenburg this year will hold a Golden Jubilee Sports Day on July 1st. A meeting of the various organizations such as the Canadian Legion, Community League, Athletic Club, and Women's Auxiliary was held and it was decided to put it on jointly.

There will be ball games, races, a kiddie bicycle parade, and games of various kinds in the afternoon and a dance in the evening.

The whole profit, if any, will go toward the Golden Jubilee Curling Rink which is planned. No one organization will make any individual profit. The general planning is in the hands of the leaders of the various organizations.

**Senior Baseball
Practice Sunday**

The first official baseball practice of the season will be held this Sunday, May 15th at 2 p.m. The practice scheduled for last Sunday was canceled because of cold weather.

A good turnout is hoped for, as the team is entered in the May 24 tournament at Jasper and there are still nine positions open on the club. A coach and a manager will be present at this practice to get things organized for the coming season.

Trail News

Visitor at the Koloski home was Mr. Koloski's sister from Edmonton.

Mr. and Mrs. Gossy have their grandchildren visiting them. Mrs. Koloski is going to Coal-spur for the week.

Spring must be here as P. Olson headed for his farm with his tractor. "Think it's dry enough to plow Palmer."

How are your chickens Margie? setting lots of eggs yet? Notice Mrs. Koloski and Mrs. Olson burning some grass. Getting ready for the garden Paul!

H & S Sponsors Navy Night

The Edson Home and School will be sponsoring "Navy Night" in the school Auditorium Tuesday evening, May 17 at 8:00, when time will be shown of the recent action in Korea, trading in Canada's Navy, shots of the coronation contingent, etc.

The idea of the evening is to give information on the "Senior Service" as it takes its place in Canada's defence picture.

Miss M. Cumming U.N. School Delegate

Miss Margaret Cumming, of Evansburg, was chosen to attend the United Nations School which will be held in Banff in August. This is the third successive year that the Evansburg High School has had a representative at the school which is held in the halls of the Banff School of Fine Arts. Last year, Helen Belkowsky attended the school, while Victoria Motra was the candidate in 1953.

This year's candidate is a grade eleven student. In addition to her outstanding scholastic record Miss Cumming has also been very active in Town Town work.

It has been the policy of the school to send students from grades ten or eleven as such students will be back the following year to give an account of their experiences.

Rosevear News

Edmonton visitors during the week were Mr. and Mrs. Sam Kiste and Mr. and Mrs. R. Gross and family.

There will be Church Services on Sunday, May 22, in Rosevear at 4 p.m. Pastor J. F. Kunkel will conduct the service. The service will be held in German and all interested are cordially invited to attend.

Mrs. Albert Stibel has left for a trip to Victoria.

ANNOUNCEMENT

Mr. and Mrs. Carl AMI announce the engagement of their eldest daughter, Elaine Lemore, to Mr. Carson C. Field. The wedding will take place in June.

District Deputy Visits O.O.R.P.

The O.O.R.P. ladies held their regular meeting April 8. D.D.S. H.R. Lady Lee of Mervel was present to make her official visit.

Meeting of April 15 was in preparation of the district meeting.

On April 30 the district meeting got under way with ladies from Jasper, Mervel, Estevale and Gainsford present. Due to poor roads there were not as many as expected.

A lovely banquet was served by the United Church ladies in the church basement, which was thoroughly enjoyed by all.

Brother Elks and friends were invited to watch the floor work. The McKenna Trophy was won by the ladies from Jasper with Gainsford taking the history book.

At the close of the evening the Brother Elks served a very tasty lunch.

United Church

Sunday, May 15

11:30 a.m. — Morning Worship
Dedication of Furnishings

Evangelical Free Church

Sunday, May 15

11:00 a.m. — Sunday School
7:30 p.m. — Evangelical Service
Official Opening Service 3:00 p.m.
We will have special speakers and special music at every service. Come and enjoy our special day with us.

Question Box

Question to be answered at evening service this week "Was St. Peter Married?"

Does the Evangelical Free Church of America have a creed? Yes. The creed in its present form was adopted at the General Conference in 1850 but its origin goes back much further than that.

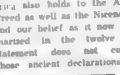

At the time of the merger of the Evangelical Free Church Association and the Evangelical Free Church of America, it was found desirable to rewrite the creed so as to bring into one statement of the viewpoint of both groups.

This new statement is written in simple language which all can understand and deals with such matters as the Bible, God, Jesus Christ, the Holy Spirit, man's need of salvation, the statement, baptism and the Lord's Supper, the Church and the role and the return of Christ.

The Statement of Faith was actually developed during the first 60 years of the Free Church movement and finally put into writing. It existed before it was written.

The Evangelical Free Church of America also holds to the Apostle's Creed as well as the Nicene Creed and our belief as it now is summarized in the twelve article statement does not contradict these ancient declarations.

Mr. Cliff Condon and daughter, Mrs. Gordon Mitchell and Mrs. Cita Houtz were Cairnrose visitors last Saturday attending the funeral of Mr. Condon's father.

Are You LETTING THE MONTHS GO BY

Without having your car checked! Driving month after month without a check-up is courting trouble. To keep rolling safely... drive in now for your spring and summer check-up and change over.

Grain Club Have Busy Meeting

The McLeod Valley 4-H Grain Club meeting of May 8 was held in the Peers school. The secretary read the minutes of the previous meeting which were approved. After this the names of the members who wanted pins and crests were taken down. The club will pay for one of these members.

We were unable to get any grain this year so the members of the Peers school. The secretary read the minutes of the previous meeting which were approved. After this the names of the members who wanted pins and crests were taken down. The club will pay for one of these members.

The clubs in the community are all contributing to the upsurge of the Fulton lamp. The 4-H Grain Club also contributed a dollar and we are going to ask Mrs. Barnhart to take care of it for us.

We have decided to have a dance at Peers on June 23rd, weather permitting and petition.

This Christian prayer is founded on Christian faith, and for the day (12:23) faith carried out into life. The heavens of the word of God must also be deep and must beware of false religion "deceiving their own selves," for this we are given some practical tests (bearing the longer help to those in trouble). Christian faith Christian faith. Christian life, all day's before our Lord's Ascension belong together.

If you've gone fishing in the
Edson Area you might just
as well be prepared to enter

the

Junior Fish and
Game Association

1955

Fishing Derby

Rules for the 1955 Jr. Fish & Game
Fishing Derby

1. Any resident or visitor who catches fish in a radius extending from Edson to Mountain Park
2. No entry fee is required.
3. The entry form reproduced in the Edson Leader or an exact duplicate, must be filled out completely, signed by a witness present at the weighing and measuring of the fish entered before the entry can be considered for a prize.
4. For measuring the length and girth of a fish, measure from the end of the mouth to the tip of the tail and directly in front of the dorsal fin for girth.
5. All fish must be caught on rod and line during the legal open season.
6. Contest entries will be valid May 15th to October 10th.
7. All fish must be weighed on government inspected scales when possible.

(Whenever possible accompany the entry form with a good, clear photograph of the fish and fisherman. These will be published in the Edson Leader providing the fish comes near to being in a winning class.)

THE LEADER, EDSON, ALBERTA

Page 13

Competition In The Schools

Some of our so-called leading Canadian educators can certainly get off some amazing and oddly foolish statements.

One such leader says reports cards hint of Gestapo tactics which contribute to poor mental health. He says that the cards by holding children up to comparison, tend to give them feelings of insecurity which contribute to poor work in school.

The educator who feels this way—Dr. R. S. Laycock, former University of Saskatchewan dean of education—told a Fredrick Home and School Association audience last week that the day is coming when the report card will be replaced with teacher-parent

interviews designed to lead to what he vaguely calls the child's "development."

All of this is pure balderdash which only helps to prove what many people have begun to think: that children are a great deal tougher than woolly-minded pedagogues who fill the country with their comfortable, silly talk about "insecure" children and how they must be protected, coddled, and then enticed into "developing" learning, by the way, is rarely mentioned.

We would like to suggest that competition in school is both good for the student and a fairly sound, though not quite pure, motive for learning. Take away competition, coddle the students and you end with "insecure" "developed" graduates, maybe,

but hardly ones who could be described generally as in any way knowledgeable.

Take away the element of competition and you cheat the child. The day he graduates, for example, he will be faced with competition in any number of forms: for jobs, for advancement, college education. Unwisely protected from competition, these graduates, unused to the hard facts of life, should be a competitive world, should be some maladjusted quickly no matter how "well-adjusted" or "mature" they were in the vacuum of the non-competitive school.

Why send these people off on covered he had been replaced at the head of the class by another student. Most of them like it; the rest will have to acclimatize themselves to it and a process of ed, humiliated, too.

gradually familiarizing the student with competition would be far better than watching them dive warm and protected, into the cold water of life after graduation.

Students must have competition, report cards, comparisons, all these supposedly evil things, if education—and thus, incidentally, is a cherished aim of modern education—is to conform to the facts of life after graduation. Competition, not the lack of it, produces more knowledgeable and well-adjusted students.

We remember one bright boy in our school class years ago who once burst into tears when he discovered he had been replaced at the head of the class by another student. Most of them like it; the rest will have to acclimatize themselves to it and a process of ed, humiliated, too.

But he like most other young men, was tougher than the educators of the "protect 'em" school. He bounced back, led his class once again. At last report he was doing things in the scientific world, happy as a lark, and a good student whose mental health is first class thank you St. Cross (New Brunswick) Courier

NEW MORE RESPONSIVE MORE ECONOMICAL V-8 POWER! Torque ratings increased. New gas-saving "short-stroke" design reduces engine friction, improves piston ring life... saves gas.

NEW MODER PAYLOADS—higher Gross Vehicle Weight ratings, greater structural strength.

NEW OPERATING ECONOMY—the power train that is exactly right for your job.

NEW TRIPLE-LIFE TURBO-ACTION SPARK PLUGS resist fouling, prolong peak power.

NEW MORE POSITIVE GYRO-GRIP CLUTCH ACTION for longer life.

NEW SMOOTHER AUTOMATIC TRANSMISSION with low gear "step down". Available on all light duty trucks.

NEW IMPROVED BRAKES give safer stops. Power brakes are available on new models.

NEW POWER STEERING—available on most BIG jobs.

Here's a new, complete line of modern short-stroke overhead-valve V-8 engines. New high compression ratios increase hauling ability. Improved engine valves, crankshafts, electrical and cooling systems increase engine life.

New tubular frame on M-160 series and Sedan Delivery. Mercury Trucks offer one of the widest selections of models, engines, transmissions, wheelbases, and paint options in Canada. See them on display now.

Mr. H. Hamilton Laid To Rest

Mr. Hugh Hamilton of Edson passed away at the age of 70 years on May 6. Besides his loving wife, he is survived by our sister, Mrs. Dan Passingham of Sarnia, Ontario.

Funeral services were held on Monday, May 9 at 2:00 p.m. from the United Church in Edson. The Rev. W. D. Hare officiated and interment was made in the Glen-

wood Cemetery.

Palbearers were Messrs Bob Maguire, Ed Ford, Tom Arbuckle, Tom Challenger, E. Graham and Ernie Skand.

Floral tributes were received from Loring Wife; The Fords; Mr. and Mrs. Bob Maguire; Ernie Skand and Family; Mr. and Mrs. George Shand; The Boys of the Department of Highway; The Ashvells; Mr. and Mrs. W. Hahn; Mr. and Mrs. Tom Arbuckle; Vera Tenny and Family.

Edson Funeral Home were directors of the service.

Miss Shiela Maclean, nurse-in-training at the Royal Alex hospital in Edmonton, is spending a month's holiday at her home here.

Mrs. Ann Dunphy is enjoying a visit from her small grandson from Jasper and will return with him to spend the coming week with her son Bob and family.

Coming Events

A Mess Of Polltaze?

A representative of a large Alberta power company met with a committee of the Council to lay a proposition before the company before Edson's Council this week. The men have been given to understand that a sum in excess of \$200,000 was offered for the Town tower plant and the distribution system.

In return for this outright purchase of the citizen-owned power plant, the company was prepared to offer a fairly attractive domestic light rate and a reduced rate that would work out about the same as we are paying ourselves now.

On the surface the deal looks attractive—enough to tempt the Council out of our outstanding debt and a lower light rate for our household users. But when the details begin to appear, now instead of making as much as forty thousand dollars a year from a plant of our own power plant, we are going to have to pay out something over six thousand dollars for street lighting and other town power requirements.

It is to profit from the selling of our own power to our citizens which has gone into Town services such as street illumination each year will be no more. To pay for the same services we are going to have to raise the rate on our residential property.

It is to the detriment and property owners sharing the cost of Town services through a higher light rate. It is to the detriment of our power plant and its profitability. It is to the detriment of our town if we are not careful. We and our Council are having comparative active and alternative charges we will await them with interest.

Speed On Town Streets

There has been wonderful for the growing town and the on foot. The only blot on the picture in the clouds of the town is the fact that in 25 miles per hour and a very little dust raised by the cars, nobody driving around town.

The fact that in 25 miles per hour and a very little dust raised by the cars, nobody driving around town.

The fact that in 25 miles per hour and a very little dust raised by the cars, nobody driving around town.

The fact that in 25 miles per hour and a very little dust raised by the cars, nobody driving around town.

Letter To The Editor

The success of our club depends on the people themselves and we have hopes that in the future we will be able to repay them for the help you have given us in an effort to make our town a better place.

Yours sincerely,
Doug. Canton,
Edson Printers,
Edson, Alberta

WE LAUGHED IN THE LEGISLATURE AT THESE

New Secretary: "Where do we keep the round envelopes?"
Office Manager: "Round envelopes? What do you want them for?"
New Secretary: "The boss said for me to mail out some circulars."

With her well-loaded barrow, the pretty lady was making a gallant effort to reach the top of the hill.

A man who was passing, seeing her struggles, lent a hand. After sustained effort the top was reached.

She was grateful. "Thanks, lad, do you smoke?"
"I do," he said hopefully.
"Ay," she replied, "I thought as much, the way you've been puffin' and blowin'."

A well-known American author met an old man called Uncle Joe who was always cheerful in spite of having had more than his share of life's troubles.

"How have you managed to retain your calmness and cheerfulness in spite of all that?" asked the author.

"Well, son, Ah'll tell you, replied Uncle Joe. "Ah'll just learned to cooperate with the inevitable."

A young husband realized it was time to start saving money. He decided that he would not waste the bus any more when returning from his office. He ran behind the bus, arrived home gasping, and said to his wife:

"You're a fool! I saw his wife. 'Why didn't you run behind a taxi and save half a dollar!'"

The man was sitting over tea.

Yes, and one reminiscent of fat, ingenuitly in love with my dear husband at first sight. I remember it just as though it were yesterday. I was with some of the front of the Liberal party in the election of 1954.

The new vicar had preached his first sermon and a critical member of the church so exceedingly fat man, waylaid him after the service.

"That a bad beginning, sir," he said patronizingly, "a bit too scientific and modern, perhaps, but quite fair. Remember, parson, you must feed the sheep, feed the sheep."

The vicar surveyed his beefy critic, and replied, "My dear man, it's exercise you need, not food."

IN THE LEGISLATURE

by KEN MASON

Edmonton—The big news in the last week was Premier of the Alberta Federation of Agriculture, who was claiming the legislature that a general election will be held this summer, to control the marketing of meat and the countryside will own a produce through producer boards soon run with the sound and fury of political campaigning.

When the premier made the announcement to a hushed legislative assembly last Thursday, it climaxed several hours of tense excitement and feverish behind-the-scenes activity precipitated by a Liberal bombshell questioning the status of every legislature for the past 17 years.

After the premier made his statement, the tension was finished and Social Credit back benches launched into prolonged tirades of various types of land in the province and shouts of the "bear" heard that lasted for at least 60 seconds.

Not so happy and somewhat taken aback were members of the opposition, who were not prepared for an election this year and began wondering if they hadn't lost at present, there will be a tactical error by pushing things too far. They had already caused the government considerable annoyance and embarrassment during the recent session, and next year probably would have been an election year anyway.

The Social Creditors will probably be quite satisfied to say the election has been called because Liberal leader J. H. Ross has claimed most members had disqualified themselves from membership by dealing with provincial treasury branches.

Behind the scenes already has called the charge "absurd" and calls it unwarranted persecution. The government also claims the Liberal leader was wrong in law by claiming a savings account was lost from a treasury branch disqualifies a member by constituting a contract with the government.

But opposition parties would sooner have their campaigns on other issues. The Progressive Conservatives and the UCP also have issued statements, saying the real issue in the election is the technicality of treasury branch dealings.

Strange things have caused elections before, but this may go in the books as one of the strangest.

When the legislature was proposed and then dissolved, it left some important business unfinished. One of the major items was the bill which would permit establishment of producer-controlled marketing boards.

The house agriculture committee had just started studying the matter when the Liberals threw their latest bombshell and abruptly ended the session. The committee had not yet started.

It didn't take long for Social Credit members to start cleaning up on their desks after the Premier announced pre-election. They were busy even before the government, entered the assembly to discuss them.

FISHING DERBY

THE JR. FISH AND GAME FISHING DERBY ENTRY BLANK

(Fill out completely and mail to Irv Foster, President, Jr. Fish and Game Assoc., Box 137, Edson, Alberta.)

On my honor as a true sportsman, I swear that the statements contained herein are the truth and that I have complied with the rules of the contest.

Name (print) _____
Address (street number) _____
City or town _____
Species _____ Weight _____ lbs. _____ ozs.
Length _____ Girth _____
Date caught _____ 1955
Type of tackle _____
Where caught _____
Caught by (signature) _____
Natural or artificial bait (state kind of bait) _____
Type of scale for weighing _____

We, the undersigned, witnessed the weighing and measuring of the entry and do hereby swear that the statements are true to the best of my knowledge.

Signed _____ Address _____
Signed _____ Address _____

CLASSES	
STREAMS	LAKES
Largest Dolly Varden Trout	Largest Lake Trout
Largest Rainbow Trout	Largest Eastern Brook Trout
Largest Rocky Mtn. Whitefish	Largest Rainbow Trout
Largest Eastern Brook Trout	Largest Northern Pike/Jackfish
Largest Arctic Grayling	Largest German Brown Trout
Largest Walleyed Pike	Largest Walleyed Pike
Largest Northern Pike (Jackfish)	Largest Walleyed Pike

Rules for the 1955 Jr. Fish & Game Fishing Derby

- Any resident or visitor who catches fish in a radius extending from Edson to Mountain Park.
- No entry fee is required.
- The entry form reproduced in the Edson Leader or an exact duplicate, must be filled out completely, signed by a witness present at the weighing and measuring of the fish entered before the entry can be considered for a prize.
- For measuring the length and girth of a fish, measure from the end of the month to the tip of the tail and directly in front of the dorsal fin for girth.
- All fish must be caught on rod and line during the legal open season.
- Contest entries will be valid May 15th to October 15th.
- All fish must be weighed on government-inspected scales when possible.

(Whenever possible accompany the entry form with a good, clear photograph of the fish and fisherman. These will be published in the Edson Leader providing the fish comes near to being in a winning class.)

SEEN ON THE MAIN DRAG

The town water wagon wetting down the dust on these wonderful hot dusty days.

—Bill Hagare, former U.I.C. chief in Edson, greeting acquaintances with that well remembered pleasant smile.

—Byron Petersen, another former Edsonite, and now living in Mayerthorpe, talking a mile a minute as he caught up on things.

Jack Woywilla, Mike Pavich and John Imanachuk doing something in the Kinmen Library center playground, saying that the kids are going to appreciate when the teachers are being removed.

Edson library being removed, rejuvenated in preparation for the construction of the new building.

—Mrs. Rupert Weekes home after a visit up in the Grande Prairie district.

Teachers Plan Track Meet

An Evansburg-Wildwood ATA sub-club meeting was held at Wildwood Thursday to complete plans for the track meet to be held at Evansburg on Friday, May 20th.

This year there will be three contestants from each school in each of the 12 classes.

There will be an individual cup winner in each class, and the schools will also compete for the Trustee's Cup which was won by the Evansburg school in 1953.

No track meet was held last year.

"Fancy a woman getting a thousand dollars damages for the loss of a thumb," said Mr. Brown "It seems excessive."

—Perhaps, suggested Mrs. Brown. "It was the one she kept her husband under."

Yellowhead Caravan Enjoys Fine May Weather For Annual Picnic

The caravans from Edson who travelled to Jasper and on to Mount Robson report wonderful May weather for the annual picnic beneath towering Mount Robson.

Last Sunday the top of the majestic peak was free of clouds and the much postponed picnic of last year became an enjoyable event as representatives from Edmonton, Edson, Jasper and various B.C. points met to further the interests of the Yellowhead Route to Vancouver.

British Columbia delegates to the picnic went on record as saying that the British Columbia government will complete an all-weather link to connect up the Evergreen route for the Trans-Canada highway.

The approximately 1,000 delegates from Alberta and B.C. who attended the motorcade decided to stage a big motor caravan to Blue River on September 18.

The Hon. Norman Williams, Alberta minister of Industries and Labor, who attended with the Ed-

son delegates, addressed the gathering. Mr. Jack Weiborn, former M.P. for the Federal Jasper-Edson riding also spoke.

In addition to picnics and ball games, as well as children's races the senior and junior Jasper bands were in attendance.

Mr. and Mrs. Henry Trapp of Stony Plain were visitors at the home of Mr. and Mrs. S. Zucht last weekend.

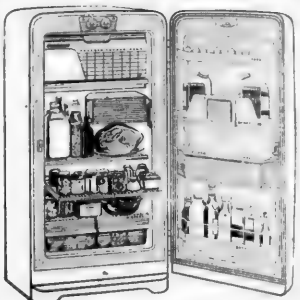

Mr. and Mrs. Al McDonald were weekend visitors at the home of Mrs. McDonald's parents, Mr. and Mrs. Herman Lindgren.

RECIPE HINTS

Chocolate Pudding and Sauce are quickly prepared with milk powder mix. For chocolate trifle, pour chocolate sauce over white cake squares. Next day, cut leavened cake in strips and top with chocolate pudding.

CHOCOLATE MIX
2 cups milk powder
1 1/2 cups sifted all-purpose flour
2 teaspoons salt
2 cups granulated sugar
1 cup cocoa

Combine all ingredients in order and mix thoroughly. Sift. Put into glass or metal containers. Close containers tightly and store on shelf. Use to make chocolate pudding or chocolate sauce.

CHOCOLATE SAUCE
2 cups water
1 cup chocolate pudding mix

1 cup sugar
1 tablespoon butter
1 teaspoon vanilla
Combine pudding mix and sugar in top of double boiler. Gradually add water. Cook over boiling water and cook for 10 to 12 minutes, stirring constantly. When thickened remove from heat and lower and cool. Makes about 2 cups sauce.

For added milk value, 2 cups fluid milk may be substituted for the 2 cups water.

Races Honored At McEvoy's

The home of Mr. and Mrs. A. McEvoy was the scene of a party on Wednesday evening when the United Church Sunday School teachers gathered to honor Rev. B. H. Jones, who will leave the end of next month to take up duties in Edmonton.

Approximately 20 guests, including a pleasant evening of games and singing during which a lamp with a smile "I just put four shop eggs under one of our bananas bushes, and made sure he saw me collect them."

School teacher.

EDSON SCHOOL DIVISION NO. 12

NOTICE

**Tenders For
1955 Building Program**

Tenders will be called for shortly in connection with the above, as follows:

1. General Contract
2. Mechanical Contract (Heating & Ventilation, Plumbing, Water Supply, Sewage, Electrical, etc.)
3. Electrical Contract (Lighting, Power, Generators, etc.)

The Building Program consists of:

1. 4 room School at Peers
2. 4 room School at Fulham
3. 4 1/2 room School at Evansburg
4. 4 1/2 room Addition at Wildwood
5. 4 1/2 room Addition at Niton
6. 8 room School at Edson
7. 2 room Addition and Industrial Art Shop at Edson

8. Division Offices and Shop at Edson

And Contractors submitting bids may tender on any one building or any combination of buildings, but a separate price must be quoted for each individual building. Contractors, if they choose may offer a reduced price on the basis of being awarded a contract for any combination of buildings they care to stipulate.

The General, Mechanical and Electrical Contracts will be combined into one contract under the supervision of the General Contractor.

Plans, Specifications and Tender Forms will be available on or about the 27th May, 1955, and Contractors interested in bidding should apply now, in writing, to the undersigned. A deposit of fifty dollars (\$50.00) will be called for and will be forfeited if Plans and Specifications are not returned in good condition and free of any markings, on or before the seventh day following closing date for tenders. Plans and Specifications will be on view at the Edmonton Builder's Exchange.

Each tender must be accompanied by a Certified Cheque or Bid Bond in favor of the Edson School Division No. 12 in the amount of five per cent (5 per cent) of the tender amount, PLUS a Co-sent of an approved Surety Company to an approved Guarantee Bond for the amount of twenty-five per cent (25 per cent) of the contract amount, for the faithful performance of the contract if awarded.

The lowest or any tender need not necessarily be accepted.

Mrs. W. Mills, the former Margaret Trapp, and daughter Elizabeth, both will arrive in Edmonton this Sunday from Ireland where they will spend a holiday with Mr. and Mrs. Trapp and Miss Sadie Cummins.

Mrs. Dora Meadow of Vancouver is a visitor at the home of Mrs. David Gay.

School Division

From page 1
and plans were approved. Admittance of tender were to appear in all papers the weeks of May 19th and 25th with receipt of same to close June 15, 1955.

The opening of tenders by the Board in Edson would be on June 14th, 1955 at 1:30 p.m., with approval by the Department of Education by June 17, 1955, at which time contracts could be signed and work commenced on June 27, 1955. Plans and specifications will be available May 27, 1955, at the Builder's Exchange, Edmonton.

Purchasing Committee: Moved that committee of three, composed of Messrs W. H. Kanawick, R. C. Frith, and J. H. Finlay, be empowered to purchase the necessary school desks.

Industrial Arts: Moved that the request of the Town Council, as stated in their letter of May 18th, be complied with and that this property be transferred to the town, with the full co-operation of the Board, as this property will be used by the Craft Centre as stated by them.

Wildwood Teachers: Moved that the Board add the two teachers on the Wildwood school grounds to make way for the erection of the new building and that said buildings be removed by July 1, 1955.

Julilee Celebrations: Moved that, if children be transported, for the Julilee Celebrations, that the arrangements for same be left in the principles and trustees concerned.

Divisional Office and Workshops: Moved that the Board tender for sale, removal and clearing of the site of the above building with satisfactory removal and clearing by June 20, 1955. If either or any tenders not necessarily accepted.

Other matters discussed were bulk vaccine, financial arrangements regarding sewer with the Village of Evansburg, Superintendent's report, Secretary's report, transportation allowances, sports equipment, authorizing the secretary to attend the 1955 annual short course, interviewed the teacher salary negotiating committee, insurance coverage, business of individual trustees, playing of baseball on school grounds, report of van committee and their recommendations, approval of financial statement and accounts.

Moved that the meeting adjourn at 8:31 p.m. and meet for the next regular meeting June 14, 1955 at 8:00 a.m.

A shipping magazine whose income is in the super-tax class, went to a hotel cloakroom, where he deposited his coat. He handed the cloakroom attendant a quarter.

"That's a five for you, Johnny," he said, "tax tax."

Seburg Teen

Townners Choose New Chief

Evansburg-Seburg Teen-Town had its final meeting of the current season by holding a winners' roast on the banks of the Pembina River Wednesday night.

Some 40 odd Teen-Towners had their final meeting of the current season by holding a winners' roast on the banks of the Pembina River Wednesday night.

Mayor Dan Anderson expressed satisfaction in the club's achievement during the past year and urged greater effort in the future.

He also paid tribute to Doug Henning, founder of the Seburg Teen Town, and Harry Kubarkuk, both advisors for the past year, for their assistance in making this the successful year it was.

Mrs. Wm. Larose returned home on the weekend from a trip to Edson.

Mrs. Wm. Larose had accompanied her mother and brother who had been visiting at the time this successful year it was.

As the fire burned low, the Teen Towners linked arms and sang "Auld Lang Syne" before returning home.

As both Mr. Henning and Mr. Kubarkuk are not expected to be around for the next season of Teen Town work, Mr. Ian Mitchell, town postmaster, was sworn in as new chief advisor. Mr. Mitchell stated that he would do all in his power to continue the good traditions of the organization, and to carry on the work done by Mr. Henning and Mr. Kubarkuk.

The club will be re-organized in September.

GREEN ACRES - - -

By R. C. BOCKING, District Agriculturist

PROFITABLE CROP

One crop which the grey wooded soils of this district will grow better than almost any other is grass. As past, a hay, or alfalfa, good grass and alfalfa or clover mixtures are crops which will make as much or more profit than any other crop on the farm.

In fact, forage crops are essential to farm success in this district. It has been said that at least half the cultivated acres on any type of land should be devoted to grass and clover mixtures.

This is because forage crops build up the fertility of the soil, control soil erosion, and help fight weeds. They provide top quality feed for livestock.

Good seeded pasture is far better than bare pasture. All good time hay is much better than out bunched or slough hay. Grain following forage crops will yield higher than in possible with a grain crop and fallow rotation. For further information, write to my office for a copy of "Hay and Pasture Crops for Alberta." I would also be happy to suggest a mixture for use on your farm.

CALF KILLER
Each year, more calves are lost from the disease called "Blackleg." This disease is increasing in this district. The young animals usually die within one day of getting the disease. It can be recognized by a crackling noise when the animal is handled or by the sound of the dead calf.

There is no cure for Blackleg once the animal is sick, but it can be prevented easily. All calves should be vaccinated in the spring. If under three months of age when vaccinated, they should be done again the next spring.

The vaccine is not expensive. A few neighbors could get together and buy a syringe, which also costs little. The loss of one calf will pay for many vaccinations.

Another Point
No animal can put on beef or produce milk if it is running away from warble flies all summer. These flies, which look like humble bees and cause the cattle much of the backs of your cattle each spring, cost you real money.

Every farmer can do a great deal toward reducing losses from this pest. All that is necessary is to scrub the backs of the animals with a rotenone wash in the spring when the holes in the bark are about the size of a pencil. The treatment should be repeated a month later.

Rotenone is inexpensive and can be bought in any drug store. The use of it will save many of those hard-earned dollars. Now is the time to act against the warble.

Scratchpad

By HENRY

I have touched on this before, and it would appear that it (the matter at hand) could be treated with again, perhaps in a slightly more robust manner.

This is not a case of making a nuisance of one's self. As a matter of fact, it could very easily become a matter of life and limb. Moreover, if my three year old Prefect ever become involved in an accident due to lock, either in whole or in part, of proper town supervision, the

situation will be handled accordingly.

Once again, let me remind the town fathers that numerous of our avenue intersections on Main Street are not protected by stop signs.

Once again, let me express my concern with indiscriminate speeding on Main Street.

Once again, let me deplore the lack of controlled parking, and the haphazard manner of parking on Main Street. Approaches to

avenues are blinded by cars in a majority of cases, cars being parked on the corner of the Avenue intersections and Main Street.

Ridiculous permitting of U-Turns on Main Street can, and probably will, sooner or later result in serious accidents. Once more, for what it is worth, stop U-Turning on Main Street excepting at the Canadian National Station.

It is necessary that we have some sort of serious accident, or

more fatal accident before this matter will receive attention! Must auto owners face the necessity of having their cars damaged or smashed up for want of a few signs?

We have heard the cry that we have to few members on our police force to properly supervise the traffic situation. Ridiculous.

First, we must properly set up and organize the whole situation. Make it as easy as possible for our police force to supervise the situation, and then all that will be necessary will be ordinary patrolling, and in case of violation hand out the necessary tickets.

Human nature will remain human nature, and John Jones is like Joe Black, by and large. The more we can get away with, the more we will try to get away with. Conversely, John Jones and Joe Black, by and large will do as the law requires. There will be exceptions. There always are. But they will become more and less isolated, and therefore more easily detected, and the more easily dealt with.

With our definite shortage of appliances, and positive lack thereof to anyone.

"What is the feminine of bachelor?" asked the teacher. There was no reply until a small boy called out, "A lady-in-waiting, milady."

That it is necessary for us to handle our traffic problem in the manner in which it was handled 30 years ago.

Juanita Jones Exchanges Vows With Neil Beverly Johnston

Edson United Church was the scene of a wedding of local interest on April 20 at 2:00 p.m. when Charlotte Juanita Ann, daughter of Mr. and Mrs. Allan T. G. Jones of Edson became the bride of Neil Beverly Johnston son of Mr. and Mrs. Joseph Vallance of Prince Albert, Sask.

Reverend W. D. Racer performed the ceremony. Wedding music was played by Mrs. George Maclean.

Given in marriage by her father, the bride was beautifully dressed in a gown of satin with double net skirt, featuring a pearl trimmed lace bodice. Her three-quarter length veil was held in place by a coronet head-dress. She carried a bouquet of American Beauty roses and lily-of-the-valley. Her only jewelry, gift of the groom, was a gold wrist watch.

Miss Rachel Jones, cousin of the bride, attended as bridesmaid, wearing a lovely white length gown of blue satin overlaid with net. Miss Delores McLeod, cousin of the groom, also attended as bridesmaid, wearing a white length gown of green net over tulle. Both girls were matching headpieces in floral design and carried bouquets of pink and white roses and lily-of-the-valley.

The bridesmaids each received gifts of three strands of pearls from the groom and gold chains from the bride.

Groomsmen were Floyd Jones, brother of the bride and Ted Van Gunt. Ushers were Elaine MacLeod and Sherry Davidge.

For her daughter's wedding Mrs. Jones wore a grey suit with pink accessories and corsage of roses with lily-of-the-valley. Aunt of the groom, Mrs. B. McLeod, also wore a grey suit with pink accessories and corsage of pink roses and lily-of-the-valley.

The reception was held in the I.O.O.F. Hall where 85 guests enjoyed a lovely buffet lunch with Mrs. Helen Youdall acting as hostess and Mrs. Ellen Keenlyside and Mrs. Jean Cornelius assisting as co-hostesses.

Trust to the bride was proposed by Mr. Hans Alfoller Sr. Words of congratulations were received from Prince Albert and Regina, Sask. During the wedding and reception moving pictures were taken by Mr. Mike Hoop and Mr. Art Foss as well as numerous flash pictures by friends.

The young couple will reside in Edson where the groom is employed at Waterloo Motors.

Out-of-town guests at the wedding were Mr. and Mrs. Gordon Jones, Mr. and Mrs. Art Foss and son Chir, all of Edmonton, and Mr. Alan Symes of Drayton, Alta.

Page 15

ALL ABOARD

By G. E. MORTIMORE

The Girl Guides of America have flunked their world friendship line.

References to goodwill among nations have been tossed down or removed from the official Girl Scout handbook. By these changes, Girl Scouts of the U.S.A. come near to cutting themselves loose from their sister Girl Guides all over the world.

This act was made public last year, but the full story has just now been told, in an article by Ben H. Radtke in the May number of the Atlantic Monthly.

The Girl Scouts revise their handbook every six or seven years. In between the book usually remains the same, except for minor typographical changes.

But in August, 1954, only 11 months after the first printing of the 1953 handbook, regional Scout executives received a 15-page pamphlet ordering more than 40 changes. Here are samples:

Page 86 (change the sentence beginning with Line 2 to read: "Service is your way of making a contribution to your community." A few months before, it had read: "Service is your way of making a better world in which to live."

The section entitled "One World" was re-named "My World," and cut from 65 to 35 lines. What came out were such things as the fact that coffee comes from Brazil . . . (and) watches from Switzerland. Gone were such sentences as "Cablegrams, telegrams and radiograms have also united us into a family of interdependent nations." Twenty-nine lines of warm counsel of the United Nations were reduced to seven lines: cold and non-committal.

Why? Because it is no longer friendship in the U.S.A. where anti-foreign forces have grown strong and vindictive. So the writer indicates.

The direct cause of the changes in the Girl Scout handbook was an attack by a right wing television newscaster, Robert T. Le Fèvre, in an article for an ultra-conservative magazine.

Girl Scouts headquarters flew into a panic and ordered changes in nearly all the parts. Le Fèvre did not like "Then the Illinois chapter of the American Legion condemned the book as un-American. They particularly opposed its mention of the United Nations Charter, 'the handwork of that

arch-traitor, Alger Hiss."

By now, the Girl Scout leaders were really scared. So they mailed the 15-page "correction" pamphlet at once, ahead of schedule. The Illinois Legion took back its censure. The handbook was solidly enough American to satisfy the Legionnaires. However, her isolationists are still sailing at H.

This was not the first attack on Scouting and Guiding. There were no Scouts in Nazi Germany. Dictators always stamp out the movement. Communist countries dis-banded Scouts and Guides long ago. Now semi-Fascist elements in the United States are trying to squelch the Scout organization out of shape.

How numerous are the people who want to build a wall between the U.S.A. and the world? Many Canadians would like to know. Whatever their numbers, the isolationists seem to be powerful.

Will they Americanize other world bodies? Will Rotary be changed under pressure into an American self-service club called Rotary National? The church may not be safe from attack. The Bible contains some un-American passages about the brotherhood of man. Perhaps the American first boys will change key passages to read: "Love thyself," and "Do

Trail News

See that there is quite a lot of spring plowing going on.

Noticed that Bert Lindstrom has moved Mrs. Medd's house.

There seems to be some fear of going on over at Gossau's.

Disputed soft roads quite a large crowd attended the dance at Trail school on Saturday night.

See that Mr. A. Koloskie is frittering his garden. Must expect a good garden this year.

unto others what you can get away with."

However, there is hope that their sinner countrymen will stop them.

"You plead guilty to stealing the sweater," said the magistrate. "Have you anything to say?" "Yes, your worship. I had to have the sleeves shortened."

ATTENTION

Owners & Operators of Mobile Construction Equip.

Your attention is drawn to the fact that all mobile construction equipment is required to be licensed annually under the provisions of the MOBILE CONSTRUCTION EQUIPMENT LICENSING ACT before such equipment may engage in construction work in any municipality other than a City.

"Construction Work" means the operations required:

- (1) For excavating or for breaking and clearing or
- (2) For the construction or maintenance of a road, sidewalk, building, bridge, culvert, dam, drainage system, irrigation system, airport, pipe line, power line, grades, strip mining, or other work of like nature.

Under this Act a person is guilty of an offence,

- (a) Who performs or attempts to perform construction work by the use of a unit of mobile construction equipment for which a license has not been obtained or
- (b) Who performs or attempts to perform construction work by the use of a unit of mobile construction equipment upon which a license is not displayed, or
- (c) Who fails to notify the Department of Municipal Affairs of any legal transfer of legal possession of licensed mobile construction equipment.

A copy of the Mobile Construction Equipment Licensing Act may be obtained upon payment of twenty-five cents from the office of the Queen's Printer, 10302 - 107th Street, Edmonton, Alberta.

Mobile Construction Equipment Licenses are issued by the Department of Municipal Affairs, Natural Resources Building, Edmonton, Alberta.

ALF MARTIN • VIC HARRISON

carried a bouquet of red roses and her jewelry, gift of the groom, consisted of rhinestone necklace and earring set.

Maître of honor was the bride's sister, Mrs. Margaret Renaud, who wore a gown of blue net over satin and carried a bouquet of pink and white carnations. Veils of the bride, little Misses Yvette Renaud and LaVerne Madge, were cute as flower girls. Yvette wearing yellow nylon marquisette and LaVerne green nylon marquisette and each carrying a nosegay of daisies.

James Monaghan, attended his brother as best man. George Madge, brother of the bride, and Fred Dubray acted as ushers.

For her daughter's wedding Mrs. Madge wore a pink linen dress with lace inserts in bodice and skirt. Her accessories were white and she wore a corsage of all white roses. The groom's mother Mrs. John Unger and son Ray

wore a navy crepe dress with navy accessories and corsage of white roses.

Later a reception to 60 guests was held in the Parish Hall where the bride's table was centred by a three tiered cake which was flanked by pink tapers. Mr. Don Buck proposed the toast to the bride which was ably answered by the groom.

On Sunday, May 8, the couple left by car for a honeymoon in Taber and Calgary. For travelling the bride chose a tan and natural gabardine and poodle cloth suit with natural accessories.

On their return the newlyweds will make their home in Edgemoor where the groom is employed as a carpenter.

Out-of-town guests for the wedding were Mr. and Mrs. Leo Monaghan and Jim, Mr. and Mrs. Clay Monaghan, Mr. Pat Monaghan and Mrs. John Unger and son Ray.

Lister Men Recognized

Two of Her Majesty's services recognized Ted Lister Senior and Junior recently.

Ted Senior is with the RCAP at Moose Jaw and recently they put up his third "hook" on attaining the rank of sergeant.

Ted Junior, who is with the RCMP, recently put up the crossed arms of the Mounties on his sleeve when he attained 175 out of 200 in his firearms tests.

The Listers will be remembered as having run the bakery (formerly Reid's) where Hi-Way Grocery is now located, following the last war.

mond, Mr. and Mrs. Abe Unger, Mrs. Charlotte Towle, Mr. and Mrs. G. Renaud all of Edmonton, Mr. and Mrs. Bob McDowell, Pocaterra, and Mrs. Ed McDowell of Vancouver.

BLISTER-PROOF GUARANTEE

PRINTED ON EVERY CAN OF
MARSHALL-WELLS FORMULA 5
HOUSE PAINT

This NEW KIND OF HOUSE PAINT bonds so tightly on new wood moisture can't get through. New **FORMULA 5** is fume- and stain-proof, too!

The most severe test you can give paint is on new wood. Here "Formula 5" gives you a startling demonstration of two of its big advantages. It's completely self-priming — sealing the wood pores to provide its own best undercoat. And it's 100% blister-proof — so fully bonded that no moisture can make it blister...

Many will say this is impossible — but Marshall-Wells stands behind every can of "Formula 5" with a double-your-money-back guarantee!

Five years of rigid testing on homes and in our laboratories proved that the qualities that make "Formula 5" blister-proof on new wood

also make it the most blister-resistant paint you can apply to previously painted wood! Furthermore, it will not stain from rusting or corroding metals, nor discolor from sulphurous fumes in the air.

Use the new "Formula 5" House Paint on your new home or next repaint.

SAVE . . .

The Edison Leader

The Voice of Edison Constituency

Vol. 3 Edison, Alberta, Thursday, May 28, 1965 No. 7

Bill Switzer Nominated By Liberal Convention

Over 116 delegates were on hand in the Edison Legion Memorial Centre for the Edison Constituency Association nominating convention which again picked a well-known Edison businessman, Mr. W. A. (Bill) Switzer, to contest the Edison provincial constituency in the forthcoming election for the Liberal party.

The well attended convention saw delegates in attendance from every district in the constituency with the exception of the Coal Branch as delegates from there could not get through due to road conditions.

Bill Switzer was the only name put forward by the convention and his nomination was instantaneous and unanimous by the delegates attending.

New constituency association officers were also elected with Mr. Al Catoia, an Edison barber, being chosen as president, while Mrs. Catoia was elected to fill the office of secretary-treasurer for the association. Vice-presidents from each division in the constituency were left for future appointment.

Mr. J. W. Whitmore, former Liberal M.P. for Jasper-Edison, spoke briefly to the convention and urged the members to get behind their candidate to ensure his being elected to represent this constituency in the next legislature.

As part of The Leader's policy of bringing news of immediate concern to this constituency, we publish below the acceptance speech of Mr. Switzer to the convention:

Mr. Chairman, ladies and gentlemen: In accepting the nomination to run in the forthcoming Provincial election as a Liberal candidate for the Edison-Jasper constituency, I wish to express my thanks for the confidence shown in me this evening. When the election results have been

MR. BILL SWITZER

I am sure that you will find your confidence has not been misplaced and that the Liberal party will represent the election in this district.

In accepting the nomination I am confident that I will also receive your support which will be needed to engage in a successful election campaign. Committees will be required and those committees must of necessity be composed of men and women who will be able and willing to devote their time and energy in organizing a successful campaign.

I therefore accept the nomination this evening with a feeling of thanks and am confident that I will be receiving your support in the forthcoming campaign. I understand that the people

Social Credit Nominating Wednesday

The Edison Constituency Social Credit Association have called a nominating convention for Wednesday, June 1st, at 8 p.m. in the I.O.O.F. Hall, Edison. Delegates are expected from every section of the constituency to make this gathering the preliminary meeting for the Social Credit party this election.

The sitting member, the Hon. Herman Wilmore, is the odds-on favorite for the nomination, but the party will follow the time-honored democratic process of choosing a candidate.

July First Sports

A meeting of the Edison Athletic Association this week decided to sponsor the annual July First Sports Day in Edison.

Tentatively, the prize money has been halved to \$1000.00 total for baseball this year.

City Orchestra For H.S. Formal

Plans are well under way for the Graduation Formal Dance which is to be held in the High School Auditorium on Friday, June 3. Ron Heph's Orchestra of Edmonton has been engaged for that evening.

The dance will open with the Grand March at ten o'clock. Guests are asked to note that the price of admission listed on the invitation refers to couples.

Wed In Pretty Home Ceremony

MR. AND MRS. CARL BALUCH

Photo by Grant

The home of Mr. and Mrs. Sam Zucht was the scene of a pretty wedding on Wednesday, May 18, when their daughter Audrey Jeanne, became the bride of Carl Baluch, son of Mr. and Mrs. K. Baluch of Edison and Robb.

For the occasion the Zucht living room was decorated with bouquets of mixed flowers. Rev. W. D. Race performed the ceremony. The bride entered the room to the strains of the Wedding March which was from a western States and B.C. and upon their return will make their home in Edison.

Given in marriage by her father, the bride was lovely in a gown of lace over satin with fully puffed sleeves and not yoke. The full skirt falling from a padded hipline. Her waist length veil was held in place by a tiny cascade and her bouquet was of red roses. Her jewelry was a pearl necklace, gift of the groom.

Mrs. Peter Berlek attended the bride as matron of honor, wearing a gown of full blue net over satin with matching bandeau. Her bouquet was pink carnations and white lilies. Her rhinestone necklace and earring set were a gift of the bride and groom.

Reverend Zucht, brother of the bride, acted as best man. For her daughter's wedding Mrs. Zucht chose a navy crepe dress with navy and white accessories and red rose bud corsage. Mrs. Baluch chose a deep pink crepe with white accessories and rose bud corsage.

A reception to 20 guests was held in the Commodore Hotel Banquet room, where Al Catoia

Man Killed On Branch

Mr. Peter Macfarlane, aged 78, died as a result of injuries received when he was struck by a loaded lumber truck on the Coal Branch near Robb.

Mr. Macfarlane had just returned to Robb after spending the winter in hospital in Edmonton.

Funeral services were held in Edison on Thursday afternoon. A full account of which will be published next week.

Mr. Ed Jensen and a friend from Edmonton, spent the weekend on a fishing trip in the Edison district.

Don Pyper spent the weekend at home from his job in Athabasca.

Sturgeon Pipe Line To Start From Here June 10

The pipe line to connect the Trans-Alberta pumping station five miles west of Edison up with the Sturgeon Lake oil field is to be started about June 10 according to word received here.

All pipe will be ordered in the Edison yard, and cleaned and handled before use. A small labor force of 180 to 250 men will be needed and the use of Canadian skilled labor is to be tried before any U.S. pipe line men are requested.

Some consideration was given originally to putting a pipe shop

ing camp west of Whittonville on the new Valleyview road, but this now appears unlikely and all the line will probably be supplied from Edison.

The line to be known as the Peace River Oil Pipe Line Company will cost about eight million dollars and construction and operation will be undertaken by Canadian Gulf Pipe Line Company Ltd., a subsidiary of Gulf Oil Corporation.

Nearly a dozen other producers with holdings in the Sturgeon valley area will have an interest in the venture.

Bill Switzer Nominated By Liberal Convention

cont. from page 1

of this Province experienced something novel during the last sitting when the existing Government dissolved the Legislature prior to the expiration of its full time of sitting. We have been told by the Leader of the Social Credit party, and no doubt will hear it often in the ensuing weeks, that dissolution became necessary because of unfounded accusations made against the Government by the Opposition and we have been told that these accusations were not only unfounded but were trivial in nature, as trivial that the Social Credit Government found it necessary to dissolve the Legislature and call for a new election. It is the opinion of the Liberal party that the accusations were not only justified but were of so serious a nature that the Social Credit Government found it necessary to dissolve the Legislature rather than permit an investigation on the floor. It is my opinion that an open and proper investigation in the Legislature would have demonstrated the devotion and the loyalty of the Liberal party to the Government.

Mr. Manning during the closing of the last sitting of the Legislature referred to the accusations that an open and proper investigation in the Legislature would have demonstrated the devotion and the loyalty of the Liberal party to the Government. The Liberal party believes that the Social Credit Government found it necessary to dissolve the Legislature rather than permit an investigation on the floor. It is my opinion that an open and proper investigation in the Legislature would have demonstrated the devotion and the loyalty of the Liberal party to the Government.

assumed. Apparently the Social Credit Government has become drunk with power and considers an attack on the Government as sacrilegious. The Social Credit party has obviously forgotten that it is not only the privilege, but the burden duty of the Opposition to demand the resignation of the Government. It is the duty of the Opposition to demand the resignation of the Government. It is the duty of the Opposition to demand the resignation of the Government.

CRITICISM NOT ENOUGH
However, in seeking the support of the electors we must not for a moment forget that criticism alone is not sufficient to obtain their support. We must also have constructive platform and program of legislation which if passed in the House can only lead to more progressive times for the Province. We, in the Liberal party believe in the concept of private initiative and enterprise tempered with a reasonable degree of government control and social welfare. Many year after leaving a mill rate of fifty mills, was forced and obliged to conduct the affairs of the Province originate from the Liberal Credit Government by its blind policy forced the government to turn fifty mills to three mills to the School Division in order to support the schools in social welfare. It is a responsibility which by law and the constitution rests with the Provincial Government.

STRONG PRESSURE
It was only very recently and through strong pressure by the Liberal party and municipal governments throughout the Province that the Social Credit Government was forced to release its responsibility. The natural resources of this district will be represented in the Province by a member of the Liberal party. It is the duty of the Liberal party to demand the resignation of the Government.

RELATIONSHIP TO THE MUNICIPALITY
The relation of the Provincial Government to the Municipal Governments must also be

assumed. Apparently the Social Credit Government has become drunk with power and considers an attack on the Government as sacrilegious. ALL ABOARD

By G. E. HORTON

Better brush up on your first aid. The drowning, food poisoning and heart attack season is almost here. To save us newspaper readers from the monotony of sudden death in various forms all through the hot weather, some national foundation should strike a Holiday Hero medal to be issued to those who go through the entire season without risking their lives, or other people's lives.

People who also shake up a record of safe living through the fall and winter should be awarded a bar to the medal. They wouldn't have to give many medals away.

In addition to the medal award, scrolls of honor should be presented to citizens who refrain from murder, or suicide, actions of one kind or another. Non-swimmers who can prove that they never drown during the whole season embarked on long voyages aboard an inner tube, or did a midwinter balancing act in a canoe.

Holiday-cabin tenants who can show documentary evidence that they never once used gas or oil to start the stove.

Parents who can produce three children from one seed.

M. D. Jarrell, eminent Trichologist, demonstrates causes of baldness and how it can be prevented.

**How To Have Hair For A Lifetime
To Be Demonstrated Here By
Famous Trichologist
Offers Written Guarantee**

An exclusive interview by Ward Allen

LONDON, ONTARIO (Special) — M. D. Jarrell, Director of Jarrell Hair Experts of Canada, exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly and a plague to mankind," says Jarrell. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Jarrell method of hair and scalp treatment can prevent baldness — can turn colorless, thin, unhealthy, growing hair again into healthy, growing hair."

Demstration To Be Held

In Edson

This revolutionary method of hair treatment for the hair and scalp will be demonstrated in Edson, Alberta, Friday ONLY, May 27th, at the Commodore Hotel.

U.C. Notes

The Mission Band will be quite active with extra activity this week-end. After holding a Bala Sale on Saturday, they will lead the Sunday Evening Worship of the congregation in the absence of the Minister. A feature of the Service will be the presentation of gifts to the Church by the Mission Band. Explorers and two C.G.I.T. groups.

The W.A. will also be busy, to be sure, they are conducting the Morning Worship this Sunday, then on Wednesday they will hold their regular monthly meeting in the afternoon, out at the Maxwell farm and on Thursday night will assist other W.A.'s with the serving of the High School Banquet.

should be taught "as children should be taught" the same simple rules of hair and scalp hygiene that are taught in the school per care of their teeth. If this were the case, baldness would be a rarity indeed.

Horridly Not Involved
Trichologist Jarrell dodged no issues. He quickly took up the most widely spread theory of baldness — heredity. "Mankind's unwillingness to take action against baldness stems from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an under-nourished scalp." The notes of Jarrell Hair and Scalp Experts is to teach the method of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. A healthy scalp will grow hair, if it is not already completely bald," assures Jarrell.

Is There Hope For The Completely Bald?

In his travels throughout the United States and Canada, Jarrell has collected hundreds of testimonials of his ability to develop weak hair into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Jarrell is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Jarrell, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

Offers A Guarantee
"Jarrell Hair Experts of Canada, offer a guarantee to any client who enrolls for training. If he or she is not completely delighted with the results of the treatment, the money invested will be graciously refunded," pledged Jarrell. "We must have satisfied clients. We must regain their faith in all. It is our best advertisement."

Is Your Hair Healthy?
If you have a scalp disorder, or if you are worried about your hair, call Trichologist M. D. Jarrell at the Commodore Hotel, in Edson, Alberta. "Friday ONLY, from 12 noon to 9:00 p.m." The public is invited to attend. Jarrell's seminars are private and open to men and women. You do not need an appointment, bygone while they were growing, and you will not be embarrassed or obligated in any way.

To think properly of the Holy Ghost is to think of the Holy Catholic Church. "What was that you said?" The scriptural question is one that would be asked by millions of people. To them the Holy Spirit is the very opposite of the Catholic Church, or any other church for that matter; they feel that to have the "religion of the Spirit" we must exorcise all churches, all organizations. To follow this train of thought logically, shall we exclude all books particularly the Bible?—yes, we had best exclude the Bible if we want that religion of the Free Spirit. The Bible did not drop down from heaven. The Bible is the Sacred Literature of the Holy New Testament was being written by the Catholic Church. Armed with only the Jewish Old Testament, the book of the Church of God (the old Israel) the first bishops of the Church (the Holy Apostles) set out to prove to their Jewish brethren that Messiah had come, been crucified, and risen again from the tomb thus proving his claims. But that book of the old Israel was full of the doings of the Holy Ghost from his brooding over the waters before order was brought out of primal chaos to the latest prophet.

Final Rebekah Whist Held

On Wednesday, May 26, the final whist drive of the season was held. The Grand Aggregate winner of the season was decided. Mr. Bill Osborne and Mr. A. J. Bergeron tied for this prize and cut the cards to decide the winner. Mr. A. J. Bergeron being the lucky man.

Winners of the evenings whist were: Ladies first, Mrs. E. Rosen; ladies consolation, Mrs. Francis Christie; Gents first, Mr. Bill Osborne; gents consolation, Miss E. Wynn; Oscar, Mrs. K. Christian.

earliest Church history. Yet it is a Holy Spirit filled work. It has sometimes been suggested that a better name for the book would be, The Acts of the Holy Ghost. The chief cause of the mistaken notion that the Church and the Holy Ghost are in conflict is in a mistaken notion of the Bible. Many are under the delusion that the New Testament is older than the Christian Church. This just doesn't make sense. When the Apostles began their missionary work, not a line of the New Testament had been written. Christ founded His Church, and the Church produced the New Testament. All that we know of the Holy Spirit from the day the angel Gabriel told St. Mary that her conception would be the Holy Ghost, until the last mention of Him in the New Testament, we owe to the Catholic Church. The Church was, and is, the home of the Holy Spirit. He made valid its priesthood, its sacraments, its teachings; filled its members at Baptism and Confirmation; continues to inspire (breathe into) the Church down through the ages.

**THINKING
ABOUT
PROFITS?**

The people who conduct public opinion polls

asked a large number of Canadians this question:

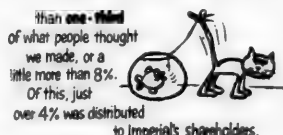

"How big a profit do you think the average Canadian company makes?" Most people thought it was nearly 28% on the income dollar.

Then these people were asked what profit they thought a company ought to make. Most of them thought it was

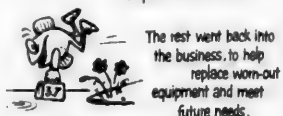

about half as big as that, or around 16%.

Actually, Imperial's profit last year was less

than one-third of what people thought we made, or a little more than 8%.

Of this, just over 4% was distributed to Imperial's shareholders.

The rest went back into the business, to help replace worn-out equipment and meet future needs.

IMPERIAL OIL LIMITED

Carrot Creek W.L.

The May meeting of the C.C. W.L. was held at the home of Mrs. Violet Brundage. There was a very good attendance of members, and also six visitors.

The question of maintaining the local cemetery, which had been laid over from a previous meeting was discussed at length and it was decided to call a community meeting in the Hall on June 12th for the purpose of electing a new

Cemetery Board.

The motion was made and carried that the club sponsor a shipment of old wreaths for blankets and that the premium blanket be given to the Club for raffish. Any one wishing to ship wool for this purpose please prepare the wool, and leave same at the home of Mrs. Violet Keilbauch.

It was decided not to send a delegate to the W.L. convention in May, but to assist in the co-operation of the District Convention, Mrs. Violet Keilbauch.

The study period covered a quiz on Vitamins etc. and notes were taken on Energy Giving Foods, Water and Malnutrition.

The hostess raffle was won by Mrs. Emma Durston and Mrs. Helen Keilbauch, whose birthday is in May, paid in her birthday fee.

A delicious lunch was served by the hostess. The June meeting will be held at the home of Mrs. Helen Keilbauch on June 6th.

Response To Red Cross Drive Excellent Says Committee

The annual drive for funds for the Red Cross has been completed and shows excellent response from Edson and parts of the surrounding districts. Several rural organizations who have helped in previous years did not even come to the drive.

This was disappointing to the local branch as the quota set for the entire district and requires the support of all if it is to be met. The following is the statement of returns:

Town of Edson

Business, Residential ... \$1238.38
Elementary, High Schools ... 320.77
Lodges ... 90.00

Suburbs

C. Franklin and Employees ... 30.00

HOUSE BUILDING PERMITS OCCUPY COUNCIL SESSION

Dwelling building permits and other matters connected with the Town's growth occupied the Council at their regular session in the Town Hall on Tuesday, May 24, which would seem to point to the usual expansion of Edson's residential section again this year.

Present were Mayor Burleigh and Councillors Kortman, Mahon, McIntyre, Nigro and Tucker. Business transacted included:

Alloch Lease: Mr. Adam Alloch (address) (council in support of application for lease and option to lot on south-east corner of improvements on lots 2 and 3, authorized to erect house as per lot 8, block 15 is deferred until next meeting of Council.

It was moved that assessment that Mayor and Secretary be authorized to execute transfer of lot 17, block 22, to Robert W. and block 61 is confirmed at \$3,100.

It was moved that St. John's hospital be exempted from South-east corner of lot 2 and 3, authorized to erect house as per lot 8, block 15 is deferred until next meeting of Council.

Kehler Streets: Mr. J. P. Kehler addressed Council with regard to road conditions 35th Avenue West of 8th as well as 3rd and 5th and was advised that conditions

Building Permits: Mr. Steve Kapty addressed Council in support of building permit application. It was moved that building permit No. 558 to Mr. S. Kapty for residential building, lots 29-27, block 6 be approved as amended.

Council Revision: The following building permits were granted: No. 549, P. C. Kukuk; lots 9 and 10, block 24, alteration residence, \$300.00; No. 550, A. W. Vale, lot 14, block 25, alteration and construction, 1,500.00; No. 551, S. H. L. Switzer, lot 134, motel building, that assessment of improvements 5,000.00; No. 555, G. Kneteman, on lots 1 and 2, block 60, H. L. Switzer be reduced 350.00 to 85.00, residence addition, 12,000.00.

Baril Lease: Application from Council in support of assessment Mr. Albert A. Baril for lease and appeal, building on lot 8 block 18, option to lot 14, block 46 and for permission to occupy temporary

It was moved that matter of assessment of improvements 5,000.00; No. 555, G. Kneteman, on lots 1 and 2, block 60, H. L. Switzer be reduced 350.00 to 85.00, residence addition, 12,000.00.

Uncovered Parkings: It was moved that the Secretary be instructed to advise the Universal Motors that they must remove dead cars from First Ave. and 51st Street.

Steel Fence: It was moved that purchase of steel fence for transformer bank at school be authorized at prices of \$23.50 f.o.b. Edson.

It was moved that the Memorial Park grounds be leased to the Edson Athletic Association for the summer season 1955 for the fee of \$1.00 on the Association's undertaking to procure satisfactory liability coverage.

Pence Rober Shop: It was moved that permission be granted Field Construction to erect barrier at lot 1, block 16 as specified and on undertakings of liability.

Cut Timber: It was moved that the Mayor and Secretary be authorized to sign agreement with Mr. H. Kennedy for cutting specified green timber within the Town.

Gravel Tenders: Tenders for gravel supply were then opened. D. Paerbach, \$2.45

per cu. yd.; H. Petersen, 1.60; J. R. McNaughton, 1.80; W. D. Guthrie, 1.90; A. Gerlag, 1.98.

Gravel To Pave: It was moved that H. Petersen for 2,000 cu. yds. gravel at \$1.00 be specified and subject to terms of specifications and contract.

Grader: The Council then heard submissions from the following on the matter of a new grader: Waterloo Ltd., Industrial and Road Equipment, Union City, Ltd. Tenders were advised matter would be given further consideration by Council in committee at 1:30 p.m. May 18 and they would be advised.

Adam Transfer: It was moved that Adam Transfer be authorized to execute transfer of lot 17, block 22, to Robert W. and block 61 is confirmed at \$3,100.

Transfer Warehouse: It was moved the Mayor and Secretary be authorized to execute transfer of lots 21 to 28, block 3 to the Edson Warehouse Co. Ltd.

Pearl Cleaners License: It was moved that approval of Council be granted to issuance of license to Pearl Cleaners for operation cleaning and dyeing plant and sale of made to measure clothing.

Oversewing Rig: It was moved that permission of Council be granted to placing of overhauling sign at Pearl Cleaners, lot 4, block 15, on submission of proper indemnity undertaking.

Shop Building: Letter from Secretary, Edson School Division No. 12, setting out Board's undertaking to transfer lot 13, block 24, to Town for use as Edson Craft Centre was read and Secretary instructed in acknowledgment.

Body Shop License: It was moved that Council grant its approval of issuance of license to Matt's Auto Body Shop (Matt Doucette prop.) for auto body and fender repair shop in building lots 29 and 30, block 4.

Uncovered Parkings: It was moved that the Secretary be instructed to advise the Universal Motors that they must remove dead cars from First Ave. and 51st Street.

Steel Fence: It was moved that purchase of steel fence for transformer bank at school be authorized at prices of \$23.50 f.o.b. Edson.

It was moved that the Memorial Park grounds be leased to the Edson Athletic Association for the summer season 1955 for the fee of \$1.00 on the Association's undertaking to procure satisfactory liability coverage.

Pence Rober Shop: It was moved that permission be granted Field Construction to erect barrier at lot 1, block 16 as specified and on undertakings of liability.

Cut Timber: It was moved that the Mayor and Secretary be authorized to sign agreement with Mr. H. Kennedy for cutting specified green timber within the Town.

Gravel Tenders: Tenders for gravel supply were then opened. D. Paerbach, \$2.45

per cu. yd.; H. Petersen, 1.60; J. R. McNaughton, 1.80; W. D. Guthrie, 1.90; A. Gerlag, 1.98.

Gravel To Pave: It was moved that H. Petersen for 2,000 cu. yds. gravel at \$1.00 be specified and subject to terms of specifications and contract.

Grader: The Council then heard submissions from the following on the matter of a new grader: Waterloo Ltd., Industrial and Road Equipment, Union City, Ltd. Tenders were advised matter would be given further consideration by Council in committee at 1:30 p.m. May 18 and they would be advised.

Adam Transfer: It was moved that Adam Transfer be authorized to execute transfer of lot 17, block 22, to Robert W. and block 61 is confirmed at \$3,100.

Transfer Warehouse: It was moved the Mayor and Secretary be authorized to execute transfer of lots 21 to 28, block 3 to the Edson Warehouse Co. Ltd.

Pearl Cleaners License: It was moved that approval of Council be granted to issuance of license to Pearl Cleaners for operation cleaning and dyeing plant and sale of made to measure clothing.

Oversewing Rig: It was moved that permission of Council be granted to placing of overhauling sign at Pearl Cleaners, lot 4, block 15, on submission of proper indemnity undertaking.

Shop Building: Letter from Secretary, Edson School Division No. 12, setting out Board's undertaking to transfer lot 13, block 24, to Town for use as Edson Craft Centre was read and Secretary instructed in acknowledgment.

Body Shop License: It was moved that Council grant its approval of issuance of license to Matt's Auto Body Shop (Matt Doucette prop.) for auto body and fender repair shop in building lots 29 and 30, block 4.

Mr. J. Cartwright Laid To Rest

Mr. John Cartwright, aged 76 years of Edson, passed away on May 16.

He is survived by his 14-year-old daughter, Mrs. Cora Brownie of Edmonton, one brother, Mr. Albert of Edmonton, one sister in MacGregor, Manitoba, one grandchild.

Remains were forwarded to Hatterford, Alberta, for funeral services and interment on May 21, 1955. The Rev. C. Robinson officiated, interment being in the Hatterford Cemetery.

Edson Funeral Home were the directors of the service.

Admiration for the maid, compliments for the wedding... That's what you'll hear for the wonderful, informal photographs we will make of every detail of your wedding.

Yes, it will be beautiful... just come in, or phone for your appointment.

Mrs. Gomuwka Wins The \$300

There was a good turnout for the Curling Club Bingo held in the Legion Hall on Tuesday evening.

Winner of the big \$300 cash prize was Mrs. Kay Gomuwka on a solitary full house bingo. Bingo fans thought from the chorus of "Bingo's" that arose from Mrs. Gomuwka's corner that a dozen participants had won, but when the excitement died down it was found that the chorus was a group of well-wishers who were pulling cards for someone who had a fuller card than their own.

Other than this there were 19 other happy bingo fans who took home cash prizes of from five to twenty dollars as they played their cards to form bingo's in various ways.

A young soldier lost his rifle. Brought before the colonel, he was told he'd have to pay for it.

"Suppose I lost a tank, sir," asked the soldier. "Surely I wouldn't have to pay for that."

"Yes," replied the colonel. "Even if it took the rest of your army career to do it."

"Good," said the soldier. "Now I know why a captain goes down with his ship."

IN THE LEGISLATURE

by KEN MASON

Edmonton — The international situation, the atom bomb and the weather have fallen from prominence in discussions around the general store and over the coffee counter in Alberta these days.

The major topic of conversation now is the provincial situation and the general election called by Premier Manning for Wednesday, June 29.

Campaign machinery already has started rolling, and the various parties have called a number of nominating conventions. Between now and the final day Albertans will be bombarded from all sides by political talk in campaigns that promises to be the hottest in years.

The big question is: which party will lead up to the Social Credit issue any seats because of the charges made and the general stir created by the opposition members during the recent session of the legislature?

Political observers here in the capital appear to have no doubt that Alberta's next administration will be Social Credit. But whether the opposition will win any seats away from Premier Manning's party is anyone's guess.

Early indications are that the Social Credit more opposition this year. The Conservatives and Liberals have announced plans to contest all 61 seats in the assembly. The CCF expects to have anywhere from 40 to 60 candidates in the field.

If the Conservatives can register 61 candidates, it will be the first time they have done so in 60 years. With popular men chosen as candidates, they might win a few seats. And it must be remembered that they surprised everyone in 1954 by electing W. J. C. Kirby for the Red Deer seat after the death of Hon. David Uren, the late minister of agriculture.

As things stand at present, there may be as many as 250 candidates seeking election when Albertans go to the polls June 29. While this makes it appear that Premier Manning's supporters will have stiff opposition, it is evident from past elections that Social Credit commands a great deal of support in Alberta.

Results of the last election—in 1952—give an indication of Social Credit strength.

The Social Credit party polled 187,780 votes—far ahead of its nearest rival, the Liberals, with 65,728 votes. Most of the members were elected on the first count. The CCF party came second with 41,869, and the Conservatives lagged in fourth place with 6,271. This was out of an aggregate 396,339 ballots cast with the remainder distributed among other parties.

BEHIND THE SCENES
The issues to be fought in the election appear to be shaping up. Social Credit says the election

is being called because the Liberals have challenged the right weather have fallen from prominence in discussions around the general store and over the coffee counter in Alberta these days.

There probably won't be any new focus among the Social Credit candidates in the provincial election race. Word has it that Premier Manning has urged all members of the last legislature to run again. He is said to have told them that dropping out now might be construed as admitting defeat, and that it is important for the party to show strength and solidity. Several veteran Social Crediters had planned on retiring.

Mr. E. Green of Edmonton is visiting at the home of his daughter and son-in-law, Mr. and Mrs. Ed Garding.

The Conservatives and CCF say the real issues in the election

are more important than the technicality of the members' eligibility to sit in the house.

Lenore Ahlf Guest At Showers

A bride of the near future, Miss Lenore Ahlf, has been the guest of honor at two different showers in the past week.

Last Friday evening Mrs. Rita Perkins and Mrs. Mary Lindgren were hostesses when approximately twenty guests gathered at the Perkins home to spend an enjoyable evening at bingo. Miss Ahlf was presented with many lovely gifts in a beautifully decorated basket, for which she expressed thanks for their thoughtfulness. The usual delicious luncheon ended the evening.

Wednesday of this week a miscellaneous shower was held at the home of Mrs. E. D. Whidden with twenty ladies spending the evening at the popular game of bingo and at a very enjoyable sing-song. Again Miss Ahlf was the recipient of many useful gifts. A period of visiting over the tea cups brought the evening to a close.

Miss Josephine Ferguson of Robb, spent the weekend visiting her parents Mr. and Mrs. J. Ferguson in Edson.

Mrs. Germaine Allen is enjoying a visit from her daughter Miss Helen Allen, who resides in Vancouver.

Hinton Girl Is Queen Candidate

We received word this week that Miss Donna Zwiers of Edgewater, B.C., is running for All-Sure, B.C. Fall Fair Queen, representing the Edgewater Hospital Association.

Miss Zwiers was born in Edson twelve years ago and lived in Hinton for eight years before moving to B.C. with her parents. Donna's aunt, Miss Frouke Zwiers, is a nurse aide in St. John's Hospital in Edson.

Edson Locals

Mrs. Ernie Jeffery is spending a week in Edmonton, visiting at the home of Mr. and Mrs. Robert Jeffery. Son Bob and his wife have just presented grandpa and grandma Jeffery with a new granddaughter.

Rev. and Mrs. Halliwell of Orion were guests of Rev. and Mrs. E. A. Miller over the weekend. Rev. Halliwell will take over the Edson charge when Rev. Miller leaves the end of June to take up new duties at Killam.

Mr. and Mrs. J. J. Nelson were visitors for the weekend at the home of their daughter and her husband, Mr. and Mrs. Cernan Edson.

Edson Locals

Mrs. Kitty Vanderberg and baby son Kenneth have left for her former home in Holland where she will spend a four month holiday.

Mr. and Mrs. Cranston, Miss Lorraine Dailey and Miss Lillian Amundson, all of Edmonton, spent the long weekend at the

home of Mr. and Mrs. A. Amundson.

A bright spot in the dull week end, for Mr. and Mrs. Wm. Davidson, was the visit from Edmonton of Mr. and Mrs. George Davidson, Mr. and Mrs. Ronald Davidson, Mrs. Edson Barren, Mrs. Ray Barren and son Ray.

The Edson Leader

The Voice of Edson Constituency

Vol. 1 Edson, Alberta, Thursday, June 2, 1955 No. 3

Social Crediters Nominate Hon. Norman Willmore

The Hon. Norman A. Willmore was the first and only nomination for Social Credit candidate for the Edson Constituency when the 58 voting delegates unanimously voted to have the local cabinet minister run under the Social Credit banner for Edson.

The convention was highlighted by Mr. Willmore throwing down a challenge to the opposition to, as Mr. Willmore said, "in the language of the streets—put up, or shut up."

Mr. Willmore was referring to the campaign of, as he put it, "false accusation, sniping at the Government for alleged irregularities which later proved to be unfounded, questions on the order paper in the Legislature" in which the opposition already knew the answer, but which were designed to create distrust of the Government.

His record of serving his community, his constituency and his province which would not "stand up to a careful investigation."

Other members of the convention which was chaired by President of the Social Credit Constituency Association, Mr. James Miller of Marlboro, with Mr. C. Bowman of Pore acting as secretary.

In his opening remarks Mr. Willmore quoted Premier Manning's remarks when he outlined the most useful qualities of a man willing to serve in public as being first the willingness to serve and secondly he should have a very thick skin.

In dealing with the reason the election was called, Mr. Willmore said that the opposition members of the Legislature displayed a general disregard for the business of the session and the many millions of dollars which were being voted for the routine business of the Government to waste the session time with false accusations, and in spite of the many millions of dollars being spent, they have only been able to find minor alleged irregularities to snipe at, which later investigation proved to be false. The Provincial jail purchase, being an example of this.

TREASURY BRANCHES

A lot of people here said that the charge that the Members who have dealt with the Provincial Treasury Branches are acting illegally, is a trivial one, even if a court, which is doubtful, said the speaker, should rule that the Members are in fact seated irregularly.

If this is true, the Provincial Liberal Leader also sat illegally in the House during his term as

Cont. on page 11

Tom Booker To Stand For Conservatives

Mr. Tom Booker, a well-known Edson photographer, has been chosen to contest the Edson Constituency in the forthcoming Provincial election for the Progressive-Conservatives.

Mr. Booker has been active in community affairs since his coming to Edson following the Second world war and has been especially active as officer commanding the Edson Cadet Corps. He is a veteran of both World Wars.

Another Edson resident, Mr. C. E. Miller of Ryk, superintendent of the Trans-Mountain Pipeline pumping station west of Edson, has been nominated to contest the Stony Plain constituency for the Progressive-Conservatives.

Edson Old Timer W. H. McKeever Buried Tuesday

Mr. William Henry McKeever, respected old-time resident of Edson passed away on May 28, at the age of 84 years.

Mr. McKeever's passing thins the ranks of the real old-time railroaders in Edson as he first came here in 1911 and worked for the railway until his retirement in 1936.

Since retiring from the railroad he has lived on his farm just west of town and continued to take a keen interest in life up until his recent illness.

His friendly personality will be missed by the many residents who knew him and by his family.

Mr. McKeever is survived by his loving wife, three sons, Arnold, Clifford, and Webb in Edmonton, three daughters, Mrs. E. Townsend, Edmonton; Mrs. Doug Lowrie, Edson; Mrs. B. Robert Riverton, Man.; ten grandchildren and four great-grandchildren, two brothers and two sisters in Ontario.

Funeral services were held Tuesday, May 31, at 2:30 p.m. in the United Church Edson. Rev. W. D. Race officiating. Interment in Glenwood Cemetery in the afternoon.

4th Nomination

HON. NORMAN WILLMORE
Who was nominated for the fourth time by the Edson Constituency Social Credit Association at their nominating convention on Wednesday evening.

Insurance Rates Down 10 Per Cent

Effective June 1st fire and supplementary rates for insurance have been reduced 10 per cent on private dwellings including farm and seasonal dwellings, according to word received by local insurers against this week.

There will be no rebate on current policies, but none-the-less the reduction in premiums will be welcomed by Edson householders.

CHANGING MAIN'S SKYLINE

The 80 foot boom hoist which this week was putting up the steel for the new Federal Building on the corner of 5th and Main is doing its part to change the skyline presented by Edson's new and changing contour.

— Photo by Booker

KIDDIES DAY

Final arrangements for Edson's annual Jubilee Kiddies Day were completed at a meeting in the Town Hall on Tuesday evening when the committee under the chairmanship of Mr. J. Findlay heard the details.

It was reported that the Junior Bands, both senior and junior, would be willing to come to Edson for Kiddies Day, and if truck events and tickets for treats was decided to ask the Jumper.

Cont. on page 4

Gas Line Past Edson By Fall Of '56 Says Minister

The Hon. Norman Willmore, Minister of Industries and Labor, told delegates to the Social Credit nominating convention on Wednesday evening that a natural gas line is expected to be in operation past Edson by the fall of 1956.

Bids for this eventuality is an agreement which has been signed for a gas line from Wabamun to service the North Western Pulp & Power Ltd. mill at Hinton.

The announcement causes considerable speculation as to the long-term effects on the economy of this district and leads to much hopeful optimism.

It is presumed the gas will come from the Altheon field just East of Wabamun near Winterburn.

W. H. McKee Buried Tuesday

(Cont. from page 1)

Funeral services were held at 10 a.m. Tuesday at the Edson Funeral Home. The deceased was born in Scotland and had been a resident of Edson for many years. He was survived by his wife, Mrs. McKee, and several children. The funeral was held in the presence of a large number of friends and relatives.

The Rev. K. Robins officiated at the service. Burial took place in the Edson cemetery. The family requests that friends refrain from attending the funeral.

F.U.A. To Meet At Carrot Creek For Convention

Members of Sub-District 6 of the newly organized F.U.A. group will hold a convention in the Carrot Creek Community Hall on Monday, June 6, for the purpose of electing a sub-district director and taking action on resolutions presented and any other business of importance.

Speakers at the convention will be Charles Selvey, F.U.A. Director of Chertill, and Mrs. Olive Harold, F.U.A. Director and the sub-director.

The district convention will be held at Sanguine, Tuesday, June 28, with registration commencing at 9 a.m. At this convention delegates are allowed one delegate for each 10 members or major portion thereof.

Visitors are welcome, but they cannot take part in the voting.

Robb Resident Laid To Rest

Mr. Peter Hamilton MacLennan of Robb, passed away on May 30, at the age of 78 years.

He is survived by one niece, Mrs. Adolph Foutra, Prince George, B.C.; one nephew, Mr. Charles E. MacLennan, Edmonton; and two grand-nephews.

Funeral services were held on May 26 at 2:00 p.m. in the United Church, Mr. Malcolm Cogwell officiating.

Interment took place in Glenwood Cemetery in the Soldiers Plot. Legion funeral services were read by D. M. Canton, zone commander and last post sounded by Dick Christie.

Floral tributes were received from Loving Niece and Family; Anker and Family; Carl Jensen; The Boys at Wagner's Camp; Con Mary and Family; Mr. and Mrs. Victor Kurgner; Mr. and Mrs. Jake Rotheiser; Mr. and Mrs. Karl Grede; Oona Peeler; Wilfred Mary and Family.

Edson Funeral Home directed the arrangements.

Mr. and Mrs. E. D. McGuire Sr. returned Sunday from New Westminster where they attended the wedding of Shirley Tenney to Mr. Joe Debold. Shirley is the daughter of Mr. and Mrs. Elmer Tenney, well known in the Edson District prior to their moving to B.C.

If you want quick results try a classified.

Distinguished Clergyman Officiates At First Communion Services Here

Dressed in the traditional white Jules Brasseur, Eugene Chene, dressed and veils, eight little girls from Edson and district received their First Communion on Sunday morning, May 29 at 9 a.m. in the Heart Church, Edson. Five boys, wearing white ribbons tied to their left sleeve, also participated in the service.

Speakers at the Mass and Communion Service was a distinguished visitor from Rome, Italy Rev. Father Hawkins, C.S.A. Confessor of the Redemptorist Order, who was in Edson on an official visit.

The children, ranging in age from 6 to 8 years, were Helen Koprnick, Trone Ross, Linda McMillen, Linda Brand, Joan McIlraith, Karen Macdonald, Dora Lickwitz, Ann Kallweber, Garry Dill, and others.

Four ladies softball teams will compete for the \$25.00 first money and \$15.00 second money to wind up the big day there will be a big dance in the Mackay Hall at night.

GREEN ACRES - - -

By R. C. ROCKWELL, District Agriculturist

Expensive plants Weeds lower crop yields, and it is important to know weeds harvesting costs, and make use of them what a serious weed enemy expensive summerfallow, is, bring it or send it to my of Extra machinery is needed to like, and we will identify it and fight weeds. Weeds cause lower grades of grain and forage crops, and reduce the value of land. A low estimate of the cost of weeds to Canadian farmers each year is \$121,500,000.

How can weeds be controlled? The answer is simple - by good farming. This means using good cattle with horns, and there is a large amount of bruising in the carcasses of horned animals. Packer buyers pay less for horned cattle, and so do feeders who do not like horned cattle in the feedlot.

It is important to de-horn calves as early as possible. This is easier on both man and beast. The easiest, most effective, cleanest and quickest method of de-horning calves is by using de-horning paste before the animal is two weeks old.

Other de-horning methods are the caustic stick and instruments, or the harness dehorner. Whatever method is preferred, be sure the job is done, and the sooner the better. Horns are an expensive, useless decoration.

Skyline Rockets Get Initial Workout With Rosevear

Skyline Rockets, a Juvenile baseball squad which has been organized here in Edson in the past few weeks under the management and coaching of J'm Smith, entered into their first game of the season Sunday, May 29th and emerged victorious over the Rosevear club at Rosevear with a score of 12-5 in a 9 inning tilt.

The battery for Rosevear was Eddy Velichko catcher, Walter doubles and a single, once walked being hit with a pitched ball. He dyed by Allan Drumm in the top scored 3 of the 12 runs. A double of the fourth.

These two clubs are trying to arrange a return game on the Edson diamond in the near future which may prove to be more strongly contested by the Rosevear club, as they have been unsuccessful in gaining any practice previous to this game and had to his left of the second sack to snag a line drive off to short. Bob Milligan, relaying it to short stop Craig, catching Ron Coates off base.

The battery for the Rockets was the umpire behind the plate with them more like it.

Nick Miluch on base.

Both clubs would like to thank these two men very much for rendering their services.

A second practice game was continued after this with the Rockets playing a Rosevear pick-up team consisting of 3 juniors and 2 seniors, 9 of them Rosevear.

The battery for the Rockets was Dirk catching, Kent Craig pitching.

For Rosevear Ernie Fahlstrom catching, Nick Miluch pitching, relieved top of the fourth by Ruben Adam. This was four innings with Rosevear on top at the end of the fourth by a wide margin of 10-2.

Rocket lineup: Dirk p. Chilton c. A. Fousheim 1b, Greaney 2b, Lavoie 3b, Craig ss, Helman, if, Adams of, Joy rf, relieving in R. Fousheim, relieving in short Hugh Ashwell.

No Rosevear lineup is available at this time.

The players on the Rocket club would like to express their thanks along with those of the Rosevear players for support received from the fans who ventured out to take difference. Mr. Bert Smith was in this game and hope to bring them more like it.

ALL ABOARD

By G. E. MORTIMORE

Alcohol is too grave a subject to joke about, some people feel. Surely they are wrong. The underdrinker is a frequent butt of jokes, and what subject is more serious than death?

So I do not apologise for telling this true story about a friend of mine, a one time problem drinker who is now on the water wagon.

Mac, as I shall call him, got tangled in a party. Liquor was being served. The others were drinking, but my friend stuck to sinner ale.

A sober man at this kind of party feels like a frog in a choir of larks. He doesn't belong. And the happier his companions are, the gloomier he grows.

Such was the case with Mac. As the drinking people laughed and bellowed their way through the night—apparently thinking of themselves as wise and reconverts of a high order—he merely glowered.

Then the party, defying all those sensible rules about mixing drink and gasoline, took off by car for some vague destination.

By this time, each one of the drinking men fancied himself as Bob Hope and Churchill rolled into one. But the ex-lunatic saw them as a bunch of tedious snobs. Unable to stand it any longer, Mac asked the driver to stop the car.

"This is where I live," he said. "See you."

With that, he walked across the street to a house that was not his at all, but the residence of a woman he knew.

"Open up," said the ex-lunatic desperately. "For goodness' sake let me in. If those guys get me I'm lost."

The startled lady let him in and bolted the door, thinking on the spur of the moment that our friend might be pursued by the police, or the Mafia, or perhaps even the Roundheads. Fantasy tends to get mixed up with fact, at such a time.

If my friend had acted in the adventure-story tradition, he would then have drawn a sword, stood gazing for an instant with his back against the door, then swung himself on a curtain out the nearest window, flipping the lady a wave as he vanished.

However, this was real life. My friends merely sank back in an armchair and lit a cigarette.

"Thank goodness I escaped from those drunks," said the former lapsed.

He stayed for dinner, then left with profuse apologies.

What if they come back looking for him? The lady will have to let her eyes and tell. Can't not to mention that secondary name, because he walked out of the house last Tuesday and she hasn't seen him since.

F.U.A. To Hold Farmers' Picnic

Five locals of sub-district six of district five of the Farmers' Union of Alberta are sponsoring a Jubilee Farmers' Day Picnic at Peers on June 10. Locals behind this effort are Edson, Peers, Carleton Place, and Pelly.

Plans are being made for a ball-to-let-at 11:00 a.m. and it should be worth seeing the farmers in action. Softball and novelty races are also being planned.

A refreshment booth on the grounds will have a good supply of the "mud" that go with a picnic.

There will be a dance in Peers Rainbow Hall in the evening. Everyone is welcome to attend this F.U.A. picnic. Come and have a good time.

CARD OF THANKS

We would like to thank the following for making our first big day a successful one. Parish of St. Catherine's Church, Father Shalla, School Board and Community Hall, who so generously loaned us chairs, members, for their help and all who patronized our Bazaar. Thanks folks.

Committee of Curling Club Bazaar.

Peers Tells Achievement Day Audience About 4-H Club Aims

Miss Lorna Young of the Peers Club gave the address on the meaning of 4-H's at the joint Achievement Day of Haddock and Peers Sewing Clubs in Rainbow Hall at Peers on May 18.

Home Economics Miss McFarlin and Miss McCrimmon from the Department of Agriculture, who serve this district were present.

Miss Young told her audience of the 4-H pledge on the opening of each gathering with the 4 H's meaning Head, Heart, Hand and Health, and to train these four, is the essence of the 4-H aim to make good citizens in our homes, clubs and our community.

Our Head and our mind, said Lorna, is the guide to our actions. It represents the power behind them, but power alone cannot keep you in the path of wisdom and happiness. If one's mind is kept clean with the right thoughts and the first step in trying to do right is by thinking right, the result is a trained head.

But a trained head is very dangerous if the power behind it, which is the Heart, is not of the best. So a trained Heart is a clean, sympathetic and loyal one. Loyal to one another, learning to co-operate in the Club and the community with all the give and take of honest living.

If one has trained the head and the Heart, the Hands will follow in the service of others. There is beauty in its power—the tool with which you express thoughts and deeds. Use your hands to develop your talents to help your family when needed, to work out your ideas and the ideas of others.

The last H in the 4-H pledge is Health, said Lorna, for without

Carrot Creek Bits Evansburg Pupils Capture High Points At 'Burg Wildwood Track Meet

The Evansburg School captured the School Trustees' Trophy emblem of the aggregate points compiled in the Evansburg-Wildwood subalpine Track Meet held at Evansburg Friday last.

In so doing, they also captured eight of the twelve individual cups. Evansburg won out over Wildwood, its nearest competitor, by the score of 194 to 178.

Next highest was Donahoe with 80 points. Nine schools in all took part. This is the second time in succession that Evansburg has taken the cup, having taken it in 1953.

The Carrot Creek Juniors baseball team won a 22-9 victory over Markay Juniors last Sunday at Markay.

These young lads show great enthusiasm and it is nice to see a ball team for Carrot Creek again. Don't miss getting a ticket on the Grocery Hamper which the boys are raffling to raise money for new clothes etc.

Mr. Chas. Bailey and Mr. J. N. Bailey spent a few days in Edmonton on business.

Class A—8 and under boys: 25 yard dash, John Schroeder, Evansburg; Keyen Wade, Evansburg; Ronald Schroeder, Evansburg; Standing Broad Jump: George Semeniuk, Holly Springs; Kenneth Feldberg, Evansburg; Gilbert Greenwood, Evansburg; Running Broad Jump: Gilbert Greenwood, Evansburg; Keyen Wade, Evansburg; John Schroeder, Running High Jump: John Schroeder, Evansburg; Vinton Zakowski, Marysiuk, Evansburg; Class G (8 and under girls) June Old, Evansburg; Class H (9 and 10 girls) Shirley Wolff, Evansburg; Class I (11 and 12 girls) Mary Ann Weist, Evansburg; Class J, (13 and 14 girls) Sophie Zakowski, Wildwood; Class K, (15 and 16 girls) Sonia Hat, Wildwood; Class L, (17 and over girls) Mary Zakowski, Evansburg.

Class A—8 and under boys: 50 yard dash, Herb Diekmann, Evansburg; Warren Campbell, Evansburg; Raymond Veldhouse, Karvalde View; Standing Broad Jump: Donnie Tomkinson, Evansburg; Larry Marsden, Wildwood; Herb Diekmann, Evansburg; Running Broad Jump: Donald MacDonald, Wildwood; Herb Diekmann, Evansburg; Donnie Tomkinson, Evansburg; Running High Jump: Robert Scharr, Knowledge View; Peter Suprunovich, Holly Springs; Robert Scharr, Knowledge View; Joe Paschack, Evansburg; Running High Jump: Peter Suprunovich, Holly Springs; Steve Nickolayuk, Wildwood; Stan Put, Steve Nickolayuk, Wildwood; Sammy Getzke, Wildwood; Peter Suprunovich, Holly Springs.

Fastball Schedule Drawn Up

At a softball meeting held Wednesday, June 1st, it was decided to run two schedules with the two top teams of each schedule to play off for the Edson General Supply Cup.

Following is the first schedule:
S.G.—School Grounds
M.P.—Memorial Park
MONDAY, JUNE 6
Field Const. vs Spittires—S.G.
Snooker Boys vs Bankers—M.P.

BOOKKEEPING &
INCOME TAX SERVICES
ORM PERKINS Agencies
Phone 196 Edson

WEDNESDAY, JUNE 8
Kinamen vs Worthing—S.G.
Spittires vs Snooker Boys—M.P.

FRIDAY, JUNE 10
Worthing vs Field Const.—S.G.
Bankers vs Kinamen—M.P.

MONDAY, JUNE 13
Field Const. vs Snooker Boys—S.G.
Spittires vs Bankers—M.P.

WEDNESDAY, JUNE 15
Snooker Boys vs Kinamen—S.G.
Worthing vs Spittires—M.P.

FRIDAY, JUNE 17
Kinamen vs Field Const.—S.G.
Bankers vs Worthing—M.P.

MONDAY, JUNE 20
Snooker Boys vs Worthing—M.P.
Spittires vs Kinamen—S.G.

WEDNESDAY, JUNE 22
Field Const. vs Bankers—M.P.
Worthing vs Snooker Boys—S.G.

FRIDAY, JUNE 24
Kinamen vs Spittires—M.P.
Bankers vs Field Const.—S.G.

MONDAY, JUNE 27
Snooker Boys vs Field Const.—S.G.

Social Crediters Nominate Hon. Norman Willmore

Cont. from page 1
Armed Forces Representative, as this was an act passed by the Social Credit Government.

The present Government, said

the Minister, has brought Alberta in the fore among the provinces in Canada, by being the first in health legislation, welfare legislation, road policies in building without debt under which no less than three trans-Canada roads are being built in Alberta without help from the Dominion Government.

To the contrary, said the speaker, the Federal Government has steadfastly refused to help build the Yellowhead route through British Columbia even after arguing by both Alberta and Saskatchewan Government who were not asking any help for the Alberta and Saskatchewan sections of the road.

The Social Credit administration has been more than generous in its treatment of the municipal governments in this province in spite of charges to the contrary and, said Mr. Willmore, in the fore among all the provinces.

In the matter of educational grants the province is away out in front and only B.C. exceeds us in teacher salaries.

Another outstanding record in the field of industrial relations where there have been fewer strikes and fewer disturbances than any other province because of the Golden Jubilee Square Dance in the School Auditorium at 8 p.m. Internationally known radio and recording star, Arnie Kneeburger of Los Angeles will be here to do the calling.

SATURDAY, JUNE 18 —C.W.L. Ladies will hold a Bake Sale from 2 to 4 in Gavin's Drug Store.

Coming Events

EVERY SATURDAY NIGHT
Rings in the Legion Hall starting at 8:30. Jackpot this week is \$80.

SATURDAY, JUNE 4 —Square dancing time in the Parish Hall at 8:00 p.m. sharp with fusion Mel of Panama calling. Join the crowd—it's going to be a two-hour treat.

SATURDAY, JUNE 4 —The Ladies Auxiliaries of the Canadian Legion are holding a Tea and Auction Sale in the Legion Hall. This sale has been postponed one week from Saturday, May 28.

SATURDAY, JUNE 4 —Edson Women's Liberal Association will hold a Bake Sale in the service Hardware.

SUNDAY, JUNE 5 —Lutheran services will be held in the Parish Hall at 7:30. Pastor Kunkel.

SATURDAY, JUNE 18 —Keep the date wide open for the Provincial Golden Jubilee Square Dance in the School Auditorium at 8 p.m. Internationally known radio and recording star, Arnie Kneeburger of Los Angeles will be here to do the calling.

SATURDAY, JUNE 18 —C.W.L. Ladies will hold a Bake Sale from 2 to 4 in Gavin's Drug Store.

RECORD OF GOVERNMENT

The Liberals' must sell the people of this constituency on the idea that the Government is dishonest.

Alberta is first again in treatment and help, maternity benefits, old age pension supplements, which are the highest in Canada, pensions for blind persons for widows have still not been matched by any other province. The Government was also the first in providing free treatment for polio patients, cancer diagnosis and disability pensions.

On the matter of the Dominion Government now recognizing the justice of disability pensions, and wanting to contribute to them, Mr. Willmore said that the restriction imposed by the Federal Government would disallow pensions for 65 per cent of those now receiving them under the generous Alberta legislation.

MILLIONS FLOW BACK
Mr. Willmore said that he had researched the figures for the money received by the Province from this area in timber and coal dues, liquor profits, license fees, etc., and then added up the money which flows back in municipal grants, roads grants, etc., and says that there is far more coming back to the area than is being taken out, in fact, says the speaker, there are four dollars being poured back into the area for every dollar being taken out on a basis of last year's figures.

The statement about the Town of Edson being run on two mills is a very misleading one, said the speaker. The school regulation is only 47 mills out of the 55 charged Edson ratepayers, and the Town could have used other sources of revenue if they had seen fit.

Edson Town has borrowed money from the Provincial Government to the extent of \$100,000 at a very low rate of interest and the Provincial Government gives the Town enough money in grants to pay back the loan. Fifteen, or any other municipality, need not have to go into debt unless they want to do it themselves.

Educational grants in Edson School Division have averaged 10 per cent of school costs and this year the grants will total nearly 80 per cent. The extensive building program being undertaken by the school division would not be possible without the \$700,000 being given to the school division through grants from the Provincial Government this year.

"If Alberta, said Mr. Willmore, is not carrying its constitutional responsibilities as charged by the Liberal candidate, where in Canada is it being done?"

WHY NOT EXPORT GAS?
The charge that the Government is exporting gas to the detriment of the people of this Province is not a true statement, said Mr. Willmore. The Government must be assured that there are reserves first before it authorizes export.

"We are anxious to sell or export our coal, our wheat, our lumber products, our meat, why do we make exception with gas?"

Exporting lines make possible the serving of neighboring towns in Alberta through which they must pass and more and more Albertans will be served when more East and West lines can be served.

He used the example of Edson being able to have gas by the fall of 1956 when the gas line from Wabamun to Hinton is built. He told his listeners that the agreement for this had been signed.

QUESTIONS ON ORDER PAPER
Mr. Willmore dealt with the answers to the questions on the order paper in the recent session of the Legislature and said that the only aim of the questions, to which the opposition already knew the answers, was to offer distraction through questions which planted distrust in the minds of the voters.

The enquiry by the public accounts committee on which all the parties in the legislature were represented, very often every bill they asked for and were able to bare no major irregularities, said Mr. Willmore.

In reply to one of the sentences in a Liberal pamphlet, Mr. Willmore asked the question: "To whom is it apparent that members of the Legislature serve themselves rather than the people?"

Mr. Willmore told his listeners that serving the people of this province is hard enough without the vague accusations which the whispering campaign has been circulating and which have no proof. It was here that the speaker threw down his challenge for the opposition to either "put up or shut up."

It takes years to build a tradition, said the Minister, but the Social Credit Government has in 20 years built up a reputation for integrity and public morality which is second to none and this type of whispering campaign makes it hard to get good honest men to serve their province.

Mr. Willmore said that "the small clique which runs the Liberal party in Alberta will find that the people of this province will repudiate this type of campaign and that in opposition party men arise from the ashes to perform their democratic function with dignity and honor."

In answer to a question, Mr. Willmore said that the late Minister of Agriculture, the Hon. D. L. Macdonald, who was killed in a car accident a little over a year ago, did contract for a very valuable farm before his death but that he owed something like \$65,000 on the \$20,000 he contracted for, and that when his estate is probated it will be found that he left a very few thousands of dollars, and that Mrs. Macdonald is not well cared for by a widow with a family.

1800 Kiddies Have Fun At Jubilee Children's Day

Nearly 1800 kiddies took advantage of a wonderful June day to have fun at the Jubilee Kiddies day in Edson on Thursday of this week.

After a week of cold blustery weather, the morning of June 9th dawned summer bright and by parade time the freshly watered Main Street was filled with proud parents and their costumed kiddies for the big colorful parade which formed up at the CN Depot as the day was so fine.

Lead by the Edson Cadet Corps band and flanked by the Senior and Junior Jasper Park bands, the array of original costumes, commercial floats, etc., were something to behold.

The kiddies were paraded up Main to the Memorial Park where tickets were dished out, races run, slides worn smooth by the queued up kids, until the little tykes began to fill up from the treats and tire in the hot sun.

The hard-working committee from the Elks, O.O.R.P., on the treats end, the Kinamen on the games and rides, the teachers on the track events, the Legion on the parade, and the Library committee on the dance at night, all contributed to a big job well done.

A juvenile baseball game was also played during the day between the rival Skyline Rockets and the Edson Kinamen team with the Rockets taking the Kinamen 15-4.

POST OFFICE SKELETON

A view from the bank of the new Post Office building gives a good view of the steel skeleton of the new Federal Building. The Dominion bridge gang were several days getting the big beams up and this week the riveters took over to finish the gliders permanently. —Photo by Grant

START SIDEWALK PROGRAM

Fort Construction began to lay the first of a \$40,000 sidewalk paving program along 6th Avenue East this week. With their mechanized equipment on the job the contractors hope to make a big dent in the program which will put cement walks on most of Edson's residential sidewalks. —Photo by Grant

Cancer Drive Big Success

The annual drive for the Cancer fund in Edson and district has been completed and Mrs. Trapp, as co-convenor, reports an

Approximately fifty people attended the meeting held at the Rainbow Hall, chairman of the meeting was Chris Nielson of Peers. Present at the meeting was Mr. A. P. Calman, president of the Edson-Jasper Liberal Association who introduced the Liberal candidate, Bill Switzer.

Mr. Switzer commented on the sudden dissolution of the Legislature by the Social Credit Government and the questions dealing with members of the Provincial Government having accounts and doing business with the Provincial Treasury Branches. He went on to say that it is a cardinal principle of our democratic way of life that no person serving in a public capacity should be able to place himself in a position where he can better his own personal financial standing.

Mr. Switzer stated that one of the purposes and duties of a strong opposition is to bring to the Government's attention any breach of this principle.

Mr. Switzer emphasized the tremendous revenue that has been pouring into the Provincial Treasury over the past twenty years and expressed the opinion that

these monies were not being properly spent for the welfare of the people of this province. Mr. Switzer also pointed out that the Social Credit Government has reduced the Provincial Debt at the expense of the taxpayers of this Province and noted that while the Provincial Debt was decreasing the Municipal Debt was increasing at a faster rate. The Liberal candidate pointed out that in the Edson-Jasper Constituency further settlement and development could not take place until the Provincial Government realized the terrible condition in which most of the district and market roads are presently in. Mr. Switzer brought to the meeting's attention the Liberal platform calling for a non-political high-way commission board which will be set up if the Liberal Party is elected which body would have a definite and long term plan for the construction and maintenance of main, district and market roads throughout the area.

The Social Credit's policy in the field of education was attacked and Mr. Switzer laid the gauntlet to the President of the University of Alberta has on more than one occasion expressed the opinion that the lowering of the standards of education in this Province has resulted in many students entering the University of Alberta who are not fully qualified. A Liberal Government, the meeting was told, would take steps to increase the standards of education in the Province and pay a special bonus to qualified teachers who are prepared to take positions in country points.

At the conclusion of the meeting Mr. Switzer promised that if the Liberal Party was elected a program of assisting young farmers to become established would be put into effect immediately.

TRADE BOARD MEETING

The last regular meeting of the Edson Board of Trade before the summer recess, will be held in the Commodore Hotel banquet room on Wednesday, June 22 at 6:30 p.m.

Letter To The Editor

Evermore is taking an interest in the election, and it is a grand sign to see letters to the Editor. Of course, I'm like a good Irish man, I'm agin the governmints, why I don't know, but I'm agin 'em. What started all this anyway. When J. Harper Prowse, the Liberal leader, declared that for 17 years Social Credit members had been sitting illegally. Mr. Manning, the Attorney General, argued that this was nonsense.

He said that the matter was covered by the Treasury Branch statute itself, and if that was not sufficient, an amendment was passed this year which saw to it that the matter was covered. Manning said that the Attorney General "has cut the ground from beneath Mr. Prowse's feet."

Both Premier Manning and Mr. Manning said the issue raised by the Liberal leader, was not only technical but ridiculous as well. If that is so, it should end the matter. The Premier turns round and states that the matter is as serious and so grave that he feels that he must call an election and leave it to the electors to decide what he and the Attorney General both have said is just a ridiculous and technical matter.

That started all this rumpus, just what the average voter expected to know about technicalities. It seems to me that the man, J. Harper Prowse, had the "instinctual fortitude" to bring to the public notice these shenanigans.

Recently Premier Frost of Ontario, withdrew his support to a Mr. Dempsey, when he learned that Mr. Dempsey had not reported contributions to the campaign fund. Did Mr. Manning withdraw his support to the two members Prowse, heads that opposition, who recently had to resign? No.

THE ALBERTA SCENE

By KEN MASON

Edmonton—The Alberta legislature won't be the same since the retirement last week of Robert A. "Bob" Anderson, who has served as assistant clerk and clerk of the house for more than 40 years.

Since his appointment in 1914, only nine years after Alberta became a province, Bob has sat as clerk-of-the-table through 46 sessions of the legislature, has served under five different speakers of the house, and has established a length of service record unequaled in Canada.

Although he has not as an impartial observer through some of the stormiest and bitterest hours of the Alberta House, he has managed to remain the most popular and highly regarded member of the public services of the house.

Perhaps it has been his boundless good nature and eager willingness to help that has kept him so popular. It may be the Social Credit party condone that kind of shenanigans.

I guess I just said addicted enough to understand politics, but I can read what happens in newspapers. It seems to me that the man, J. Harper Prowse, had the "instinctual fortitude" to bring to the public notice these shenanigans.

Recently Premier Frost of Ontario, withdrew his support to a Mr. Dempsey, when he learned that Mr. Dempsey had not reported contributions to the campaign fund. Did Mr. Manning withdraw his support to the two members Prowse, heads that opposition, who recently had to resign? No.

side Great Britain. During the 1954 session of the legislature, Bob became the only life member of the Alberta Legislative Press Gallery Association.

He was guest of honor last week, when fellow employees and friends presented him with a wristwatch. Mrs. Anderson was there too, and received a gift of jewelry.

Bob's immediate plans include their way trip to Banff, following which he will return to Edmonton and watch the results of the June 28 provincial election. Then, in August, if a special session of the legislature is called, he will exercise his right as a member of the Press Gallery Association and observe proceedings from above with members of the working press.

The government isn't letting the Conservative party get far with its claims that the election was called so the cabinet could avoid answering questions placed on the order paper by Conservative members. Several Conservative questions directed at the department of public works were left unanswered when the house was suddenly dissolved in May, and Hon. A. J. Hooke, minister of the department, answered them last week.

The main question, by W. J. C. Kirby (PC, Red Deer) asked why the government specifies precast concrete made by Precast Concrete Ltd., and "Y-Tong" building blocks in provincial building projects.

Mr. Hooke's reply said first that precast concrete and "Y-Tong" are not specified in the schedule of other products, but have been used when there are advantages in using them.

The question also asked if any present or former members of the cabinet or their families have any financial interest in the companies making these products.

Mr. Hooke said no member of the present cabinet, nor their families, have any connection with companies making precast concrete. He said the government keeps no record of their business activities.

"I'm sorry to trouble you," said the tramp at the back door "but do you have any ice cream or perhaps some strawberry shortcake?"

"No, I haven't," replied the kindly housewife. "Would some bread and butter do?"

"Well, thank you, no—not to day, ma'am," the tramp replied, shuffling away. "You see, this is my birthday."

The proffessor on a small middle western daily newspaper was a woman of great precision and extreme propriety. One day a reporter succeeded in getting into type an item about "Willie Brown, the boy who was burned in the West End by a live wire."

On the following day the reporter found on his desk a frigid note asking: "Which is the west end of hay?"

that precast concrete and "Y-Tong" are not specified in the schedule of other products, but have been used when there are advantages in using them.

The question also asked if any present or former members of the cabinet or their families have any financial interest in the companies making these products.

Mr. Hooke said no member of the present cabinet, nor their families, have any connection with companies making precast concrete. He said the government keeps no record of their business activities.

GREEN ACRES - - -

By R. C. ROCKING, District Agriculturist

Better Bulls

Using a scrub bull doesn't pay in fact, it is the most expensive animal on the farm. Every time he is used, he helps to lower the quality of your cattle, and reduce your income from beef or cream.

The cheapest way to increase your income from cattle is to use a good pure-bred bull. With each generation, your herd will improve as the result will be a higher price for your beef animals, or more dairy herd.

To assist you in buying a better bull, the Department of Agriculture employs expert livestock men who will buy you the best bull obtainable for the money you can afford to pay. Under this policy the government will pay 10 per cent of the cost of the bull, and will pay shipping charges to your nearest station.

milk and cream if you prefer a dairy herd.

pure-bred bull. I will provide full details of this policy upon request.

Fertilizer Pays
There are two keys to higher production on most soils in this district. One is the growing of legumes, which include alfalfa and the clovers, and the other is fertilizer. The use of fertilizer containing sulfur, such as ammonium sulfate, in conjunction with a crop rotation containing legumes, has often increased yields by 100 per cent or more on these gray-washed soils.

In this district, where most of our farms have small cultivated acreage, we cannot afford to ignore any practice which will increase the production per acre. For further information regarding fertilizers, write to my office for the booklet "Fertilizers in Alberta."

Quack Grass

Every farmer knows this troublesome weed, and most people find it difficult to kill. Shallow cultivation is the best and cheapest way to kill a stand of quack grass. Start about June 1st, using a well-sharpened tiller or other disc implement set just deep enough to make a clean cut. The same procedure should be followed every two weeks or so until freeze-up. Six to eight operations should kill this pest. It is a good idea to follow this fall, the next year with an early crop, such as Oats barley, so that two or three cultivations can be made before seeding, and the crop taken off early and cultivated till freeze-up.

This method kills the quack grass by starving it. Methods which depend on bringing up the roots are expensive, may spread the weed even more, and often are not effective. A pamphlet on controlling quack grass is available at my office.

The Crimson Crest Herd of Dual Purpose Red Polls, Record of Performance. Young stock usually for sale. Inspection invited. **BURGESS DAIRY** Mr. and Mrs. H. Wadley, Edson, Alberta.

GREYHOUND

Mrs. George Renard and daughters of Edmonton are spending a week at the home of Mrs. Renard's parents, Mr. and Mrs. E. Madge.

Mr. and Mrs. Andrew Bergeson motored to Rocky Mountain to visit Mrs. Bergeson's father and on to St. Albert to visit Mr. Bergeson's mother.

Mr. and Mrs. J. T. Reid have received word of the death of their son, Vincent, in San Diego, California. Mrs. Andrew McEvoy flew to San Diego on Thursday to attend her brother's funeral.

Evansburg High School Holds Graduation Exercises For 17

Evansburg—Seventeen students graduated from the Evansburg High School Friday, in one of the largest graduating classes in Evansburg's history.

The graduates were first feted at the graduation banquet held in the Memorial Hall, where graduates, parents of graduates, teachers and special guests were included.

They were given an inspiring talk by Mr. F. D. Baker, Assistant Superintendent of Schools for Edmonton, who taught here for six years. Mr. Baker said that there are still words to conquer for those who do not wish to tread the beaten path, and he encouraged them to do so.

He also said that the youth of today is just as good if not better than the youth of a generation ago, and that the youth of today is faced with "Y" problems that were not wiped out in the last few years.

He warned that their response to the ideological problems of today will show their true worth.

Congratulatory messages were also given by Mr. J. Finlay, Superintendent of Schools, Mr. A. Gough for the School Division, Mr. A. Lorenz for the Community League, Mr. A. Foster for the Canadian Legion, Mr. M. Horta for Pembina Municipality and Mr. C. J. Macpherson for the Village of Evansburg.

Mrs. Richardson replied to the toast to the parents, and Mr. E. Hall replied to the toast to the teachers.

Following the banquet, the graduating exercises, which were open to the general public, were held. After the valedictorian, Miss Mary Semelak, gave her message.

THE PEOPLE OF ALBERTA WANT TO KNOW!

1. Why does it cost four times as much to run the Province of Alberta as it does to run the Province of Manitoba, three times as much as the Province of Saskatchewan?
2. Why does Saskatchewan, with a budget of \$78,000,000 have a reputation throughout Canada for providing higher standards of care for T.B. and Cancer patients than Alberta, with a budget of \$223,000,000?
3. Why is Manitoba, with a budget of \$58,000,000, able to put electric power into the farmer's yard without cost to the farmer; while in Alberta the farmer pays an average of \$1,000 for installation costs?
4. Why does Alberta have the highest municipal per capita tax rate in the three prairie provinces?
5. What has happened to the BILLION AND A QUARTER Mr. Manning has had to spend since 1945?
6. Why has Alberta the highest municipal debt in the three prairie provinces?

STOP! BEFORE YOU PAINT YOUR HOUSE

READ THIS FORMULA 5 HOUSE PAINT BLISTER-PROOF GUARANTEE

IT'S PRINTED ON EVERY CAN OF THE REVOLUTIONARY PAINT

Through the blending of new and improved oils and pigments, Marshall - Wells' Formula 5 has achieved completeness of paint protection never before known! Five years of rigid home testing combined

with speeded-up weathering tests in the laboratory proved the very big advantage of "Formula 5".

The most severe test for any paint is on new wood. Here "Formula 5" made wood pores to provide its own best undercoat; and offers 100% blister-proof protection, bending so tight that no moisture can make it blister. The same revolutionary quality that makes "Formula 5" blister-proof on new, unpainted wood

also make it the most blister-resistant paint you can apply to previously painted wood. Furthermore, "Formula 5" will not stain from nails or other metal rust and will not discolor from sulfurous fumes even in smog-filled air.

On your new home or repair job use new Marshall - Wells' "Formula 5". Once you use its sharper, clearer white tones and rich colors—you'll never again use a conventional paint.

U.C. Notes

The Sunday School picnic is being held this Saturday, June 11, leaving the Church at 1:30 p.m. Mr. and Mrs. A. Rasmussen will again play hosts to the picnic at their farm. The Sunday School will continue to meet each Sunday until June 26, after which sessions will be discontinued for the summer.

The Sacrament of the Lord's Supper and the Reception of new members on profession of faith 18, C.G.I.T. girls 12 years and up, by transfer, are being planned for Sunday morning, June 19.

Rev. W.D. Race will preach his 25th service on Sunday, June 26, and leave a day or two later for his new work in Edmonton. His services will be held in July, and Rev. Chas. C. Armstrong will commence his ministry with Morning Worship only on Sunday, August 7.

Boys and girls interested in

Surprise Lake Camp may secure registration forms from leaders of Junior C.G.I.T., Explorers or Tyms, or from Mr. Race. Completed registrations are to be turned in to Mrs. Fergus Craig, Box 472, Edson, for all camps. The fee for C.G.I.T. Camp is \$15; for all other camps \$11. Dates are as follows: Senior Boys (12 years and up), July 4 - 11; Junior Boys (10 to 11 years), July 11-18; C.G.I.T. girls (12 years and up), July 18-27; Junior Boys (10 to 11 years), July 27-Aug. 3.

Heintz Mr. Race is anxious to hear from volunteer workers who can donate help, put the physical arrangements in order, and from those who can donate lumber or cash. Year by year the facilities improve, through the widespread co-operation generously given.

Curling Bingo Nets \$261.00

The Edson Curling Club bingo which was held in the Legion Memorial Centre on May 24 netted \$261.00 for the general building and repair fund of the Edson Curling Club.

Receipts
220 \$2 tickets 478.00
Door Sales at \$2 348.00
Extra cards at \$1 180.00
From Bank 500.00

Edson Motor Holds Picnic

The Sunday weather was very co-operative for the Edson Motor picnic, which is held every year for employees and employees' families.

The scores of people, young, old and in-between gathered about 1:30 at Roy Brown's farm to spend an afternoon of fun and games and to enjoy the food and refreshments provided by the management of the Garage.

After an afternoon of soaking up sunshine and enjoying the different activities the gathering broke up early in the evening as the different families collected their weary kids and departed for home.

E.A.A. To Hold Theatre Bingo In The Nova

Usually when a bingo is given a certain name, such as car bingo, bridge bingo, TV bingo, etc., it means that the sponsoring organization is giving away a car, frig or TV set as the grand prize of the evening.

The E.A.A. Theatre Bingo does not, therefore, mean all the same thing. What it does mean is that on Tuesday, June 14 you will be able to relax in the comfortable seats of the Nova Theatre while you have a chance to win, among other things, a checker-field suite, a kitchen suite or a lay-boy chair.

These are only three on the list of prizes which make up a total cash value of \$600.00. The prizes will be on display in the Nova Theatre for a few days before the bingo.

Following the bingo, patron will be able to relax while watching a show, the price of which is included in the \$2.00 ticket. Tickets may be obtained from members of the E.A.A. Get yours early to avoid disappointment as there are 550 tickets only.

4:00 p.m. — Holy Communion
The feast of Corpus Christi (Body of Christ) falls on the Thursday after Trinity Sunday. By this festival, Holy Church desires to emphasize the fact that the Eucharist (in which Christ gives us His life) is the Christian worship; it is the Christian worship because Christ gave it to

us and commanded "Do this." After our Lord Jesus Christ's resurrection, each time He met with the disciples they recognized Him in "breaking of bread." After His ascension into Heaven, the disciples continued to meet Him in this way. For almost 1,800 years Christians were united in this service. It is the Lord's own service for the Lord's people.

Other services, good as they may be, have no rank with the Eucharist—they are man-devised; this is God's work.

Naturally, the Christian expects to be at the Eucharist; it is his right, his privilege and his duty. Here, he meets his Lord and friend, receives the Life of God, and goes forth to take that Life into the world. This Sacrament is not a special part of our religion, it is our religion, the very core and centre of the Gospel. Here Christ comes to us (as at Bethlehem), here He offers Himself for us (as at Calvary), here He makes us partakers of His everlasting Life.

If you want quick results try a chemist.

us and commanded "Do this." After our Lord Jesus Christ's resurrection, each time He met with the disciples they recognized Him in "breaking of bread." After His ascension into Heaven, the disciples continued to meet Him in this way. For almost 1,800 years Christians were united in this service. It is the Lord's own service for the Lord's people.

Mr. and Mrs. Joe Wynne and family were at Drayton Valley on Sunday.

Mr. H. Alfoller Sr. took a bus load of neighbours to Jasper on Sunday.

Mr. E. Jankow left for Killam, B.C. to see her husband who is working there.

Notice Martin Thomas is home again.

P. Olson left for Estevan to do some building.

Bert Lindstrom left for B.C. on Friday.

Mr. and Mrs. Gansel's son was visiting them on Tuesday.

Trail Notes

Mr. and Mrs. H. Alfoller Jr. motored to Jasper on Sunday in their newly painted car. It sure looks nice.

On the sick list this week is Linda Yendall.

Mr. and Mrs. S. Sorenson of Edmonton stopped in to visit his aunt and uncle, the Wetters. They are motoring to Jasper, and Banff and will return by way of Calgary.

Mr. and Mrs. Joe Wynne and family were at Drayton Valley on Sunday.

Mr. A. Koloski accompanied her husband to Calgary for a few days.

Mr. H. Alfoller Sr. took a bus load of neighbours to Jasper on Sunday.

Mr. E. Jankow left for Killam, B.C. to see her husband who is working there.

Notice Martin Thomas is home again.

P. Olson left for Estevan to do some building.

Bert Lindstrom left for B.C. on Friday.

Mr. and Mrs. Gansel's son was visiting them on Tuesday.

June Bride Showered

Mrs. Franklin Clarke entertained on Wednesday of this week when she was hostess at a kitchen shower in honor of Miss Lorraine Ahlf whose marriage takes place this Saturday.

Each guest provided a recipe with her gift as a shower card and the gifts and recipes were varied and interesting.

The evening concluded with a visit over the coffee cups.

Mrs. Jack Woywika left last Saturday for Vancouver where she will spend two weeks visiting friends. While there she will attend daughter Lorna's graduation from the University of B.C.

Rockets Clobber Kinsmen In Jubilee Day Baseball

In the only game of the day at Edson's Memorial Park, a few Rockets with Dick Bohled the main game was held between the Edson Skyline Rockets and the Edson Kinsmen Club.

The Rockets went out onto the diamond in the first inning with the intent to win after a heavy set back by the Kinsmen last Sunday.

The Rockets' batting power was good, even Hugh Ashwell, not a heavy hitter, came up with a big surprise for all and clobbered a three bagger.

Umpires officiating were E. Shand at the plate and B. Smith on base.

Old Gary Dwyer is home in Edson on fourteen days leave from HMCS "Naden" at Esquimalt, B.C.

Mr. and Mrs. Roy Andree, who from the C.N.R. here, are visiting have been living at the Crest at the home of their son, Mr. Ron Andree, Mr. Andree's retirement Andree and family.

IS THIS WHAT THE PEOPLE WANT?

An Editorial in The Calgary Alberta of June 3rd

"Every Social Credit cabinet minister is a crook," is the theme of most of the candidates of all three opposition parties. "They have been dipping out of the public treasury long enough," they say. "It's time you elected us."

One Alberta newspaper which indulged in such malice and unfounded gossip quickly issued a public, complete and humble apology to the minister affected. Now we see the Calgary Herald has printed a picture of the "country home" of the same minister, Mr. Maynard, implying he has more than one. Such inferential abuse is even worse than the open kind, because it is more cowardly.

What about the insinuation in Time magazine that the late Mr. Ure made a \$300,000 fortune out of five years as minister of agriculture? The additional detail is being added by Conservatives, Liberals and CCFers that the treasury branch was heavily involved in the financing of his farm.

Of course no proof is offered, but everyone "knows" that the charges are perfectly true. "I've got it from someone who is right on the inside." Mr. Ure entered the cabinet as a public service, at a salary of half what he had been earning. Then he acquired a farm in the usual manner, partly out of his own accumulated savings, with a substantial loan from an Edmonton branch of a chartered bank, and the balance carried by the party from whom he bought.

After exceptional service in the cabinet and proving himself one of the best ministers this province has ever had, he was killed in an automobile accident. The farm, livestock and equipment had to be sold to pay off the debts. The net value of the estate accruing to his widow and children is very

small indeed, the most authoritative report putting it at \$19,000. They would have been much better off financially at this time if he had never gone into the cabinet.

This is all very private business—or should be. The only reason we bring it up is to try to show that the almy and unsupported accusation of corruption carried in a prominent magazine and doubtless emanating from an Alberta newspaper office is completely untrue. And yet it is being repeated as fact by unscrupulous politicians in this campaign. Similar tactics are being used to try to destroy the reputations of other cabinet ministers. But never are facts presented. Always it's a report heard "from the best authority," always gossip, always something that can't be nailed down.

If the above statement on the Ure case is not accepted, if it does not answer those who are shyly seeking to discredit his good name, then The Alberta is prepared to go right to Mrs. Ure and ask her for the exact figures.

But why should it be necessary? Why should this newspaper or the widow or anyone else be expected to try to establish the honesty and integrity of anyone in the face of totally unsubstantiated evil rumors being circulated for political purposes? Are there no principles left in politics? Is the slaughtering of the character of persons living and dead, smart politics? Is that what the people demand? Is that how they decide their vote?

The Alberta has only respect for those who oppose the government on mature and responsible grounds of policy. But there is no word for those who would climb into power by maliciously assailing the integrity of their opponents.

BINGO. JUNE 14 - NOVA THEATRE

Teachers Answer Questions At Home & School

The Edson Home and School Association held their regular meeting Monday, May 25 in the Auditorium, when with Mr. Rod Gregg as commentator, a panel discussion, consisting of questions prepared by the principals and teachers of both schools took place.

The questions were thoroughly answered by Mr. Mead, Mrs. Robt. teachers; Mr. Johnson, Mrs. MacRae, Mrs. Milligan, for the

parents. Members and guests also took part in the discussion. Many interesting points, which will assist parents and teachers in the education of their children, at home and in the school were brought out at this meeting.

A hearty vote of thanks is extended to Mr. Rod Gregg and the members of the panel for their co-operation in making this meeting a success.

Election of officers is on the agenda for the last meeting of the year, which will be held Wednesday, June 22nd, at 8 p.m. in the Auditorium. The program for this meeting will be announced later.

Carrot Creek Bits Peers F.U.A. Hold Field Day

The Bingo at the hall last Saturday night wound up with a bang. A local boy, Mr. Fred Perrin Jr. winning the jackpot of \$125.00. This winds up the Bingo for the summer, and the Hall Committee would like to thank all those who helped to make this series a success.

Miss Helen Chalk of Winfield, spent the weekend as a guest of Bernie and Betty Durnin.

Mr. Sidney Smith was an Edmonville visitor last week on business.

Carrot Creek members of the Niton Central Clothing Club (4-H) made the trip to Edmonton and return by special bus to attend the Club Rally held in the 4-H rooms at the Rialto Pavilion. They all report having had a swell time there. They also took in the Circus at the Arena and said it was fine.

Miss Langham, of Edson, was the guest of Mr. and Mrs. Chas. Batey over the weekend.

BOYS OUTNUMBER GIRLS TWO TO ONE

Boys outnumbered the girls in this year's graduating class by two to one as this photo by Grant at the graduation exercises dramatically shows. Left to right they are: (back row): Paul Kindick, Lyall Kertman, Anne Lovin, Joy Rokavina, Robert Bolton, Emil Berg, Laurence Lovickoff, Leo Knebel, Alton Sheppard, Rex Marshall; (center): Florence Pella, Evelyn Telpash, Leigh Dakin, Jean Mah.

One of the largest grade twelve graduating classes in the history of Edson High School was honored on Thursday and Friday nights of last week. As pointed out by the Principal, M. D. Meade, this class was unique in that the boys outnumbered the girls two to one, a phenomenon rarely witnessed in Edson or any other town in Alberta.

The banquet which opened the functions was attended by the graduates, their parents, members of the school staff, the town council, the local and divisional school boards, the donors of scholarships, and other honored guests. Toastmaster for the occasion was Keith Booker of last year's graduating class.

Toast to the Queen was proposed by Superintendent of the Edson School Division, Mr. J. Finlay. Principal Meade offered the toast to the graduates, with Rex Marshall, president of the Students' Union, replying. Toast to the staffs of the elementary and high schools was proposed by Alton Sheppard. Mrs. Dominic Farrell replied.

Both Mr. Meade and Mrs. Farrell pointed out what an outstanding class this has been all through junior and senior high school. They predicted glowing successes for its members in later life.

At the exercises which followed the banquet in the high school auditorium, Mr. William Nigro brought congratulations from Mayor Burleigh and the members of the town council. Mr. William Kankewitt expressed greetings from the Edson School Division, while Mr. Finlay spoke for the Department of Education. Leo Knebel gave the Class History addressing to the school board and the reporters the gratitude of this first graduating class to have had the privilege of taking all its junior and senior high school work in Edson's very modern high school.

Annie Lovin was class valedictorian. Following her address Principal Meade presented her with a subscription to the Reader's Digest, a present from the editors of that publication.

Beryl Wales, accompanied by her father and Mrs. Bolton, played a violin solo. The Reverend H. Buckner rendered a piano solo. Joanne Radcliffe recited "The Outpost."

On Friday night over three hundred people attended the formal dance for which music was supplied by Don Repka's orchestra from Edmonton. For the occasion the auditorium was decorated in the school colors of blue and white with the addition of plaques symbolic of Alberta's Golden Jubilee—M. D. M.

A CHAMP ACCEPTS A NEW CHALLENGE

Members of Carson Field's championship curling rink were on hand at the door of the Edson United Church, complete with brooms to form an arch for the newly married couple prominent in curling circles in

Edson. Carson's bride, Miss Lenore Ahl is a first-type operator with The Leader and is a member of note in her own right, having shipped winning teams in district bonspiel in recent years.

On the left side are George Sembrsky and Jack Weywika while Albert Hervey and Bentley Field (Carson's uncle and brother) hold the brooms on the right.

—Photo by Grant

Pearl Cleaners Entertain 300 Guests At Open House

Common remark by many of the 300 people who dropped into the modern new Pearl Cleaners plant on 2nd Avenue West on Saturday was "we didn't know it took so much machinery to dry clean clothes."

The visitors, who were served coffee and doughnuts by the Royal Purple, were struck by the modern fireproof building with the new machinery and the light airy working conditions of the new plant.

Many compliments were received on the structure of the building and also on the fact that there was to be a pick-up and delivery service. Highlight of the afternoon was the receipt of a telegram from the Edson Dry Cleaners congratulating the new business in Edson.

RAISE PRIZES

Three door prizes were won as follows:
First prize of \$10 worth of dry cleaning went to Mr. S. Dutka.

Second prize of \$5 worth of dry cleaning went to Miss Leigh De la.

And first customer on the books Mrs. E. Graham, was awarded her first order free.

NEW METHOD

The building, which is built in the new shavings board panel construction with five inches of concrete between the two-inch slabs of insulation, gives the strength combined with utility for a modern industrial type of building.

A large window and modern door is the first sight to greet the visitor, who comes up to the front counter. Then on visiting day they were ushered into the work room where one is impressed by the cleaning and pressing machines in the main room complete with a modern vapor cabinet for taking the first lines off the clothes.

The motor room is separate from the rest of the building to Cent. on page 8

Anniversary Co-incides With Jubilee Year

A well known and respected Edson couple have the good fortune of having their 50th wedding anniversary fall on the jubilee year of Alberta.

The Howitts also had the novelty of having two granddaughters choose last Saturday for their wedding day. Granddaughter Gwen Lohmeyer was married in St. Catherine's Anglican Church here on Saturday, and another granddaughter in Ontario picked Saturday for her big day.

At the reception in the Parish Hall on Saturday evening the Hon. Norman Williams proposed the toast to the couple and Mayor Stanley Burleigh presented Mr. and Mrs. Howitt with a purse of money as a token of the esteem in which they are held here.

The Howitts were married in Cremona, Ontario, in 1908.

Bright Spot: Sewer District BEFORE paying: Congrats Council!

THE NOISEMAKERS

The two riveters above caught at their noisy work have now completed their job for the new Federal Building and Messrs Collins and Son are busy away putting the steel framework before the masonry is put on by Messrs. Knotman and Son who have the sub-contract for the brick and tile work.

Photo by Booker

Returning Officer Takes Official Nomination Of Party Candidates

Nominations closed at 2:00 p.m. June 15 for the election called for the Province on June 29 and the following candidates were officially accepted by Returning Officer Harold Chapman.

Conservative party candidate is Mr. Thomas Edgar Booker, with Mr. James Arthur Ball as his official agent.

Liberal party candidate is Mr. William A. Switzer with Mrs. Elizabeth Trapp as his agent.

Social Credit party candidate is the Hon. Norman A. Willmore, with Mr. Arthur W. Leonard as his agent.

This makes a three-way fight necessary in the Edson Constituency with the Alberta system of voting requiring the marking of the figure 1 for a voter's first choice and then 2 and 3 and so on for the voter's preference for the other candidates.

To be eligible to vote a person must be a Canadian citizen, be of the full age of 19 years, be a resident in the Province for twelve months prior to the election and be two months in the constituency where the voter was last a resident.

Proclamations of polling places have been posted in post offices and other public places throughout the constituency along with the voters lists of those eligible to vote.

If a voter's name is not on the list for the place where he has been resident for two months or more, then the voter must look on the list for the enumerator's name and have his or her name entered on the list by the enumerator. Voters should do this right away.

Remember use the figure 1, 2 and 3, not an X. Your ballot will not be spoiled if you "plump", but you will not have exercised your full democratic choice.

Encourage The Band

We watched the Jasper Band parade up the Main Stem on Thursday's Jubilee Day and wondered why Edson couldn't do as well.

Bandmaster Rudy Kendall tells us that all that is needed is one more bass and one more trumpet player before the band is more or less completed although the boys have been practicing short handed up to now.

What struck us as being pretty wonderful about the Jasper Band was the large number of women and young people as well as men in the band. What is fun for one is fun for another and the practices are usually more fun than the actual concert. So why don't a few women join the Edson Band too. Surely there are women in Edson who can play some of these instruments and play them well too.

But the Jasper Band didn't grow to its present size only because of the number of its recruits. As well as this it had to have the financial and moral support of a large number of public spirited citizens. We think Edson is capable of doing as well.

Letters to the Editor

HOW IS THE TIME

Dear Editor:

Now is the time for all good men to come to the aid of the Party. But what is a party? It is an organization that has to put up good men for election, who are friends, and maybe want to school together, and ask the voters to elect them, these men then—before the election—tell the public why they themselves should be elected, and why the others should not.

They call each other names, question their integrity, and honesty, and if elected, will they keep their promises to the electors, or will the Party tell them what to do. Anyway, one nice thing about it, is that after the election they will still be friends.

I have been reading the election news in the papers. I read that when the treasury Branch act was brought up for consideration of the different amendments to the act, the opposition was not informed that a paragraph was to be inserted, or had been inserted, to make it legal for members to borrow money from the treasury branches. So, Harper Province made that a question, Premier Manning made it an issue for election.

There is more than a little reason to suspect that Mr. Manning welcomed almost any excuse to call an election at least one year sooner than necessary. Social Credit in Alberta seems to be falling apart at the seams. It has lost the religious fervor heaped by Mr. Abernethy, and the fine old hymn "O God Our Help in Ages Past", has given away to the worship of Mammon.

as exemplified by gas and oil dividends.
 Do you listen to the program "Back to the Bible Hour" the Hon. E. C. Manning, Premier of Alberta, is not an ordained minister in the accepted sense of the word. He is known among his fellow church men in his own Fundamental Baptist group as the "Apostle." An ordained "Reverend" conducts the ordinary church services at the Edmon church, but Mr. Manning himself, the living apostle today of the Social Credit philosophy is actively preaching each Sunday on a nation wide radio broadcast from a theatre in Edmonton.
 I am glad to see the Reverend Edgar Bailey, pastor of the First Baptist Church, carrying the Liberal banner, and letting Alberts of all religious and political faiths know that no party has a corner on Christianity in Alberta. Shamus

THE PULP MILL

Dear Editor: In all the excitement of a pulp mill being built in the Edson area, I wonder how many in this district realize how much money the lumber industry brings into this area every year.
 There is approximately 100 million feet of lumber taken out every year. The present price of rough lumber in Edmonton is \$65 per M. Of this the government gets \$5.00 per M stumpage and \$15.00 per M compensation or \$75.00 per M total, leaving \$45.00 per M for logging and trucking. This amounts to 7.50 x 100,000 leaving \$4,750,000 for wages.

Coming Events

EVERY SATURDAY NIGHT — Bingo in the Legion Hall starting at 8:30. Jackpot this week is \$50.

SATURDAY, JUNE 18 — Keep the date wide open for the Provincial Golden Jubilee Square Dance in the School Auditorium 11 p.m. Internationally known radio and recording star, Arlie Kronsberger of Los Angeles will be here to do the calling.

SATURDAY, JUNE 18 — C.W.I. Ladies will hold a Bake Sale from 2 to 4 in Gerwin's Drug Store.

WEDNESDAY — JUNE 23 — Regular Home and School meeting in the school auditorium. You are asked to note the new time of 8:30 when the meeting will start.

The poor man married a rich woman. Immediately she began constant reminders that her money was paid for everything they enjoyed. Day after day, week after week the drubbing went on. One evening when the husband came home with a new suit of clothes, she reminded him again, "If it wasn't for my money, that suit wouldn't be here."

"I know," the exasperated husband replied, "and if it wasn't for your money, I wouldn't be here."

A blasing gun battle had broken up the political meeting in a mountain community notorious for feuds and fights.

"What started the shooting?" asked a visitor from the outside. "Feller made a motion that was out of order," a grey-beard told him.

"Well, it was outrageous and undemocratic to start trouble over that," the outsider fumed. "What was the motion?"

"Toward his pocket," the oldster drawled.

Husband And Wife Team

The top picture shows the former Hattendorf girl, Dorothy Lawson, and her husband George who graduated together in agriculture at the University of Alberta this spring. The bottom picture shows Dr. E. P. Scarlett, B.A., P.R.C.P., Chancellor of the University, presenting Dorothy with her degree.

A Hattendorf girl, Mrs. Doris service officer and with a year's study, daughter of Mr. and Mrs. W. H. Lawson, took something of a record at the recent commencement exercises at the University of Alberta on May 29 when she received her B.Sc. in Agriculture with her husband, a fellow classmate.

Between the two of us we should know something about agriculture," say Dorothy and George, her husband. Both took two years of a general introductory course and then a two-year major—Dorothy in plant genetics and horticulture; George in animal husbandry and economics.

"But in the last two years we have had only one class together."

Although they would like to practice in Alberta — "I would have no as yet"—they left for Ottawa at the end of the last month. Hattendorf George has been posted with the department way for the province to treat the settlers.

As a point of interest, gas taxes amount to over \$100,000 a year, of which we receive back \$50,000 for local road work in Improvement District No. 26. Walter Haight

ALBERTA SCENE

By KEN MASON

Edmonton—The June 20 provincial election is shaping up into quite a battle, with all major political parties showing more strength in number of candidates than they have in other recent campaigns.

Unofficial tabulations last week indicated that it will be at least a two-way battle for everyone of the province's 50 constituencies and a legislative body.

So long as the candidates file their nomination papers before the deadline on nomination day—Wednesday of this week—it appears likely that there will be no members elected by acclamation. At the time of writing, at least one candidate had been nominated in each of the ridings held by members of Premier Manning's cabinet in the last legislature. In

out.
 Hon. L. C. Halmrast, minister of agriculture, is running for re-election in his riding of Warner in the south, and is being opposed by John L. Evans, a Liberal.

Hon. C. E. Gerhart, provincial secretary-treasurer, is being opposed in the Acadia-Coronation riding by Leonard Reiman (CCF) and Leo Sims (L).

A two-way battle appears to be developing in the southern riding of Cardston, where the Liberals have named Foster Webster to run against Hon. E. W. Hoffman, minister of municipal affairs and the incumbent addition to the cabinet. At last reports, none of the other parties planned to contest the seat.

The same applies to the Hand Hills constituency, where Hon. Dr. W. W. Cross, minister of health, is being opposed by Liberal candidate W. Stainton. In the Okotoks-High River riding, the Conservatives and Liberals have united to run Ross Ellis as an independent against Hon. Frank Coney, minister of lands and for-

Dr. Aulds Barclay (L) and Anton Loucausk of the Labor-Progressive (Communist) party in Drumheller riding.

The minister of industries and labor, Hon. Norman A. Williamson, will contest Edmon riding against two opposition nominees — Conservative Thomas Seaboyer, and Liberal William Seaboyer.

Martin Peltola (CCF) and Gen. Karl Karlson (CCF) are opposing Hon. R. D. Jorgenson, minister of welfare, in Pembina riding while Clyde Steuffer (L) and Bert Bear (CCF) are running against Hon. A. J. Hooke, minister of public works,

in Rocky Mountain House.

One of the more interesting election battles will be in St. Albert riding, where Hon. Lucien Maynard, is seeking re-election. He is opposed by Arthur Souter, the Liberal candidate, and Joseph Dussault, independent with CCF backing.

In the 1952 election, Souter and Dussault ran against Maynard in the same riding and gave him such strong opposition that during the counting it looked as if he might not be elected. A major development in the election campaign last week was

Cost from page 5
Premier Manning's announcement that he plans to introduce legislation which would prohibit members of the legislature from borrowing money from provincial treasury branches.

The premier said he will ask the new legislature to amend the present statutes to make it impossible for M.L.A.'s to obtain treasury branch loans. Disbursing with treasury branches become an election issue during the last session of the house when Liberal leader J. Stanger Brown asserted that members

disqualified them selves by doing business with the branches.
At the time, the premier labelled the suggestion a petty technicality and asked why the opposition was questioning a privilege which has been going on for 17 years. Now, he says that in the light of the opposition's "misrepresentation" of the treasury branch services, "the only proper thing to do is make it impossible for any such question to arise again."

All of which adds to the fun by giving the opposition more ammunition. They say that if it was only a technicality, and if the

Mrs. D. M. McKenzie stopped off on her way from the Coast to Edmonton to see her brother, Mr. Truman Williamson who is in the University hospital in the city. During her brief visit here she stayed at the home of Mr. and Mrs. Chas Gager.

A man was buying a doll for his little girl's birthday.
"Here's a lovely doll," cooed the sales girl. "You say her down and she closes her eyes just like a real baby."
The man stood a moment with tongue in cheek, then blurted, "I guess, lady, you've never had a real baby."

O.O.R.P. Hold
Installation

District Deputy Honored Royal Lady Jane Lee of Merceul was present at the regular meeting of Edson Lodge O.O.R.P. No. 51 on Monday when she installed the officers for the coming year.

Past D.D.H.R.I. Belack of Edson No. 51 acted as assistant installing officer and the new slate of officers is as follows: Honored Royal Lady Berglund; Past H.R.I.

Carlson; Asst. R.L. Dunphy; L. Lady Thrift; L. Lady Shearer; Sev. Lady Pattison; Treas., Lady Garvie; Conductress Lady MacDonald; Chaplain, Lady Buck; Pinnist, Lady Callaghan; Historian, Lady Gavin; I. G. Lady Schur; O. G. Lady Kilpatrick.

Trustees are Ladon Switzer, McLeod and Profitt.

The members of Edson O.O.R.P. No. 51 are holding their annual tag day for the "Save the Children" fund on Saturday, June 15.

Booker Condemns Pulp Mill
As 'Unfair To Little Men'

Speaking before an attentive meeting in Pears on Tuesday night, Tom Booker, Conservative candidate for this riding, took in detail with the agreement between North West Pulp and Pover Co. and the Provincial Government. Mr. Booker said, "That this agreement is directly opposed

to the Conservative principle of Free Enterprise, inasmuch as it gave the company the power to limit the operations of smaller operators by means of road control agreements."

He then stated, "No article in this agreement demands that reforestation be carried out by the company. Section 24 only states that the company will discuss the matter with forestry officials. Under the agreement only a mature tree from which three sixteen foot logs with the top diameter being eight inches, will be classed as a timber tree. All else being pulped. "This means less than two per cent of trees on lease."

Mr. Booker, speaking on Treasury Branch transactions said, "That some of the transactions carried out by the Treasury Branches, or their offshoots, the marketing services, seem to bear a strong resemblance to Santa Claus offerings. In Edmonton the Marketing Services loaned \$50,000 to Anchor Wire Products on a stated security of \$10,000. Continuing, Mr. Booker expressed curiosity regarding the security offered by other borrowers of large amounts and challenged the Social Credit government to answer the question, "What caused the two million dollar operating loss of the Treasury Branches. Why has the late Social Credit government failed to take the advice of its own Provincial Auditor that the reserve for bad debts has for years been hopelessly inadequate?"

Pearl Cleaners

prevent any chance of vapor being ignited by an electrical spark. In this connection all the wiring is of the "vapor proof" type throughout the building as well.

FLASH PROOF

The actual cleaning is done in a washroom that is completely equipped with the latest in dry cleaning equipment that draws its cleaning fluid from an outside tank and a series of pipes and valves provide instant draining of the washing machines in case of need.

An efficient boiler room with coal stoker and high pressure steam completes the departments of the modern 40x60 building.

The plant is owned and operated by Mr. and Mrs. Nick Mazzur who have had many years of experience in the dry cleaning business, having operated as Merceul Dry Cleaners on the Coal Branch.

Field Construction contributed carpentry work to the building; Mahon Electric were the electrical and plumbing contractors and John Trypal and firm were in charge of the cement and plaster work.

The building itself is the result of many years of planning on the part of Mr. Mazzur and his wife.

steady as she goes!

UP THE
HILLS

Chevrolet's new high compression engines—V8 or 6 cylinder—give the kind of responsiveness that makes any hill seem small. They're economical in the low priced field.

AROUND
THE
CURVES

Chevrolet's new, low centre of gravity, new, wider-spaced rear springs, and new tubular rear axle make it a balanced road-hugging ride that puts Chevrolet stability in the open car class.

No Car in the Low-Priced Field
Equals Chevrolet for

Steadiness, Stability and Smoothness

There's an easy way to prove the above statement. It doesn't cost a cent and it's lots of fun. Take a demonstration drive in a Chevrolet. You'll find that most of your old ideas about low-cost motoring will be completely changed. If you're curious, your salesman will tell you about the many, many new features that make Chevrolet's ride so superior. But without being told a thing, you will know instantly that Chevrolet has given a tremendous break to the man who wants "fun of car" at a low, low price. Call your local dealer today. Tell him you want to take a "Finance Drive" demonstration in a Chevrolet.

For the swiftest ride of your life, ROAD TEST—STREET TEST—HILL TEST

motoromic Chevrolet

Good shocks rarely reach the driver of the new Chevrolet. New single-piston, self-aligning front suspension smooths the road in front, and longer, more flexible springs cushion bumps at the rear.

Only Chevrolet
offers you the choice of a
V8 or 6
in all models and all sizes

MINIMUM MOTOR HOME
Chevrolet Red Air Sport Coupe

Its relaxing, relaxing way Chevrolet flows along at legal highway speeds is unbelievable in a car that's priced so low. Try it for yourself—"Finance Drive" a Chevrolet today.

EDSON

GREEN ACRES ---

By R. C. BOCKING, District Agriculturist

OUR LAND

"Breaking," or "New Land," is usually thought of as being the best land on the farm, and the land which will produce the best crops. In many parts of the province this is perhaps true, but such is not always the case on the grey wooded soils of our district.

Here, we start with a soil of low productivity, but with proper farming, it can be built up to where it will produce as well as any black soil. This can be done by seeding down your land to clover or alfalfa and grass for hay or pasture for a least three years out of six; by using fertilizers such as ammonium phosphate 16-20 and ammonium sulphate; and by spreading on your fields all the manure that your animals produce. Such methods will do much to double production on many of our farms.

For further information about farming on our grey soil, write or call at my office for a copy of the booklet "Wooded Soils and their Management."

FARM WOMEN'S WEEK

For 25 years, Alberta rural women have had their own Farm Women's Week at the schools of Agriculture. This year, the Vernon school will be holding this program during the week of July 18 to 20.

with lectures and demonstrations on aspects of rural homemaking. The only cost of the week is \$3.50 per day for room and board, and children may be taken along, if you wish to.

If you are interested in attending this program, write to the District Home Economist, 9817 Jasper Avenue, Edmonton, and she will send you full details and an application form.

TREE FOR FARM

In this district, we are quite busy clearing off the trees without thinking of planting more of them. However, as bush is being cleared there should be some provision for shelter belt and roadside planting

of better trees than the native bush provides, both for protection and for beautification of the farmstead. If planted now, they will be of useful size on newer farms, when the bush is cleared away. Many older farms need shelter belts now.

The Department of Agriculture provides trees and shrubs for use in shelter belts on farms, free of cost. If you wish to get some for planting next year, you should plan where they are to go now, and follow that strip this summer, then order the trees from my office next fall.

I will be happy to help plan a shelter belt for you on request.

One Look Enough?

Last Tuesday a deer came out of the bush on the East side of the Memorial Park, stood for a few minutes, then turned around and went back into the bush.

ALBERTA

OWES PROGRESS TO HER PEOPLE!!

As we look about us on this, the 30th Anniversary of Alberta, the growth of our Province is readily apparent. In a scant half century, the population has jumped from a mere 116,000 to 1,084,000.

Many of these Albertans are Canadian born and bred—but many have come from distant lands to build a bright future in this country of promise and opportunity. The skills and knowledge they have brought with them have proved an invaluable contribution to the progress of Alberta.

Today we stand on the threshold of a new era. Looking back, we pause to salute those early pioneers who braved so many obstacles to establish the Province. Looking ahead, we see a happy, united people achieving the goal of even greater progress and prosperity than we enjoy at this time.

This year Alberta is celebrating her Golden Jubilee, and her people are joining together to offer their great faith in the Golden Province of the West.

There is nothing says the scripture that can be compared with God. It is not simply that His outpourings anything that is weighed against Him. It is that nothing can be weighed against Him; it is meaningless even to think of it. We compare two of God's creatures, by asking which has more of God in it; if we compare any of His creatures with God, there is no common measure at all. Yet we are always comparing God with trifles, or putting our own game. Jesus let nothing, not His own human existence, weigh against Him. He sacrificed it. We Christians know that Jesus is God. Jesus has added us to His sacrifice. By His grace we throw ourselves in, to testify that God is all.

Visiting at the Gourley home this week is Mrs. Gourley's aunt, Mrs. A. A. Nelson, of Fort William, Ontario. While here she has been the guest of honor at a family gathering last Monday evening and with members of the Mahon family, made a trip to Jasper on Wednesday to see our famous Rockies.

Corporal and Mrs. George Kilo, RCAF, have been visiting at the home of George's parents, Mr. and Mrs. G. Kilo at Glenwood, enroute to take up flight engineer duties with the RCAF at Comox, B.C.

Fish And Game Trying Pheasant Planting Again

At a recent meeting of the Edson Fish and Game Association, it was decided to procure 100 pheasant chicks to be turned loose in the McLeod Valley and Pease area.

Due to the wet season last year the attempt at hatching eggs did not turn out satisfactorily.

The pheasant fund is still short of its objective and as the chicks have to be fed for nearly six weeks after arrival more funds will be needed.

Any donations would be greatly appreciated and can be left with Sgt. Hoffman at Edson Motors or Elmer AMH at Edson General Supply.

Linden Motors

U.C. Notes

Various picnics have been held lately by church organizations, with everyone rejoicing that none have had to be postponed on account of rain. It was especially gratifying that the large number of the Sunday School picnic went off perfectly in ideal weather. Two school buses and a number of cars transported the children to the Rasmussen farm, where Mr. and Mrs. A. Rasmussen and Mr. and Mrs. Wm. Wilson, Jr., provided gracious hospitality, and everyone had a wonderful time.

The warm weather is making the children look forward to the camps soon to be held at Surprise Lake. Though both Rev. A. J. Norquay and Rev. W. D. Rice are moving this summer to new churches in Edmonton, Mr. Norquay will continue to give active attention to the series of camps as business manager and as director of the Junior Boys' Camp, where Mr. Rice will also be a leader.

Rev. R. C. Gates of Jasper will direct the Old Boys' Camp, while Mrs. Perreus Craig of Edson directs both the Junior Girls and C.G.I.T. Camps. Mrs. Craig (P.O. Box 482, Edson) is also the registrar for the camps. Registration forms may be had from leaders of Junior C.G.I.T. Explorers, or Tyron, or from Mr. Rice, and should be turned in to Mrs. Craig as soon as possible, as accommodation is limited.

Starting July 4, there will be Senior Boys' Camp, then Junior Girls, then seven days, except the C.G.I.T., which is for six days. If you are between nine and sixteen years of age, require new various pieces of volunteer work are needed to get everything in readiness for the youngsters. Mr. Rice will be glad to hear from those who can help Sunday School and Evening Worship will "close down" for the summer after June 30, which is also Mr. Rice's farewell Sunday. Indeed, during July no services at all will be held. Rev. Chas. C. Armstrong will commence his ministry with Morning Worship only on Sunday, August 7.

Mahaska W. L. Hold Meeting

The monthly meeting of the Mahaska W.L. was held at the home of Mrs. J. Haddock with vice-president Mrs. H. Haddock in the chair.

It was decided to turn the money made from a rug over to the Home and School immediately instead of waiting to raffie the rug which is to be raffied as soon as possible.

The Mahaska W.L. was honored with a visit from Mrs. Kiehlbauch and her sister, both of Carroll Creek.

"Where EVERYBODY Eats"

BANQUETS and PARTIES CATERED FOR

Snacks and Specialties Delivered if arranged for before 11:00 p.m.

gave a very nice reading titled "Just an ordinary member" which explained how a club depended upon and couldn't do without its members each of who must take part in an active and intelligent part to make a club successful.

Mrs. Kiehlbauch told the W.L. that the Hatfield and Carroll Creek W.L.'s are holding the Nicon school bus take them to the conference at Jasper, June 11, and asked the Mahaska W.L. to meet them at the highway and join them making expenses much less in which all agreed.

The meeting was adjourned with the next meeting to be held at the home of Miss Beth Coan.

Carroll Creek Bits

Mike Danluk and Trudy News this week is short and sweet, like an Irishman's kiss. Quite a number of the folks in our district made the pilgrimage to Mackay, and also to McLeod Valley last week to take in the Sports Day doings, and brought home some nice memories. (also some real nice new fans.)

We had a letter from Grant Vanhorn who is in the University Hospital in Edmonton. He reports that he is improving every day, and expects to be back home in a couple of weeks.

Chas. D. Betsy, who is now employed in Edmonton, was home for the weekend, accompanied by Mrs. D. M. Cuslon.

Mr. and Mrs. Lew Walmough and Mrs. H. Bartman, of Hanna, Alberta, have returned home after a short visit with daughters Mrs. P. J. Tanton, Mrs. G. Kilo and Mrs. D. M. Cuslon.

Mr. Manning's Long-Playing Record

An Editorial in The Calgary Herald of June 10th

If it sounds familiar to Alberta voters when Premier E. C. Manning says it is because of "unfair political" criticism that he is abandoning the morally indefensible practice of treasury branch loans to members of the Legislature, there's a reason. Social Credit has been singing that song for years. Let's look at the record.

In 1948, after the royal commission investigated child welfare conditions in this province, the CCF asked that the recommendations in the report be implemented. "Childish and ridiculous," said the Premier. To the Liberals, who sought to bring about disrepute of the report by a recommendation that The Herald and the IOBE be commended for bringing about the commission inquiry, he snapped "cheap political propaganda."

In that same year, when CCF leader Elmer Roper twitted the government for straying from original Social Credit policies, the reply was "small and cheap."

Mr. Roper really caused the government to extend its publicity in 1949 by a clipping service the government was providing for members, press comments and at a cost of a mere \$50,000. It was said Mr. Roper, a "flagrant misuse of public funds." The government's concern with public funds was summed up by the Premier with dignity and logic, replied, "underhanded, small, cheap, childish, insidious."

Also in 1949, opposition attacks on government oil policy were termed "purley negative and destructive."

In 1950 the opposition criticized the County Act, asked for a hearing from interested municipal bodies and also asked if they could be told what districts were to be used for the county experiment. Hon. C. E. Gerhart declared it was "not in the public interest" (an argument the government used in refusing to announce publicly details on oil leases and public works contracts) and Mr. Manning took the stand that the opposition criticism was for "propaganda purposes." In 1952 when J. Harper Frowse accused the government of "poor judgment" in what he termed the \$338,000 subsidy to horse racing, the Premier again answered "scandal mongering and gutter politics."

In 1954 when Mr. Frowse alleged that the gas gathering system proposed by the province gave protection to the producer but none to the Alberta consumer, Mr. Manning had a Social Credit answer, "lowest, cheapest type of political maneuvering." In 1955, discussing public expenditure on the land deals, the reply was, of course, "character assassin" and "lowest form of gutter politics," this time aimed at Calgary's member Paul Brocken.

The tone of Mr. Manning's latest effort at defence is indeed familiar. It has been heard before, and the needle is scratching on the rough spots of his record.

You Can Change the Record on June 29th

Contributors To Memorial Fund

The following is a list of contributors to the Memorial Fund for the late Mr. Wm. H. McKewen.

Frud and Elsie Reynolds, Alf, Nellie and Lilian Amundsen, Mr. and Mrs. E. Harrison, Mr. and Mrs. F. Mammel, Mr. and Mrs. J. Pyper Sr., Mr. and Mrs. Chas. Gager, Mr. and Mrs. W. Steward, Mr. and Mrs. Bert Pettigrew, Mr. and Mrs. A. W. Leonard Edith and Harry Wilson, Mr. and Mrs. G. Rohr.

Trail News

Sandra Johnston had her little friends in after school for her birthday party last week.

Sorry to hear that Mrs. Hans Affolter Jr. was in the hospital.

Alec Kolesko is now working in Edmon.

Mrs. M. Johnston's sister was visiting her last week.

P. Olson was home over the weekend.

Mr. and Mrs. P. Weisner and Alf, accompanied by Mrs. C. Larson, motored to Edmonton on Tuesday.

District Girl Wed In Edmonton

On June 3rd, in a late afternoon service at All Saints Cathedral Chapel, Miss Lucille Ramisch, second daughter of Mr. and Mrs. O. Ramisch of Edmon, became the bride of Mr. Andrew Thompson Burdon of Edmonton, son of Mr. and Mrs. Burdon of Montreal.

Lighted tapers stood on the altar amid a profusion of pink and white magnolias where Dean Sparling officiated at the double-ring ceremony.

The bride, given in marriage by her father, chose an elegant lilac suit with blue accessories

and a single strand of pearls as her only jewelry. She carried a white prayer book garlanded with sweetheart roses and simple anemone held in place by white ribbon streamers.

The bride was attended by Mrs. Thomas Kingsbury as matron of honor. She wore a charcoal, white flecked suit with blue accessories and carried a bouquet of pink carnations and lilies of the valley.

Mrs. Thomas Kingsbury was best man.

Mrs. O. Ramisch, mother of the bride, chose a navy blue linen suit with white accessories and a corsage of tea roses.

Following the ceremony the reception (a wedding gift) for twenty-two guests was held in a private suite in the MacDonald Hotel. A two-tiered wedding cake centred the bridal table.

Mr. Kevin McKinley proposed the toast to the bride and the groom responded.

On their return from their honeymoon to Banff and points south, Mr. and Mrs. Andrew Burdon will reside in Edmonton.

Mr. and Mrs. Dave Hugo and baby are visiting at the home of Mrs. Hugo's sister and family, Mr. and Mrs. Charles Sparks.

(In the Dutch Mill Building)

OPEN TILL MIDNIGHT INCLUDING SUNDAY

THEY ASKED FOR IT

Liberal Question No. 1

"Why does it cost four times as much to run the Province of Alberta as it does to run the Province of Manitoba, three times as much as the Province of Saskatchewan?"

ANSWER: It does not, the figures given are incorrect and apparently, deliberately misleading. The actual estimated expenditure for the three provinces for 1955-56 as given in the respective budget speeches, are as follows:

Alberta \$170,965,000
Alberta has also provided \$45,000,000 for loans to municipalities out of accumulated surpluses.

Saskatchewan \$122,785,000
Including debt incurred (\$25,000,000) for Power and Telephones

Manitoba \$78,518,000
Including debt incurred (\$30,000,000) for Capital expenditures.

For Education Alberta grants 2 1/2 times as much

as Saskatchewan and more than 3 times as much as Manitoba. For Highways, District Roads and Grants for Municipal Roads, Alberta will spend \$56,500,000; Saskatchewan \$22,500,000 and Manitoba \$14,412,000.

The Facts Are: The people of Alberta are getting far more extensive services in every field than is being given in our neighboring provinces and are not being saddled with a load of debt in the process.

Liberal Question No. 2

"Why does Saskatchewan . . . have a reputation for providing higher standards of care for T.B. and cancer patients than Alberta . . . ?"

ANSWER: It does not. Both have excellent and practically identical plans, but Alberta's Aberhart Memorial Sanatorium is outstanding in North America. In Alberta the cost of sanatorium care is borne entirely by the province, while in Saskatchewan a compulsory assessment is made against the municipality for a portion of the costs.

Liberal Question No. 3

"Why in Manitoba . . . able to put electric power into the farmer's yard without cost to the farmer, while in Alberta the farmer pays an average of \$1,000?"

ANSWER: Manitoba can do this because she borrows or guarantees loans amounting to millions of dollars for this purpose, thus directly, or indirectly, placing the burden upon every taxpayer of the province regardless of the fact that the majority of them receive no direct benefit therefrom. Last year the Manitoba Power Commission borrowed \$30,000,000.

VOTE

WILLMORE 1

Liberal Question No. 4

"Why does Alberta have the highest municipal per capita tax rate in the three prairie provinces?"

ANSWER: When Saskatchewan's Sales Tax is included in this picture it will be found that the Saskatchewan taxpayer pays a much higher per capita tax than the taxpayers of Alberta. It is admitted that the tax rate is high but, in view of the fact that Alberta municipalities are providing and expanding their services far beyond anything even contemplated by any other province, this is not surprising. Of 140 towns and villages in Alberta with populations of 300 or more, 107 have installed water and sewers. Even the rich industrial province of Ontario cannot approach this record.

Liberal Question No. 5

"What has happened to the Million-a-Quarter Mr. Manning has had to spend since 1945?"

ANSWER: For a complete answer to this question a simple, detailed record of every penny received and spent may be found in Alberta's Public Accounts published yearly. Here are only a few

examples of how your money has been expended in the last 10 years:

Debt Retirement and charges . . .	\$194,613,000
Education . . .	165,363,000
Highways . . .	247,548,000
Public Health Services . . .	128,102,000
Public Welfare Services . . .	102,183,000
Municipal Grants, 50% of Gas Tax and Road Grants . . .	20,206,000
Loans to Municipalities . . .	111,994,000

Liberal Question No. 6

"Why has Alberta the highest municipal debt in the three prairie provinces?"

ANSWER: Because the rate of growth of towns and villages in Alberta due to industrial expansion in recent years and the high standard of municipal services demanded by Alberta citizens have compelled the municipalities to provide and expand these services at a rate hitherto undreamed of. Every dollar of this debt is represented by assets voted for by the local taxpayers, and financed wholly or in part by money loaned by the Province at low rates of interest.

SQUARE DANCE CALLER HERE SATURDAY NITE

The official square dance caller for Alberta's Golden Jubilee, Arnie Kramenberg, and his wife Jan are coming to Edson on Saturday night to call the big square dance festival in the school auditorium.

Shown above, Mr. and Mrs. Kramenberg are posed in front of an Alberta Jubilee poster. Arnie is noted among the best in North America.

The local De-Pe-Sa square dance club is sponsoring the evening and it is expected that outside addicts will be coming to Edson for the big night from points where the latest dance craze has caught on.

Meat Patties with Tomatoes
Combine first seven ingredients, mix well. Shape into 12 patties. Fry in small amount of heated shortening or dripping, turning until well browned on all sides. Pour on tomatoes; cover. Continue cooking over low heat about 45 minutes or until meat balls are thoroughly cooked. Serve at once. Yields 6 servings. 12 medium meat patties each.

EASY DOES IT
HOLIDAYS and their big meals usually mean leftovers, and it's the wise housewife who knows just what to do with them. Try these ingenious ways: Rather than trying to eat all of the roast or turkey within a few days, store it, well wrapped in freezing paper in your freezer.

MEATS OF THE WEEK

Prime Rib Roast (serves 6)
1 No. 8 roast small whole potatoes
1 cup stuffed olives, sliced
1 cup grated processed cheese
1 cup milk
Drain potatoes and place in a 1 quart. buttered casserole. Combine olives with cheese which has been melted in top of the double boiler with milk. Pour over potatoes, cover and bake in a moderately hot (375 F.) oven for 45 minutes.

If freezer compartment Always freeze turkey separately from the stuffing.

When reheating double roast meat or turkey, slice the meat, wrap in aluminum foil and place in a hot oven for 10 to 15 minutes. Unwrap and serve at once and you'll find it wonderfully moist.

If you're having an oven meal place mashed potatoes in a buttered casserole and heat right in the oven. Otherwise, place them in the top part of the double boiler with some milk and butter and heat.

Coffee cakes and sweet rolls heat best in a heavy skillet, covered and place in the oven for a few minutes. Rolls and muffins heat well in a damp paper bag in the oven. Combine several types of left over vegetables and blend with a cream sauce and serve over toast or biscuits for lunch or supper.

An Alberta Alphabet

By MISS MORAN G. MacDOUGALL, Burtonsville, Alberta

Alberta, a province of high renown;
Of thriving cities and thriving towns;
Banff, in the mountains, where tourists go;
Calgary, a city, where sweeps the Bow.

Devon, a model town, you know,
It grew in a rush when oil did flow;
Edmonton, the capital friendly, we're told,
In the heart of the country's liquid gold.

Frog Lake, where Indians once lifted the hair
Of a number of settlers living there;
Grande Prairie where farming's the thing,
High River has reaching fit for a king.

Inland, I'm sure, would never fail,
Stout-hearted farmers would never quail;
Jasper has mountains and lakes without measure;
Kapauiwin, a beach where folks go for pleasure.

Kelthridge in the south, where sugar beets grow;
Medicine Hat isn't high-bat, rather it's low,
They dig clay for pottery there, you know;
Mordecai is wild country where hunter's bag's full.

Moose and bear provide many a thrill,
Opal, a jewel on the prairie soil;
Peace River is famous world over for wheat;
Quick must be quick, why else the name.

Red Deer has an Indian school of fame,
Rory Pate isn't really rocky—Rory Indian brave,
To this farming country his name gave;
Turner Valley was first with an oil rig.

Uxue, close to Edmonton, not very big,
Vermilion, a school where farming they teach;
Waterton Park, a beauty spot, easy to reach;
Yates, in Saskatchewan, next door;

Yates is west where lumber jacks roar,
They are talking of pulp mills and timber galore,
Zest, zip and zest, these places are blessed with
To make up the province—Alberta, the best.

Liberal Candidate Proposes Road And Hospital Program

Liberal candidate Bill Switzer told a Hinton audience Monday night that no man in public office should be in a position to further his own private gain.

Approximately 80 people were in attendance to hear Mr. Switzer call for the people of this district to vote against the government on June 28th.

Mr. Switzer pointed out that the Social Credit Party has become a one man administration and has lost touch with the people. The speaker attacked the Social Credit Government's attitude in dealing with the Opposition and its failure to realize that the Opposition constitutes an important part of democratic government.

Mr. Switzer also reminded the listeners that it is a sacred principle of free democratic government that no man in public office should place himself in a position in order to enhance his own personal gain. The Liberal Candidate pointed out that certain members of the Social Credit administration have violated this principle.

The speaker asked the audience to bear in mind on election day that in casting their ballot against the Government they would in effect restore the principle that no man in public office should be in a position to further his own private gain.

Mr. Switzer also stated that

there in the Edson Constituency required immediate action for the establishment of hospital units.

The speaker said that hospital units must be started immediately in order to serve people in this area who have been neglected too long. He promised that a Liberal administration would set up hospital units throughout the constituency to meet the needs and demands of the people.

The meeting concluded with a number of questions from the audience touching on road construction, education and hospitalization.

Norman Willmore Tells Meeting Liberals Desperate

The Hon. Norman Willmore told an Edson audience on Wednesday night that the reason the Liberals are carrying on the type of campaign they are in this election is because they are desperate.

"They are desperate," said Mr. Willmore, "and their leader is desperate, because if he doesn't win this election for them the Liberals will get a new leader."

"If they (the Liberals) ever do get into power in Alberta," said the cabinet minister, "then you'll see the biggest pork barrel ever seen in Canada."

Mr. Willmore told his supporters of the reasons for the Government taking their case to the people when the criticism in the Legislature got to the point where it was hindering the business of the session, because the people are the highest court in the land.

The minister said he thought the main issue of this campaign is the Social Credit Government's record and went on to remind his audience of how the province was bankrupt 30 years ago and that by the time of the oil strike in 1947 already had the province's house in order.

Among the items in his Government's credit, Mr. Willmore mentioned that the province's debt had been refunded before 1947, they had instituted a program of social services that has not been matched in any other province in Canada, and begun a system of a permanent nature without having a cost.

Mr. Willmore told his audience of the social service improvements of the

the Social Credit Government intends to put into effect in about 60 days after they are returned to power.

In education the speaker emphasized that the policy of the Government had brought about a condition where there was now a uniform 35 mill rate throughout the province as far as the municipal taxpayer was concerned. And that the Province had assumed over 90 per cent of the cost of education and more in special cases such as the Edson School Division where they were paying about 90 per cent this year.

The speaker spoke of the record on municipal assistance from the provincial treasury and that where municipalities now have debts only to pay for some extra convenience that the taxpayers themselves voted for. Out of 140 towns in Alberta, 147 have gone over, Mr. Willmore told his audience.

Cont. on page 4

Bill Switzer Speaks Here On Monday

William A. Switzer, Liberal standard-bearer, will talk with the electors of Edson and district June 27th, at the Legion Hall at 8:30 p.m.

E. P. L. "Dick" Hannan, Member of Parliament for Edmonton-Sherwood, will speak in support of the Liberal candidate. A final meeting is planned, with arrangements for a chairman yet to be completed.

Bill has undertaken to acknowledge all questions relative to Liberal policies, at the conclusion of his address, so a lively gathering is expected.

Pure Bred Assoc. To Convene Here

Mr. Henry Watley told members of the Edson Board of Trade that some hundred odd members of the Pure Bred Breeders Association will meet in convention in June of next year.

Mr. Watley was fresh from the annual convention of the association and mentioned the benefits from holding such a convention in Edson.

First Vote

Committee Walter McIntyre cast the first ballot in the election at the Advance Poll on Friday afternoon. He commented that Mr. McIntyre is the polling of his long known name.

B.C. Road To Be Passable This Fall Meeting Told

M. D. Meade told members of the Board of Trade in the Commodore Banquet room Wednesday evening that the Minister of Highways in the British Columbia Government had promised the B.C. side of the Yellowhead Route will be made passable this fall for traffic.

Mr. Meade had been the delegate from the Edson Board to the convention called by the Trans-Canada Highway Systems Association (Yellowhead Route) on June 18.

The B.C. minister told the delegates that his government had no intention of spending millions of dollars on a semi-permanent road that would later have to be changed, but would this year make the present road at least passable in good summer weather. When the proper surveys had been made the B.C. government will do a real job on the route.

The B.C. authorities have previously considered the Yellowhead route the least desirable of the five possible roads through their province, but have now revised their opinion and moved the category of the road up to No. 3. Mr. Meade told his listeners.

COUNCIL REPORT

Councillor W. Nigro gave a report on the improvements, such as the sidewalk program which is well under way. Mr. Nigro also said that the main street porters tenders will be let in July with work to commence as soon afterwards as possible.

He mentioned that Calgary Power Company had approached the Council to distribute power within the town and he told his listeners that the Council had the matter under study and assured them that whatever the Council as a whole decided was in the best interests of the taxpayers was the course they would follow.

Mr. Nigro also gave his view that the proposed gas franchise, milk

now being tentatively sought by at least two sets of interests would be handled in the same manner, and if feasible the gas would be distributed by the Town itself if that appeared the most desirable.

In passing Councillor Nigro also mentioned that Edson was the only town in Alberta which did not have a milk pasteurization by-laws.

FILMS SHOWN

Dr. Austin Lee, local medical health officer, gave a short talk on the desirability of milk pasteurization in a community such as ours and later exhibited two films from the Department of Health on the subject.

Dr. Lee listed two slight disadvantages, the loss of the small amount of vitamin C contained in milk, as minor disadvantages compared to the advantages of having all the disease causing germs such as typhoid, paratyphoid, septic sore throat, undulant fever, dysentery, etc., completely destroyed.

Dr. Lee emphasized that it was especially important that children receive only pasteurized milk. The germs we read about and hear about are not rare, they are unfortunately ever present, even in our town, he said. The doctor mentioned as an example that there was at least one serious case of diphtheria here that may have had its source in unpasteurized milk.

School Board Ok's Over Half Million In Contracts

The following companies were awarded contracts for the 1965 building program for the Edson School Division building program.

When the Board opened the tenders in the presence of representatives of the contractors at a special meeting on Tuesday.

GENERAL
Pole Construction Limited: Peers \$50,835.00; Fulham, \$55,925.00; Evansburg, \$49,327.00; Wildwood, \$27,361.00; Nixon, \$72,230.00; Edson Elementary, \$40,438.00; Edson High Addition, \$23,979.00; Division Office, \$38,860.00. Total \$434,728.00.

Unsuccessful tenders were Armstrong Lumber Limited, New West Construction Limited, New W. Graham and Sons Limited, Buchanan Construction Limited, Bird Construction Limited, Meris Brothers, C. H. Whitham Limited, Crawley and Mohr, McLeod Mercantile.

MECHANICAL
Mayrthorpe Plumbing and Heating: Peers, \$18,494.97; Fulham, \$17,050.89; Evansburg, \$8,801.47; Wildwood, \$9,414.28; Nixon, \$2,534.61.

J. W. Mould and Son: Edson Elementary, \$38,763.00.
B. A. Meier: Edson High Addition, \$3,026.00.
Kosdel Plumbing and Heating: Division Office, \$7,888.38.
Total \$162,736.59.

Unsuccessful tenders were Lockyer and Hole, Tompkins Plumbing and Heating, Coleman Centre, Hadow and Maughan, G. C. Villemieu, H. Kelly, A. Dykstra Plumbing and Heating.

ELECTRICAL
Cassette's Electric: Peers, \$8,000.00.

ence, which is a recent not equalled anywhere in Canada.
He mentioned Edson's position of having the debt payments, principal and interest, practically repaid by the Government payments for our share of the gasoline tax. The Government also instituted the policy of accommodating all municipal borrowing at a low rate of interest for local improvements. Edson town had borrowed \$188,000 from this fund he reminded his listeners.

FOUR MILLION FOR THE JASPER HIGHWAY
Mr. Willmore said that over four million dollars has been appropriated for the Jasper Highway this year, with three and a third

Special Offer

WE WILL LET YOU TAKE OFF 10 CENTS ON EACH DOLLAR ON SATURDAY JUNE 18 ON EVERYTHING AT

Economy Store
Main and First Edson

million to be spent in this constituency alone. In the past five years 125 miles of district and market roads have been gravelled as well, he said.

PULP MILL.
Mr. Willmore said that he was proud of the fact that he had had a small part in helping to bring the first pulp mill to Alberta. He said he had hoped to have seen Edson as the site of the mill, but that considerations as seen by the company dictated choosing the Clinton site.

Certain people have been spreading the rumour that there was no truth in this.

The speaker said that the company will be paying the regular dues just as timber operators do now. The company has an agreement to buy pulp wood from any settler desiring to sell it to them, and he said he had been assured that it was economic to haul pulp wood from as far away as Wildwood, 125 miles from the mill.

THE FUTURE

"No person can foresee" said the minister, "the results of this industry coming to this part of the province." An example was the prospect of a natural gas line to serve the mill and Mr. Willmore foresaw "the greatest industrial expansion in this province to date."

With reference to coal, he stated that the only reason for the slump was the lack of markets and went on to outline the way the Government had undertaken to look after the rehabilitation of coal miners by assisting them to find new jobs, sometimes in other industries.

He mentioned that research was not going to solve the immediate problem and that he thought the responsibility was a federal one as the markets were in Eastern Canada which now got the bulk of its coal from the States.

Mr. Willmore said that perhaps the people in the East should even pay more for their coal to help Western industry just as we have paid extra through the years to help Eastern industries.

Schools

Cont. from page 1

800.80; Fulham, \$200.00; Evansburg, 4,824.30; Wildwood, 4,539.10; Nitem, 14,827.15; Edson Elementary, 7,206.25; Edson High Addition, 2,444.50; Division Office, 2,860.00. Total: \$56,340.00.

Unsuccessful tenders were Carl Tomlinson, Brotherhood Electric, Koebel Plumbing and Heating, Hiltas Electric, Litke, Schumaker and McKenzie.

Total of contracts let: \$653,635.

Too Little Too Late, Says Booker

Speaking to a keenly interested meeting at Mercal on Sunday, Tom Booker addressed scathing criticism to the government's do nothing policy with regards to the coal problem. Claiming that the government had played "pass the buck" with the pleas of the coal operators who had applied to it for assistance.

He said, of the government grant for the rehabilitation of miners, quoting the words of Winston Churchill of more than ten years ago, when he had commented "Too Little - Too Late."

Mr. Booker pledged full support to the Coal Branch program and said, "If you see fit to elect me as your representative I will do everything in my power to see that a pilot plant is established in this area."

When he commented on the remarkable condition of the Coal Branch road he was greeted with ironic laughter as he said, "The Social Credit Government can point with pride at this remarkable achievement of giving you three mudholes instead of one."

An Acknowledgement

The Edson Constituency Liberal Association wishes to express their gratitude and thanks to the people of the Edson Constituency at the conclusion of the house-to-house visiting campaign.

Our workers have met with a most cordial reception, and their reports of finding an alert, informed and critical electorate is most heartening.

Our workers also found that in the majority of cases the people appreciated these calls and were ready to discuss with them some of the issues of the day.

The result of the personal visit campaign, in part, is as follows:

1. We have given information on the stand of our candidate, Bill Switzer, and the policies of our party to each elector called upon, and our workers endeavoured to assist in all possible ways in this snap election.
2. Our workers have given information on voting times and polling places; transfer and advance poll certificates.
3. We have made a double check of the Voter's List and have assisted in adding a number of names which had been omitted.
4. We have made arrangements to assist a number of infirm and handicapped voters.
5. We hope we have, by our canvass, aroused a healthy discussion on the issues at stake in this election.

- Our voluntary workers, who have sacrificed the secrecy of their ballot and a great deal of leisure time have done so willingly.
- The Liberal Party is eager and willing to work to earn your support. The Liberal Party's best hope is an informed and aroused electorate. Let's

Percy Page Here

Provincial Conservative Leader J. Percy Page was present to address a well attended meeting in the Legion Memorial Centre on Friday evening when he outlined the events leading up to the dissolution of the Legislature and the calling of an election.

Speaking in the calm, untroubled style for which he is so well known, Mr. Page laid before the meeting the exact steps which caused Mr. Manning to so suddenly go to the people.

Quoting from the Public Accounts Report for the Province of Alberta for 1954, he showed that the Treasury Branch deficit for 1953 had been \$1,700,000 and asserted that the provincial auditor had claimed that the reserve for had debts was hopelessly inadequate for the type of operation carried on by the Treasury Branches and its subsidiaries.

The Edson constituency candidate, Mr. T. E. Booker, confirmed his remarks to the problems peculiar to this area, pointing out that the Coal Branch road was far from completed and that the erection of a bridge to take the place of the one destroyed by the flooding McLeod was essential unless the Social Credit Government expected Coal Branch people to swim across.

He drew attention to the fact that having been denied employ-

ment on one project or another, Edson truck drivers within the last few days had found services very greatly in demand and wondered why.

Mr. Booker, in closing, claimed that in his opinion, the present member had not served the constituency in the way it should

have been and stressed what he considered to be very serious omissions with regard to the needs of the minor lumbermen and the struggling farmers of this district. And said that if elected he would always consider the welfare of this riding as being his most important duty.

NEW AND GOLDEN WEDDING CELEBRANTS

Mr. and Mrs. George Hewitt were honored on the occasion of their Golden Wedding anniversary to have two grandchildren. They are pictured above with granddaughter, Gwen, who married Mr. Vernon Clifford on June 11.

Gwen, of Edmonton, another granddaughter in Ontario chose their anniversary for her wedding as well. —Photo by Grant

MARRIED AT ST. CATHERINE'S

Mr. and Mrs. Vernon Clifford are shown above in their wedding picture by Grant following the ceremony in St. Catherine's Anglican Church which united them in holy matrimony on Saturday, June 11. The bride is the daughter of Mr. and Mrs. T. P. Lehtonen, formerly of Edson and now of Edmonton, and was a well known figure during her high school days in Edson.

Young Man: "Mr. your daughter has said she will marry me if you give your consent."
Girl's Father: "Well, first I have a question—would you love my daughter just as much if she were poor?"

Young Man: "Yes, of course."
Girl's Father: "That settles it. We don't want any fools in the family."

Mercoal News

The last Bingo of the season on Saturday night was a huge success. There were quite a few unfortunate people had to stand. Lena Hubel and Annie Bertha both screaming "Bingo" for the \$100 jackpot prize. They split the prize money. Mrs. H. Plump was the winner-take-all prize of \$44.75. Congratulations to the three lucky ladies.

The first of July will be a big day for the kiddies, sponsored by the Elks. All the treats the kiddies can eat are free. All Coal Branch children are invited.

Thanks go to the Elks on the grand job they are doing.

Mr. and Mrs. Bob Erickson are the proud parents of a baby girl. Gordon McEvo was a fishing visitor at Edson over the weekend.

The Rechio family will be moving to Jasper shortly. Mr. Rechio is employed as a mechanic there. Hope you like living in Jasper.

A shower will be held at the Elks' Hall on June 28th in honor of Dana Rechio.

Mr. and Mrs. Edward Kirby and boys have moved to California.

The Burkley family will be moving to Edson at the very near future.

Mr. and Mrs. O'Shaunnessy and children have left for Nordenskiöld. A farewell party was held in their honor. Hope they like their new home.

Mercoal Elks Honor Member

At a recent meeting of the Mercoal Lodge No. 300 of the Benevolent and Protective Order of Elks, an old timer was honored.

Mr. Gordon McLeod, a charter member of the Mercoal Lodge and an old timer on the Coal Branch was presented with a life membership card in the Order.

We hope you will enjoy it for a good many years Gordon.

EVER WANT TO GO TO A

Jamboree?

You'll find many a Boy Scout who does. He's longing to join thousands of fellow Scouts at the 10th World Jamboree to be held in August at Niagara-on-the-Lake.

But he may be disappointed. Transportation, for instance, may be just too great an expense. It is to help such a Scout that The Bank of Nova Scotia is co-operating with The Boy Scout Association to set up 50 all-expense-paid Jamboree Journeys for deserving Scouts.

Scouts are invited to write a short essay on the theme "What It Means To Be A Scout." On the basis of these essays a total of 50 winners will be selected in co-operation with The Boy Scout Association. The Bank of Nova Scotia will meet the costs of travel and of ten glorious days at the Jamboree for these 50 lads.

The Bank of Nova Scotia's Jamboree Journey Essay Contest is another example of the Bank's policy of working with Young Canada. The Bank is their partner, as it is yours, in the great and many-sided enterprise of helping Canada grow.

The BANK of NOVA SCOTIA

• Your Partner in Helping Canada Grow

Entry forms are available to Scouts, eligible to go to the Jamboree, from the Boy Scouts Association, or your nearest Branch of The Bank of Nova Scotia.

SURPRISE LAKE CAMPS
Mrs. Fergus Craig, P.O. Box 492 Edson, is receiving a good flow of registrations now for the various 1955 boys' and girls' camps at Surprise Lake, fifteen miles east of Edson, for all of which she is registrar. They are coming in from Jasper, Leduc, Mervault, Whitecourt, Mayerthorpe, Sasquatch, Edson, etc.

The Surprise Lake Camp is operated by the Surprise Lake Society (under the Friendly Societies Act) on behalf of the United Church of Canada in this area, but each camp period is open to all interested boys and girls without regard to religious affiliation. The fee is limited, and the only way to be sure of a place in camp is to register early. Older boys and Junior girls are especially urged to act promptly, as they are the first camps.

Dates and age groups are as follows: Older boys (13 years and up), July 4 to 11; Junior girls (9 to 11 years), July 11 to 18; C.G.I.T. (girls 12 years and up), July 18 to 27; Junior boys (9 to 11 years), July 27 to August 1st.

The total fee for each camp is \$11., except for C.G.I.T., which is \$15. It is well to have a little spending money for "treats" and extras. A fully qualified life-guard will give continuous supervision of water safety and swimming instruction. A registered nurse will be on the staff almost continually. A cook with years of experience of boys' and girls' camps will prepare simple meals. And expert leaders will ensure that there will never be a dull moment in the camp program. So, come along, boys and girls! Register with Mrs. Craig now.

Mrs. Craig will be glad to hear from adults around Edson willing to provide transportation from town to camp on opening and closing days of camp periods.

This is needed not only for Edson youngsters but for others who reach Edson from a distance by bus or train.

Mrs. Shirley Shaker has gone to Calgary to train as a nurse's aide.

PLANTING THE FARNESTAD
With the crops in and haying not yet started, many farmers are thinking of putting up new barns, poultry houses, homes and so on. Now is a good time to be sure that your buildings are placed and built so that as the farm develops these buildings will be where you want them.

Too many farmers find in a few years that the barn is in the wrong place. Planning now will avoid this problem. A booklet, "Farmstead Planning and Beautification" is available at my office and will help you considerably. If you wish, I would be pleased to help you in planning your farm.

CHEMICAL WEED CONTROL
Now farmers, each year are using 24-D and other chemicals to help control their weeds. In some districts a few neighbours will get together to buy a sprayer. However it is arranged, spraying always pays dividends.

Now farmers, each year are using 24-D and other chemicals to help control their weeds. In some districts a few neighbours will get together to buy a sprayer. However it is arranged, spraying always pays dividends.

EDUCATIONAL OPPORTUNITIES
Many boys and girls are graduating from or leaving high school this spring. For those interested in agriculture or "home economics," it would be very worthwhile to consider the two year course at the Schools of Agriculture, or if a high school graduate, the four year degree course at the University.

To assist students to finance their training, over \$8,000 is available in scholarships and bursaries to students planning to enter a School of Agriculture or the University. The funds are supplied by such groups as the United Grain Growers, the Alberta Wheat Pool, and many other organizations.

If you are interested in any of these institutions, or the scholarships available, call at my office for full details.

"Who was here to see you last night, daughter?"
"Only Myrtle, father."
"Well, tell Myrtle she left her pipe on the piano."

Parents Night At Memorial Park

Parents of boys playing Little League Baseball will have an opportunity to come out and root for their youngsters Friday, June 24 when the kids will play a double-header in regular Little League play in the Memorial Park. The first game starts at 6:30 and the second at 7:30.

This is a great chance to come out and yell yourself hoarse so let's see you there. The boys will appreciate a good turnout.

Any of the fathers wishing to volunteer their services as umpires for either of the games may contact J. Peberovich at the ball park before the games. There is no admission.

Mr. and Mrs. George Brown and boys and Dennis Foster were visitors to Edmonston this week. Mr. Al Foster and children were weekend visitors in Edmonston. While there they were the guests of Mrs. Byrre Scott.

C.W.L. Plan Parish Picnic

The monthly meeting of the Catholic Women's League was held on Thursday evening June 16 in the Sacred Heart Church club rooms with 17 members present.

Among other business discussed plans were made for a parish picnic to be held on Sunday afternoon, June 26, at the farm of Mr. Roy Brown off the Coal Branch highway, starting at 2 o'clock.

All the members of the parish are invited to attend, especially those with children as there will be special treats of ice cream and soft drinks for all the children present. Coffee will be supplied to the grown-ups but each individual family should bring their own picnic lunch.

So, come one, come all and join in the fun. There will be races and games for young and old.

Those who have no cars should leave their names with Father Shalla no later than Sunday morning as a bus will be on hand in front of the church at 2 o'clock to provide the transportation for those who require it.

If the weather should prove unsuitable, the treats will be given to the kiddies in the church basement instead.

Carrot Creek Bits

The Crusher that has been operating in Carrot Creek for some time past has been moved to Hornbeck for a short time.

Rudy Adolph has left for Grande Prairie with Mr. Wetzel's truck.

Congratulations are in order to Edith Goodale of Niton, Efficiency Winner of the Niton Central Clothing Club. She will receive the free trip to Club Week at the Vermilion School of Agriculture.

Mr. and Mrs. B. Kahlbeusch spent Sunday at Mistle Hot Springs.

Mr. and Mrs. Terry O'Toole are visiting at the home of Harold Thomas.

Mr. and Mrs. Al Goodwin stopped over for a few days at the home of Mr. and Mrs. Art Durston on their way to the Mistle Hot Springs.

A miscellaneous shereve was held in honor of Miss Ruth Burkenhagen. Mrs. Frank Smith acting as hostess.

Mrs. Theima Magee, who makes her home in Fort Saskatchewan, is visiting at the home of Mr. and Mrs. Sidney Smith, and reawakening old acquaintances in the district. Mrs. Magee was a long time resident of this district, prior to moving to Fort Saskatchewan.

MAXWELL'S ELECTRIC

The Edson Leader

The Voice of Edson Constituency

Vol. 11 Edson, Alberta, Thursday, June 30, 1965 No. 12

Norm Willmore Wins Again

The Honorable Norman Willmore, the Social Credit standard bearer, was returned to the Alberta Legislature with a majority of over 300 votes in the election held on Wednesday when he edged out Bill Switzer, the Liberal candidate, and left Tom Booker, the Conservative candidate, far behind.

As the returns came in from the smaller rural polls it looked for a while as if Bill Switzer might be top man in the three-way election contest for the voters' preference, but when the Edson town polls, which gave a majority of 200 to Willmore, came in there was no doubt left as to the direction the election would take. The other big town poll from Jasper clinched the issue to boost the Willmore vote up over the 300 mark.

The election campaign in the Edson constituency was marked by very little of the acrimonious debate that characterized the election in the rest of the province and the three candidates ran in the particular advantages they maintained their own party held for the electorate, and in the case of Mr. Willmore, his record as the Edson member.

The unofficial returns by polls below shows the trend of the voting in various stations throughout the constituency:

UNOFFICIAL TOTALS			
BOOKER	193		
SWITZER	3179		
WILLMORE	3366		
The unofficial returns by polls are as follows with the column reading from left to right for Mr. T. E. Booker, Conservative; Mr. W. A. Switzer, Liberal; and Hon. N. A. Willmore, Social Credit.

Takes Mother's Place

Larry Adams decided that Mother Magpie wasn't doing a good enough job of feeding her young so he decided to feed a young bird from one of the nest which brother Bobby found running around town. This photo by Grant clearly shows how hungry a little Magpie can be.

Brave Mother Kills Marauding Bear

We often wonder where the name of this district, Wolf Creek originated. We haven't been able to contact any old timer long enough in the district to tell us. It seems Bear Creek would be an appropriate name right now by the number of bear seen around. They are getting bolder every day and concern is felt by mothers of small children over them running so close to the house.

There is, however, one brave mother who took matters into her hands, and with her small lion eyes aimed straight at one in her yard. The bear went down with her first shot. Mrs. Gullmer is to be congratulated at her prowess as a hunter and protector of her farmstead.

John Durksen of the Royal Bank staff has returned from his home at Ft. McMurray where he was as a hunter and protector of his farmstead. Mr. and Mrs. Wif LaRoe are enjoying a visit from Mrs. LaRoe's mother, Mrs. Dave Hickey of Edmonton.

MOOSE JUMPS ON CAR

Miss Violet Kite, 18, of Edson was seriously injured, and her companion, her 16-year-old sister, Miss Kite, was also injured. The car was driven by Miss Kite's father, Mr. Kite, who was driving and dodged behind the

steering wheel, to avoid the flying hooves of a cow moose who came up out of the ditch at Summerside, P.E.I., who was driving and dodged behind the

car in which they were riding. The picture shows clearly where the moose which came up onto the hood of the car dashed in the top of the car and

reared over crushing Miss Kite who was beside the driver, and was treated for her injuries at St. John's Hospital, Edson. Photo by Grant

WE LAUGHED AT THESE

"I went over to see Betty last night and I no sooner stepped into the house than her mother demanded to know what my intentions toward Betty were."

"Well, were you embarrassed?" "I would have been but just then Betty called down and said, 'Ma that's not the one.'"

"Key Put—that's the I'm hearing about you jolking up with them communists? Be so darn mean!"

"It's the truth, Mike. I signed up last week. You see the doctor told me I had but 10 days to live and 'tis better one of them communists die than a good Irishman."

Professor (in chemistry class) "Mr. Smith, what can you tell me about dilution?"
Freshman Smith: "Well—er—oh, they're a lot cheaper than day rates."

"I distrust to speak with you," squeaked one laughing little girl to another. "After all who are you? My relations have been traced a long way back."
"Yeah, I know that," retorted the other. "My Mommy says they traced your grandpa clear to the Mexican border."

A man drove into his regular service station with what had been a nice new Cadillac, but now it was battered and beat up all sides.
"What happened?" asked the mechanic.
"A woman driving a little Chrysler car hit me," the big car-owner said sadly.

The mechanic laid his eyes rove slowly over the Cadillac then blurted, "How many times?"

The decrepit old car rattled and clattered to the toll gate, and came to a stop with a mechanical pop.

The attendant, after counting the passengers, requested the appropriate fee. "Two dollars for the car."
"Sold!" said the happy driver.

As the traffic cop stopped the speeding car and began writing out a ticket, he heard a woman's chuckle from the back seat.
"That's right, officer, give my dear husband a ticket, he's a dangerous, irresponsible driver."

The patrolman gritted his teeth, snapped his book shut, stuck it in his pocket and spoke to the driver.

"Maybe I clocked you wrong, pal, anyhow this once you can have the last word."

Mackay News

The weather has taken a turn for the best for all people except the farmers, who are crying for rain.

The C.P.L. show held in Mackay Hall last week, drew a good crowd and the door prizes going to Mrs. P. Zateraki, and Mr. P. Evans.

Mr. Andy Shand left with all the bigger children for Bear Lake last Saturday. The trip was sponsored by the Nitem Central Students Union.

Miss Verna Cundict was a visitor at the home of Miss Barbara Harper.

In a ball game at the Nojok diamond, Mackay lost to Edson with Mackay taking the loss. In the second game, Drayton Valley put a run across in the top half of the tenth to win their game from Mackay.

Miss Dunsy Shand was visiting at the home of Miss Maxine Shand over the weekend.

We would like to welcome Mr. and Mrs. Forstie into the district.

We hope Mrs. J. Attwell a speedy recovery and also hope that she will be home from the hospital soon.

Mrs. MacDonald (nee Marie Attwell) is looking after a house for her mother and made a trip into town last week.

Carrot Creek Bits

Miss Kitty McCall of Edmon, is spending some of her summer holidays at the home of her parents, Mr. and Mrs. H. Thomas.

Mr. and Mrs. Joe Morris and family spent a couple of days visiting in Edmon last week.

Chris Paulsen, who left here for Banff, was a visitor in the district last week, calling on old friends.

Grant Vanhous, who has just got over a season in the University Hospital in Edmon, was visiting at the home of Mr. and Mrs. Art Durston on Sunday.

Miss Selma McGinn has just arrived from Scotland, and is visiting at the home of Mrs. Joe Morris (her aunt). She thinks this is a wonderful country, but we tell her this has not seen anything yet.

The students Union of Nitem Central School sponsored a picnic at Bear Lake for the young folks of the school. Needless to say, they all had a wonderful time, swimming, boating and fishing, etc.

On Saturday evening the Nitem Central 4-H Club gave a party to boys and girls of the school. There was all sorts of games and dancing, topped off with a nice lunch and everyone went home happy and tired.

Quite a number of Carrot Creekers attended the Baseball games at Nojok on Sunday and saw some very interesting games.

To Attend Witness Assembly In Vancouver

Six delegates from the Edmon congregation of Jehovah's Witnesses will attend an assembly at Vancouver Hastings Park, June 29 to July 3. Mr. P. Dopkins, presiding minister, will head the delegation, announced this week. A total of 25,000 are expected to attend.

Mr. Dopkins described this assembly as one of a world-wide series of eleven Christian conventions. "In 1962," Mr. Dopkins pointed out, "we had one international gathering of ministers at Yankee Stadium in New York that drew a peak attendance of 165,000 from 97 lands. This year we hope our combined attendance will be similar."

"The cities in the United States and Canada named as Convention sites are Chicago, Vancouver, B.C., Los Angeles, Dallas and New York. Those in Europe are London, Paris, Rome, Nuremberg, Stockholm and The Hague."

Arrangements are already under way to send over 4,500 delegates from the United States and Canada to the European assemblies. Delegates from Latin America, Africa, Australia, and the Far East will also attend in Europe.

Mackay Team Wins 1, Ties 1, In Doubleheader

The Mackay baseball team lost one and tied one in a doubleheader played at Mackay on Sunday. In the first game, the Edmon Oldtimers defeated them 13-6 behind pitcher Tom Maxwell.

Alvin Mackay pitched his first game for Mackay.

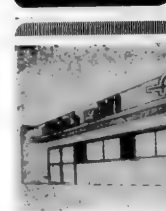

In the second game, Mackay tied Drayton Valley 9-9. Pitcher Bruce Bristow of Drayton pitched a masterful game and was leading 8-3 when a sore arm forced him to retire to the outfield in the seventh. Mackay promptly tagged the relief pitcher for 6 runs in the eighth and tied the game. Bristow came back to hold the Mackay team scoreless in the ninth and tenth. The game was called after the tenth inning.

Mr. and Mrs. Roy Andrus who have been visiting their daughter in Edmon also son Ron and family in Edmon, have returned to their home in Victoria.

Mr. and Mrs. Don Guthrie of St. Paul, Alberta were visitors over the weekend at the home of Mr. and Mrs. Doug Guthrie.

Master Jack Guthrie accompanied his aunt and uncle for a holiday to central and eastern Canada.

McLaughlin; Canadian Legion, Merced; Bill and Anne, Drayton; and Lyle, Don, Ross, Mary and Family; and Mrs. Mike Drayton; Forestry Staff, Edmon; Wrigley and Jacoby; Ladies Auxiliary, Canadian Legion, Edmon Branch.

Many floral tributes were directed to the service.

Mr. and Mrs. J. A. Gossney of Robb, Alberta passed away at the age of four and a half years on June 24. She is survived by her loving parents, her grandparents, Mr. and Mrs. Fred Gossney of Edmon, maternal grandparents, Mr. and Mrs. Angus Crawford of Capetown, and paternal grandparents, Mr. and Mrs. J. A. Gossney of Robb, Alberta.

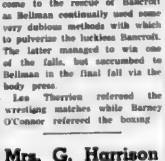

Mrs. G. Harrison Honored At Tea

Mrs. George Harrison was a greatly surprised on the afternoon of last Thursday, when eleven ladies, gathered at her home to honor her on the occasion of her birthday. The ladies were all fellow members of the Afternoon Group of St. Catherine's W.A. The ladies spent a pleasant afternoon of visiting and

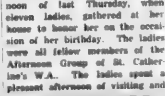

enjoying the lunch which they had brought with them. Mrs. Harrison was presented with a gift from these present as well as best wishes for many more happy birthdays.

The final save Steve Bellman wipe the ring with Cecil Bancroft of Montreal. Referee Leo (The Bull) Therrien frequently had to come to the rescue of Bancroft as Bellman continually used some very dubious methods with which to pulverize the luckless Bancroft. The latter managed to win one of the falls, but succumbed to Bellman in the final fall via the body press.

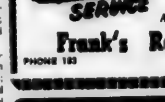

Les Therrien refereed the wrestling matches while Barney O'Connor refereed the boxing.

Onoway Orioles Win Edson July 1st Tourney

The EAA decision this year to halve the baseball prize money and confine the tournament to local and district baseball clubs produced a two-day treat of baseball that didn't leave the fans too disappointed.

Several times, in fact, we heard fans say: "I came in this morning to see one of the games and found myself staying to see the rest of them."

The final game saw the Onoway Orioles take the \$500.00 first money from the Edson club in a game that had its share of ruckus which centred around at what point Umpire Bert Smith should have called the game for rain.

Edson was one up when the drizzle started in the first half of the sixth with Edson at bat. The single counter had been rung up by a spectacular homer by Edson hurler, Reg Gerlitz in the first of the fourth.

With the Orioles to bat and the drizzle turning into a down-pour Edson Manager John Gerlitz started to complain to Umpire Smith about calling the game but the ump was determined to give the visiting team their batting inning. In the resulting ruckus Onoway got in three runs after which the game was called for 30 minutes.

The fans who stuck it out for the rain to stop were rewarded single counter had been rung up by a spectacular homer by Edson hurler, Reg Gerlitz in the first of the fourth.

The Orioles had managed to get in two more runs too so the final score tallied 5-4 for the visitors and they were presented with the Edson Hotel trophy by Mayor Manley Burleigh as well as the \$500 first prize.

In the two games played on Monday, July 4, from the Edson United Church at 2 p.m. with the Rev. Mr. Gardiner conducting the service and interment was

Pipe Line Workers Need Accommodation

With hundreds of workmen in the area or about to come in for the pipeline construction crews and other oil work, room accommodation is again at a premium in Edson.

Miss Jessie Thrift formerly looked after the Board of Trade job, acting as a clearing centre for accommodation data and as the Board was struck last week, Mr. Cliff Wiley of Marshall-Wells Store has volunteered to do this job.

The Leader through the medium of its Classified Section also is in a position to render a service to anyone with rooms to rent wishing to get in touch with possible tenants.

The Leader on sale in the hotels and restaurants is the first place a new workman in town looks for a place to stay.

Mr. and Mrs. James Gannon and daughter, of Calgary were visitors and Mr. and Mrs. Doug Guthrie over the weekend. Master Jimmie Guthrie accompanied his aunt and uncle on their return home and will spend a holiday.

KIDDIES DAY PARADE SHOT

Kiddies day June 9 seems a long ways back now when with an exception and the July First sports in between but here's a shot of the parade led by the Edson majorettes and the Edson

Cadet Corps band as it headed up Main Street to the Memorial Park.

The Leader has been on the lookout for good pictures to publish of the covered wagon,

the original costumes and music but it seems to have been a day when much time was used up, but very little captured the attention in a clear and vivid manner.

TRANS-ATLANTIC FLYER VISITS HIS PARENTS

An interesting chap home for a visit with his parents, Mr. and Mrs. W. Antoniak, is their son Myron of Montreal, and his wife and daughters Jean and Carol.

Myron has also been visiting his sister, Mrs. Toni Ross and to make the family reunion complete his older sister Mrs. Rose Orlecky of Calgary, has also been visiting.

Myron is a graduate of Edson High School where he was active in hockey and played in the school band. He has been with Trans-Canada Airlines for 15 years except for brief hitchhikes with the services during the war.

Myron has been a flight engineer with TCA on its Trans-Atlantic service and was with the crew that bettered the East-West flight time of 10 hours and 41 minutes by making the flight in 10 hours and 15 minutes.

Respected Old Time Pioneer Lady Passes

Mrs. Sarah Leyden, respected wife of the late John Leyden, and mother of five Edson sons, passed away in Edmonton on June 30.

Mrs. Leyden, who was a part of Edson's early history, came here with her husband and family in 1912 to live in town and later to take up a homestead just west of Edson.

She was predeceased by her husband who passed away in 1940. Mrs. Leyden was born in Ireland and first came to Ontario where she married Mr. Leyden, coming West with him soon after her marriage.

She is survived by five sons and one daughter and their families: John of Edson, Edward of Perth, West Australia; Dave, of Kamsko, B.C.; Robert of Red Deer; Lloyd of Estevic and Mary of Edmonton.

Funeral services were held on Monday, July 4, from the Edson United Church at 2 p.m. with the Rev. Mr. Gardiner conducting the service and interment was

Cont. on Page 9

School Division Office Moved

Another Edson landmark erected during the Second World War, changed locations last week when the J. G. Leiskie & Son Company from Lacrosse moved the office section of the old School Division office from its site on Main and 9th to a new foundation on 1st and 2nd where it will become the front section of the new Edson Funeral Home.

The middle section of the building will be put to good use at Glenwood where Mr. L. Jay plans on converting them into duplex living accommodations near Glenwood General Store.

Mr. Leiskie has the contract to move several buildings from the Coal Branch to Hinton and has been only awaiting dry weather for a straight week or two to get on with the job.

Mrs. V. Boos Laid To Rest

Mrs. Villine Boos of Wildwood, passed away at the age of 70 years on June 26. Besides her loving husband, she is survived by 1 son, John, of Wildwood; 2 brothers, Dave and Ed Ross of Edmonton; 1 sister, Mrs. Lawrence Miller of Prince George, B.C. She is also survived by 8 grandchildren.

Funeral services were held at St. Alphonsus Church in Wildwood at 12:00 o'clock June 28. The Rev. Father Sullivan, officiated and interment was made in the Wildwood Cemetery.

Beautiful floral tributes were received from: Loving Family; David Mahony, Edmonton; Charles J. Chisler, Edmonton; Mr. and Mrs. C. Gales; Mr. and Mrs. Glen Gales and Glenda; Wildwood Ladies' Aid; Mrs. A. MacCulloch; Ross and Jim; Bill and Stella; Nick Kostik and Family; Jim and Gladys Peterson, Edmonton; Dave and Flo; Ed and Rachael; Ervin, Melton, Emory and Verda Ross; Zahida Family; Helene and Carol Shenfield and Family.

Edson Funeral Home were directors of the service.

Edson Oldtimer Passes In Toront.

Word has been received here of the passing of one of Edson's old timers, Dr. H. N. McCordie. Dr. and Mrs. McCordie left Edson to make their home in Toronto where they have been living since. Dr. McCordie has been in poor health for a number of years.

Old timers of Edson will remember the heroic work of Dr. McCordie during the 'flu epidemic of 1918, when he worked the clock around, being Edson's only doctor.

Band Practice Discontinued

The Edson Band will discontinue practice until the first Wednesday in September.

Mr. and Mrs. Williams and the eldest daughter of Mr. and Mrs. Williams from West View, Mrs. H. H. Williams, accompanied her sister and family to spend a holiday with Mr. and Mrs. Ed H. Williams at their home in Marlboro. Mrs. Williams is her parents.

At The Ball Park

—Mrs. Martha Polanski and Mrs. Margaret Klute both of Edmonston, meeting old friends at other softball tournaments.

—Miss Eva Olekiew up for the day, and taking in the ball game between Onaway and Edson.

—Little kids and big kids trying that new-for-Edson treat, cotton candy. By the way it tastes just like cotton candy.

—Wary citizens dodging the drips from the arena roof where they had hurried to escape the deluge that ended another successful first.

—Former Edsonite Dennis Johnson playing for the Mackay team.

—Dennis Starro wandering around meeting former schoolmates.

—George Shand calling good natured advice to the umpire.

—John Gerlitz pitch-bitting in two separate games and coming through in old time style.

—Mr. and Mrs. John Kask and daughters, Joan and Beverly of Port Arthur are renewing friendships in Edson this week. While here they are the guests of Mr. and Mrs. Gerald Mahon. Beverly is staying at the home of Miss Joan Mahon.

GREEN ACRES . . .

By R. C. BOCKING, District Agriculturist

HAYING TIME
Good hay is sweet smelling, and bright green in colour. Your haying operations should be planned so that you will get this kind of hay into your stacks. It is important to handle your hay in a way that saves the leaves which contain much more protein than the stems.

Because a rain will mean losing about 80% of the feed value of cut hay, it is important to get it into the stack as soon as possible to avoid the frequent rains that usually occur in this district during haying time.

Most people make the mistake of delaying their haying too long. For top quality, all hay should be cut before the plants become mature and "wool". Alfalfa should be cut when no flower in ten is blooming, and red and white clover should be in full bloom.

If these points are kept in mind, your hay will pay off next winter and spring by putting more milk in the pail, more beef on the backs of your cattle, and producing bigger, stronger calves next spring.

R.C. WANTS BERRY PICKERS
Last week in this column I mentioned that men are wanted to go East for harvesting. Now the call is for women and girls over 18 years of age who would like to go to British Columbia to help in the berry harvest.

Berry Pickers are needed immediately in the Fraser and Okanagan Valleys. Train fares are reduced to \$10.00 going and \$5.75 returning. Pay is on a piece-work basis. This is a fine opportunity for girls and women who are free to be away for the summer.

For complete information and transportation warrants, contact my office at Dransburg as soon as possible.

FIELD DAY
A program of interest to district farmers and their families will be presented by the Lacombe Experimental Station on Monday July 11. The field day will be held on the farm of Mr. R. Weid, 7 miles north of Evansburg, beginning at 1:30 p.m.

Featured in the field day will be the results of fertilizer experiments. Fertilizers are of course very important in this area and district farmers will find these tests very interesting. Grain variety series have been tested also on the station at Evansburg, and results will be discussed.

The ladies will be addressed by Mrs. Margaret McCrimmon, the District Home Economist.

Films will be shown at the beginning of the afternoon, with a cartoon for the children and one of interest to farmers for the adults.

Films will be shown at the beginning of the afternoon, with a cartoon for the children and one of interest to farmers for the adults.

Display Kitchen Catches Eye Of First Crowds

The display of a new and modern kitchen, courtesy of Maxwell's Electric, W. Wilson and Son and Field Construction, was something that caught the eye of many who visited the arena on the 1st of July.

There were only three displays shown this year, but they made an impression for the small number. There was a display of Singer sewing machines with a variety of models both portable and cabinet styles with representative Bob Irwin there to demonstrate the many uses of this versatile machine.

Weaver Company had a showy display of shining cooking utensils of every variety, that shined even when the rain was pouring down outside.

The kitchen display was very attractive, showing something new in appliances. Getting away from the traditional cold white of the kitchen range, Field Construction had made the cabinets for the oven and range units in a warm natural wood with handy no-step height oven and cupboards and drawers above for convenient storage space.

The refrigerator and gleaming chrome stove units were from Maxwell's Electric and the lovely grey and blue chrome dining suite was from Wilson's Furniture Store.

PLEDGE VOWS IN MERCOAL

Mercoal United Church was the scene of the wedding that united in marriage Miss Ann Clarkson Watson and Mr. Norman Krammer, on Saturday June 25.

The Rev. W. D. Rade, assisted by Mr. M. Cogswell, performed the ceremony for the daughter of Mrs. S. Watson of Douglas, Scotland, and the son of Mrs. Mary Jones of Mercoal. Mrs. Marshall played the wedding music.

The bride who was given in marriage by her uncle, Mr. E. Blackwood, chose traditional white for her nuptials in a full skirted gown with lace overblouse and lace bolero over a strapless bodice.

Her attendants, the Misses Elizabeth and Beta Blackwood, wore gowns of aqua and lemon yellow respectively.

Groomsmen were Mr. George Watson and Mr. Gordon Krammer.

At a reception following the ceremony, the feast was prepared by Mr. M. Cogswell and answered by the bride's aunt and uncle, Mr. and Mrs. S. Blackwood.

Mr. and Mrs. Krammer will make their home in Mercoal.

Former Edson Girl Passes
Word has been received here of the death of Miss Francis Derrick in Edmonston.

Miss Derrick grew up here and graduated from Edson High School before taking training and graduation from Lamont Hospital as a nurse. After this she went with her mother to Toronto for a short time and since her return had been nursing in the Charles Campbell Hospital in Edmonston.

She is survived by her parents, Mr. and Mrs. C. C. Derrick, who live at Hope, B.C. Two sisters Mrs. Moody of Vancouver and Mrs. F. Davis of Ways Mills, Quebec, four brothers, Laurence and Bill of Hope, B.C. and Day and Tom of Edson.

The body was sent to Hope for interment.

Anglicans To Evangelize During '56

In 1956 the General Synod of the Anglican Church designated 1956 as a year of intensified evangelism. Committees set up at Church headquarters have now been supplemented by organizations at the Diocesan level. The Edmonston Committee has already begun to make plans for a comprehensive programme in Edmonston and surrounding area.

Directed in large measure towards those who call themselves "Anglicans" but are not linked with the fellowship of the Church the efforts of the Committee will extend beyond this to the whole mass of the "unchurched" in our community.

Preparatory steps recommended to the Bishop include: retreats to prepare clergy and lay people for this effort, formation of study groups in the different parishes for those willing to serve, and series of special services in the parishes prepared for them. The preliminary emphasis will be on the preparation of the faithful to reach the unchurched.

Miss Barbara Park and Don Gourley of Edmonston and Miss Jean Courley of Red Deer were visitors at the Courley home over the weekend.

Wrigley - Bosetti Vows Exchanged In Coal Branch Wedding

—Photo by Grant

St. Barbara's Church, Mercoal, was decorated with roses and carnations for the wedding on July 2nd of Diana Catherine Bosetti and Walter Gordon Wrigley.

The Rev. Father Redmond performed the 2:00 o'clock ceremony which united in marriage the daughter of Mr. and Mrs. Ray Bosetti of Mercoal and the son of Mr. and Mrs. J. A. Wrigley of Edmonton.

Mrs. Ellen Switzer was organist and soloist.

Given in marriage by her father, the bride was radiant in a white tulle length gown of nylon net ruffles over tulle. A crown headdress held in place her nylon veil which was inset with pearls and rhinestones. Her only jewelry consisted of rhinestone earrings. She carried a bouquet of red roses.

Attending the bride were Miss Ina Mae Hutchison of Vancouver, and Miss Evelyn Opheim in white length gowns of blue nylon with blue accessories and rhinestone jewelry. They carried bouquets of pink carnations and daisies.

Groomsmen were Joseph W. Ferguson and Robert Bosetti. Guests were ushered to their seats by Andrew Rucchio and Don Stein.

The bride's mother chose for her daughter's wedding, a greyish-mauve suit with white accessories and corsage of yellow roses. Mrs. Wrigley chose a bolero style suit of charcoal grey and pink with white accessories and corsage of roses.

Following the wedding a reception, to 100 guests was held in the Elk's Hall in Mercoal where a toast was proposed by Mr. J. Ferguson and answered by Mr. W. G. Wrigley. The bride's table was centred by a three tiered cake which had been made and decorated by the bride's mother. It was iced in pink with white rosettes and topped with a bride and groom ornament.

Leaving the next night for a honeymoon in Cranbrook, B.C. the bride donned a light tan suit with brown accessories.

On their return the young couple will make their home in Edmonton.

4-H's Plan Edmonton Trip

The regular meeting of the McLeod Valley 4-H Grain Club was held in the Peers school on Friday, June 24th. There were 13 members present.

The 4-H club members are going to Edmonton to the Exhibition. While in the city they will tour the University, the Parliament Buildings, a packing plant and a creamery.

We are sorry to hear that Gertrude and Judith Barnhart are moving and therefore won't be in our club anymore. Good-bye to Gertrude and Judith, they have been excellent club members.

All those going to Edmonton will meet at the McLeod Valley Ferry at 7 a.m. on July 4th. Mr. White will chaperone the boys and Mrs. Albert Birgman will chaperone the girls on their trip.

FILMS TO BE SHOWN

4-H films will be shown at Pulham school on July 22nd at 8:30 p.m. The films will be on methods of buying and other interesting subjects. Ladies please bring lunch.

Miss Jessie Thrift has left her position at the UIC office to begin work with North West Pulp and Paper at Hinton as secretary and staff photographer.

Word has just been received that Betty Durheim is the winner of the Swiss Award for the highest marks for girls under 14 years. This Swiss Award is an annual prize donated to the 4-H Clothing Club.

The Home and School picnic held at Niton Central school on June 30th was a grand success.

The weather was ideal and every district in the centralized unit was well represented.

Congratulations are in order to Mr. and Mrs. Tom Silk on the arrival of a baby girl.

Mr. and Mrs. Joe Morris and family, together with Miss Sabina Metman and Mr. Albert Novotny, Ed Niles and Betty Hinton spent a few days at Bear Lake last week.

Quite a number from these games took in the Edson Baseball games in Edson on Thursday and Friday and saw some mighty interesting girls games. Also noted one of our old time ball players from here in the person of Charlie Irwin who played around these parts for many years. He is now coach of the ACTVTS team in Edmonton.

Canadian Cancer Research

For more than 3,000 years cancer has been known as a destroyer of human lives. Studied without success as early as 400 B.C. by the ancient Greek physician Hippocrates, the malignant cancer cell is now the primary target in man's struggle against disease. The answer to why certain cells should suddenly reproduce themselves at the expense of the body has led modern researchers into genetics, biology and chemistry. They've studied the reaction of cells to stimulation, grown cancer experimentally in animals, and analyzed the very air we breathe.

Today's cancer problem is like a giant jigsaw puzzle. Science has some of the pieces; others are missing. To fill the gaps, scientists around the world are pooling information to arrive at a better understanding of the disease's nature that may someday lead to a cure. Until that day, early treatment and improved aids like the cobalt beam therapy unit, radioactive isotopes and new surgical techniques give the cancer patient more reason for hope than he has ever had in the past.

Injecting cancer culture into yolk sac of a fertile egg, for the study of cancer growth. Industrial development brings with it agents capable of producing lung cancer -- soot, waste products of oil industry, waste from processing of certain metals.

Equipment for the production of the radioactive isotope, Carbon 14, used as a "tracer" for locating cancer in the human body. Radioactivated discs of cobalt, housed in the Atomic Energy of Canada Ltd.'s beam therapy unit, have supplanted radium in cancer treatment.

Mice used in cancer research. Mice at upper right is partially paralyzed by implant of carcinogenic (cancer producing) substance; mouse held by scientist has been cured of cancer by injection of serum in flask.

Metabolic study of gases given off by mice is made by technician at Toronto's Banting Institute. Surgery, oldest and most widely-used method of treating cancer, has been greatly aided by development of antibiotics, improved pre- and post-operative care.

Former Edson Girl Wed In B.C.

Sixth Ave. United Church, New Westminster, was the scene of a double ring ceremony on May 27, at 7 p.m. when Miss Shirley Day, daughter of Mr. and Mrs. Elmer Tenney of Cusichan Lake, B.C., became the

bride of Mr. Joseph DeBodi, son of Mr. J. DeBodi of New Westminster and the late Mrs. DeBodi. The Rev. B. F. Enns officiated. The bride was given in marriage by her father. Her gown was of white tiered tulle with long sleeves. Her finger tip veil was of nylon net, held in place by

hundreds of pearls and net. She carried a bouquet of red roses and white carnations. Her jewelry was a gold and pearl necklace and carrying set, gift of the groom.

For her bridal attendant, Shirley chose her two sisters, Misses Sylvia and Sharon Tenney. They wore ballerina-length dresses of white tulle and white tulle and white tulle.

The two ushers, friends of the groom, were Messrs. John Hursey and Everett Peterson.

Calla lilies and snapdragons graced the church for the ceremony.

A reception was held at Nordic Centre Hall. Mrs. Tenney, mother of the bride, and Mrs. H. Person, sister of the groom, received the guests. Mrs. Tenney wore blue figured nylon with white accessories, while Mrs. Person wore beige nylon with red accessories.

The Hall was tastefully decorated with pink and white streamers and spring flowers. Two doves, each carrying a wedding ring, formed the ornamental top for the three-tiered wedding cake which was decorated with pink roses.

Mr. Dale Lowry proposed the toast to the bride and was master of ceremonies during the dance which followed.

For a wedding trip to Campbell River, B.C., the bride wore an airforce blue suit with pink accessories.

Out-of-town guests were: Mr. and Mrs. Ernest McGuire of Edson, Alberta; Mrs. Fred Olavik, Cumberland; Mr. and Mrs. Dale Lowry and Mr. and Mrs. Pat Lowry, Lacanville; Miss Joan Anderson, Lake Cowichan; Mr. and Mrs. Ray Tenney, Mr. and Mrs. John Riley, Mr. and Mrs. Bill Riley, Mrs. L. Stafford, Mr. and Mrs. Duma, Vancouver; Mr. and Mrs. E. Stalman and Mr. and Mrs. Doug Lee, West Vancouver; Mr. and Mrs. John DeBodi Jr., and Miss Florence Speck, of Hasty, B.C.

F.U.A. District Five Convention Draws Host Of Delegates

Sanguo — Parking space was at a premium in the village last Tuesday morning as delegates gathered for the District Five Convention of the Farmers' Union of Alberta.

They came from as far as Banff and Morinville, Transburg and McLeod Valley, Edson and Whitecourt. The morning session was held in the Elk's Hall, but

attendance so far exceeded expectations that it was necessary to move to the School Auditorium for the afternoon sessions.

There were 85 accredited delegates from the F.U.A. local: 13 district officials; a large group of lady delegates from the Farm Women's Union and 3 delegates representing the Junior locals.

Mrs. Armstrong, president of the F.U.A., Mr. Young, president of the F.U.A. and Mr. Log, an provincial organizer were also present.

Charles Sealey was elected District Director of the F.U.A. for the ensuing year with Jack Fuhr of Morinville as alternate director. Mrs. Jack Harold of B.C. Albert was elected Director of the F.U.A. with Mrs. L. Gibson of Morinville as alternate.

Mayor David Orvan welcomed the delegates to Sanguo, expressed his pleasure at seeing so large an attendance and emphasized the remarkable feature of such a convention was the fact that 125 persons representing no doubt many shades of political and religious convictions should manifest such a remarkable spirit of friendliness and co-operation. F. W. Higgins of Sanguo pronounced the invocation.

J. Fuhr and Chas. Sealey acted as chairmen of the convention. Mr. Sealey, District Director, reporting on the organization of the district which is roughly the same as the Jasper-Edson Electoral District, said that the membership strength of this district is at all time high, standing at 4480 members at the latest count.

Reports were received from Mrs. J. Harold, F.U.A. Director, J. Fuhr, District President, and from O. Hittiger, District Secretary. A report was also received from the Junior section. Numerous resolutions dealing with problems of interest to far-

We Look After Quality!

We have been serving our customers in the past with high workmanship and first grade materials. Leather tanneries are overworked with making first grade leather for army supplies and have only the second and third grade available for shoe repairing.

It cost us more to import leather, but we feel to protect ourselves and customers who are trying to get the best their money can buy. We are now importing this leather tanned out of the best selected first grade cowhide with no extra charge to you.

That is why we have not only the name but a name you can depend on, giving you the best value your money can buy.

OPEN DAILY FROM 9:00 A.M. TO 11:00 P.M.

Orioles Win

Continued from page 1
Thursday, June 30, the Onaway team took the Hinton Mustangs 11-0 and the second game saw the Edson Athletics take the Edson Outlaws to the tune of 15-1.
MacKay took the Coal Branch Coal Kings 15-3 in the first game of the day.

JUVENILES MEET CITY

At soon on the 1st the favorite Edson team, our Edson Rockets met the Edmonton Canadians in a game that was also the first of a best-of-three series in the Alberta Provincial Playdowns. The local lads took a 4-0 loss. Next game in this series will be in Edmonton's Clark Stadium this coming Sunday afternoon.

ONWAY TAKE MACKAY

The Orioles from Onaway qualified for the final game with Edson by taking the MacKay nine in a game that saw them win 4-3. The Edson Athletics qualified for the final game by taking the Juvenile Canadian city team out of the play to the tune of 8-4.

WRESTLING CARD

To wind up the day at the park promoter "Bull" Therien produced a wrestling card that saw Cerd Bancroft from Montreal tangle with Steve Reisman of Edmonton for three falls.

Leo Therien and Nick Albert of Edmonton met Rocky Wagner and Roy Forrest, also of the city, in an athletic exhibition.

Star attraction of the card was Ruby "Bwede" Anderson and Lucy Martin when the gals got real rough with the referee and found themselves disqualified.

To wind up both nights the crowds in town were able to attend special shows at the local cinema and dance to Western music in the Legion Hall.

FURTHER FLORAL TRIBUTES

FOR MARY ELLEN GOSNEY

The following names were inadvertently omitted from the floral tributes of Mary Ellen Gosney: Anny Gladys and Uncle Jim, Calgary; The Newsons, Edmonton; The Newsons, Willow River, B.C.; The Penningtons, Willow River, B.C.

DEAR JOHN

(To the tune of "Dear John")

Dear John—Oh how I hate to write.
Dear John, I must let you know what's right.
Your sportsmanship did die
On First day of July
We hope not to see another—

Dear John.

Poor old ump—they are always wrong
If t'was you, would be a different song.
All your baseball team needs now
Is ten umpire suits, and how,
You could win without a blackeye.

Dear John.

The Edmonton Leader

The Voice of Edmonton Community

Vol. 3 Edmonton, Alberta, Thursday, July 14, 1935 No. 14

Main Street Paving Contract Let By Council Tuesday

There were only two tenderers for the paving contract for Edson's main street from First Avenue to Sixth when the Council opened the tenders on Tuesday evening at their regular meeting.

The low bid was received from Everall Contracting Co. Ltd., in the amount of \$27,560.00, while a Jasper firm, Yellowhead Contracting Co. Ltd., bid \$31,759.00.

It is expected work will commence immediately.

Other business considered by Council at their Tuesday night meeting included:

Present at the meeting were Mayor Burleigh and Councillors Mahon, McIntyre, Nigro, Switzer and Tucker.

Lease: Mr. Adolph Schermer addressed Council in support of application for lease and option to lot 5, block 4. It was moved that lot 5, block 4 be leased with option to purchase to Mr. Adolph Schermer on payment of sum of \$100, 850 land sale and \$50 to cost servicing, and undertaking to erect house as specified, and that building permit No. 971 be approved.

Lease: It was moved that East 1st, lot 7, and lot 8, block 64, be leased with option to purchase to Dr. J. E. Crawford on payment sum of \$150, 975 land sale and \$75 to cost of servicing, and his undertaking to erect a house according to plans submitted.

Building Permits: It was moved that the following building permits be approved: Edson School Division, lot 4, block 38, office, 39,415; Edson School Division block 38-68, school, 134,829; Edson School Division, block 47, school addition, 41,046; F. Craig,

Former Edson Boy Promoted

A paid announcement in the Edmonton Journal this week told of the appointment of a former Edson boy, R. H. "Bob" Laurence as the manager of exploration for Western Canada with offices in the Lancaster Building, Calgary, for the Superfirst Petroleum Corporation Limited.

Bob is the son of Mr. and Mrs. J. L. Laurence, former long time residents, now retired and living at the Coast.

Bob received his earlier schooling here and following service with the RCAF in the second World War in which he was awarded the DFC for his services, Bob went to the University of British Columbia where he graduated and later took a post school course in geology.

OFFICIAL COUNT

The official count conducted by Returning Officer Haried Chapman with representatives of the three political parties showed that the Hon. Norman W. Miller had a final 323 lead over his nearest rival, Mr. Bill Switzer in the June 29 vote.

The final tally for the Social Credit standard bearer turned out to be 2539 votes; 2146 for Bill Switzer and the Liberal party, and 1961 votes for Mr. Tom Booker and the Conservative party.

There was a total of 445 spoiled ballots and 22 cancelled ballots for one reason or another.

One of the Whitehorse polls, we have been given to understand brought forth a ballot marked across the right hand side in good handwriting the notation that "this is a communist vote." Which would seem to indicate that we either have a communist on our hands or else a crank with a queer sense of humor.

Popular Edson Son Dies Suddenly

The host of friends who knew William Henry Harrison King, more familiarly known as "Bud" King, were shocked to learn of his death at Illston on Monday of this week.

The late Mr. King is survived by his loving mother, Mrs. Alice King, of Edson; his brother, Matt, of Edson and his sister, Mrs. C. Hughes, of Edmonton.

Funeral services were held from Sacred Heart Church, Edson, on July 13 at 10.00 a.m. Rev. B. W. Malone, C.S.B.R. officiated, assisted by Rev. I. A. Shalla, C.S.B.R. at the Requiem High Mass. Rev. J. G. Redmond, C.S.B.R. and

Craft Members At Banff School Of Fine Arts

The Edson Craft Centre is well represented this summer at the Banff School of Fine Arts.

Attending a six week weaving course on one of seven \$250 scholarships is Mrs. George Gentry. These scholarships are given by the Dept. of Economic Affairs to members of either weaving or ceramic classes in the different craft centres throughout Alberta.

As Edson was represented last year in the ceramics course it was felt the Centre as a whole would benefit to a greater extent by a member of the weavers attending. Mrs. Gentry will now be able to help with instruction of weaving in the local Centre.

Mrs. Galea Kodo, scholarship winner in the ceramics course last year, has returned to Banff this year as an instructor for the six week period. Since taking the course last summer, Mrs. Kodo has also instructed in the art of pottery making in our own Centre at Edson and in a six week course at Camrose when their Craft Centre was started last winter.

"My Dad Built It"

Pictured above is Bobby LaRose in his prize winning mid-ge car which was designed and built by Bobby's father Mr. Will LaRose.

Mr. LaRose, a mechanic at Edson Motors, made the car in his spare time for his three boys and we'll bet he had as much fun building it as the boys have driving it. The car is powered with a washing machine engine and built of odd pieces of old cars and whatever else was needed to make it runable. Bobby caught everyone's eye when he entered it in the Klondike Day Parade, and won a five dollar special prize for it. He was a pretty proud boy when the judges asked him to demonstrate for the crowd in front of the grandstand that day and obviously he has something to be proud of. It isn't every boy who can say "My dad built it for me, and it really runs."

Poole Construction Set Up Offices For School Building

At the regular meeting of the Edson School Division No. 12 board on Tuesday of this week it was made known that Poole Construction Co., the principal contractor in the more than \$600,000 building program for the Division had set up a temporary pay office in the new school building and that actual construction work on the big building program would start early next week.

Among the buildings to be constructed is the eight room elementary school in Edson, an addition to the high school, a high school industrial arts shop, and a divisional office building in Edson; a new school at Fulham, Peers, Niton, Wildwood and Evansburg.

Of the whole, the most urgent is the elementary school at Edson as well over a hundred business have registered as intending to start school here next term. Last year there were just over 90.

NO LEADER FOR TWO WEEKS

In spite of what some of our readers may maintain to the contrary, the people who work on this newspaper are almost human, being mainly human we all yearn for the chance to knock off from the grind and get in a little fishing, sightseeing or just plain get a tan in the back yard.

With this very human desire in mind we have decided to ship two issues and just loaf around for two weeks in common with a custom that has arisen among our contemporaries in the publishing business since the war.

The next issue of the Leader will be dated August 4th in which edition we will attempt to bring you a breath of the news in our community.

EDSON'S GROWING UP

Proof that a town's growing up is said to be evident when the civic administration starts in digging up the streets and lanes for this and that—sewers, telephone lines, sidewalks, etc.

This week we detoured no less than eight times for sidewalk construction, a culvert being put in, the side road along 4th Avenue being filled in, and a couple of cases of sewer ditching.

This is good—Our Town is getting there in a hurry now we seem to have broken past the two thousand mark in our civic population and starting to push against or even past the three thousand mark (when the suburbs are counted).

While visitors to Edson this year have noticed our improved Main Street lighting standards they have always remarked on the dust too. This year we have been able to say that the first six blocks of Main are scheduled for bare-repaving this summer, which should end Main's dust anyway.

We have often heard that the minute paving is down the civic works department immediately begins to tear it up again to put in a sewer or water line. Our Town authorities have tried to anticipate this criticism by having the service lines dug into every vacant lot and un-serviced piece of property on Main Street that might be used in bare-repaving this summer. We have our fingers crossed for them on this.

These improvements are overdue and urgently needed to keep Edson in its place of leadership in the vast area west of Edmonton. We are pleased to see evidence that we intend to maintain that lead.

ALL ABOARD

By G. E. MORTIMER

If you have a weak stomach, stop reading here. The subject at hand is foreign travel in the food. Inhalants of hot countries, said, and hope he got the rescue a living ant from the sun and much what remains with great reluctance.

Old country produce to be concerned about vermin in the plate hoping to find the nail hard task. However, the majority of us are more squeamish.

A piece of thumbtack in the salad proved a tough problem for a friend of mine. He helped of his wife prepare a salad for some out-of-town guests who were arriving soon. Then he began to smother himself up. As he was flipping his nails, a piece of thumbtack flew up and described a three-foot arc into the salad.

He pulled gingerly around in search of the foreign object. No sign of it. Just then there was a knock on the door. The guests had arrived.

My friend was faced with a rapid decision: throw away the salad or keep it? The cupboard was bare. The thumbtack was scrubbed clean, but still . . . what to do?

THE ALBERTA SCENE

By KEN MASON

Edmonton—What does Premier Manning plan to do about the gaping holes left in his cabinet by the June 28 provincial election? That's the big question in Alberta politics these days.

When the final results became known on Wednesday of last week, the Social Credit party had been returned to power with 37 seats and a voting majority. But three cabinet ministers had been defeated in their ridings.

Mon. Lucien Maynard, attorney-general, lost out to Liberal candidate Arthur Souter in St. Albert riding. Mon. C. E. Gerhart, provincial secretary-treasurer, was defeated by Liberal Leo Sims in Acadia-Cornwall riding. Mon. Ivan Casey, minister of lands and forests, was replaced in Okotoks-High River by Ross Ellis, independent candidate with Liberal and Conservative backing.

The defeat of Mr. Maynard left the Social Credit party without a lawyer in the legislature. The opposition, on the other hand, now have four lawyers—three Liberals and a Conservative—when the house meets for a special session in August.

Besides Mr. Maynard, Social Credit lost Michael Poulos of Vegreville, the only other lawyer it had in the last house. Mr. Poulos was the Social Credit party whip.

This leaves the premier without an attorney-general in the legislature, and he faces a difficult job finding one. Sources close to Mr. Maynard say he will be satisfied to retire from politics. Before the snap-election was called, there were persistent rumors that he planned to retire from public life. Mr. Gerhart and Mr. Casey have declined to comment on their future plans.

There are several alternatives open to Premier Manning. He can redistribute duties among present members of the cabinet, elevate some back-benchers to cabinet rank, or run his defeated ministers in by-elections at the expense of other elected Social Credit members.

If the premier decides to redistribute cabinet duties, he may take on the attorney-general's portfolio himself. There is nothing in the rules which says the attorney-general must be a lawyer. The late Premier Abbott, a high school principal and evangelist, served as attorney-general for some time.

Mr. Manning was provincial treasurer until late last year when he turned the portfolio over to Mr. Gerhart, as he is familiar with that cabinet position in case the decision to take it back again. Among the back-benchers he might choose for cabinet, John P. C. Colbourne, re-elected in Calgary.

Edson's riding of Acadia-Cornwall, Mr. Gerhart was head of the first cabinet, but didn't win the seat. So the premier's choice for attorney-general is a lawyer. The late Premier Abbott, a high school principal and evangelist, served as attorney-general for some time.

WE LAUGHED AT THESE

The advantage of being bald is that when you expect callers, all you have to do is straighten your tie.

Captain, trying to be polite to a feminine guest at the mess: "I won't offer you a drink, seeing you are head of the Temperance Union."

"I am not head of the Temperance Union, I am president of the Anti-Vice League."

"I am not head of the Temperance Union, I am president of the Anti-Vice League."

"I am not head of the Temperance Union, I am president of the Anti-Vice League."

French lawyer pleading for an attractive transgressor: Gentlemen of the jury, shall this charming young lady be sent into a lonely cell, or shall she return to her beautiful little apartment at 23 Rue Neuve. Telephone 684223.

There isn't anything uglier a woman quite so much as having company drop in and see the house looking as it usually does.

A hypochondriac told his physician that he had a fatal liver condition. "Nonsense," said the doctor, "you wouldn't know whether you had that or not, with that condition there is no discomfort whatever."

"My symptoms exactly," said the man.

The man had his nose in the newspaper and the wife was feeling unusually neglected. "You are so busy with the newspaper as you used to be, I'm complaining. Have you stopped reading me?"

Barre you go again, answered William. "Stoppage, I love you, I adore you, I love you more than life itself. Now shut your big mouth and let me read my paper."

The CCF second choice, compared with 90 for Gerhart. The second round gave the Liberal a margin of 361 votes.

The third followed a similar pattern in many other constituencies, and the result was a big decrease in the Social Credit popularity.

In view of this, the premier may wait for some time before taking any action—possibly until the impartial investigation has been promised into the charges leveled against his government during the election campaign.

In the meantime, his defeated ministers can sit in the cabinet indefinitely. The only thing they can do is sit in the legislature.

Mr. Manning has remained silent on his plans so far, but the province will be anxious to hear an announcement.

IN MEMORIAM

In memory of Ray Berghout son Jack of Leduc, Saskatchewan who passed away July 10th 1964, were visitors in Edson for a few years. Pleasant manner and days, re-creating friendships made cheerful smile are sadly missed, while Mr. Potts was employed. Sig. Marie, Fred and Stan here.

Saturday Bride Honored At Showers

Miss Joy Rukavina, a bride of this Saturday, has been the guest of honor at a number of showers over the past two weeks.

On Sunday, July 11, 20 school chums of Joy's met at the home of Miss Anna Lavin, hostess of the evening, where with co-hostesses, Evelyn Tiplish and Leigh Dakin, they proceeded out to the river for a winey row and all the fun that goes with it.

Joy was recipient of many lovely and useful gifts at this shower as she was at the more conventional one held at the Rukavina home on Wednesday, July 10.

With Bessie Bales and Anne Krpan hostessing the party and Miss Anna Lavin and Mrs. Rukavina acting as co-hostesses, 25 girls gathered at the Rukavina home to spend an evening at home and to present their gifts and best wishes to Joy on her coming marriage. The evening ended with the serving of a delicious lunch.

We Look After Quality

We have been serving our customers in the past with high workmanship and first grade materials. Leather tanneries are overworked with making first grade leather for army supplies and have only the second and third grade available for shoe repairing. It cost us more to import leather, but we feel to protect ourselves and customers who are trying to get the best their money can buy. We are now importing this leather tanned out of the best selected first grade cowhides with no extra charge to you. That is why we have not only the name but a name you can depend on, giving you the best value your money can buy.

GREEN ACRES . . .

By R. C. BOCKING, District Agriculturist

WATCH THAT BULL
Every year, trade accidents occur through lack of care in handling bulls. This is particularly true with dairy bulls which have a tendency to be harder to handle than bulls of the beef breeds. Many excellent animals are shipped when they become angry because the owner does not wish to take the risk of injury while handling him.

In order to keep the bull longer than two or three years, a proper paddock and breeding chute should be supplied for him. It is good if the bull can have a shed of his own, but where this is not practical, a box stall is satisfactory. Plans are available at my office for the construction of a Bull Pen and Breeding Chute. The use of such a pen will result in much less danger to the farmer and his family and will make it possible to keep bulls to a much older age.

SHEEP TICKS COST MONEY
A large number of our sheep on the farm are heavily infested with "sheep ticks." Often in the spring lambs show heavier tick infestation than older ewes. These infested fleeces always lack the bloom and condition which is found in tick-free fleeces. Also, where there are no ticks the fleeces sheared are always heavier.

Sheep should always be treated for ticks after shearing, either by spraying, or by dipping in a solution containing "Lindane," "Creosote" or "Rotenone." These products have complete directions on the package as to how they should be used.

Sheep are one of our most profitable types of farm animals. Treatment of your flock for ticks will bring you a larger share of the profits.

has in print many pamphlets and booklets of interest to farm women. Such topics as Meat Planning recipes, Farm Cheese Making, Salads, and Salad Making are found in these booklets.

If you are thinking of decorating your home, booklets are available which will be of great assistance in painting, wallpapering, flooring, painting, hanging and so on.

Many farm women are experts in these fields, but, these booklets have many hints which might make tedious jobs easier. They are available at my office at any time.

June Books For Library

The following books have been placed on the shelves of the Edson Library during June:

The Seagull (The Step, Boyle); Lostwood Lodge; Earle; The Downy Hammer; Dool of Wile, P. Church; The Scorchers; Lenay; Onions in the Snow; MacDonald; Our Mrs. Mags; Corbett; Venture into Darkness; Hobart; The Two Jacks; Bird; Partisan Journeys of Hercule Poirot; Christie; The Case of the Telling Bug; Gordon; Alberta Jubilee Anthology; Murder Makes an Entrance; Kelland; Artificial Respiration; Garland; Six Ventures in William; Smith; Hughes; Son of the North; Cornell; Teen; Orchids for a Nurse; Humphries; Barn of the Bull; Pen; Freidrich; Run Away Nurse; Hamill.

Mr. and Mrs. Dave Hickey of Edmonton were brief visitors at the home of their daughter, Mrs. Will LaRue this week.

CARD OF THANKS

I would like to take this opportunity to thank immigration, deputy returning officers, police, clerks, interpreters, constables and any other election officials who made my job as returning officer much easier.

Harold Chapman

Tips on Touring

By Carol Lane
Women's Travel Authority

Litter left behind at a camp or picnic site may be a sign of past enjoyment but it's a future headache for fellow tourists. If you've ever stopped at a spot despoiled by its former occupants, you know that a "litter-bug" wrecks more havoc upon picnickers than ants or other insects possibly could.

Litter is unnecessary because it's so easy to leave a neat trail behind you. Picnic grounds and roadside parks are usually equipped with a trash receptacle for "leftovers." If you've had a barbecue, weiner roast or steak fry, do what I do—bury the signs of your fire. If no bin is handy, take along your litter for disposal later.

Some people leave picnic and camp sites neat, but litter up the insides of their cars. When you travel, your car is your home away from home. Keep it as neat and "picked up" as you would your own living room. Other travelers preserve the neatness of their cars at the expense of the nation's highways—by "marking" their trail with refuse. It's easy to avoid either refuse or litter in which to store your trash temporarily.

It's easy to be a good Samaritan when you travel. Make sure that future drivers, campers and picnickers will not be the victims of your untidiness.

Trail News

Mr. and Mrs. Affolter Sr. attended the funeral of Mrs. Affolter's sister in Calgary.

A. Koloske is in Edmonton last week.

Mildred Koloske is visiting at the home of her brother.

Mr. and Mrs. H. Affolter Sr. have left on a motor trip to the United States.

Mr. and Mrs. C. Larson motored to Edmonton on Saturday.

A surprise party was held for Mrs. C. Larson on the occasion of her birthday, Friday, July 8.

Mr. and Mrs. Jack Wilson of Santa Lookout, Ontario, spent last week visiting at the home of Mr. Wilson's brother, Mr. and Mrs. Harry Wilson.

Mr. and Mrs. Rod Gregg and family are holidaying at the home of Mr. Gregg's mother at Humeau, B.C.

FULTON-BANNISTER PIPE LINE CREWS REALLY WRAPPING AND DITCHING

Edson district is in the midst of another pipe line building spree with the job of building the connecting line from the Sturgeon Lake field north of Edson to the Trans-Mountain Line pumping station five miles west of town.

The contractor, Fulton-Bannister Co., appear to be an efficient hard driving company and their men have been taking

advantage of the fine weather to get as many miles in and covered as they can.

Upper left shows the pipe arriving by rail in the CN yards; upper right shows the machine which wraps the pipe within the asphalt-base material to preserve it in the ground; lower right shows the start of the line just west of the pumping station.

MacKay News

Mrs. Ruben Koblentz and children of Hinton, are visiting at the home of her sister, Mrs. C. D. Batey.

Gary Maclellan spent the week-end visiting with his grandmother, Mrs. C. A. Durston.

Wade Batey is putting in part of his holidays visiting with his

uncles, Jack and Denny Keith, at Hinton.

Tom Silk made a trip to Edmonton last week, bringing home with him his new baby

daughter, Betty Ina.

Meeting of the Home and School was held at Nitem Central School last Friday evening.

The main topic of discussion was regarding the teaching of grade 12 this coming term. There are many around here who are opposed to sending their children elsewhere for Grade 12 if any way can be found to have it taught here at home.

Mrs. C. Batey spent a few days in Edmonton last week, doing a little shopping and visiting with relatives in town.

Susan Robinson is visiting with her sister, Mrs. Robert MacKay of MacKay.

Mr. and Mrs. Tom Riding were out to Edson from Edmonton for a few days, renewing acquaintances.

**Fish & Game
To Get****Pheasant Chicks**

The local Fish and Game Association have received word from from Kamloops, B. C. that they will receive a shipment of 100 pheasant chicks the end of this week.

This is a definite beginning of the project started last spring by the Association to plant pheasant in this district. Up to that time

they had tried to interest the parent association in the project with no success. The provincial association, saying pheasants were not able to winter in our climate and cover, did not feel willing to risk the experiment.

The local branch decided to try planting them to prove on their own that pheasants could survive and increase in this district, so started a pheasant fund and ordered baby chicks from a man at Evansburg who raises pheasants as a hobby. Due to the wetness of last season however, Mr. Taylor's settings of eggs did not hatch. This seemed to be a province wide problem.

This spring the Association decided to try again and ordered six weeks old chicks from a Kamloops hatchery.

Two weeks ago a few Fish and Gamers spent two evenings building a wire pen in preparation of the chicks arrival. This pen is on the farm of Mr. Perc Young at Peers, where the chicks will be taken care of till they are ten weeks old, when they will be turned loose in the Peers-McLeod Valley district to fend for themselves.

There will be as close a check as possible kept on them to see how they survive this winter and the many other hazards that face them, but the Fish and Game Association have great faith in the success of their experiment.

The chicks will have to be fed for four weeks before they can be turned loose and contributions

to their food fund would be very acceptable and may be left with Supply or with Sig Hoffman at Elmer Ahlf, secretary of the local Edson Motors.

Edson Cadets Enjoy Army Camp Life This Summer

Vernon, B.C. — Three Edson boys, Donnie Foster, Robert Bolton, and Alvin Lyons, are among more than 600 B.C. and Alberta Army cadets now in camps in this Okanagan Valley centre taking seven weeks training.

Representing more than 80 cadet corps in the two provinces, the teen-aged youngsters travelled here by road, rail and are from home towns located from Vancouver Island to the Saskatchewan border.

Courses during the seven-week program are split into two main categories. These are the Senior Leaders' Wing training more than 400 boys as instructors in infantry subjects for their own corps; and "D&D" Wing training 200 youngsters in driving and maintenance of three-ton Army trucks. Other boys are training as rifle coaches. Training is undertaken by Regular Army, Militia and Cadet Services of Canada officers and NCOs assigned to cadet training for the summer.

Two other Edson lads, John Bulas and Roy Verex are in camp at Jericho Beach, Vancouver, B.C. where they are taking special courses. Another Edson boy, Larry Adams, is taking a shorter course with the Army at Calgary.

District Lad Accident Victim In The East

Mr. and Mrs. Frank Lederer of Edson have received word of the death of their oldest son, Frank Jr., in a drowning accident which occurred last Sunday afternoon in Eastern Canada. Details of the accident are not known.

The deceased, who was 31 years of age at the time of his passing, is survived by his parents, Mr. and Mrs. Frank Lederer Sr. and four brothers at home in Edson.

The body is being brought to Edson for burial.

Mr. Barney Cooper is in an Edmonton hospital where he has undergone an operation on his eye.

Mr. and Mrs. Odie Field were Edmonton visitors to the wedding of their nephew, Mr. Murray Beck.

Peers Old Time Picnic Next Week

The annual Peers and District Old Timers picnic is to be held at the picnic grounds just north of Peers next Wednesday, August 10.

Featured during the day will be treats for the kiddies, baseball games between Mahabala, Peers Juniors and the Old Timers.

With other events such as tug-of-war to test the skill and muscles of the men of the day will have something for all even if moon does have to worry about how much pay the tide have had.

To top the evening off there will be a big dance in the Rainbow Hall.

This year it is hoped to use some of the proceeds from the day to provide a scholarship for deserving students at Peers school.

Mrs. C. Younie Laid To Rest

Mrs. Charlotte Younie, an old time resident of Edson with her husband for many years, passed away at the Coast on July 24th at the age of 87 years.

Mrs. Younie was predeceased by her husband Alexander in 1937 and leaves one son, Alex in Vancouver, three grandchildren and four great grandchildren.

Funeral services were conducted from the Edson Funeral Home on July 27 by the Rev. George Robinson and interment was made in Glenwood Cemetery in the family plot.

Flowerbearers were Messrs W. H. Yurko, H. Goldstick, John Thomson, G. Mahon, John MacDonald and J. Gavrie.

Funeral tributes were received from:

Alex and Laverne; Trudy and Jim; Doreen and Joe; The McNeill Family; Alex and Nell; Mr. and Mrs. J. Garvie; Mr. and Mrs. John Thomson and Family; Mrs. John Walker and Family; Mrs. F. A. Whiteford and Margaret McKee; Edson Lodge A.F. and A.M. No. 65; Mr. Franklin and Mildred Clarke; Edith and Harry Wilson.

Edson Funeral Home were in charge of arrangements.

New Portfolio

NORMAN A. WILLMORE
In the Provincial Cabinet re-organization following the June 29th election the Hon. Norman A. Willmore has been named to the post of Minister of Lands and Forests. He formerly held the portfolio of Minister of Industries and Labor.

Paul Kuskie Dies Suddenly

The many friends of Mr. Paul Kuskie were shocked to learn of his death on July 28 at the age of 37 years.

Mr. Kuskie was a well known locomotive engineer with the CNR here.

Besides his loving wife, Mr. Kuskie is survived by one daughter, Mary, at home, and one sister, Mrs. Irene O'Connor, in Wisconsin, USA.

Funeral services were held Friday, July 29, from Sacred Heart Church in Edson, the Rev. E. W. Malone, C.S.R. officiated at Requiem High Mass, and interment was made in Glenwood Cemetery.

Flowerbearers were Kenneth Semanick, Nick Kutya, Pat Hawkins, Wm. McDonald, Frank May and Fred Reynolds.

Spiritual and floral tributes were received from: Loving Wife and Daughter; Loving Sister, Mrs. Anna; Frank and Family; Jean, Ted, and Family; Viv, Anne and Pat; Mathilda, Harry and Family; John Antoniak and Family; Mike Seldan and Mother; Management and Staff, Home Edson Lodge A.F. and A.M. No. 65; Mr. and Mrs. Jack McDonald and Family; Mr. and Mrs. P. Polyniak and Family; Mr. and Mrs. H. A. Switzer; the Golicz

Meeting Called Re Hinton Development

Hinton, the new and the old, are wondering what the Sports Day scheduled for Saturday is going to mean. It's not often that such a newly expanded community runs into the problem that faces long-time residents and the new arrivals.

Saturday night in the old townsite is something to behold already, what with an estimated 2,500 people in the immediate vicinity now. The large majority of this population consists of men who are employed building the new pulp mill, construction men from the highway, contractors or men employed by the new business establishments just starting up.

Many of the new arrivals have been plagued with the problems arising from makeshift arrangements to handle the heavy influx of workers. The ones exciting the most sympathy are the dozens who have suffered through varying periods of "summer complaint."

Which points out a health problem, that is gradually being remedied. Another cause for concern is the lack of on-the-spot police protection. So far it has not been needed, but residents are worrying about it.

The public hearings called for 2:00 p.m. Thursday, August 11th, in the Canadian Legion Hall, Hinton, for the purpose of a public meeting on the problems faced in the building of the new town. The meeting has been called under provisions of the Interim Development Order of the Provincial Department of Municipal Affairs as part of the Town and Rural Planning Act.

A copy of the development order has been placed in the following places in the district: The Terris Lumber office near the Jasper Park Gates; Skaggs & Storey in Hinton; and the office of Brule Lumber Company in the Hamlet of Brule.

Details of the area affected in the Town Planning order can be seen in the advertisement on page 11 of this issue.

Former Edson Boy Drowned

Word was received here last month that a former Edson lad, Wallace Aiken, son of Mr. and Mrs. Jack Aiken, had been drowned in a lake accident near Kamloops, B.C.

Mr. Aiken was the former light and power supervisor for the Town of Edson prior to his accepting a position with Trans-Mountain Pipe Line Co. in British Columbia.

Bryan Garage Fire Destroys

The Bryan Mountain Motors at Babb was destroyed by fire on Monday afternoon, August 1st.

The origin of the blaze is not definitely known, and no flames spread so quickly that nothing could be saved.

The school bus, and a car owned by Mr. Ed Aikens were also destroyed.

The garage was owned and operated by Leonard Charle...

500 Pints Of Blood Wanted

The mobile Red Cross Blood Clinic want to come to Edson on Monday and Tuesday Sept. 1 and 2.

Last time they were here they had not, but there were quite a few had put their names down as a donor and then for one reason or another never showed up to give their blood needed blood.

This trip the Clinic hope to get 500 bottles from Edson and district when they make their visit in September.

Mr. and Mrs. Orie Sutherland of Edmonton are visiting friends and relations in Edson this week.

—Alfred Lord Tennyson.

Agriculture Dept. Announces New Swine Policies

Following are new policies announced by the Alberta Government regarding the purchase of purchased hogs through the Department of Agriculture.

1. The Department will contribute \$10 toward the purchase price of each hog costing over \$30, and \$5 toward the purchase price of each hog costing \$20, or less.
2. The Department will pay the transportation charges on the pure bred hog delivered to the nearest railway shipping point of the applicant, unless otherwise agreed upon between the Department and the applicant.
3. Hogs depending on size, age and breeding quality will be supplied under this policy at prevailing prices when hogs are delivered.
4. Hogs under five months of age will not be supplied.
5. Inasmuch as the intention of this policy is to improve the quality of commercial hogs in Alberta, it shall apply only to commercial breeders and only to hogs purchased in Alberta.
6. Application for a hog under this policy must be made on Form "A", available at the District Agricultural Office. The application must be made direct to the Live Stock Branch, Alberta Department of Agriculture, or to the District Agriculturalist serving the applicant's district.
7. Each application must be accompanied by payment in full, less the amount of the Department's contribution. The Department reserves the right to refund the applicant's payment if a suitable hog cannot be obtained.
8. All hogs purchased under this policy shall be registered by the breeders from whom purchased, and the pedigree shall be transferred to the new owner.
9. No applicant will be provided with more than one hog in any one year, and no applicant will be able to secure a hog under this policy in any two consecutive years.
10. Hogs supplied under this policy, until further notice, shall be of Yorkshire or Tamworth breeding.
11. The Department will exercise reasonable precaution in the selection of animals under this policy, however as these young hogs are untried as breeders, the Department cannot assume any responsibility under any circumstances on any hog or after date of delivery to the nearest railway shipping point of the applicant.
12. The terms of this policy do not apply to transactions made directly between a buyer and a breeder.

SWINE IMPROVEMENT POLICY

Purchase of Pure Bred Boars at Contributor Sales

1. The Department will contribute \$10 toward the purchase price of each boar costing over \$30, and \$5 toward the purchase price of each boar costing \$20, or less.

Songstress Vs. Brawny Brave

Dainty singing star of Canadian radio and television, Lorraine McAllister trounced the rock-mot off-buty Indian Chief Split Cloud in an uneventful but exciting contest at a Sportsman's Show in Vancouver. Augmenting her 180 pounds of pique with 30 pounds of McCulloch Chain Saw, Lorraine ripped through the test timber way ahead of her worthy opponent who was equipped with an old-fashioned buckskin. The Chief had a 10-second handicap too.

GREEN ACRES - - -

By R. C. BOCKING, District Agriculturalist

Barnyard Gold
One of the finest (and cheapest) fertilizers which is available is barnyard manure. Yet, on farm after farm we see manure, collected over the years, piled behind the barn. During the time that he has been growing the fertility of the soil and crop yields have been dropping.

It has been said that one of the most profitable expenditures a farmer could make would be to hire a tractor, loader, and spreader and have all his manure spread on the fields.

If this cash expenditure, which can be avoided by doing the job yourself, is profitable, how can we afford to leave unspread any manure which we have on the farm? Ordinary barnyard manure not only contains the nitrogen, phosphates and potash so important to plant growth, but adds organic matter which is badly needed by most of our gray wooded soils. Every ton spread on your land is money in the bank.

An Eye-opener
Last week I was able to attend the field day held by the University at the Breton experimental plots. These plots are located on gray-wooded soil much like that found through most of this district. The results of the tests carried out on these plots have to be seen to be believed.

On one of these plots where a straight grain rotation has been carried on, crops are this, light in color, short and not yet in shot blade. Where clover crops have been grown, crops are better. But where sulfur-bearing fertilizers such as ammonium phosphate 16-20 have been used on clover crops, grain crops are headed out, well stooled, and rich green in color as well as being much taller. Similarly, hay and pasture mixtures containing clover or alfalfa which have been fertilized are far

Mahaska W.I. Holds Meetings

The Mahaska W.I. meeting of June was held in the home of Miss Ruth Conn with Vice-President Mrs. F. Johnston in the chair. A discussion on having a chess day at the cemetery was decided for July 23. Everyone was asked to bring books, rakes etc.

A questionnaire was read by Mrs. Y. Johnston in citizenship in which all took part and was enjoyed by all.

Our July meeting was held in

the home of Mrs. Ruby White with President Mrs. Ann Strongman in the chair.

A report on handicraft at the school picnic was given, also a discussion for the W.I. picnic was arranged that was held July 16. Bazaar, ball games etc. were enjoyed by all.

The rug that was raffled at the Home and School meeting was won by Mrs. Art Barnes.

The next meeting to be held at Mrs. H. Haddock's.

Mrs. A. E. Newington and children left for Port Alberni this week to visit her sister, Mrs. Sullivan and family.

Mackay News

The usual correspondent for Mackay district, Miss Marilyn Archibald, has gone to Edson where she has taken up a position for the holiday months.

A huge black bear with a two year old cub were seen last week around the garbage can at the Mackay Corner Store. The bear quickly disappeared when interrupted by residents of the cabins there.

We are pleased to report that Mrs. James Haggart is recovering from her recent operation at the Royal Alexandra Hospital in Edmonton and that Mrs. Jack Atwell has returned home from the same hospital after a prolonged stay there.

Three local boys, Timothy and Peter Gough and Monty Brown left by bus on Monday for the Anglican Church Boys Camp at Kapuskasing, Ontario. Timothy unfortunately was taken sick and had to return and go into hospital at Edson for a few days.

Mrs. Bill Mackay returned by train on Friday evening from Willow River, B.C. where she has been visiting with friends.

Rosevear News

Mr. and Mrs. Joseph Klentzner (nee Irene Saken) are proud parents of a baby daughter, born July 2nd.

Mr. and Mrs. Eric Tunkle also have a brand new daughter, born on July 8th.

Sorry to hear that Mrs. Elth Apoll of Rosevear was in St. John's Hospital, Edson. Hope you are soon well again.

Birthday greetings go out to Herman Greenwood, Ernest Klute, Mrs. Alberta Stibel and also to Mrs. Mike Pullano. I hope you all have many more.

Mr. and Mrs. John Stetler and family of Winnipeg, also Mr. and Mrs. E. Stetler and Patricia of High Prairie were weekend visitors at the home of Mr. and Mrs. Sam Stetler.

We hear Miss Jenny Greenwood is working in Edson.

Edson Locals

Mr. and Mrs. G. DeWilde of Edmonton were Edson visitors on Friday last, enroute to Jasper to attend the Jasper Rodeo. They were accompanied to Jasper by Mrs. A. Grant and daughter Lynn.

Mrs. H. Seldon left Wednesday for a week's visit in Grand Prairie with daughters Pat and Sheila.

Mrs. Seldon and David will join them there to continue a motor trip down the John Hart Highway and through B.C.

GREYHOUND

ALL ABOARD

By G. E. HORTON

Remember when old people were respected for their wisdom, and even people in their 30's, 40's and 50's were given credit for having a brain?

That was before the machine age turned the tables on the generations. Now, sons are wiser than their fathers. Many a father's prestige vanishes in exhaust smoke when his teenage son starts a car with a flick of the wrist after daddy.

has wrestled vainly with the thing for half an hour. From that moment, daddy loses his position as head of the household, and the boy takes over. The old man's claim to wisdom is hard-gained but none too reliable knowledge about people. The boy isn't even interested in people, but he already knows a lot about machines, which are more important in the modern world.

At an age when the earlier generation was still frittering away time down lover's lane or in the swimming pool, serious moderns have already learned to poll a car to pieces and reassemble it into two cars, both of them better than the original.

Of course there are mechanical fathers and feeble boys in the world—but in general, the boys are smarter with machines than their fathers were. They have more chance to buy old cars for a few dollars and fix them up. You may think this topside situation will right itself when the boys of this generation will become fathers in their turn. No smart-alec youngsters will be able to outshine them, eh? Don't kid yourself.

Science moves so fast that the older generation will always be a lap behind. While daddy of the future fumbles with an old-fashioned automobile, his son will be assembling a rocket ship in the basement.

We Look After Quality

We have been serving our customers in the past with high workmanship and first grade materials. Leather tanneries are overworked with making first grade leather for army supplies and have only the second and third grade available for shoe repairing.

It cost us more to import leather, but we feel to protect ourself and customers who are trying to get the best their money can buy. We are now importing this leather tanned out of the best selected first grade cowhide with no extra charge to you.

That is why we have not only the name but a name you can depend on, giving you the best value your money can buy.

A welcome home party in honor of Mr. and Mrs. R. Edlund (nee Ruth Birkenhagen) was held at the home of Mr. and Mrs. E. K. Edlund on Saturday evening July 16. Guests were Mr. and Mrs. R. Edlund, Mr. and Mrs. E. K. Edlund and Eddie; Mr. Sigmond Birkenhagen.

Mr. and Mrs. Wm. Halliday and Colleen, Edmonton; Mr. and Mrs. Gus Weiser, Alton and Ruth; Mr. and Mrs. Robert Berkholz and daughter; Mr. and Mrs. Ken Walsh and daughter; Mr. and Mrs. F. Smith and Lon; Mr. and Mrs. H. Meints, Herb and Dorel.

A very enjoyable evening was spent. A delicious lunch was served. To bring the party to a close every one joined in singing "For They are Jolly Good Fellows."

Mr. and Mrs. Edlund thanked everyone in a few well chosen words.

They are making their home in Wainwright, Alberta.

Otto Kuhn, Bill Tucker and Roy Field have their loss seen. Bill Kutsche did the sewing. Come again boys.

We see Bill Tucker driving a new car, taking the Kuhn's out for a ride, one there at Chester Durston's enjoying ice cream. Mr. and Mrs. O. Field and family and Mr. and Mrs. C. Field were visiting their brother Holly on Sunday.

Vol. 3 Edson, Alberta, Thursday, August 11, 1955 No. 16

Peers Old Time Picnic Draws Usual Good Crowd

The oldtimers ball team managed by Ed Ford and coached by Ernie Shand took their first game with the Mahaska team by a score of 13:1 at the annual Peers Old Timers picnic at the Peers picnic grounds on Wednesday.

Even having Bill Pata throw the first ball in the old timers game with the Peers team managed by Mr. Chris Nielsen Sr. did not clinch the game for the old boys, but it did give the Peers team a run for their money and the final count was 11:9.

Besides the thrill of watching the oldtimers there were many a tumble and lots of laughter.

Chris Nielsen Jr. was MC for the day.

A sprightly dance in the Rainswe Hall climaxed a successful day.

Hinton Keeps Money In Three Game Tourney

Baseball fans at Hinton were treated to a couple of good baseball games at the tournament staged at the new pulp mill town last Saturday afternoon.

The first game saw a Mackay team re-enforced with Frank Levin and Louis Ramsted of Edson take the Edson Athletics entry to the tune of 5:4.

The after supper game between Mackay and Hinton gave the fans some snappy ball before the final score of 5:4 had been rung up for the Hinton nine.

A Jasper team had been entered but did not show up.

One of the nicer touches of the tourney was the activity of Hinton's Wolf Cubs who sold pop and hot dogs with the usual Street sign and stool.

Former Lineman Here Injured

Word was received in Edson last weekend that P. Lakson, who has been injured in a railway accident at Port Franks, Ontario, and was in a serious condition. Pato is married to the former Kay Hatfield and Mr. and Mrs. Fred Hatfield left immediately to be with their daughter.

Gets \$5,000

Major Henry "Sonnet" of the Canadian Army, and a former Edson man prior to his joining the army in 1929, was recently awarded \$5,000 by the Government in recognition of his invention and development of the "Sonnet," an improved type of cracked flame thrower. He developed the weapon at the Redoubt base in Southern Alberta.

Major Sonnet operated the well-known "Sonnet" ice cream parlor and confectionary that used to occupy the building now owned by Edson Electric.

Edson Little Leaguers Win From Jasper

Edson Little League Outlaws and the Pony League Outlaws were hosts to the Jasper Little League and Pony League players on Sunday, August 7th, at the Memorial Park.

The double header started at 1 p.m. with the Little League Outlaws taking a win from Jasper with a score of 10:4.

Jasper Pony League took the second game 11:4 over the Pony League Outlaws.

Both games were well attended, proving very enjoyable as the boys put up good games.

The draw for the \$10 was made by umpire Andy Shand of Hinton and Mrs. Vernon Tenney was the lucky ticket holder.

14 Year Old Purse Snatcher Sentenced

A fourteen year-old boy followed Mrs. M. Kilpatrick home from her job at Gordon's Variety Store on Tuesday evening and as she entered her home on 11th Avenue the lad caught up to her and suddenly grabbed the purse she had under her arm and made off with it.

Mrs. Kilpatrick's screams brought her neighbor, Mr. L. Sprietone, to the scene and he gave chase to the thief but was unable to catch up with him.

Chief Constable Macdonald apprehended the youth two hours later down town. The boy, Frank Leung of Edmonton, was committed to a year in the Gordon Institute when he appeared before Magistrate Thomson this week.

Grand Opening

This weekend the new building which will house Maxwell Electric is being officially opened to the public.

A cordial invitation has been extended by proprietor Dan Maxwell to the public to visit the new Canadian Frigapane Appliance display.

Recorded that approval be granted to issuance of license to Mr. J. J. Knebel for operation of Record and Appliance Shop in building, lots 8 and 9 block 5, and that approval be granted to placing overhead signs at these premises on submission of proper indemnity form.

Transfer Refused: It was moved that Mr. G. E. Collin's application for lease and option to lot 12, for title to lot 11, block 17, be refused as the building exterior finish does not conform to specifications of building permit application.

New Buildings Only: It was moved that the area north of 8th Avenue and East of Wain Creek be reserved for new construction only and that it be forbidden to place or move old buildings into this area.

Building Permits: It was moved that the following building permits be approved: P. O'Hara, lots 29 and 30, block 13, porch, \$180; G. Beaton lot 4, block 24, garage, 1,800; L. G. Erickson, lots 24 and 25, block 6, house, 6,000.

July Account: It was moved that Mayor and Secretary be authorized to make payment of account for July contract to Fort Construction Ltd. on receipt of certification of Progress Report from Haddin, Davis and Brown Ltd.

Recorded that approval be granted to issuance of license to Mr. J. J. Knebel for operation of Record and Appliance Shop in building, lots 8 and 9 block 5, and that approval be granted to placing overhead signs at these premises on submission of proper indemnity form.

Transfer Refused: It was moved that Mr. G. E. Collin's application for lease and option to lot 12, for title to lot 11, block 17, be refused as the building exterior finish does not conform to specifications of building permit application.

Health Officer Recommends Local Pasteurization Bylaw

At the regular meeting of the Edson Town Council on Tuesday evening, August 2, the recommendation of Medical Health Officer Dr. Austin Lee that a milk pasteurization by-law should be put to the voters at the earliest possible date.

Council referred the matter to the health committee of council for further study and a report.

Other business included:

Inspector's Report: Mayor Burleigh read a report of Municipal Inspector and report was ordered filed for reading at the annual meeting.

Application Lesson: Application that Mr. G. E. Collin's application for lease and option to lot 12, for title to lot 11, block 17, be refused as the building exterior finish does not conform to specifications of building permit application.

New Buildings Only: It was moved that the area north of 8th Avenue and East of Wain Creek be reserved for new construction only and that it be forbidden to place or move old buildings into this area.

Building Permits: It was moved that the following building permits be approved: P. O'Hara, lots 29 and 30, block 13, porch, \$180; G. Beaton lot 4, block 24, garage, 1,800; L. G. Erickson, lots 24 and 25, block 6, house, 6,000.

July Account: It was moved that Mayor and Secretary be authorized to make payment of account for July contract to Fort Construction Ltd. on receipt of certification of Progress Report from Haddin, Davis and Brown Ltd.

Nature's Beauty At Its Best In Summer
There's no particular reason for printing this view to brighten our mid-August issue. It is pretty hard to match the rugged beauty that we take for granted in this district.

By B. C. BOCKING, District Agriculturist

The fans who flocked to the Peers picnic grounds very obviously enjoyed themselves every bit as much as the players themselves. More power to you, Peers organizers—keep up the good work and continue to show these young squirts nowadays what the thirties generation was made of.

Usually they want to pick the berries themselves, under the impression that they are saving the farmer trouble. Quite the reverse. There's nothing a grower

"I was talking to a friend of mine, a bank manager," said Bill. "He saw some berries in the back of my car." "Ah, those are good," he said and reached over and grabbed some.

Mercoal Daughter Wed In Edson

St. Catherine's Church was the setting for a quiet wedding on June 11th when Marlene J. Abell, daughter of Mr. and Mrs. Axel Hansen of Mercoal, became the bride of Walter Franco Bruno Fuchs, son of Mr. and Mrs. E. Fuchs of Maloy, Alberta.

The Reverend G. Robinson officiated.

Given in marriage by her father, the bride was lovely in a gown of tulle over satin and carrying a bouquet of carnations. Her jewelry was of rhinestones.

Attendants of the bride were Mrs. Langor as matron of honor and Miss Mary Kusio as bridesmaid, wearing gowns of tulle over satin and carrying bouquets of blue and white "bunches".

Best man was Walter Fuchs and Nick Sauerho acted as usher for the guests.

For her daughter's wedding Mrs. Hansen wore a navy and white dress with white accessories and carriage of room. The groom's mother chose a navy dress with rose corsage.

A reception to 25 guests was later held on the Commodore Banquet Room.

Later, for traveling to Edmonton where the young couple will reside, the bride donned a powder blue linen suit.

In every creative work the artist puts something of his own nature, something of himself. Creative work 'takes it out of a man' as we say.

The Originator and Source of all creative work, also, has put something of Himself into His

creation. The whole universe, therefore is an outward and visible sign of an inward and spiritual grace. That is to say, the sacramental principle has been inherent in all nature from the time of its creation - it is the natural thing. For this reason, when we consider the phenomena and processes of nature, we constantly find in them images and allegories of spiritual truths. All nature declares the glory of God.

—Earth's crammed with heaven,
And every common bush afire
with God"

God maintains this principle when He comes to us in the Person of Jesus Christ, Who is the outward and visible sign of God Almighty. He maintains it through His Holy Catholic Church which is the outward and visible sign of Christ through His Church, which is the Body of Christ. He comes to us in the Sacraments which He has given us - all outward and effective signs of His life, His healing, His abiding.

July Wedding For District Daughter

St. Paul's Lutheran Church was the scene of a pretty wedding when Miss Ruth Kirkham and Mr. Robert Carl Edmond were united in matrimony.

The Rev. Kunkel officiated for the only daughter of Mr. and Mrs. Edmond Kirkham and the only son of Mr. and Mrs. Carl Edmond of Fort McLeod. The wedding music was played by Mrs. Kunkel.

Given in marriage by her father, the bride wore a floor length gown of satin with sequin bordered overskirt of nylon tulle. The bolero jacket of lace featured lily point sleeves, Peter Pan collar buttoned to the waist with satin covered buttons. The veil of illusion net misted from a headpiece of plumed net embroidered with silver sequins. She carried a cascade bouquet of red carnations and lily-of-the-valley.

Miss Edith Edmond, sister of the groom, was maid of honor wearing a floor length dress of sky blue nylon tulle over taffeta and matching bolero over bare shoulders. She carried a cascade of deep pink carnations.

The bridesmaids were Miss Ruth Armstrong of St. Albert and Miss Helen Gummow of Deer.

Their floor length gowns were of net lace in colors of lemon yellow and powder blue with head dress of matching colors. They carried cascade bouquets of pink carnations.

Mr. Eric Webster was groomsmen and the ushers were Messrs. Raymond and Edwin Kirkham, brothers of the bride.

For her daughter's wedding the bride's mother wore a grey fitted suit with white accessories. She wore a corsage of pink carnations. The groom's mother chose a two piece teal blue dress with pink accessories. She also wore a corsage of pink carnations.

A reception for sixty guests was held at the Commodore Banquet Room. The tables were decorated with spring flowers and a beautiful three tiered wedding cake centered the bride's table.

A toast to the bride was proposed by the Rev. Kunkel and was also responded to by the groom. Later in the evening a house party was held at the bride's home where many relatives and guests called to wish the newlyweds much happiness.

For her going away ensemble the bride chose a fitted grey ensemble which matched the groom's suit. The accessories were white and she wore a corsage of red carnations.

On their return the couple will make their present home in Watrous where the groom is employed as Resident Bridge Engineer for the Alberta Government. Out-of-town guests were Mr. and Mrs. C. O. Edmond, Fort McLeod, Mr. Edith Edmond, Watrous, Mr. Edmond Kirkham, St.

monie, Mr. Eric Webster, Calgary, Miss Ruth Armstrong, St. Albert, Miss Helen Gummow, Deer, Mrs. Mable Edmond, Crossfield, Miss Clara Edmond, Mr. and Mrs. Kunkel, Stony Plain, Rev. and Mrs. P. Kunkel, Spruce Grove.

"Why, shucks!" bragged one wedding sheepsman. "My old sheep herder goes so far up in those Montana hills it costs \$7.32 to send him a postcard."

"That ain't nothing," retorted the Texan. "In Texas most of our sheep herders are so far away you can't even send 'em a post card."

Tips on Touring

Women's Travel Authority

There's more to touring driving than racing to the top and coasting down—and, if you expect to cross a high range or two on your vacation trip, you'd do well to keep these pointers in mind:

1. Before starting up, be sure your oil and water are up to top level.
2. Most modern mountain highways are engineered so you can take them at high gear but be sure to shift into second the moment the engine begins to labor.
3. Keep moving at a steady, slow pace to avoid overheating and to give you maximum control for any emergency.
4. Stay strictly in your own lane—remembering that uphill traffic should have undisputed right of way.
5. Travel in second gear on the way down but, if you find yourself using brakes, shift into low.
6. Allow yourself time to stop and enjoy the view. It rests both you and your car.
7. If you are squeamish about heights, keep your eyes on the centre white line.
8. Remember the warning sometimes posted along hilly highways "Drive Carefully—You May Meet a Fool."

Edson Locals

Mrs. W. Leach of Edmonton is spending two weeks at the home of her daughter, Mrs. Cliff Jackson.

Mr. and Mrs. Will Lalonde and family are back after spending two weeks holidaying at Jasper and in Edmonton. Little Miss Miriam Hickey, daughter of Mr. and Mrs. Fred Hickey, came from Edmonton with her aunt and uncle for a visit.

Mr. and Mrs. Bill Tilly have been enjoying company recently in the persons of Mr. Tilly's parents, Rev. and Mrs. W. Tilly of Verdun Lake, Sask. and Mr. Tilly's aunt Mrs. A. Walker and her son of Vancouver. Rev. and Mrs. Tilly accompanied Mrs. Walker and son home to Vancouver to continue their holidays there.

Mrs. Emma Skali and daughter Anne have returned home after a month's holiday in Colborne, Ontario.

Mr. and Mrs. Marvin LeMotte and family of Jasper motored to Edson at the weekend to visit relatives here.

Miss Rose Mahl is spending a two week holiday in Kelowna, B.C., guest of Mrs. M. McLeod and Wanda.

Miss Dorothy Kawachuk of Edmonton is spending her vacation at the home of her parents, Mr. and Mrs. Bill Kawachuk.

Miss Marion Girard of N.E.

Mayerthorpe, Alberta, has been visiting friends and relatives in Edson recently.

Miss Corrine Field has been busy for the past week entertaining former school chums, Misses Janie Patrick and Dianne Gohl, who both live in Edmonton now.

Little Misses Jean Hunter and Terry Rutherford left Wednesday for a holiday with relatives in Saskatoon.

About sixteen friends gathered at the home of Hart Lindgren on the evening of July 30 to surprise him with a party on the

occasion of his birthday. The evening was very enjoyably spent at singing and dancing.

Mrs. Fred Mackintosh of Victoria, B.C. is in Edson this week visiting her brother Mr. Len Dickson and sister-in-law Mrs. Wilma Dickson.

Mr. and Mrs. Eldon Barnes of

Edmonton were guests of Mrs. Barnes' aunt and uncle, Mr. and Mrs. W. Davidge, over the week-end.

Mr. and Mrs. Barton Davidge have been enjoying a visit from Mr. and Mrs. John Demchuk of Onoway.

**GAS-SAVING
SHORT-STROKE
OVERHEAD-VALVE ENGINES
IN ALL MODELS**

In Mercury short-stroke engines the "stroke" is shorter than the "bore" which means shorter piston travel than in ordinary engines.

This reduces friction losses as much as 50%—increases piston ring life as much as 50%—and gives outstanding gas economy.

Public Hearing Told Hinton Wants To Live

The people who now live in Hinton want to be able to develop their townsite the public hearing conducted by Town Planner H. N. Lash of the Provincial Department of Municipal Affairs was told last Thursday in the Hinton Legion Hall.

Of the 70 odd people assembled in the hall from practically every district West of Edmonton—25 persons from the Hinton area (the people most concerned) recorded their standing vote in favor of the Provincial Government allowing the Hinton townsite to develop. There was no one opposed to the motion.

This point of view was developed after Town Planner Lash had informed the meeting that the townsite just north of the old Bliss railway station had been chosen as the ideal spot between Pelly and the Jaeger Park gates for the townsite to house the workmen and their families who will work in the new mill.

Mr. Lash explained to the meeting how the experts from his department who had come over the possible sites had settled on the Bliss site after finding only 60 acres available south and west of the present Hinton site where as a very minimum of 150 acres was needed.

The Bliss site, said the meeting's chairman, would provide as much as 200 acres if that much were ever needed for future expansion of the new town. He also said that using the Hinton site would involve approximately a million dollars more money to get the town going over and above what it would cost to get the Bliss site serviced with utilities for modern living.

Other problems favoring the choice of a site toward the Bliss location were that the town could be serviced with water, sewer, light and power, etc., by a direct connection with the pulp mill. Mr. Lash told the meeting that any development at or near Hinton would not be as advantageous due to having to cross both the railway and the highway.

In the case of the Bliss site this property will be developed for commercial and residential use by the Athabasca Valley Development Corporation which has acquired all the suitable property in the Bliss area.

In answer to a question Mr. Lash told the meeting the develop-

ment corporation already owned the property before the Town Planning department picked it for the new town site.

DEVELOPMENT COMPANY

Mr. B. Ruben, who was present at the meeting, was asked to explain how the company to develop the land came into being and went on to tell how the Athabasca Valley Development Corporation was a "wholly owned" subsidiary of an Ontario company, and while some of the officers were the same as the directors of the North Western Pulp & Paper, there was no financial connection.

The pulp company, said Mr. Ruben, is concerned with every large industrial concern, lower Cost on Page 4

McLeod Valley Bridge OPENING NEXT WEEK

The new bridge crossing the McLeod River just north of Peora is to be officially opened on Saturday, August 27th at 1:00 p.m. when the Hon. Gordon Taylor, Minister of Highways, and our own member, the Hon. Norman Willmore, Minister of Lands and Forests, will be on hand to cut the ribbon.

The bridge fills a long-felt need and the shortcut which by-passes the old winding approach to the river from both sides has been eliminated as well as the ferry crossing by the construction of the bridge about half a mile west of the old ferry.

The bridge and its approaches are part of the government program of bringing Highway 32 up to standard grade to join the Jaeger Highway up with the Valleyview cut-off at Whitecourt.

The social end of the opening is to be in the hands of the local 4-H Clubs in the district who will have a booth near the new bridge to lead a carnival air to the occasion.

It is expected that Department of Agriculture officials will be on hand for the opening as well.

Wan't Nervous A Bit Says Mrs. S. Zucht

Mrs. Sam Zucht told The Leader that she wasn't a bit nervous when she won the \$300.00 first prize at the Legion Bingo on Wednesday night. "I just stood up there in front of all those people and kissed the money," she said. The excitement present at any bingo tourney was pitched a key higher than usual on Wednesday night due to the large cash first prize.

Mrs. Zucht only had the number 13 uncovered and she had plenty of help in yelling bingo as excited friends forgot their cards to catch hers full up.

The bingo had been postponed until nine o'clock to allow people to take in the re-opening of Bud's Supermarket in its spanking new premises. In recognition, Bud's donated a merchandise voucher which was won by Mrs. Nels Ohman and a merchandise voucher from the H & N store was won by Mrs. E. Cooper.

Youngest Businessman In Town

Don Maxwell, who has been operating Maxwell's Electric on his own for the past several years since brother Alfie moved to Yellowknife, is shown above being congratulated by Mr. Ralph Harvey, an official of Canadian Propane Ltd. who came out from the city to be on hand for the opening of Don's fine new showrooms and office. At 23 Don is the youngest businessman in Edson operating on his own. Photo by Grant

Poole Construction Bunkhouse Destroyed In Hinton Fire

A bunkhouse for employees of Poole Construction engaged in building the new North Western Pulp & Paper Mill at Hinton was destroyed as result of a fire that blazed up just after noon Thursday.

There was no sign of flames at 12:15 and at 12:30 the bunkhouse was a complete mass of flames.

Andy Benton quickly organized Poole workmen who formed a bucket brigade and also used small hose from the roof of the adjoining bunkhouse to keep the flames from spreading.

Foreman George Yeoman of New-West Construction camped just down the road had cat skimmers Pete Volk and Ted Manville put the flaming walls and collapsed roof away from the other buildings.

Besides the other bunkhouses which are constructed along the line of half of an "H" type officers quarters barracks so familiar to servicemen during the war, there is a huge cafeteria style dining hall which Poole Construction intend to use during the two or three years construction period on the new mill.

The men quartered in the bunkhouse lost all their belongings as there was no chance to rush into the building before the flames took over.

Forestry officers were alerted to the situation through their own ranger observation towers and dispatched firefighters to investigate the smoke as well, but the flames and the bulldozers had done their work before the forestry arrived.

Legion Bingos Start Soon

The Legion bingo committee think that the regular Saturday night bingos start on September 18 with a jackpot of \$100.00. Cliff Wiley, thank the public for which has been building up all their co-operation and remind summer

Bliss Site To Have Pleasant Smell?

When Town Planner H. N. Lash of the Provincial Department of Municipal Affairs revealed to the public hearing at Hinton last week that the site for the new pulp mill town was to be just north from the old Bliss railway station one of the first questions that came to mind was "Isn't that going to put the mill town directly in the lee side of the prevailing wind and make the site unpleasant?"

The answer seems to be that modern pulp mill engineering has come up with improvements that take most or all of the disagreeable pulp mill odor out of the operations of a modern plant before it gets into the atmosphere.

The following reprint which appeared in the Kitimat Northern Sentinel recently seems to suggest that this engineering feat has now become a reality:

So successful has been the practical application of deodorizer by researchers trying to remove "miasma" fumes from the bleached sulphate pulp manufacturing process that it is now believed to be perfectly feasible to put a pulp mill in the immediate vicinity of a town such as Kitimat without objectionable results.

This information comes as a result of the experience of Port Alberni which the Kitimat, an easy site between hills and at the end of a long arm of the sea.

By spending about \$150,000 in deodorizing device, the management of MacMillan & Bloedel Limited succeeded in removing the "cooked cabbage" odor from the atmosphere, leaving a not disagreeable characteristic odor of wood pulp in the air.

The local board of trade, mayor and council and branch of the loggers and millworker's union wrote letters to the company congratulating them on what they had done, or made public statements expressing pleasure with the outcome of experiments.

If a pulp mill should be built in the Kitimat area, it would undoubtedly have available to it the knowledge for future control developed by MacMillan & Bloedel Limited and no doubt the question of a municipal go-ahead would turn on the undertaking to secure the fumes of their unpleasant odor if discharged without treatment into the air.

Just now, the pulp and paper mill reportedly is awaiting the outcome of the summer's work of surveying the Forest Man-

Just A Little Thing

A morning kiss is a little thing,
 With your hand on the door to go;
 But it takes the venom out of the sting
 Of some thoughtless word, or the cruel fling
 That you made an hour ago.

A kiss in the evening is sweet and rare,
 At the close of a long hard day;
 But it smooths the furrows out of the care
 And lines on the forehead you once called fair;
 In the years that have flown from you.

"A little thing to say 'You are kind,
 I love you my dear,' each night;
 But it sends a thrill through the heart I find;
 For love must be tender, as well as kind;
 As we climb life's rugged height."

We starve each other for love's cares,
 We take, but we do not give;
 It would be so easy, some soul to bless,
 Yet we do love grudgingly, less and less;
 'Til 'tis bitter and hard to live.

WYMAN

WE LAUGHED AT THESE

"I don't know whether I ought to recognize him or not. Our acquaintance at the seaside was very slight."

"But you promised to marry him, didn't you?"

"Yes, but that was all."

The doctor was examining the strapping young recruit, when he asked the routine question, "How old are you?"

"Thirty-two," answered the boy, his pink cheeks glowing.

"Are you sure?"

"Of course I'm sure. How told me when I was four and I have added a year at planting time over since."

The doctor thought a moment. "Spring planting or fall planting?"

The boy looked startled, then broke into a broad grin. "You know, I thought I was older, did you know?"

The little man was pushing his cart through the crowded market. "Coming through," he called merrily. No one moved. "Gangway," he shouted. A few men moved.

Rather he surveyed the situation, and then smiled as a bright idea struck him.

"Watch your nylons," he warned. The women scattered like dust in the wind.

The old man, one of the oldest citizens in the town, stopped into the barber chair to celebrate his birthday with a haircut. The barber was unaware of the occasion until the end of the clipping session when the customer said, "To-day is my birthday."

"Congratulations," answered the barber, "I hope I can give you a haircut on your hundredth birthday."

His aged patron opened the barber with a steady gaze.

"Maybe you can," said the ancient one, "you look pretty healthy."

Travel Trouble Solver - When packing your suitcase, seal a few days' supply of bath powder in an envelope instead of packing a bulky box that may spill. Penetrate the envelope to shake powder onto your puff.

agreement. License areas assigned to Kitimat Pulp & Paper Company Limited.

If, as and when the project is revived, it is highly likely that the new scientific disposal of disagreeable odors in blast pulp making will remove any need to consider a down-the-channel site for the plant.

Kitimat would gain much by having a pulp and paper industry, providing it did not involve paying an unacceptably high price in reducing the livability of the place for those who make their homes here. Apparently, we can have our pulp cake - and eat it, too.

Of course, from the viewpoint of the industry itself, it would be silly to handover it with an isolated location miles away from here if it could be spotted in Kitimat and its employees could become part and parcel of the Kitimat community.

THE ALBERTA SCENE

by KEN MASON

Edmonton—Members of the Alberta legislature—many of them still weary from the June election wars—gathered in the Legislative Building here Wednesday for this week for the special session called to complete important unfinished business left over from the last session.

Although the session is a special one and therefore lacking in the usual pomp and ceremony of house opening, it is nevertheless the first meeting of the 12th Alberta legislature, and as such, there was a certain amount of formality in the speech from the Throne (the naming of the Speaker and a deputy speaker).

The complete trappings, however, with royal salute, invited guests and a reception following, will have to wait until the regular session of the house, probably in February.

Many of the members are spending this session sitting quietly in their seats and listening attentively to the proceedings. They are the members elected to the house for the first time, without previous experience in the intricacies of parliamentary procedure.

The special session should provide a good training ground for inexperienced members, giving

It is the young prodigals who seem to think that there is something "manly" in vice. But say what food can be vicious. To be virtuous, you must be a man; to be virtuous is to be truly free; vice is the real slavery. A particular course of conduct does not degrade because it is wrong; it is wrong because it degrades. (Lord Alton)

Town clerk of Rotterdam, New York, reveals that in a recent month only 11 houses to rent were issued, while 201 fishing permits were purchased. What kind of bait are these fishermen using?

Said the great Amiel in his Journal intime, "The unbelieving opinion are the cradles of superstition."

them sufficient background to take a more active part in debate and legislative wrangles when the regular session rolls round.

The appearance of the assembly chamber has changed considerably since last May, when the house was dissolved suddenly and the snap election called by Premier Manning.

For one thing, the house no longer has the "lapidary" look. The last legislature had an unbalanced appearance about it, with 10 opposition members facing 13 Social Crediters across the floor. The election whittled a sizable chunk from Social Credit's majority, and as a result things look more balanced.

On the other hand, Premier Manning's front benches look more impressive from the standpoint of numbers than they ever have before. As a result of the recent cabinet shuffle, the provincial cabinet has 13 members—the largest number in the province's history.

All this has given legislative officials quite a problem in arranging the seating plan of the house.

Ray Crovlin, clerk of the legislature, last week completed the task of compiling the final returns for the June 29 provincial election. Among other things, they show a substantial increase in the strength of the Liberal party and a drop in support for the Social Credit party.

While this was evident from the fact that Social Credit membership in the 41-seat house dropped from 31 to 27, the tabulation of returns shows the popular vote for Social Credit decreased by almost 10 per cent. The Liberals, on the other hand, increased their popular vote by nine per cent.

Out of a total of 278,134 votes cast, the Social Credit party obtained 178,546, or 64.4 per cent. The Liberals got 117,231 votes or 42.1 per cent of the total.

The last election, in 1962, brought a total vote of 288,233, with Social Credit polling 167,700 and the Liberals claiming 120,533. This means that in the 1962 election, the Liberals polled 50,000 more votes than they did in 1962.

The 278,134 valid votes constituted a record for Alberta, probably due to the fact that great interest was aroused in the election by the campaigning of the opposition parties. And the figures would indicate that the opposition parties brought out many voters who support them in principle but had not bothered to vote in the 1962 election.

 On Sunday, September 4th, we expect to have four visiting clergy in St. Faith's Mission. These priests are delegates to General Synod which meets in Edmonton from August 28th to September 7.

They are the following: Reverend Canon A. H. Davis, field secretary of the Missionary Society, the Reverend Father R. F. Palmer, S.J.C.E., father in charge of the Canadian house of the Society of St. John the Evangelist; Reverend Canon A. T. F. Holmes, rector of Christ Church Niagara Falls; and the Reverend Father G. Tanton, a holiday in Edmonton and Seba

Trail News

Mrs. C. Larson has returned from the Coast, where she spent three weeks visiting her sisters. See M. Johnston driving a new Dodge car. How do you like it Morley.

Visiting at the Kolah home over the weekend was Mr. Koleski's sister.

Visiting at the Weimer home is Mrs. H. Heth (nee Violet Weiser) and girls of Vancouver, B.C. Mr. and Mrs. H. Affolter, B.C. are Edmonton visitors this week.

Mr. C. Christie wishes to let it be known that he will not be able to carry children to and from school this year due to having no insurance coverage for anyone other than his own family.

Mr. Christie has been rendering this service for several years past and the families along the Grande Prairie Trail would like to publicly express their appreciation for his services in the past.

retor of Tangle, N.B. We hope our people will keep this weekend specially in mind. More definite information will be forthcoming.

Friends Honor Young Couple

Tuesday evening this week a group of friends gathered at the home of Mr. and Mrs. Karl Whid- den to combine a wedding shower and farewell party in honor of Miss Joyce Puff and Mr. Clarence Brohman whose marriage (taken place Saturday, August 27th. The gathering enjoyed a pleasant evening and a tasty luncheon served by the hostess, Mrs. Whid- den.

The young couple were the recipients of numerous lovely and useful gifts.

After their marriage, Mr. Brohman and his bride will make their home in eastern Canada.

TOM BOOKER CAPTURES ANOTHER VIEW OF THE NEW FEDERAL BUILDING

Public Hearing Told Hinton Wants To Live

Cont. from page 1

that one of the first things necessary to obtain and build the class of workmen they need to run the mill will be the provision of modern housing in a pleasant residential area with adequate shopping and service facilities to prevent a rapid turnover of personnel.

The development corporation was therefore formed with this aim in mind as there seemed to be no other alternative to having in private company provide the serviced lots for building up a town practically overnight.

In answer to a question about how it was that the development company had purchased property which was later picked by the Town Planning Board for the new townsite, Mr. Rubin

said that he and his associates weren't "completely without business sense" and picked what was, in their opinion, the best property in the area for the townsite.

Mr. Rubin said that his company hoped to be able to have some of the lots ready for sale this fall if weather conditions and other problems can be met in time.

MS LEASES CANCELLED

In answer to a question, Mr. Sloan, of the leases department for improvement districts, answered that "to my knowledge no leases have been cancelled in the old Hinton townsite" and that "I should know as I'm in charge of them."

Mr. Lash told the meeting several times that his department

the Government saw no reason why there should be two towns and in answer to a question as to the purpose of the meeting (which drew a loud guffaw from the crowd) the meeting had been on for better than two hours then repeated that the meeting was to explain the purpose of the interim development order respecting the building regulations for the development area which was now designated as being from roughly Paddy to the Jasper Park gates along the highway.

Leased land, said Mr. Lash, will probably be made available on an outright purchase basis as the construction phase of the mill comes into effect. This leased land being the Crown owned land now leased from the government in the various improvement districts.

The spectre of Dryden Valley's uncontrolled development was cited several times and the meeting was told the type of development plan which was in any particular area. And also that the opinions expressed at the meeting and the petition being circulated would be taken into consideration in finally deciding what to do.

most things there will be need in the interim townsite for such things as service stations, hotels, built off distribution agents and other such businesses to service the highway and the railway station which will remain at Hinton.

The government is providing what they call a "trailer camp" for use by businesses which have something to contribute during the construction stage of the new mill's development. The Government wants to get away from having people who want to move a sick shack in and charge outrageous prices and then move on when the boom is past.

If any private owner wishes to set up a cable setup on a permanent basis, Mr. Lash said that his department would seriously consider the application.

In answer to a question Mr. Lash said that nobody has been given the right to purchase land from the Department as the Government can't tell yet how much land is needed for the trailer camp. The trailer camp is not a business the Provincial Government likes to be in and it is only handling the situation during the present emergency.

One suggestion which was not formally accepted as a motion was that "The Hon. Norman Wilmore be asked to come out to Hinton to address a meeting of interested people."

One of the principles in the Hinton Hotel asked if his hotel must continue to have a "hatchet" held over their heads" and if "they would have priority in the new townsite."

In answer to a question Mr. Rubin told the meeting that the Athabasca Development Company does not own any land west of the pulp mill, and certainly not past the railway crossing.

Mr. Lash told the hearing that

HEALTH ANGLE

Mr. Stewart of the Health Department told the meeting that the Government had had a man in the area every other week for the past considerable time and would continue to have as long as conditions permitted.

Water wells have been placed where tests have shown them to be unsafe. The Government has also let a contract for a new well to look after the needs of the temporary townsite at Hinton.

Chairman A. C. Joseph of the Edson School Division Board, told the meeting that the division is planning three extra rooms to meet the needs of the influx of pupils, and would be doing everything possible to handle the situation as it develops.

In summing up Mr. Lash said that the object of town planning is the general welfare of the people who are to live in any particular area. And also that the opinions expressed at the meeting and the petition being circulated would be taken into consideration in finally deciding what to do.

EDSON

Former District Boy Wed In City

Edmonton was the scene of a wedding of local interest when Miss Shirley Barr, daughter of Mr. and Mrs. Clyde Barr of Redcliffe, Alberta, became the bride of Mr. Murray Beck, son of Mr. and Mrs. Charles Beck of Edmonton, formerly of Carrot Creek and Edson.

Mr. Crocker performed the ceremony before a gladioli band led altar. Mrs. Robertson was organist.

Given in marriage by her father, the bride was lovely in a two

piece dress of nylon trimmed with ivory lace and featuring a bolero jacket. Her fingertip veil was held in place by a pearl headband, and she carried a bouquet and stephanotis and her jewelry consisted of a single strand of pearls with matching earrings.

Miss Toni Welch attended as maid of honor wearing a white tulle dress in yellow beaded sash with net overskirt and bolero jacket. Her yellow net hat was beaded with red pearls and she carried a bouquet of talliesman roses and white daisies.

Mr. David Beck attended his

Army Cadets In B.C. Are Well Provided For

Vernon, B.C.—It's a never ending battle, but Royal Canadian Army Service Corps men and civilian cooks are managing to keep abreast with requirements of more than 600 low-age appetites at the big Army Cadet camp here.

Cadets will eat vast quantities of food during the seven-week camp including: 45,000 quarts of milk, 20,000 pounds of beef; 45,000 pounds of meat including 25,000 pounds of beef; 8,000 pounds of butter and more than 130,000 eggs; more than 100,000 pounds of vegetables; 1,600 pounds of jam; 1,300 pounds of peanut butter; 800 pounds of oatmeal; and 800 pounds of corn.

The diet is especially designed for growing youngsters. For instance they get 40 ounces of fresh milk daily instead of the brother as best man. Mr. E. R. direct ordered the goods to their camp.

For her daughter's wedding, Mrs. Barr wore a pale blue and white nylon print with white accessories and corsage of red roses.

Mrs. Beck, the groom's mother, chose a dress of navy blue and pink taffeta with matching accessories and corsage of pink roses.

Later a reception for fifty guests was held at the home of the groom's parents where Misses Elaine Bell, Wilson, and Evie Mousen, fellow graduates in nursing of the bride, assisted in serving the wedding supper. Toast to the bride was proposed by Mr. Jack Crick and answered by the groom.

For a honeymoon trip to Jasper and Banff the bride donned a two-piece dress in pink linen with navy accessories.

The young couple are making their home in Edmonton. Out-of-town guests included Mr. and Mrs. Clyde Barr, Redcliffe, Alta.; Mr. and Mrs. Odie Field; Mr. and Mrs. Herman Lindgren all of Edson; Miss Eve Mousen, Vancouver, B.C.; Mrs. Chas Beck Sr.; Mr. Jack Crick, and Mrs. and Mrs. Jack Rogers and Mr. and Mrs. Eli Wild, all of Carrot Creek.

Be Different Go Camping

Look for a different way to spend your holiday weekends or vacation? Carol Lane, women's travel authority, suggests you go camping. Millions of people have done it in the past 10 years and found it fun.

Miss Lane points out that camping is inexpensive. You can even rent equipment. It is stimulating and relaxing and despite popular misconception, it isn't necessary to really "rough it" on a camping trip. Government parks and forests offer many home-like comforts: ready-made fireplaces, benches, tent sites, plumbing facilities, safe water supplies and deliveries of wood.

To make camp life even more simple and comfortable, Miss Lane suggests that you take along such useful extras as nested pans and pans for cooking, a flashlight, a first-aid kit in case of emergency, a roll of aluminum foil for wrapping food and cooking it over hot coals as well as a shovel and hatchet for a hundred and one outdoor uses.

Living dangerously has been defined as having the wife up-brothered while the children are under 12.

Tips on Touring

By Carol Lane
Women's Travel Authority

How would you like to take a two-week trip by automobile this year and not pay for gasoline or oil until you're back home with a fine vacation under your belt?

You can do it, easily, by adopting a trick long known to the veteran traveler—the Credit Card.

The Credit Card idea is simplicity itself. All you do is go to your favorite neighborhood garage station and make an application. When the card comes (allow

about two weeks for routine reference and credit investigation) you can buy gasoline, oil, tires, etc. on credit just as you might run a regular account at your grocery store. In my own company, Shell credit cards are good in Canada and the United States.

There's much to be said for Credit Cards: You needn't carry large amounts of cash, the actual transaction consists only of signing your name, you're prepared for unforeseen emergencies and you have an accurate record of car expenses.

Try the Credit Card idea—and have a pleasant trip!

Mr. and Mrs. Harry Bubel and children are away from duties at the Nova for a holiday brother.

Scratchpad

By HENRY

Discipline is a wonderful thing, but I think perhaps we parents could sometimes stand a little more ourselves. . .

Take the other night. I had fallen asleep on the chaise longue sometime during the evening. When with the wife a-yawling about the kids going about their own affairs, I had the house pretty well to myself. I awoke suddenly.

Out in the kitchen I turned on the light and grabbed set about making a cup of coffee. . . Two o'clock. . . I finally . . . I deliberately slammed things around to try to awaken the better half.

No response. To heck, I thought peevishly. I'm not going near that bedroom if that's the way she feels about it. Moments later a maelstrom reasoning, no doubt.

I poured some coffee, and stared at it with distaste. Then my daughter came in, smiling brightly. "Hello, Daddy . . . any more coffee . . . ?" Her greeting brought me up, erect, from my chair. My daughter coming in at this time . . . my little sixteen year old daughter . . .

I stood at this girlhood-to-be woman. Years kaleidoscoped before me. Careful upbringing.

CARD OF THANKS
We wish to extend our sincere thanks to our friends for their kind expressions of sympathy during our recent bereavement. With special thanks to Rev. Father Shalla, Rev. Father Malone, Dr. J. Dr. Crawford, the Sisters of Service at St. John's Hospital and the Edmon Ambulance, (Mr. L. Joy).

From the Hawrysh Family

Stoppers

Going to be on the Highway over Labor Day weekend? Here are a few "stoppers" which the Automobile Club of America says can stop you from killing yourself: stop speeding, stop driving at night, stop for coffee, stop driving bumper to bumper, stop when you're sleepy.

P.S. 37 people were killed in Canada during last year's Labor Day weekend, 18 of them on highways.

Barb seconds had passed as I stared at my daughter. . . She looked at me in surprise. "What is it Daddy . . . not feeling well . . . ?" Not feeling well indeed, I thought. . . This calls for some pretty decisive action and discipline. . . and right now . . . I yanked my watch from my pocket, the better to emphasize what I was about to say . . .

"Now, see here young lady . . . my watch trailed into nothing . . . my watch still said two o'clock. . . Stopped, I glanced quickly at the kitchen clock . . . ten thirty.

I heard myself saying . . . nothing wrong dear—yes, there's lots of coffee. Let Dad get it for you . . .

Relief was strong in me. And a sense of shame . . . nothing wrong with my daughter—I was the one who needed some discipline. A good swift kick properly administered to me might help.

Darn watch

GREEN ACRES - - -

By R. C. BOCKING, District Agriculturist

QUALITY PAYS

In swine, as in anything else produced on the farm, quality pays. But last year in the Province of Alberta, only 18% of the pigs marketed were graded A, while over 18% graded C. If grade A pigs are selling for \$34.50 per hundred weight, a grade C pig will bring \$20.50 less than the one graded A. This means the farmer who markets a litter of 8 grade A pigs receives \$28.00 more than a man who markets 8 grade C pigs.

Every farmer can do much to be sure his markets grade A pigs. Feed market hogs a good, well-balanced feed until they are 150 pounds, and then make the feed lighter by adding more corn, or 10% alfalfa meal.

When marketed at 200 pounds, more of your pigs should grade A, providing they have come from good, lactating sows.

BETTER BUTTER
Good butter can only be made from good quality cream. Hundreds of thousands of dollars are lost to Alberta farmers each year because as much as 40% of all cream deliveries cannot qualify for Special Grade.

High quality cream is sweet, smooth, thick in flavor, and has

ALL ABOARD

By G. E. MONTAGNE

Driver I know flung a curse at a truck driver which had just moved into his parking place. It was no common oath, but a solid chunk of obscene blasphemy, as round like angry stragglers from a broken camp" said.

He winces at the sight of a familiar face, because he wonders inwardly if that person was in the crowd when he hurled that clot of foul verbiage.

"I can't ask them whether they they heard me," the man confides. "They might answer: 'No, what did you say?' Then I'd have to tell them."

So my friend is doomed to go through life with that inscription hung around his neck like the effluvia.

I'm sorry for him, because he must be a moral man of heart. Only moral men swear. If I were a parson, I would say that in his case.

When a man doesn't believe in anything, what is he going to use for swear words? It's a latent speculation. To such a man, religion is a myth and sex is a simple but interesting device to keep the race going. Only science and mathematics deserve respect.

"Get your hands off me, you square root of minus five, or by Mendel's law I'll knock you clear into infinity."

Such may be the foul language of the 20th century parson.

Mr. and Mrs. Bob Jeffery and baby daughter, of Edmonton, spent last weekend with Bob's parents, Mr. and Mrs. Ernie Jeffery. Also home for the weekend was Peter Jeffery who is rail-roading in B.C.

Must Be Progressive

Ratepayers in Brooks whose property is on streets for the proposed hard surfacing program have received letters from the town of Brooks outlining the program and detailing the expenses which would accrue to the property for the improvements.

The average estimated cost for a normal fifty foot lot is in the neighborhood of \$10 a year for ten years. Let's assume the cost is \$12 a year—one dollar a month—and even at that it's cheap. Hard surfaced streets are an advantage to my town for both appearance and convenience and this newspaper feels this proposal is a step in the right direction.

Dust is a nuisance and so is mud in the spring (apparently it doesn't rain here in the summer); more removal is easily solved when streets are hard surfaced. Good streets facilitate our visitors to return—it's a sound investment in good advertising.

Brooks is going ahead and some day will be a large centre in this southeastern portion of the province. Suggestions for improvements should receive wholehearted support of ratepayers and those who have votes should affirm their faith for the future by saying "yes" to this hard surface program.—Brooks (Alta.) Bulletin.

Mrs. Shipilski and Mrs. Wack-enbut motored to Stony Plain on Monday for Margaret Shipilski whom they brought home for a holiday.

Friends are glad to see Mrs. Watson home from the Mayer Thorge Hospital.

Mr. and Mrs. Emil Seutin and family from Lacombe and Mr. and Mrs. Archie Butlin and girls from Camrose have spent the weekend visiting parents and other relatives. Mr. Frank Wilson was pleased to have his daughters and their families help him celebrate his 77th birthday.

Mrs. Marks and Mrs. Brewster have enjoyed a visit from Mr. and Mrs. Appleton and Mr. and Mrs. Olberg.

Two sisters of Dick Lyster are spending a holiday at the Lyster home. They come from Edmonton and Spokane.

When a woman loves a man, he can make her do anything she wants to do.

NEW BUILDING PRESENTS A FINE FRONT TO FOURTH AVENUE

The modern new building built to house Maxwell's Electric at their location half a block west of Main Street on the Jasper Highway, presents a striking front to the passing public.

To routing prospective customers that the firm is more than an electrical shop, in fact is agent for Canadian Propane Limited propane and propane appliances in the opening day.

sign clearly shows, a big propane storage tank and smaller 100 pound bottles were out in front of the new store. In good of the new store, a fine crowd was on hand to

look over Don's stock on Friday and Saturday of last week when the propane appliances on view drew many an admiring glance. Photo by Grant

HOMESTEAD DAYS

By EUSTACE REDDIN

For some years all our plowing was done with a walking plow, at first pulled by oxen and later by a team of horses and it was not until 1918 that we got a gang plow and with five horses and were able to make better time with our plowing of this city soil.

One man here continued to do all his plowing with a walking plow until 1900 when he bought a tractor outfit.

However in 1918 the individual farmer's cultivated acreage here in Prairie was still pitifully small and that is very small fields as homesteaders cleared and broke the clearest patches that they could find irrespective of their position one to another. This was necessary to enable him to grow enough feed for his stock and a number of small scattered fields were possible without extra fencing as there was no extra fencing as there was no extra fencing as there was no extra fencing.

We bought a binder in 1915 from Mr. Crockett who then had a store at Haysdale about a quarter of a mile west from where Haysdale Hall now stands. I cut crop of my neighbors and on the average I had to put the binder on transport trucks and move to another field for every 4½ acre cut as I made 23 moves on transport trucks to put one hundred and five acres.

At one time I had to put the binder on transport trucks to get to and from a field only a hundred quarters of an acre in size. The crop was excellent that year, oats

going up to 100 bushels per acre and weighing 130 lbs. per sack. We got enough oats from our few acres that we were able to go in with a neighbor and ship a carload from Haysdale. We partitioned the car so that each man would get the returns from the sale of his own grain. This grain was hauled about the beginning of March 1916 and we traded hauling with other farmers so that we could get the car loaded between train days.

All the grain was hauled in sacks and in places the road was decidedly side hills and very one or two of the loaded sleighs would slide and upset the load on each trip. We could only haul a load every second day with the one team and of course it took quite a while to fill and the enough sacks for the various loads. We had to work long going down the steep hill to the Pembina and as there was no loading platform we had to drive along the track to our car and then leave the sacks from the sleigh into the car and empty them.

We were glad there were several of us working together on this especially when the car was getting full. Haysdale was a very busy place that winter.

The Gillespie Grain Co. had a man there buying grain that was coming in from all directions and from long distances. This buyer shipped several cars of grain out by every train. I remember that he paid 25 cents a bushel for oats. Later Gillespie built the first elevator in Haysdale.

Hospital Notes

Admission

Master Jimmy Affolter, Edson; Miss Margaret Frith, Edson; Mr. Emil Langhans, Edson; Mrs. Percy Mockler, Edson; Mr. James Sherry, Evansburg; Mr. Andrew Sherry, Kipling; Sask.; Mrs. Arthur Wickstrom, Edson; Mr. Herman Sieg, Edson; Mrs. Donald Rutherford, Edson; Mrs. Clifford Hoffer, Edson; Miss Patricia Hutchins, Edson; Mr. Louis G. Hutton, Edson; Mrs. Peter Silvers, Edson; Mrs. Ben Jones, Lacombe; Mrs. Arthur Dunn, Entrance; Mrs. Terrance Keston, Edson; Mrs. Robert Hayman, Marlboro; Mrs. Ray Gordon, Marlboro; Mrs. Matt Doucette, Edson; Baby Brenda Mandryk, Edson; Mr. Clyde Johnston, Hinton; Mrs. James Dunlop, Northville.

Discharges

Mrs. William Deacon and Baby; Peers, Mrs. Hugh Monroe, Edson; Mike Plashnyk, Edson; Mr. Thomas Foido, Edson; Mrs. Jane Bretton, Edson; Mrs. Elmer Ahl and Baby, Edson; Mrs. Gerald O'Reilly, Detroit; Mr. Ivan Boles, Hinton; Mrs. Earl Frouse and Baby; Ched; Mr. Cornelius Kehler, Plum Coulee, Minn.; Miss Margaret Frith, Edson; Mrs. Percy Mockler, Edson; Mrs. Arthur Wickstrom, Edson; Master Jim Affolter, Edson; Mr. Emil Langhans, Edson; Mr. James Sherry, Evansburg; Miss Patricia Hutchins, Edson; Mrs. Kenneth McKeever and Baby, Edson; Mr. Arve Perby, Niton; Mrs. Clifford Hoffer, Edson; Mrs. Arthur Dunn, Entrance.

No one has ever feared out yet from Entrance station to cover the station for Mr. Johnston during his illness.

SEEN ON THE MAIN DRAG

Admission

—Tommy Burgess, just off the main stem, having his usual after supper chat over the front gate.

—Dick Corser of Erith The Co. passing out cigars on his way to Edmonton to see his wife and the new baby son.

—Jean Kerswell, busily collecting office equipment for Kober's new branch office in Jasper.

—Mrs. Bob's hurrying down to work before eight a.m. Better what an hour to go to work.

—A local farmer saying he doesn't mind kids taking carrots to eat, but it makes a man disgusted to see willful destruction and anyway they can't get grown pumpkins.

—A local farmer saying he doesn't mind kids taking carrots to eat, but it makes a man disgusted to see willful destruction and anyway they can't get grown pumpkins.

About Nothing . . .

By SHAMUS

I see in the Journal those days that "Jane Arden" of the family is presently investigating the "hot rodders" and the busy bodies think they are juvenile delinquents.

Today's juvenile courts might well despair of a boy like Andrea ever being a useful member of society. But the world owes some of its greatest works of art to the fact that this 10th century Italian lad was a juvenile delinquent.

Andrea's mother died soon after he was born. His father worked long hours in a brickyard, and the seven motherless children got little tending. Andrea roamed the streets of Florence as he pleased. When Andrea was 17, he and his friends were engaged in a gang fight near the city walls.

A sione from Andrea's hand struck and killed a young man. Andrea was arrested and charged with homicide.

The city council of Florence decided that Andrea had had too much freedom. Instead of punishing him, they saw that he was apprenticed to a goldsmith, Giuliano Verrochio. This changed his life. He went on to become a great goldsmith, then an

engineer, architect, painter and sculptor. He adopted the name of his master and became famous as Andrea del Verrochio.

The same year that Andrea was arrested, a son was born to a peasant woman near Florence. This boy liked to make sketches, but his talents might have perished had his father not shown some of the little drawings to Andrea. The Florentine master quickly recognized the youth's ability, and proposed that he come to his studio to study. For the next ten years, Andrea taught his talented young pupil everything he knew in all the fields in which he was accomplished. The boy's name was Leonardo da Vinci.

I've got a plan to kick juvenile delinquency. I propose that we bring into captivity every teenager, delinquent or otherwise, and assign him to two adults, preferably a man and woman. These adults would be given full authority over the teenager on a very friendly basis. The teenagers would be made to work like slaves in a kind of cell (much like the old time family) on a very friendly basis. The teenagers would be made

Killed After Taking Mayerthorpe Man's Car

Pictured above is the car belonging to Mr. Brad Adams, in which a Jasper Place boy was killed on June 26. The 17 year old boy, Albert Shuster, had taken the car and was driving east when the vehicle went out of control two miles out of Mayerthorpe. The car rolled several times and the boy was

plunged in the wreckage and was not discovered till some time later when a passing motorist saw the lights shining in the bush.

RUTHERFORD—Born to Mr. and Mrs. Donald Rutherford, Edson, on August 14, a son.

SIKORA—Born to Mr. and Mrs. Peter Sikora, Edson, on August 15, a son.

JONES—Born to Mr. and Mrs. Ben Jones, Lethbridge, on August 15, a daughter.

RAYMAN—Born to Mr. and Mrs. Robert Rayman, Marlboro, on August 16, a son.

DUNLOP—Born to Mr. and Mrs. James Dunlop, Northville, on August 17, a daughter.

to feel at home (adults will have to be educated in how to communicate this feeling), but in all other things they would be subject to the orders of the adults. Major things would include attendance at school, attention to dress and manners, care in choosing friends and being where the adults want them to be.

Somebody once thought of this plan before. It was called "Honor the father and the mother."

THE WONDER WHY DEPT.—I looked in that hole for the culprit at the corner of this and main, and see that the culprit for the virus of the street lamps stops a couple of feet from the lamp, then on to the wire.

It's just wire. If it happened that somehow the wire got bruised and bared, and the hole filled with water, what would happen? I wonder WHY it was left that way?

No two people are alike, and both of 'em are glad of it."

Slab Fire Behind Hotel

A slab fire behind the Hinton Hotel was extinguished with the help of fire extinguishers from the hotel and Hinton Motors and no other damage was caused.

There are no organized fire fighters in Hinton and volunteers have been able to handle the fire situation up until now, but with the influx of people and buildings going up left and right the problems will increase, local people think.

Hinton Locals

The Catholic, United and Anglican church put on a joint show to raise money for their churches.

Mrs. O'Hara's mother is now visiting with her and her family.

We see Allan Moberly driving around in an old car.

Dolores McLeod is back working at the hotel after being home in Edson for a visit with her parents.

Ray James celebrated his 10th birthday on Saturday, Aug. 13.

Local Principal Co-authors New Grade 12 English Text

The new Grade 12 English text, For example, the chapter on The Thought and Expression, is now Essay has about a dozen essays in off the press and will be available for students on the opening day of school for the new term. One of the authors of this new text is Mr. M. D. Meade, principal of the Edson High School.

The other authors are Dr. H. T. Coult, Dean of the Faculty of Education, University of Alberta; Dr. J. Chalmers, Alberta High School Inspector; Prof. F. M. Salter, Department of English, University of Alberta; and Mr. W. S. Waddell, English Instructor, Victoria Composite High School, Edmonton.

The new text will be used in integration of Language and Literature, with the Language work in most chapters being followed by numerous illustrative examples from the writings of English, Canadian and American authors grades.—M.D.M.

Three District Men Die In Car-Truck Collision

Three district men, Nicholas Olchowka, 45, and his son Peter, 31, of Northville, and George R. Brown, 36, of Lacombe, died instantly when the new model Chrysler in which they were riding plowed into a three-ton truck driven by Richard Davies of Shanfield Construction at about 1:00 a.m. Sunday morning just east of the new Nejack Hotel at MacKay.

The car was going east around the newly laid asphalt blacktopping and struck the oncoming truck on the truck's side of the road. Driver Davies in the truck was shaken up but did not appear to have received any serious injuries.

The impact drove the car's engine into the dash crushing the two occupants in the front seat as well as the passenger in the back. Post mortem examination revealed that all three men had died instantly.

The impact was so great that the watches carried by the three men stopped at 1:00 a.m. The speedometer was also stopped at 80 miles an hour according to people who examined the car later.

Mr. Brown is survived by his

School Division Water Well Turns Into Gusher

Water well drillers have their troubles, but when the 12 1/2 Foot Drilling crew were down just past the 260 foot mark in the hole being drilled to supply the new Evansburg school buildings with water, one crew man said he could smell gas, the other one said saw go way with that stuff and lit a match . . .

That was Wednesday afternoon and as we go to press Thursday afternoon, reports are that the well is still flaring and hasn't been put out yet.

The well is being drilled by Mayerthorpe Plumbing & Heating as part of the contract held by Mr. Svend Petersen in the half million dollar building program being undertaken this year by the Edson School Division.

Estimates in half millions of cubic feet are being freely predicted by enthusiastic people who have seen the flaring well, the gas from which is of a high quality, we are informed. But final assessment of the potential mud await Conservation Board analysis of the gas and probably drilling of other wells in the vicinity if a field is thought advisable.

Strange part of the story is that Evansburg Creamery just across the street from the school grounds has a good water well producing fine water from approximately the same depth.

Six Teams Now Entered In MacKay Tournament

With entries open until Friday, August 26, there are six teams entered in the MacKay basketball tournament being held Sunday and Monday, September 4 and 5.

The teams already in include Hinton, Drayton Valley, Stony Plain, Edson Athletics, Edson Juveniles and the MacKay nine. The tournament has been planned for eight teams over the shorter playing time for the two day ball foot, and it is expected that the other two entries will be in well before the official deadline.

There are four ladies softball

teams entered to add to the day's attractions. In addition to booth and other midway concessions a big dance has been planned for the evening in the MacKay Hall.

This is MacKay's first bid for a sports this big and chief promoters Andy Shand and Fred Davis feel confident that a big gang of ball fans and spectators will be on hand.

The newly laid out ball field is reported to be in good shape. The big crowd will also be able to try out the hotel and first class eating facilities on the edge of the highway that has recently commenced operation in a serious way.

September 1st Not Holiday

Alberta's fiftieth anniversary is not to be observed officially as a holiday in Edson the Council decided this week on instructions received from the Minister of Municipal Affairs.

Monday, September 5, the traditional Labor Day will be a civic holiday and businesses usually closed on holidays will do so.

Any business wishing to close on Thursday next, of course may do so. The Leader was told.

HERE FROM UTAH

Mr. Joe Wadley of Pleasant Grove, Utah, was a visitor last week at the home of his brother, Mr. H. Wadley and family. Accompanying him was Mr. Van Edwards, also of Pleasant Grove.

16 Pounder From Rock Lake

Stephen Hayward, of Edmonton, proudly holds the 16 pound, 5 ounce lake trout he pulled in Aug. 18 while trolling with his dad on Rock Lake north of Edmonton. Stephen won't be able to enter the Junior Fish and Game fish derby as Rock Lake is outside the 85 mile radius of Edson set by the boys. —Grant Photo

Caravan-Museum-Barbecue Edson Labor Day Features

Local butchers are co-operating to arrange a barbecue to cater to the crowds who are expected to attend. One of the features that will lend to the importance of the day will be the presentation of the Jubilee Scrolls to the men and women who have lived in Alberta since

1905 and as senior citizens in this Jubilee year are being honored throughout Alberta.

It is also expected that the playoffs of the very active football league which has been playing in enthusiastic style this spring and summer will be held

Pulp Mill Mooted For Whitecourt Area Again

Residents of this district were very interested to learn of the tentative plans for a large forest products plant in the Whitecourt area. The proposed mill would produce pulp, paper and other products according to the preliminary announcement.

Company officials were in Edmonton conferring with representatives of the provincial government. The same company, International Pulp and Paper Co., an expressed interest three years ago and made an initial survey of the area, are the company interested again.

The officials, Richard E. Randall, corporate financier from Seattle, and W. F. Bush, of Seattle, a forestry management executive, conferred with the Hon. Norman Wilmore, Minister of Lands and Forests, and MLA for Edson Constituency, on Thursday of last week.

The statement issued by the company officials said: "We are in Edmonton conferring in respect to the establishment of a well integrated forest products operation in the vicinity of Whitecourt."

The visitors said extensive surveys already have been made of the area concerning the supply of raw materials for the proposed plant. American and Canadian capital would be invested in the enterprise according to Mr. Randall.

Health Unit An Asset

We were privileged to read the quarterly report of the Stony Plain-Lac Ste. Anne Health Unit and the statistics of the services performed in the large area from Spruce Grove to Whitecourt are something of which the doctors, nurses and other staff of the unit can be justly proud.

The idea of health units is catching on throughout our big province and the only criticism we have ever heard about them is from people who have not been able to benefit themselves from the many services provided by this public institution and that kick is that they want to be included as well.

In the areas west of Edmonton in west central Alberta the settlers and people who make their living from the bush are the people who most need this health service.

The cost is shared by the Provincial Department of Health and the municipal authorities or the Department of Municipal Affairs in the case of improvement districts.

The municipal share of the cost of the Stony Plain-Lac Ste. Anne unit is split between the taxpayers of the two municipalities, and while it does increase the amount of the area to be covered it does cut the direct cost to the individual taxpayer down considerably.

What's Wrong With Canada

We now know what's wrong with Canada thanks to a story in the Calgary Albertan about a California State Senator. Says Senator Luther Earl Gibson it's the roads.

"The roads are in very bad shape," declared Senator Gibson. "The drive from Jasper was the worst we've ever experienced, even though we were driving a 1955 Cadillac—the largest they make. . . I have very fine air conditioning, but the dust getting into the filter has pretty well wrecked it."

We of course heaved a sigh of relief when we read this article—we've been afraid that these neighbors of ours from south of the imaginary line might not think Canada was a nice country because we had halitosis or some other serious defect.

It has been our privilege to drive over quite a number of the highways in Alberta this summer and the more we drive the more we are proud to see that our province is really tackling the highway building problem on what we, humble Canucks that we are, think is a grand scale.

This dusty Jasper road which should have been watered or something to keep the senator's air conditioning system clean is going to get over four million dollars (Canadian) spent on it this year. While this may seem like small potatoes to our expansive neighbor, we think it's really something.

At the four million dollar clip per annum our Jasper trail should be ready for a return visit from Senator Gibson in a year or two. In the meantime we Albertans who don't know any better will continue to marvel how far it has come in the last few years.

WE LAUGHED AT THESE

The man had barely paid off his mortgage on the house when he mortgaged it again to buy a car and not too long after borrowed money to build a garage. His banker hesitated and said, "If I do make this new loan, how will you buy gas for the car?"

"It seems to me," the man replied curly, "that a fellow who owns his own house, a car and a garage should be able to get credit for gas."

A drunk fell out of a sixth story window and landed in the street without apparent harm. A crowd gathered around him and a cop rushed up and said, "What happened?"

"I don't know," said the drunk, rising and brushing himself off. "I just got home myself."

A terrified citizen assured the police lieutenant he had been felled in the dark outside his back door by an unknown assailant. A rookie cop was dispatched to the scene and returned in due course with a big lump on his forehead.

"I solved the case," he reported. "Quick work," complemented the lieutenant. "How did you do it?"

The rookie explained, "I stepped on the rake, too."

There are no many electric lawnmowers and cheap lawnmowers in his home town, grumbles TV star Herb Shriner, that the standard greeting has changed from "What's cooking?" to "What's mowing?"

A new definition of a "ash-mole." A man who gets knocked 300 feet by an automobile and then gets used for towing the scene of the accident.

In the early days of motoring, narrow highways would barely permit two cars to pass without colliding. Now we're getting super-highways where six or seven cars can collide at any time.

Trudy: "Do you think that someone notices the heart grow fonder?"

Judy: "Definitely. Ever since Jack has been away I've been going to the 9th more and more."

"I know, but nobody seems to love me anymore."

THE ALBERTA SCENE

By KEN MASON

Edmonton.—The opening days of the special session of the Alberta legislature last week gave us an indication that members had just gone through the bitter election campaign in the province's history.

One might have expected a continuation of the accusations, insinuations and relentless criticism which marked the last session of the house and the election race that followed.

But instead of snarling at each other, all was courteous and brotherhood between opposing political factions—at least for the first three days of the session.

J. Harper Prosser, Alberta Liberal leader, promised that his 15 members would do everything possible to help the government finish the session quickly.

The Liberal leader made his address in the throne speech de-bate, a short one, with little criticism of the government, and said he hoped other members would take as little time as possible.

The other members followed his lead on the first day of debate. In fact, the speeches were kept so short that the house adjourned about an hour before the regular closing time. Seven members entered the debate, and when they were finished there were no others ready to go ahead.

Premier Manning entered into the friendly spirit by congratulating the newly-elected members of the legislature, and made particular mention of the 16 new opposition members.

Mr. Prosser criticized the premier on one point, but did it in a constructive way that didn't bring the jeers and shouts which often come from the Social Credit side when the opposition is taking the government to task.

The Liberal leader said he had some changes he wanted to make in the bill which would permit farmers to establish producer-controlled marketing boards for the marketing of various agricultural products.

A meeting of the house agriculture committee was to begin on Monday of this week to study the bill and hear representation from interested farm groups. Premier Manning said some changes have been made since the bill was brought before the last session, but he didn't indicate what they might be.

The Alberta Federation of Agriculture was expected to continue its argument for relaxed voting restrictions to make it easier to establish a marketing board. Under the bill as presented to the last house, 51 per cent of those eligible to vote would have to favor setting up a board.

A new record was set when Mr. Peter Dawson, Social Credit member for Little Bow in the south, was re-elected Speaker of the assembly. Mr. Dawson has been Speaker continuously since 1947—longer than any other house Speaker in Canada. During all that time, he has missed only one day while the legislature was in session.

"I quit my acting career because of ill health."

"What was the trouble?"

"I made people sick."

"Why, why are you crying?"

"Daddy dropped the hammer on his foot."

"But that's not far you to cry about."

"I didn't cry. . . I laughed."

Calvin Clara says that she has a friend who is always in hot water because she keeps jumping to conclusions.

Dancing Classes Enrollment Soon

The Edson Dance Studio, under the direction of Eleanor Giddrich will open Saturday, September 3rd. Enrollment will take place in the Legion Memorial Centre from 11:00 a.m. to 4:00 p.m. on the above dates.

Boys and girls are invited to attend from the ages of four years up, with specialized training given in Ballet, with Tap, Folk, Highland and Rhythmic dancing regularly taught.

Enrollment for the Peers and district children will take place in the Peers dance hall from 1:00 p.m. to 3:00 p.m., Wednesday, August 31st. Those unable to attend on the above dates may notify Eleanor as soon as possible.

Miss June Keilbach will act as pianist for the school while Sharron Street is former ballet pupil.

Edmonton visitors (for the past weekend included: Mr. and Mrs. Carl Balach, Mr. and Mrs. Jack Fryer Jr., Mr. and Mrs. Jim Ross, Mr. Winston Johnson, and Misses Margie Bailey and Jean Simanich.

GREEN ACRES . . .

By R. C. ROCKINS, District Agriculturist

Recently late-seeded barley crops across the prairie have been hit by large numbers of small, blue-green insects called "Corn Leaf Aphids." They suck the sap from the leaves and stems of young plants, eventually causing the plants to turn brown, and sometimes completely killing the crop.

Very late, infested crops may warrant spraying with "Metholene" in order to kill the insects. If the crop has reached the early dough stage, not much damage will be done to the plants, and it will not pay to treat them. It will cost about \$1.50 per acre for the chemical with the cost of spraying added to this. A boom-type weed sprayer is a very good machine to use to apply the chemical.

If you have a very late seeded barley crop which is heavily infested, but which under normal conditions should yield well, it may pay to spray the crop. If you wish further details, contact my office immediately. Delay will make treatment useless.

MORE ABOUT PIGS
Last week I mentioned how much more profitable it is to produce grade "A" pigs. This week I would like to bring to your at-

tention a new policy of the Department of Agriculture which will help you to get those grades.

If you wish to buy a good breed of type bar which will improve your grades, you can apply through this office for such an animal. Export buyers will purchase your bar, and the Department of Agriculture will pay \$18.00 of the cost if the bar costs over \$35.00 and \$10.00 if the bar costs under \$35.00. The animal will be shipped free of charge to your nearest station.

If you buy the bar yourself at an approved sale, the government will assist to the same extent, but will not pay shipping charges. I will be pleased to assist if you wish to buy a better bar.

PROFITABLE LAND USE
Summerfallow has no place in this district, except where it is needed to destroy a particularly troublesome weed such as quack grass. Much better and more profitable than summerfallow is the use of a rotation including forage crops for three or four years out of six. Summerfallow is an expensive operation which is usually unnecessary here.

But, if a weed problem makes summerfallow necessary for a year, do not let that field be a

Complete loss. After working 14 commencing early in the spring, seed a cover crop of oats at 2 or 2½ bushels per acre about August 1.
Such a crop will protect the summerfallow from wind and water erosion, and will provide a large amount of fine fall pasture. Begin grazing about 8 to 9 weeks after seeding, and your cattle will go into winter in excellent condition.

Weekend visitors at home from Edmonton were Eddie Orysk, Geoff Buck, Miss Rose Marie Roberson, Vernie Herbst, Maria Koebel and Mary Shur.
Mrs. H. Makowsky spent the weekend at Jasper with her son Fred and his wife and their new son.

Edson School Division No. 13
NOTICE
Tenders for Purchase of North Derby School No. 3196
Sealed tenders will be received by the Board of Trustees of the above School Division at the office of the Secretary-Treasurer, Edmon, Alberta, up to five o'clock, September 7th, 1955, for the purchase of the North Derby School No. 3196 which is located on Part 12 of the North East Quarter of Section Twelve (12) Township Fifty-Seven (57) Range Fourteen (14) West of the Fifth Meridian.
A marked cheque for ten per cent of the amount of tender must be enclosed with each tender as a guarantee that same is bona fide. No tender will be considered without this cheque attached.
The highest or any tender will not necessarily be accepted.
D. S. BLUNDELL, Secretary-Treasurer Edson School Division No. 13

High School Marks . . .

As predicted by Principal M. D. Meade at last year's graduation exercises, the 1955 Grade 12 proved itself quite possibly the finest in the history of Edson High School. Results in other subjects were also quite gratifying, as will be seen from a study of the following supplemental.

With regards to these lists, Mr. Meade points out that the achievement required to secure credit to work a High School Diploma is lower than that required to secure a matriculation pass.

This fact accounts for the larger numbers in obtaining 2 as compared with common 3. It should also be understood that a pupil in Grade 12 matriculates 2 years in every subject on a matriculation basis and a 3 on a matriculation basis.

Grade 12
English: Earl 8 6 2, Bolton, Robert 7 7 7, Jackson, Victor 8 8 2, Hinks, Donald 8 8 2, Kuhn, LeRoy 8 8 2, Keith, Richard 8 8 2, Hinchey, Myrtle 8 8 2, Kinnick, Paul 7 7 3, Kinnick, Leo 6 6 4, Korman, Igal 8 8 3, Kark, Alexander 7 7 3, Lavigne, Lawrence 7 7 3, Loxton, Anne 6 6 6, Mah, Jean 7 7 6, Marshall, Melvin 7 7 6, Martin, Betty 6 6 2, Milligan, Robert 7 7 3, Pailo, Florence 6 6 8, Perrine, Frank 8 8 2, Rukavina, Joy 7 7 2, Rush, James 7 7 9, Schick, Rudolf 6 6 6, Seiden, David 6 6 5, Sheppard, Allan 6 6 6, Talpash, Evelyn 6 6 6, Vejdahl, Lorne 7 7 7, Per cent pass 82.5% 73.3% Provincial average 85% 80%

EDSON SCHOLARSHIP WINNERS ANNOUNCED

According to Principal M. D. Meade, the following are the winners of scholarships in the Edson Junior and Senior High School. Names of close runners-up are given in brackets.

Edson Motor Scholarship, Grade 9: Robert Manuel, (John Ritzman); Dutch Mill Scholarship, Grade 10: Anne Seidel (Eather Ashwell and Dvanna Komastuk).

Commodore Hotel Scholarship, Grade 12: Allan Sheppard (Annie Lovin).

R.N.A. prizes in Grade 12: English-Social Studies—Robert Bolton; Mathematics—Richard Gorecki; and James Rush (Ed. Science)—Florence Pailo, French—Annie Lovin.

Scholarships are valued at \$50 each, while prizes are \$25 each. These awards will be presented at a suitable function shortly after the opening of school for the fall term.—M.D.M.

ALLAN SHEPPARD
High student in Edson High School's grade twelve class this year.

Mr. W. Puff Passes This Week

Another of Edson's estimable, Mr. William Puff, passed away August 24 at the age of 79 years.

Mr. Puff homesteaded in the Edson district in 1912. For a number of years he was CNR policeman and baggage man in Edson, later operating his own milk business. Following this he was employed at the W. Wilson Feed Store for some years before returning to his farm where he has lived and worked although his health has failed in the past few years and he has spent much time in hospital.

He was an avid reader and the Edson Library had few more regular patrons.

He is survived by his wife, two sons, Herman at New Westminster, and Fred at Kamloops and one daughter, Mrs. Dorothy Osborne at Edson.

Funeral services will be held on Monday, August 29, at 2:30 p.m. from St. Catherine's Anglican Church.

Edson's Main Street Needs Understanding From Public

Public understanding will be required for the next few weeks while Edson's Main Street gets its long promised face lifting. Councillor Gerald Mahon, chairman of the public works committee, told The Leader this week as the peering on the fine new nine-foot sidewalks started by the Port Construction cement truck.

Various parts of the street will be blocked off as each part of the first six blocks in turn gets its face lifting treatment. During this period parking spots and traffic are going to be problems and any vehicle driver not having to park on Main Street would be doing the paving gang a favor by parking on side street.

The blacktopping treatment is going to proceed as soon as the present filling job is completed block by block.

Councillor Mahon also emphasized that the street is not going to be built up to the new highway standards and therefore truck traffic will have to be barred from using Main Street. Fifty-first street (the first street west of Main) is being readied as a through street north and south for truck traffic and as soon as a suitable cut is available will be bulldozed right through to 12th Avenue from the present 11th Avenue corner.

As the Main Street paving is essentially an economy blacktopping and not a heavy traffic street trucks will be permanently banned from using Main Street and will have to use the through streets the Council are planning.

Float Plane Lands At Lake

An aircraft from the Tactical Air Force in Edmonton dropped down on Bear Lake last Sunday and landed on the lake's beach for a coke before taking off again.

The fliers mentioned that they had been down on Long Lake just north of the better known Bear Lake and had been impressed with the string of small attractive looking lakes that stretch out north from Bear Lake.

Edson Men Hike Into Amythest

Two inveterate Edson fishermen hiked into Amythest Lake last weekend and report catching five pound rainbows left and right.

The two, Tom Becker and Gordon McIntyre report that the 12 mile walk from Mt. Edith Cavell road is well worth it.

Post Office Holiday Hours

Thursday, September 1st has been proclaimed a Provincial Holiday and Post Office hours will be as follows:

Lobby open from 8:30 a.m. to 6:00 p.m. Window for General Delivery stamp sales only open from 11:00 a.m. to 4:30 p.m.

There will be no money order or Savings Bank business transacted on Labor Day, September 5th. Lobby open 8:30 a.m. to 6:00 p.m. Window for General Delivery and stamp sales only 9:30 a.m. to 4:30 p.m.

Children Clear Edson Theatre In School Fire Drill Style

A small fire occurred in the Edson Theatre on Saturday, August 20th during the matinee performance. The fire was discovered at a very early stage, and the children were requested to leave the theatre on the pretext of a major equipment breakdown. The fire alarm was then turned on.

Edson fire department was on the scene in seconds flat, and the fire was soon completely out. Damage was very limited, with

MacKay News

Among visitors to Mackay for the wedding of Mr. Harry Atwell and Miss Shirley Laurin, were Mr. and Mrs. Buster Dole of Port Mann, B.C. brother and sister-in-law of Mrs. Jack Atwell; Mr. Joe Chipiak and Mr. Norman Macdonald of Powell River, B.C., and Mrs. Leverage of Calgary.

Mr. and Mrs. Harry Atwell left for Grande Prairie in their new Mercury truck and trailer house, and all their many friends wish them every happiness in their married life.

Mr. Norman Macdonald and Mr. Joe Chipiak returned to Powell River, B.C. on Monday morning, leaving Mrs. Macdonald and the children to follow later.

A carnival visited the town on Thursday of last week and the children all had a happy time on the rides and at the sideshow.

Mrs. Macdonald has had her two grandsons, Ray and Wayne Macdonald of Calgary over for a summer holiday.

Mr. Keith Dickie is now working at Lake Louise and was home for the weekend.

Many gardens in the district were touched by frost one night last week, but not a lot of damage was suffered. The weather has been perfect for haying for the hay harvest and now farmers are

New Look For Well Known Cafe

A well known Edson cafe is to have a new look when the extensive alterations that are now well under way have been completed.

New proprietor Wing told The Leader that his new "Rendezvous Restaurant" is being completely renovated from front to back and from top to bottom, complete with new tables, stools and counters.

Located on First Avenue for many years the cafe formerly known as "The Union" has been one of the sights that struck the visitor when he first came up town from the C.N.R. Depot.

Looking forward to harvesting their grain which is ripening and should result in good crops.

The Canadian Sunday School Association held a Church Service in the village hall on Sunday which was well attended and a Vacation School during the week following in the Old School with a picnic on the Friday afternoon.

Mr. Andy Shand is back home from Fern, where he has been working during the summer vacation.

Mr. Bill Mackay left on Tuesday for Prince George, B.C. to visit his son, Mr. Thornton Mackay.

DIVISION DECIDES TO BUILD THREE SCHOOLS AT HINTON

At their regular meeting on Tuesday, August 16, the Board of Edson School Division No. 12 decided to construct three one-room schools at Hinton as soon as possible. The tender of Mr. H. E. Pollock for labor only on the schools was accepted and the division will supply the material.

Present at the meeting were Messrs A. C. Gough, J. H. Lawton, H. G. Haddock, R. C. Frisk, W. H. Kaakewitt, Superintendent, J. H. Finlay and Secretary-Treasurer D. S. Blundell.

The Chairman opened the meeting with the approval of the minutes of the previous meeting.

North Rosevear Meeting—A report was given on the meeting held in the North Rosevear School on August 15th, 1955. Moved that Lakeland District, North Rosevear District and South Rosevear District continue to be vanded to Edson for the coming term.

Change of Day of Meeting—Moved that future regular Board meetings be held the second

Thursday of each month, not the second Tuesday as present, and such to commence September 1, 1955.

Starting of School—Moved that the 1955-1956 school term commence September 6, 1955.

Helping Teacher—Moved that Mrs. Anne Gerlitz be appointed as a helping teacher for the coming term.

Other matters discussed were: Lesman School petition, Evansburg sewage, drilling of wells, transportation allowances, van, correspondence, repair program, medical bills, road repairs, business of individual trustees, teacher resignations and appointments. Superintendent's report.

Secretary's report and payment of accounts.

Moved that the meeting adjourn at 7:25 p.m. and meet for the next regular meeting, September 8th, 1955 at 10:00 a.m.

Mrs. Nedemich and two sons of Matsqui, B.C., are visiting at the home of her brother, Mr. J. H. Finlay.

Cabinet Ministers Out To Open New Bridge

Two cabinet ministers were on hand to open the fine new bridge over the McLeod River just north of Peers on Saturday afternoon. With arrangements in the hands of the 4-H clubs in the area the afternoon had all the elements of an enjoyable picnic affair.

The Hon. Norman Willmore cut the ribbon on the south end of the bridge. 60 4-H club members from McLeod Valley, Niton, Niton Central and Peers, formed up behind him and with banners flying, marched across the bridge to the north end where the Hon. Gordon Taylor, Minister of Highways, cut the ribbon.

Under the capable MC-ing of Chris Hellen Jr. on the public address system rigged up at the north approach to the bridge the short program began.

Christine Gee gave the 4-H pledge and Clarence Monama gave the address of welcome to the visitors, while Ruth Hall introduced the Hon. Norman Willmore.

Mr. Willmore paid tribute to 4-H clubs for undertaking the organization of the social side of the occasion. People, he said, would appreciate the bridge more and more as time goes on. It is

Cont. on Page 7

Jubilee Barbecue Labor Day Shaping Up Well

Edson's celebration of Labor Day with a Jubilee Barbecue and presentation of senior citizens medals as well as a football playoff is shaping up very nicely.

According to word received from Edmonton there will be at least 34 senior citizens from this district who will be eligible for the awards which will be given out on Monday.

Mr. Elmer Bakkevis who is chairing the committee preparing the beef barbecue reports that he has secured 400 pounds of delicious beef and only lacks some extra volunteers to help turn the spit for the 34 hours that is required.

Mrs. Tam Johnson and Jim Cole are looking after the arrangements for the sitting of the Jubilee carvons which they expect to have set up just east of the arena. This carvon which

contains museum type souvenirs from Alberta's earliest days has attracted considerable attention wherever it has appeared throughout the province.

Mr. H. A. Switzer is looking after the concessions on the grounds and Fire Chief Ted Semenik and his boys are supervising the preparations for the huge bonfire which will be lighted during the evening of the celebration.

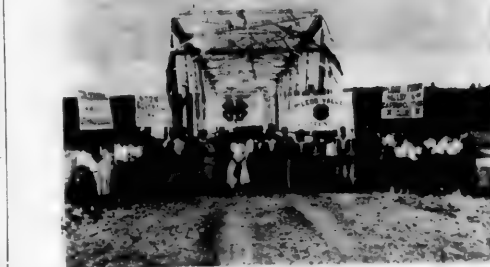

Order of dress will be as close to old time costumes as possible with the men sporting straw hats, handkerchief mustaches and dachshund if they can lay hands on them, while the ladies are asked to come as close to the '95 mode of dress as they are able by romping in their skirts.

The Legion is planning an old time dance in the Legion Memorial Centre at which time dancers will be given a chance to try out the newly laid hardware floor.

School Gaser Still Burning

The water well in the Evansburg school yard that turned in a gas well that ignited is still flowing gas as we go to press this week too.

It is not known for sure where the gas is coming from but one theory that the well had tapped an underground level long closed off in the old Evansburg colliery workings is being abandoned as the flow of gas continues.

The top picture shows the Hon. Norman Willmore about to cut the ribbon opening the south end of the new McLeod River bridge on Saturday afternoon. The middle shot is taken

from the east side of the bridge and shows the cars gathered on the flat for the memorable occasion. The bottom picture shows the 60 odd 4-H club members from

McLeod Valley, Niton, Niton Central and Peers clubs gathered under their respective banners for the group picture prior to the opening of the bridge.

MacKay Tourney Sept. 4-5

MacKay's first annual sports is attracting wide attention in this area as the Labor Day weekend draws closer.

Promoters Andy Shand and Fred Dennis are confident that their idea of a sports day for MacKay is going to start a fine baseball tradition for this district. A full quota of baseball teams will be on hand as well as an aggressive bunch of girl softballers.

Forestry Say Fires Out

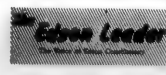

Forestry firefighters report that the fire which started from a berry-picker's camp fire on the Craig road just past the old mill near Codrington and burned 80 acres of forest is now under control.

It took a forestry crew considerably over forty hours to get the blaze under control. Investigation after the fire was put out showed egg shells o-

round a recent camp fire apparently lit by berry-pickers.

Another fire on the Swanton road north-west of Edson was brought under control near the F. J. Hanson camp with only a few acres being burned off.

Superintendent of Forest D. Buck was very pleased to have the help of several men from the new North Western Pulp & Paper company in putting this fire out.

Fresh Blacktop Dangerous

The blacktop coating which all motorists in Alberta have come to appreciate can be dangerous, especially at night, when it is fresh.

The recent accident in which three men were killed on a curve is a case in point. It will never be known but it is probable that the driver did not know that he was on his wrong side of the road, as there was no white dividing line on the wide blacktopped curve at this point.

Even at moderate rates of speed blacktop is very hard to drive on and the Provincial Department of Highways should ensure that contractors get that safety line onto fresh black top as soon as it is humanly possible.

The McLeod River Ferry Goes

The official opening of the bridge just north of the hamlet of Peers over the McLeod River brought another era to a close in the history of that excellent farming district.

The earliest pioneers had to ford the river or wait for freemen. Then the next step, the well-known McLeod River ferry, was a big improvement. Now the fine silvery steel bridge is designed to accommodate traffic for many years to come.

One nice feature about the new bridge constructed by the Highways Department is that future growth of the area is anticipated and the huge concrete abutments have been constructed so that they can support a much wider bridge should the traffic warrant it.

The heavy Liberal vote in the area in the recent election indicate that there was truly a case of "real need" for the bridge and it was not just one of Government supporters getting something for their area.

At least Highway Minister Taylor told the gathering in no uncertain terms that our member, the Hon. Norman Wilmore, had repeatedly pressed for the transfer of the old "Ciarelli bridge" from the McLeod seven miles east of Edson and had finally convinced his department that the area warranted the transfer of another span from elsewhere in the Province.

The money for the bridge came from the "special contingency" funds of the Department of Highways and we agree that it couldn't have been expended to better purpose.

Words of Wisdom

YETAS

A happy smile and a cheery word,
 Will help to lighten the load;
 Of the weary traveller, tired and worn,
 As he struggles along life's road.
 You never know what a smile can do,
 To the heart that is weary and sad;
 Don't go through life with a frown on your face,
 But smile, and make somebody glad.

THE ALBERTA SCENE

By KEN MASON

Edmonton—The most important bill passed at the recent special session of the Alberta legislature was the one which enables farmers to establish their own marketing boards.

It sparked the lengthiest debate of the session, and both Social Credit and opposition ranks were split on the issue. The bill was passed with a strong majority—on a standing vote of 46-13—but many members who supported it did so only after expressing reluctance.

The controversy surrounding the bill arose out of the wide powers which would be given to a commodity marketing board, and certain compulsory features in sections of the bill dealing with the constitution of a board. Here will be said about these powers later.

Premier Manning's government was lukewarm about the bill, but took the position that it had been introduced because of central pressure from the Alberta Federation of Agriculture and the Farmers' Union of Alberta. Many members who supported it took the same position.

Even though the bill has been approved, farmers are a long way from having their own marketing boards, and under the provisions of the bill it won't be easy to establish one.

First of all, the government wants to be sure a strong majority of producers are in favor of a marketing board, and to make doubly sure, it revisited efforts by the AFA, the FUA and some Liberal members of the house to relax the voting restrictions.

As the legislation stands, a board cannot be set up unless it has the approval by vote of 51 per cent of the producers. This is not an ordinary majority vote. It means 51 per cent of those eligible to vote must cast affirmative ballots, or there will be no board.

The two farm groups thought the 51 per cent vote was too strict. They thought the issue should be decided by a 66 2/3 majority of those who actually turn out and vote. They argued it would be too difficult to get enough farmers to vote.

But the government pointed out that this would be too dangerous. If the voting restrictions were relaxed, it would mean two-thirds of a small number of voters could force marketing boards on all the rest of the producers.

There was some argument that those who don't bother to vote shouldn't deserve much consideration, but the government wouldn't accept this.

The government also felt the AFA and FUA hadn't proven that the marketing board idea enjoyed widespread support from farmers. Some members said farmers in

their ridings were strongly opposed.

The house also refused AFA and FUA requests to include cattle and sheep under the provisions of the bill. Southern ranchers expressed complete distaste to the principle of marketing boards, and asked that sheep and cattle be left out. Hon. L. C. Hammar, minister of agriculture, said producers in his southern constituency of Warner, were definitely opposed.

So the right to set up marketing boards was limited to producers of poultry, poultry products, hops, vegetables, honey, cheese, commercial grain or legume seed. Under the bill, a separate marketing board would be set up to handle a specific product. The board also might be confined to a certain area. For example, poultry producers in the Edmonton area could set up a board, or vegetable producers in the south.

If a board is established, it will have wide powers under the act, and there are what drew much of the criticism in the house. For example, a board could fix prices and establish different prices in different parts of the province. It also could determine the maximum spread allowed a dealer handling the controlled product.

A marketing board could require all producers and marketers to register their names and addresses with the board. It could require all persons engaged in marketing to obtain a licence from the board and show proof of financial responsibility. It could require persons engaged in marketing to make periodic returns, and could inspect the books and premises of such persons. In the event of goods being kept or marketed in violation of a board order, it could seize the goods, dispose of them and retain the proceeds.

When these powers were questioned, the reply was that they were necessary for the efficient operation of the board, and are contained in marketing acts of other Canadian provinces. After hours of debate, it came to a vote. Five Social Crediters and eight opposition members members voted against it.

The Social Crediters who voted against it were: Ross Wilkinson, Calgary; Ian McLaughlin, Grand Prairie; William Korsch, Fitcher Creek-Crowsnest; A. J. Dixon, Calgary; and Rev. J. A. Waples, Fitcher Creek. Opposition members opposed to it were: Bryan Strickland, (Mtd.) Bow Valley-Emeryville; R. Earl Ansley (Ind-SC); LeRoy; Ross WEA, (Lib-Cons) Okanogan-High River; P. L. Giesler, (Coalition) Banff-Crowsnest; J. Percy Page, (PC) Edmonton; A. R. Smith, (PC) Calgary; J. L. Blum, (D) Acadia-Crowsnest; and Abe W. Miller.

WE LAUGHED AT THESE

Dumb—"What's the best way to catch a man?"
 Dora—"Run away from him."

A woman with a downy hide in her car went through the traffic signal, a pedestrian yelled: "Lady, don't you know where to stop?"
 Looking back at the youngsters in the car, she replied, "I want you to know I never had no sin."

Two spinsters were reading the papers. One of them looked up and said to the other: "Goodness, did you read about the wife who was just arrested for setting fire to her husband?"
 "That's life for you," the second spinster answered sadly. "Some women can't get husbands, while others have husbands to burn."

"Doctor," said the talkative woman, "I feel weak and run down. Completely exhausted."

"Hm...," the doctor diagnosed. "I'd say you need a complete rest in part."
 "But doctor! Aren't you going to give me an examination? Why don't you look at my tongue?"
 "I don't have to. That's the part that needs the rest."

"Wow! That's some shoe you got there. How'd you get it?"
 "I kissed the bride after the ceremony."
 "I don't get it. Everybody kisses the bride after a ceremony."
 "I know. But I did it two years after."

Edmonton.
 Mr. Ansley, the Leader rebel Social Creditler, led the opposition by describing the bill as "Communist and socialist." Mrs. Wilkinson, of Calgary, agreed with him. Mr. Miller said the danger of a combine bringing higher prices to consumers.

Among those who supported the bill, W. F. Gilliland (BC) Peace River expressed reluctance. During the four or five years marketing boards have been discussed, he said he has not had one farmer speak to him in favor of them. He supported the bill because he felt farmers should have a right to vote on the matter.

W. J. C. Kirby (PC) Red Deer probably expressed the feelings of many of those who voted in favor of the bill. While he didn't like it, he believed the farmers should be given the right to decide for themselves. He was certain, he said, that when it came to a vote the farmers would reject it.

The AFA and FUA have won a long battle to have a marketing legislation passed. They got what they wanted, but the heart of the legislature wasn't in it.

HOMESTEAD DAYS

By EUSTACE REDDISH

No. 24

In 1912 one of our neighbors had an exciting and unpleasant experience. He set out to walk to Belvedere where he was to deliver this blood trail disappeared and nothing more was seen of that bear.

Our neighbor didn't do any baying that year as it was sometime before he was able to get around again. Commenting on the incident he said, "I always heard that if a bear took after you should climb the blindest tree handy as the limbs would hamper the bear climbing, but it didn't make any difference to that bear." There was no doctor to examine his leg and I suppose that the lack of a doctor was really the district's greatest handicap.

When a neighbor's son was tobogganing and broke his leg when the toboggan struck a fence post he was taken to Bangau on a sleigh (this happened after the steel reached Bangau) and then taken along the railroad track on a hand-car as far as Onaway where there was a small hospital which had been built by the Anglican Mission but I don't think there was a resident doctor at Onaway at that time. That man still walks with a limp.

For the earliest settlers who came here years before the rail road the only way to make a living was by trapping furs, selling goods and services to incoming settlers, or to raise cattle and sell them to the packing plants in Edmonton. With out roads and no railway the only way to get the cattle to Edmonton was to make them walk there. So for several years the annual fall cattle drive was really the most picturesque feature of life here.

In the past the fall towns with fat cattle to sell got the cattle in one herd at some pre-arranged time and place and the slow 100 mile drive to Edmonton started. The drive was slow as during the early part of the drive the cattle could feed part of the time along the trail and going slow meant there would be less shrinkage by the time that they reached Edmonton. Then it might take about ten days to get to Edmonton, now days one can phone for a truck and have them delivered at the packing plant in a matter of hours. What a change! But such was life in those good old days.

VILLAGE OF MAYERTHORPE

TENDERS

Sealed Tenders will be received by the undersigned up to 3:00 p.m. Saturday, September 10th, 1955 for Gravel delivered on the streets of Mayerthorpe.

Must be pit run or screened gravel.

Maximum size 4" diameter.

Separate bids per yard on the following amounts:

2,000 yards, 2,500 yards, 3,000 yards, 3,500 yards

Lowest or any Tender not necessarily accepted.

MRS. E. GLAZIER,

Secretary-Treasurer,

Village of Mayerthorpe

EDMON SCHOOL DIVISION NO. 12

NOTICE

Tenders For Electrical Outlets For The Hinton School District No. 4518

Sealed tenders will be received by the Board of Trustees of the above School Division at the office of the Secretary-Treasurer, Edmon, Alberta, up to five o'clock September 7th, 1955, for the electrical wiring in each of the three one roomed schools presently under construction in the above School District.  Secretary-Treasurer,
 Edmon School Division No. 12

ELJ

East Carrol Creek

Your reporter has quite a time gathering up a bit of news here and there.

Everyone certainly is busy getting their hay up while the good weather lasts.

See Holly Fiel fazing up the under getting it in shape.

Visitors at the home of Mrs. Beck and Jack Creek were Mr. and Mrs. Charlie Beck and Mr. and Mrs. Murray Beck all of Edmon.

David Wild is helping Joe Bent try to put up hay.

See Leonard Rogers and Guy Ranger helping Holly Fiel and Otto Kuhn with the hay.

Mr. and Mrs. Robert Kneteman and family visited Mr. and Mrs. M. Gryvell Sunday.

Mrs. L. J. Kiehlbaum made a trip to Edmon on Monday to see

road the only way to make a living was by trapping furs, selling goods and services to incoming settlers, or to raise cattle and sell them to the packing plants in Edmonton. the dentist. No more toothache now.

Mr. and Mrs. Walter Durian and family are holidaying at New Westminster B.C. and other parts of B.C.

Dennis Bette is helping Albert Novotny with the hay.

Mr. and Mrs. Alex Paul and family of Calgary are visitors at the home of Mrs. Beck.

We are sorry to hear Mr. Norman Jensen is in the St. John's hospital in Edmon. We all wish you a speedy recovery.

A perpetual illness is a good working definition of hell.

—Bernard Shaw

Right!

It takes a plain man to draw a cheque, a pretty girl to draw attention a horse draw a buggy, a porcupine to draw skin, a free lunch to draw a crowd, and an advertisement in this paper to draw trade.

The class was discussing the North American Indians when the teacher asked if anyone could tell what the leaders of the tribes were called.

Girl—"Chiefs."

Teacher—"Correct, and what were the women called?"

Lead (promptly)—"Mischief."

Through The Study Window

REV. C. C. ARMSTRONG

Whenever one journeys from one place to another, there is always an accumulation of worldly goods that goes along with you. These possessions are of course not all of equal value either in terms of currency or sentiment. Some are pots and pans, designed for the humble tasks of the house hold. Some are treasured pictures, to be hung on the walls, thus serving a double function of beautifying the empty spaces and as a reminder of the time when we ourselves visited some of the scenes that are pictured.

Some of our possessions are new and others are a legacy from the past.

One of the things that I brought with me was the sole right to write about my own soul, in a column of purely personal consent in this newspaper, the church and the community. For several years past the columns of the Didsbury Pioneer have been marked off (designated) by a column of mine known as "Through the Study Window." Now at Edson, I propose to continue such a column.

Some of us have several advantages as far as I am concerned. First of all, we have a cheap appeal, and we are allowed to be in the nature of church events before they happened, and to report concerning them afterwards. They served to give information about the workings of the church; to report the contents of the pastor's letters. Sometimes to explain why certain was necessary to have some report appearing in the paper.

Edson Locals

Mr. and Mrs. Barton Davidge and family are holidaying at Maykerhorpe and Scho.

Mr. and Mrs. Ed Ford and Gerald motored to Lindberg at the weekend to visit their daughter and son-in-law, and Mrs. E. H. Bjerstad and family. They were accompanied by Mrs. F. Berton and Mrs. P. McKend.

Mr. and Mrs. Bruno Thibodeau and family have moved back to Edson and will make their home here after an absence of a number of years during which time they lived at Port Alberni, B.C. Mrs. M. Voxaux of New Westminster has been visiting at the home of Mrs. S. A. Daniel. Also visiting at the Daniel home, and with other relatives in the district are Mr. and Mrs. R. C. Post and family of Hope, B.C.

Mr. J. Hollins returned this week to Calgary after visiting his son Harry Hollins and Mrs. Hollins for the past month. He was accompanied as far as Edmonton by his son and daughter-in-law, Mr. A. Amundsen also accompanied the Hollins to Edmonton.

Mrs. R. Morgan and daughter Hope left this week for a holiday in Winnipeg and Port Francis, Ontario.

Mrs. Maurice LeFleur and little daughter, Charmaine, are visiting at the home of Mrs. LeFleur's parents, Mr. and Mrs. John Trydahl.

About Nothing . . .

By SHAMUS

Man dear, it's nice to live in a democracy, looking through the news last week I read that the Hon. Mr. Pearson, of the Dept. of External Affairs, told a meeting of the Women's Canadian Club at Vancouver, that it might be possible to re-examine the issue and that there is a possibility that Canada might have diplomatic relations once again with Red China.

And then I read that when the delegation of Russian farmers that have been touring the U.S. arrived at Montreal Airport to make a tour of Canadian farms, they were officially greeted by a representative of the Canadian Government, and in another paper I read, and with my regret, that I noticed that a great gathering of boys and young men from all parts of the non-communist world, representing the world's greatest democratic organization were not greeted by an official of the Canadian Government.

They were the Boy Scouts Association, an organization that is forbidden to function in any communist controlled country, and they came here and must have felt slighted, at least, the Canadian, British and American boys, that our Prime Minister could not spare the time to visit them, and in good old fashioned Canadian hospitality, say Welcome to Canada. You, it's nice to be in a democracy.

Then I notice that Herbert Hoover, former President of the U.S. is leading a commission to check waste and he finds that the American taxpayer has purchased and has on hand nearly a million pounds of canned hamburger for years enough to last 50 years.

At yet it can only be kept for two years without spoiling, and to help those many boys eat it last Friday evening, with Mrs. R. Christensen as hostess, 18 friends of Miss Jacobson gathered at the home of Mrs. Hart Lindgren to honor her with a miscellaneous shower.

The evening was enjoyably spent playing different games before the gifts were presented in a gaily decorated basket. After the many useful and lovely gifts had been opened the evening closed with the usual delicious "shower" luncheon.

At the Great Lakes training station they have enough bacon to last 438 months, in Utah, the navy has enough anchors piled up to last 90 years. And while the Army was shipping 807,000 pounds of tomatoes, from California to New York, the Navy was shipping 775,000 pounds from the east coast to California.

Who said our government was wasting our money in Ottawa? I do notice though, that the Canadian taxpayer last 21c a pound on the 30,000 pounds of butter that was shipped to the communist, run or has it that there is another deal coming up for 8,000,000 pounds.

After a recent commit meeting in Winnipeg, his chairman asked if there were any questions, one old stalwart got up and said: "Canada Chairman what happens to my unemployment insurance check after we overthrow the government?"

Edson Locals

Miss Lorna Woywitska left this week for Vancouver and a teaching job after spending her summer holidays with her parents here.

Born to Mr. and Mrs. Kenneth Cassidy (nee Juanita Kortman), at Vegreville, on Saturday, August 27, a son.

Company at the home of Mr. and Mrs. Jim Watt includes Mr. Watt's mother, Mrs. J. L. Watt

of Canmore and Mrs. Watt's mother, Mrs. M. Gillis of Westlock.

Mr. and Mrs. Wm. McDonald and family left on Wednesday for a holiday in Edmonton. Jack Potts Jr. who has been visiting at the McDonald home, accompanied them to his new home in Lacombe. Jack's parents, Mr. and Mrs. Jack Potts recently moved there from Saskatchewan.

Mr. and Mrs. George Letwrenuk have been holidaying recently with their daughter and son-in-law

Mr. and Mrs. Robert Sears at Rocky Mountain House.

Mr. and Mrs. Orl Springinatic of Boston Bar, B.C. are to be congratulated on the safe arrival of a son, Terry Wayne, born August 23.

Mr. and Mrs. Al Wardell and family of Calgary are visiting at the homes of Mrs. Wardell's sister Mrs. Scotty Stephenson and Mr. Stephenson and her brother, Mr. Ed Ford and Mrs. Ford.

Proposed Mail Service Seems Improvement

A proposed new daily mail service between Edson and Edmonton appears to answer many of the objections to the service recently instituted by the Post Office department this spring.

As proposed, mail leaving Edson every night at 11:30 p.m. except Saturday will meet the truck which left the city at 10:30 every night but Sunday at Wildwood where the mails will be exchanged and the trucks return to Edson and the city.

In other words mail which left the city at 10:30 will after the truck pickup will be in Edson that remains in the setting of a date to start the service.

8:15 a.m. ready for daily sorting each morning.

The trucks will be scheduled to meet at Wildwood each morning at 1:45 a.m. and start their return trip to Edson and the city at 2:15 a.m.

All post offices enroute will be served with the exception of Roseauvar, Wolf Creek, MacKay and Niton, which would be served Tuesdays, Thursdays and Sundays under the proposed setup.

Considerable objection has been voiced, mainly by businessmen and others who depend on daily mail service at the delays under the system put into operation this spring. The adoption of this new schedule is presumed to be a foregone conclusion and all last daily pickup will be in Edson that remains in the setting of a date to start the service.

MacKay Keeps Money In First Labor Day Tourney

MacKay's First Annual Labor Day Tournament ended in a victory note for the home-town nine as they turned back a short-handed Hinton team 14-2 in the final game of the two day tournament. Ron Gates, the buggy-whip left hander from Wildwood was in complete mastery on the Mackay mound and with the big MacKay bats booming incessantly, Gates was "out from" and running easy" throughout the encounter.

Little Belle Pollin, a right-handed fastballer who attends the University of Alberta between baseball seasons, found himself pitching in all three of Hinton's contests over the two day span. Pollin turned in two victories, going the entire route in both games, besides turning in a standout relief job against MacKay in the final game.

The first game of the tournament saw Hinton take a very bewildered Edson Athletics entry to the tune of 8-3. The hapless Athletics, who seem unable to keep nine players together long enough to have their picture snapped, weren't even contenders in the tournament and were beaten easily by Hinton.

The following day Hinton continued in their winning ways with Pollin keeping the big bats of the Edson Oldtimers aggregation silent. The Oldtimers had expected experience and power to give them a crack at the big money, but they looked exactly what their name implied, as the faster Hinton club came from behind and never looked back for a 6-2 count.

In all, the tournament was a huge success and district baseball fans hope that it will set a precedent to be followed in years to come.

Other games in the tourney saw the District oldtimers knock out the Edson Juvenile Rockets 16-4 and MacKay defeat the Estevicore nine 10-2.

MacKay won a game by default as well when the Stony Plain team failed to show up.

In the ladies softball MacKay lost to the team from Dryden Valley by a score of 12-12.

There was a dance to cap both days of sport in the community hall at MacKay and the ladies ran booths on the grounds during the two days to cater to the needs of the faithful.

Rev. and Mrs. L. Halliwell and daughter were holidaying in Jasper this week.

MacKay Team Coming Sunday

The MacKay team are scheduled to meet the Edson Athletic baseballers in at least one game in the Edson Memorial Park on Sunday afternoon.

If the MacKay ball enthusiasts can muster enough leads there may be two games for what may well be the last double-header of the season.

Allan Sheppard Wins \$300 Hotelmen's Scholarship

According to a report recently received by local hotel authorities, Allan Sheppard of last year's Grade 12 class at the Edson High School was among those to have his academic achievement recognized. His reward will take the

form of a three hundred-dollar special scholarship (stipend) provided by the Alberta Hotel Association.

Because of a serious car accident in the fall of 1964, Allan missed over three months of his grade 12 work. Despite this setback, Allan was only one percent away from the mark required to make him eligible for a full-fledged Alberta Hotel Association Scholarship.

Having in mind the special circumstances involved, the Association decided to award Allan one of its special scholarships provided from a fund which has been set up to encourage deserving students.

As recently announced, Allan won the local Commodore Hotel scholarship. His and other local awards will be presented at a special students' meeting in the high school auditorium on Wednesday, September 15th, at two-thirty in the afternoon—MDM.

ALLAN SHEPPARD
—Photo by Grant

Hundreds Enjoy Their First Taste Of Barbecued Beef

While the presentation of the old timer scrolls at the Labor Day observance of Edson's part in Alberta's fiftieth jubilee celebration was unquestionably the highlight of the day, there was little doubt that the hundreds who came through the line for a taste of the barbecued steer will long remember their taste of this delicacy too.

Steve Kubovics and partner Frank Bunk of Home Food-Market did an excellent job of supervising the barbecuing of old pounds of the choicest Alberta steer they could find in

this district. Another big feature of the day was the football playoffs by Edson's very active football leagues for the 1965 first prize donated by Comd. on page 5

HAY RIVER CATCH

Johanne MacKier has every right to be proud of the fish he's holding. Johanne, who is twelve years old, must have had a job landing this 4 1/2 pound Dolly Varden, which is 27 1/2 inches long. The fish was taken in the Hay River and for our money looks like a winner in its class in the Junior Fish and Game Fishing Derby.

Council Bans Trucks From New Main Street Paving

Edson's new sidewalks are something to be seen and combined with the projected blacktopping program which calls for laying the hard surface right up to the well designed curbs will give Main a genuine "New Look."

One of the most frequent comments we hear is that the new wide sidewalks are going to make the road so narrow that parallel parking will be necessary. Representative councillors have pointed out to us that far from narrowing the space we had on the old streets we are going to gain a foot or two in most places because of the way the ditches used to take up so much room.

We have a feeling that seems to be common "we can hardly wait to see the change Main Street will have—it's sure gonna make a difference to our Town."

In a subsequent interview with the Leader, Councillor Gerald Mahon, chairman of Edson's public works committee, asked us if we would emphasize that the banning of trucks from the main streets of towns our size is quite common due to the difference between the heavy base used for the highways and the lighter base used for urban construction.

The Provincial Department of Highways has become very strict in the matter of weights for the size and number of tires on the heavier trucks. Towns, however, can do nothing but ban trucks completely over one ton as they couldn't hope to act up weigh scales for the purpose of checking trucks.

Mr. Mahon felt that the story we ran a week ago may have given the impression that Edson was only doing a cheap job on Main Street and that it would not stand up to ordinary use.

All the engineers who have been consulted by the Town have agreed that if the present street is built up to the correct height with packed gravel and blacktopped correctly it will stand up to ordinary traffic, says Councillor Mahon.

The Town cannot afford at this time to pave Main Street up to the standards now being used for highway construction which are designed to take the heavy pounding from huge loaded trucks.

The Peers Bridge

We were talking to a chap who had to go to the Peace River country on business this week and he was mentioning the fact that he had to go around by Edmon and travel the couple of hundred extra miles that the old road to the Peace entailed.

All, as he put it, for the sake of a few feet of road on the Valleyview cutoff up from Whitecourt to the north. The construction company wouldn't take the responsibility for pulling his car over the sink caused by the bottomless muds that has plagued the road builders at that spot.

The opening of the bridge at Peers last week emphasizes how much importance there is in each link in the chain of road that connects Alberta's great regional sections. The bridge over the McLeod at Peers allows traffic going north to Whitecourt and the Peace River country uninterrupted travel from the well travelled Jasper Highway to the long awaited Valleyview cutoff.

It is an axiom that roads go both ways. The road that allows traffic to go from the Jasper Highway to the Peace River country and British Columbia to come this way.

Any province that is spending the amount of money Alberta is on roads this year is bound to grow into a populous and thriving section of Canada.

MacKay's Ball Tournay

This Labor Day the community of MacKay held its first annual sports day with considerable success. On the basis of present population in the area, it is logical that enthusiasts like Andy Shand and Fred Dauris should get a tournament going.

But what we have been missing over is whether or not there is anything prophetic about the boys starting a baseball tournament there this year. True, the MacKay community now boasts an airstrip and a fine hotel, but perhaps all will bring on a far greater development than meets the eye at the present time.

We have heard it "leaked" from people "in the know" that the oil leases in the MacKay area are expected to be the biggest financially in Alberta to date.

That being the case perhaps Drayton Valley should never have been built where it is seeing that it is thought that the Pembina Field crosses over the railway line just about MacKay.

Time will tell, but we think the growth of the immediate MacKay area is indicated in all the portends available.

Book Rental A Good Thing

There may be disagreement about what should be taught and how what is taught should be presented in our Alberta school system, but we doubt very much if anyone will disagree on the policy put into effect this year with the rental of school books.

To people with children the first week in September has always meant rustling to get that extra money for the expensive school books that never seemed to be in use for more than a year or two.

The original buyer of the book took the beating by being only able to get half original cost the next year, with each purchaser usually being able to get nearly half the original price.

Under the new system the cost of the books is spread out over the years of the book's usefulness and the Department of Education takes the beating (on behalf of the general public) when the authorized text is changed before the books can be worn out.

WE LAUGHED AT THESE

Sonny: "Dad, what do you call a man who drives a car?"
Dad (in pedestrian): "It all depends on how close he comes to me, boy."

As the party was breaking up, the hostess said goodbye to one of the guests, a man who had kept all the guests laughing through dinner and for several hours afterward. After he left, one guest asked the hostess, "Who is that man?" He's the most entertaining fellow I've ever seen."

Novelli: "I'm describing a scene that took place ten years ago. Tell me what kind of freaks the women were in those days."
Wife (blithely): "The sort I'm wearing now."

"I see you're putting up a new building."
"Yes sir; we only put up new buildings."

Man describing a suspicious character to a policeman: "Well, he was about six high, and he had on a shirt and he was wearing pants, too."
"Wear a mustache?" asked the cop.

"Don't know," said the informant. "If he does, he keeps it shaved off."

Farmer (to new hired man): "Come on, I'll show you how to milk a cow."

Novice, nervously: "Perhaps I should start with a calf."

First Guy: "She treats her husband like a Grecian god."

Second Guy: "How's that?"

First Guy: "She places a burnt offering before him at every meal."

Two girls were talking about an oil man they were about to meet.

"He's worth in the neighborhood of one million dollars," remarked one.

"Good!" said the second enthusiastically. "That's my favorite neighborhood."

"I see by the paper that in some out-of-the-way corners of the world they still use fish for money."

"What a money job it must be for them to get a package of cigarettes out of the old machine!"

She: "What does that man in the dark blue suit do, pet?"

He: "He's the umpire, angel."

She: "But why should he be there who makes over his face?"

He: "So he won't bite the ball players, darling."

THE ALBERTA SCENE

By KEN MASON

Edmonton—A new deal for farmers and a new policy on land, forest and water conservation may arise from a bill passed during the recent special session of the Alberta legislature.

That's the hope of Hon. L. C. Hainman, minister of agriculture, who introduced and explained the provisions of the legislation, which is entitled a Bill to Provide for the Conservation and Efficient Use of Land, Forest and Water Resources in the Province of Alberta.

The main feature of the bill is a provision for the establishment of a special commission which will have power to investigate any phase of conservation and make recommendations to the government. It will place all conservation matters in the hands of a single authority.

The legislation has special significance for farmers, because one of the commission's first tasks will be to take a look at areas of the province where farmers seem unable to earn a proper living.

When the commission finds out why farmers can't make a living in certain areas, the bill empowers the government to do something about it. The farmers, of course, will have to give full cooperation if the program is to be a success.

Mr. Hainman told me last week there are a number of areas where tax arrears are common every year. Tax arrears are the first sign of a subnormal area, he said, and it is this kind of thing which will undergo extensive study when the commission is formed.

As an example he cited districts west of Wetaskiwin, where excessive rains have made it nearly impossible for farmers to grow grain crops in recent years. The farmers have been late getting on the land because of spring rains, and as a result crops have been ruined by early frost.

What is the answer? Perhaps, Mr. Hainman said, these farmers shouldn't be trying to grow grain crops. Maybe the land is better suited to sheep raising. The job of the commission is to find out.

One of the things I found, the commission will ask farmers to co-operate. The procedure might be to set up a "controlled area," with the commission of experts directing farming operations. This would be similar to the control the province has over the special areas, but it would require the consent of residents.

In dry areas, the commission might decide to employ rain-making methods. In areas which are hailed out every year, recently developed hail suppression methods might be recommended.

The commission also would conduct surveys before any new homestead areas are opened up to settlers.

The bill of all holidays are those kept by ourselves in silence and apart, the secret anniversaries of the heart, when the full tide of feeling overflows—Longfellow.

GREEN ACRES - - -

By R. C. BOCKING, District Agriculturist

MORE BLACKBILLS

Recently, several farmers in this district have lost one or more calves from the disease known as blackbill.

The death of these calves was entirely needless, and could easily have been prevented if the calves had been vaccinated.

Every farmer who owns cattle should vaccinate his calves for blackbill every year.

If the calves are vaccinated at less than three months of age, they should be done again as yearlings. The vaccine is not expensive, and it is easy to inject. Remember, one calf will pay for many years of vaccinating, so why take a chance?

WARBLES AGAIN

In some of this district, warble flies are worse this year than they have been for some time. Many farmers have noticed their cattle running across the pasture trying to escape these flies, which cause the grubs in the backs of cattle in the spring.

This is another case where prevention is easy and inexpensive. The backs of your cattle should be scrubbed with a rotenone wash every spring. Only when everything else fails can we wipe out this pest. If you do not treat your cattle every spring, the warble will not only cost you many dollars, but will also attack your neighbour's cattle.

Resolve now to treat your cattle next spring for warbles.

WEEKS COST MONEY

A recent estimate places the annual cost of weeds to western farmers at 225 million dollars. This means an average cost of \$1,028 per year to each farmer in the prairie provinces.

Of course, some farmers pay much more for weeds than do

For your complete peace of mind, let us make every repair RIGHT!

Joyce Puff Wed In Morning Ceremony

MR. AND MRS. CLARENCE BROMHAM

Sacred Heart Church, Edson, was the setting for the morning wedding on August 27, of Miss Joyce Puff and Mr. Clarence Bromham.

The church was decorated with gladioli for the ceremony in which Rev. Father Shalla united in marriage the daughter of Mr. and Mrs. Herman Puff of Mission at 4:00 p.m. in the Commodore Room for 34 guests.

Miss Puff, who is a graduate of the University of Regina, was the toast of the bride and was escorted by Mr. William Metrick of the groom's home.

Later in the evening a dance music, Mrs. K. D. Whidden was the soloist, and during the singing of the register song "Ave Maria."

Given in marriage by her father, the bride was lovely in a white skirted gown of nylon net over satin. The sleeveless bodice was modified by a balcon featuring a hip-point sleeve. Her short veil was held in place by a halo headpiece. Her jewelry consisted of a double strand of pearls and she carried a bouquet of red roses.

Miss Pauline Mendish attended as maid of honor wearing a gown of mauve satin with net over-skirt and matching bandeau. Miss Mildred Gonska attended as bridesmaid wearing pale green net over satin with matching bandeau. Both girls carried bouquets of white carnations.

Mr. Urban Bauman was best man and Mr. Jerry Bowman ushered the guests.

For her daughter's wedding Mrs. Puff wore a grey suit with white accessories and red rose corsage.

A wedding breakfast was served at the home of Mr. and Mrs. K. D. Whidden and later open house was also held at the White den home. A reception was held at the home.

RENDEZVOUS RESTAURANT PLAYS THE HOST

General proprietor Wing and his partners played the part of hosts to several hundred Edsonites on Friday evening on the occasion of the grand opening of their renovated restaurant.

Formerly operated as the Union Cafe, the new Rendezvous has been completely transformed both inside and out into an attractive modern restaurant.

Photographer Al Grant has caught some of the Edsonites who dropped in to wish the new owners well in their new endeavor.

While the regular Canadian cuisine will be available at all times, the feature attraction of the new restaurant will be the Chinese dishes, in which the young proprietors have had special experience.

Another feature will be the delivery to anywhere in town at any hour of the day or night of these Chinese specialties.

Mr. and Mrs. Groyl and family are visiting friends around Calgary. Mr. and Mrs. Ben Kirchbauch and family have returned home after having a short holiday in the States.

Bill Hinton, Bert and John Neilson were down to Eli Wilde's for a few days helping saw logs. Kuhn and Tuckers spent Saturday evening at Mr. and Mrs. Herb Hinton's.

Mr. and Mrs. Groyl and family and Mrs. L. J. Kirchbauch were all down to Kuhn Sunday evening. Jack Crick and Otto Kuhn were in Poon for a load of grain.

Mr. and Mrs. Alex Paul and family left for their home in Calgary Monday morning. Sorry to hear little Roy Groyl was taken to St. John's Hospital where he underwent an operation for appendicitis. Congratulations to Vern Wilde.

Carrot Creek District News

Wm. Tucker was home from Victoria Grove for the weekend. Visitors to Edson on Saturday were Emil and Albert Nostoy and Rolly Field.

Otto Kuhn, Wm. Tucker and Mrs. Whyte were at the home of Mr. and Mrs. Wm. Karl for Sunday evening supper.

Most of the people here their haying done and quite a few have their grain cut and stacked. Mr. and Mrs. Les Pigion and family are visiting friends over the long weekend.

Wm. Tucker and Kuhn made a business trip to Edson on Tuesday. They took Mrs. M. Groyl to visit her little son, Roy who is very sick in St. John's Hospital.

Mrs. Ethel Norden is visiting her brother, Mr. Jack Crick and Mrs. Beck. Mr. and Mrs. Odin Field and family were visiting Odin's brother Rolly on Sunday.

Mr. and Mrs. Alex Paul and family, Mrs. Beck and Jack Crick were visiting friends at Chip Lake recently occupied by God's Super Market. Plans to get in on the wonderful bargain.

ALL ABOARD

By G. E. MORTIMER

The circus is 50 per cent fraud, overcharged and lashed, and 50 per cent talent and 100 per cent magic. That makes 300, which is circus figuring. They add up their prices the same way.

The boys at the circus charge 15 cents for a coke and 1.25 for a kumquat that costs about a dime wholesale. Unless you watch out, they'll fast-talk you into paying a dollar too much for admission.

Such is the charm of the big show that you hand them a wad of bills and shuffle into the tent like a man under hypnosis. Once inside, you have the time of your life and never prodge a nickel of it.

Circus people live in their own world. Few of them trouble to conceal their contempt for the local people, whom they regard as rubes and hayseeds. The natives respond by looking up to them with bright eyes.

The rubes let themselves be

overcharged and lashed, and they love it. They come back next year for more.

The circus appeals to all that is disorderly and romantic in a dull person living all his life in one place. It seems to be a survival from an older, fustier age of wandering minstrels and acrobats.

The circus is a city on wheels that moves around the continent at huge expense with its population of men, women and beasts and tons of machinery, trams, ropes, sledge-hammers, iron bones, spangles and falcons.

It takes root briefly in a town, enchants thousands of people with its blare and glitter, and vanishes again as if it had never existed, leaving only a few shreds of sawdust and paper cups.

In the people of the circus, who mix gaudy showmanship with high skill and courage, part mount-

Tipson Touring

By Carol Lane

If you are the father or mother of two lovely, rambunctious boys read this letter from a woman in

"Dear Miss Lane: My husband and I have two sons, 6 and 7 years old, but they are active fellows, full of the dickens and we didn't know if we could stand all their energy cooped up in the car for our two-week trip West. We were on the verge of reluctantly leaving them with my sister when my husband got a bright idea.

Without telling the kids, we bought a surplus army pup tent and an inflatable rubber mattress. On the second day the kids began to get restless and a bit unman-

bank and part hero, the plain man sees an image of himself as he might have been.

And he wishes good luck to that crowd of tough showmen who can make a child sit still for two hours, clutching a \$1.25 doll and gazing in still wonder.

NOTICE
Department of
Municipal Affairs
THE ENABLING INTERIM
DEVELOPMENT ORDER
and
THE INTERIM DEVELOPMENT
ORDER
OF IMPROVEMENT DISTRICTS NO'S
79, 85 AND 90

TAKE NOTICE that the Minister of Municipal Affairs, pursuant to his powers under the Town and Rural Planning Act, 1925 (as amended) has now made The Interim Development Order of Improvement Districts Nos. 79, 85 and 90 and accordingly anyone wishing to carry out any development, as defined in the above mentioned Enabling Interim Development Order, at Hinton or in other part of the controlled area described below, must first obtain a Development Permit in accordance with the provisions of the above-mentioned Orders.

Applications for Development Permits should be made to the Development Officer, Administration Office, Hinton, from whom copies of the above mentioned Orders may be obtained.

The "Controlled Area" comprises those parts of Improvement Districts Nos. 79, 85 and 90 which lie within Township 40, Range 26 and 27, Township 50, Range 25, 26 and 27, Township 51, Range 24, 25 and 26, and Township 53, Range 24 all west of the 10th Meridian.

Dated at Edmonton this 28th day of August, A.D. 1955.

J. W. JUDGE,
Deputy Minister of
Municipal Affairs

Will You Help?

Our staff is presently busy preparing a special jubilee edition to be published in September. Already we have received a number of contributions from people in various districts. We might easily miss some interesting story, so we try to present the story of the first fifty years

geable — but my husband was ready. He promised them a super treat that night if they were good. They were, and when we checked into a Motel and he announced that because they had been good boys, they could pitch the tent right outside the cabin window and sleep there, they were the happiest youngsters you ever seen.

Only once during the rest of our trip did I — have to deny them the great 'I' of "camping out in the open." You must tell your readers about our discovery!

Anyone with any more wonderful ideas?

In this district. Short items, such as a single anecdote, as well as longer stories would be most welcome. And we are anxious to obtain your own recollections of early days. Be sure to bring your name, and the same goes for pictures, then mark it "Jubilee Edition" and bring or mail it to the Editor. We will appreciate your help in making this a real anniversary edition.

PUBLIC NOTICE NEW UNEMPLOYMENT INSURANCE ACT EFFECTIVE OCTOBER 2, 1955

Employees — Payroll deductions under Canada's New Unemployment Insurance Act will begin on October 2nd, 1955.

Here is how the new Act affects you:

Weekly Salary	Weekly Contribution	Weekly Benefit	Weekly Maximum
Less than \$2.00 (1)	Nil	\$4	\$4
\$2 and under \$3	16¢	\$6	\$6
\$3 and under \$4	24¢	\$8	\$8
\$4 and under \$5	32¢	\$10	\$10
\$5 and under \$6	40¢	\$12	\$12
\$6 and under \$7	48¢	\$14	\$14
\$7 and under \$8	56¢	\$16	\$16
\$8 and under \$9	64¢	\$18	\$18
\$9 and under \$10	72¢	\$20	\$20
\$10 and under \$12	80¢	\$22	\$22
\$12 and over	96¢	\$24	\$24

(1) When earnings are less than \$2.00, the contribution (per benefit period) is considered as 0¢.

For full information, consult your local Unemployment Office.

HOMESTEAD DAYS

By EUSTACE REDDISH

No. 25
The winter of 1910-30 was the most disastrous that we experienced. It was not memorable because of constant low temperatures or any single occasion when the temperature was very low, but because of the depth of snow and the length of winter. Heavy snow — about twenty inches — fell about mid October, followed by frequent falls throughout the winter with-

Normally local meadow hay would sell for about \$5.00 a ton but that winter much hay had to be shipped into the district and many a farmer paid up to \$55.00 a ton for this hay and the snow was so late in going that cattle required heavy feeding until very much later than usual in the spring.

One farmer lost over 100 head of cattle and over 20 horses that winter and others lost proportionately as heavily as cattle continued to die in the spring after the snow went and the new grass started to grow. Many of the farmers who had managed to pull their way through the winter were insolvent as cattle prices fell until a cow wasn't worth the value of the feed she had eaten that winter.

By spring we had fed every bushel of our 1910 crop (except seeds) to the stock to pull them through the winter and while we didn't lose any in the spring we were as (were other farmers) cutting down willows and trying to coax the cattle to eat the tips. Right around Peavine every farmer had a number of cattle and all look on the chin and those who did survive received another stiff jolt in 1922.

We had always had an abundance of rain during the growing season and our limited crop acreage had provided the maximum possible amount of feed per acre and so we had quite a shock when the summer rains failed to arrive and our crops which were usually four to four and a half feet tall were so short that it was impossible to cut some fields with a mowing machine.

Moisture conditions were not too satisfactory at seeding time but from then on rainfall was usually inadequate for the needs of the crop. We did think once that the drought was broken when about July 21st it rained for 48 hours. Up to that time the ground had been too dry to plow so a summer-fallowing had been done.

Following this rain I started to plow on Saturday afternoon. I plowed all day on Sunday and on Monday until noon by which time the land had again become too dry to plow. . . . that was all the summer-fallowing that I got done that year.

Trying to the dry weather my hay was hardly worth cutting and certainly would not have cut it had we not been in such desperate need of every forkful of hay that it was impossible to get. I had a stroke of luck. A friend had a meadow around two little lakes which were normally so wet that he could cut only a few wads around the outside of this meadow. This year even the lakes dried up completely and it was possible to cut every square yard of the meadow. He needed help and asked me to help him. I was certainly glad of the chance. This meadow had never been cut before so the grass was about four feet tall and my share of this good hay enabled me to winter my work horses and milk cows.

Time Limit On Education Benefits To Some Vets Children

Ottawa, Ont. — One group of children of Canadian veterans, whose fathers died on active service or because of injuries sustained on active service, have only a few weeks in which to apply for free university education or other advanced training.

These are students who were graduated from high school in June, 1954, Canadian Legion Dominion President, the Very Reverend J. O. Anderson said today. Dean Anderson reminded students that according to the Children of the War Dead (Educational Assistance) Act of 1953, federal assistance for the purposes of higher education will be paid only if the student enrolls in an institution or higher learning within 15 months of graduation from high school.

The plan, initiated by the Canadian Legion, and executed by the

Department of Veterans Affairs, start instruction within 15 months of leaving high school. Assistance normally covers the four academic years or 30 months, whichever is the lesser.

Students must be in full-time attendance at such centres and must provide tuition, other fees and an allowance of \$35 a month while a student attends college, university, normal school or a nursing training school. Generally, an institution or higher learning is one in which high school graduation is necessary for admission.

Response is a good thing, but boredom is its brother — Voltaire

By SHAMUS

Argument is a powerful weapon. Quiet discussion is even stronger, and the person who will discuss, is usually a truth seeker.

Arguments are sometimes claimed as quick and heated, yet, an argument between two intelligent people can be educational and a means of testing each others' wits.

Crime prevention begins in the high chair—not the electric chair.

AUCTIONEER'S NOTE
For anyone not familiar with the farm and the fine herd of dairy cattle, this is a first class opportunity to either establish a good herd or build up your existing herd. These milk producers have supplied the customers of Parity Dairy for many years in the Edson District. Mr. Evanoff would also like to discuss the purchase of his farm with anyone interested in acquiring this fine piece of property on Edson's outskirts.

HAROLD CHAPMAN,
Auctioneer
EDSON, ALTA.

Plans Well Underway For Fall Sale At Sanguedo, November 9

Cont. from page 1

to feed and water them until the evening of the sale. Contributors will supply the own troughs for

food and water. Hay and straw can be secured at a nominal charge.

12. Cattle must be halter broken and provided with a good halter. All bulls be led into the sales ring by the owner or his helper. All bulls 15 months or over must have a nose ring before arrival at the sales grounds.

13. Breeding Guarantee: Each contributor is expected to state his own policy on this point and the Management shall not be held responsible for the breeding ability of any entry. The Committee, however, is willing to assist in arranging satisfactory adjustments.

14. The buyer owns the animal as soon as it is knocked down to him by the auctioneer. Responsibility for loading and shipping will therefore rest with the buyer, but the Committee will endeavor to render all possible assistance to prevent injury or loss of animals.

15. The successful purchaser will be required to deposit with the Department of Lands and Forests the full amount of his tender either in cash, certified cheque on a chartered bank of Canada, certified Treasury Branch order or cheque or certified non-negotiable transfer voucher payable to the Provincial Treasurer before being allowed to start dismantling the buildings in the event of non-acceptance of any tender this sum will be returned to the respective bidder.

16. Entry fee: Cattle, \$3.00 per head; Hogs, \$1.00 per head; Sheep, \$1.00 per head. A commission of 2% will be charged on the proceeds of the sale.

17. The contributor must be a member of the National Breed Association, (Hereford, Angus, or Shorthorn) or the breed of animal which he wishes to enter.

Age Groups: Bulls - born prior to April 1st, 1935;
January to December, 1934;
January to June, 1934.
Females - Same age group will apply for females with the exception that a cow with calf at foot will be accepted in older group.
Bovine: Bred: No count here.

Mrs. Marion Foster Laid To Rest

Funeral services for Mrs. Marion Foster were held from Edson United Church on Friday, August 27, with Rev. C. C. Armstrong conducting the service and interment being made in Glenwood cemetery.

Mrs. Foster was in her 85th year when she passed away on August 24 and is survived by her loving husband, Frederick Foster, of Edson; one sister, Mrs. Margaret Hills, of Fredrickton, N.B.; four daughters, Mrs. W. G. Davies of Leduc, Miss Frances Foster of Edmonton, Mrs. Eric Leeds, of Claresholm, Alberta, and Mrs. Manley Burleigh of Edson; two granddaughters, Mrs. Hugh Tatham and Miss Patricia Dwyer of Ottawa; and two grandsons, Kerry and Peter Burleigh of Edson.

Vol. 3 Edson, Alberta, Thursday, September 15, 1935 No. 21

Canadian Fina Oil To Start \$85,000 Building Program

A option originally signed by Canadian Fina Oil Limited and the Town of Edson for property north and west of the east railway crossing is being honored with the signing of an agreement for the start of an \$85,000 building program for the Edson oil company which holds leases in the Edson area.

To be built as soon as possible are three houses for Canadian Fina staff, an office building, garage, warehouse and pipe racks.

Canadian Fina have picked Edson for their base of operations for the discovery and production of oil in this area. The company's exploratory leases run north and west of Edson as far north as Whitecourt.

Other business conducted at the council session included:

Building Permit: Mr. E. G. Gilmartin addressed Council with regard to application for building permit No. 500. It was moved that building permit No. 500 be approved for frame stucco addition to building, lot 12, block 6 in view of condition of existing building.

Hansen Application: Mr. M. Hansen addressed Council on application to purchase lot 8, block 16 for proposed milk plant. It was moved that the matter of sale of lot 8, block 16 and building permit application from Mr. Hansen be referred to the Building and Fina Committee with power to act.

Canada Fina Permit: Mr. J. Newton and Mr. J. Hale addressed Council on behalf of Canadian Fina Oil Co. Ltd. It was moved that building permit No. 500 be granted to Canadian Fina Oil Limited and that the Council accept the proposed building construction, on completion, as being adequate under the terms and conditions of agreement of March 31st, 1935 for construction and that the Mayor and Secretary be authorized to sign an agreement with the Company granting sole lease and option on this land to the Company and that the Town undertake the maintenance of such roads, lanes and walks as are constructed by the Company within the developed area after such roads or lane allowances have been transferred to the Crown.

It was moved that the Mayor and Secretary be authorized to make payment for severest August construction of Port Construction sidewalk contract on receipt of certification of Progress report from Hadden, Davis & Brown Ltd.

North Star Oil Buys Local Property

Four residential properties along 4th Avenue West were purchased by North Star Oil Limited in a business deal that attracted wide interest this week.

The corner property owned by Mr. Steve Stoper on the South-East corner of 4th and 51st, as well as that of Messrs W. Gonswara, W. M. Perkins and M. A. Switzer, to the east of it were involved in the deal.

The houses are to be taken from the property and the lots cleared by November 1st, so it is expected that the oil company will commence construction of their proposed service station shortly after that date for spring completion.

Gerrits & Son of Edson handled the real estate end of the deal.

Athletics Win Bout With Mackay In Home Park

In all, the Athletics collected 15 hits, which proved to be more than enough to give Athletics the win.

Cont. on page 8

ATTENTION FISHERMEN

Come on fishermen! We need your services. There are thirteen wonderful prizes to be given away, but we only have entries in four classes.

In streams we have Dolly Varden Trout and Rainbow Trout and Walleyed Pike.

In lakes we have only German Brown Trout.

Enter any fish you catch. It may be a prize winner.

Entry blanks may be obtained at Grafty, Varley, Stew, Alf's Cigar Shop and Edson Printers.

The Junior Fish and Game Association needs your support—your good prizes.

HI HO SILVER!!

The Lone Ranger has competition on the photo by Grant above plainly shown. Gerald Schokinski certainly looks the part a fiery two-gun character and is the grandson of Mr. and Mrs. Alex Schokinski (now from Peterboro) of Edson.

Black Top Firm Comes In With Machines For Main Job

Everall Engineering moved their machines into Edson in the middle of the week to be ready for a fast start on the Main Street paving program. The rains which began at the time were expected to only temporarily delay the start.

All the previous week town crews on the grader and loader have been levelling and packing and trucking away some of the surplus clay as well as bringing the gravel base up to standard.

There seems to be very little grousing on the part of inconvenienced motorists or pedestrians as they all look forward to the end result in a better Main Street. So let's pray for a dry fall.

Scholarships And Prizes Presented At Edson High

Scholarships and prizes to a value of over \$800.00 were distributed to top academic students in the high school auditorium on Wednesday afternoon.

Besides the winners and donors, some four hundred pupils of the Junior and Senior High School were present, as well as relatives of the recipients.

Mr. Gerald Mahon of Edson Motors presented the Grade 9 scholarship to Robert Maxwell, and congratulated him and the other winners on their success. Mrs. Anne Jay, proprietress of the Dutch Mill, made the presentation to Anne Isobel, grade 10. Both the grade 11 and 12 awards are provided by the Commodore Hotel.

Mr. William Higgs, manager of the R.N.A. Lumber Company made the presentation of the presentation of the prizes in the different subject areas of grade 12 as follows: Social Studies-English, Robert Bolton; Mathematics, Richard Gerstl; Science, Florence Pallas; and Latin, Anne Isobel.

DON'T SHOOT

With the hunting season now fast approaching, when the continent will again be bristling with guns, the time is ripe for a mention of whooping cranes, the shooting of which is completely prohibited by law in both Canada and the United States. This theoretically affords them protection, but has failed in practice. On the only wintering ground known on the continent, the sanctuary of Aransas in Texas, precise annual counts of the total population have been made since 1939.

During this 16-year period, 60 young have safely reached Aransas while during the same period, 56 other birds have been lost. In other words, the total increase in 16 years has been precisely four birds! Losses on the wintering range are known to be extremely low, the same doubts being true also of the breeding grounds, the overwhelming number of casualties occurring on migration, particularly in the fall. Since certain evidence of shooting has been many times obtained, one must assume that the trigger-happy hunter is the real culprit, despite the law.

This comment is therefore a plea to hunters to let their consciences control their actions. The Audubon Society of New York, which has contributed so largely to the survival of our few remaining white cranes over recent years in this fall carrying on a campaign which hopes to persuade hunters in those States most concerned, to refrain from shooting at any large white birds of any sort. To some this may seem like a snow goose shooting, a chance that comes to relatively few at best and the sacrifice, if it were uniformly agreed upon, would leave no ill feeling.

There is particular urgency in the case this year on account of the discovery of a new breeding ground in Northern Alberta that is known to have produced at least five young, the best record in many years, representing, as it does, 25 per cent of the entire continental whooping crane population (21 birds in February). There is also a chance that other adults may have been successful elsewhere. This year might, in fact, give the cranes the biggest population boost in 30 years. But it can only happen if the birds are guaranteed safe passage, and the only people who can provide the guarantee are the hunters themselves.

It has been suggested to the Alberta and Saskatchewan Fish and Game Associations that they might consider a personal appeal to every member of their own and affiliated organizations on this basis, since some of the birds will be passing through both Provinces. To put the idea before hunters who belong to no association, a copy of this appeal is being forwarded to every newspaper in Alberta.

If 1955 does, in fact, prove to be the best whooping crane year since records have been kept, we cannot afford to lose a single bird. It would be a notable way to commemorate our Jubilee year by making such an organized contribution to the conservation and preservation of the continent's largest and rarest bird.

Male - Second Class

When a psychiatrist recently startled a male audience by proclaiming that many problems of the modern male flow from his frustration at not being a woman, there were roars of wounded virility that have sent Dr. Kinsley hot on a new hunt. But while the scientist's pronouncement could conceivably contain more and more of truth, we're becoming convinced that more and more it's picture was reversed. The woman

WE LAUGHED AT THESE

A tourist was admiring a neck lace made by a Texan. "Beautiful," she gasped. "What's it made of?" "Alligator," Ma'am, drawled the Texan. "Oh," said the traveler. "I imagine they have the same value to you that pearls have to me."

"Not exactly, Ma'am," said the Texan. "You see, anybody can open an oyster."

A little boy said to his mother: "Is it true that we are all made of dust?" "Yes, dear," his mother answered. "Well, is it true that we go back to dust when we die?"

"That's what the Bible says," his mother replied. "Well I just looked under my bed and someone there is either coming or going."

At the height of the social season in Washington, D.C., Sen. Theodore Green of Rhode Island, a bachelor still at 80, seemed a bit confused by it all. Over cocktails at a foreign embassy a writer asked him how many parties he was attending that evening. "Six," confessed the senator and pulled out his pocket diary. "Trying to figure out where you're going next?" teased the writer. "Not at all," replied the senator. "I'm trying to figure out where I am now!"

There was an old preacher once according to Henry W. Grady's famous story, "who told some boys of the Bible lesson he planned to read the next morning. The boys, finding the place, glued together the connecting pages. The next morning he read on the bottom of one page. 'When Noah was 120 years old he took unto himself a wife who was—then turning the page—180 cubits long, 40 cubits wide, built of gopher wood and covered with pitch inside and out.'"

Naturally puzzled, he read it again, verified it, then assured his audience. "My friends, this is the first time I ever met this in the Bible but I accept it as an evidence of the assertions that we are fearfully and wonderfully made."

who reads novels was suspect; her cosmetics were a sure sign of downgrading morals; and the woman in politics was generally regarded as the huckster of some mad form of feminist anarchy. Her status in the home has done an about-face that is equally disconcerting to the male. He may recall an era when ladies were often addressed as "Mr. . . . Nowadays, North American ladies (women), not only are they never addressed, but seldom even consulted.—Brooks (Alta), Bulletin.

THE ALBERTA SCENE

By KEN MASON

Edmonton — Prime Minister Louis St. Laurent, who looks like everybody's favorite grandfather, made a big hit when he visited the Alberta capital last week to take part in celebrations marking the province's Golden Jubilee.

The prime minister's pilgrimage might be described as following in the footsteps of an illustrious predecessor. For on September 1, 1905, Sir Wilfrid Laurier, then prime minister, came to Edmonton for ceremonies inaugurating Alberta as a province.

Mr. St. Laurent was following Sir Wilfrid's example in more ways than one. He rode to the legislative building for the morning ceremony in a gleaming black landau carriage which was used in 1905 by Sir Wilfrid.

Laurier in 1905 had a message for the pioneer citizens of Alberta who, in the coming 50 years, would build a province. He saw great promise and hope if residents of the new province would apply themselves with vigor and energy.

The ceremony attended last week by Mr. St. Laurent was in honor of those same pioneers, who made Sir Wilfrid's hopes come true. The prime minister unveiled a stone monument in front of the capital building, commemorating the formation of Alberta as a province, and paying tribute to the pioneer settlers who built an area of wilderness into one of Canada's most important provinces.

By making his recent visit to Alberta and Saskatchewan for the Golden Jubilee observances, the prime minister cemented his personal popularity with western Canadians, who refer to him fondly as "Uncle Louis" even though they vote Social Credit and CCF in election.

Mr. St. Laurent came west despite the fact that his left ankle is in a cast from a fracture suffered on a recent fishing trip. He walked with a slight limp and used a cane, but it didn't stop him from joining all activities. He seemed particularly to enjoy the idea of riding with Lieutenant-Governor Bevan in the historic landau.

Another noted visitor to the capital last week was Sir Seymour Howard, Lord Mayor of London, who also took part in the jubilee celebration. He was constantly in the eyes of many youngsters by his initial sword bearer, William P. Boston.

Mr. Boston, a partly and distinguished looking gentleman, wears a large beaver fur hat with the bands pinned, not only are they ceremonial garb. As youngsters along the jubilee parade route and at Clarke Stadium saw the fur hat,

they shouted: "Look—Davy Crockett!"

Mr. Boston finally asked someone who this Davy Crockett fellow was and when told about the current idol of the small fry, got quite a kick out of it. Some of the jubilee officials later said they might get together and read the sword bearer a Davy Crockett hat.

Behind The Scenes — Things have been quiet on the political front lately, with everyone somewhat weary after the hectic election campaign and the recent special session of the legislature. The next big item will be the hearings of the five-man royal commission appointed to investigate charges of maladministration leveled against the government during the spring session of the house and the election campaign. The terms of reference made public recently are broad enough to allow the commission to investigate a wide range of government activities. Hearings will begin in Edmonton September 18, under the chairmanship of Mr. Justice Hugh John Macdonald. It is doubtful if any savings will be held outside Edmonton.

Canucks Say 'Eh'

Americans have a sure-fire way to identify a Canadian by his speech, reports a friend, who got the tip from an observant Yank. Canadians use the word "eh" all the time. They slip it into the conversation every two or three sentences (the man says). Nice morning, eh? "Got a new suit, eh?" "The jump in the lake, eh?"

It is possible that we use the word "eh" as often as Newfoundlanders are said to use the word "boy," or "bye."

This may be our national catch word, eh?

It would suit our Canadian temperament, being a cautious, tentative and cowardly syllable. The man who tucks "eh" on a sentence is asking his friend's opinion before he goes ahead.

"Are you with me?" he wants to know.

Some Americans use the word "no" to mean, "I am not mistaken." "In this way, say" they doctors. We should avoid too many generalizations. But it is so easy to use that "no" is a typically American word just as "eh" is typically Canadian.

Canadians ask you, Americans tell you.

Boy Friend: "I just asked your daughter for her hand in marriage."

Father: "Did she accept?"

Son: "Yes sir."

Father: "Congratulations! That makes you the second happiest man in the world."

Edson Owe

The Red Cross Blood Bank

Many A Pint For Their Loved Ones

The executive of the Edson Red Cross Branch met Wednesday night to make final arrangements for the Blood Donor Clinic which comes to Edson, Monday and Tuesday, September 19 and 20. The ladies report that "the food is all arranged for, now all we need is the 500 donors headquarters has asked us for." May we add "the food is always delicious, it doesn't hurt a bit to donate, in fact many people report they feel better afterwards, and it really does give you a warm feeling of personal pride to think you've just done something that may save someone's life."

This Is Your Chance To Repay Our Community Debt

The Ladies of the Red Cross will have canvassers out and it is hoped to have a "get-out-the-blood" canvas by one of the service clubs in town—with a car pick-up arrangement being worked out as well.

Study Window

REV. C. C. ARMSTRONG
 The Jubilee Caravan contained amongst other very interesting scenes, two pictures in a central, prominent position. One of these was of the Rev. Father Lacombe, and the other of Rev. George McDougall. Both of these men helped lay the spiritual foundation of this province. They represented two streams of Christian tradition, Roman Catholic and Protestant—two tributaries of the River of God.

I was particularly glad to see these pictures, because in a printed "Jubilee Edition" there had been very scant mention of the spiritual fathers of our province. Oil, coal, grain, livestock and other material things certainly deserve to have recorded the story of their development. But it is a sorry thing indeed if anyone thinks there are the most important ingredients of "tidy golden years."

"It fares that land, to wasting lies a prey
 Where wealth accumulates, and men decay."
 Alberta, after fifty years as a province, is still not very far removed from pioneer days. We still have in our midst many who were already adults when the province was formed. The fruit of their work, augmented by that of others, is shown in land that has been cleared, fields brought under cultivation, and homes that have been built to replace the original log cabins.

Yet there are other ways in which we are still living under pioneer conditions. New industrial towns, owing their existence to oil, pulp, chemicals, are springing up in many places. Who is caring for the spiritual needs of the people in these areas? The answer is—"The Church."

church, through its missionary activity." Approximately 60% of the missionary gifts in the United Church are channelled into the maintenance and expansion of missionary work in the pioneer districts of Canada.

Among the missionaries sent out by the church are the students in preparation for the ministry. Over two hundred of them, serving from Newfoundland to Vancouver Island, are helping to sustain the spiritual life of the country. In isolated rural areas, in new industrial sites, and in newly-established congregations in the cities, they are making a fine contribution. They are not all equal in experience, nor equally talented, but all of them are taking a part in the glorious work of the Kingdom of God.

One of the students, Malcolm Ferguson, serving at Mervin, will be taking the services in the Edson United Church on September 15th. You are invited to bring your children to the Sunday school.

The lady shopper had ordered about everything hauled down from the shelves.

"I don't see just the right thing," she decided at last. "I want to surprise my husband for Christmas."

"Well," suggested the exhausted clerk, "Why don't you hide behind a chair and yell 'Bee' at him."

Repose is a good thing, but boredom is its brother. (Voltaire)

School, and to attend services both in the morning and evening. Let's go to Church next Sunday.

Athletics Win Bout With Mackay In Edson

Cont. from page 1
 morn. The A's committed three errors as compared to Mackay's seven.
 Ray Gerlitz handled the pitching chore for the Athletics and went the entire route giving up three hits, while walking one and striking out eleven.
 Andre Shand, who is incidentally the most talkative athlete since Dizzy Dean, took a turn at the plate for Mackay and worked Gerlitz for the only walk given by him. However, it was the Athletics' defensive strategy which state Shand's big moment from him. The A's elected to go into what is known as the "sand shift." The shift was a shift of weight from the feet to... a more comfortable position.

The Old Trooper had the last laugh however, as he stole second on Gerlitz's second pitch to Ted Dye, and later scored on Dye's double.

Next Sunday the same two clubs will play a rematch at Mackay, weather permitting, and Mackay is expected to pull out all the stops to avenge the defeat. The clubs have met six times throughout the season and each team has picked up three wins. The seventh and deciding game will take on World Series proportions for the archrivals as they strive to get the win which gives them supremacy in the District Baseball.

Over 200 Still Needed To Fill Blood Donor Quota

We were talking to the secretary of the local Red Cross Branch, Mrs. Harold Seldon, on Thursday of this week about the coming Blood Donor Clinic. Mrs. Seldon reported that the town census for donors resulted in just over 300 persons putting their names down as donors on either Monday or Tuesday.

Though Mrs. Seldon was quite happy over this she stressed the point that this is still 200 short of the 500 donors requested by the clinic to make it really worth while their coming out from Edmonton.

Edson is the only centre west of Edmonton large enough to hold a clinic and though any amount of blood is badly needed the cost of bringing the necessary equipment out this far for less than a certain number of bottles makes the blood even more precious than usual.

These making the trip will be able to have a rest over their heads for the Blue River overnight stop, but must provide sleeping bags or blankets and their own food as accommodation is very limited.

Coffee and tea will be provided along the route by the various communities where short stops have been arranged.

Mr. and Mrs. George Harrison returned on Monday from a holiday spent at Vancouver and Victoria. While in Victoria they were the guests of Mr. and Mrs. L. Johnson.

Rev. and Mrs. L. Hallowell and daughter were to Edmonton this week to attend the funeral of Dr. D. N. Buntain, former pastor of the Edmonton Assembly.

Mr. and Mrs. Will Shover of McBratne, B.C. were brief visitors at the home of Mr. and Mrs. W. Davidson where they had been visiting.

Mr. and Mrs. W. H. Gillett were visitors to Grande Prairie last week where Mr. Gillett attended the meeting of the Royal Arch Masons.

Edson Locals

Recent visitors at the home of Mr. and Mrs. Herman Lindgren were Mr. and Mrs. L. Erickson of Minneapolis, Minnesota and Mr. and Mrs. D. Nelson from Aberdeen, North Dakota. Mrs. Erickson is Mr. Lindgren's cousin also visiting at the Lindgren home was daughter Deana, Mrs. A. McDonald and Mr. McDonald of Calgary.

Mrs. W. Davidson will leave for a trip through the Blue River Pass and on to Blue River.

At the same time a caravan will leave Kamloops and make their way north to meet the next caravan at the mouth-point of Blue River.

Cars from as far east as Edmonton will also form part of the party of cars, with several cars at least from Edson, quite a number from Jasper being signed up already.

These making the trip will be able to have a rest over their heads for the Blue River overnight stop, but must provide sleeping bags or blankets and their own food as accommodation is very limited.

Coffee and tea will be provided along the route by the various communities where short stops have been arranged.

About Nothing . . .

By SHAMUS

50 YEARS AGO
Do you remember—when people boiled coffee, they settled it with an egg; when folks talked about rods, they meant flannel underwear; when a boy didn't think he had to have "horsepower" to pursue happiness, find him. People were more interested in the contentment of each other, than they were in contented ones. Ladies rode side saddles and when the preacher said a truth, the people said "Amen."

Honored On Departure

Twelve friends of Miss Margie Batey gathered at the home of Miss Evelyn Gourley on August 30 to honor her with a farewell party. From there the party went to the Drive in then back to the Gourley home for lunch and a social evening during which Margie was presented with a souvenir could be depended on, Rip Van Winkle slept for twenty years and no one asked him to endorse a mattress ad; and men made the same wife do for a life time.

When men's suits were \$4.85, a lace scarf was \$3.00 and a night gown was \$2.00. And milk stales were 50 cents a pair. We arrived 80 years too late, what will they say 80 years from now.

☆ They are really working on the street, I was trying to figure out which would wear out first, the street or the graduate. I think the graduate is going to win, as I was told that the black top is going down this week, but I noticed that the graduate looked my pet culvert at the corner of 3rd and Main and put a hole in it. And it was so nice and new.

☆ I Wonder Why Department! Just south of the Post Office door, there were some portions of the old sidewalk so badly sagged that the rain ran to the building, instead of away from it. I noticed that the sidewalk men removed some of the blocks and I said to myself, they are going to fix that sag. As usual, I was wrong.

They just lifted the space with cement and sloped it the same as it was before. I wonder why? Why they did not lift the sag and slope it like the rest of the sidewalk, away from the building.

☆ A smile is something that adds to your face value.

Calf Vaccination Stops Bang's

Vaccination to prevent various diseases is an accepted practice in both human and veterinary medicine. With cattle, vaccination against blackleg has saved thousands of heads. Calfhood vaccination against Bang's disease has proven very effective in Alberta in reducing losses in infected herds and preventing losses in clean herds.

The vaccination of heifer calves from 4 months to 9 months of age gives them a good resistance so that when they mature they will not lose their calves prematurely. Over a period of 4-6 years a complete herd with a resistance against the disease can be built up.

As the vaccinated heifers mature and go as herd replacements for "Edson" soon.

Miss Batey, recently a member of the Imperial Bank staff has been transferred to an Edmonton branch of the bank.

into beef or dairy herd, older cows that are infected with Bang's disease should be sold for slaughter. In this way, a farmer will be able to practically eliminate the disease in a few years.

Calfhood vaccination has proven to be an effective, economical and practical way to prevent and control Bang's disease of cattle. It should be practiced in clean herds as well as infected ones.

Start building a Bang's resistant herd now. Protect your income and health of your family. Remember, the disease can cause undulant fever in humans. Be sure to have your calves vaccinated when the veterinarian is in your district this fall. For further information write to the District Agriculturist, Evansburg.

Music Appreciation Course Offered To Edson And District

How many people, we wonder, are interested in music to the extent of starting a local chorus and really keeping it going. Mrs. Alice Michelman received a letter recently from G. K. Greene, Extension Lecturer in Music from the University of Alberta, asking if there are enough people in Edson interested in a music appreciation course to make it worth while for a lecturer to make the trip out from Edmonton once a week.

It seems like a wonderful opportunity for Edsonites, who have tried unsuccessfully at different times to start a glee club. This may be the extra boost that is needed.

Following is the letter received by Mrs. Michelman which is pretty well self explanatory.

Dear Mrs. Michelman:

It has been suggested that the Choral Leadership or Music Appreciation Course offered by the Department of Extension be given in Edson this coming fall and winter. I am writing to inquire from you how many would be interested in such a course. We should have a minimum of thirty to make a Choral group worth while but fifty or more would be much more effective.

I am writing to you because I know of your interest in Choral singing. You mentioned to me last winter that you have a small chorus now. There are others in your community more logical to discuss choral training you might pass this letter on to them. Church choir, glee clubs and school teachers are usually very eager to join our Choral Work shop.

Briefly the plan of a Choral Leadership Course is this:

1. Eight or ten weeks with a two hour meeting once a week.
2. The cost is merely the basic Nursery Department in the basement.

the garage, was it the town, or was it embodied in the sidewalk contract.

I wish to emphasize that there are no conditions of interest, and no conditions.

Yours truly,

Quon Vada

Husband Passes

Friends of the former Florence Gobel offer their sympathy to her in the loss of her husband, Eric Mittle who died in Edmonton this week after a long illness. Mr. Mittle was 58 years old at the time of his passing.

Mr. and Mrs. Jack Woywika, Mrs. Mable Proffitt and Mr. John Demaschuk were among the friends who attended his funeral.

The following name was sent recently misread from the list of survivors of Baby Robert Studel, his sister Ruth at home.

McCulloch Model 47 CHAIN SAW

This one-man saw for professional logging, pulp cutting, tree surgery, etc. takes most of the effort out of woodcutting. Gasoline powered, light-weight Model 47 (only 30 lb.) operates in any position, comes with blades from 14" to 36" for any job. Come in and see it, try it, buy it! It will pay for itself in time saved.

Don Gourley To Attend Michigan University

Don Gourley, son of Mr. and Mrs. George Gourley, leaves this Friday from Edmonton for Ann Arbor, Michigan, where he will continue his engineering education on a hockey scholarship.

Don gets the scholarship which will pay his tuition fees, for his high academic standing at the University of Alberta and for his hockey ability. 21

He played two years ago with the University of Alberta Golden Bears and last year with the Edmonton Oil Kings after taking his earlier education in Edson where he was a valuable member of the local hockey team.

District Property Changes Hands

Several property changes have taken place recently in Edson and its surrounding district. Mr. and Mrs. F. Clarke who live on 8th Avenue East have purchased the farm of Mr. Frank Marshall, four miles west of Edson on the highway. The Clarke home has been bought by Mr. Paul Marshall.

Mr. and Mrs. Frank Marshall have bought the Fred Hoppe farm, a short way up the Coal Branch road and will live there while Mr. and Mrs. Hoppe are now living on the farm formerly owned by Mr. and Mrs. Stevenson and lying just across the highway from Mr. and Mrs. Clarke's new property. 21-3

SATURDAY, OCT. 1—C.W.L. will hold a Bake Sale in the afternoon. 21-3

SATURDAY, NOV. 19—The Edson United Church W.A. will hold a Bazaar, Bake Sale and Tea in the Church basement starting at 2:30 p.m. 21-3

SATURDAY, NOV. 26—C.W.L. Annual Bazaar will be held in the Church basement. 21-3

SATURDAY, DEC. 3—St. Catharine's W.A. Bazaar, Tea and Sale of Home Cooking in the Parish Hall 3 to 5. 21-3

Family Gathers To Help Oldtime Resident Celebrate Birthday

A mammoth birthday party three sons Harris, Charles and which was attended by members of her family was held in the Parish Hall on Sunday, September 4th for Mrs. Sophia Dancel.

As well as this there were numerous family gatherings held while the out-of-town members of the family were on hand to take part in the get-togethers.

Two of her children were unable to attend the birthday party. They were daughter Mrs. May DeLancey of New Westminster, B.C. and son Clarence of Leduc.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

The other members of her family who were able to attend with their respective families were: Mr. R. C. Peet of Hope, B.C.; Mr. G. A. Peet of Edmonton; Mr. Y. K. Peet of Edmonton; Mrs. Cliff Waters, granddaughter Mrs. Wm. Franklin of Marlboro and Mrs. Wm. Franklin of Marlboro.

By R. C. ROCKING, District Agriculturist

MAKE YOUR COWS PAY

Many district farmers are building up dairy herds, either for the production of fluid milk or for cream. Some are doing very well financially with their dairy cows, while others do not seem to be able to get ahead.

The most important single factor in making dairy herds pay, is the milk production of each cow. Your cows must have proper breeding, feeding and management to produce large amounts of milk. While most farmers are aware of the difference in production of individual cows, few realize the extent of importance of this variation.

To assist dairy farmers in the selection of individual cows, a good practice is to produce large amounts of milk. While most farmers are aware of the difference in production of individual cows, few realize the extent of importance of this variation.

Harry Loses A Marrow

Harry MacMillan says he has one thing to be thankful for anyway.

The culprits who spirited a square foot, improve fertility and maintain satisfactory physical condition of the soil. The garden should then be plowed to a depth of less than eight inches and the surface should be left in a rough condition. The action of frost will break down any lumps, while the porous condition of the surface will permit the absorption of snow water.

Although the value of farm vegetables produced for home consumption, or sold as a surplus, form a very small percentage of the net farm income, it is an economical source of wholesome food. For this reason recommended management practices should be followed.

RECOGNIZING BANG'S DISEASE

The symptoms of this serious disease are as follows: a cow may lose her calf prematurely at 5 to 8 months of pregnancy. This is followed by other cows in the herd losing theirs too. In some herds a whole calf crop is lost.

That is serious though, as the cattleman's gross income is a couple of years when these animals should be ready for market will be down several hundreds or thousands of dollars.

Often a farmer buys a cow brings it home, and after a while loses her calf. This is followed by more cows giving birth to dead calves prematurely. Bang's disease has just about ruined many cattlemen. It causes an estimated \$2,000,000 loss in Alberta annually.

Start now to build up a Bang's resistant herd. Don't be like some who delayed and lost thousands of dollars due to Bang's disease. Be sure to test your calves for vaccination when the veterinarian is in your district this fall.

HOTELMEN PRESENT SCHOLARSHIP

The Edson hotelmen, John Buck of the Edson Hotel on the right, and Walter Fowler of the Commodore on the left, were present at the school auditorium last Wednesday evening to make the formal presentation of the Hotelmen's scholarship

to Allen Shoppard, of Edson, winner of the award for his marks in grade twelve here last year. Both hotels in Edson are members of the association which has taken the initiative in helping deserving Alberta

students to go on to higher educational institutions. Though dozens of scholarships have been awarded by the hotelmen, this is the first to come to our district.

Photo by Grant

Blood Clinic Disappointing

The turnout at the Red Cross Blood Clinic was disappointing, to say the least, the Clinic Staff who came from Edmonton with their equipment. But it probably was much more disappointing to the local men and women who had worked to organize it, who canvassed the town for donors and who also worked so willingly on the two days the Clinic were in town to provide help for the Clinic staff and food for the donors.

The first evening the turnout was pretty encouraging, despite the rain, with 106 donors showing up, and the registrars were saying that if this kept up they would have a way more than

last time. But when the next day's donors were tallied there were only 150 for the afternoon and evening sessions, making a total of 256 donors. Of these there were ten rejects leaving 246 bottles of blood.

Of course the weather was very poor but the most of the people who had put their names down were from people and so wouldn't have too far to go, and yet just less than 50 per cent of the people who had registered, failed to show up though they had all been sent reminder cards by the local Red Cross.

We don't seem to realize the

dire need for blood. The situation is so serious that Monday night's 106 bottles were sent to Edmonton by Tuesday morning's bus and Tuesday afternoon's blood was sent in on the late train Tuesday evening.

What is needed to wake the potential donors in Edson and district to the great need for blood? It only takes a half hour for the whole operation, yet some persons or persons may lose their life because we in Edson were headless and thought it was too much trouble to spend that half hour in making a donation of precious "life blood."

The Yellowhead Route to the Pacific is now a reality for automobile traffic. That is the fact which seems to have come as almost a shock to old-time residents along the route of the "Evergreen Highway" as they collected their thoughts following the noisy welcome at Blue River, British Columbia, as cars from as far east as Wainwright, with representative cars from points in between, joined with cars from Kamloops to the south, to parade up to the Community Hall at Blue River Saturday afternoon.

The reality of the road established, the next came for wonderment was—especially, to those who hadn't made the 1910 trip—why should the road have been so long aborning when the country through which it had to pass was relatively easy road-building territory in spite of having to wind round the odd mountains, cross the odd patch of rain forest and span the numerous fast-flowing rivers and creeks.

The welcome prepared under the leadership of Mr. J. M. Caldwell, president of the Blue River Community Association, Mrs. E. Ward of Ladies Aid to the Association, and the hard-working committee in charge of the feeding and billeting arrangements, showed clearly the feeling of the people along the B.C. end of the route, as to what the opening of the road meant to them.

Following the setting of the 200 odd canteens in the Legion Hall and private homes throughout the hamlet, the ladies served a luncheon in the Community Hall after which President Caldwell gave an introduction hour when representatives of the various communities present came up to the microphone.

In addition to our own member for Edson, the Hon. Norman Willemers, Minister of Lands and Forests, two B.C. cabinet ministers attended, two attended: Minister of Highways and M.L.A. for Kamloops, the Hon. P. A. Gagliardi, and the Minister of Education, the Hon. R. Wiltson and M.L.A. for McBride.

The Hon. Mr. Gagliardi said his Government intended to take shape off B.C. He said that B.C.

had received special preference from God in the way she was laid out and it only remained for British Columbians to do something about it.

He mentioned that B.C. should have five trans-provincial highways east and west and that the Yellowhead highway is high in priority. He saw nothing but tremendous development for the road on page 5.

Finer Weather To See Paving Start Saturday

Sunny skies have increased the chances that the paving crew on Edson's Main Street can get back to the job by Saturday at the latest, Town Engineer Joe Liara informed The Leader today.

The heavy rainfall of the past week brought the pre-paving work to a standstill until better weather returned.

Some inconvenience to business and traffic on Main Street has been experienced, but the barriers were kept up to protect the freshly graded and packed street from going back before the black-topping could be applied.

Minister Says No Decision Yet On Hinton Townsite

This newspaper spoke to the Hon. A. J. Hooker, Minister of Municipal Affairs, last Friday asking if a decision had yet been reached on whether the townsite had been yet picked for the Hinton mill town.

Mr. Hooker informed us that, contrary to the rumour going the rounds this week, there has been no decision by the Cabinet as yet, but that a decision will be announced shortly.

The Minister declined to elaborate further on this due to the policy not being firmly established at this time.

The rumour had it that both the Bliss townsite and the old Hinton townsite were to be allowed to develop. Informed sources tell us that this is the compromise which the Government is most likely to accept.

Anyone directly interested would be wise to hold off their plans until the formal announcement, one way or the other is made, however.

One-Sided Views

This week we have our usual quota of letters-to-the-editor, the most of which we are printing in this issue. One letter we have not printed this week goes beyond the bounds of what even an anonymous letter writer should say, in that it attacks one of the public officials of our town in a manner that is difficult to defend on grounds of freedom of speech or the press.

It is our firm conviction that, in general, the more the searching light of public criticism is shone on public affairs the better for the general community. But, and it is an important but, there are some types of criticism that are unfair to the person who works for his town and in community with almost no thanks or acknowledgement from the general public. We do not think a community newspaper should allow letters to publicly embarrass on trivial matters.

Locally this newspaper believes in jumping in with both feet and taking a stand on any matter of public interest—that is the job of a live newspaper in any community. However, because we take a stand on any matter it doesn't mean that we do not want to get or publish letters or signed articles of opinion spelling out a contrary opinion.

We welcome diverse opinions, the more the merrier. All we ask is a seriousness of purpose by the writer, sincerely and sincerely—as sure as humanly possible of the facts of the case.

The letter or article may not change the paper's or our readers' mind, but it will reach the majority of the community, who thus can be in a better position to decide what course should be taken. From this point of view alone, diverse opinions expressed in a letter are a valuable addition to any paper and an excellent service to its readers.

Publicly Owned Utilities

Do the advantages of owning our own light and power, gas, water and sewer utilities by the municipal council on behalf of the municipal taxpayer outweigh the inefficiencies of a government administered project?

A former chairman of the Alberta Board of Utilities Commissioners (who investigate whether a town or village is in a financial position to take on a capital debt and must give their OK before a project can go ahead) has been quoted as saying: "If you weigh the inefficiencies naturally inherent in government administered public utilities against the taxes and interest on investment and dividends of a private company, then you will find the profit accruing directly to the municipality owned utility, then there appears to be a distinct advantage for municipal control."

Thirteen years is probably the best known example of a municipality that owns all its utilities, including its own telephone system, and there seems to be no objection of the city's taxpayers who could be in favor of the sale of those utilities to private corporations.

The question is pertinent to Edson taxpayers at the present time as private power companies, Calgary Power Ltd. in particular, have been sitting in with special committees of the Council and offering what appear to be very attractive light and power rates. The sooner this information is made available to the public the better able ratepayers will be able to form an opinion on the merits and demerits of the proposition.

Also at the present time, the Provincial Government is preparing a brief to the Provincial Government on the matter of financing an extension of the municipal utilities to include gas servicing of the town. As the law stands it would be necessary for the Government to pass special legislation to allow Edson Town to take on this additional municipally administered business.

The sooner the ratepayers can learn all the facts the better able we will be to decide.

WE LAUGHED AT THESE

Mr. Belcherman warned her new maid, "I never waste words if I wiggle my finger, it means you are to come to me immediately."

"Yes," agreed the new maid cheerfully, "but if I wiggle my head back it means I ain't coming."

A fond mother received a letter from her son: "Dear Mum, I joined the navy because I liked the way the ships were kept so clean and tidy. But I never knew until this week who keeps them so clean and tidy—Love, Jim."

"All those who would like to go to heaven," said the Sunday School teacher, "please raise their hands."

(All did except one.)

"Why Johnny," exclaimed the teacher, "wouldn't you like to go to heaven?"

"Now," said Johnny, "Not if that bunch is going."

"I don't want my face washed," cried small Betty.

"Oh, come now," Grandmother coaxed, "I've washed my face three times a day since I was a little girl like you."

Betty (looking at the wrinkles) "Yes, and look how it's shrunk."

A Sunday school teacher was tipped on the theme of happiness. Her usual question to the class was what had they done to make someone happy. Little Mary answered the question as follows: "Well, I spent the afternoon at my aunt's house—and when I went home, she was happy."

PRODUCTION ESSENTIAL

"The way to increase purchasing power is to increase productivity. If as hours work produces more goods, it produces more wealth and, if salaries and wages remain static in monetary terms, they will still buy more goods, and that is wealth. Their purchasing power is increased. Money is simply the tape measure of production. An increase in the amount of money in circulation without a corresponding increase in production of goods merely raises prices—the cost of living goes up and we are no further ahead."—Fraser Valley Record.

A confirmed baseball fan besides being an established actress, Ethel Barrymore next to a date late last year who kept her from "Killing the Vampire" by saying "The great actress protested, 'You're doing most unfair. That poor man hasn't done anything.'"

"That's what you think," hooted the lady. "It's my husband."

THE ALBERTA SCENE

By KEN MASON

Edmonton—Despite one of the most vigorous safety campaigns in Canada, the traffic accident toll in Alberta continues to increase. This is shown by a recent report from the Alberta Safety Council, which lists an increase in the number of persons killed in traffic mishaps during the first eight months of this year.

The council's figures show 124 fatalities up to the end of August, compared with 121 during the same period of 1954. The toll is up even though the news for August—usually a heavy month—is down from last year. Sixteen Albertans lost their lives during August, two less than in the same month last year.

According to the council's report, the greatest hazard exists on the highways. Of the 124 accidents in August, 12 were on the highways and the other four were reported from Calgary.

There was a marked decrease in the number of accidents during August, but injuries were unusually high. In August, 1955, there were 1,412 accidents with 574 persons injured. In the same month last year, there were 1,471 accidents but only 387 persons injured.

If the present trend continues, Alberta's traffic death toll for 1955 will undoubtedly be the worst in history. It can be argued that the growing traffic toll only reflects the growing population, but police forces and other organizations which promote safety won't agree with this.

For the past few months, the provincial government has been mapping out plans to take drastic action in an effort to halt the slaughter on the highways. Perhaps at the next session of the legislature, in February, the plans will be ready for introduction.

The program to deal with the traffic problem will be embodied in sweeping changes to the Vehicle and Highway Traffic Act, based on studies of systems used in other parts of the country.

There has been no definite announcement on the nature of the plan, but Hon. Gordon Taylor, minister of highways, discussed it in principle at the regular session of the house last spring. A major feature will be the "breeding out" of accident-prone drivers and banning them from the highways.

This will involve keeping a record of every licensed driver in the province, showing every traffic infraction and accident. From this record, presumably, will evolve a system of determining what is an accident-prone driver.

Mr. Taylor has expressed dissatisfaction with the present method of license suspension and requiring proof of financial responsibility in certain cases.

before licenses can be reinstated following suspension. He believes there are drivers who have no right to be on the road. Proving financial responsibility or serving a temporary license suspension doesn't give them the right if they will continue to contribute a hazard.

The exact details of the program won't be known until the minister is ready to introduce legislation. But it appears reasonably certain that some strong new tools will be put into the province's traffic laws. Mr. Taylor is vitally interested in the problem, and in recent years has been one of Canada's most vigorous traffic safety promoters.

Governments, police forces and safety organizations believe the traffic problem can be solved. A change of the highway program is a help, and authorities feel that sound enforceable laws should go with it.

Speaking of education, special classes for accident-prone drivers might be another phase of the program under study. Many driving faults can be corrected by proper training, and a course could be set up for motorists who are suspended under the new program.

THE YELLOWHEAD ROUTE

Westward, Ho — Those who favor the Yellowhead route for the Trans-Canada Highway haven't given up the battle. A caravan of cars left Jasper at the weekend for the 140-mile drive to Blue River, B.C., over the Yellowhead road.

The trip is being made mostly to prove that it can be done. In addition, those who make it can speak with authority when they extol the virtues of the Yellowhead Pass as an ideal link through the Rocky Mountains for the Trans-Canada Highway.

There are several groups in various parts of the province who are promoting the route, but it is doubtful if any have shouted their claims as loudly as the Yellowhead group. About as they might, however, the Trans-Canada road is still going through the Rieling Horse pass to the south.

Perhaps, some day, the Yellowhead pass will be a link in a series of accident-prone drivers and bans on the Trans-Canada road. Even though it is little more than a narrow mountain trail now, it is quite passable. In 1946, a caravan went as far as Vancouver via the Yellowhead.

Most of the support comes from Edmonton and points west. The road would be an extension of Alberta Highway 16, through Jasper National Park and over the Continental Divide into some of the finest mountain scenery in Canada.

Through The Study Window

By REV. C. C. ARMSTRONG

There are those who believe that if preachers had an heraldic coat of arms that there would be a "windmill rampant on a field of clover." Of course it would be unfortunate if that of us, our ministers, could not ever laugh at our human limitations, even as at times we must admit that we take ourselves too seriously.

What does it mean, anyway, to be a minister? What is involved in the set of ordination that sets us apart, and divides humanity into three classes: men, women and ministers (did somebody also say "school teachers"?)

In order that we ministers might re-examine the meaning of the Ministry of the Word and sacraments, the various ministers in the Edmonton Presbytery, and through the United Church as a whole, are meeting together this fall. The purpose of these gatherings is not to seek for a re-ordination service, but they are intended to culminate in a re-affirmation of one's ordination vows.

Perhaps to some this may seem a strange procedure, and to imply that we have some doubts concerning our effective functioning as ministers. This is not the case, however, in any defeatist sense. It arises instead out of the increasing awareness of the magnitude of the opportunity and responsibility that belongs to the minister.

A reaffirmation of any vow, even that which is most sacred and solemn, does not mean that the original vow has ceased to have any motivating power. But it does mean that we believe that as human vessels we can become tarnished, and in need of some re-polishing. It is also being interpreted as an initial step that we may more effectively lead the laity of the church to also re-affirm.

Farmers Plan For Increasing Market For Fluid Milk

By R. C. DOCKING, D. A.

With the increasing market for fluid milk in both Edmonton and Edson, many farmers are building new barns to provide the type of housing necessary for a dairy enterprise. Last week, a group of farmers from Evansburg and Edson, accompanied by C. A. Chubb, agriculture engineer with the Alberta Department of Agriculture, visited three modern loose-housing dairy barns in the Edmonton district.

There are about 100 of this new type in the province. The number is increasing because this type of barn costs only one half to two thirds as much as the usual dairy barn, reduces labour requirements by at least one third, and allows less manure and other diseases in the cattle.

This type of barn consists of a large loading area from which the manure is removed once or twice a year. The cows are milked in a milking parlour of three or four special stalls which make the milking faster and easier. In one such barn, a man and his wife milk 65 cows in one hour and fifteen minutes.

The farmers who visited these barns were very interested in the new type of barn. Others who may be interested should get in touch with my office in Evansburg.

VACCINATE NOW

This fall, farmers of this district will have the opportunity to vaccinate their beef calves against Bang's disease, which costs Alberta farmers at least \$2,000,000 each year.

INSURANCE REAL ESTATE
 (in Hinton Every Monday)

Position wanted: male

Don doesn't know it yet, but he's going to walk out with the job.

Employees doing up a youthful applicant are quick to spot signs of initiative and self-reliance. One test is whether he has his own bank account. Don has. He's earned pocket-money ever since he was a kid, and saved a fair part of it, too... facts that won't be lost on the men who's going to interview him.

Is there someone in your family — a ten-year-old, a teen-ager — ready to open a bank account of his own? He'll be more than welcome, any time, at any Royal Bank branch.

THE ROYAL BANK OF CANADA

Letters To The Editor

The Editor,
Edson Leader,
Dear Sir:

In reply to Quo Vadis, boy have you done it now, certainly must be a newswoman to town to commit a blunder like that, right out in public too. I would advise you to go sit in a dark room and rub your eyes, and you will realize that you have been the victim of a hallucination. If you are open to reason I believe I can convince you of this fact.

In the first place, the power

that he, have been walking and driving by this spot where you thought that you saw these pumps (for years, and don't you think that they would have seen these pumps on town property and had them removed. Or at least charged a good rent for the use of this property.

In the second place if these pumps were like the ones you saw them. If there were more than two cars waiting for gas they would be parked right across the intersection, which is illegal.

PUBLIC NOTICE

**NEW UNEMPLOYMENT
INSURANCE ACT
EFFECTIVE OCTOBER 2, 1955**

Employees—Payroll deductions under Canada's New Unemployment Insurance Act will begin on October 2nd, 1955.

Employees—Although the new Act becomes effective on October 2, you must have contributed at the new rates for at least 8 weeks after that date to qualify for the new benefits. Maximum and minimum durations of benefits under the new Act are 15 weeks and 30 weeks respectively.

Here is how the new Act affects you:

Rate for Employees	Rate for Employers	Rate for Self-Employed	Rate for Unemployed
Less than \$9.00 (\$1)	6¢	6¢	6¢
\$9 and under \$13	1.00	6¢	6¢
\$13 and under \$21	2.00	6¢	6¢
\$21 and under \$27	3.00	6¢	6¢
\$27 and under \$33	4.00	6¢	6¢
\$33 and under \$39	5.00	6¢	6¢
\$39 and under \$45	6.00	6¢	6¢
\$45 and under \$51	7.00	6¢	6¢
\$51 and under \$57	8.00	6¢	6¢
\$57 and over	9.00	6¢	6¢

(1) When earnings are less than \$9.00, the contribution for both employer and employee is limited to 15 weeks.

For full information, consult your local National Employment Office.

Remember—Insurance and unemployment go together—your National Employment Office.

UNEMPLOYMENT INSURANCE COMMISSION

and so the town would be making lots of money on fines for illegal parking. About fifty per cent of the cars, after getting gas, would turn around and go back down town, this would constitute turning around in the middle of the block, which everyone knows is against the law, so more fines.

I don't think I would worry about anyone getting hurt, as in your dream these pumps were on the sidewalks. The only ones who would be like the ones you saw them. If there were more than two cars waiting for gas they would be parked right across the intersection, which is illegal.

I wouldn't feel too badly about this, Quo Vadis, as I have had this same hallucination. As long as ten or eleven years ago, as a matter of fact, I used to imagine that this same garage used a good half-block north and the same cost for parking purposes, to the exclusion of everyone else.

So you see, after you reflect, that it must be an hallucination. As the town fathers, all good men and true, are interested only in the good of the town, would never allow a situation like this to exist.

to the laying house. Before they do, it is necessary to thoroughly clean and wash the house with a disinfectant solution. The nests, roosts, droppings, boards and floor should be well scraped and sprayed with disinfectant. This is also the time to make any necessary alterations and repairs.

The laying house should have plenty of ventilation, as a shortage of fresh air may result in colds in the pullets. Overcrowding must be avoided, with each bird allowed at least three square feet of floor space.

It is very important to remember that pullets must never be housed with older birds. If they must be in the same house, separate the yearlings from the pullets by means of a wire partition. Pullets well reared, fed a balanced ration, placed in a clean, disinfected, bright house will do well and produce a profit.

Economics is the low cost to the student—for Alberta residents tuition is free and board and room charges in the school dormitories is only \$46.00 a month. Other costs include student union fees, medical fees, library fees, and money for material for sewing courses for the girls and metal work for the boys. For young people with less than 70 high school credits there is a two year course. Those with 70 high school credits or more there is a course known as the "2 in 1 course."

Applications for the fall term are being received at the Vermilion School of Agriculture. A calendar giving full details is available at the District Agricultural office, Evansburg, or apply directly to the Principal, Vermilion School of Agriculture.

Carrot Creek Ladies Attend Jasper W. I. Conference

Jasper—The basement of the United Church in Jasper made a pleasant setting for the 1955 Women's Institute, on the 10th of September. The tables placed to form a T were tastefully decorated with late summer flowers. A very nice banquet was served by the Jasper W. I. Branch who acted as hostesses for the occasion.

Mrs. L. H. House of Millet, A. W. I. president was guest of honor. Mrs. J. Bielich of Warpage, District Director and Mrs. J. Kiehlbauch, Carrot Creek, Constituency Convener conducted the conference.

Carrot Creek and Jasper were the only ones of the four branches represented. The harvesting season detained Huttonford and Mahaska branches. However there were 22 ladies present. Mrs. J. Kiehlbauch opened the meeting with the Singing of O. Canada and repeating the Creed. As there were two Constituency Conferences in 1954 the minutes of each of these were read. After the Constituency Convener gave

her report it was decided to raise the Constituency dues from 35 to 50 cents per member with a minimum of \$500 per branch.

Branch reports were read from Mahaska, Carrot Creek and Jasper. Mrs. J. Kiehlbauch addressed the branches giving them pointers in conducting their meetings, and asking them to remember the motto of the W. I. "For Home and Country."

Mrs. J. Bielich gave an informal talk on the bare facts concerning the W. I. She said the individual members should know their organization.

After a brief recess the group gathered to hear a very interesting address by Mrs. L. H. House, "Your Organization and You."

She spoke of the need of an International Office for the W. I. and told something of her own work as A. W. I. President.

Mrs. Hiest then gave a vote of thanks for the hospitality of the Jasper group.

With the singing of "God Save the Queen" the meeting adjourned.

During a short period before supper the Carrot Creek branch members enjoyed a little sight seeing and then gathered about the piano for a singing period. After a lovely and much enjoyed supper again served by the Jasper W. I. the various members said goodbye to everyone and to Mrs. Hiest and Mrs. Bielich.

Well Known Mine Official Buried At Home

Mr. Hamilton was passed away at Vancouver on September 8. He was a well-known mine official on the Coal Branch and mining circles in the West and his untimely passing came as a shock to his many friends.

He was 44 years of age at the time of his death and is survived by his loving wife, and two daughters, Diane and Wendy of Leduc; and his parents, Mr. and Mrs. Al Hamilton of Drumheller.

MacKay Daughter Has Birthday

MacKay—Mr. and Mrs. Paul Walker held a birthday party at their home in MacKay September 10 for their daughter, Margaret, whose birthday was on September 10.

Everyone had a grand time with lots of music for entertainment. There were three Spanish guitars, three mouth organs and one Hawaiian guitar.

There were 20 attending altogether including: Kathleen, Donald, Donald and Leslie Hopkins, Mrs. D. M. Osborne, the Findlay girls, Marian Walker and Norman Van Kourgen, all of Edson. Mr.

About Nothing . . .

By SHAMUS

As item in the news last week, told of a millionaire offering to buy the 6 northern counties of Ireland for 24 million pounds, he was not going to keep them, he was going to hand them over to the south to make Ireland an undivided country. A noble gesture. Could it happen in Alberta, that the Province could get divided—Albertans should keep their fingers crossed.

Past history has shown that, one pulp mill has been given one sixth (so it is said) of the commercial timber of the Province, and now it is rumored that another pulp mill outfit dickering for limits in the Whiteshell district.

They won't be satisfied with less than the other pulp mill get, for sure, so if they get the same, and no more, that will be two sixths of the timber resources of the Province gone—off hand it does not seem anyone's business, the saw mills are still operating in this district, and the planing

mill, but, when the smoke is coming out of the chimneys of the pulp plant, will it make any difference then?

So far, the lumber operators are assured that it will not be, but, promises in business, to quote an old English saying, are like pie crust, made to break. The old feudal land system, where one family owned all the land it could use, and permission had to be granted for anyone to build on that land, went out long ago, or did it?

I have heard rumors, that several persons and businessmen wanted to build on the Hinton townsite, in the Province of Alberta, where the feudal system never existed. I just wonder if they are going to build. The Province of Alberta is the best in Canada, but the people are not going to keep it that way if they continue to take an indifferent attitude in its affairs. What seems nobody's business today, will, in a

few years be everybody's business. All the people are about another pulp mill coming into Alberta was a new item and since then nothing. Maybe next year there will be another new item telling us what timber limits it got, in return for what?

I read in the Leader last week, a report of the council meeting, and I quote "The town solicitor and secretary be directed to prepare a brief for presentation to the Provincial Government on the matter of the financing of an Extension of the municipalities to include gas." I don't know yet, what it all means, and whether the municipal utilities is going to sell gas, but given time, we can find out anything.

The papers were busy a few weeks ago, heralding the coming of age of Princess Margaret. She is of age and she is twenty five. Good grief, leave her alone, she is a British subject, and entitled to the same privileges as any other British Subject, if she wants to marry Captain Townsend, let her

marry him, and wish them both Long Life and Happiness.

☆ ☆

I wonder why Department Five of our local restaurants, coming out together, are getting jammed in the cubicle that is the entrance, owing to the fact that both doors open into the cubicle. I pondered what would happen if there was a fire and the place was full of people and in addition, there is a patent lock on the inside door and to open same from the inside, the knob has to be pulled to release the lock.

In a panic, would anyone think of pulling it when they are pushing to get out? Maybe I am out of line, I am not writing this with malice, but prevention is better than the cure. I wonder why the inside door was not made to open to the inside of the building and a fool proof lock put on.

The Church is not a society of good people; it is a society of people who want to be good. It is only when the work of Christ is complete that it is "a glorious Church, not having spot or wrinkle, or any such thing" (Eph. 5:27).

Many have sometimes made the mistake of supposing that the Church ought to admit to her fellowship only the virtuous, and so guard herself from contact with the unclean. But as our Lord told the Pharisees, it is not the whole, but the sick, who need healing. (Mark 9:17).

Mr. and Mrs. Jim Murray (nee Mary Makowicz) of Winnipeg, are the proud parents of a baby girl, Donna Marie, born September 19th.

development. Otherwise every taxpayer in town would be entitled to put his oil or propane storage tank under the sidewalk.

Satire

Editor,
Edson Leader
Dear Sir:

When do we have the plebiscite about pasteurized or raw milk? After all the private dairies are so disgusted that they quit?

My family doesn't want pasteurized milk. We tried it already.

There is quite a number of other families who don't care for it either. By the looks of things, we soon won't have any choice. Is that one of the advantages of living in a free country? If the board of health is so concerned about the welfare of our children why

isn't something done about the way some storekeepers throw rotten fruit and vegetables out in the open for children to pick up and eat?

It's been going on all summer. One, in particular, has no garbage can or incinerator of any kind. Maybe germs of that rubbish aren't as harmful as the bacteria in raw milk.

All you people who don't want pasteurized milk, get busy and let's do something about it before it's too late.

One Who Prefers Raw Milk.

Editor,
Edson Leader,
Dear Sir:

I visited your town for the jubilee celebration, how it happened. I was visiting friends and as of course they were proud of Edson and the way it is progressing and nothing would do but of health is so concerned about the welfare of our children why

Robb News

Happy school days kids. The new fall term got underway last week with Mr. R. Mergel teaching grades 5 to 8 at Robb school and Mr. C. Reid teaching grades 1 to 4 at Bryan school. The high school pupils are going by bus to Mercoal.

Mr. and Mrs. Ray Bunette have moved to Mercoal, where they have both taken positions on the teaching staff at Mercoal school.

Best wishes for much happiness in your new home, Terry and Ray. Visitors to Robb these past few weeks were Mr. and Mrs. Danny Cole (nee Alberta Robb) and family, Mr. and Mrs. J. Youman and family, Mr. and Mrs. W. J. Wilson all of Edmonton; Mr. and Mrs. P. Demosky and Gary of Morley, Alberta and Mr. and Mrs. J. Fournier of Brule.

Mr. and Mrs. Jerry Perbison and boys motored to Edmonton last

wonderful, and much credit is due those who done all that work. However one thing that did not just fit into the occasion was the "line crashers." I noticed three teenagers take their place in front of the line, although there must have been 200 people patiently waiting for their turn to be served, and rightly so, they told to take their turn in the line. Shortly after, a group of four adults, led by a man in a straw hat and false moustache and another with a red moustache, also false, ignored the people waiting in line, and walked up to the front and asked for and got "Preferential Treatment."

I hope they see this, because if they were in our town they would have got preferential treatment all right and went right back to take their place in the line, along with the teenagers. It's a community celebration like that, everyone is equal and should receive equal treatment. The Peers From Peers

weekend. Ardell will travel on to Saskatoon where he plans to continue his education at the University of Saskatchewan. Much luck, Ardell.

Mr. and Mrs. Ben Shirley and family have returned to their home here after spending the week.

Vol. 3 Edson, Alberta, Thursday, September 29, 1965 No. 23

Council Continues To Get Many Building Applications

Applications for building permits continue to be the main business of Council as evidenced at their regular meeting on Tuesday evening, September 20, when permits were considered for a number of business and residential construction proposals in Edson.

Council also considered the recommendation which came from the Edson Board of Trade concerning the putting of a placemat on the pasteurization of milk by-law at the municipal elections in February.

Canadian Oil Co.: Mr. A. Berry of Canadian Oil Companies Ltd. addressed Council asking for extension of lease and option to lot 11 to 13, block 13, and proposal to erect service station to approximate value of \$22,000.00.

Canadian Selco: Mr. H. J. Anderson of Canadian Selco Limited addressed Council in support of his company's application to purchase or lease lots 11 to 13, block 13, and proposal to erect building on lot 13.

It was moved that these applications and the matter of lease of lots 11 to 13, block 13, be held in abeyance until the next meeting of Council on October 4th.

Canadian Selco: Mr. H. J. Anderson of Canadian Selco Limited addressed Council in support of his company's application to purchase or lease lots 11 to 13, block 13, and proposal to erect building on lot 13.

It was moved that these applications and the matter of lease of lots 11 to 13, block 13, be held in abeyance until the next meeting of Council on October 4th.

Canadian Selco: Mr. H. J. Anderson of Canadian Selco Limited addressed Council in support of his company's application to purchase or lease lots 11 to 13, block 13, and proposal to erect building on lot 13.

It was moved that these applications and the matter of lease of lots 11 to 13, block 13, be held in abeyance until the next meeting of Council on October 4th.

Schools Spring Up Over Night

A week or so ago people were wondering whether the School Division were going to do anything about providing classrooms for Hinton's increased school population.

This week three school classrooms have been framed and roofed in, practically over night by Edson contractor H. E. Peltz and his crew, who have the labor contract for the new schools. The School Division is supplying the material.

Another Edson contractor, Tommy Madala, and his crew from Edson Construction, have been performing overnight construction feats on the temporary townsite at Hinton as well.

Gordon's Variety Extends Store

Construction started this week on the extension to the back of Gordon's Variety Store with the builder digging the new excavation.

Gordon hopes construction can get started shortly and continue smoothly on the addition at the rear of his present building to make room for additional merchandise he is stocking.

The new section will make possible the addition of men's wear and household staples such as bedding, etc., which he has only carried at special sale times so far.

Geoff Buck To Tour Europe

Geoffrey Buck, a second year University of Alberta student, is scheduled from Quebec for a tour of Europe.

Geoff is to be accompanied by a fellow university student and the two expect to be back about April.

To Speak Here

The Reverend Robert Peel, a returned missionary from Africa, will be the speaker at Bethel Pentecostal Church in Edson on Thursday, October 4 at 8:00 p.m.

All interested in what Mr. Peel has to tell are cordially invited.

NOELLE ATTAINS 'THE GOLD'

Noelle McVey, of Leduc, passed her eighth test recently at Schomacher, Ontario, and has now obtained the much coveted 8th test standing known as "The Gold" in the final figure test for the skater. Noelle, who is the daughter of Mr. and Mrs. Jim McVey, of Leduc, has been taking skating lessons since she was 13, and completed her 8th test under the instruction of the Edmonton professional, Bunty Selzer.

Under the competent instruction of Hans Gerschlager, her teacher for the past two seasons, she will soon start training in Calgary for the Canadian Junior Championship to be held in Galt, Ontario, in the spring. Noelle has been a favorite skater in district carnivals at Edson and on the Coal Branch and has won the hearts of her many local fans through her charm and sparkling personality as well as her sking ability. We all wish you every success, Noelle!

Officials Meet District Branch Officers At Rally

Representative officers from Jas. Matheson, District Administrator, per. Mercal, Cadomin and Evans and J. McVey, field officer, burg Legion branch met Legion officers from Dominion and Provincial commands in the Legion games room on Monday of last week.

The visiting officers were Don M. Thompson, director of the Legion's service bureau, and Bert Hannon, service officer. Also in attendance were Provincial Legion Secretary D. E. Fraser of Calgary, and District Commander Norman Stammers of Edmonton.

Representing the Department of Veterans Affairs were Jack

Director of Veterinarians To Address Farmers Meet

All farmers of the Edson district will wish to attend an Agricultural meeting being held in the I.O.O.F. Hall in Edson on Tuesday, October 4, at 8:30 p.m.

The main speaker of the evening will be Dr. E. E. Balamy, Director of Veterinary Services for the Province of Alberta. He will deal with livestock diseases, and in particular Bang's disease. The vaccination program against Bang's disease being carried out in this area this fall will be discussed, and questions will be welcome. Dr. Balamy's talk will be illustrated with colored slides.

The District Agricultural, R. C. Boeking, will also address the meeting. All farmers and their families have been invited to attend the meeting. Similar meetings will be held at the Carrot Creek Hall, October 6, and at Fulham school, October 12.

New Coffee Shop On West Highway

Two enterprising young people, Miss Greta Peitz and Mr. Laurie Dyer, have opened a coffee shop and lunch counter on the Jasper Highway west of Edson in the Branch Inn building.

In their attractive setting they have been serving light lunches such as sandwiches, soups, pastries, beverages, etc., but they intend to start serving special full course dinners and suppers shortly.

Remembering the slogan "where the truckers eat" the young restaurateurs hope to cater to all manner of the motoring public.

Federal Jail

Word has "leaked" that a Federal jail or penitentiary is to be built by the Government of Canada to meet the needs of the prison system in Alberta.

Various towns in Alberta to our knowledge have already gotten off their points of view that their particular community has all the advantages to be gained from their location, their view of the mountains, or just how good a bunch of people they are on general principles.

Edson, too, is making a bid to the Federal authorities concerning its suitability through the Board of Trade and through the channels of the Liberal party organization in this district.

We can list quite a number of advantages—availability of a low cost site, already cleared with a fine highway and railway spur built right up to its location.

The site—at Tollerton where the pulp mill was going to be built—has the advantage of being on the edge of country that is pretty difficult to travel over except by means of the single railway line and single east-west main highway.

We have a good town with adequate—for this day and age—school accommodation for the families of the administrative personnel such a Federal institution in this area would involve. And we're gradually finding that shopping and entertainment facilities are increasing for the accommodation of incoming industry and their personnel.

The benefits to Edson and district in having such an institution set up here with increased payrolls and gainfully employed people shouldn't need much emphasis to sell the idea at home. All we have to do is convince the Federal authorities.

Automatic Phones Needed

The situation regarding telephones in Edson, which received considerable discussion at a recent Board of Trade meeting, on which the Board has repeatedly made representations to the Alberta Government Telephones, is becoming an increasingly serious matter for carrying on local business.

The present telephone staff in Edson is overwhelmed by the volume of calls being placed and are just not able to put them through efficiently with six switchboards and trying to transfer local calls from one board to the other in addition to a heavy long distance traffic.

The telephone department has answered the Board of Trade's letter with "Edson will be taken care of in its turn."

Earlier in their letter they had stated "The service which we are giving at Edson at the present time compares favorably with that given to many towns of similar size and larger throughout this Province..." This newspaper knows of two towns in Southern Alberta of similar size (one with fewer phones) that have been converted to the dial system.

We now need an announcement from the Alberta Government Telephones as to what target date has been set for Edson.

WE LAUGHED AT THESE

Irish corporal: "Their hair was the boldest weed in me chest and came out me back."
Newman: "But how did it miss your hair?"
Irishman: "The heart was in my mouth."

Asking a woman her age is like trying a second hand car; the speedometer has been turned back but you can't tell how far.

The rider of a horse at the stamper was having a tough time of it hanging onto the bucking steed. The animal while tossing about wildly, caught his foot in the stirrup. The rider was bound to matter: "All right, if you get on it, I'm getting off."

Back in the guard house again, eh, Private Bittenheimer? "What did you do this time?"
"It's a spy, a spy," complained Bittenheimer bitterly. I just obeyed orders. I was assigned to help out at the reception for Senator Bloop, and the captain told me to stand at the entrance and call the officers names."

Letter To The Editor

Dear Editor:
I have just finished eating my dinner in an average restaurant in an average small town in the district in which I work. The meal was fine but the atmosphere was filled with noisy, boisterous laughter of school children who, with apparently nothing better to do, stroll down town during their lunch hour and enjoy a cup of coffee and a cigar in a local cafe. They crowd the cafes so that travelers and other workers who must eat in cafes cannot occupy a reasonable comfortable booth but must sit at a counter on a backless stool.

This situation is one of the by-products of our centralized schools where our children can receive the benefits of a higher education. However, does this situation need to prevail? Are we, as parents, getting soft and week-kneed, afraid to tell our children we don't want them loitering around the streets and cafes at noon hour, or is it a situation which parents don't know about. Surely they must; where else does the money come from that provides these youngsters with cigarettes and coffee.

When I was a youngster I also lived on a farm and attended school in town. However, when school was over, I was prohibited, both by my parents and the teachers, from loitering about as well as the parents are getting out.

What do you think?
Old School

ALBERTA SCENE

By KEN MASON

Edmonton — The royal commission investigating charges against opposition in the Alberta legislature in Edmonton last week. But it didn't investigate them as session was adjourned after being in session for slightly more than an hour.

The hearings will resume Monday, October 3 in the court house, where lawyers representing the various interests are expected to have their witnesses on hand and ready to produce evidence.

Nothing earth-shaking came out of the initial sitting, which was held mainly to discuss procedures, but there were a number of interesting sidelights which arose.

For example it appears that the Liberal party is only organization, outside the government, which is prepared to spend large sums of money on the investigation. No official figures have been released, but it is estimated the Liberals will be spending around \$250 a day while the hearings are in progress.
J. B. H. Milvain, Calgary lawyer, said a prominent Conservative (correct), has been retained by the Alberta Liberal Association to cross-examine witnesses and produce evidence on behalf of the party.

Will You

Help?

Our staff is presently busy preparing a special Jubilee edition to be published in September. Already we have received a number of contributions from people in various districts. We might easily miss some interesting aspect, so we try to present the story of the past fifty years in this district. Short items, such as a single anecdote, as well as longer stories would be most welcome. And we are

pleased to obtain as many old pictures as possible. We know you will take a few moments to write down your own recollections of earlier days. Be sure to give your name, and the same goes for pictures, then mark it "Jubilee Edition" and bring or mail it to the Edson Leader. We will appreciate your help in making this a real Souvenir edition.

Dairy Farmer Buys Purebred Red Poll Bull

One of our local dairy farmers is to be congratulated on the way in which he is building up his dairy herd. Mr. and Mrs. Harry Wadley who operate the Sundance Dairy farm about five miles west of Edson at the turnoff on the Coal Branch highway, have recently purchased a fine Red Poll bull from the R. O. P. herd of S. J. Stafford at Ponoka.

The bull Mr. Wadley has chosen to sire his dairy herd in Weniston Herd of the Crossbred Herd belonging to the Earl of Selton, Liverpool. Weniston Here was imported from England where he had won second and third prizes the only times shown.

Weniston Here is of the same strain of Red Polls as is the herd owned by her Majesty the Queen.

ATTENTION

Farmers - Lumbermen

We need 2,000,000 bd. ft. of poplar logs for the manufacture of plywood

- Poplar may be either black or white
- Logs must be no less than 15 inch tops inside bark
- Logs must be in either 9 or 17 foot lengths
- Price for logs — \$10 per M feet in the bush on truck road
- We pay cash on log scale right in the bush

A wonderful opportunity to get into the logging business and be right at home. I believe that this has wonderful opportunity for the future.

Craft Centre Calls Meeting For Friday

Everyone who is interested in the various crafts which have been started in Edson during the two

years the Craft Centre has been in existence are cordially invited to attend a general meeting of the Centre in the Library Friday at 8:00 p.m.

Edson Transport

General Freight
EDSON TO EDMONTON
Monday - Wednesday - Friday
Unloading
Tuesday - Thursday - Saturday
Edson Phone 186
City Phones 21810 - 27948
1914-2nd Ave. E. Phone 254

Non-members are urged to attend if they are interested in the different crafts and are under no obligation to join. However, anyone interested in joining the Centre this season is urged to do so at an early date, that they may take advantage of the courses of instruction which will be given by Edmonson and Camrose instructors, in wood, leather and weaving.

Mr. and Mrs. Fred Reynolds are home after a holiday spent at the West Coast and visiting their daughter in Calgary. Messrs Roy and Jerris Bowman motored home to Kitchener, Ont. for a two week visit with their family. Accompanying them was Mr. Louis Hutchinson who will visit his parents at Stratford, Ont.

Leigh Dakin Guest Of W.A.

Before her departure for Edmonton where she is attending the University of Alberta, Miss Leigh Dakin was guest of honor at a farewell party.

The party which was held at the home of Mrs. Dorothy Gray, was put on by the Afternoon and Evening Branches of the Anglican W.A. The 24 guests who attended the evening visiting with the high-light of the gathering being the presentation to Leigh of a travelling iron on behalf of the W.A.

Miss Dakin has been very active in her church, serving as Sunday School teacher and a member of the choir and she will be missed by her friends, young and old. By now Miss Dakin has begun her five year course for a B.Sc. in Nursing at the University.

Miss Lorna Wilson was home over the weekend to visit her parents, Mr. and Mrs. Lorne Wilson. Lorna is on the Emergency Ward staff of the Royal Alexandra Hospital.

Misses Marian Koebel and Sheila Madson spent the weekend here from their nurses training in Edmonton.

Mr. and Mrs. Bryce Lindgren of Drayton Valley, are the proud parents of a new little daughter, born Sunday last in an Edmonton Hospital.

Visiting at the home of her sister, Mrs. Fred Dubay, over the weekend, were Mr. and Mrs. W. Hague and Donna and Mrs. Debay's mother, Mrs. E. Woodrich, also of Edmonton, accompanied the Hagues out from the city and will visit here for some time.

Miss C. Guthrie of Edmonton is visiting at the home of her nephew, Mr. D. Guthrie and family, enroute home from a holiday at the Coast.

Mrs. J. T. Reid is enjoying a visit from her sister-in-law from New York this week.

Coming Events

FRIDAY, SEPT. 30—The Welcoming Rebekah Lodge will hold their first month's "what drive for the grand aggregate" to the I.O.O.F. Hall. Starting time 8:30. Lunch will be served. Everyone welcome. 21-53

FRIDAY, SEPT. 30 — General meeting of the Edson Craft Centre will be held in the Library, starting at 8:30 p.m. 21-9

GREEN ACRES - - -

By R. C. BOCKING, District Agriculturist

COMING SOON of these letters with the card attached, write to the District Agriculture office in Edmonton. These letters state the number of calves you explain the need for vaccinating have, and where your farm is located. As you know, Bang's disease costs the farmers of Alberta over two million dollars every year, as well as many cases in humans of the serious disease called Undulant Fever.

Attached to the letter is a card stamped and addressed to this office, on which each farmer should put the number of heifer calves between the ages of 4 and 11 months which he has to be vaccinated. Also, any cows which you wish blood tested should be listed. If you do not receive one

help such people, the federal government will provide, free of charge, good built to bull associations. These are formed by at least five farmers getting together and forming such an association and applying to the government for a bull.

This policy has been of great assistance to many farmers. If you are interested in it, contact your District Agriculturist at Edmonton fairly soon.

Most of the people in this district had fine gardens this summer. Now the problem is to keep these vegetables in good condition through the long winter ahead.

Storage temperatures vary for different vegetables and experience indicates that root crops, cabbage and onions keep best at 32 degrees and will withstand a certain amount of dampness. Potatoes can be stored in open bins with slatted flooring and a minimum temperature of 40 degrees. If it is colder than this the potatoes develop a sweet flavor. Onions should be thoroughly cured before storing and they will keep at a temperature as low as 32 degrees.

Mrs. J. Hamei has returned home and is feeling better after a stay in the Royal Alex Hospital in Edmonton months.

No child looks like himself when he feels shy or bored. So a necessary ingredient in a truly fine portrait is a pleasant bit of fun to bring out the bright and lively expression that is your child. Then, when your child is entirely at ease — our skillful camera work begins... and ends with a portrait the family will treasure for years!

Make your child's appointment now.

Special Oct. 1st to 10th... Children's Portraits at Children's Prices

2ND AVE. WEST

We're Suspicious

The friendliness being exhibited to the western world by the small group of men who control Soviet Russia is a complete reversal of the attitude of Russian leaders since the end of the last war. While the democratic nations welcome this change of front, there still exists an element of doubt as to the ultimate objective of the Red leaders.

The top men in Russia have always believed that the United States would be plunged into a depression soon after the end of the last war. They felt that such an event would furnish the big opportunity for the spread of communism throughout the world. They have been astounded that no such thing has happened. The free world, under the guidance of the United States, has achieved substantial economic progress and general prosperity.

The Russian leaders may have come to the conclusion that they are really responsible for the spread of events, through the aggressive policies they have followed. Such has led to the extensive disarmament programs developed

in the democratic world, which created substantial governmental spending and almost full employment. The Russian leaders may now have the idea that, if the cold war ends, governments in democratic nations will reduce expenditures for defence and thus create unemployment. Maybe we are over-suspicious, but we remember what Kipling said, many years ago: "Put no trust in Adam and, the best walks like a man." — Brooks (Alta.) Bulletin.

ALL ABOARD

By G. B. MORTIMER

According to a newspaper advertisement, I can now send in the top of a cereal box and get a title deed to one square inch of land in the Yukon.

I'd have to consult my lawyer before I rush into a deal like this, because it doesn't say anything about lumber or mineral rights. Also, there's no way of telling whether it's sound for heavy industry or single-family dwellings.

However, since this is the first time anyone has offered to sell me a chunk of Canada at a price I can afford, I won't dismiss it lightly.

There's gold up there. I'm looking for a good sounding hole and who a fill gun, so I can shoot.

PUBLIC NOTICE

NEW UNEMPLOYMENT INSURANCE ACT

EFFECTIVE OCTOBER 2, 1955

Employers—Payroll deductions under Canada's New Unemployment Insurance Act will begin on October 2nd, 1955.

Employees—Although the new Act becomes effective on October 2, you must be contributed to the new rates for at least 8 weeks after that date to qualify for the new benefits. Minimum and maximum duration of benefit under the new Act are 15 weeks and 26 weeks respectively.

Here is how the new Act affects you:

Range of Earnings	Improvement and Contribution	Weekly Benefit	Weekly Contribution
Less than \$9.00 (1)	8¢	\$4	8¢
\$9 and under \$11	9¢	\$4	9¢
\$11 and under \$13	\$40	\$4	\$12
\$13 and under \$15	\$40	\$4	\$12
\$15 and under \$17	\$40	\$4	\$12
\$17 and under \$19	\$40	\$4	\$12
\$19 and under \$21	\$40	\$4	\$12
\$21 and under \$23	\$40	\$4	\$12
\$23 and under \$25	\$40	\$4	\$12
\$25 and under \$27	\$40	\$4	\$12
\$27 and under \$29	\$40	\$4	\$12
\$29 and under \$31	\$40	\$4	\$12
\$31 and under \$33	\$40	\$4	\$12
\$33 and over	\$40	\$4	\$12

(1) When earnings are less than \$9.00, the contribution for benefit purposes is rounded up to 10¢.

For full information, consult your local National Employment Office.

Remember—Insurance and employment go together—use your National Employment Service.

Brief Rural Romance

YETAS

Ah, at last. She's dismissed class; Heart beats fast, Mona.

Broke the rule, Called at school; No, not cool, Mona.

On second thought, an ice-cream farm would be more like it.

"The land you'll own is in the famous Klondike Gold Rush country of the Yukon in north-western Canada," says the advertisement, which is located at Yukon's offices. "Here during the Gold Rush men fought the savage climate to wrest fortunes from the bleak hills and the freezing rivers."

"Temperatures on your land go down to 70 and 80 degrees below zero, your land gets colder than it ever gets at the North Pole."

"If you were on your property in temperatures like this it would be dangerous to take deep breaths."

My land huh? I like the sound of that. Never mind about the breathing, I can look after my own lungs, thanks. But with my hands firmly on my own ground (and my arches cracking three subdivisions and the site of a new supermarket) I could laugh at the elements.

If my land got stuck to my shoe, and I accidentally kicked the whole estate in the creek-bed, I could always send in another top.

Are the authorities checking the offer to see that none of this northern real estate is falling into alien hands? They set parades on the other side of the Iron Curtain too. What's to stop President Khrushchev from taking the stuff and getting it to all the land between Whitehorse and Dawson?

It's a little humiliating, in fact, to see Canada being given away piecemeal as an incentive to make people buy breakfast food.

I hope this doesn't put ideas in the Hon. James G. Gardiner's head, and cause him to over-reach himself in his zeal to unload our surplus wheat. Canadians would frown on any special premium offer which allowed the Poles to tear the top off a grain ship and mail it in exchange for half Alberta.

HOMESTEAD DAYS

By EUSTACE REIDSON

Many of the homesteaders joined the army during World War I and by 1918 development of homesteaded land in this district had almost ceased. After the war was over most of the local soldiers returned and resumed farming. Across broken pre-homestead was still decidedly small but the troops were full of enthusiasm.

The Soldier Settlement Board (S.S.B.) had been formed by the Government to help settle soldiers on the land and all local returned men figured on acquiring another quarter section of land either as a "soldier grant" (a second homestead) or by purchase through the S.S.B. Several other ex-soldiers came into the district and in this small area of

Puavine we had fourteen soldier settlers all farming with help from the S.S.B.

Army life had made them reckless and most had got married while overseas. In there was a strong contingent of British war brides in the district and social life was pleasant.

The S.S.B. scheme eventually was a colossal failure but it really was a splendid plan as it gave a veteran who had no chance to own a farm in any other way an opportunity to own his own farm in 20 years. A qualified veteran could borrow from the S.S.B. up to a maximum of \$7,500.00 for the purchase of land, stock and machinery. All purchases had to be approved by a S.S.B. inspector.

At this time cattle were still the main source of farm income here and the extremely severe winter of 1918-19, the depression following, and the drought and crop failure of 1923 made it impossible for most of the soldier settlers to meet their debt payments and a number abandoned their farms.

Others struggled on for a few years, in spite of concessions made by the Government, only about one out of every five soldier settlers managed to survive, repay their loans and get title to the land.

If this was a fine guide one out of five really floundered the scheme as the only ones here to survive were those who owned a

Edson Leader, Thursday, September 29, 1955 — Page 11

Thus most of the early quarter section when they sought S.S.B. help to expand. Every soldier settler here who bought all his land through the S.S.B. did give the settler a real sense of accomplishment and if the Government could not force the coming slump how could the soldier settlers do so?

The dry summer (the first ever experienced here) and the virtual crop failure of 1923—which forced the soldier settlers to sell almost all their cattle at one eighth the price they had paid for them—was the chief cause of the failure of our local soldier settlers, for could they have raised enough feed that year to have kept their herds intact, they might have pulled through as crops were generally good and prices relatively strong for the next six years.

Two sweet young things were discussing affairs of the heart.

"If you've accepted Tony," said one happily, "I suppose he didn't happen to mention that he had previously proposed to me?"

"Well, not exactly," replied the other blushing; "but he did confess that he'd done a lot of silly things before he met me."

EDSON HINTON

Mr. Usher was born in North Ormsby, Middleborough, England, and came to Canada with his family in 1926, serving in the first World War as Q.M.S.

He lived on the Coal Branch and Edson and returned to England in 1927 and served again in the second World War as Q.M.S.

He returned to Canada again in 1947 and resided at Coalpur until his retirement in 1952, then moved to Edswistle where he served as Justice of Peace until his recent illness.

Mr. Usher was a charter member of Edswistle Elks Lodge No. 374, served as Chaplain and was also an active member of the Evansburg Canadian Legion B.E. S.L.

Funeral services were held at Howard McBride Chapel, Edswistle, Canon Matthews officiated.

Elks Lodge, Edswistle were in attendance also the Canadian Legion. Interment was made at West Lawn Cemetery, Soldiers Plot.

Palbearers were Legion Commanders: Jack Smith, Ken Smith, D.

Daniels, Elks Lodge, N. Hanson, W. Jevassy, R. Robinson.

Floral tributes were received from: Family, Grandchildren; Jack and Jane; Jack, Betty, and Family; Ken and Jessie; Walter and Nettie; Mayale and Doris; Albert and Jean; Mr. and Mrs. W. J. Wilcox; McKelvin, Calgary; Bill, Ben, Ron, Bob Robinson; Mr. and Mrs. Neumann and Family; Mr. and Mrs. Boyle; Mr. and Mrs. George Wilcox; Mr. and Mrs. D. Boianatz; Don and Mary Koger; Buster and Joe Robinson; Mr. and Mrs. Wessinger.

Mr. and Mrs. Nelson and Family; Mr. and Mrs. Hoople and Family; Mr. and Mrs. Daniels and Family; Mr. and Mrs. Elliot Taylor; Jim Callagher; Mr. and Mrs. Art Miller and Family; Bill Switzer; The Poules; The Eliska, Mr. and Mrs. C. Daniels; Mr. and Mrs. J. Messinger; Mr. and Mrs. Seedhouse; Evan and Elsie; Mr. and Mrs. N. Hanson and Family; Ted and Rachael; Mrs. Fraser; Lil, Glen and Bert; Mr. and Mrs. Altkon Sr.; Mr. and Mrs. L. Leyden and Family; Mr. and Mrs. V. R. Glander and Family; Vera, Hjalmer Carlson; Charlie Osterberg and Family; Florence, and Larry Martlett; Elks Lodge, No. 374, Edswistle; Royal Purple, Edswistle; Canadian Legion, Evansburg; Ladies Auxiliary B.E.S.L. No. 51 Edson.

Misses F. Zellers, Helen Kennedy and Mary Ann Shannon will leave this weekend for Calgary where they will take a course in Nurses Aid training at the Technical School. All three girls have been employed as nurses aids at St. John's Hospital here.

Former Edsonite Is Dry Ice Rep

A former Edson boy, Mr. Fred Hickey, of Edmonton, has been named Alberta representative for Gas-Ice Corporation, which is a company starting production of carbon dioxide from a well at (Conrad) Sask.

The plant will produce liquid B.C. and the Western States, and carbon dioxide, dry ice and fire-Saskatchewan.

extinguishers. The CO2 is being taken from a well which was originally drilled for oil.

Gas-Ice also has wells in British Columbia, and according to Mr. Hickey, the firm plans to drill in Alberta in the near future.

Constable John Zawryuka has returned from a holiday spent in

Canada.

Town Building Permits To Reach Million This Year

Well Known Railroader Dies Suddenly

—Courtesy Edmonton Journal

The many friends of Mr. Douglas Browne were shocked to learn of his sudden passing in an Edmonton hospital on Saturday at the age of 54.

Mr. Browne was an oldtime resident of Edison and worked here from 1921 until 1933 when he was transferred with the CNR superintendent's office to Edmonton. He returned in 1935 as chief clerk to the superintendent here.

During his earlier period in Edison he was active in athletic and other community endeavours and during this time courted and won a local daughter, Peggy McKeever.

Upon his return to Edison in 1935, he resumed his interest in community affairs as an executive member of the Board of Trade and president of the recently formed golf club, as well as continuing his ardent interest in curling.

Besides his loving wife, he is survived by one sister, Mrs. L. A. MacDonald of San Diego, Calif., and one brother, W. Roy Browne of Vancouver.

Funeral services were held on Tuesday, October 4, at 2 p.m. from Edison United Church, the Rev. C. C. Armstrong conducting the service.

Out from Edmonton for the funeral on page 8

At Tuesday night's Town Council meeting the considering of another \$85,000 in building permits brought the total of permits issued for Edison this year \$70,000 short of a million dollars.

According to estimates by Secretary-Treasurer R. C. Gregg the possibility is very probable that the million dollar mark will be easily passed during the remaining three months of this year.

Latest major permits considered were for North Star Oil Co., Canadian Oil, and Canadian Seisco, who all plan structures along 4th Avenue West.

With the exception of 1912 when there was probably more building activity, if less dollar value, this is a record year for a town that just seems to grow and grow.

Coupled with a record sidewalk and Main Street paving program, this is indeed a record year. The earlier part of the year saw the midnight oil being burned by the Town fathers looking into the projected pulp mill development with its up-to-1000 homes promise.

The two dollars a meeting we spend on Councilors' salaries has been getting some honest effort on the Town's behalf in return. Edison's growth will probably keep this and future Council's busy too and who can say that isn't a good prospect.

Flees Burning Home With Youngsters

Mrs. Harold Gold was awakened Thursday morning about 9:00 a.m. by her little son coming and saying "Mummy, the shed's on fire."

In a flash Mrs. Gold realized the significance of the crackling sound which had awakened her after a sleepless night with their baby.

Hustling up the kiddies, she only had time to get out of their home on the South-west corner of Main and Sixth before the flames and smoke belted from the back to front of the house.

Speedy work of Edison's Volunteer Fire Department quashed the flames only after practically all the contents had been damaged by fire or smoke.

Mr. and Mrs. Earl Kelly have Mr. Kelly's mother visiting with them from Clatsop, Wash. Roddy Zacht and Bob Armstrong are spending a few days duck hunting at Camrose this week.

THE BRIGHT OUTLOOK

The two clear-eyed youngsters caught by Photographer Al Grant seem to reflect the smiling future that faces them as well as the town they live in. Their names are Linda and Roy the son and daughter of Mr. and Mrs. Herman Allen.

Post Office Announces Better Services For Mailing

The proposed schedule for mail which would give Edison early sorting of incoming mail and late sorting of outgoing mail to and from the east has been adopted by the Post Office department effective the first of the year.

Contracts for the extra truck routes are being called by the

department and tenders must be into the Post Office department by noon October 21st.

Each night except Saturday a truck will now leave Edison post office at 11:00 p.m. and go to Wildwood where it will meet a truck which left Edmonton at 10:00 p.m. The east and west bound mail will be transferred and the trucks will return to the starting points at 2:15 a.m.

The mail truck then arrives back in Edison at 8:15 a.m. except Tuesdays, Thursdays, and Saturdays, when it will come in at 6:15 a.m. as the truck then calls at Wolf Creek, Roseau, MacKay and Niton.

In addition to this new truck service there will also be the regular train service morning and night, but the bulk of the first class mail will come in on the early morning truck.

Postmaster C. Edson tentatively proposes to rearrange his schedules to allow a 6:30 or 7:00 p.m. mail closing for east-bound mail. Mail posted before 5:00 would still go out on the train as previously.

Badmintoners To Organize

All interested in joining with the other players of the active indoor sport of badminton are cordially invited to the school Auditorium Tuesday evening, October 11th, at 7:30 p.m.

Bring your canvas shoes and be prepared for a game says last year's executive.

Whitecourt Cutoff Opening Set For Wed., October 19

No definite plans have been made as yet for a caravan of residents from this end of the Whitecourt-Valleyview cutoff, but it is being talked over by those most interested.

The official opening, set for Wednesday, October 19, has been picked by the Department of Highways after steady efforts by construction crews in bucking mud and rains and musking conditions on one stretch in particular.

It has been hard waiting for the narrow strip that remained uncompleted for the past month to be made road-worthy. Many a motorist has made the trip only to be turned back at this section and have to go all around through Edmonton again.

The road is a logical artery connecting this part of Alberta with the fabulous Peace River country and second to Alaska via the Alaska Highway which starts at Dawson Creek, just under 300 miles from here.

The puts Grande Prairie about 200 miles from here and within easy driving distance. Another trip that will appal, now the road is open, is the one to Dawson Creek and down the well publicized Hart Highway to Firth, George and Interior British Columbia.

For the Peace River people who had to travel over the old Edison Trail, later the tri-weekly railway and more recently the route that ran along the south shore of Lesser Slave Lake, it is a welcome outlet. The new road cuts 70 miles off their trip to North Central Alberta.

Fire Prevention Week

By proclamation the Governor General of Canada will decree that the week of October 3-9, 1955, be observed as Fire Prevention Week across the nation.

This week is always the calendar week including October 9, the anniversary of the great Chicago fire of 1871. Such a disaster serves to underline the necessity of bringing before the public a much needed awareness of Fire Prevention.

Fire Prevention Week should not be regarded just as a seven-day period for projecting fire prevention programs, displaying posters all over the community, school drills and civic group meetings. Rather, it should be regarded as the week of initiation of a year-round activity promoted to make our country a safer place in which to live.

Fire Prevention Week is not a new institution. It has, over a period of years, developed increasing significance and earned a respected place in the regular affairs of every progressive community in Canada and the United States. It signifies the commencement of a campaign which should be carefully planned so as to enlist the co-operation of every citizen and of every organization in the community for a concerted effort to prevent, as far as possible, loss of life and property as a result of fires.

Response to Fire Prevention Week should be spontaneous and enthusiastic. All citizens sincere in their desire to see the country's economy make progress have a stake in Fire Prevention Week. They realize full well that property destroyed by fire is irrevocably lost and the community and the nation suffers as the consequence of such loss. Economic disaster to a community often follows on the heels of a larger fire.

Let us look at the latest available annual fire loss record in our country. The total property loss by fire was \$84,270,896.00 representing a loss per person of \$5.70. These losses represent an increase of about \$4,000,000.00 over the previous year when the total loss was \$80,902,205.00, with a loss per person of \$5.61. The record shows 67,519 fires, an increase of 3,416 over the previous year. The loss of life by fire was 477, as compared to 562 in the previous year.

It is indeed tragic to note the record shows that more than half of all the fires in Canada occur in homes. This fact alone should emphasize beyond any doubt the need of fire prevention.

This heavy toll of destruction of life and property by fire must not continue. A strong and vigorous campaign should be launched during Fire Prevention Week and followed up without restraint throughout the year.

Old Disease

The illogical idea that actions dangerous attack on the freedom and thoughts of public officials or appointed, must be prevented, occurs often, sometimes in the most surprising places.

Latest example of this theory, which holds that the public health is not the public's business, comes from — of all places — the United Kingdom.

There, it is reported, government and opposition members have apparently agreed to ban public discussion on radio and television of current subjects being debated in the House of Commons or subjects to be debated there within the next 14 days.

British newspapers, unaffected by any such foolishness, describe this piece of work for what it is: a

WE LAUGHED AT THESE

He was one of those tourists who liked to brag about the number of miles covered in a day. As the evening wore on they passed motel after motel with the "No Vacancy" sign out. Finally, the little woman remarked, "I know we'll find one soon, dear, — people are starting to get up."

A four year old lad had stayed at the beach too long, and was brought home with a stiffer of a sunburn. In due course it reached the peeling stage. The torrid type was observed studying himself in the mirror and muttering, "Only four—and wearing out already."

A couple of smart-alecs from New York were driving in Maryland when they found the road blocked by a sign: "Closed. Please detour." "Road looks okay to me," started the driver. "The joker put that up; bet he owns a gas station on the detour."

So they tossed the sign aside and proceeded about 10 miles, where they found a bridge washed out. After driving all the way back they found the sign was back on the road — with a footnote reading: "It really was closed, wasn't it?"

The wife of Angus McLaughlin was very sick. As Angus started out the door to get the doctor, he said to her: "Now, Angus, dear, don't forget, if you feel yourself getting weak, blow out the candle."

The church bazaar had been widely advertised. For weeks collectors had been handing over vouchers in return for money, and Mrs. Bliskown had 93 worth, which could be exchanged for "equal value of any of the stalls."

Mrs. Bliskown sat forth rather late. When she came home she was looking annoyed. "What did you buy, Mother?" inquired the rest of the family.

"Don't aggravate me!" she snapped. "Everything worth while had been sold, and I had to have 92 worth of donkey-rides."

A small boy went to a Sunday school picnic, but it hardly lived up to his expectations. He was stung by a bee; he fell into a creek; a little girl pulled his hair; he got lost; and when late in the afternoon he reached home in an extremely disheveled state, he retired officially last week at the age of 67. He is being succeeded by 43-year-old Angus Morrison, who was promoted from the rank of chief municipal inspector.

"Well, son, what sort of time did you have at the picnic?" "Mama," slowly replied the little lad. "I'm so glad I met you I'm glad I went."

—St. Croix Courier.

Letters To The Editor

Editor, Edison Leader, Edmonton, Alberta

I wish to thank you for the copy of your paper, with the account of the caravan to Blue River, you should have mentioned the lunch at Valemount. Would like to make a correction in the spelling of my name, from Bill Sever to W.C. (Bill) Shonar, and I was a delegate from the McBride Farmers' Institute.

Yours very truly,
W.C. Shonar,
McBride, B.C.

EDITOR,

Edison is steadily growing to ward being the size of town in which, perhaps, most everyday people would like to live: small enough to be known intimately, large enough to afford many facilities for living. One aspect of this is the growing importance of a healthy crop of home-grown writers in our newspaper columns.

The comments of your correspondents are interesting and at times amusing. You are to be commended for encouraging them, for such writings do at least two things: they expose injustice, real or fancied, to the public gaze; and they quicken the interest of your readers in our town in its identity and its welfare.

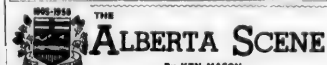

This is important. This is good. Regrettably, it is not carried far enough. We have enough of words and good ones; of ideas, many and useful ones. But the words are often joined and the ideas often presented, with such a pugnacious or satirical tone that much of their value is lost.

True, it is often easier to gain attention by exhorting indignation than by appealing to public concern. But it is certain, that while saggy cudges and satirical knife-thrusts are excellent means of collecting black looks from others and black eyes for yourself, they do little to convince your man of the soundness of your opinion, or

By all means let us have criticism, so long as it is just. Let us have opinions, the more the better, so long as they are not annoyingly proffered. But first let us examine our own doorstep, before rushing into the streets with the cry of pen-brooks raising the dust of prejudice and vitiating the eyes of the passer-by.

Only then shall our words serve their best purposes, and make our newspapers true mirrors of the thought and temper of the people of our town.

Brooks
(Will put, Brooks—Ed.)

Edmonton—Significant changes are taking place in the organization of the provincial department of municipal affairs—the department which administers all of the government's policies toward the municipal affairs for the past 10 years.

John W. Judge, deputy minister of municipal affairs for the past 10 years, retired officially last week at the age of 67. He is being succeeded by 43-year-old Angus Morrison, who was promoted from the rank of chief municipal inspector.

There has been no official announcement regarding another

the good intention of your criticism.

The object of all such criticisms is to change something, or else record a passing objection. To change a man's actions you must first change his attitudes, if it is to be a lasting change. The best way of doing this is to present your ideas in such a way that he comes presently to believe the idea his own. He will act on it much more effectively than if he is, in some way forced into accepting it.

This way is often difficult, especially if you care who gets the credit, although recognition for a good work is the least part of its value. The next best thing is to allow him room to change attitudes without losing face—no man likes to admit his mistake, especially to those who have pointed out the mistake in no kind manner.

This way is also difficult for we usually are so precise in our indictments that nothing is left him but a full abstinence in the middle of Main Street. Yet surely both these methods have a better chance of success than the bruising frosted attack or the anonymous stab in the back.

Not all criticism is good, only that is good which is just and constructive. A good active critic offers reasonable alternatives. A good passive critic offers his objection good humouredly, to provoke earnest thought and effective discussion.

By all means let us have criticism, so long as it is just. Let us have opinions, the more the better, so long as they are not annoyingly proffered. But first let us examine our own doorstep, before rushing into the streets with the cry of pen-brooks raising the dust of prejudice and vitiating the eyes of the passer-by.

Only then shall our words serve their best purposes, and make our newspapers true mirrors of the thought and temper of the people of our town.

Brooks
(Will put, Brooks—Ed.)

MacKay News

Mr. and Mrs. C. E. Haggart made a trip to Edmonton last week.

Mr. Len Bell was out from Edmonton last week.

Congratulations and best wishes go out to Mr. and Mrs. Grant Hervey who were married last Saturday.

World Series fever is here in Edmonton and folks are flying around like wildfire. Here's hoping the Blues can pull this one out of the fire.

We are sorry to report that Mr. Chris Anselmi is in the Edison home hospital. We all hope you have a speedy recovery, Chris.

Hospital Notes

The Alberta Scene

Cont. from page 3

These changes don't mean the government is going to come out with generous new grants or anything, but it does mean to make an attempt to develop closer communication between the two levels of government.

A complaint in the past has been that the government maintains an attitude of aloofness toward the municipalities.

headache.

Perhaps this was the reason for
shifting Hon. A. J. Hoeser from
public works to municipal affairs
in the summer cabinet shuffle. Mr.
Hoeser is one of the most person-
able of the thirteen cabinet mem-
bers. At the time of the shuffle,
some observers said he was the
man with the personality most
likely to do a good job of main-
taining peaceful relations with
the municipalities.

Straight Flush—Members of Al-
berta's delegation to the dominion
provincial fiscal conference left
Edmonton for Ottawa at the week-
end. But when the time came to
discuss what Alberta has to
propose as a financial solution to
financial problems, they were as
silent as a man holding a royal
flush in a game of stud.

In fact, one high official said
preparations for the conference
were very much like a game of
poker. It would be regarded as
little short of disaster for Al-
berta to tip her hand. Any pro-
posals or arguments had to be
kept a dark secret, until the ex-
act psychological moment when
they could be given to the con-
ference.

The same officials said that
Prime Minister St. Laurent was
"letting a balloon go" and hoping
for an outburst of provincial com-
ment when he blasted that the pre-
sent tax-municipal agreements be
scrapped and the provinces be
placed back into the income and
corporation tax fields.

However, from previous state-
ments it is indicated that Premier
Manning would propose new
agreements to meet new circum-
stances. He already has proposed
that the conference discuss mu-
nicipal financial requirements, which
he described as among the most
serious problems facing provin-
cial governments.

Municipal authorities are hoping
for some sort of deal to wrap out

GREEN ACRES - - -

By E. C. ROCKHORN, District Agriculturist

ACT NOW

By now most district farmers
will have received a circular let-
ter telling about the Reg's vac-
cination program being carried
out in this district this year. At-
tached is a card which is to be
filled out and mailed back to this
office.

This program is very important
in preventing losses in your herds
which could easily wipe out a
year's profit from your farming.
Also it is necessary if we are to
protect the health of our families.
It is important to act now. Fill
out the card listing your better
cows, and mail it. By doing so,
and also by encouraging your
neighbors to do so, you will be
doing yourself and your commu-
nity a great service. If you do
not receive a card, write to my
office listing the number of calves
you have for vaccination.

SANGUDO SALE

Last spring the North-West
Livestock Breeders Association
was formed at Sangudo. On No-
vember 9, this group will be hold-
ing the sale of the conference.
Accompanying the Alberta dele-
gation are C. P. Hagen, of
Strom, representing rural mu-
nicipalities, and Edmonton's Mayor
Havrelak representing urban com-
munities.

Edson Canvass Coming To Help The Blind Across Canada

Mr. Allard lost his sight in an
industrial accident. Repeating his
lack of sight with helplessness, he
rank into dependency. The Cana-
dian National Institute for the
Blind invited him to attend their
summer camp.

Mr. Allard enjoyed a holiday
with his new friends and found
that many of them were
usefully employed and respected
in their jobs. C.N.I.B. placed
him in a position to do his own
service found him an assembly-
line job and opened the door to a
new life.

Mr. Allard still has a handicap
helped him to live
comfortably with it, enjoying life
and participating in it.

Tom Harnett was a good accom-
pant. When he realized he could
no longer do a good job because
his sight was rapidly failing, he
felt the end of his career was at
hand. The Canadian National Insti-
tute for the Blind taught Tom
Braille, and explained that his
handicap did not mean he was
through.

Tom now manages a C.N.I.B.
concession stand, doing his as-
sembly-line job, and providing
a useful service to the community.
His dollars donated to the C.N.I.B.
helped Tom regain for a dis-
abled but useful position.

When Alice Lester visited the
Canadian National Institute for

About Nothing . . .

By SHAMUS

Contrary to malicious rumors if
they move, they be that much bet-
ter off. Last year the C.N.R. moved all
not a one horse town and the
town council is definitely not go-
ing to put a hitchhiker, rail for
horses on the south end of main
street and also, cars will be allow-
ed to drive on the south end of
main street when conditions per-
mit.

I've been smoking around
and I'm by-passing subjects with
him, but I did hear that
if the right company gets the
franchise for gas, you won't
have to buy a silver or furnace
in order to use the gas. They
will sell adapters that you can
put in your present stove or
furnace to convert them into
gas burners. Quite a saving.

The railways say they lose money
on each bushel of grain they carry
under the Crown West Schedule of
rates. Which means most of the
grain crop from the prairies. So the
more grain they move, the more
money they lose - and the less

the blind office she did so with a
heavy heart. Jim, her 32-year-old
husband, a successful salesman,
recently blind, desperately need-
ed someone to talk to; someone
who could replace his frustration
and defeat with hope.

She thought she had failed, and
that her husband would be a shut-
in for the rest of his life. The
blind staff worker at C.N.I.B.
proposed a plan and later that
week visited Jim at home.

Jim's job now: Helping the new-
ly-blind adjust to the changed
conditions he once thought intol-
erable. Jim's handicap now works
for Alice, himself, and for his
community; rehabilitation in the
fullest sense - through the
C.N.I.B.

Announcement of the Edson
C.N.I.B. drive will be made shortly
by P. W. Wells, local chairman.

A dollar bill is the farthest bet
friend and when he can't get it
he just ain't got no friends.
Que Valdez - Where art thou,

ALL ABOARD

By G. E. MORTIMER

Several thousand Americans are building radar stations in Canada's northland. Thousands more inhabit bases on Canadian soil. Americans are open-minded, friendly, kind to children and possessed of many other endearing traits. They are good neighbors. But some Canadians who like them as neighbors are uneasy about having them as permanent house-guests. Although Canada benefits by the radar fence it is chiefly there to protect the United States. The benefit to us is a by-product. Did our government drive a hard

Choral Instruction Classes Start Tonight

Twenty members of the newly formed choral group met last Thursday evening with Mr. Gordon Greene, Extension Lecturer in Music from the University of Alberta, to discuss the coming course in Choral Leadership. Mr. Greene spoke briefly on the work the University is doing to "take the University to the people" through adult education.

That would be a good arrangement, if the defense used on our own land. But they are on Canadian ground. They should be built and staffed 95 per cent Canadian. No matter who pays the bill, the presence of a large foreign force is a blot on our pride and a shadow on our sovereignty.

It might be said that Uncle Sam does us a favour by opening up our northland. It might also be said that American companies do us a favor by opening up our forests, mineral deposits and water power.

However, this nation has grown old enough to be wary of such doubtful favours. We can use our own shorelines and dig our own gardens now. As for the tanks that we are too young to undertake, we should be willing to postpone them until we are big enough. What's the hurry? The metals and water power will still be there in 50 years.

Sometimes we may need foreign money to gain an industrial head start. In those cases, our government should frame laws to limit foreign holdings and keep policy-making control of Canadian resources at home. The northern defenses are more urgent. But we should still drive a hard bargain for the use of Canadian land. The Americans would do the same if they were in our place.

How many Canadians hold the views outlined above? Nobody can tell, without a public opinion poll. But they would make a lively election issue. Perhaps that would be the best way to find out.

courses in Music, Drama and Art, in any Alberta town which can gather enough interested persons to make the trip from the city possible each week.

Mr. Greene explained the \$8 tuition fee for the course just Thursday evening with Mr. Gordon Greene, Extension Lecturer in Music from the University of Alberta, to discuss the coming course in Choral Leadership.

Mr. Greene spoke briefly on the work the University is doing to "take the University to the people" through adult education.

That would be a good arrangement, if the defense used on our own land. But they are on Canadian ground. They should be built and staffed 95 per cent Canadian. No matter who pays the bill, the presence of a large foreign force is a blot on our pride and a shadow on our sovereignty.

It might be said that Uncle Sam does us a favour by opening up our northland. It might also be said that American companies do us a favor by opening up our forests, mineral deposits and water power.

However, this nation has grown old enough to be wary of such doubtful favours. We can use our own shorelines and dig our own gardens now. As for the tanks that we are too young to undertake, we should be willing to postpone them until we are big enough. What's the hurry? The metals and water power will still be there in 50 years.

Sometimes we may need foreign money to gain an industrial head start. In those cases, our government should frame laws to limit foreign holdings and keep policy-making control of Canadian resources at home. The northern defenses are more urgent. But we should still drive a hard bargain for the use of Canadian land. The Americans would do the same if they were in our place.

The course will cover the basic principles of choral work—voice production, interpretation, conducting and concert staging. It is hoped it will be possible to present a public choral concert at the conclusion of the series. More singers are needed to make a really successful class.

This course is designed for all who are interested in Choral singing. It should prove especially valuable to the musician in the position of choir leader who feels that his knowledge of choral technique is limited. The only prerequisite is a genuine desire to sing better.

Home & School Welcomes New Edson Teachers

A well-filled auditorium of Home & School members were on hand Wednesday evening to extend a welcome to the new members of the Edson teaching

staff. Under the direction of program chairman A. W. Leonard, Mr. Paulin, vice principal of the Edson high school, acting for Mr. M. D. Meade, who was indisposed, introduced the members of the high school teaching staff present.

Mr. A. H. Dakin, principal of the elementary school, introduced the members of the elementary teaching staff.

Councillor Bill Switzer, acting for Mayor Burleigh, welcomed the teachers on behalf of the Town, and local school trustee Doug Cason welcomed the teachers for the school board.

This year's H&S president, Mr. J. K. Wilson, assisted by Mrs. Mae Pattison, as secretary, conducted a

short business meeting which saw Mrs. Rita MacDonald elected to fill the office of social convenor to replace Mrs. Nygaard, who had found it necessary to resign.

Mr. J. Finlay, superintendent of schools, briefly addressed the group and explained the placing of the elementary school children until such time as the new school is ready. Mrs. L. Buck of the local school board congratulated Mr. Finlay on securing such a fine complement of teachers.

Mr. C. Edgson was elected to act as publicity officer for the local association.

Social Creditors Plan Convention

The Edson Social Credit constituency group met in the E. D. Whidden home on Tuesday evening to discuss plans for the annual Social Credit convention to be held shortly.

The Hon. Norman and Mrs. Willmore were present for the meeting following which a pleasant social hour was enjoyed.

Hold House Warming

A few friends of Mr. and Mrs. Frank Walker gathered for a house warming get-together last Saturday evening to celebrate their getting settled in their new home.

The evening was spent in visiting and watching the wrestling match on television.

Mr. and Mrs. Walker now live in the home recently owned by Mr. and Mrs. Royden Mahon. Mr. Walker is the shop foreman at Universal Motors.

Missionary Tells Of Problems With Native Languages

The Rev. R. Peel, a former Albertan, and a compositor with the Calgary Herald until 1950, and now home on leave from his duties as missionary printing plant manager in South Africa was an interesting visitor to Edson this week.

The Rev. Peel was here to address a meeting in Bethel Parish central church on Thursday night where he sang a few native songs and explained how the native languages are put into phonetic print in the printing office he manages.

He also had had some very interesting slides showing his work in the mission field in South Africa.

Mr. Peel says that he has enjoyed his visit to his home province, but is anxious to get back to his work in Africa.

What We Want For Our Jubilee Issue

Council Postpones Action On New Town Fire Hall

At their regular meeting on Tuesday evening, October 4, Edson Council decided that the two tenders for the proposed new fire hall were not suitable and decided to leave the matter over until spring.

In addition to various leases to property, both residential and commercial, the Council decided to look into the proposed natural gas transmission line through the north end of town.

The Council also started the ball rolling for a weather station here with a request to the Department of Transport listing the advantages of one here.

Present were Deputy Mayor Switzer, Councilors Mahon, Nigro, McIntyre and Tucker.

Other business conducted included:

Block For Motel—Mr. T. Fowler addressed Council on matter of acquiring Block 137, (between 43 and 44th on 6th Ave.) and proposal to erect 16 unit apartment motel. It was moved that Mr. Fowler's submissions be received and matter of disposal of Block 127 be referred to the Building and Plans Committee for investigation and report to Council.

Trading License—Mr. S. Malachuk addressed Council in support of application Malachuk Trading for retail license approval. It was moved that approval be granted to

Cutoff To Open Oct. 19

The Whitescourt-Valleyview cutoff to the Peace River district will be officially opened to the public in a ceremony at 2:30 p.m., Wednesday, October 19, near the Loonquin River.

To cut the ribbon at the opening will be Mrs. W. A. Fellows, wife of the late Minister of Public Works.

Our member, the Hon. Norman Willmore, will be in attendance as will D. E. MacMillan, Minister of Public Works from 1928 to 1932, as well as the present highways minister, the Hon. Gordon Taylor.

There may be several cars leaving from Edson if the weather is fine.

Movers Take Out Houses

J. G. Leiske & Son of Lacombe were in the process of moving the Perkins, Straper, Gomericks and the old Switzer houses from just west of the bowling alley to new locations in other parts of town this week.

The houses are being moved to make way for the new North Star Oil service station which is to be built on the location.

Provincial Government OK's Old Hinton Hamlet Townsite

In a telephone interview with The Leader, the Hon. Norman Willmore advised us that the Provincial Government have decided to go ahead with the development of the present Hinton townsite.

A Government announcement on the matter reads as follows: "It was decided today (Thursday) at a meeting of the Executive Council of the Government of Alberta that the Department of Municipal Affairs would proceed at once to develop a townsite at the present Hamlet of Hinton. The necessary work of surveying, town planning, etc., will proceed without delay."

According to Mr. Willmore this decision by the Government should not interfere too greatly with the development planned for the Bliss townsite which is to be undertaken by the private company, Athabasca Valley Development Corporation.

In making this decision the Government is taking into account the representations from the people already living in the present Hamlet that the development was going to take place anyway, so it might as well be orderly.

It had been pointed out by the residents that the present location was ideal both for access to the railway and the highway and that the rising terrain to the south would make a beautiful townsite with the splendid view of the mountains being a consideration.

This decision by the Government will be welcome news to the score of businesses already established in the Hamlet and the "temporary townsite."

Cement Plant Scheduled To Start Operations In July

The new seven million dollar cement plant which is to be built just 115 miles east of Edson is scheduled to be in operation by July of next year. The plant, we understand, is ahead of the target date and the hope is that the plant will be in operation sooner than that.

Of direct interest to our district is the fact that limestone for the new plant is to come from the limestone mountains of Cadomin which are estimated to have at least 75 years supply.

Capacity of the plant will be 800,000 barrels of cement a year.

Name of the new company is to be Inland Cement Co., which is being financed by Belgian and Canadian capital.

Besides the men employed at the Cadomin site, the hauling of the limestone will require extra train crews over and above those working out of Edson at present time and so will mean more jobs in this district.

HON. NORMAN WILLMORE announced the Government's decision on Hinton's future this week.

Church Sponsors Benefit Show

Edson citizens will be in for a treat this Sunday evening if they attend the benefit show sponsored by the W.A. of St. Catherine's Anglican Church, and shown in the Edson Theatre, through the courtesy of Foxler Brothers.

Starring Anne Byrne and Edmund Green, the picture is a delightful comedy, entitled "Bally and St. Anne" and show time is 9:00 p.m.

Mr. and Mrs. J. LaFleur (nee Tina Baudin) of Edmonton were Edson and Roseauville visitors over the holiday weekend. They were accompanied by Mrs. LaFleur's mother, Mrs. Cora Baudin and younger sister.

Vets' Housing

While the Second World War has been over for some time, the Federal Department of Veterans Affairs is still rendering a considerable service under the provisions of the Veterans Land Act.
 The latest addition to the Act provides for assistance so veterans can build their own homes under the joint assistance of V.L.A. and Central Mortgage and Housing Corporation.
 Based on the great success that resulted from the plan which V.L.A. adopted in allowing Veterans to build their own home on a small holding establishment, the Canadian Legion made representation urging such assistance be extended to veterans who work in cities and towns and wish to build on their own land.
 The vets are materially assisted in becoming their own contractors under this scheme and two veterans in Edson have houses under construction at the present time.
 It is a scheme that really helps the average veteran, who is now a family man, own the roof over his head. The Federal Government is to be congratulated in helping more Canadians to own their own home.
 For others interested more information is available at your nearest Legion or by writing direct to D.V.A. in Edmonton.

Weather Office

This district should have a permanent weather office the Town Council think and have sent a letter to the Department of Transport along this line.
 To devotees of the weather forecasts over the radio each day it is obvious that there is a considerable gap in the forecast area when you hear the announcer say the Peace River area is such and such and the Whitecourt station so and so then go on to give the forecast for the Edmonton area.
 So often the forecast for the Edmonton area is what we are already enjoying (except that our weather is usually a little warmer in winter and cooler in summer due, we suppose, to our nearness to the mountains).
 The D.O.T. have a station at Jasper but this does not do more than give what the weather is there as their mountain location makes their weather a local condition.
 Presumably the meteorological action can train a competent observer here or send one in. There need be no problem about quarters as there are extra rooms in the new federal building, with convenient access to the roof for meteorological purposes.
 Our town secretary-treasurer has been traditionally the met. observer here. The hobby was started by Mr. H. A. Tucker and has been carried on by his successor, Mr. R. C. Greig. The weather has been recorded, but the self-imposed task has been no more than a private hobby to provide our area with some type of permanent weather records.
 We now think the time has come for the Department of Transport to establish this service here.

Concentrated Power In One Man

By G. E. MONTGOMERY

President Eisenhower is the high esteem, there are some who much-revered leader of a great feel disturbed at the peace his nation. Millions look up to him as heart surgeon produced. a soldier and statesman, and as a The attitude toward the president seems to rise above mere respect to something dangerously However, among the people who the free world who hold the president of the United States in

WE LAUGHED AT THESE

This sign was noticed on a farm in southern Alberta, this autumn: "No Shooting. I want my car." "Pete: "I'm going to get a divorce, my wife won't speak to me for six months." "John: "Better think twice; wives like that are hard to find."

My friend and I were driving through southern Indiana when we came upon a road-repair project. After waiting a few minutes for a bulldozer to get out of the way, we proceeded cautiously. As we leaned out of the window to make sure the car was in the right track, my friend called to a workman standing by: "Am I all right?" He glanced at her and grinned approvingly: "You sure look all right to me."

After hearing someone complain about the difficulty of parallel parking, a lady driver insisted there was nothing to it. "You backed up," she said, "until you ran into the car behind you, then go ahead until you run into the car ahead."

Doctor: "It is my duty to tell you that there is no hope." Sick Guy Writer: "Then who is this fellow I see on television in the movies?"

Father Divine, but in political sense it is a luxury that a nation cannot afford. At the news of the president's illness, politicians began running around in circles. The stock market flattered like a mid-Victorian old maid, and fell into a swoon from which it could be revived only by frequent whiffs of smelling salts in the form of cheerful bulletins from the sick room.

This emotional response showed that a number of the people in the United States—and other countries—were dependent to an unhealthy degree upon one man. One reason for it is a system of government that concentrates enormous power and responsibility in one man's hands. But there is another possible reason. Can it be that this age of innocence has produced a kind of virus retreat toward childhood, so that people look up to a statesman as a strong universal father figure who does all their thinking for them? If this is the case, grown-up children will naturally feel a sense of loss at the withdrawal of that guiding hand.

Circumstances are different in Canada. But we would be wise to fight against the feeling of dependence, and remind ourselves continually that leaders are only human, and can be replaced by others who are equally strong and efficient, if we have the sense to choose them.

ALBERTA SCENE

By KEN MASON

Edmonton: If last week is any indication, the royal investigation into the affairs of the Alberta government will be in progress for several months, and it might be more than a year before a report is presented to the cabinet. The five man commission, headed by Mr. Justice Hugh John Macdonald, opened public hearings in the capital city last week, with a detailed examination of high-way contracts awarded during the past 10 years. At the end of five days of sittings there was still a long way to go.

In fact, the investigation to date has been a slow, plodding affair, totally lacking in the excitement the public was led to expect. The evidence has been weighty and technical, with a great volume of long and involved exhibits setting out details of contracts. However, there is plenty of time left, and there could be fireworks before it is over.

Much of the evidence heard during the week concerned the highways department and the provincial treasury branch, and the official of the department Deputy Minister Alex Frame and Chief Construction Engineer A.M. Paul. testified they knew of no link between the treasury branches and the awarding of highway contracts.

It will be recalled that during the election campaign Liberal Leader J. Harpur Prowse suggested a possible link. He asked if the highways department showed preference in contracts to companies heavily indebted to the treasury branch, in order that the debt could be paid and the branches spared the embarrassment of bad lending.

While any connection has been denied, the commission did receive evidence that some 11 contractors have been indebted to the treasury branch during the past 15 years, and have government road contracts.

There also was evidence that one contracting firm started road work before actually being awarded the contract. Two specific cases were brought to light. Both involved the same contractor, and the contracts were for work on the road from Edmonton to Clyde House, in 1947 and 1948. In each case, the contract was held up on a technicality because the contractor had not yet posted an indemnity bond. Even though the government had accepted the company's bid on the 1947 contract, and negotiated a contract with the firm on the 1948 work, no contract exists legally until the bond is posted. In both cases, legal crushing was started before the contracts were completed. Incidentally, the contractor in question was identified as one of those indebted to the treasury branch.

A. J. Holmes, government counsel, told the commission of his view that the commission would be asked to report on the matter. He said he would be asked to report on the matter. He said he would be asked to report on the matter.

East Carrot Creek News

There was a lovely surprise party the other day when a few of the women called on Mrs. Jack Rogers to honor her on her birthday. A lovely lunch was served. Happy birthday, Mrs. Rogers.

Niton A.T.A. To Get Speaker Out

By Gertrude M. Conn
 The Niton Sub Local A.T.A. met on October 5 at Peers School for their first meeting of the new term. There was one hundred percent attendance and a full slate of officers was elected by ballot. They are as follows: resident, M. Kandruk; Vice-president, H. Kulkarshuk; Secretary, treasurer, Miss E. Olkivik; press correspondent, and Mrs. G. M. Conn.

A brief business session brought to light a long list of problems which the teachers hope to deal with at future meetings. It was decided that a speaker from the Department of Education or from the Faculty of Education be invited soon to address the members on the problem of remedial reading and a committee was chosen to select films suitable to be used at A.T.A. meetings, bearing upon this and other problems.

A vote of thanks was passed to the Salary Negotiations Committee of the Edson School Division for the excellent work they have done on our behalf. A delicious lunch was served by the teachers of Peers School. The next meeting is to be held at Niton School on October 26.

About Nothing . . .

By SHAMUS

I read last week a very nice writeup about the town council, and the money saved by engaging a competent town engineer. Weekly papers are a medium of expressing each and everyone's opinion, and what is one man's opinion does not necessarily mean that that is it. Others have different ideas.

Now take my opinion. I personally do not give a hoot about a man's

had a welding outfit.

And new parts are usually as cheap as paying garages for broken parts to be welded. It is my opinion, that Edson is going to grow big. I do not think that there is a town of its size west of Edmonton that can, like Edson, boast with justifiable pride, of nearly a million dollars construction program in its immediate vicinity.

So it is my idea, that the town start looking around for a Town Manager, who's duties would take a lead off the shoulders of the town secretary, and who would have the say, on what was going to be done, how it was going to be done, and see that it was done.

Not so long ago, we wondered if the price of coffee was going to do nothing else but go up. There was talk of not drinking the vile stuff. (I drink tea). I guess that people did ease up on the purchasing of it, as the price was too high.

Result was that coffee in Brazil was like wheat in Canada. Storage space and even one was happy. Isn't that a bit of a lesson for Canada, if we keep the price high, and all back, while the States get rid of their wheat at a low price (like we sell our storage business).

What is the farmer going to do with the best wheat in the world? It ain't going to feed the farmer just a little in granaries, and the low money countries cannot afford to pay for it, and the Government won't sell only for dollar currency. What do you think?

I hope that the town has definitely stopped trucks using the Ball diamond for a short cut.

A guy will never get to the top, till he gets off his bottom.

The weaker sex is often the stronger sex because of the weakness of the stronger sex for the weaker sex.

TOWN'S AWFUL

I wish I were a farmer. With time to call my own With good fresh air to work in My work would soon be done. I never liked the town life, I like it less each day. I just exist all through the week But live on Saturday.

For Saturday at noon, I catch them us that takes me and

Where I fill my lungs with country air The best without a doubt.

By Sunday after supper, I'm feeling blue and down I have to leave on Monday For another week in town.

I'm going to work and move my way. And maybe in a year I'll have enough to start me out. Then I'll never come back here. Town's AWFUL! —C.R.A.

A guy who takes a short while driving may get a cop for a cheer. Visitor: "Do you have to keep the women inmates separated from the men?"

Attendant: "Sure, the people have ain't as crazy as you think."

"Sodie, what is a gentleman?" "A gentleman," answered Sodie, "is a man you don't know very well."

Models Show Style Fuller, Shorter At Fashion Show

Costs will be fuller and shorter the year according to the styles shown at the fashion show sponsored by Miss Sadie Cumming and an Edmonton furrier in the school auditorium on Wednesday evening.

SEEN ON THE MAIN DRAG

Max Brandly, up from Camrose for the current course of instruction for the Craft Centre, strolling down the main drag and looking up some of this lovely Edson scene.

Mr. Franklin Clarke telling a friend that he and Mrs. Clarke had got the last of their things moved out to their new country home.

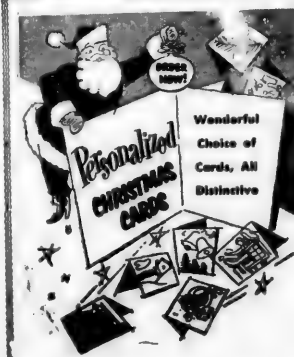

Mrs. Mary Amundsen in town for a few days and saying she's feeling much better, but still gets awfully tired at times, but hopes to be her old self again some day.

The hardtopping program going on at a satisfactory rate now that the weather is co-operating again.

The new F. O. builders going ahead at an increased speed now that they have got in more of the necessary material.

Mrs. Nellie Field saying, "Now you don't want to miss the show on Sunday night. It's going to be a good one."

And Carol Alth trying to wheedle some more of the townsfolk, singing voices into joining the choral group.

A distinctive way to say Merry Christmas to friends and business acquaintances is via personalized greeting cards—with your name engraved or imprinted. Order early.

GREEN ACRES . . .

By R. C. BOCKING, District Agriculturist

VACCINATION BEGINS

On Monday, October 11, Dr. L. Williams of Stony Plain will begin vaccinating the beef calves of this area against Bang's disease. A large number of calves owners of the district have sent in the cards mailed to them in order to start building up herds which will be resistant to this costly and dangerous disease.

There are still many, however, who have not yet decided to take advantage of this program which will safeguard their incomes and the health of their families. This is the last opportunity to have your holder calves from four to eleven months of age protected against this disease.

If you have not sent in your card, do so immediately. If you did not receive a card, write to the District Agriculturist, Edmonton, telling how many calves you wish to have vaccinated, and where your farm is located.

FERTILIZER TRIALS

Several times I have mentioned in this column that in order to farm profitably on these grey wooded soils, fertilizers are essential. Last summer experiments in this district using different rates of fertilizer resulted in yields of grain and clover up to six times greater than the unfertilized crops.

This year, many more fertilizer plots will be set out in the district. Many different types of fertilizers will be used, and everyone will have the opportunity of seeing for themselves just what a difference

THE MOUNTAINS

The mountains grow unnoticed. Their purple figures rise without attempt, chagrin, assistance or applause. In their eternal fame. The sun with broad delight Looks long—and lost—and golden, For fellowship at night.

—Buddy Dickman.

With better grain crops this year, farmers will be knowing more about this fall and winter. But if the greatest returns are to be realized, only good quality bone-type beans can be used.

To help farmers obtain such beans, the Department of Agriculture will buy the best beans possible for the price you can pay and will pay \$12.00 of the cost of the seed. Also, the beans will be shipped to your nearest shipping point free of charge.

If you have never to breed this fall, and are interested in getting better grades for your market hogs, contact this office and I will help you to obtain a top quality bone-type hog at saving as cost to you.

Only a woman could manage to make a man think she is fascinated by his talk about himself and at the same time plan her new spring wardrobe.

A new hat has the same effect upon a woman that three cocktails have upon a man.

Rosevear Social Club Meet

The Rosevear Social and Athletic Association held their monthly meeting at the home of Mr. and Mrs. A. Stuebel last Friday.

After the business of the evening was concluded the members present were served lunch and enjoyed the balance of the evening in plain visiting.

For the winter months the meetings will be held in the home of the various members. This, we hope, will enable members with small children to attend the meetings, as we will need their support and opinions on the numerous undertakings of the club.

GREYHOUND

NEW BROOM SWEEPS CLEAN

By Sally S. Eads

His new game warden uniform made Larry Odehuk look like a model for a clothing store advertisement. Larry felt important. "I understand," he said to the man standing on the courthouse steps, "that Burgess county has not had a real game warden in years."

"What? Oh, yes," a farmer commented, "then Odehuk was a good game warden. Of course, a few hunters got around giving him trouble."

Larry ignored the remark. "By the way, can you tell me where is that Thomas J. Smith, the District Attorney?"

"Out of town," the farmer answered. Larry walked away smiling. He was sure he had impressed these farmers with his importance. All he wanted was the District Attorney to make his acquaintance. He had learned that the D. A. was a big shot. A new man in town is helped by the company he keeps. When he turned off the highway onto a dirt road, he saw fresh car tracks. "Hooters!" he said to himself, and picked up speed.

"I'm trailing a friend," Larry lied to a woman he saw in the yard. "Can you tell me whose car this is?"

"Don't know," the woman replied. "He's gone up into the woods a hunkie."

"There's a big wagon road," the woman pointed, hopefully. "Guess your little roadster can pull it."

The rutted road was rough and Larry drove slowly. Squirrel whizzed around him. He wished for his gun.

Larry had parked his car when he heard a gun boom. He ran down the hill, briars scratching him and bones tearing holes in his new pants. On and on he stumbled, until at last he saw a tall, slender man in a dark-colored hunting coat. He walked up to the stranger and showed his badge. "Hunting, I see," he said. "May I count your squirrel?"

The stranger nodded, and Larry made Larry Odehuk look like a model for a clothing store advertisement. Larry felt important. "I understand," he said to the man standing on the courthouse steps, "that Burgess county has not had a real game warden in years."

"What? Oh, yes," a farmer commented, "then Odehuk was a good game warden. Of course, a few hunters got around giving him trouble."

Council Postpones Action On New Town Fire Hall

Cont. from page 1

His hope being in attendance. Chas. H. Hinton, 1st 1st and 2nd 135, 235.00. It was moved that all tenders be rejected and that construction of proposed building be delayed to be considered by Council in spring of 1956.

Building Permits—It was moved that the following building permits be approved:

S. Stupar, lot 21, block 92, dwelling, alteration, \$1,000; W. P. Mins, lot 2, block 41, dwelling, alteration, 1,000; V. Rintulo, lot 1, block 07, dwelling construction, 7,500; W. Genuwa, lots 22 and 23, 7,500.

Lease Cancelled—It was moved that lease and option held by Edson Hardware & Builders Supplies on lots 31 to 33, block 8, between 2nd Ave. Main and 40th be cancelled and refund of \$970.00 be paid.

Can. Seize Lease—It was moved that lease and option to lots 31 to 33, block 8, be granted to Canadian Seize Limited on the condition that the building permit be cancelled.

Lease and option to lot 11, block 81, be granted to Mr. H. A. Switzer to June 30th, 1956 on payment sum of \$100.00, \$50.00 land sale and \$50.00 to cost of servicing and that building permit No. 611 be approved.

Lease and option to lot 14, block 81, be granted to Mr. Steve Baloch to June 30th, 1956 on payment sum, \$50.00 land sale and \$50.00 to cost servicing, and that building permit No. 611 be approved.

It was moved that Mr. T. H. Seneca's application to purchase East half of lot 5, block 24, be rejected due to great demand for building lots.

EXPIRED LEASES—Expired leases, of date shown, by the following persons were cancelled and that refund of original deposit less 10% and less taxes due be authorized.

Lot 5, block 34, J. W. Madge, lease date August 21st, 1951; lot 16 and half of 16, block 81, H. Fowler, lease date September 7th, 1954; lot 13, block 8, J. Woster, lease date September 18th, 1953.

Fort Construction—It was moved that Mayor and Secretary be authorized to make payment to Fort Construction for September work on receipt of certification from Haddon, Davis and Brown.

Light Service—It was moved that light service be extended to Lambert property on Mr. Lambert's undertaking to supply and erect poles and make prepayment \$200.00 to cost service run and on west end line.

Bud's Walls—Letter from Bud's Super Market with regard to walk in front of store was read and Secretary directed to acknowledge and advise of Town plans.

Gas Line—It was moved that master of proposed route of gas transmission line through the north section of Town be referred to the Utilities Committee for investigation.

Letter from Western Plains Consultants Ltd. (J. E. Flavin) with regard to gas projects was read and Secretary directed to acknowledge and file.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

Letter from P. A. Broun of Northwestern Utilities re: gas and electric franchise was read and referred filed.

C.M.R. Surveys—Letter from Superintendent E. K. House, C.M.R., noting oil company unable to surface application to depot, was read and referred filed.

payment of sum of \$300.00, \$150.00 land sale and \$150.00 to cost servicing, to June 30th, 1956 and that building permits be approved.

LEASE APPROVED

Lease and option to lot 11, block 81, be granted to Mr. H. A. Switzer to June 30th, 1956 on payment sum of \$100.00, \$50.00 land sale and \$50.00 to cost servicing and that building permit No. 611 be approved.

Lease and option to lot 30, block 160, be granted to Mr. Frank W. Dopking to June 30th, 1956 on payment of sum of \$75.00, \$50.00 land sale and \$25.00 to cost servicing and that building permit No. 611 be approved.

Lease and option to lot 30 and 31, block 7, be granted to Mr. H. A. Switzer to June 30th, 1956 on payment sum of \$100.00, \$50.00 land sale and \$50.00 to cost of servicing and that building permit No. 611 be approved.

Lease and option to lot 14, block 81, be granted to Mr. Steve Baloch to June 30th, 1956 on payment sum, \$50.00 land sale and \$50.00 to cost servicing, and that building permit No. 611 be approved.

It was moved that Mr. T. H. Seneca's application to purchase East half of lot 5, block 24, be rejected due to great demand for building lots.

EXPIRED LEASES—Expired leases, of date shown, by the following persons were cancelled and that refund of original deposit less 10% and less taxes due be authorized.

Lot 5, block 34, J. W. Madge, lease date August 21st, 1951; lot 16 and half of 16, block 81, H. Fowler, lease date September 7th, 1954; lot 13, block 8, J. Woster, lease date September 18th, 1953.

Fort Construction—It was moved that Mayor and Secretary be authorized to make payment to Fort Construction for September work on receipt of certification from Haddon, Davis and Brown.

Light Service—It was moved that light service be extended to Lambert property on Mr. Lambert's undertaking to supply and erect poles and make prepayment \$200.00 to cost service run and on west end line.

Well Known Anglican Layman Shows Slides On Canterbury

Those who were fortunate enough to be able to meet and listen to Mr. Burgess Bickerton over the past weekend will not soon forget the experience.

Mr. Bickerton spoke to the people of St. Catherine's at the end of the Bickerton on Sunday morning, to the parishioners of St. David's, Froehlich, after Evening on Sunday night, and on Monday evening gave an illustrated address on Canterbury in St. Paul's Hall.

Tuesday, the friends of Pambian Dauser met at St. Catherine's Church House where they too had an opportunity to meet Mr. Bickerton. Canon Trapp, the

cessan commissioner, was also present.

Old-timers of the district could not be impressed by the very accurate memory which Mr. Bickerton had of this Jasper-Edson district in the days of railroad building, and of so many of the folk prominent in those days. His account of his life since then would most certainly make most interesting reading were he to record it.

He left St. Paul's Mission to return to England and the 1914-18 War. After the war, he returned to Alberta to join the staff of the University at Edmonton. A serious illness and operation forced return to Britain, but not before the board of governors of Hart House at the University of Toronto had insisted on his taking over the wardenship of Hart House.

He remained at Hart House as its first warden for 30 years. During the Second World War, on leave from his duties at Hart House, Mr. Bickerton served in the War Office in London serving at Toronto where he served another two years before retiring to Canterbury. He remains and is proud to be a Canadian citizen.

To say that Mr. Bickerton is retired is to give a very false impression. Hundreds of Canadians and Americans have known his kindness and guidance when they have visited England. He is never weary of showing visitors about Canterbury which he knows as few people can or do know, and

Choral Group Still Needs Recruits

It is still not too late to join the choral group which has been started in Edson with a lecturer coming from the University for the first ten weeks of its existence to give choral leadership and instruction on the problems of choral singing.

The first class was held last Friday evening, with most of the evening spent in getting organized, but with members trying out four songs and rather getting the feel of what the course will be.

About two thirds of each period will be spent in actual singing with a question period ending the evening in which participants can air their own particular problems.

Mr. Green, the lecturer, hopes there will be enough more come out to the classes to make possible this public concert to conclude the series when his instruction is finished the second week in Dec. Last week there were 25 members attended, but it is expected that there will be quite a number more this week with those who were unable to attend the first class not wanting to miss another evening.

If you have been undecided about joining, ask anyone of the ones who were there last week and you will be told how much fun it is going to be. If you think you aren't good enough don't worry a minute longer. None of us are any better, but we're all enjoying getting better. The classes are to be held every Friday evening from 8 to 10 p.m. in the Parish Hall.

Among the visitors at their homes from Edmononton for the holiday were Miss Lillian Macnamara and Alberta Hutton. Mr. and Mrs. Harold Kay and children are spending their annual holidays at their home in Haines and Delta, Alberta.

Miss Margaret McNaughton of Red Deer was a long weekend visitor at her home here. Always is prepared to give them introductions to outstanding people throughout England. He is now studying manuscripts and accounts kept in the Canterbury library since 1180, records which have never been studied since they were stored away hundreds of years ago.

Mr. Bickerton spent his first week in Canada as a guest of the Governor General at the Citadel in Quebec City, and this week prior to coming to Edson with Admiral Winant at San Francisco. After a short stay in Edmonton, where he has a real interest in St. Aidan's House (being responsible for its original foundation), he will go on to Toronto for the month of November.

The influence of this famous little man on thousands of Canadian students cannot possibly be overestimated, and the amazing thing is that he remembers so many of them, where they are, and what they are doing now.

Letter To The Editor

Calgary,

Dear Doug: In reply to your request in your paper for material for your Jubilee Edition, I'm enclosing a couple of anaphoras. The anaphora of the virgin trials was taken at Jasper in 1913 during railroad construction. The snap of the building is the original home of J. H. B. Smith of Wolf Creek. It was also taken in 1913 while it was still under construction. This building was destroyed by fire in 1928.

As you no doubt know, J. H. B. Smith (my father) was World War King in 1920 and was one of the first settlers in the country, arriving in the district in 1907 and taking out a homestead permit in 1910.

I must congratulate you on your newspaper, Doug. You're giving your subscribers a lot of news. I'm looking forward to reading your Jubilee Edition and you are going to make it up in a form please put me on the mailing list.

Yours very truly,
J. R. (Joe) Smith

Visits Old Friends Here

Calgary,

Mrs. W. Peters of Edmonton, a visitor to Edson last week re-seeing acquaintances and talking over old times.

Mrs. Peters was a recent visitor to her homeland of Germany where she visited with relatives in her home city of Koenig. During her visit to the old country she was privileged to be at the wedding of her daughter.

Accompanying their mother were some Bill and Harry and Mr. and Mrs. Karl Lissner. While here they stayed at the A. Sombinsky farm at Wolf Creek.

Mr. and Mrs. George Devidge of Edmononton were long weekend visitors with relatives and friends in Edson.

Local Businessman To Spark Plug Drive For C.N.I.B.

Edson Branch of the Canadian National Institute for the Blind held its organization meeting for the coming Fund Raising Campaign on Friday night, October 7th. It was decided to conduct the drive with a Tag Day the last Saturday of the month, and a general canvass of the town during the two weeks starting October 17th. The drive will end with a show in the Nova Theatre on Sunday night, October 20th.

PERCY W. WELLS

Classes For The New Canadians

Registration for winter classes took place in Edson High School on Wednesday night.

The turnout was poor to the degree that it appears impossible to offer this course unless more are interested.

The committee felt that another attempt should be made, however and decided to meet again on Tuesday, October 18 at 8:00 p.m. in Edson High School.

In addition to those who wish to take the course we invite all who have completed one session the prospect being that a second year course can be offered.

Please pass this on to any you feel may be interested.

Miss Helen Stakich, who is attending McTavish Business College in Edmonton, was a visitor at her home here over the long weekend.

Mr. Bob Milligan and a friend from the city spent the weekend here and in Wolf Creek.

adjustment to their handicap, and live a normal and productive life."

Mr. Wells said:

"Many services, such as home teaching and adjustment training, employment and job placement, residence and recreation and general welfare services are provided by the C.N.I.B. to our blind citizens."

"The C.N.I.B. conducts only one appeal annually throughout Northern Alberta," emphasized Mr. Wells, "and its campaigns are conducted in each district by well known local organizations and individuals."

In Edson district the C.N.I.B. for funds is being conducted by the Edson Branch of the C.N.I.B. commencing October 17th. Please be generous when the canvasser calls at your home or place of business.

If the canvasser misuses you, you may give your donation to any members of the Branch, or mail it direct to C.N.I.B., 12010 Jasper Avenue, Edmonton." Mr. Wells urged, "Help the blind to see the light of self reliance."

Men And Machines Modernize Ma'n Drag

The sidewalk superintendents had a field day this week with the men and machines of Everall Construction putting the finishing touches on the Main Street blacktopping program. The top picture snapped by Leader cameraman Al Thomas

shows the shovel tractor hooked up to the scarifier which mixed the gravel and oil mix.

Bottom picture shows the oil tank which soaked the mix for another pass by the grader. Later in the week a strip laying

machine put down a better than two inch hot mix coating.

Finishing touch was put on with oil and a sand-dust broadcast. After six weeks it seemed strange to see cars parked on the main stem again.

Premier To Speak To Convention

Premier E. C. Manning is to address the annual convention of the Edson Social Credit Constituency Association which is scheduled for Monday, Nov. 7, in the Legion Memorial Centre.

The gathering will commence with a convention starting at

2:00 followed by a banquet at 6:30 p.m. When Mr. Manning will address the gathering.

Our own member, the Hon. Norman Willemse will be in attendance as well, of course.

A cordial invitation is extended to all to come and hear Alberta's Premier who will be

speaking for the second time in Edson.

Tickets are limited and should be obtained as early as possible for the banquet.

Born to Mr. and Mrs. Al McDonald (nee Donna Lindgren) of Stettin, a son, Barry Hugh.

Local Landmarks Moved From 4th

Four houses were moved this week from their locations on 4th Avenue where they have been situated for many years. First to go was the Perkins house which was taken to a new spot on 6th Avenue. Next was the L. Stuper house to a lot on 51st and 8th Avenue. While the W. Gammon and H. A. Sutter houses went to 2nd Avenue West.

The top picture shows the Liska moving trucks just getting the Perkins house out onto 4th Avenue. Mr. Glen Perkins and his mother rode gaily along with the moving house as it trundled all down the road. The bottom shot shows the houses from the alley south of where they stood prepped up ready for moving.

Halloween Dance Planned By Edson Legion

The Edson Branch of the Canadian Legion are holding their annual Masquerade dance on Monday night, October 31. This is a long awaited event with people planning long in advance, as original costumes to wear that will make them the winner of one of the prizes of the evening.

Recently Legion members have been busy laying the new floor in

Drive-In Given To Firemen

To help the Edson Volunteer Fire Department somewhat fund the Fowler Bros. have turned the Glenwood Drive-In over to them for the showing of a special feature attraction "Shogun" starring Sterling Hayden and Yvonne DeCarie, on Friday, October 31.

Being Friday night it will also be "Black Night," which for the uninitiated, means that a whole carload can get in for a dollar.

Following the regular show the next night the Drive-In will close for the season with the Saturday, October 31, program, the Memorial Hall and this is the first opportunity the public will have to try it out. You won't want to miss this evening of fun and entertainment and to make it more fun be sure you attend in costume.

Sunday Show Well Attended

The Sunday evening showing of "Sally and St. Anne" in the Edson Theatre was a well attended program when the theatre was turned over to St. Catherine's W.A. to help with their funds.

The ladies wish to express their thanks to the Fowler Bros. for their generosity and to all those who turned out.

Aren't We All DPs?

We understand that certain quarters in town have been forming up their most disapproving frowns about one of our most or less regular letter writers—our controversial "Shamus" to be exact.

"Shamus" has been rather nifty in picking at certain little things that he thinks are wrong with our town. A bum culvert here and truck crossing the ball diamond there, and doing it in a way that is irritating to the people who serve voluntarily and to those who make their living serving our needs in Edson.

"Shamus" is Gaelic Irish for Jim and he expresses his views the way he sees them and having no vested interests in town doesn't mind where the chips fall. We, meaning this newspaper, don't always agree with what he says or with the way he says it, but...

And this is the big but—he is discussing things that concern us in our town. If we blue penciled his stuff or refused to print it as some of our critics would have us do, we wouldn't be doing the job that a community newspaper should do in its sphere of influence. A newspaper should reflect the things that are going on in its community and especially what the man-in-the-street like "Shamus" is saying.

We have been criticized for allowing our correspondent to imply that perhaps we should hire a Canadian lad from one of our universities instead of hiring a "New Canadian." We reported in our columns at the time the Council hired our engineer that he had been hired for his past background in civil engineering and we congratulated the Council at the time for taking this step.

We still think it one of the smartest moves the Council has made in a long time and we have said so in our editorial columns. He has done a fine job for us this spring and summer and deserves a considerable amount of credit for untold amount of labor and thinking he has given us and many thousands of dollars he has saved us by giving us the benefit of his experience.

We don't think our engineer's friends should be too sensitive about one man's opinion that the job should have gone to "one of our young Canadian university graduates" instead of, as "Shamus" doesn't realize perhaps, benefitting from the experience of an engineer trained in a European country where they are considerably ahead of us in matters of town planning and engineering.

Our "New Canadian" and talented engineer shouldn't be too sensitive about just being new to our country. When you get right down to it we're all DPs except for the North American Indians our ancestors crowded off their wide open spaces and packed into reservations.

One of the worst invasions of "DPs" occurred in the 1830s at the time of the potato famine in Ireland and those new Canadians have done all right.

We say again—Our Town has benefited considerably from the services our engineer has given us and Council conducted a smart piece of business in taking him on. But a person working for any government, especially a municipal one, must be prepared to have "sidewalk superintendents" looking over their shoulder.

WE LAUGHED AT THESE

The big executive exploded at his secretary when she ventured to alter the grammar in one of his letters. "I want my letters typed exactly the way they're dictated, understood!" he roared.

"Yes, sir," she said meekly.

That afternoon she put on his desk the following letter:

"Dear Smythe: The idiot spells it with an 'S'. Thinks it's aristocratic. His old man was a plumber. With regard to your letter of—look it up. Anybody who can read that handwriting deserves a medal. You ask the cost of replacing your parts in the machinery at Town. Our experts figure—hey, Joe, what was the estimate on that Smythe job? Two Thousand? Okay—our experts figure that three thousand dollars is our rock bottom price. The extra thousand dollars is for that damn 'E' he sticks on his name. Trusting to receiving your esteemed order, etc., etc. There, that's done and you better get off my lap before my partner walks in."

A page boy passed through the lounge of the exclusive hotel.

"Young man," remonstrated the manager sternly, "you should know that it is against the rules of this hotel for an employee to whistle while on duty."

"I'm not whistling, sir," replied the boy, "I'm passing somebody's dog."

Pa kept telling Billy he could save himself grief and expense by trading his old jalopy for a good tandem bike.

"But," inquired Billy, "what can a guy do on a tandem bike after he's learned to steer with one hand?"

Prospective Employer: "You say, sir, that you were at your last place for 28 years? Why did you leave?"

Prospective Employee: "I was perished."

Question: "What do they call Ex-Lax in Holland?"

Answer: "Dutch Cleanser."

The tiny fighter wobbled to his knees at the end of the fight and was guided to his stool by his manager. As the seconds worked over him, the manager whispered into his hand his last words.

"Say, Killer, I've just had a whole lot of men—the next time that guy hits you, you hit him right back."

Three theatrical men planned a play. The Englishman wrote the script. The Irishman furnished jokes. The American put up the money.

The play was a flop, despite the beautiful girls in the cast.

Then the partners added a fourth man and the play became a great success. He was a Scotsman and he designed the costumes.

ALBERTA SCENE

By KEN MASON

Edmonton.—The royal commission investigation into Alberta government business was the big news from the capital city again last week.

The commission, headed by Mr. Justice Hugh John Macdonald of the Supreme Court trial division, continued its detailed examination of highway contracts. And while the evidence was still technical and voluminous, there were a number of interesting points brought out.

So far, three top officials of the highways department have testified that they know of no preference being shown in awarding contracting firms by reason of their being indebted to the provincial treasury branches.

Testimony in this regard came from Alex Frame, deputy minister of highways; A. M. Paul, chief construction engineer, and L. H. McManus, chief bridge engineer.

They said they had never been requested either by the treasury branch officials or by ministers of the crown to give preference to contractors who owed money to the treasury branches. Under the terms of reference, the commission is investigating the suggestion made during the June election campaign that the government favored certain firms with big contracts to help them pay off their debts to the treasury branches.

However, the commission has been told of several firms which did borrow from the treasury branches, and their names keep turning up in the evidence—particularly the evidence brought out in cross-examination by J. V. M. Milvine, counsel for the Alberta Liberal Association.

The firm mentioned most frequently to date seems to be the O'Sullivan Construction Co., of Lethbridge, which was heavily involved with the treasury branches around 1947 and 1948. At the same time, the firm was receiving a good share of government contracts.

One interesting bit of information brought out by Mr. Milvine concerned work done in 1947 and 1948 by the O'Sullivan firm on the highway between Edmonton and Meriville.

Incidentally, this is the place of road which has been mentioned most frequently in evidence. O'Sullivan built the road in 1947. His contract was for surfacing only at a cost of \$257,023, but the road wasn't in condition for surfacing and the final cost was \$736,444.

In the following year, 1948, O'Sullivan was given a contract to do repair work on 8.4 miles of same road. Mr. Milvine brought out evidence that gravel used on the repair work far exceeded specifications called for on

the original contract.

The Liberal counsel decried the Government report on the total amount of clay and gravel used for repair work.

Then he took the length of the road—8.4 miles—and the width—35 feet—and suggested the 8.4 miles would give a thickness of 22 inches of clay and 18 inches of gravel. The original specifications called for 18 inches of clay and six inches of gravel.

Mr. Paul was on the witness stand at the time and admitted he would be surprised if that much material actually went into the road, but later he said clay and gravel shrink by as much as 30 per cent when compacted.

The witness also denied Mr. Milvine's suggestion that the Government records of the amount of material hauled for the job could be wrong. The records are checked by two many people for mistakes to occur, he said.

All of this may or may not prove something. Opposing counsel will present their views on the matter when all the evidence on highway contracts is heard. This will be up to the commission to decide.

TIMELY WARNING—A little known section of the Alberta Game Act was invoked in Edmonton last week at the height of the duck season, and it cost a city hunter \$25 and cost. It was the first case of its kind in 25 months.

The hunter pleaded guilty to a charge of wilfully destroying food fit for human consumption. According to the evidence, he had thrown away seven ducks which he had shot earlier.

James Stewart, game officer, told the court he acted on a "tip-off." He went to the man's home and found seven ducks in the garbage barrel. At the time, they were fit for human consumption, he said.

Magistrate Simpson, in imposing the fine, said it is a "terrible thing" for a hunter to shoot ducks and then throw them away.

The man charged under section 11 of the Game Act, which has to do with the game, who has taken or killed any bird or animal suitable for food shall wilfully allow the flesh thereof to be destroyed or spoiled.

Mr. Stewart pointed out that many hunters have been charged but he said there are any number of games and charitable institutions which will be glad to receive game birds any time a hunter shoots more than he can use.

East Carrol Creek Cutoff Opening Postponed To October 26

Jack Rogers has returned home after a good hunting trip. Hope you had good luck.

See Bob Robinson is back in the store after a nice long holiday.

Joe Bentley has rented his farm out and has joined the army. Best of luck to you Joe.

Seen in Edson on Tuesday were Mr. and Mrs. Gordon Suter, Mr. Larry and Mr. Don Suter. We hear Mrs. Ada Suter has gone to B.C. to visit her family.

Sorry to hear that Metro Groyval is in St. John's Hospital and we all wish him a speedy recovery.

We see Albert Novotny has his mail crew gathered up and is saving logs. Those that are helping are Fritz and Hans Karl, Fred Vearin, Otto Kuhn and Emil Novotny.

On Monday William Tucker, Otis Kuhn and Joe Bentley made a business trip to Edmonton. Mr. and Mrs. Murray Beck of

Mon. Gordon Taylor announced last week that the opening of the Whitescourt-Valleyview highway will be delayed one more week as the construction crews have still some work to finish on Loagan Hill before the highway will be completed.

The Mayrthorpe Chamber of Commerce held a meeting on Thursday, October 13th to make plans for the great opening. Anyone planning on attending the opening should see Pat Tryonick, and pick up a ribbon to distinguish themselves from the rest of the world.

Edmonton were weekend visitors with Murray's grandmother, Mrs. M. Beck.

Joe Bentley and Mr. and Mrs. Ray Keys and family were down visiting Kuhn's the other evening.

Wabamun Bride To Live In Edson

MR. AND MRS. R. J. MEWHORT

A wedding of interest to Edson took place in the Wabamun United Church, Wabamun, Alberta, on Saturday, October 15th when Almona Emily Marguerite Upcott became the bride of Robert James Mewhort.

The Rev. W. D. Race, former Edson United Church minister, performed the ceremony that united in marriage the daughter of Mr. and Mrs. Morley Upcott of Wabamun, Alberta, and the son of Mrs. L. M. Mewhort and the late Mr. Mewhort of New Westminster, B. C. For the occasion the church was decorated with baby's breath in shades of yellow and brown. Mrs. W. D. Race played the wedding music with soloist Mrs. K. C. Cardiff, singing "I'll Walk Beside You."

Given in marriage by her father, the bride chose for her trousseau a floor-length gown of white nylon net in strapless style with lace bodice and lace jacket. Her fingertip veil was held in place by a pearl bandeau. The bride carried a white Bible, a gift from her groom, with purple coral and satin streamers attached.

Attending her sister as matron of honor, Mrs. W. H. Smith wore a pale indigo blue, nylon net gown with accordion pleated skirt and lace jacket and matching Mary Queen of Scots hat. Her bouquet was of white carnations, Mrs. Catherine Mewhort, sister of the groom, was bridesmaid, wearing a gown of pale powder blue nylon tulle with matching hat. Her bouquet was of pink carnations.

Bestman was Mr. William H. Smith, brother-in-law of the bride. Mr. Robert Upcott, brother of the bride, ushered the guests to their seats.

For the occasion of her daughter's wedding, Mrs. Upcott wore

Following the ceremony a reception to sixty five guests was held at the home of the bride's parents where a buffet luncheon was served. Rev. Race proposed the toast to the bride which was responded to by the groom.

The young couple left the following day for a honeymoon trip to Nanaimo and Vancouver, B.C. and Seattle, Washington. The travelling bride donned a knitted suit topped by a light green tweed coat with purple orchid corsage and accessories in beige shade.

MORE PROFIT IN EGGS

Eggs become a major conversation piece among consumers when the prices are high and among the producers when the prices are low. The price of eggs fluctuates from season to season and from year to year probably more than any other farm product.

There are therefore two main fields in which the individual egg producer can gain maximum profits on his poultry flock. Firstly, he can "ride the poultry cycle" on a seasonal basis by preparing early layers in order to sell on the early market when the supply is low; and on the latterly basis by studying provincial poultry population he can see whether egg production is likely to be above average for the coming year.

Secondly the individual egg producer can increase his poultry profits by lowering his production costs. Egg production per hen has the greatest effect on poultry costs. A hen producing eggs at the rate of 125 eggs a year produces them at a cost of 30¢ a dozen. A hen producing eggs at the rate of more than 150 a year does so at 28¢ a dozen. In a year 150-year hen will have a producer \$2.50 in production costs.

The size of flock is another important profit feature. Farms with over 500 hens could produce eggs at 10¢ a dozen cheaper than those carrying less than 500 hens. Those with 3 - 500 birds could produce eggs at 10¢ a dozen cheaper.

than those with less than 500 hens.

These then are the two main items to remember in lowering egg production costs: (1) high production per hen, and (2) larger than average sized flock. The two go hand in hand. A large flock with low production will not give the operator a large overall profit.

FOR A COLOURFUL SPRING

October is bulb planting time. Choose good sized bulbs of a named variety. The large ones denote vigor and thrifty named varieties insure uniformity of growth, height and flowering appearance.

Spacing and depth of planting are also important. The bulbs should be placed a distance equal to twice the diameter of the bulb apart. This provides space for growth and with the larger bulbs it allows room for setting out bedding plants when the show of early bloom is over.

Depth varies with the bulb, 4-6 inches for tulips, 6 inches for hyacinths, 10-12 inches for daffodils and narcissus, and 3 to 3½ inches for crocus.

After frost-up it is a good idea to mulch with 4 to 6 inches of clean straw or leaves. This will prevent heaving of the ground from alternate freezing and thawing, and consequently bulb damage. The mulch should not be moved until all danger of severe frost is over.

Care in selection and planting of bulbs will mean a beautiful show of color next spring.

Yellowhead Trip Takes 12 Hours

Ken Crawford, formerly of Mountain Park, and a friend left Kamloops at 12:30 Sunday morning and arrived in Edson at 12:30 Sunday noon, making the trip through the Yellowhead route in exactly 12 hours.

The two chaps are here for some hunting and fishing in their favorite haunts.

Niton 4-H Talk Over 2-Day Tour

By BETTY DUNSTON
The Niton Central 4-H Clothing Club held their third meeting at the Niton Central School on Friday, October 7.

It was a very good attendance and, two new members were added to our club, making a total of 23 members.

The main purpose of this meeting was to arrange our two-day tour. It was decided that we take the Niton Central 4-H Grain Club on the tour and will share expenses.

On Friday, October 22nd, the initiation will be held for the last year members.

October 23rd is the date of our next meeting.

MR. AND MRS. ALFRED CARTER

St. Catherine's Anglican Church was the scene of a wedding of wide interest recently when on October 8th, Gertrude Louise Kuebach, daughter of Mrs. Johanna Kuebach of Haddock be-

came the bride of Alfred Carter, son of Mrs. Catherine Carter of Edson.

The Rev. G. Robinson performed the ceremony in a church decorated for the occasion with gladioli. Tommy Wilson played wedding music.

The bride, who was given in marriage by her uncle, Mr. Wolfgang Fallbacher, was radiant in a gown of trimmed, tiered net over a white satin with matching lace-trimmed net veil, held in place by a pearl tiara headband. The sequin-trimmed bodice was modified by a lace bolero. She carried a bouquet of red roses and pink carnations.

The bridal attendants were Misses Mary Benkema and Helen Sushnick who wore matching gowns of blue lace and net with full ruffled skirt and lace bolero. They carried bouquets of pink and white carnations.

Groomsmen were Gerald Carter, brother of the groom and Arthur Petersen. Ushering the guests were Jim Ross and Alec Sokolowski. For her daughter's wedding Mrs. Kuebach chose a gown of black nylon lace over pink satin with velvet trim and black accessories accented with rhinestones. Her carriage was an American Beauty rose. The groom's mother wore a wine dress with black and white accessories and carriage of yellow tea roses.

For the reception, which was held in the Commodore banquet room for 80 guests, the bride's table was centred by a four tiered cake flanked on either side by a vase of gladioli. Toast to the

Carrot Creek W.I. Plan Amateur Night

The October meeting of the Carrot Creek Women's Institute was held at the home of Mrs. Frank Moravitz with a very good attendance.

Arrangements were completed for the Harvest Supper which is to be held in the Carrot Creek Hall on Sunday, October 23. Supper will be served from 5 to 9 p.m. Everybody is welcome.

The refund of \$5.00 from the Provincial Conference for the Constituency Convenes standing was voted to the Constituency Convenes account.

Plans regarding the sponsoring of an Amateur Night was discussed and details will be announced in November.

The hostess prize was won by bride was proposed to the bride by Mr. Les Rals and responded to by the groom.

Leaving the next day for a honeymoon trip to southern Alberta the bride donned a grey suit with red accents.

The young couple are making their home in Glenwood. The group is employed here with the CNR.

Mrs. Gordon Butler. One member paid birthday money. A delicious lunch was served by the hostess. The next meeting will be held of Mrs. Joe Morris. Visitors are on November 8th at the home always welcome.

TO HOLD ANNUAL ACHIEVEMENT DAY

The McLeod Valley Grain Club will hold their Achievement Day November 1st at 2:00 p.m. in the Fulham School.

LIFE HAS A PURPOSE

"I want to LIVE." Everyone wants to live. All round us we see signs of man's outward endeavour to live. See the shops, offices, factories, farms, etc. What are they for? They are places where men make a "living." Go along a city street. What is that large building? It is a hospital—the place where people go when they are ill. Why do they go there? Because they want to get better. Why? Because they want to live! We see that people have a purpose in living—they want to live. When they are ill, they want to get better. Why? Because they want to live. But why live? There must be some purpose other than just living. In fact, everything exists for a purpose. We may not see the purpose, but that does not take from the fact that there must be a purpose.

Think a moment. Which are the most important—things, animals, or human beings? Of course, human beings! Read the first chapter of your Bible and especially verses 29 and 30. The man who wrote Genesis realized a great truth, namely, that Adam and Eve (the first humans) were the most important of all God's creation. But why did God create them? Why did He create human beings? Why did He create you and me? What is the good of you, of me?

If we ask such questions as "What are you for?" "What is the good of you?" we eventually get the answer that one exists to work. But why work? In order to live! But why live? Is only answered by "We live in order to work." So it all become a monotonous circle with no purpose, and man would be taken away from it through here.

drink or pleasure—they try to forget themselves.

Most people want to live, but few have a vision of the great and glorious purpose in living. They "muddle through" their lives somehow, and then go out "into the dark."

Jesus Christ, through His Holy Church, has taught the purpose of life down through the ages. I exist to know God, to love God, and to serve God here in this world, and to live forever with Him in Heaven.

No normal person ever set out to be bad. You want to be good (not "good"). You desire to be good because God created you for Himself. You exist for God who is Good. God created you to be His friend. You have within you the instinct to be good. YOU exist to know God, to love God, and to serve God here in this world, and to live forever with Him in Heaven.

Irene Parent Married At Hinton

MR. AND MRS. R. L. JEFFREY
—Photo by Bookers

A wedding of interest to the Hinton district took place on Monday, October 10, at 10:00 a.m. at Hinton when Miss Irene Parent became the bride of Mr. Robert Lee Jeffrey.

The church was decorated with roses when Rev. Father Malone performed the ceremony which united in marriage the daughter of Mr. and Mrs. Ray Parent of Hinton and the son of Mr. and Mrs. J. M. Jeffrey of Pierceland, Saskatchewan.

The bride, who was given in marriage by her father, was lovely

in a floor length gown of white lace over net with round scalloped neckline and accented by a panel in the skirt front. Her net veil was held in place by a tiara headband and the neckline of her gown was set off by a five strand pearl necklace. Her bouquet was of pink and white roses with lily-of-the-valley.

Bridesmaids were Miss Louise Bayard wearing a gown of pastel blue crepe with headband of nylon net, and Miss Lorraine Polver wearing pastel yellow net with matching net headband. Both attendants carried bouquets of carnations and asters.

Mr. Raymond Parent of Hinton was best man and Mr. Norman Parent of Hinton ushered the guests.

Mrs. Parent chose a green crepe dress with matching accessories and carriage of carnations for her daughter's wedding.

Later a reception was held at the home of the bride's parents which was attended by fifty guests. Rev. Father Malone proposed the toast to the bride which was responded to by Mr. Edson Parent.

Leaving for a honeymoon trip to the Park the bride donned a blue suit with black accessories. Upon their return the young couple are making their home in Hinton.

Robb News

Congratulations to Mr. and Mrs. Doug Robb on the birth of a son on October 14, in Merced Hospital. A brother for Donale.

Several young lads in the camp had a hair-raising experience one evening last week, when they met a bear on the road near the old hall building. Nice footwork boys.

Mr. and Mrs. Hodge and family have moved into the house formerly occupied by the Kenny Dean family.

Sorry to hear little Ty Usher is ill, a patient in the Merced Hospital. Danny Reid is also ill and has been confined to bed for several days. Hurry and get well, boys.

Federal Building Starting To Fill In

We thought we had better get this shot by our ace cameraman, Al Thomas, in the paper before the contractors get all the face blocks set in place this week. The new Federal Building is fast being blocked in from the weather and it will soon be an inside finishing job from now on.

ALL ABOARD

W. G. MORTIMER

New evidence has come to me. "Doesn't it scare you to smoke that there is still some spirit of 'with all those fumes around'?" I adventure and independence left asked. "Oh no," he said casually. "You have to die some time." I follow I know started pulling certainly admire your courage." a cigarette while he filled the gas I said, throwing him the money tank of my car at a neighborhood and stamping on the accelerator. And I continued to admire his pump.

course, from about a half a mile away. That sort of bravery is like an old painting. You have to stand back before you can enjoy it. The other day I dropped in to see some friends who had a new TV set. Instead of sitting stiffly in chairs, we all reclined on the floor. It was informal and cozy. In fact, we couldn't have sat anywhere else. My friends were just starting their home. They had no furniture—except a stove, a bed and a TV set.

As long as we have people who are ready to thumb their noses at convention, and start out with a few necessities like a stove, a bed and a TV set, there is hope for the world.

Further encouraging news came to me from Seattle, Washington, a city I visited on my travels recently.

I went to Seattle too, where my little boy was fascinated by the antics of Bobo, a young gorilla who used to be someone's family pet until he took to smashing furniture, and his owners regretfully sent him up for life in a glass cage.

When we arrived, Bobo was putting on an act for the crowd. He flung himself playfully against the glass and beat his chest. Then he accepted a bottle of milk from his keeper.

We said goodbye to Bobo and drove to Sel Due Hot Springs, hours away. There I met the wife of a Seattle policeman who told me that Seattle voters had been told

States Hunter Having Time Of His Life

Jim Babola of Lussac who has been outfitting and hunting north of Edson was in Hinton this week with his hunter, Willard V. Jourd, of Oklahoma City.

The visiting animal has ut-

in a plebiscite to decide two questions among others: Did they want to spend money to build new quarters for Bobo; and did they want to raise police wages.

The voters said "no" to both questions, but the gorilla got more votes than the policemen. Their preference showed an original turn of mind. And originally, I suppose, is badly needed these days.

Seattle cops still feel hurt that the people thought more of a gorilla than of them. I sympathize with both sides. Policemen are more useful to society, but on the other hand, a gorilla is more entertaining.

My little son agrees. I'm sure, since he returned, he has been bumping against windows, beating his chest, and announcing that he is a "big monkey," but he hasn't made any attempt so far to act like a policeman.

cars and he was drinking milk after local dairymen Orton Hey got out of bed to oblige him. They have been having a very good hunt so far and are now going after the big grizzly which has been seen around Carlson's Camp.

Jim figures to have him within a few days and by the measurement of his tracks he will be pretty close to a record. Bill Jourd says he had never had such a good time in his life in spite of his ulcers.

Mr. Chas. Field, Mr. Blair Sten and Mr. and Mrs. Al Heath spent the weekend duck hunting in the famous district. They didn't return empty handed, but weren't able to bag any grouse so will have to be satisfied with a duck dinner.

50 Phone Board Installed By Govt. Telephones

Hinton—The Department of Telephones installed a fifty phone board in Hinton Hotel this week to help ease the traffic bottleneck which has resulted in the telephone system since the pulp got into the construction stage. Our ever obliging telephone operator has been doing a wonderful job with the limited equipment she has had to work with.

The answer to bottleneck is new and better equipment, though.

Coal Branch Road 36 Foot

Hinton—The road that H. Andler is building across from Hinton to the Coal Branch will be an all weather road 36 feet, top of gravel.

The construction crew have been making very good headway with the fall weather we have been having.

The road will come out on the present Coal Branch highway at about Wagner's camp.

Chief Inspector Congratulates Town On System

The Town of Edson has received a very fine tribute to the efficiency of its electrical distribution system from the Chief Electrical Inspector for Alberta who has just completed his annual inspection.

The inspector's branch of the Department of Industries and Labor paid particular tribute to Mr. Ken Rouns for his part in bringing the distribution system up to its present high standard.

Right after the war the inspection department were very concerned with the state of the distribution system and urged the Council at that time to do something about bringing the system up to date.

The Council hired Mr. Rouns and now the report is rated as "of a high standard and in excellent condition" in the words of the inspector.

Delegation To Interview Miners

Messrs J. A. Dutton and G. Ferguson of the Department of Economic Affairs were in Coal Valley this week to help with the re-establishment of the miners affected by the recent closing of the mine there.

The officials are working under the terms of the committee set up for the rehabilitation of the unemployed miners for which the Provincial Government set up a special \$100,000 fund.

Mr. Dutton is well known on the Coal Branch where he worked at the mining trade for many years.

Minerals Needed

The human body requires about 14 minerals for its general maintenance. These are supplied in the daily diet. Of the 14, the most important are calcium, which aids in making bones and teeth and is essential to the regular beating of the heart and clotting of blood.

Milk and cheese are the chief sources of calcium. Phosphorus is also necessary to the formation of bones and teeth and is found in milk products, egg yolk, fish and cereals. Iron forms the haemoglobin in the blood cells and helps to prevent anaemia and is obtained from liver, kidney, heart,

egg yolk, dried fruits and whole grain cereal. The sources of iodine are salt water, fish cod liver oil and iodized salt. This mineral prevents simple goitre.

Council Orders Another Survey On Late Shopping

Edson Town Council decided to put the matter of the one-night shopping a week petition over until a further circular had been signed by all businesses in town at their regular meeting on Tuesday, October 18.

With this end in view, Mr. W. York went around with a ready-made petition, one for, and one against the idea. Results of the survey will be considered by Council at their next meeting.

Present were Mayor Burleigh and Councillors Kortman, Mahon, McIntyre and Nigro.

Mr. W. Evansoff addressed Council asking for extension of power line east of 8th Avenue to his property outside the Town and was advised that an estimate of cost would be made.

Eina Sewing License: Mr. Ray Lewis addressed Council on behalf Eina Sewing Centre, Edmonon, applying for license to sell from door to door. It was moved that license be granted to Edmonon Eina-Sewing Centre for canvas sales within the Town of Edson for one week, (October 19 to 23 inclusive) on payment of fee of (cont on page 11)

Street Dance To Officially Open Main

The Kinette and Kinamen clubs of Edson are planning to sponsor a street dance in front of the new federal building to celebrate the opening of Edson's newly paved Main Street.

A tentative date of Friday evening, November 4, has been set but this may be moved up to Wednesday, Nov. 2, if plans made by the Council materialize and an official ribbon cutting ceremony is sponsored by the city fathers.

It was thought that some sort of celebration should be held to commemorate the big step taken in Our Town with the completion of the black-topping and if the weather holds fine it should be a wonderful night.

Further publicity will be broadcast through the medium of Mahon Electric P.A. system on the day whether it is Wed. or Fri. of next week.

Shamus Says It's A Shame But Does Not Agree

We hear from "Shamus" again this week in his well-timed weekly capsule to the Edsonites. Shamus thinks it's a shame about us editors, but he still can't agree with what we say. It would be a dull world if everyone agreed with what everyone else thinks. Shamus never will and if you want to know what he thinks this week turn inside.

Edson To Have Dial Phones Within 2 Years

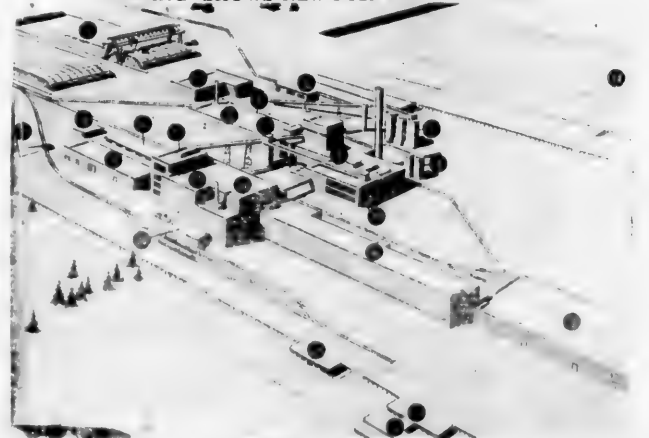

According to information from the Hon. Norman Willmore, M.L.A. for Edson, the local telephone system should be converted to dial phones in the next couple of years. The situation has been drastic with the Edson telephone staff for some time, with the rapid expansion in the number of phones installed in this area.

Our telephone girls have been doing a heroic job in coping with six switchboards, but the nearly 600 phones now installed can not be handled efficiently with the old switchboard method without confusion.

Mr. Willmore has released the following statement with the consent of the Hon. Gordon Taylor, Minister of Telephones: "In connection with dial telephone service at Edson, may I advise this has been approved, but it will take two or three years to complete the program. Consequently, it will probably be late in 1957 or early in 1958 before the Edson program will be complete. I am sure this will be welcome news for your people in Edson."

Mr. Willmore will officiate at the conversion to dial ceremonies in Jasper Saturday of this week.

DRAWING SHOWS NEW PULP MILL BUILDINGS

This perspective drawing is of the new bleached sulphate pulp mill being constructed at Hinton by North Western Pulp & Power Ltd. which is scheduled to be completed in the spring of 1957 and will have a capacity of 150 thousand tons. Various parts of the mill are indicated on the photo as follows: 1, wood storage; 2, wood room; 3, filer; 4, lime kiln; 5, reconstituting & water treatment and filter plant; 7, chip silo; 8, salt cake storage; 9, recovery; 10, power generator; 11, warehouse; 12, main office; 13, storage tank; 14, bleaching; 15, digester; 16, raw materials; 17, repair shop and truck garage; 18, engine room; 19, main office; Which Townsite?

Thoughtful people in and around Hinton have been trying to puzzle out what is now going to happen with the announcement that the government is going to town plan an additional townsite at the Hinton Hamlet location.

Free enterprise is represented, on the one hand by the Athabasca Valley Development Corporation at the newly town planned Hinton townsite, and on the other, by the individual smaller free entrepreneurs who want to get going in the old location.

The Government has gained some experience in its venture into model communities, its latest was Drayton Valley, which mushroomed up over night and required Provincial help in its early planning.

Last week the Leader was given to understand that a provincial representative had been in the district making tentative offers for property in and around the Hamlet. The Timothy Eaton property and that owned by Fred Hanson were those involved.

As far as we are able to find out, the offer was only tentative and was subject to approval by higher authority in the Provincial Government.

The property, if and when it is bought by the Provincial Government, would then be sub-divided into lots for commercial and residential building under the direction of the town planning department.

The interesting question now becomes—will private enterprise as represented by the Athabasca Valley Development company be able to move faster than the Provincial Government in getting lots cleared and serviced with utilities?

The many people looking to Hinton and the tremendous pulp mill development will be more than interested spectators—they will be vitally concerned.

The starting gun has gone, let action begin!

Letters To The Editor

Mr.: Their keeping me posted on events in your area.
 Just a tardy note to say how glad I was to have had an opportunity to visit with you during my recent Alberta trip. I hope that I can spend more time on my next trip.
 ☆ ☆

Dear Sir:—
 "The Pulpy Side" seems to have something of a fixation on the subject of pulp mills and smelt. The equipment in modern pulp and paper mills has reduced orders to an almost vanishing point. These mills do provide a terrific economic and social value to the wide area around the communities in which they operate.
 In the issue of the "Hinton Herald," October 26th, front page, this columnist strays far from fact when he reports that the Hinton mill may supply pulp which will be printed from. As you know, the Hinton mill will manufacture bleached sulphate pulp, which is most definitely not the type of pulp used in the manufacture of newspaper.
 I am now getting the "Edson Leader" and the "Hinton Herald" regularly and look forward to

their keeping me posted on events in your area.
 Cordially yours,
 St. Regis Paper Company,
 Samuel Shiao,
 Public Relations

 According to news reports, which we hear from different parts of Alberta, it seems that we are to have the usual four or five-way race in the forthcoming by-election.
 I would like to make a few remarks about what support splinter parties has done for us in this part of Canada.
 From the point of view of population, Alberta is Canada's fourth largest province. Our position in the total national production is hard to assess but our tremendous agricultural production is well known. Industrially, our importance is growing swiftly.
 In view of this it is interesting to note that out of the thirty-four cabinet members and parliamentary assistants, Alberta has exactly one cabinet member.
 By contrast, the Province of

WE LAUGHED AT THESE

A young businessman returns home all tired out from a hard day at the office, and found his two children rubbing muddy or browned faces.
 "What's that?" he asked them both a smiling and sent them off to bed as soon as they had eaten supper.
 "The next morning he found this note pinned to his bedroom door:
 "Go to your children and they will be glad to see you. Yours truly, Dad."

No man is so foolish but he may sometimes give another good counsel, and no man so wise that he may not easily err if he takes no other counsel than his own.

Nova Scotia, seventh in population, can boast a cabinet member and 3 parliamentary assistants. Manitoba, third among the grain growing provinces, has 1 cabinet member and 1 parliamentary assistant.

Only the Province of Saskatchewan has shored up its doubtful distinction of having just one member to speak for her when cabinet decisions must be taken. Two members out of thirty-four to represent these two provinces!

Here in the West we have any number of federations, boards and committees, but the only one to speak for her when cabinet decisions must be taken. Two members out of thirty-four to represent these two provinces!

Here in the West we have any number of federations, boards and committees, but the only one to speak for her when cabinet decisions must be taken. Two members out of thirty-four to represent these two provinces!

THE ALBERTA SCENE

By KEN MASON

Edmonton: A great deal may depend on the answer to a legal question raised last week before the royal commission investigating charges of maladministration against the Alberta government.

The question was: Should the commission investigate loans granted by the provincial treasury branches to companies in which members of the legislature are shareholders or directors? At the time of writing, members of the five-member commission had not arrived at an answer.

J. V. H. Milvain, counsel for the Alberta Liberal Association, was the one who raised the question. He was cross-examining E. Olive, superintendent of treasury branches, and asked for five years regarding loans to companies in which M.L.A.'s have financial interest.

J. Helman, of Calgary counsel for the government, jumped quickly to his feet and objected to the question. He cited a clause in the commission's terms of reference which he said placed the question beyond the power of the commission.

The terms of reference call for an investigation concerning the general procedure followed by the treasury branches in granting loans, and in particular granting loans to M.L.A.'s. The section added, however, that to protect the interests of treasury branch customers in general, "no investigation shall be made into loans made to or other dealings with the treasury branches by any other person."

Mr. Helman pointed out that under the Alberta Interpretation Act, a corporation is in the same category as a "person."

It will be recalled that the question of treasury branch dealings by members of the legislature was what brought on the June 29 general election. J. Harper Brown, Liberal leader, suggested in the legislature that members who deal with the treasury branches in effect have financial contracts with the government, and this is probably held under the Legislative Assembly Act. A brief period of formal followed, championed by Premier Manning calling the snap election.

Mr. Helman said the terms of reference obviously were intended to prevent treasury branch companies other than M.L.A.'s from having their accounts displayed in public. Any companies investigated would have a number of shareholders, and he felt the terms of reference prevented any investigation of them.

James Mahaffy, of Calgary, commission counsel, agreed with Mr. Helman. If the investigation were widened to include dealings by companies, he said, it would involve many persons and corporations other than M.L.A.'s.

Mr. Milvain, too anxious to let this one get away from him, said the commission would be "nothing but a sham" if it excluded members who deal with the treasury branches by "hiding behind the facade of a corporation."

The Liberal counsel pointed out that the summer session of the legislature passed a bill preventing M.L.A.'s borrowing from the treasury branches. In the case of a member being managing director or major shareholder in a company dealing with treasury branches, he said, the member would be doing indirectly what he can't do directly.

Mr. Milvain said a search of the provincial companies branch registers would reveal companies in which M.L.A.'s are directors or major shareholders. There might be cases, he said, of companies which are owned solely by an M.L.A. and one other shareholder.

He mentioned Canada West Insurance Co. and Riverbend Oil as two companies in which M.L.A.'s have an interest, but he didn't identify the members. He argued that the facts of each case would be relevant, and should be heard by the commission.

Mr. Justice Hugh John Macdonald, commission chairman, adjourned the hearing about two hours early on Friday of last week to consider the question. A decision wasn't expected until Tuesday of this week, when the commission will be back from a visit to Calgary. In Calgary, the commissioners were to visit land purchased by the government for jail sites and liquor stores, in preparation for another phase of the investigation.

The decision on Mr. Milvain's question was being awaited anxiously, and could have a significant effect on the outcome of the investigation.

Two Texans were wandering down a street in New York, out of window shopping, when they came upon a fancy Cadillac place where two flashy coachmen were on display. They took one look and headed for the front door. The first one reached for his wallet.

"We, no," insisted his buddy, "let me get this. You paid for lunch."

Junior went Christmas shopping with his mother and just couldn't wait to tell daddy all about the trip. "We went to a big store," he related, "where there were lots of people and toys and I stood in line and got to see Santa Claus."

"That's fine, son, and what did he have to say?"

"He told me to keep moving."

About Nothing . . .

By SHAMUS

Many years ago a very young man left his native village of Pughwash, Nova Scotia. I wonder why he left his native soil as soon as he was old enough to go to work for himself a ticket to Boston U.S.A.? My bet is that he figured that if he stayed home and went fishing he would never be worth anything but a fisherman so he went to the States. Is he a D.P.?

He must be, as apparently all those who have left their native land and made their home in

another, are classified today as D.P.'s (I hate that classification). However, this Canadian, who left his native land to seek his fortune in another, still never forgot his native village of Pughwash.

Having made his fortune in the States, he always cherished an affection for Nova Scotia. He returned and built himself a summer castle in his little village of Pughwash, which was quite a thing for a man that owned a couple of trust companies and a steel mill or two. Whenever he returned to his native village, the lady he used to know when none of 'em had shoes, he still knew 'em, although he had 30 pairs of shoes and three Cadillac's, and those that stayed home were lucky if they had a Sunday suit and a dented Ford.

That man, dear reader, is Cyrus T. Eaton, who besides owning trust companies and steel mills, also owns a couple of the finest herds of Shorthorn cattle on this

Mrs. Zella Nowlett has returned home after a long stay with her father who has been very sick but is coming along fine.
 Mrs. L. J. Kiehlbauch has gone to Barrhead to visit her daughter Mrs. John Manchester and family. Mrs. E. P. Oswald from Lodi, California, was up visiting her brothers, the Kiehlbauchs and their families.

Emil Kuhn, Mr. and Mrs. Robert Dickson and family from Mayerthorpe were visiting Emil's brother Otto.

See Henry Novotny from Vancouver is visiting his brothers Al, hemisphire, one in Nova Scotia, and one in the States, and to think that because he left his native Canada, he is a D.P. Boy, that sure chokes me off.

It seems that in a small town one should not state his opinion or register his belief, or use his democratic right of putting up a big sign when he has something to holler about, such as sidewalks, culverts and trucks running over the hot oil, because it is so small the best discommod was made as such by volunteers doing a lot of volunteer work with shovels and rakes, hushes and for nothing.

Did anyone notice any one of those truck drivers that mowed it up, rubbing with shovels to get it back into shape again?
 It is too bad in a progressive town, that if an article is published in the newspaper, the publisher is the goat, but he does not lose the respect of the voters, and he can do a lot when the time comes.

It should be remembered, that sometimes those that do the hollering, through previous training, know where to look to find something to holler about. Some railroaders in Edson have a trade, and one in particular I know followed the construction game down East before he came West. He worked for several years with the engineering department for the park in Jasper, and is a stone mason.

Yep, "Shamus" is Irish Gaelic for Jim, and as every one does not agree with "One Man's Viewpoint" by Stan Ross on the radio, why should they agree with the statements that "One of the worst invasions of D.P.'s came in the 1800's, at the time of the potato famine in Ireland."

Those boys are not displaced persons, they, like Cyrus T. Eaton thought they could do better in another land and a lot of 'em did, but I wonder if they were "New Canadians" of Upper or Lower Canada at the time.

Missing is something that brings two people so close together that they can't see each other's faults. (Ed. Dr. Irving Post).

Shamus
 P.S. The above are the views of Shamus and the Leader does not mean to half of what he says and don't believe the other half.

port, Emil, Billy and Frank.
 Hear Mr. and Mrs. Gordon Stiller have gone to El Moroguel's camp where she is going to cook.
 Congratulations to Mr. and Mrs. Al McDonald (nee Deane) (Lad-gren) on the birth of a son.
 Mrs. Faust and children spent the weekend in Edson.
 Your reporter would like to check this marriage. Joe Bentley has hired a married couple to look after his farm. I had said last week he rented his farm out.

Evening W.A. Holds First Bridge Night
 The Evening Branch of the W.A. held the first of monthly bridge and whist parties in the Parish Hall on Tuesday evening of this week. Winners for the evening were:

Bridge: Ladies first, Mrs. T. Chapman; ladies consolation, Mrs. Wynne; mens consolation, H. Matthews; gents consolation, Mr. Edwards.
 Ladies first, Mrs. Langham; ladies consolation, V. McCarty; gents first, Mr. Winchester; gents consolation, Mr. D. Buck.
 The time for the next month's card party will be announced at a later date.

Yates District News Items

Something seems to have happened to Yates. From week to week there is little news to report. However we have not entirely died out and I will try to give a summary of the numbers events.

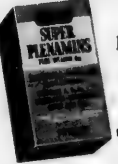

Of interest to many was the arrival in our district of three new citizens, namely: Phyllis Lorne Frith on June 16; Helen Jean Shand on September 29th; and Daniel Roy Mellersh on October 1st.

Congratulations on the birth of a new pair of grandsons to Mr. and Mrs. Nels Carlson, on the arrival of baby Sharon Orest on Pine Grove. Congratulations are also extended to the happy parents.

Cupid has been busy again and we offer congratulations to Mr. Art Vretholm, Jr. and his fiancée whose marriage takes place this week at Lloydminster.

New pupils on the school bus this term are Ruth Gardiner and Andy Shand.

There have been quite a number of visitors to the district during the summer.

Mr. and Mrs. Walter Martin of Vancouver, and wife of Mr. Lloyd Brown spent a few days at the Lynda home.

Mr. and Mrs. Gordon Campbell, Linda and Johnny, from Edmonton, spent a couple of week-ends at the Shand home.

The first time they were accompanied by Mrs. Shand's youngest sister, Mrs. Mary Simon, her husband and three children of Vancouver. On their last trip out they had with them their oldest daughter, Betty.

The Tom Ridding family were frequent visitors at the Fousheim farm during the holidays.

Mr. and Mrs. Jack Frith and Mrs. Lloyd Brown has been helping to thresh at Drouka.

Mr. Nels Carlson is now working at Hinton.

Mrs. Bill Elliot of Vancouver, spent a three week vacation with her mother, Mrs. F. A. Frith, during September.

Patsy Campbell was a guest of her cousin, Shirley Vretholm for a few days.

Miss Alvina Hammel of Vancouver, enjoyed a short visit with her aunt and uncle, Mr. and Mrs. Alfred Hoecherl.

FORMER EDSON GIRL VISITS
Mr. and Mrs. John Murphy and their son, Brian and Darrell, spent a weekend in September at the R. C. Frith home. Mrs. Murphy, the former Thelma Moore, who grew up in Edson, had not been back since leaving for New Westminster just after the start of World War 2. She thought Edson had changed considerably. While here Mrs. Murphy was able to visit with all her cousins still living here and also a few school pals who continue to live in the town.

Mr. Larry Mellersh is busy trying to get his new house snow-proof before winter sets in.

The Keth Fousheim's are trying to do the same thing with the addition to their home.

Threshing in the district was completed last week, after a few breaks for bad weather. Wheat yields were mostly good. Oats were fair to poor due in part to hail damage.

LETTERS FROM HILDUR
We have received a number of letters from Mrs. Herman Dube who is now living with her family at Clinton, B.C. Hildur finds people friendly but is a bit homesick and says the mosquitoes out there are more numerous and just as hungry as any found in Yates.

POSTCARDS FROM EUROPE
There have been frequent post cards from Mr. and Mrs. C. E. Bilson who left for England in July. In August they visited Norway, the guests of Mr. and Mrs. Andrew Fousheim. The last news received from them came from Paris and Lourdes, France.

Miss Marge Teigen is teaching again at Sprexva Plains.

Miss Katherine Frith is in Vancouver.

F.U.A. Jubilee Day Set For November 16

The date for the Union's big membership drive, F.U.A. Jubilee Day, has been set for Wednesday, November 16. Following this announcement the Union anticipates that the final plans for the one day membership drive will be put into effect by all District districts.

It is urged that all locals of the Union be prepared to carry their responsibilities in the one day drive, if we are to maintain a unit of farm front and to achieve the Union's objective which is "Partly for Agriculture," says F.U.A. Co-ordinator, W. C. Logan.

Director and their family, who this year are in charge of the organization and equipment of local personnel to carry out the membership drive in all surrounding districts.

Due to various reasons there have been no club meetings during the summer. It is hoped that we can have a meeting in Nov. Andy Shand entertained a few friends at a birthday party on Sunday, October 18.

Mr. Lloyd Brown has been helping to thresh at Drouka.

Mr. Nels Carlson is now working at Hinton.

Mrs. Bill Elliot of Vancouver, spent a three week vacation with her mother, Mrs. F. A. Frith, during September.

Patsy Campbell was a guest of her cousin, Shirley Vretholm for a few days.

Final Results of Junior Fishing Derby Released

By IVOR POSTER

The Junior Fish and Game Association have finished another summer which would have been a complete success. Unfortunately due to faults of our own the Fishing Derby wasn't quite the success we hoped it would be. Since we got the entry blanks out quite late we missed the best part of the fishing season.

Although there were entries for most classes, we were quite surprised to find there were none at all in the Jackfish class or Northern Pike. There were no entries for Lake Trout and none for Eastern Brook Trout.

We were actually wondering what the situation is for Eastern Brook are around here so we decided to find out through the use of the contest and we saw a pretty dim future for this species around here unless something is done about it.

The winners in the fishing derby were:

Rainbow Trout: caught by Gilbert Switzer, August 10th, Edson River. Size 18 1/2 inches long, 2 pounds 13 1/2 ounces.

Dolly Varden: caught by Al

MRS. J. L. SMITH
And her prize winning fish

Station, August 14th, Hay River. Size 28 one-sixth inches, 7 pounds 7 ounces.

Rocky Mountain Whitefish: Mrs. J. L. Smith, Wolf Creek, September 5th, Athabasca River. Size 37 inches, 2 pounds 14 ounces.

Arctic Grayling: caught by Ivor Poster June 22, Sucker Creek. Size 19 1/2 inches, 1 pound 14 ounces.

Walleyed Pike: R. H. Lundgren, Viking, Alberta, June 9th, January Creek. Size 27 1/2 inches, 6 pounds 2 ounces.

Rainbow: Peter Syrod, July 24, Pedley Dam. Size 21 1/4 inches, 4 pounds 8 ounces.

German Brown Trout: Ivor Poster, June 26th, C.N.R. Dam, 15 inches, 2 pounds 15 ounces.

A special prize will be awarded to Johnny Mockley for his 8 pound 2 ounce Daily Varden caught in the Hay River on August 19th.

Winners living close to Edson will receive their prizes at the Edson Leader Office.

The Junior Fish and Game Association wishes all you sportsmen a good hunting season and remember that your gun is not a toy and that it can kill. Be sure of what you shoot and you will have a very successful season.

Ever Bake A Cake In A Frypan?

Once again the Northern Electric Company are leading us their demonstrator for a day to help us show the ladies of Edson some of the latest ideas in automatic electrical living.

We are not talking about high-priced electrical appliances, but rather the smaller table items which are within the reach of everyone, and I am quite sure that Mrs. Fletcher will have some ideas that will be of interest to everyone.

There is a door prize for some lucky lady, and we would very much like to see you either between 2 and 4 p.m., Monday, October 31st, or between 7:30 and 9:00 p.m. in the evening. Coffee will be served.

Beast of Eden
Adapted from the best seller by John Steinbeck filmed in Cinemascope this is life in northern California in 1917, when the U.S. was about to enter World War I. Its principal characters are the family headed by Raymond Massey and his two sons, James Dean and Richard Dreyfuss, and their trials and tribulations, joys and sorrows. Here is a mighty motion picture, a slice of life in the raw, undistortedly told. In Cinemascope and Technicolor.

FRIDAY - SATURDAY
Robert RYAN - Julia Adams - Buck HUTTON in

Horizons West
Technicolor

Some people grow wiser; others just grow older.
A mechanic can take material worth \$3.00 and make an article

worth \$50. That is skill.
God can take a worthless, sinful life, put His spirit in it, and make it a blessing to humanity. That is salvation.

The reward of a thing well done is to have done it.

An article can take a fifty cent piece of canvas, paint a picture on it, and make it worth \$1,000. That is art.

Canvass For The Blind

The end of this week will see the completion of 1960 Canadian National Institute for the Blind Campaign for funds in the Edson area.

On Saturday of this week a tag will be held in conjunction with the drive and on Sunday a concluding rally of all supporters will be held in the Town Theatre the film "Out Of The Past" will be shown.

Everyone is cordially invited to attend this showing of a first class film, and the local branch of the C.N.I.B. extend a particular welcome to out of town people to attend. Residents at Edson have been quick to lend their support to the District Campaign and would be particularly welcome.

Saturday of this week the Edson C.N.I.B. Organization has volunteered the services of its members for the purpose of carrying out the tag day. At this time the canvass will be completed and residents will have another opportunity to assist an outstanding organization, the C.N.I.B. Purpose of the whole drive, of course, is to assist in what we might call a partial victory over blindness. We mean that those people who are blind are shown how to live with their disability comfortably, to be able to accept its obvious limitations without resentment, while at the same time being able to meet day to day problems in as natural and normal way as possible.

Not all blind people can overcome their disability fully. There are differences in age, intelligence, education and background which all have a bearing on the degree of adjustment possible. It is true to say, however, that the road has been made smoother for every blind person because of the progress made and the greater public understanding created by the C.N.I.B. over the years. It is a story of success, not so much of an organization but of the people.

Just One More Time

By DOT. PACELLI CALIP
My old back aches, my feet are sore.
But M.C.'s says, "Just one more time."
"We need a couple down the line."
"All right let's go, just one more time."
"Honor your partner, the rest of the set."
"Selling," he says, so swing me, Pat.
"Chain across and down the line. Swing your own just one more time."
Oh, "Allende left, around you go."
Come on Boys, now don't be slow! "Remember just one more time, Red hot, white hot, De-pose-ee."
(Sings that's my foot, you know)
Well, come on dear, Don't lag behind!
Around you go, "Just one more time."

In 1633 in gratitude for the salvation of a plague, the peasants living at Oberammergau in Bavaria took a vow to perform a passion play every 10th year. In it they depicted the passion of Christ from Palm Sunday to Easter. They had their performance in a large open-air theatre, with all actors living in the village. The leading parts were usually hereditary in certain families.
The Passion Play has been translated from Europe to the United States, to the Black Hills district of South Dakota. Under the guidance and supervision of Josef Meier it has carried on the traditions of many generations, and in reverence, beauty and drama.

fact for a time he was not himself. Do you remember what he did when "he came to himself"? He returned to his Father (i.e. God). This often happens. But one in the mountains can so often bring other tragedy to his life (and the lives of others), by living sinfully, by playing the game. Stop and think. For God's sake as well as your own seek to carry out the glorious purposes for which you exist. That purpose is: To know God, To love God, and to serve God in this world, and live forever with Him in Heaven.

Watch the people you pass on the street. Usually, the young have bright happy faces, whether or not they are fulfilling the purpose of their creation. But time tells the real story. Look at the people of the next generation. Do you see many contented faces? Now look at some of the older faces. What a pleasure to see a face with a kindly smile, a face filled with peace and contentment.

This is nothing that money or amusement (the modern false gods) can bring. True contentment comes from knowing that that is, being his friend, fulfilling life's purpose. This you can do whether you are rich or poor. There is no other way of really being happy.

St. Augustine, who knew what it was to "play the game", lived sinfully wrong. "Thus, O God, he made us for Thyself, and we are restless till we find our rest in Thee."

What talent you have. The world would be slightly different if no birds sang except those that sang best.

Seven Fined For Possession Of Deer Meat

Seven local lumber workers appeared before Magistrate J. Thompson in police court in Edson on Monday, October 24, charged with illegal possession of deer.

All the defendants pleaded guilty and were fined \$100 each and costs each. They were given 30 days in which to pay the fine and costs or to go to prison for three months in Port Saskatchewan.

Court was told that a search of the lumber camp where the defendants were employed, by game officers, turned up the flesh of four deer, some of which were female and fawns.

Their firearms and the deer meat were ordered confiscated to the Crown.

Mr. and Mrs. Ernie Jeffery enjoyed a visit over the weekend from son Pete, who is working out of Jasper on the Railway.

Mr. and Mrs. Perkins are at home again after a summer spent at Port Arthur and South Lake, Ontario, where Ken was employed.

Miss Myra Wilson was home at the weekend from Edmonton where she is working for the Coast Underwriters.

Hours Art and Tio Clarendon are away taking in a bit of duck hunting east of Edmonton.

Mr. and Mrs. Jim Cameron and family are back making their home in Edson for a while. Jim is a dispatcher on the CNR and has been moved back here from Kamloops.

EDSON CRAFT CENTRE TO EXHIBIT WORK

A small exhibition of craft work recently displayed in the Edson Public Library indicated the items above. This exhibition was sponsored by the Cultural Activities Branch in conjunction with the Public Library to show what craft groups are doing and to promote public interest in these centres.

The Edson Centre and others are presently gathering articles together to be sent to the Canadian Handicrafts Guild's annual exhibition and sale of handicrafts which is to be held in Convocation Hall, University of Alberta on November 4 and 5.

The exhibition will be opened on Friday, Nov. 4, at 3:00 p.m. with tea being served and will be open in the evening as well as the next afternoon.

Work is going ahead on improvements to the building by some of the men in the club and a work party has been organized for Monday night. Take your shovels, fellows. They're going to clean the sidewalk out of the rink in preparation for a sand and gravel base. Coffee and doughnuts will be served to those who help.

Evening draws will be the same as usual, with the men curling Monday, Wednesday and Friday and the women having the ice on Tuesday and Thursday evenings. However in addition to this it was decided to have Monday evening and Sunday afternoon draws for mixed rinks as a regular weekend feature.

CURLING CLUB ELECTS NEW SLATE OF OFFICERS

There was a fair turnout and with the idea of starting on a great deal of enthusiasm at the curling club meeting which was held Tuesday evening in the club rooms.

In the absence of President Sandy MacLean, Vice-president Ed Hunter chaired the meeting that saw numerous items of business settled for the start of a new season of curling. After the minutes of the last meeting were read and approved the financial statement was read to show a better start to the season than has been shown in some years.

Election of officers took place with the seven strand executive being made up of: President, Ed Hunter; Vice-president, Tommy Burgess; Secretary, Mrs. Shirley Martin; Treasurer, Mrs. Shirley Town and Director, Mrs. Nellie Field. Mrs. Marie Robinson and Mr. Joe Kutyk.

After a lengthy discussion it was moved that the dues for the season be raised to \$14 for men, \$7 for women or \$30 for a husband and wife. Rovers will pay the regular fee.

Due to there being no organized bowling this year, it was felt the rink will likely be a much busier place than in previous years, so it was decided the High School students would be approached

Well, Mary, I figure using fertilizer gave us an extra \$5,800 this year.

That's wonderful, John. Mrs. Smith told me fertilizer bought them a new car.

*Every year more and more Canadian farmers are using fertilizer—and benefiting from the extra profits resulting from increased yields. Through the use of fertilizer you, too, can profit from these advantages—bigger yields, higher grades, greater resistance to disease and an earlier harvest. See your Elephant Brand agent—ask him about the right fertilizer for your farm!

3611, 3612, 3613, 3614, 3615, 3616, 3617, 3618, 3619, 3620, 3621, 3622, 3623, 3624, 3625, 3626, 3627, 3628, 3629, 3630, 3631, 3632, 3633, 3634, 3635, 3636, 3637, 3638, 3639, 3640, 3641, 3642, 3643, 3644, 3645, 3646, 3647, 3648, 3649, 3650, 3651, 3652, 3653, 3654, 3655, 3656, 3657, 3658, 3659, 3660, 3661, 3662, 3663, 3664, 3665, 3666, 3667, 3668, 3669, 3670, 3671, 3672, 3673, 3674, 3675, 3676

Little Girl And Biggest Cheese

Buy-Rite proprietor Art Leonard went all out last week and advertised that they had "The Biggest Cheese in Town," and compared to little Miss Collins made the 68 1/2 pound cheese look mighty big. Special demonstrator Mrs. Alice S. Eagle had Collins try some and the little miss declared the cheese was both mild and tasty.

B. of T. To Have Discussion On Town Affairs

The next regular meeting of the Board of Trade is to be featured by a talk followed by a discussion on town affairs and problems facing the Council and the ratepayers at this time. The meeting has been postponed from October 26 because of conflicting interests and has been planned for some time to provide a sounding board for a public forum on problems that affect Our Town.

Pulp Mill

Cont. from page 1
25,000,000 gallons of water daily. A pumping station is under construction on the Athabasca site. Work has begun on laying the track required for spur lines which will connect with the main line of the Canadian National Railways at Hinton.

Operational cruising in preparation for next year's timber cutting, is now under way on the 3,000 square miles of timberlands on which the company has a long-term timber grant from Alberta. In addition, 3,000 square miles of timber land have been granted to the company as a reserve. These 6,000 square miles of timber lands are sufficient to support a pulp mill with an ultimate capacity of 35,000 tons annually. Cutting is expected to commence some time next fall with 175,000 cords to be cut then and 300,000 cords to be cut the following year.

When completed, the present mill will employ about 500 people. In addition, employment for approximately 1,200 more persons will be provided in the woodlands operations.

Using lodgepole pine and white spruce, the mill will have the world's largest installation of the new Kamyr continuous cooking process and the first such installation in North America. This process makes it possible to control closely the variables in the cooking process and thus insure more uniform pulp.

In order to provide the whitest and brightest possible bleached pulp, two-stage chlorine dioxide bleaching will be provided in the six-stage bleach plant. The 450-ton Dominion-Minton drying machine will be totally enclosed and comprise 60 dryers, probably the greatest number ever built into one unit. The dry end of the machine will be completed with automatic baling and weighing machinery to pack the sheets of pulp into 400-pound bales.

St. Regis will handle the sale and distribution of Alberta Brite Kraft, which is the trademark for this kraft pulp. From its offices in the United States and Canada.

Consulting engineers for the project are H. A. Simmons, Ltd., of Vancouver B.C.

Edson Locals

Mrs. Ted Worton and children visited relatives at Bon Accord last week.

Mr. A. Kileup is again in an Edmonton hospital where he is undergoing a minor operation.

Miss Shirley Forsythe who has been attending school in Edmonton has returned to Edson to continue her studies here.

Mr. and Mrs. Jim McNaughton and family were Edmonton visitors this week.

Mrs. Wm. Kuzyk and daughters have returned from Jasper where they were visiting with Mrs. Kuzyk's sister and brother-in-law, Mr. and Mrs. Mervin LeMotte and their family.

Thanks

The Edson Fire Department would like to say a big "Thank You" to the Fowler Brothers for their donation of the facilities of the Glenwood Drive in last Friday evening. The entire proceeds of the show were turned over to the Firemen's Benevolent Fund and are very much appreciated by that organization.

Board Awards Tender To Mahon Electric

Mahon Electric of Edson were low tender on the bid for installation of fixtures and wiring in the existing Mahon school when the tenders were opened at the regular meeting of the board of Edson School Division No. 12 on October 13. Mahon Electric's bid was for \$7,488.00.

Other tenders were from Maxwell's Electric, Edson, 1,543.41; Koebel Plumbing and Heating, Edson, 1,600.00; Cassette's Electric, Bonnyville, 1,785.00.

Present for the meeting were Messrs A. C. Gough, W. Williamson, J. H. Lawton, R. G. Haddock, R. C. Firth, trustees; Superintendent J. H. Finlay and Secretary-Treasurer D. E. Blundell.

The board interviewed representatives of Peole Construction Limited, Telford Construction Ltd., Associated Engineering Services, and Mr. D. McCulloch, architect. Matters discussed were the Burnaby sewage project and the program of the buildings presently under construction.

It was moved that the following applicants be accepted for the various positions designated: Mr. A. Glen, Const. on page 8

Premier Coming Monday Night

Politically conscious people in Edson and District are looking forward to the speaking visit of Premier E. C. Manning who will be addressing a post-luncheon audience in the Legion Memorial Centre on Monday, November 7.

The occasion of the Premier's visit is the annual Edson Social Credit Association Convention to be held in the afternoon followed by the banquet at 6:30.

Banquet tickets should be purchased early from members of the association. Arrangements are also being made to welcome those who do not wish to attend the banquet, but want to hear Mr. Manning's address.

No Street Dance

The Kinross-Kinross committee in charge of the street dance to celebrate the 50th anniversary of the founding of its black-top and various reports it has been postponed due to the heavy snow this week.

School Bus Driver Makes Tough Decision

School Bus Driver Tammy Chapman, with a load of children watched a truck loaded with crows ten feet four inches wide coming at him over the centre line on the highway near Otter.

There was a 12 foot bank on Tammy's right so he crawled over to within three inches of the edge of the road and the overhanging crows struck his bus a glancing blow.

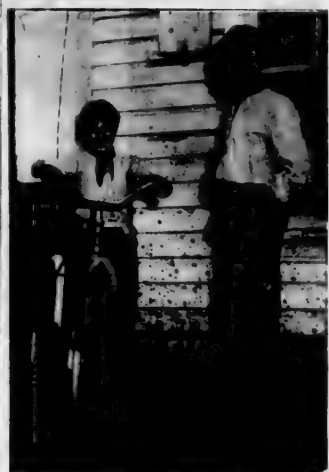

Some of the pupils were injured and Mr. Chapman delivered them to the school before reporting to the RCMP here.

A chase after the truck by local RCMP here located the truck at Otter where the driver was severely injured.

Mr. Chapman has declined to lay charges, but has asked us to point out the moral to truckers on the implications of the incident.

Saturday, November 5th in Peppy Day. Buy a Peppy from the girls who will be selling them on the streets in Edson. Remember them!

BUYS BIKE WITH BINGO PRIZE

Little Edith McMullan is shown with the gleaming new bicycle she got with the \$105.00 jackpot money and \$21.00 besides she won of the Legion bingo a couple of Saturdays ago. Her big brother looks on admiringly as the Leader's photographer snapped their picture.

H & S Hear Talk On Health And See Pasturization Film

The regular monthly meeting of the Edson Home and School Association was held in the High School Auditorium on Wednesday, November 23, and a good attendance is hoped for.

A lengthy discussion was held on the subject of membership fees and was finally settled at \$1.50 per member or family.

The subject of insurance was again discussed and tabled for further investigation as to rates and coverage.

The meeting was then turned over to Mr. A. W. Leonard of the program committee who introduced Mr. Stuart of the Provincial Department of Health. Mr. Stuart complimented the gathering on the way in which the meeting was conducted. He stated that it was good to see so many people taking part in the matters at hand and not leaving all the remarks to a few, which indicated a good interest in what is going on.

Mr. M. D. Mende then showed a film on milk pasteurization. This was followed by a short address by Mr. Stuart.

At the conclusion of the film Mr. Stuart's address a lunch was served by one of the groups of room mothers and was enjoyed by all.

It was decided that the next meeting will be held in the High School Auditorium on Wednesday, November 30, and a good attendance is hoped for.

Farmers' Union To Meet In Peers Hall

To spearhead the F.U.A. Jubilee Day membership drive which is coming soon, the Farmers' Union of Alberta will hold a public meeting in the Peers Hall on Saturday, November 12 at 2:30 in the afternoon.

All farmers who are anxious to better their position in the economic problem of the Western farmer are asked to attend this meeting. Problems to be discussed will include: what can be done about the greater production; can an over growing surplus be taken to be produced; are farmers entitled to parity and how can it be worked out.

Mr. Charles Bealey, of Churchill will be the speaker and promises to have something new and startling to tell his audience. The F.U.A. urges the informed attend this meeting of farmers and other citizens interested in the welfare of Alberta.

About Nothing . . .

By SHAMUS

Good Mills a Fable to you Shamus. It makes Shamus feel good to be noticed by the opposition. Well, James, why spit hairs on how it is spelled. Baloney is baloney no matter how thin you slice it, but it should be spelled baloney. It is still baloney to me. Ne, if you spelled it "Seamus" you would have to put an accent over the "E" and that would make it sound like an "E". Remember "Red Shamus" who went to France, of course you know who he is. No Seamus, your

suppositions are not correct I have told you many times before, that I come from Staffordshire and London, but I would be proud to come from London if I did not come from Staffordshire.

You know James, it doesn't matter where a man comes from, it's the man that counts. However, when I go to live this winter to visit my relatives, I will find out the proper correct way to spell Shamus.

The letters D. P. seem to bother me this week. I don't know why the immigrants in Edson did not bombard the Editor with letters of protest, but did you hear of such freak luck that set one immigrant on the road to fortune.

I read of a refugee from the Russian revolution in Paris who was making a pretty nice living playing cards. One night in 1901, with five bucks in his pocket, he went to a gambling club and played it all down in one bet on the "Chemin de fer" table, as he stepped back to make room for other players, a local smart guy who he knew and disliked, tried on his feet.

FRIDAY, NOV. 11 — Remembrance the Remembrance Day events, all in the Memorial Hall. The Memorial Service at 10:45, the banquet at 8:30 and the ball dance starting at 10:00 in the evening.

MONDAY, NOV. 14 — Regular meeting of the O.R.P.

Of course, our refugee got mad, and out to the alley he went and squared off. They batted each other around for some time till the spectators broke it up and then our boy returned to the club to find it in one heck of a hushabout, the five bucks he left on the table had rode through eleven straight wins, doubling each time, and the staff was trying to find out who owned all those on the table, ten thousand bucks.

Other better remembered and vouched for the refugee, he took his winnings and bought steamship passage to the States. There he started to teach those Americans how to play bridge. Yep, that was Elv Culbertson, you guessed it, he's a D. P. . . .

I see that they are going to have a dance to open Main Street, I thought that they were going to have a golf course, but they filled in the hole.

A soft answer turneth away wrath, . . . a hard answer cutteth short a telephone conversation. Shamus

Every man who is high up likes to think that he has done it all himself, and the wife smiles and lets it go at that.
Sir James M. Barrie.

SHOEMENDER'S SECRET

By Garry Montgomery

I SAID to my friend, Paul Delmont: "You have a very pretty wife."
He smiled. "Ever hear how I came to get her?" When I shook a negative head that brought forth his story, I'll let him talk it.
One cold late winter afternoon I walked into a basement shoemaker's store on Main Street, he said an elderly and somewhat stooped repairman was working over a shoe on an iron "foot."
"It's a heavenly cold outside—mind if I wait in here a few moments?" The man nodded.
I walked to the front window (my friend told me, and looked out and up, through this window one had to look up, and one could see the bottom extremity of legs of men and women going by.
I stood there for some minutes and suddenly found the old, stooped shoemaker joining me. "Looking for someone?" he asked. I nodded.
"You want a lot," he said. "And you are a pretty great deal."
I admitted, surprised. "Why, yes."
"I'd say you were a salesman, only that your hands are not that of a salesman," the old shoemaker said. "The middle finger of your right hand has a callous. Offhand, newspaperman—using a pencil all day long."
The shoemaker started me with his accurate descriptions. He talked again: "You see, one in my profession learns to observe, especially about shoes."
"Speaking of watching," I told him. "I have been watching her whenever a slim, wonderful young woman who may be down on her hands and knees in this neighborhood."
"Your intentions?" asked the shoemaker, suspiciously.
"I make no hesitation in replying, 'Marriage!' I've fallen in love with her."
A heavenly fellow went by, with

brewery leg muscles. "He's a wee little," the shoemaker said. In the next few minutes he guessed the occupation of the man and woman who tapped him at his basement shop.
How long we stood there, I don't exactly recall. But suddenly the old man said: "Up there, I suspect, to your girl friend."
I looked, saw two trim ankles, and bounded from the shop.
When I returned to the basement shop, the girl was with me, my arm linked into hers.
She was the sweetest thing; black hair, sparkling dark eyes, petite; I'd met her a couple of times, watched her when she had jobs done, had been properly introduced once. How her eyes shone. And I guess mine were on fire too.
We walked in and the old shoemaker looked up.
"We came back," I said, "because you were kind enough to let me wait here a little while. I want to introduce you to Sam, who will be my future wife."
The shoemaker left his machine and came forward and even his old eyes searched. He seemed happy because we were.
"Well," I asked him, "how did you know that this was the girl I was searching for?"
The old man grinned slyly. "You must notice things more minutely, my boy. If you are a newspaperman, notice her feet—her shoes. They are unusually small shoes, aren't they? Notice above the toes. They're broken signs of the true toe dancer."
"The old guy was clever," I wondered what I could do to thank him, for he had been not in need of repair, or even of a shoe.
"You're being wonderful to me," I said, lamely.
Then Rose spoke. "Please, no, dear," she said. "I'm not leaving my hand, 'till she says so, or my father!"

Ladies Tie For First Prize
Mrs. Grace Taylor and Mrs. Kay Dickson both won top places when the Ladies Auxiliary held their monthly whist party last Friday evening.
However they had to be a delicate winner as the ladies decided to cut the deck and lady luck pointed her finger at Mrs. Taylor. Ladies consolation was won by Mrs. Taylor Sr.
Guests first was won by Mr. W. Lilly and guests consolation by Mr. M. E. Fowler.
Educate a boy and you educate an individual; educate a girl and you educate a family.
—John Crumpton Hardy.

CARD OF THANKS
We wish to express our heartfelt thanks and appreciation for the acts of kindness, spiritual offerings, messages of sympathy and beautiful floral tributes received from our friends and relatives during our recent bereavement in the loss of our dear husband and father. Special thanks to Rev. Robinson, Mrs. Robinson, Dr. Ross and Dr. Lee.
The Hummel Family.

Remembrance Service In Legion Memorial Centre

As usual each year, the Edson Branch of the Canadian Legion are sponsoring their Remembrance Service in the Edson Legion Memorial Centre to which the public are cordially invited.
The service will commence at 10:45 a.m. with singing from the Edson churches taking part in the service.
Following the social evening a Remembrance dance will be held in the Legion Centre which is expected to draw its usual large crowd.
Ex-service men and women and Ladies Auxiliary will assemble outside the club door at 10:30 a.m. for the morning service. Berets and medals will be worn.

Local Boys Open Store In Hinton

The two Franks—Frank Resch on the left and Frank Levin on the right—who last week opened the doors of their new meat and food store Fresco Market, at Hinton, to an enthusiastic bunch of patrons with coffee and doughnuts.

Frank Resch has been and still is, with Home Food Market here in Edson, while Frank Levin has been travelling for Canada Packers in this area.

Curling Rink Will

If the work parties continue at the curling rink as enthusiastically in the near future as they have this week and the weather stays as Christmasy as it is now, the many curlers in Edson will soon have the building, echoing with the welcome cry of "Sweep, Sweep."

With the energetic president, Ed Hunter, and his right hand man, Tommy Burgess, scaring up willing workers, and the entire new executive setting a good example, the work parties, number-

Soon Be In Shape

ing from a dozen to twenty and more, have been working afternoon and evenings and have got the old sawdust base removed and by the time we go to press will likely have at least a part of the new sand and gravel base in and leveled.

At least part of the plywood has arrived for sheathing up the club rooms and the walls of the rink, after which the walls will be insulated to prevent so much good ice being ruined by the sun against the south wall of the rink. The

new line will be laid against the walls have been sheathed as well.

Some of the women members are busy in the meantime, cleaning up the clubroom and kitchen and making sure there is coffee and doughnuts waiting for the men when the evening's work is done.

Four of our local curlers have arrived for sheathing up the club rooms and the walls of the rink, after which the walls will be insulated to prevent so much good ice being ruined by the sun against the south wall of the rink. The

Trail News

Noticed Don and Betty have a bout got their house finished. We see Mr. and Mrs. E. Barham have moved away again. Paul Weiser was a Hinton visitor on Tuesday.

Bar on Tuesday.

Ray and Alf Weiser were home from Hinton over the weekend. The boys are busy building a dam there for Switzer and Company.

Wed In Morning Ceremony

MR. AND MRS. JOSEPH KUTYN

—Photo by Grant

The Sacred Heart Church, Edson, was the scene of a lovely wedding on Saturday, Oct. 12, when Gerald Eileen Coak, daughter of Mr. and Mrs. Wm. T. Coak of Edson, became the bride of Joseph Kutyn, son of Mr. and Mrs. Nicholas Kutyn, also of Edson.

Rev. Father Malone performed the ceremony in a setting of brown, yellow and white. Mrs. George Thibodeau played the wedding music and Mrs. Karl Waldeen was maid.

Given in marriage by her father, the bride wore a white tulle and tulle cocktail length gown of net over satin with lace inserts in the skirt. Her lace jacket buttoned from waist to stand-up collar and a white corsage of pearls and aqua unadorned collar and featured lily-petal sleeves.

Her waist length veil was held in place by a tiara which was set off by pearl earrings, a gift of the groom. She wore white brocade shoes and carried a bouquet of American Beauty roses.

The bride's attendants were, her sister, Miss Lynn Coak and the Misses Margaret Butts and Helen Smilanech who wore gowns of net over satin, the skirt being caught up with tiny matching roses and featuring bolero jackets in shades of yellow blue and coral respectively. They were matching host dresses and carried bouquets of carnations. Little Patricia Valesline, niece of the groom was flower girl. She wore a dress of yellow nylon accented with white lace and a white bouquet.

Groomsmen were Messrs. Roy Bowman, Art Peterson and Stan Davidge all of Edson and guests were ushered to their places by Mr. Wynn Lesch and Mr. Sandy Tran.

For the wedding Mrs. Coak wore a white tulle and tulle cocktail length gown of net over satin with lace inserts in the skirt. Her lace jacket buttoned from waist to stand-up collar and a white corsage of pearls and aqua unadorned collar and featured lily-petal sleeves.

Her waist length veil was held in place by a tiara which was set off by pearl earrings, a gift of the groom. She wore white brocade shoes and carried a bouquet of American Beauty roses.

She wore a dress of yellow nylon accented with white lace and a white bouquet.

Groomsmen were Messrs. Roy Bowman, Art Peterson and Stan Davidge all of Edson and guests were ushered to their places by Mr. Wynn Lesch and Mr. Sandy Tran.

Purple Hold Past R.L. Night

A regular meeting of O.O.R.P. Lodge No. 81 took place Monday night, taking the form of the annual Past Honored Royal Ladies Night.

Special guests were P.H.L. Louise Sutherland and Past Secretary Lady Dorothy Williams from Edmonton who visited their home lodge on this special occasion.

A very enjoyable evening was spent by all and a delicious lunch was served by the committee. During lunch time each Honored Royal Lady and special guest was presented with a lovely gift.

The young couple are making their home in Edson where the groom is employed.

Out-of-town guests at the wedding included: Mr. and Mrs. Wm. Coak Sr., Vancouver, Mr. and Mrs. George Sutherland of Lloydminster, Mrs. Henry Wirth, and Mrs. Ruby Horton and daughter Myrna of Calgary; Mr. and Mrs. S. Horvick, Mundare; Mr. and Mrs. E. Standif, Mike Kutyn, Mrs. Valesline, Mr. and Mrs. F. Hooley, Mrs. Helen Kutyn, Mr. and Mrs. Wm. Salmon, and Mr. and Mrs. A. Courtier, all of Edmonton.

From the enthusiasm displayed this should be an active year for the N.C.S.U.

The N.C.S.U. Central Students' Union held a meeting on Thursday, October 10, to hear campaign for the new executive.

All the speeches were very well given and the following day the election saw Lucy Miller elected as president for the year; Verna Horvick, Mundare; Mr. and Mrs. E. Standif, Mike Kutyn, Mrs. Valesline, secretary, and Ed Hall, treasurer.

From the enthusiasm displayed this should be an active year for the N.C.S.U.

WAR

Would you like to participate in a war? If you do you don't have to go to Korea now. You don't even have to go to Germany. You may take part in one without going out of Edson.

There is no question about it there is a war going on right here in Edson.

A shooting war is a shocking thing and getting worse from year to year.

However the war in Edson is only a trade war and that's fun. Make no mistake about it we will meet any price on any item quoted by anyone. Many of our commodities are lower than those quoted elsewhere and in some things so much lower that it is shocking.

We never did, however, and we do not now believe in any 50-50 night without of generosity looking for a short period of time under some fancy name so we will let these new prices stand and let them go on, and on and on.

FOR SALE BY YENDER

ESTATE OF FRANK E. COFFEY, DECEASED

The Public Trustee offers for sale by tender:

South west quarter of section twenty-five (25) township fifty-seven (57), range nine (9), west of the fifth meridian, in the Province of Alberta, as shown upon a map or plan of survey of the said township signed at Ottawa on the third day of June A.D. 1909. Containing one hundred and fifty-eight (158) acres more or less, reserving unto Her Majesty all mines and minerals. Improvements consist of approximately one hundred and four (104) acres under cultivation, two granaries and fencing. Sealed bids to be submitted in the Public Trustee, Land Titles Building, Edmonton, Alberta, up to 2:30 o'clock in the afternoon, on Monday, the 14th day of November A.D. 1955, for the purchase of the above property, stating whether terms or cash.

Tenders should be forwarded in a sealed envelope and marked "Tender, Coffey Estate," and a certified cheque for ten per cent (10%) of the offer must accompany the same.

The highest or any tender not necessarily accepted. Deposits will be returned to unsuccessful tenderers.

Robb News

Mrs. P. Symons was hostess Wednesday evening, of a party in her home, when sixteen friends gathered to bid farewell to Mrs. M. Snyder. Games were played during the evening with a prize going to the guest of honor. After the lunch had been served Mrs. Symons presented Mrs. Snyder with a gift, and all good wishes on behalf of the assembled guests. Mr. Snyder motored from Lethbridge at the weekend and Mrs. Snyder and daughter returned with him to make their new home in that city.

Mr. and Mrs. Jack Gossney have moved to Maroon.

The many hunters who have arrived in the district, as well as the local sportsmen have been favored with nearly a foot of fresh snow. It is all wind that blows nobody good, but the rest of us aren't too happy to see so much of that lovely white stuff.

Mrs. M. Chapman entertained last Thursday evening at a baby shower in honor of the new son of Mr. and Mrs. Doug Robinson. The evening was spent in games and visiting. There were a few moments of hilarious merriment when Mrs. E. Muldoon, dressed in white, on behalf of the assembled guests, Mr. Snyder motored from Lethbridge at the weekend and Mrs. Snyder and daughter returned with him to make their new home in that city.

Mr. and Mrs. Jack Gossney have moved to Maroon.

The many hunters who have arrived in the district, as well as the local sportsmen have been favored with nearly a foot of fresh snow. It is all wind that blows nobody good, but the rest of us aren't too happy to see so much of that lovely white stuff.

Winter Has Come To District

On Saturday, October 20th the district saw its first real signs of winter as snow began to fall. By Sunday morning there was quite a covering of snow and it continued to fall all day.

The children enjoyed their first thrill of winter and many bashed their sleighs out for a try at sleigh riding.

—A vet. proud hunter, Paul Cox, in with a truck load of bull noses, and many out-of-town hunters passing through with vehicles loaded down, prepared for a long stay in search of the elusive wild beast.

—Tommy Fowler saying he'd been waiting three years for enough snow to go skiing.

—A gang of workmen trying to keep warm while getting the new school Division office roofed in against the steadily falling snow.

—A spray of wreath of popples and maple leaves in about every window on Main reminding us to gaze and "Remember."

—Johnny Laydon drumming up interest for a new garage design.

—The school starts November 13th. One of the local clergymen caught in the act of looking into garbage cans in the back alley by night watchman, Mark Albert, Hallows' night. P.S. He was looking for the missing rectory garbage can.

Peers Card Party Success

Peers—Another successful card party was held at the school last week. Mr. L. Roll took mens first prize and Mrs. D. Bradford took ladies prize.

These card parties are sponsored by the Peers Students' Union and are held every two weeks.

The heavy snowfall spoiled a writer road which was planned for Hallows' even by the Students' Union. A party was held in the school instead.

Whitecourt-Valleyview Highway Officially Opened

On Wednesday afternoon at 2:30 p.m. October 26th a new page of history for Alberta was witnessed by 1,000 people on the bank of the loesson River when the new highway connecting Whitecourt and Valleyview in the Peace River country was officially opened.

Hon. Gordon E. Taylor, minister of Highways, opened the ceremonies by introducing Mr. Homer Johnson, the first man to make a survey of the Whitecourt-Valleyview cut-off. Mr. Johnson made a survey back in 1925.

Traveling through from Whitecourt to Valleyview by pack horse little did he realize that 30 years later he would be present to see the opening of a fine highway between these two points. Hon. Gordon Taylor also introduced and paid tribute to the present day surveying engineers who surveyed the present road by foot and hand.

Other dignitaries present and who spoke briefly were: Mr. McLaughlin M.L.A. for Grande Prairie, W. F. Gilliland M.L.A. for Peace River, A. D. Plummer M.L.A. for Spirit River, Alex. Frame deputy minister of Highways, Mr. Hugh Miller, of Western Construction, Bob Miller Mayor of Grande Prairie, Mr. C. W. Curry (third Vice-president of the Edmonton Chamber of Commerce).

There were 300 cars and upwards of 1,000 people on hand at the loesson River for the official opening of the highway. This unprecedented spot was named by the Indians and unknown to many for years.

Who spoke, had a same thought in mind. That this new highway was not only an opening for the Peace River country to the north, but a road that will serve not only Northern Alberta but the whole of North America, from Florida and Texas in the south to the Yukon and Alaska. Also Northern British Columbia.

To the people of the Loesson River, the opening of the "Open Door". Where everyone new their neighbors for miles around, and their doors were always open, whether they were home or not, but a steady trend has taken place in the past few years, where we have suddenly found ourselves in the midst of a lot of strangers.

With the opening of this new highway we find ourselves surrounded by strangers from all parts of North America, but friendly strangers that we welcome. Yet the people of Loesson have suddenly been changed into this new era. Names like Grande Prairie, Peace River, Fairview, Dawson Creek have become our neighbors to the west. Where one can drive to in a few hours, where before it took a good days driving to reach any one of them.

The members of the Mayntown Chamber of Commerce and Whitecourt Chamber of Commerce served coffee and doughnuts to all present. While the Grande Prairie Rhythms Knights, played strains of Western Music.

Mr. H. G. Gies of "Gies Motor" painted an unique sign listing all business places in Mayntown and thus giving the tourist the idea of what services he could expect, should he travel our way.

Roseover News
Miss Anne Seidel had the misfortune to be in a car accident last Saturday and is now laid up with a badly sprained ankle. Last was with you Anne, it could have been worse.

Mr. and Mrs. Sam Kline were business visitors to Edmonton last Wednesday.

Saw only five small billow-wrens on Monday; a dove, a chickadee, two old ladies and a crow. I am glad to say we had no vultures this year. The snow must have had something to do with it.

Glad to see that Mrs. April is home again.

Mr. Glen Harris and Mr. Sam Taylor of Edmonton made a brief visit to the R. Hotel home on Tuesday.

Please don't forget the meeting of the Country Club on Friday. It is to be held at the home of Miss A. Pouch, starting at 9 p.m.

Mr. Newfield Laid to Rest

Mr. Bernard John Newfield of Edmonton passed away at the age of 42 years on October 25.

He is survived by his loving wife, Mrs. Anne Newfield of Edmonton and four daughters, Jean and Clarence of Edmonton, Ont.; Bernadine of Winnipeg and John in Germany with the Canadian Forces; Mr. Martin C. Armstrong of South Junction, Manitoba; Mrs. A. P. Burgess, Marston, Manitoba; Mrs. W. J. Swank, Winnipeg, Manitoba and Grace at home.

He is survived also by two brothers, Cornelius of Austin, Manitoba, and John in South Africa. Funeral services were held at 2:00 p.m. at St. Catherine's Anglican Church on November 1. Father G. Robinson officiated and interment was made in the family plot in Glenwood Cemetery.

Floral tributes were received from: The Loving Family; Emma, Wally, Wanda and Rudy; Rosemary and Vic; Bob and Anne; The Children and Grandchildren; Edson Construction; Bowling Branch, Anglican W.A.; Mr. and Mrs. Har-

old Paul and Family; Mary, Bill and Glen.

Rhine Funeral Home were director of the service.

First Annual Sale

Registered Herefords
Edson, Alberta Harold Paul, Nanno, Alberta
EDMONTON EXHIBITION SALES PAVILION
EDMONTON, ALBERTA

Monday, November 28th. 1955
12:00 Noon

Selling 64 Registered Herefords as follows:
FROM STUART PENTON, IRMA: 8 yearling females; 2 - 3 year old females; 3 females, 5 years old; 1 aged cow; 6 heifer calves (1950); 4 bull calves (1950); also selling to bred grade females, bred to registered sires. Accredited herd, Bangs tested or vaccinated.
FROM HAROLD PAUL, NANNO: 11 bred cows; 9 bull calves (1950); 2 heifer calves (1950); 3 - 2 year old heifers with calves at foot; 2 heifer calves (1950); 4 long yearling heifers, bred; 4 bulls from 1 year to 18 months. Accredited sires and Bangs tested or vaccinated.

NEED INFORMATION: Mr. Penton originally established his herd from purchases from A. B. Shibley of Irma, Percy Williams of Fort Saskatchewan, bringing in the blood lines of Crawford-Frost, Binnet, Gould, Warren Smith and others. Harold Paul has been using sires of the breeding of J. M. Campbell of Starkey, C. D. McDougall of Champlain; females from Stuart Penton, Dede Bull and other sources. This is a selection from both breeders which should please progressive purchasers. Further details available upon presentation of the cattle in the sale ring.

through his sports column and through his help and enthusiasm in many other ways.

Rev. J. K. Thompson of Edmononton performed the ceremony in the United Church which was decorated for the occasion with roses and chrysanthemums. Mrs. E. Burns played the wedding music and accompanied a violin solo by the bride's mother.

The bride who was given in marriage by her father, wore a simple length gown of white satin with a full full skirt falling from the dropped waistline. The bodice featured a low-cut scalloped neckline and cap sleeves which were embroidered with deep pearls and sequins and set off by a double strand pearl necklace and earrings. A bandeau of orange blossoms and ruffled tulle held her finger tip veil of chantilly lace which was matched by elbow length gloves. She carried a bouquet of American Beauty roses and white baby's breath.

The bride was attended by her cousin, Miss Lucy Graham, who wore an aqua velvet length gown of nylon sheer and carried a bouquet of pink chrysanthemums. Little Miss Rosalie Burns was flower girl. She was dressed in blue nylon and carried colonial bouquets.

The groom was attended by his brother, Mr. D. J. Branchflower of Edmonton. For her daughter's wedding the bride's mother chose an afternoon dress of cream satin set off by navy accessories and corsage of tea roses. Mrs. Branchflower wore a dress of taupe crepe with red rose corsage.

Following the wedding a reception was held at the home of the bride's parents. Tables were laid for thirty guests, the bride's table being centered by a three tiered cake which was flanked on either side by bouquets of roses. Mr. Donald Branchflower proposed the toast to the bride which was responded to by the groom.

Leaving the same day the couple motored to Jasper, later leaving by train from Edson for Vancouver. For travelling the bride wore a dressmaker suit of dark rose topped by a russetwood coat and accented by navy accessories. Mr. and Mrs. Branchflower are making their home in Kilman, B.C. where the groom is employed by the Kilman newspaper.

Nilton Central H & S Swear In Officers

The Nilton Central Home and School Association held their first regular meeting on October 21st. The new officers were sworn in by O. Hewins followed by the prayer of Parent Teachers.

J. Kirchbach thanked the members for his election as president. Mrs. R. King read the Creed of the Parent Teachers Association. We believe that a Home and School Association should be concerned with all problems that relate to the welfare of the child in the Home and School and Community.

Mrs. J. Kirchbach outlined the program for the opening of the new central school at Nilton. The opening ceremony will be held

when the building is completed. Mrs. A. Goodale asked to be relieved of her services as Social Convener. Mrs. B. Kirchbach was chosen as her successor.

The Nilton Central H.S. Clubbing and dining Club called in for lunch after their two day tour of Edmonton.

The executive meeting will be at Mrs. R. King's home on Nov. 8. The next monthly meeting of the Nilton Central H. & S. Association will be held on Nov. 18 at the Nilton Central School.

B of T Back Council On Pen

The Edson Leader The Voice of Rural Communities

Vol. 3 Edson, Alberta, Thursday, November 10, 1935 No. 29

Sponsor Forum On Town

President Grant Nelson chairmaned a forum on town affairs at the Board of Trade meeting in the Commodore banquet room Wednesday night with special reference to whether or not Edson Town should retain its power distribution system and whether or not it would be advisable to try to operate the distribution system when natural gas becomes available in a year or two.

Mayor Manley Burleigh outlined the history of the gas question when he told the meeting that the Council had first become aware of the possibility that Edson would be able to get gas early last May when it was

In Flanders Fields the poppies blow

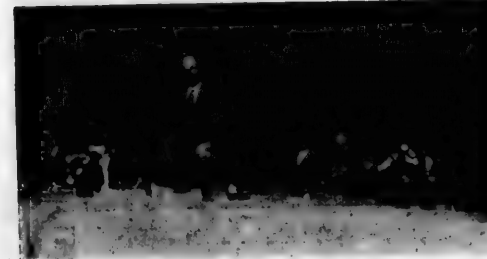

Between the crocuses row on row
That mark our place, and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.

We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders Fields.

Take up your quarrel with the foe,
To you, from falling hands, we throw
The torch, be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow,
In Flanders Fields.

LT. COL. JOHN MCRAE

PREMIER MANNING ADDRESSES EDSON MEETING

The annual banquet held by the Edson Social Credit Community Association in the Legion Memorial Centre on Monday, November 7, featured Premier E. C. Manning who gave the keynote address in the well packed banquet hall. Premier Manning is seated by the leader of the Edson Social Credit Community Association, Mr. H. H. Harrison, who is seated at the head table as caught by the camera are: Hon. Harrison Williams,

M.L.A. for Edson and Minister of Lands and Forests; Edson's Mayor Burleigh; Premier Manning; Community Association President D. W. McNeil; Mr. H. H. Harrison; Mrs. C. Bowman, of Pore; and Mr. Chas. Vail of Barrow, Member of Parliament for Jasper-Edson. The leader who gave Premier Manning's address in our next issue.

Members of the Edson Board of Trade didn't need to have anyone tell them the advantages to Edson business people and district farmers in having an industry such as the proposed federal penitentiary placed on a site near Edson at their meeting in the Commodore banquet room Wednesday evening.

The advantages being obvious, the Board passed an unanimous resolution commending the Town Council for their action in setting forth the advantages to the Federal Government in building the institution here.

Among the interlocking advantages besides commercial, which comes to a community fortunate enough to get such a government industry, are those to be gained by the cultural contribution the senior supervisory, medical and technical instruction staff are in a position to contribute to the general uplifting of the cultural values in a community.

Former Mayor W. H. Kanderwitt told the members of his experience with living in both Ponoka, Alberta and Weyburn Sask., where the employees of the government institutions there have contributed immeasurably to the uplifting of the general community life by taking an active part in everything cultural, social and recreational that goes on in the town in which they live.

Councillor W. A. Reimer had previously mentioned the information which the Federal Justice Department had asked for from the Council concerning educational facilities, building lots, utilities, etc., available. Council has prepared a brief with the information and a delegation are now prepared to go to Ottawa, if necessary, to be of any further assistance if the Government with it. Councillor Reimer outlined the advantages in providing a local market for goods and services and mentioned that the proposed site was that at Teller where the Crown owns considerable amount of land.

Mayor Manley Burleigh said that he couldn't see any harm such an institution could do and the advantages were obvious. There was considerable hope for the site being taken up, Mayor Burleigh thought, in that two of the conditions included having to be on the main line railway and 24 hours from the West Coast.

Council Petitions Govt. On Penitentiary Site Here

Edson Town Council decided to go after the establishing of a federal penitentiary here at its regular meeting on Tuesday, November 7, when Town Secretary H. C. Gregg was asked to gather data on Edson's advantages from the federal point of view.

Council also decided to look into the matter of dollar-a-day hospitalization for ratepayers of the town on receipt of a letter on the subject from Magistrate J. Thomson. (Which was published in full in The Leader last week.)

Council also gave approval to Petrol Structures for their plan to run a natural gas line through the north end of town near the number three town well. This would be the line which will supply the Hinton pulp mill.

It was moved that building permit to Edson Dry Cleaners for garage building on Lot 11 Block 6, be approved.

LEASES

Leases and options to purchase until June 30, 1936 were granted to the following on noted parcels: Lot 14, block 51, John Glend, on payment \$100.00—\$50.00 land sale, \$50.00 cost servicing. Lot 15 and 16, block 51, Michael Goumaka, on payment \$100.00—\$75.00 land sale, \$75.00 cost servicing.

Lot 25, block 52, Kenneth H. McIntyre on payment \$100.00—\$50.00 land sale, \$50.00 cost servicing. Transfer of Title to Lot 18, block 52, to Mr. Harry J. King were authorized on substantial completion of house.

It was moved that application of Anna's Dutch Mill for location and approval to placing sign on 4th Avenue that be referred to Parks Committee with power to act.

It was moved that account to the B.P.O. Elks for sewer service line repair be forgiven to 80 percent and payment to sum \$24.12 be accepted in full payment.

It was moved that payment to Brevitt Engineering Limited in the sum of \$25,717.25 on Main Street contract be authorized—made up as follows contract section 225,726.3 great holdback on contract 34 plus not extra \$2,225.75 less

WE'RE SHOCKED!

We were very shocked this week! And for us that's something. When one of our readers told us that there were actually people in this town who don't want to see us have a new industry which could employ 200 to 400 wage earners.

We have never heard anyone say, for instance, that we shouldn't have the steady payroll that the several hundred railway employees in this area bring to the economy of this district.

Is it any more unreasonable to want to see another Federal payroll steady out the industrial and commercial life blood of this community?

This is in effect what the people who have, at first thought only we hope, said about not wanting to see a federal penitentiary—what from the point of view of the town's economy is another industry—come to Edson.

The site at Tollerston is ideal for a penitentiary site and it is far enough, yet not too far, away from Edson proper to keep from dominating our whole landscape.

Jobbreakers in Canada are subjects for radio dramatizations, but not related to fact. The employees who would make their living at the institution would be a fine addition to our growing population.

There can be nothing but the hope that this welcome promise for our district can be made possible. We have our fingers crossed and hope the federal authorities will be able to grasp the natural possibilities of Edson district for this expansion of Canada's penal system.

LOST THREE SONS IN WAR. SASK. MOTHER TO LAY OFFICIAL WREATH

Ottawa—A Saskatchewan mother, who lost three sons in 18 months during the Second World War, will be honored by the nation on November 11th. She is Mrs. John Leboldus who will place one of the four official wreaths at the National War Memorial here during the Remembrance Day ceremony.

Mrs. Leboldus will be one of the four official wreathers at the ceremony, she will be doing so on behalf of the mothers of more than 100,000 Canadian war dead. Other official wreathers will be placed by: Governor-General Vincent Massey on behalf of Her Majesty; Prime Minister Louis St. Laurent on behalf of the Canadian people; and finally the Dominion President of the Canadian Legion, the Very Reverend J. O. Anderson. He will lay a wreath on behalf of the veterans of Canada.

The three Leboldus brothers all went missing during the 18-month period from February 1940 to February 1942. In 1940 two of the

WE LAUGHED AT THESE

A house agent had on his books a farm which was supposed to be haunted, and to prove wrong he decided to engage a man to stay there for one night.

The following day he was up early and went to see how the man had fared. On the lawn he discovered the remains of a window sash and shutters completely wrecked, but of the witchman across him tramping along a country lane three miles away.

"Hello, George!" he cried. "Where have you been all this time?"

The man wiped the perspiration from his brow. "Boss," he replied, "I've been coming back."

The registrar of an Eastern school asked a new student from Texas where he was from. The student quickly replied, "Tandara."

"The registrar in turn asked, 'Where is Tandara?'"

The student thought for a second, then replied, "In the south-east corner of Dalt's number four pasture."

The busy executive asked his secretary where his pen was. "It's behind your ear," she replied.

"Oh come now," snipped the big shot. "I'm a busy man. Which ear?"

brothers were on No. 148 Squadron, RCAF. Martin Leboldus was a member of the ground crew over the evening he helped Flying Officer Peter Leboldus into his parachute harness prior to a sortie. That night the aircraft which Peter Leboldus was navigating was listed as missing over France. Peter was buried in Grandcourt.

Martin then volunteered to observe, becoming a flight engineer. Nine months after Peter went missing, a second brother, Flight Sergeant John Anthony Leboldus was lost over Italy. He was flying as an air gunner attached to RCAF No. 148 Squadron. He is buried in Genoa, Italy.

Meanwhile, Martin, was now flying operationally with No. 419 Squadron, RCAF. He completed several ops, including three raids over Berlin. Three months after his second brother failed to return, Martin also went missing.

Of the 13-child family, four of the six Leboldus brothers served in the military. One of the family lives in the Regina area or in Saskatoon. One brother, Doctor Michael N. Leboldus, is in Montreal.

The Leboldus family have lived in Vibank since 1913 and are prominent in community affairs. Mr. Leboldus has served as Governor and Councilor for the village and has always taken an active interest in the educational welfare of the community.

THE ALBERTA SCENE

By Ken Martin

Edmonton — A "new look" in developing in relationships between the provincial government and the municipalities of Alberta.

As we predicted in this column a few weeks ago, a new position of public relations or liaison officer has been created within the department of municipal affairs, and the appointment has gone to Billy MacKenzie, a former coordinator of cultural activities.

This is one of the first major reforms since last summer's cabinet shuffle when Hon. A. A. MacKenzie was moved from public works to head the municipal department, which handles all dealings with municipalities, including grants and loans. The appointment of Mr. MacKenzie was confirmed by Mr. Hooke last week.

The establishment of a liaison officer between the provincial government and local governments is seen as an attempt to establish a closer link with the municipalities. There has been altogether too much complaining lately, with the municipal government claiming the provincial administration turns a deaf ear to their problems.

The recent innovation doesn't mean the province will be pouring more money into the municipalities. The big change is that Mr. MacKenzie's ear is not deaf. His job is to listen to the complaints, act as a sort of trouble-shooter, and try to improve relations.

In some cases, his duty may be to attempt to talk the government into something for the municipalities. In others, he may have to explain the government's stand and talk the municipalities out of something. But in any case, he'll point of a municipal council want to be there to listen.

Let's look at it from the standing a higher government road great. The first step is to call upon the department of highways the answer may be "no," without any explanation.

The next step will be to see Mr. MacKenzie, who will listen to the arguments of the municipal council, and then find out the government's view. There'll be no three raids what can be done. Maybe nothing can be done, but at least someone has listened.

In addition to his other duties, Mr. MacKenzie will produce a weekly publication for distribution among Alberta municipalities. It will contain articles on municipal financing, road construction, administrative procedures and other subjects of interest to local councils.

Mr. MacKenzie was co-ordinator of cultural activities from 1930 until September of this year. Prior to that, he worked in radio and drama, and served in the RCAF during the war.

The royal commission investigating government affairs has been adjourned for another week. It was adjourned for two weeks originally when the chairman, Mr. Justice Hugh John Macdonald, was confined to his home with a recurrence of a back ailment. Hearings were to resume in Edmonton this week, but Mr. Justice Macdonald was advised by his physician to stay home for another week.

When the investigation does resume, the commission will finish its probe of treasury branch loans to members of the legislature, and then probably will move on to government real estate dealings.

We've been advised that we are in line with the week's column in the background material regarding colored margarine. We said that at least once in recent years the annual convention of the Alberta Social Credit League has debated resolutions asking the government to permit the sale of colored margarine.

Orville Kennedy, provincial Social Credit president, says the convention in Calgary two years ago passed a resolution in favor of colored margarine, because of overwhelming support from women delegates.

So whether the forthcoming Social Credit convention at the end of this month will pass or reject resolutions calling for colored margarine, is anyone's guess. Both Edmonton and Calgary groups are in a fever.

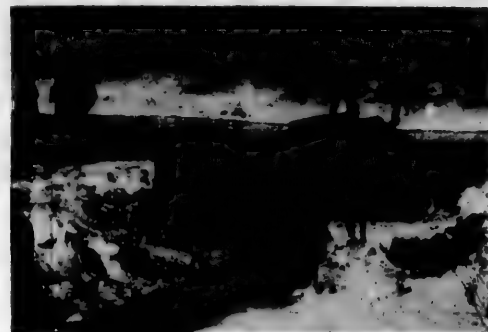

If the resolution is passed, government action will be the next big question. At one time, the government was prepared to pass a bill permitting the sale of colored margarine in the province. But the late Hon. David Ure, then minister of agriculture, all but threatened to resign if the bill went through. It didn't, and the government has remained silent on the margarine question ever since.

Cosmetic manufacturers say that some movie stars don't know how to apply lipstick properly. Nearly all we've observed lately sure know a dandy way to remove it, though.

One bit of politeness in Vancouver, B.C. Officer doing fine. One died the following night. Sheriff told your pet "no" when.

A college football coach started a game safety was consisting of Omerovitch, Volkovitch, Palkovitch and Barjovitch. "Are they any good?" asked an old grad of the college. "Not much," burst the coach. "but will I pay back a score I owe a couple of these smart-alek sports writers."

CADETS CROSS THE STURGEON RIVER

Bringing to mind scenes from the river crossings in northern Italy and North West Europe in World War II or more lately Korea, is the grim battle-condition under which reserve Army soldiers carried out their river crossing exercises on the Sturgeon river 20 miles east of Edmonton two Sundays ago.

Members of Edson's Army Cadet Corps under command of Captain Tom Booker, their officer commanding, assisted by Messrs V. Selby and K. Birch, took part in the exercises which gave the lads an idea of what previous bridges are meant to do for army units.

In the absence of the engineer platoons the Edson Cadets were "lead" for the job of putting up the infantry foot bridge and they enjoyed every mud splattered minute of it.

The bridge was put across in record time and the lads got a real bang out of watching the infantry cross "their" bridge to join the mock battle with other reserve army units on the far bank.

Several of Edson Cadets can be seen in the various stages of the bridge building as snapped by Mr. Booker in the heavy snowfall.

The Cadets would like to thank the men who took their cars and spent their Sunday driving them to and from Edmonton: Messrs P. O'Hara, E. Mahon, V. Selby, K. Birch and especially Mr. Booker.

Coming Events

FRIDAY, NOV. 11—Legion Armistice Service and Dance.

FRIDAY, NOV. 11—Remember the Remembrance Day events, all in the Memorial Hall. The Memorial Service at 10:00 a.m., the banquet at 6:30 and the big dance starting at 10:00 in the evening.

MONDAY, NOV. 14—Regular meeting of the O.O.B.P.

WEDNESDAY, NOV. 16—The Order of the Royal Purple will be holding their Planters' Feast drive on the afternoon and evening of this day.

SATURDAY, NOV. 19—Farmers Bazaar and Tea in the Legion Hall.

SATURDAY, NOV. 19—The Edson United Church W.A. will hold a Bazaar, Bake Sale and Tea in the Church basement starting at 3:30 p.m.

WEDNESDAY, NOV. 23—Regular Home and School meeting in the School Auditorium. Everyone welcome.

SATURDAY, NOV. 26—C.W.L. annual Bazaar will be held in the Church basement.

SATURDAY, DEC. 3—St. Catherine's W.A. Bazaar, Tea and Sale Home Cooking in the Parish Hall.

SATURDAY, NOV. 13—It's Saturday night folks, November 13th at 8:00 p.m., Parish Hall, Gordon Hotel of Wetsakawia, Alberta's No. 1 Square Dance caller will be here. No increase in admission price.

FRIDAY, NOV. 18—White and Pie Sale, starting at 8:30 p.m. will be held at the home of Mrs. J. Jacobson, Glenwood, in aid of the building fund.

WEDNESDAY, DEC. 7—A general meeting of the Community Club and sale of Bazaar food being planned at 8:30 p.m. will be held.

\$917.59 Donated By Community To Blind

Edson's canvas and fund raising drive for the Northern Alberta District Canadian National Institute For the Blind successfully concluded last week. Total amount subscribed was \$917.59 and a check for this amount has been sent by our local secretary, Margaret Dunphy, to headquarters.

The officers of the local branch would like to thank our newspaper editors for their kindness in publicly advertising the campaign.

Ye Editor Has To Watch His Step

This week we have an epitaph from a Vi giving our women's viewpoint—your editor has had the benefit of it verbatim for eighteen years, but at last we have got how to counsel her accordingly to cold print.

This is your chance, you newspaper and mothers, to get your point of view put on the record—just pages 155 and give Vi a few tips.

also the C.A.I.T. girls for their enterprise and drive on Tag Day, and of course the general public for their generous support. The following—anyways—deserve special credit since it was the desire of their time which really made the drive such a success.

Names of the canvassers are: Mrs. John MacNamara, Mrs. John Nadaruk, Mrs. Woods, Mrs. James Aron Berglund, Mrs. Walter Kortman, Mrs. Joe Wynn, Mrs. Harold Pollock, Mrs. Harris Paul, Mrs. Harry MacMillan, Mrs. William Overt, Mrs. Whidden, Mrs. John MacDonald, Mrs. Lilly, Mrs. Mercer, Mrs. John Buck, Mrs. Crossman, Mrs. Adam Millick, Mrs. Lee Dunphy.

Donation by the Nova Theatre of a film for a Sunday show which drew a good crowd, greatly helped the drive.

The money will be used in the centre in Edmonton which is available to all blind, regardless of where they live in Northern Alberta. The work of this centre is

all around us. The rubber mats we walk on, the useful wicker baskets, trays, and chairs we have in our homes, the good broom and many leather craft articles. Blind people serve pleasantly in canteens, and refreshment stands, work in industrial plants as typists, switchboard operators, home teachers and filling secretaries.

Loss of sight does not mean a lessened interest in world affairs, in books, music and good times—it is helped soon enough. It does mean great personal adjustment to an unfamiliar world, and an acceptance of fate that can be guided and helped by the trained staff of C.N.I.B.

They know that learning to live with blindness, and trying to become whole or partially self supporting, is one of the greatest physical and emotional challenges of all.

Mrs. Walter Richardson has returned home from a visit with her son at Stairmore, Alberta.

Mr. and Mrs. A. Amundson have received word that their daughter Lillian has received her B.N. and is now nursing at Red Deer. She will be home for the weekend.

Morinville Man Shoots 15 Pointer North Of Obed

Mr. Gerry St. Germaine who was hunting last week with Nick Andewko and W. C. Boyce bagged a 15 point old which they proudly showed off on their way back home last week.

Mr. St. Germaine, a lawyer at Morinville, got the big animal just a few hundred yards from the road near Obed on the first morning of the hunting season. With eight points on one side and seven on the other, the same officers here say it is the largest specimen taken in this district since 1932.

Unchained
Prison drama. Kenyon J. Scudder, superintendent and founder of the California institution for men at Chino, a minimum security prison, is portrayed herein by Chester Morris. Called the "Purge" it has no bars, no armed guards and no walls, but its inmates quickly learn that if they once make a break they can never return, and that their next step, when recaptured is San Quentin. As daring and different a drama of a man of violence as has ever gripped a motion picture audience. Among the years best entertainment surprises, the story of a prison without bars.

McULLOCH Model 47 CHAIN SAW
Makes any woodcutting job easier and faster. It's a one-man saw for professional logging, pulp cutting, tree surgery, for farm and ranch jobs like construction and clearing land. Model 47 is light weight, operates full power in any position. So easy to handle, powerful, with blades 10" to 26". Comes in and saw it, try it, buy it, it's sure you will, make your money.

Seven Brides For Seven Brothers
Musical in Technicolor and Cinemascope. When one of seven brothers brings a bride back to his shabby farmhouse of 1880 Oregon, who has enough spirit to refuse to be "third girl" for the brand. She actually transforms them, resulting in six more weddings—via shotgun.

One of the subjects of conversation along the Main Drag is the possibility of establishing a fed-

al penitentiary at Edson. Of course opinion is divided, some being in favor and other just as strongly opposed.
The establishment of a jail or mental hospital in any town has

Harvest Supper

At Carrot Creek

In October the Carrot Creek W.I. held a harvest supper in the Carrot Creek Hall.

A large crowd enjoyed the tasty supper, which was served by the members.

The grocery hamper which was raffled was won by little Jane Makela.

The small fry enjoyed a turn at the fish pond where many a prize fish was landed.
The evening came to a close with a community sing-song in which young and old took part.

always resulted in a certain amount of emotional feeling, as well as thought about its financial aspects.

People make remarks about Ponaka and Fort Saskatchewan which we accept as "humor" and yet they indicate that both jails and mental hospitals are institutions that belong in a special category in our thinking.

Sorrow and laughter are first cousins, and often we laugh. It is that we may not weep. Both laughter and tears are ways of expressing feelings. Sometimes the very fact that we make light of serious things indicate that we are attempting somehow to find relief from a certain crushing feeling of gloom or sorrow.

The presence of a jail or penitentiary in the neighborhood brings home to us the fact that lawbreakers are a threat to our security. Occasionally someone escapes, and the people in the neighborhood are the first ones to feel uneasy. No doubt hitch-hikers find it harder to get a lift in the vicinity of a jail, because people are particularly anxious not to pick up someone who may have just escaped from the local pen.

However, there are certain other things that must not be overlooked. Personally, I am quite convinced that a strong and active church is a much more effective force for righteousness than a strong jail and an active police or corps of wardens.

Believing this I also believe that our personal task must be to sustain the lawbreaker and convert him or her into a moral Christian citizen. To refuse to accept a jail within the community means to be avoiding the problem rather than facing up to it.

There are lawbreakers, and criminals, and they can be dangerous but nevertheless they are among the sinners for whom Christ died and so each need the redemptive power of Christian people who are concerned. We need to do all we possibly can to help these people who are behind prison walls, in the name of Him who said "I was in prison, and ye came unto me."

About Nothing . . .

By SHAMUS

The hubaloo is all over. Privates Margaret has made her decision. A lot of people will now be able to spend some time minding their own darn business.

It is regrettable that a British subject 25 years of age, was not allowed to make the most important decision in her life, without a "whiff" of "know it all's" bawling in.

Maybe they thought Captain Townsland was not "good enough" for her, that was her business, or maybe they thought that he could not provide for her as in his business. Many other girls have turned down a fortune to marry the man they love.

Well it's all over now, and the "know it all's" now can come up with the finances of Captain Townsland. My, oh my, why his father was only a civil servant, (too bad) and the only income he has is

Niton Central 4-H Clubs Tour Edmonton Interest Points

By BETTY DUNSTON

On October 30th the Niton Central Clothing and Grain Clubs (4-H) chartered a bus and spent two days touring Edmonton.

We left Niton Central School at 7:00 a.m. and arrived at the Westmount Shopping Centre about 11 a.m. There we did quite a bit of our shopping. We then went to the Silo-Quina store to buy material for our Project work for the coming term. We all gathered at Edson, where we saw them making a TV program. This was very interesting.

Just before we had our supper, which we had at the Y.W.C.A. we went out to the Air Port and watched the planes landing and taking off.

After supper we left our blankets etc. at the Sales Pavilion where we were to stay overnight, and went to a show at the Rialto Theatre.

At the "Y" we were met by Nellie Crylock, who had been one of our members for several years before moving to Edmonton, and she went with us on our tour. The girls thought so much of her that they presented her with a necklace and car ring set, as a reminder of her old association with our Club.

In Friday, the 21st we went through the Canada Packers Co. and saw how a lot of our cattle are prepared for us. From there we went to the No. 2 Fire Hall and were much impressed with all the fire apparatus there.

After dinner we spent considerable time touring the Parliament Buildings and the Household Science Department of the University of Alberta.

From the University we went to what he gets as a group captain, (well, well) of course he gets a dandy expense account from the foreign office, (which was strongly criticized by a parliamentary committee last year, but nothing was done about it).

And he hasn't seen any action outside of garden parties and race courses for the last 14 years and where is the money coming from, for them to lead such a gay life, as they have been doing, (dear, dear).

Why worry, it won't be coming out of the pockets of the taxpayers, they will use to that end if the princes had married the captain, I suppose that those same old funny waddles would have called her like they did Prince Sidon.

I have been catching up on my interest in olden days, and I read that there are over eight thousand Irish born citizens in England, that is a lot of Irish, and an invasion, so I guess it is possible for one to be born in England and claim to be Irish through marriage. Of course, providing he has an Irish name. Brian go Brack!

Blamed is he who sits on a sack, for he shall surely rise. Shamus

MAKING LOANS

is part of our
everyday business

Lending money for a number of purposes is a major function of the Royal Bank, so it is only natural to come to us when you wish to borrow. A loan from the "Royal" usually costs less... sometimes substantially less... than one from other types of lending institutions.

The maximum rate of interest on Personal Loans, for instance, is 6% on the unpaid balance. You do not have to be a depositor to borrow from the Royal Bank. We often make loans to people who have had no previous dealings with us.

Table shows how little it costs to arrange a Personal Loan from the Royal Bank:

WHEN YOU BORROW	PER	YOU RECEIVE IN CASH	THE LOAN COSTS YOU	EACH MONTH YOU REPAY
'25	6 Months 12 Months	\$ 24.50 24.21	\$.50* .79	\$ 4.17 2.09
'50	6 Months 12 Months 18 Months	\$ 49.14 48.42 47.73	\$.86 1.58 2.27	\$ 8.34 4.17 2.78
'100	6 Months 12 Months 18 Months 24 Months	\$ 98.28 96.85 95.46 94.11	\$ 1.73 3.15 4.54 5.99	\$ 16.67 8.34 5.56 4.17
'200	6 Months 12 Months 18 Months 24 Months	\$ 196.56 193.70 190.93 188.23	\$ 3.46 6.30 9.08 11.77	\$ 32.34 16.67 11.12 8.34

*Monthly payments calculated on interest only.

Other types of loans, of particular interest to individuals, are available through the Royal Bank at very reasonable rates:

N.H.A. Mortgage Loans to finance new home construction.
Home Improvement Loans to repair, alter or extend existing homes.

Ask for explanatory booklets at any branch.

CANADA'S LARGEST BANK

THE BIG TRAIN RIDE

By F. L. Rowley

MY TEN-YEAR OLD brother George had always wanted to ride on a train. He used to sit by the hour watching freight-trains puffing across the old trestle-bridge across the old trestle-bridge.

One sunny day as I was coming home from school, I saw a north-bound freight train coming over the hill. He looked for all the world like a jackrabbit trying to outrun a charge of buckshot.

"I just saw a big train robbery!" George panted.

"The kid's got it good for you! I've been watching freight-trains puffing across the old trestle-bridge since I was a boy. And I'd keep away from that trestle-bridge if I were you—there's a tiger lurking around in there."

George frowned. "I'm not joking," he insisted. "I just saw some men hold up a freight-train over at Wilson's Creek. The train is still there. Just 'cause you're shyer than a cat, you don't have to make out of everything I say."

"Where you headed now?" I asked. The tone of urgency in George's voice had aroused my interest.

"I got the short. It somebody got hurt he'll be needing help." "I suddenly got hurt he'll die before the sheriff gets here," I said, staring up the hill. "Let's take a look."

George was right. The long train had stopped with its front on a bridge. As we ran along the trestle-bridge we could see where some of them had been out open-mouthed with awe. The locomotive seemed to be stuck in the middle of the bridge.

George climbed aboard quickly. "It's the engine!" he called out. "It's dead!"

"Dead people don't move," I said, climbing into the cab. Upon closer inspection I determined that the man was breathing—over his mouth. "Let's get him out of here," I said without looking up.

George didn't answer. When I did look up George was standing before a chute he looked at with a far-away look in his eyes. Even before he uttered the question I knew what he was thinking. "It's only a short run to Shogville," he said wistfully. "Do you think that?"

"No," I interrupted sharply. "I don't. You're not old enough to drive a car, much less a locomotive."

George looked so dejected that I turned quickly aside to hide a smile. My gaze settled on the unconscious man; then I remembered something that our football coach had told us about concentration. Prying open the big man's eyelids I soon saw that the pupils were unequal in size; it looked bad.

"Do you really think you can get this train going?" I asked.

The light that came into George's eyes was wonderful to see. With one word he stepped over to a big lever and pulled it. To my surprise the freight began to inch its way forward.

"I'm thinking you did it!" I cried approvingly. "Full steam ahead!"

"No," George cautioned. "We got to get her rolling first."

And the way my little brother seemed that old engine along made me proud of him. I even went to work with the coal shovel. Twenty minutes later we pulled into the Shogville station.

"Here going boys!" said a well-dressed man swinging easily into the cab. "You sure gave us a scare though, bringing the train to a stop like that."

"I think he's suffering from concentration," I said. "But how did you know that the engineer was hurt?"

"The brakemen reported the robbery from a farmhouse. He happened to be there. I'm happy to see that he was wrong. We'd better get him to a doctor in a hurry."

We did that and thirty years ago. When he came to visit us a few weeks later he brought a live pig for George—a pig to ride on a road engine-train.

HINTON HI-LITES

Businessmen's Club Report Meeting Is Satisfactory

A special meeting of the Businessmen's Club was held to hear the report from Clarence Kemple on the results of the interview of the delegation that had been to see the Hon. A. J. Hooke, Minister of Municipal Affairs.

According to Mr. Kemple's report the delegation was very pleased with the interview and Mr. Hooke assured them that everything possible would be done to get things under way on the old townsite.

President Ray Fuller then pointed out that the next effort of the club should be towards the question of fire precautions.

The efforts of the whole association were directed towards this end with the result that Mr. J. Swayk has now undertaken the job of fire chief as reported elsewhere in this issue.

Oil Workers Coming Next

Now some inquiries from north of the river in town Saturday. It made for quite a gathering of workers—loggers, construction workers of two types (mill and road), truckers and the small hodge-podge of the rest of us.

The only group we seem to lack right now are the old field workers and from what some rumour says that situation may not prevail as long.

Back and Forth

We watched Jerry McLeod bounce over to the little white building across from the hotel—presumably was adjusting the telephone carrier again. Gets you

—We hear plenty of rumours of lots more places of business and entertainment coming—Theatre, fire cleaners, bakeries, etc., is a name a few.

"The brakemen reported the robbery from a farmhouse. He happened to be there. I'm happy to see that he was wrong. We'd better get him to a doctor in a hurry."

We did that and thirty years ago. When he came to visit us a few weeks later he brought a live pig for George—a pig to ride on a road engine-train.

Upper Town Bright Now

On Friday night the lower town was blacked out for a while while the upper town at the trailer camp was blazing with light by comparison.

The new businesses on the hill have managed to get some benefit from the invention of the late Thomas Edison one way and another.

Most have portable lighting plants which they are using temporarily. Some have combined with their neighbors to get by in this transitory period.

—Mrs. Ray Fuller cornered us the other day when we didn't duck fast enough to escape the howling out for mislaying the sole of thanks from the United Church

No Word On Power

As we go to press there is still no word on how the trestles are coming along. One rumour was that the contract had been awarded but we have not been able to confirm this.

In the meantime the temporary power plants are chugging along.

—Mrs. Ray Fuller cornered us the other day when we didn't duck fast enough to escape the howling out for mislaying the sole of thanks from the United Church

FOR SALE BY TENDER

ESTATE OF FRANK E. COFFEY,
DECEASED
The Public Trustee offers for sale by tender:

South west quarter of section twenty-five (25) township fifty-seven (57), range nine (9), west of the fifth meridian, in the Province of Alberta, as shown upon a map or plan of survey of the said township signed at Ottawa on the third day of June A.D. 1909. Containing one hundred and fifty-eight (158) acres more or less, reserving unto Her Majesty all mines and minerals. Improvements consist of four (4) acres under cultivation, two granaries and fencing.

Sold bids to be submitted to the Public Trustee, Land Titles Building, Edmonton, Alberta, on Monday, the 14th day of November A.D. 1935, for the purchase of the above property, stating whether terms or cash.

Tenders should be forwarded in a sealed envelope and marked "Tender, Coffey Estate," and a certified cheque for ten per cent (10%) of the offer must accompany the same.

The highest or any tender not necessarily accepted. Tenders will be returned to unsuccessful tenders.

Edson Leader, Thursday, November 16, 1935—Page 11

Niton 4-H Club

Hold Meeting
Club Reporter: BETTY GUSTON
On November 14th the Niton
Central 4-H Clothing Club held
their regular business meeting at
1:10 p.m. in the Niton Central
school.

MEMORIAL

In loving memory of our moth-
er, Mrs. Margaret Beatrice Mun-
son, who passed away November
13 1935.

When God came and took our

mother away,
Loving and kind in all her ways
Upright and just to the end of
her days
Sincere and true in her heart
and mind
Beautiful memories she left be-
hind.
Ever remembered by her loving
children: Karen, Joyce, Pearl, Del-
phine, Barbara, Melvin, and Lam-
ard and families.

Material for an autographed

quilt was decided upon and will
be in the 4-H colors, green and
gold.

The 4-H girls are going to raffie

a man's sweater, knit in the Totem
Folk design. Jane Kellibach was
to see about getting tickets print-
ed.

Lary Kellibach gave a demon-

stration on "How to Gather on a
Machine Without an Attachment."
Marilyn Archibald gave a talk
on "How to Be a Good Member."
Miss Morgan, the District Home
Economist from Edmonton was our
guest.

the woman's view ...

By VI
It's been said many a time that there's something about the beginning of winter—how true—it's the time of the year that you look back and wish you had completed your outdoor chores such as the storm windows, reroofing up the summer tools and toys, etc.

When your good man doesn't seem able to remember to have the car winterized and he sweats his head off starting the thing—when there's been all six or eight garages in town willing all along to do the job for him. But I don't need to tell you...

Then too it's the time of year when you feel like staying at home and everything and everyone is getting back to clubs, lodges, and even church, and there's something on nearly every night of the week—it's now your chances of staying home are indeed slim.

The housewives of the Times & School have decided to start a state exchange—now that's some load off the family pocketbook anyway. Just phone Mrs. E. Mahon at 480, Mrs. E. Yercs at 543 or me at 185. If you have to buy a new pair don't forget to check Jack's ad in this week's Leader.

Speaking of skating reminds us that the holiday season is around the corner—I get in a dilly of an argument the other night about Edson and our half-hearted support of our teams,

hockey and otherwise. Well, now, that is certainly true of me and a good many other people. But I don't think there are many people running around who have a fiercer loyalty to their home town than I have and with less effort to show it either.

There is the gripe that we don't get out to all the games and let people who spend so much time and effort to sports know that we are behind them, therefore they get the idea that we are not interested. As an Edson mother we are very interested, especially in sports for our growing youngsters. Well, what are we going to do about establishing a loyal and loud cheering section at all our local games?

Happy Birthday Lorraine

Little Miss Lorraine Wynne who lives up the North Road, celebrated her third birthday last Friday by being hostess at a party for twenty-one of her little friends. All of Lorraine's guests shared in the celebration by receiving a balloon and each taking a try at blowing out the candles on the prettily decorated cake.

The luncheon was suited to little people and was greatly enjoyed by all.

Hospital Notes

Admissions

Mrs. Palmer Olson, Edson; Mrs. Samuel Suberland, Edson; Miss Linda Pett, Edson; Mrs. Matt Doucette, Edson; November 2; Baby Jerry Morrison, Edson; Baby Larry Belmont, Marlboro; Mr. Walter Zapp, Hinton; Mr. Jack Callahan, Hinton; Mrs. George Gover, Hinton; Master Dennis Callaghan, Edson; Mrs. Harold Seldon, Edson; Mrs. Cara Dale, Hinton; November 4; Mr. David Hickey, Edson; November 5; Mrs. Henry Jones, Edson; Mrs. Stewart Andriaga, Hinton; Master Clarence O'Hara, Hinton; November 6; Mrs. Milford Schram, Edson; Mrs. Louise White, Pomeroy; Mr. John Champagne, Edson; Mr. Fritz Woll, Hinton; Mr. David Thomas, Edson; Miss Audrey Peguette, Marlboro; Master Steve Drobych, Rosevear; Master Sandy Joy, Edson, November 8.

EASY DOES IT!
YOU'LL find it easy to make ham and eggs quickly if you brown ham slices for 4 minutes in the skillet, break an egg on top of each slice, then add 2 tablespoons water, cover and cook gently for a minute or two until the eggs are cooked with white. Remove egg and ham slices together to warm plates for serving.

Quickly done it! Make 8 large chocolate-covered mints in top or double boiler, adding a tablespoon of cream and blending thoroughly.

RECIPE OF THE WEEK
Cheese Souffle (Serves 4)
1 1/2 cups cooked 1" pieces green beans
1 teaspoon melted oil
2 teaspoons vinegar
4 teaspoons garlic salt
Salt, pepper
1 1/2 cups cottage cheese
2 strips bacon, cooked, finely chopped
Drain beans, add oil, vinegar, garlic salt, salt and pepper to taste. Toss together to blend. Press lightly into small ring moulds. Chill 1 hour. Run hands around edge to loosen. Unmould on greens. Spoon cottage cheese into centers. Sprinkle beans over beans.
Spread on cake or cookies and let set for a few minutes before serving.
Fruit tarts and pies will have a nice glaze if you melt bright red jelly and lay them with this. Mashed cooked prunes blended with soft cream cheese make a tasty spread for sandwiches or breakfast toast which everyone will enjoy. It's healthful, too!
Have some sandwiches laid over from lunch! Don't toss them out even if the bread has dried. Put over meat loaf or make the same to spread mixture (as for French toast) and serve in a skillet with melted fat.

Bible Society Says Thanks

The British and Foreign Bible Society wish to thank the canvassers and donors of Edson for the fine response to the latest appeal when a total of \$342.00 was contributed to this world-wide work.

Mr. Huer, district secretary from Edmonton, addressed four different Churches on Sunday to express his thanks to everyone connected with this year's effort. A suggestion was made that the Bible Society hold their canvass next year in September.

Mr. Armand Roudoux of Edmonton, spent the past weekend visiting at the home of Mr. and Mrs. Bill Lelme.

Miss Gloria Dutka of Edmonton is visiting old friends in Edson. Tommy Fowler left for Arizona this week to spend a holiday in sunnier climes.

Safe Milk For Town And Country Residents

[Written for the Magazine Health by Margaret E. Smith, Ph.D., M.Sc., Director, Nutrition Division, Health League of Canada and reprinted in this newspaper in the interests of starting a discussion on the problem in this town—Editor]

Householders in most urban centers can purchase milk delivered to their doors without having to worry about production and handling, because they are supervised by health agencies and the milk is pasteurized to insure the consumer against several serious milk-borne diseases.

The situation which exists, however, in small villages and sparsely settled rural areas is distinctly different. In such places the milk is either produced on the consumer's own farm or is obtained from a distributor for whose output is so small

it is impossible for him to finance the modern methods of commercial pasteurization.

Under these conditions it is up to the consumer to improve ways and means to insure his own health and safety, as well as that of his family, against the dangers of milk-borne diseases. The use of common sense and ingenuity will both be needed to cope with the situation.

It has been proved experimentally that it is very difficult, if not impossible to obtain raw milk free from dangerous disease germs. One typical example, out of many others equally conclusive, was the experience of J. Giroux, a French husbandry specialist, who worked over a period of several years in the stables of a dairy society on the Seine River.

His report of his experiences states, "Our experiences obtained over a long period of time is that in stables kept meticulously clean which would be free milking (cows) and various quarters, cowboys trained to observe exact requirements of hygiene, the product of one milking from one animal collected in a sterilized pail always contained from 1,000 to 1,200 bacteria per cubic centimetre."

Hinton Notes

—Hear tell that our local Legion is planning to mark Remembrance Day with events suitable to the occasion.

—Overheard a free washer say that he was hired the hotel would keep the paper towels supplied in the washrooms. It's been a little chilly there too, he complains.

—The cold weather was in and around the telephone exchange too—or was it that Jim was going to be in the end?

—The businessmen's club held another meeting in the Preson Market and it was very well attended too.

—Tim Eaton saying that the power people will have to give him 52 volt power or it won't be fair.

—Noticed Allan Jones at Blas trying to get some coal. One is a member. Carl says the men will be in full production on Saturday.

—Ted Skogg says Florida is all

substantially the same result has been obtained again and again. In experiment after experiment, he never met the precautions, bacteria are found.

In view of these facts, the Health League of Canada is now sponsoring a nation-wide campaign for compulsory pasteurization of milk in all provinces, to include not only the residents of cities and large towns, but the people in small villages, on farms, isolated homesteads and in every large section of Canada where milk is used. This campaign is backed by most of the large national societies and associations and is of the most vital importance to every Canadian.

RAW MILK IS DANGEROUS

Certain diseases common to human beings are said to be non-communicable, because they are not transmitted from one individual to another. Heart disease, Bright's disease, polio, and rheumatism are examples of this group. Another group of diseases is known as communicable or infectious.

These spread from person to person in various ways. Briefly stated, the mode of transmission is by fingers, snot, food and fomites, which means something that will pollute food. Scowge in water is one example.

Scientists in various parts of the world have tried many times to obtain clean raw milk that could be depended upon as safe for human consumption, and failed to do so. In spite of the most exacting requirements of hygiene in the course of the work, they have always found the milk contained germs.

Whether these germs were harmful or not depended upon the health of the cow, but the milk was never free of those which produce fermentation and putrefaction and which, if uncontrolled, cause the milk to sour, to change color, to curdle, and when present in large numbers, bring about disease disturbances in young child.

right, but a good furnace in Hinton is much better.

—Allen Clark very jubilant over the curling season being this much closer.

—Robert Kilbe taking off all in red, hoping he can get one as easily as Pat O'Hara got his.

—Keeble's men filling in the hotel, hooking the sewerage pipes from the Hinton Clinic up with the hotel.

—Several industrious lads about their business instincts by selling Herald's left and right along the Main Stem.

—Businessmen's Club president Ray Fuller saying that it is only a matter of time before the club would be a full-fledged Chamber

HEAVY SNOW MAKES FOR GOOD HUNTING

The half tons have been really taking away a record kill of big game this year so the heavy snow has apparently forced the game in closer than normal to the guns of the hunters.

While the means above is no prize specimen as far as its dispirited horns are concerned, hunter Paul Cote, is duly proud of his trophy and he and his friends will relish the pounds and pounds of wild meat it will put in their winter larder.

Federal Liberals Organizing To Help Next Candidate

Overseas—Members of the Jean-edson Liberal Association met definite plans to ensure a future candidate a solid organization. On Friday, November 4, when it was made to hold a public of the snow and had roads, the meeting in February in some some 40 Liberals from the eastern part of the constituency were on hand to discuss organizational plans.

Cont. from page 1
made known that a natural gas pipeline was to be built to service the Minton pulp mill.

Mr. Burleigh said that the Board of Public Utilities Commissioners have consistently advised the Town to hang onto the power distribution system as a source of revenue to relieve the tax burden on ratepayers and recently told a delegation from the Council that they were still of that opinion and that the Board thought it would be a good thing for the ratepayers if the gas franchise could be handled as well.

In the meantime several power and gas companies and combinations of straight power and straight gas companies have been negotiating with Council giving their best propositions.

So far, said the Mayor, no company has come up with a proposition that would compensate the taxpayers to the extent of the 13 mills extra that would have to be added to property taxes if the power franchise were given to a private concern. Mr. Burleigh said his opinion is that if it is such a good thing

that several private companies are after the franchise then it is a good thing for the ratepayers to hang onto.

While the Board of Public Utilities Commissioners are very favorable to seeing Edson handle its own gas distribution and benefiting from the profit from it—the provincial laws governing the amount a municipality can borrow for capital expenditures is limited to 30 per cent of the net total assessment of the town.

It has been estimated that a capital expense of approximately \$300,000 would be needed for Edson Town to distribute its own gas. The provincial legislation would have to be amended and the Council have now prepared a bill to the Provincial Cabinet on this from the Town's point of view.

It was thought the question would be put to the burgesses at the municipal election in February for an expression of opinion as to the question of any rate improvement. IMPROVED MAIL SERVICE Postmaster C. Edgson told the meeting about the improved mail service which will come into effect

at the first of the year and how mail would now close for the east-bound trucks at 7:00 p.m. instead of the present 5:00 p.m. There will also be the train service as in the past.

Mr. Edgson outlined the difference now in the arrangements at the post office where the set-up is now what the post office department calls a "staff office" under the civil service commission in Ottawa instead of the former system under which the postmaster was paid in proportion to the revenue from the office.

The members present extended Mr. Edgson a vote of thanks for his efforts to Edson and district's mail service improved in the nearest it has been.

DIAL PHONES

The members expressed dissatisfaction with the service received from the Alberta Government

Telephones in answer to Edson's request for dial phones here. Secretary Lorne French read an answer which said that two more operator positions had been authorized and that a few more phones will be made possible but the rest of the waiting list will have to wait heavier cable.

The meeting decided to write to the Hon. Gordon Taylor again with a copy to the Hon. Norman Wilmore on the urgency of catching up with the demand for phone facilities in this area. The meeting commended the Town Council on its attitude

looking into the power and gas franchise and recommended the same caution be continued in the Council's future dealings with power and gas companies.

HOSPITALIZATION

A brief discussion took place on the proposal of Magistrate John Thomson that Edson look into dollar-a-day hospitalization for Edson ratepayers.

Secretary R. C. Gregg said that he estimated what the cost would amount to about \$5,000.00 and would need about 3½ mills on the tax rate. Mr. Gregg thought however that 5 mills on the taxes would be more realistic.

Other speakers, including Chairman Bolton, said their experience in other communities here this 5 mills out.

It was decided to leave the question with the Board of Trade executive for further study.

LATE CLOSING

Mr. Henry Watley addressed the meeting as a representative of the FUA locals in the district and asked what progress had been made toward one-night-a-week late closing.

Mr. Watley pointed out that the farmers were very desirous of having this extra service made available.

Earlier in the meeting Mr. A. W. Leonard had told the meeting of the presentation of the petition to the Council and how a contrary petition had been presented and that Council had made a survey of its own and had decided to shelve the question due to the conflicting opinions.

Mr. D. Patton of Carrot Creek recently attended a stamp collectors convention. There were over 100 present.

Vol. 3 Edson, Alberta, Thursday, November 17, 1955 No. 30

Council To Give Break Down On 1955 Projects

At the regular meeting of Edson's Town Council in the Council chamber on Tuesday, November 15, a letter from ratepayer G. A. Gourley requesting information on a break-down on the various projects undertaken by the Town this year resulted in Council deciding to compile a financial chart on this considerable amount of town work.

Present were Mayor Burleigh and Councillors Kesteven, Mahon, McIntyre, Nigro, Seltzer and Thayer.

Applications for Ruk Caretakery's position from L. W. Kesteven and J. W. Ernst were read. The applications were referred to the Parks Committee with power to act.

It was moved that Mr. William Crisp's lease and option to lot 11, block 23, be extended to June 30, 1956.

DELEG STONE
It was moved that approval of Council be granted to transfer of Drug Store license from L. Gavin to Randall L. Murray.

It was moved that Mr. Adolph Schermer's lease and option to lot 5, block 64, be cancelled, as of his request, and that refund of 80% of deposit in the sum of \$90.00 be authorized.

PEANUTS
It was moved that approval of Council be granted to O.R.P. for Peanut Drive to be held November 18th.

It was moved that Joe Laire be

There's Curling Next Week

Anyone interested in curling this winter are asked to leave their names on the bulletin board at the rink so that the draws can be made up and posted and the curling can begin.

The ice is there. Some of the fellows have heaved a few trial rocks down the ice already and found it to their liking.

The High School rink will be starting two afternoons a week and it is hoped that some of the ladies will also be able to curl in the afternoon, thus making as much use of the ice as possible.

So again, fellows and gals, get your names up on the bulletin board as soon as possible so you will be sure to get on a rink.

granted three months leave of absence, without pay, to February 1956.

HOLD BACK
Overall Engineering Limited are to be advised that it is the opinion of the Council that 5% hold-back should be held as specified in the contract.

It was moved that a twin 30 pound carbon dioxide fire extinguisher unit be purchased for the Power Plant.

The following accounts were passed for payment:

Canadian National Railway, \$10.00; Pilot Stan, 31.94; C. L. Gas, 108.74; Medical Services Inc., 80.60; Sam Duthie, 51.00; J. W. Shewchuk, 100.00; J. Hendricks, 99.00.

Cont. on page 5

Clergy Hold Remembrance Service at Legion Centre

Members of the Edson clergy conducted Remembrance Service in the Legion Memorial Centre for a smaller than usual crowd on Friday, November 11 due to the bitter cold for this time of year.

The Rev. C. C. Armstrong gave the keynote address, the Rev. H. W. Buchner lead the prayers and the Rev. Leslie Halliwell read the lesson to the joint congregation, while Mrs. G. M. Maclean played for the singing lead by a joint choir of mainly ladies from the Edson churches.

Under command of Legion President Earl Remneth a party went to the soldiers plot at Glenora cemetery following the service to lay wreaths in remembrance of the comrades who have passed on.

Later in the day a banquet was held in the hall with a social evening and a dance following.

The Rev. Fr. Malone was the banquet speaker and the traditional tents were prepared and answered.

A feature of the banquet centered to by the ladies of St. Catherine's W.A. was the serving by members of the Legion sponsored Cadet Corps, who proved to be very shy waiters.

Gavin Drug Sold To City Man

One of the interesting business transactions of the week was the sale of Gavin Drug by Mr. and Mrs. Leo Gavin to Mr. Randall Murray, a graduate pharmacist of Edmonton.

Mr. and Mrs. Gavin have lived in our community for 21 years since they purchased the business formerly operated as Brown Drug Store in the mid-thirties.

During the time they lived in Edson both Mr. and Mrs. Gavin have taken an active part in community and church affairs and they will continue to make their home here following a short trip to Regina and other Saskatchewan points.

Mrs. Murray hopes to join Mr. Murray to make their new home here shortly.

Watch Out For Fires

The two fires in Edson this week were not as serious as they could have been. The owner of the store always seems to have a home or business remedy handy in this or her throat until it is found out that it is common sense's fire.

As it turned out this week Monday evening's fire was in Mr. Pearson's garage on Fourth Avenue East which was on almost total loss.

On Wednesday evening two fellows were trying to heat their cold car with a torch when it suddenly became too hot. This was at Pine Street East.

We cannot be too careful of fires in this weather, when homes and businesses are kept warmer than usual. Overheated pipes, etc., can now cause a holocaust that may wipe out all one owns and leave them with out a home or means of support.

Dottie And Friends

In the shot we published of Premier Manning addressing the annual banquet of the Edson Social Credit Community Association in convention in Edson in the Legion Memorial Centre a week ago Monday, we didn't get a chance to picture our own member's better half, Dorothy Williamson. Our camera angle of the Premier obscured her. This shot of Mr. Chas. Yell, M.P. for Jasper-Edson speaking makes up that loss. P. President Dewey Miller, Premier Yell, Mrs. Bowman, Communityman right to left they are Mr. Manning and Dottie.

Chief Judge Buchanan Speaks At United Church

About 180 people attended the congregational supper and program in Edson United Church, Monday, November 14th. The supper, originally scheduled for the Memorial Hall, was held in very severe weather, but was very well attended.

After a fine supper prepared by the women of the congregation, a varied program was presented. After a brief period of informal congregational singing, the meeting was called to order with prayer. Mrs. J. Garvie, accompanied by Mrs. G. Maclean, sang two solos which were very much enjoyed.

A number of people then spoke briefly on some phase of the life and work of the church. Mrs. J. Kiekiewicz told of her interest in the Sunday School. C. V. Edgemo outlined his work with the Tyros. Mrs. W. Gillett spoke on women's work in the church, and A. W. Leonard outlined the financial program of the church. Mrs. Helen Fosheim gave a fine presentation of her reasons for an interest in missions.

Mr. A. Foster, accompanied by Mrs. Maclean sang two selections.

Elementary Parents Night At Edson

The staff of the Edson Elementary school are inviting parents to attend their "Annual Get Acquainted Night" on Wednesday, December 14, 1955, from 7:30 to 9:00 p.m.

Would parents having children attending grades at the Parish Hall, the United Church and the Roman Catholic Church, please visit their rooms first and then come over to the "trick" school for lunch.

Mr. Fred Hickey was a brief visitor at the home of his sister, Mrs. Will LaRue on Wednesday of this week.

The Tollerton Jail

Everyone this week seems to be more or less admitting that the Tollerton jail site would be ideal in the many ways that all have been thinking of: economic, cultural and educational. Economic because it will give a needed shot-in-the-arm to a presently sagging trade period. Cultural because the many hundreds of people who will come to live here will help build up our balance of those who are interested in the good things in life. Educational because any expansion of a population generally means that the little guy is able to do his recreation of life much cheaper when there are lots of other little guys around to bring down the cost of living.

This week the Town fathers and the Board of Trade think enough of the advisability of acquiring Ottawa with our advantages that they are sending three representatives between to interview Minister of Justice Cannon on the matter.

One of the interesting points brought out in our letters to the editor—that of not having the jail named after Edson—can be easily got around by using the name of the site—Tollerton, which has historic implications and should not be dropped from the Alberta roster of place names in any event.

O Ottawa be thou not blind to our virtues.

Letter To The Editor

Dear Sir: Last week's article by Shamus fairly bristles with indignation. From here the picture of Princess Margaret and Captain Townsend appears to be upside down. True, there has been a great deal of time and money and unnecessary publicity, but destiny has placed the royal family in a position where their actions are of vital concern to the public.

We look to their leadership in all that is good and true. That was the crux of the trouble. The royal family belong to the Church of England. Her Majesty, the Queen, is the visible head. Divorce and re-marriage are forbidden. Captain Townsend is a divorced man. The question was would the Princess live up to a stern code of duty; or would she follow in the footsteps of "Gladie Miller" who chose the former and our hats are off to her.

No matter what our personal beliefs, would our hearts not have felt a little chafed, a little sad to find our lovely Princess had not feet of clay after all?

The crux of duty may be heavy, no one denies it. However it cannot be as weighty as the one her Uncle carries, knowing as he must, that he pushed his pack on to other shoulders too frail to carry it, and thus prematurely ends those of our young citizens.

Are his pictures those of a happy man? Ever since cannot have caused such havoc.

Royalty or commoner, we can not shrink if we would have peace of mind.

On Margaret's Side

WE LAUGHED AT THESE

"Miss Helen," said the Negro parson impressively, "as I lead her into the brook for baptism, 'I'm going to lead you out into the brook stream, an' wash out every spot of sin you've got."

"Lawdy, parson," giggled the erstwhile frolicsome Helen, "is that 'it' of shallow creek?"

Joe Kling boarded his home-bound bus in the best of all possible humors. "I feel fine tonight," he boasted to his neighbor, Goodkind.

"I got a cute little cocker puppy for my wife this morning," "Good," sighed Goodkind enviously, "I wish I could make a trade like that."

Personally I am all for this penitentiary, provided that it is called by some name that will not associate the town of Edson in the public mind that the "pen," but I can see the other side of this question and think that you will have lots of opposition.

Your statement that jailbreaks in Canada are subject for radio dramatizations, but not related to facts, is very misleading and is not supported by those figures taken from the Edmonton Journal of last Thursday, in the last ten years ninety-five men have broken out of the Okaklia prison, in Burnaby, B.C. Thirty-nine since 1922.

Edmonton (Glad to hear you said—E.D.)

Sir: ★ ★

May I have the privilege of some space in your columns to draw attention to the appalling slow progress on the Edson School additions. The new Edson High School has been bedeviled since it first opened as a junior and high school with auditorium and home economics room. This year a further two rooms are being built in addition to the new eight-room elementary school. These additions to our schools were not started until late August and yet the need has been known to everyone for over a year. Housing projects don't stay under construction for over a year.

These schools were supposed to be ready for use in January, but are coming along very slowly. Yet the new Evansburg school that is not so urgently needed is rapidly nearing completion. In the meantime Edson children are going to school in any available building till the new rooms are completed.

Has the school board penalty clauses in its contracts? It is my understanding that Edson is not alone among the towns in the province where guarantees are falling by the wayside, apparently unheeded. The whole lives of our towns are being affected by this state of affairs. Can the school board do to nothing about it?

An irate and Worried Parent. (Join the Edson Home & School Association m'am and you'll find the problem is being intelligently handled—B.M.)

THE ALBERTA SCENE

By KEN MASON

Edmonton—Surplus grain production, and the problem of what to do with it, made headlines in the news from the capital last week.

While Trade Minister C. D. Howe announced a plan to advance loans to farmers at five per cent interest on farm-stored grain, the provincial government took a critical attitude and the Alberta Social Credit League came up with suggestions for disposing of surplus stocks.

Mrs. L. C. Halmrast, minister of Agriculture for Alberta, commented at length on the federal plan for helping to meet the emergency faced by farmers who have grain they are unable to sell. He said it would help some farmers, some extent, but he wasn't very enthusiastic.

Mr. Halmrast felt the federal government might have offered to advance a 10 per cent interest on loans to farmers. In addition, he pointed out that many farmers are reluctant to borrow—that they already have borrowed all the money they can, and are disposing of grain at sacrifice prices in order to pay their bills.

In brief, the provincial minister of agriculture felt the federal plan wouldn't provide too much relief for farmers.

There are indications that the problem of surplus grain will be one of the main topics for discussion at the annual convention of the Alberta Social Credit League in Calgary November 29 to December 1.

The Edmonton Commonwealth BC group was one of several to pass resolutions dealing with the wheat surplus, to be submitted to the provincial convention. The Edmonton resolution suggests that surplus grain be donated to the United Nations Food and Agriculture Organization for distribution to needy countries on a barter basis, if possible.

Mr. Halmrast followed some, what in the same lines in his comments on Mr. Howe's announcement. He said the federal government should not overlook the possibility of bartering grain with non-dollar countries.

The problem of surplus grain may not be a serious one, but according to Mr. Halmrast it isn't as serious in Alberta as in some other provinces. Alberta farmers, he said, have learned not to rely heavily on grain for their income.

"Alberta farmers are in the fortunate position of receiving a high percentage of their income from livestock products," the minister said. He added that during 1954 Alberta farmers earned about \$14,000,000 from grain crops and about \$21,000,000 from livestock.

An irate and Worried Parent. (Join the Edson Home & School Association m'am and you'll find the problem is being intelligently handled—B.M.)

on success at raising grain and sheep in southern Alberta. It probably gives him a good deal of satisfaction to be able to say Alberta farmers don't rely solely on grain for their income.

The public account for the fiscal year ending March 31, 1955, were released last week by C. K. Luckvale, provincial auditor. Among other things, they show that expenditures exceeded revenue for the first time in several years, and the province had to dip into its reserves for \$12,604,705 to make up the difference.

The total cost of running government affairs in 1954-55 was \$211,284,489. This was made up of expenditures on income account of \$109,223,971 and on capital account of \$102,060,518. The cost of government in the preceding year was \$187,609,823.

Alberta's public debt picture improved somewhat again during the year. At March 31, the total debt was \$91,588,797, a decrease of \$2,248,941 from the figure at the end of the previous year. To offset this, the province had cash and investments totaling \$12,562,246 and can continue to claim debt-free status.

The royal commission investigating charges of maladministration against the government now has been adjourned until November 28. The chairman, Mr. Justice Hugh John Macdonald, still is recovering from a back ailment, but could resume hearings November 21.

However the commission can get James Mahaffy, has other commitments for the week of November 21. When public hearings resume in Edmonton November 28, the commission will continue its probe of treasury branch loans granted to members of the legislature.

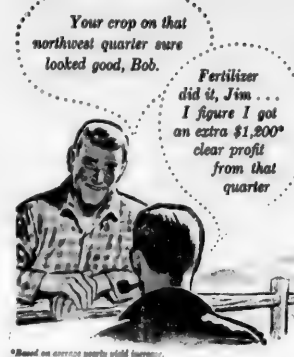

Courtesy Pays Off

Most small towns and even large towns, can use a pretty fair amount of good publicity. Contacts with prospective industries, business and people who may be thinking of making their homes outside the city, depend in a great extent that is generally realized on the treatment which they receive from residents and officials who, quite unobtrusively, set the tone of the town's general attitude.

Before the war, manners were much better all round. People were, perhaps, doing a better job through the depression. Then came the days of short supply when anyone could sell anything and courtesy all too often went by the boards.

Today we are back in a competitive society. People will like you if you are polite; they will live in your town if they find it pleasant; they will build their industries there if it is to their advantage and once again—courtesy pays off.

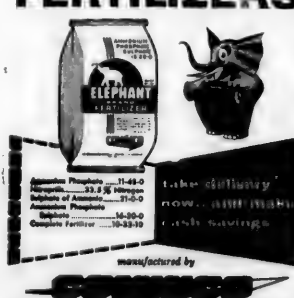

—Custer Anderson

Fertilizer did it, Jim... I figure I got an extra \$1,200* clear profit from that quarter

Rob's extra profit was just one of the many "bonuses" farmers get from fertilizing. When you fertilize your crops you can harvest up to two weeks earlier avoiding frost, hail and other damage. Better grades, bigger yields, weed control and keeping your land fertile are additional advantages—reasons why more and more farmers are fertilizing every year. See your Elephant Brand agent about the right fertilizer for you.

By G. S. NORTHMORE

The little boy thinks his father runs the world. He refers to "Daddy's office" and "Daddy's town," as though both organizations and the rest of the universe belonged to his father by feudal right.

Whenever an air, one flies over, he says "My daddy's in that place"—an assertion that often leads to a fierce argument with a visiting small boy. The visiting boy stoutly contends that his daddy, and no one else, is right.

The boy sees his daddy as the power behind every event. When the telephone rings, he answers it and says "Hello, Daddy." The idea that anyone else might phone has not occurred to him so far.

The boy's father does come home tired and worried, knowing himself to be a small figure in a large and complex world. At the same time, thousands of other fathers are on their way home, some oppressed by debt, some from frustration, or jubilant over a smart stroke of business, or sorry for their unjust or stupid behavior.

Among the homecoming fathers are young, middle-aged and old. Some are going to bed, some are going to go away and not bother him, but he sees the small face looking up, creased with disappointment, and he feels sorry.

So he holds his son on his shoulders and tumbles him about for a few minutes. And as the boy is taken to bed by his mother, Daddy sits down with his feet on a chair, hoping to himself that the boy won't be too shocked when he learns that his father isn't particularly strong or wise at all.

This particular boy, aged three, is often up beyond bedtime waiting for his father. He has some demand to make, or some information to impart.

"Daddy, lift me up on your head," he says. "Daddy, fix the wheel on this car." "I got an apple," "Daddy, we went and saw TV, and we saw a monkey and a funny man." Come and read my book with me, Daddy."

Sometimes Daddy tells the boy

Yates News

An effort was made last Wednesday afternoon to get our club back on its feet. The few members able to be present enjoyed a pleasant afternoon. The next meeting will be held on Wednesday afternoon, December 7, at Mrs. Eleanor Hoehner's.

Mrs. Nela Carlson was hostess at a "Slender" party in her home on Friday evening. Several were invited from attending.

Members of the community are sorry to learn that Mrs. Roy Madlen is again on the sick list and wish her a speedy recovery.

Doreen Fousheim entertained at a birthday party in her home on Sunday afternoon, November 6. There are hills just right for coasting on the Fousheim farm and the little folk took full advantage of them. Tobogganing until long after dark. They stopped only long enough to enjoy a delicious lunch complete with birthday cake.

Three year old Linda Fousheim brought down the house when she came out with: "I know why the leaves fall off the trees in the fall. Mummy. That's where the money is."

The first ties of the season were unloaded at Yates landing on Friday, coming from George Bilson's camp, 30 miles north-west.

We were all dismayed at the heavy loss of snow but to the camp area of Gardners there was between three and four feet of the white fluffy stuff.

Annual Meeting will be held in the ELK'S HALL, RANGUDO on Saturday, November 19 at 1:00 p.m.

It is the duty of all members to attend. Coffee and Doughnuts will be served after the meeting.

THROUGH THE

Study Window

By REV. C. C. ARMSTRONG

In the course of the congregational supper in the Church the other evening, Chief Justice Buchanan called attention to the Arch-er Memorial Hospital at Lamont, Alberta.

The hospital began as a pioneer venture on the part of the Methodist Church, who established a mission hospital in an area being settled by immigrants newly arrived from Central Europe.

Now it has grown to be the largest hospital owned and operated by the United Church. It operates a nurses training school in conjunction with the hospital,

which gives excellent training.

One is thankful for doctors in every community. Their work of healing is urgently needed in many, many areas. Because it is the type of service that is vitally important, it is very necessary that the community should have both doctors and hospital facilities.

It must be freely admitted that the Roman Catholic Church has done much more in the field of hospitalization than has been done by the Protestant Churches. Many of us who look for our spiritual guidance in the Protestant tradition have tended to divorce our body and our soul.

To put it in another way, we have tended to say that medicine should be public rather than parochial; that hospitals should be financed by the municipality rather than by missions. In other words, let the churches keep out of the field of medical services, and let them be provided on a non-demonstrational basis.

A brief survey of the Gospel indicates that Jesus came to preach, to teach and to heal. A doctor or a nurse may not wish to preach or teach, but finds a deep satisfaction in the ministry of healing. If we make churches available to preachers, ought we not to provide an outlet for people who find that their particular form of medical service?

The Christian Science practitioner has no doubts that good health and Christian Science should go together. There are those of us who find a more helpful view of Christian Science as a faith that God works through those whose minds, training and life utilize scientific knowledge, acquired and applied after training in the faculty of medicine. The Church that shows no interest in medical services as an expression of the Christian life is without vision. To heal is to help the cause of Christ.

FROM THE

Pastor's Desk

By REV. L. B. HALLIWELL

He began to teach the disciples' (John 13:3)
We often forget that Jesus Christ is the same today, when He is sitting on the throne, as He was yesterday when He trod the pathway of our world. And in this forgetfulness how much we miss. What He was, that He is. What He said, that He says. The Gospels are simply specimens of the life that He is ever living; they are leaves torn out of the diary of His unchangeable Being.

Today He is engaged in washing the feet of the disciples, seated with their wilderness journeyings. Yes, that charming incident is having its fulfillment in you, my friend. If only you do not refuse the lowly loving offices of Him whom we call Master and Lord, but who still finds himself and comes forth to serve.

And we must have this incessant cleansing if we would keep right. It is not enough to look back to a certain hour when we first knelt at the feet of the Son of God for pardon; and heard Him say: "Thy sins, which are many, are all forgiven."

We need daily, hourly cleansing—from the daily and hourly sin.

This Sunday brings to an end the Christian Year. With the following Sunday, we begin to prepare for the coming of the Saviour. We shall be rather sober at the thought of His Coming because we know that we are not ready for Him, not worthy of Him. But Advent is not a penitential season like Lent. Indeed, we do look forward with joy to the Birth of the Christ Child.

It was noted that Financial Statement to October 31 was reviewed and incorporated in the minutes.

Edson Locals

Mr. and Mrs. Paul Delain were accompanied by Mrs. Delain's mother, Mrs. McCurdy Nichols, little Miss Gloria Dutka and Mr. Delain's father when they motored to Edmonton on Thursday for a day in the city.
Mrs. Marg Gustafson of Edmonton is visiting at the home of Mr. and Mrs. McCurdy Nichols and renewing old acquaintances in Edson.
Miss Amy Ringstad spent the long weekend at her home at Clyde, Alberta.
Mr. and Mrs. Robert Sears of Rocky Mountain House were visiting at the home of Mrs. Sears' parents, Mr. and Mrs. George Letvenak last week. The geographical outfit that Mr. Sears works for is to be moved back to this district shortly and their many friends will be glad to renew old friendships with them.
Mrs. George Brown, Berly and Gordon will be spending this week-end at Jasper.

Chairs Covered

Here's your opportunity to have those Christmas Chairs recovered. A factory trained expert will be at the Commodore Hotel Saturday and Sunday, November 19 and 20. or Phone 357 for further particulars.

'Twas The Plight Before Christmas

'Twas the plight before Christmas, And all through the house, Mother was thinking Of son, daughter and spouse. "Oh, what shall I get them To show they are dear, Oh, what shall I get them, Now Christmas is near."

Then she thought of a place that is right here in town, And she put on her coat and hurried on down, To the MARSHALL-WELLS STORE with its shelves full of toys

And everything there for good girls and boys. So she picked up some gifts for Aunt Sally and Lou, And Jimmy and Albert and of course, Father, too. She heaved a sigh of relief as she went out the door, "My money's gone farther than ever before, I'll surely come back for your dollar buys more At your MARSHALL-WELLS STORE.

Illustrated at right is a Silent Glow Portable Forced Air Heater.

Thousands of these heaters are in use the world over in places such as Greenland, Alaska and in the Arctic.

YOU Could Use One For:

- Space heating in buildings under construction, temporary buildings, warehouses, storage sheds, shipping platforms, materials handling areas, garages, repair shops, barns, poultry houses, etc.
- Spot heating of men, materials and equipment, ideal for warming work men on the job.
- Pre-heating engines and other mechanical equipment.
- Pre-heating materials which may require conditioning before use such as cement and other blocks, brick, asphalt, tar, oil or other materials which congeal in cold.
- Thawing frozen machinery, pipes, heavy crawler equipment, boats, etc.
- Drying and curing — sand, plaster, concrete, paint. Drying out wet or damp areas.

Wanna Be A Candy Kid?
Would you like to be a Candy Kid? It's easy, it only costs a dime a week, and you get an immense amount of satisfaction, dit of knowing that you are helping someone.
The Candy Kids fund supports two orphans, a boy and a girl in two separate orphanages, one in Hong Kong and the other in Seoul, Korea. The fund was built up by the contributions of Edson boys and girls, and some adults, who contribute ten cents a week to make up 20 dollars a month. This 20 dollars is required to provide food, clothing, education and a Christian upbringing in the orphanage.
The Candy Kids invite other interested persons to pledge their own small way to build a world of peace.
The Kids are also welcoming contributions towards the Christmas parcels which must be sent soon if their little charges are to receive them before Christmas. Just check with Elaine at the Candy Store.

POWER SURVEY
Meeting of the Hinton Businessmen's Club was held Tuesday evening Mr. J. E. Bagshaw, the new business manager for the Canadian Utilities Ltd. addressed the meeting on behalf of his company.
He explained that the company had been requested by the Department of Municipal Affairs to look over the situation at Hinton and see if it was feasible to give the Hamlet electric power.
The company finds it would like very much to come in and help with the development of this Hamlet (unorganized now, but not for long) and he went on to explain how their rates were set, and how much it would cost to run various types of business and homes.
He also requested that the meeting if it saw fit to have a resolution drawn up for the Public Utilities Commission that the Hinton's Club wanted his company to come in and supply electric power to our town. This was done by the meeting.
Then Mr. Ford, the chief engineer for the company, gave a talk on the technical aspect of putting the power into the town. He also said that if the company was given the green light to go ahead this week that power would be supplied the Hamlet before the end of November.
Then Mr. Ford, the chief engineer for the company, gave a talk on the technical aspect of putting the power into the town. He also said that if the company was given the green light to go ahead this week that power would be supplied the Hamlet before the end of November.

Hinton Notes
—Well the snow and ice did not stay with us very long. I guess that winter was just giving us a final warning to get our new shoes as wintered and some form of heat in them.
—Saw Bob Adams and Mr. Kellie putting the tar on the roof of the new addition to Ray Fuller's garage, but it seemed that most of the tar was getting on Mrs. Fullers kitchen windows. Sure it is not so windy, there is still strong wind.
—Speaking of winds the one we had on Monday night was the strongest ever, a few of the kids who had just moved their canoe over from the New West No. 1 camp to the Pulp Mill Camp and had not taken the wheels off them, said that when they got up in the morning they were one inch from so much rocking.
—Saw Eric Potter going the rounds on top of the hill with his new book in his hand.
Also noted late Monday evening. Orton Hey cutting across the trailer camp in a house with a full bottle of milk in his hand. Guess someone forgot to put their bottle out in the morning, eh.
—The New West have moved another group of their big earth moving machines over from their No. 1 camp to the Pulp Mill job. Looks like they are going to try and get ahead of Jack Frost a bit.
—Mr. McVale of the Woodlands Division now in Port Arthur. Ontario will be home this weekend.
—The Dave Racoon of Obed, put on a do Tuesday evening to celebrate the opening of their new quarters on the black top over the hill from where they used to hang out. The Fullers and the Ollars from Hinton were there and said they had quite a time.
—Tim Eaton's brother Bill was up to see him this week from Pours and Tim was showing him the highlights of the term.
—Mrs. Ray Fuller says she had quite a good time at the bingo last Friday evening she also was a prize.
—Saw several women from the trailer camp asking Frank Lovin when the power was coming in. Overheard Mrs. Johnson saying she would sure be glad to use her washing machine—this hand business is getting to much after three months.
—The walls and floors of the new post office going together at just a few days. Sam in the canteen man doing the putting together.
—Was up looking at the water coming out of the new well. Still seems a bit cloudy.
—Counted over thirty cars heading out out of town Saturday afternoon. Each one had the gravel out of a door or mouse sticking up where all could see. Did not notice any elf and have only heard of two being taken so far this season.

FOR SALE BY TENDER

ESTATE OF FRANK E. COFFEY, DECEASED
The Public Trustee offers for sale by tender:

South west quarter of section twenty-five (25) township fifty-seven (57), range nine (9), west of the fifth meridian, in the Province of Alberta, as shown upon a map or plan of survey of the said township signed at Ottawa on the third day of June A.D. 1908. Containing one hundred and fifty-eight (158) acres more or less, reserving unto Her Majesty all mines and minerals.

Improvements consist of approximately one hundred and four (104) acres under cultivation, two granaries and fencing.

Sealed bids to be submitted to the Public Trustee, Land Titles Building, Edmonton, Alberta, up to 2:00 o'clock in the afternoon, on Monday, the 14th day of November A.D. 1955, for the purchase of the above property, stating whether terms or cash.

Tenders should be forwarded in a sealed envelope and marked "Tender, Coffey Estate," and accompanied by cash for ten per cent (10%) of the offer must accompany the same.

The highest or any tender not accepted, deposits will be returned to unsuccessful tenderers.

Rosevear District News

The monthly meeting of the Rosevear Social and Athletic Association was held November 4th at the home of Miss A. Paschak. After the regular business was concluded, it was decided that a cash bingo be held in the school November 25th, proceeds to go towards the Christmas Tree for the children of the community. Anyone wishing to take part in an impromptu entertainment on December 17th, date of the Christmas Concert, is quite welcome to do so. We would like to see the young people of the community do as well as they did last year in putting on an unrehearsed program.

Don't forget the regular dance on Friday, November 11th.

Mrs. R. Stibel was a brief visitor to Edmonston last Wednesday. People from across the river are having their troubles, as there is too much ice for the ferry and not enough ice to walk on. Some of them have to drive all the way to Edmonston and around by the Highway for their mail.

Pass 187,000 Mark
Canada's Boy Scout membership soared to a new high of 187,512 during the first six months of this year, an increase of 12,226 over the December 31st total. Canada now has 100,045 Wolf Cubs; 56,702 Boy Scouts; 475 Lone Scouts; 1,327 Sea Scouts; 3,002 Rover Scouts; a total of 170,000 boy members, plus 17,503 adult leaders.

Christmas

Isn't so far away
That you shouldn't be thinking about how many Christmas cards printed today, and how many more and address you will need. We have just received our samples — drop in and look them over.

SEEN ON THE MAIN DRAG

—Stan Grimes and Fred Armstrong in from a successful hunting trip and proudly displaying a bull moose antler.

—Several ladies of the United Church W.A. hurried around the hall getting ready for the supper which was held in the church basement Monday night. And what a supper it was.

—Bill Kuzky having a few across the Main Stem to get his half foot kuzky.

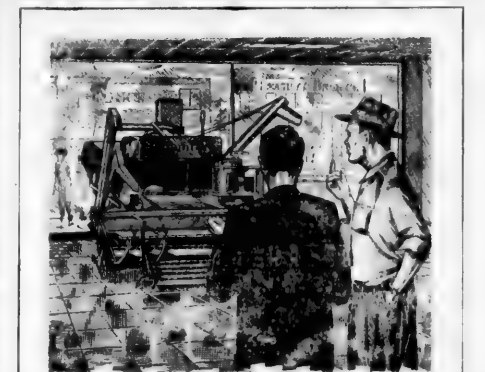

—More Edson citizens walking in this cold weather, when it could be nice to ride than ever. Forget to say what he lost before walk in the balmy weather, when that

Friends Honor Mrs. M. Wynn

Several neighbours and friends of Mrs. Mary Wynn, called on Friday afternoon, November 11 to surprise and honour her on the occasion of her 76 birthday.

The afternoon was pleasantly spent chatting and listening to "Ginny" recall experiences of her earlier days in Canada, after migrating to this country from her native Ireland.

Mrs. Wynn proved to all present that she still has lots of vigor when she blew out all the candles on her birthday cake in one puff.

HOW... DOES A STRONG FINANCIAL SERVICE Sell Machinery?

Today's high costs are a big problem with farmers and cattlemen. They would be a big problem with the implement dealer too, if it were not for the services of the Provincial Treasury Branches. To be a successful businessman, it is essential to keep pace with the growing demands of clients and customers. Now more than ever, the man on the land is expanding and progressing. It is up to the implement dealer to meet his growing demands. To do this requires the many services the Provincial Treasury Branches offer. Drafts, loans, current accounts, money orders, safety deposit boxes are just a few of the many conveniences supplied by our organization. The implement dealer has one thing in common with every other Alberta... the complete facilities of the Provincial Treasury Branches stand ready to meet his needs.

woman's viewpoint

BY VI First they remember the Dead
This past week was a memorable one for the Legion, November the public stand in common ground all re- 11 is the day for remembering legions represented and remember and I think our Legionnaires do a their common service. Thus once real job of this, is a year the Legion achieves what

It's Been Pleasant

After more than twenty-one years of business in your midst we have sold GAVIN DRUG to Mr. RANDALL MURRAY, Graduate Pharmacist of Ed- monton.

Our business associations with you have always been pleasant and it is with regrets that we leave GAVIN DRUG. We ask you to give Mr. Murray the same whole-hearted support and patronage which you have extended to us.

He comes to Edson well qualified to serve the needs of a growing community. Mrs. Murray will join him shortly to make their home here. We wish them every happiness and success here in Edson.

Leo and Mary Gavin

others have tried so many times to do.

Did you know that the wreaths that the Businessmen buy are placed on the graves in the Soldier's plot at Glenwood? Well they do even in below zero weather.

Then we celebrate with a banquet and dance, because November 11, was the end of a long and hard war. Have to admit that at the Legion banquet its the only time that I know they must there be no smoking until after the toast to "The Queen."

Tradition you say, but these good, we need lots of tradition and the time honored gallantry of a toast to the Ladies is always remembered.

The Edson Branch of the Cadets served the supper and a grand job they did too, they are a credit to the Legion, Mr. Barker.

This is my bouquet to the Legion this week. More power to them.

Just to make this look more like a column for the Ladies, I'm adding a handy cookie recipe you can use it in any number of ways.

COOKIES
I got a basic recipe for cookies from an old English friend and I find it so useful, should pass it on 1 cup of marger (half butter if you feel splashy).

3 cups of brown sugar, (packed), cream 3 eggs, cream some more. 1 banana (or 1/4 cup milk if no banana)

1 teaspoon vanilla flavouring 1 teaspoon soda

2 to 3 1/2 cups flour (enough to make soft dough.) to this can be added raisins, currants, nuts, chocolate, etc. makes 8 dozen or more cookies.

If you have a cookie gun, this is quick and easy. Or you can roll into small balls dip in egg white and crushed nuts, poke hole in centre to which you add jam, jelly when cooked.

Among those home for the Remembrance Day weekend were Misses Evelyn Gentry, Annie Lewis and Marie Knebel.

Mayor Declares December 1st S-Day For Safety Campaign

Last year there were 91 accidents within the town borders investigated by the local police force alone. This year the total is higher already with another month to go.

Make S-Day an example for the following days in the way of trouble-free traffic control within our town and on our highways.

Following the suggestions in the many signs and pamphlets will be a help.

On a provincial basis there were 16,446 accidents last year which killed 205 people and injured 3,632 more, and cost over twenty-millions in dollar value. Perhaps safety-consciousness can cut down this staggering total.

Mayor Manley Burleigh has declared the First of December S-Day for this town to spark a safety driving campaign that is being organized on a province-wide basis to help reduce the cost-of-the-year toll from traffic accidents.

Chief Constable J. MacDonald and Constables R. Craddock and H. Nhier of the Edson Police Department are co-operating with the R.C.M.P. to try and reduce the number of accidents occurring in what is already a record year.

MAKE EVERY DAY S-D DAY

"Lying in bed at 11:00 PM? The answer, better - you observe S-D Day by driving safely for 24 hours!"

Coldest November On Record

In spite of recollections by old time residents that the fall of 1919 was colder than this year the record shows a record has been set. Unofficial weatherman Rod Gregg has given us the figures for the cold snap which commenced with sub-zero readings on Remembrance Day and which continued since with no letup in sight.

	High	Low
Nov. 13	-5	-23
Nov. 14	-5	-29
Nov. 15	-12	-25
Nov. 16	-8	-24
Nov. 17	-1	-23
Nov. 18	-1	-23
Nov. 19	0	-30
Nov. 20	-12	-30
Nov. 21	5	-19
Nov. 22	0	-31.5
Nov. 23	-11	-37
Nov. 24	-10	-31

The November cold spell in 1919 lasted through until April with very little relief which caused it to be impressed on old timers in the days before thermometers became so general.

Mrs. Fabis (nee Frances Morris) of Calgary, is visiting at the home of her mother, Mrs. P. Morris and sister, Mrs. Stevenson.

Railroader Here Now In Edson Firm

The firm known as Porslens Coal Sales operated by Mr. Jim Smith expanded this week with the announcement that Mr. Vic Spurgeon had assumed the reins of business manager.

Mr. Spurgeon is well known in railroad circles here, having been an operator mainly on the C.N.R. Branch at Coalpur, in 1942, prior to his transfer to the Northern Alberta Railways where he was an operator at Watrous.

He was honored recently in the city upon his retirement from the N.A.R. and now he and Mrs. Spurgeon have returned to Edson to make their home. Daughter Kathleen (Mrs. Morris Ogilvie) lives here as well.

Gene And Wife To See Grey Cup

Mr. and Mrs. Gene Selovsky left unexpectedly on Wednesday night for Edmonton where they were to catch one of the Grey Cup Specials taking hockey football fans to Vancouver for the game.

It seems Watrous players in Edmonton were giving the trip to people from their various departments, so not to be left out the local branch of Watrous donated the trip for two, and Wednesday, the older members of the staff drove home to see who would be watching the game on their staff.

The Selovskys made some last arrangements to have their family when they left, packed their bags and were off before they could hardly realize their good luck.

Oddly that the Federal Government will pick the Tolerton industrial site for the projected new Federal prison seemed to be good, the representatives who flew to Ottawa the first of this week report on their return. Making the trip, escorted by former Jasper-Edson member Jack Welbourn, were Councillor Bill Switzer and Edson Town Secretary Rod Gregg. Flying from Edmonton on Sunday they were able to meet with the authorities first thing Monday morning.

Mr. Welbourn managed to get their interview with Justice Minister Stuart Garson just after nine o'clock Monday. The Hon. Mr. Garson told the delegation that Edson was well situated in many ways and discussed the facilities available, such as transportation, water, sewer and the impact on the population, while the delegation showed the plans prepared by the Town and presented the prepared brief and answered questions.

Mr. Garson reminded the delegation that his department would consider all the locations being investigated very cold-bloodedly on a basis on suitability from the point of view of the Federal prison system. He also mentioned that Major General G. B. Gibson, superintendent of the prison board, and R. W. Catto, chief engineer for the system, would be making an inspection tour of Edson district early in December.

The delegation also met with General Gibson and Mr. Catto and explained in detail the thumb-nail sketches and briefs presented to the Minister. General Gibson appeared very favorably impressed with the location south of the Tolerton site, the availability of the needed 500 acres on Crown lands.

While it hadn't definitely been decided the General said, a sort of canning factory was planned to occupy the prisoners. The fact that Edson has never had a complete vegetable crop failure impressed them very much.

The fact that prisoners could be unloaded in daylight conveniently and that relatives could visit for the prescribed hour without staying overnight was important too.

After the delegation had returned to their hotel room Justice Minister Garson phoned Mr. Welbourn to say that his Department were very pleased with the presentation and brief.

Another factor the General was interested in was the availability of construction workers in this district. The delegation pointed out the heavy building program going on in this area now and expressed their opinion that there would be no problem along this line.

While there was nothing definite decided as to size, General Gibson thought the initial staff would number about 150 with key personnel such as wardens living at the prison while the rest of the employees would build or rent their homes in and around Edson town.

Divisional Board Gets New School District Approved

At the regular meeting of the Board of the Edson School Division held in the board room at Edson High School on Thursday, November 17, letter of approval from the minister of education was read authorizing East Bank School District No. 5062. The district is composed of that area lying east of the McLeod River just north of Peers and includes all families with children of school age.

A full discussion took place on the Board's planning for the Hinton school expansion as the growth of the pulp mill development demands.

Present at the meeting were Trustees A. C. Gough, J. H. Lawton, H. G. Haddock, R. C. Frith, W. H. Kamherwitz, Superintendent J. H. Frisley and Secretary-Treasurer D. S. Shandell.

New School District A letter of Ministerial Approval of the formation and acceptance of a new district called the East Bank School District No. 5062 was read. The district is composed of

Town Promotion

This week as usual we have letter writers who don't agree with us. One letter writer in particular says the Council shouldn't have spent money to send representatives to Ottawa for the sake of interesting the Dominion Government in the possibilities of our town and district in locating, in this instance, a jail site here.

We made a point of finding out from Secretary-Treasurer R. C. Gregg how much the expenses for the capital trip amounted to and found that Councillor W. A. Switzer and Mr. Gregg, made the trip to Ottawa and back for the amazingly low figure of \$600.00. Straight transportation expenses were \$350.00.

In addition to this expense borne by the Town, members of the Edson Board of Trade dipped into their pockets for approximately \$300.00 to finance former Liberal member for this riding, Jack Weibauer's trip to Ottawa to introduce the delegation to the Liberal Government ministers.

For something considerably under \$600.00 Edson and district got very good value for its money in the way making the powers that be conscious of our growing community. We may not even get this jail situated here, but some of the authorities in Ottawa have had it emphasized that there is such a place as Edson on the map.

We are continually hearing from all directions that the twentieth century belongs to Canada. Since the discovery of oil and gas in Alberta we have been one of the provinces most in the limelight.

A great many people are coming to Alberta every year—many with money to invest. The more we can tell about our district's industrial possibilities, the more likely we are going to cash in on this growth.

There are those among us who like our district as it is—frontier style and struggling for many. For the bulk of our population and the people who will come to this district, the sooner we reach an industrial balance the sooner they will approach the higher standard of living that we British North Americans envy in our cousins to the south.

Other communities in Alberta right now are deploring the lack of action by their public bodies—we in Edson are in the happy position of being able to commend our public officials for their foresighted efforts.

Wise Christmas Shoppers

The wisest shoppers make their selections of Christmas gifts early while stocks are complete and the cost items are in abundant supply. Some people, as merchants well know, start making their selections of the more important gifts early in the summer.

Christmas shopping done early is a pleasant chore, but to the late comers it is a task that has on hectic occasions made a nightmare of Christmas Eve.

Solutions for gifts in our local stores this year are at the very peak. Throughout the summer months merchants have been giving the question the utmost of consideration.

Be wise this year by starting and finishing your Christmas shopping as early as possible—you gain in wider selections and less wear and tear on the nervous system.

WE LAUGHED AT THESE

Minister (to small daughter of family blessed with twins) So God has sent you two more little brothers, Sally.
Sally—Yes, and He knows where the money is coming from, too. I heard Daddy say so.

A fond mother in Valparaiso heard that all earthquakes were coming and sent her boys to a friend in the country so that they might escape it. In a few days she received a note from the friend saying, "Take away the boys and send along the earthquake."

In the Alps, MacPherson hired a taxi at the station to go to his hotel. On the way the taxi skidded downhill and the driver yelled: "My brakes are gone, I can't stop the car!"
MacPherson, terrified, exclaimed: "At any rate, men, stop the motor!"

"Your class did it come to you?" asked the farmer, driving up to the town where his hired man had taken shelter from an electrical storm.

"Well," answered the man, still agitated, "I don't know, but my pipe wasn't lit before."

A man being tried for murder had bribed an Irishman on the jury to hold out for a verdict of manslaughter. The jury was out for a long time and finally returned with a verdict of manslaughter.

"I'm much obliged," whispered the prisoner to the Irishman. "Did you have a hard time of it?"
The devil's own time, said Pat. "The other eleven wanted to acquit ya."

A Communist agitator rode into the city park and after leaving his bicycle against the railing, mounted a soap box and started to address the crowd.

"If your family is hungry," he shouted, "grab a shop and take food for them, and don't care what anybody says. If your wife hasn't got a coat, pick the best fur coat you can see, and ignore the consequences."

After several more minutes in this strain, he dismounted from his soapbox, and his next words were: "Where's the scandalous who took my bicycle!"

"We'll have to fight like hell, men," said the C.O. in Korea. "We're outnumbered four to one."

A military officer who had listened carefully was among the first to get into the fight. Later, however, the commanding officer found him killing comfortably against a tree. Up forward the rifles cracked and the men were still battling furiously.

"What's the idea, Terlinger?" barked the officer. "Why aren't you fighting?"
"Ah got me four," replied Terlinger.

Letter To The Editor

Dear Sir: In your paper last week that three people had been sent to Ottawa by plane, as representatives of the town of Edson, to interview the Minister of Justice, re the "Pan" site at Tollerston.

I also read that the Board of Trade had undertaken the expenses of one member of this delegation, which I understand will be in the neighborhood of \$250. This I can understand, as most of these members are business men who stand to benefit financially, should the "pan" be established here.

The question that I would like to ask is this: who is footing the bill for the other two delegates, which I presume would amount to approximately \$750.00? Is this taken out of town revenues or in other words, is this taxpayers' money? If it is so, it would seem to the ordinary common or garden variety of taxpayer like myself, that this could be rather a needless waste of public money.

This constituency has an elected representative in Ottawa, and it seems to me that a long distance telephone call, plus the making of a brief containing all the facts, to this gentleman, would have accomplished just as much at considerable less expense, for after all that is what this gentleman was elected for—to look after the best interests of this, or any other community within his constituency.

It is rather ironical that a council whom it is alleged, have consistently refused to buy a welding outfit at a cost of \$150 which would save its purchasing price in one or two months replacing their equipment, on the grounds that they could not afford it, should after a short discussion be able to vote approximately \$750 for a trip that some taxpayers would consider unnecessary.

Yours truly, Edsonian.
(What do you think Leader—should the Town spend money to promote growth—should we do it through the mail—or our sitting member?—Ed.)

★ ★ ★
There are several points in this editorial for the town idea that haven't been looked into in my opinion.

If we are looking at it from the point of view of Dominion taxation, and I think we should look at them, are such disadvantages as our short growing season for the people inside, a longer winter more expensive to operate and the location would be more convenient in a warmer climate. Also the prisoners will get less fresh air.

If the postoffice is built here I think it should be built on crown land so that no individual should make a big profit by the deal.

Disadvantages from our local point of view include the fact that when the people are released they are given a ticket for some other place BUT they DON'T have to use it. Statistics show 70 per cent of prisoners released from jail have to go back for crimes committed again.

People tell me that other towns have never been the same since and the "Pan" site at Tollerston.

If all the factors are taken into consideration I think our Dominion Government will decide against the site and that in time much more desirable industries will come to our town. To sum up I don't think it a good thing for either us or the Government to put a pen here.

Edson Parent
★ ★ ★
Dear Doug: How much did you get paid for that last article on postoffice construction—extra stop toward registration—you ran in last week's issue?

We think you should give the other side of the question too, you know, old boy!
We are drawing fresh ink all over and intend to in future even if we have to keep a cow in the pen.

Do You Save Money?

The average person does not seem to possess too good a sense of money to come to the prices they pay for things. One of the things that local merchants fear regarding the improvement of highways, is that those will make it more convenient to go to the city and spend the old shilling. While we have not done a great deal of comparing we have run across a few city-Waterloo comparisons ourselves and our experience indicates to us that if you want to save money when you go to the city you had better be careful. We have a feeling that if our shoppers run a careful price-and-quality check of the prices they pay in Waterloo, for goods and services, as against the prices they pay in the city, the local merchant would not need to be nearly so apprehensive of losing business to the larger center.

This is particularly so when we consider the difficulty, inconvenience and added cost of going to the larger centers to shop. The Editor found prices on certain hardware items substantially higher in the city than in Waterloo stores when he made some comparisons ten days ago, and in view of this it is felt that perhaps the "go to the city and save" idea is not so sound as it is, is someone thought to be—Waterloo Star.

ALL ABOARD

By G. E. HENNINGSEN

"I'll keep his shoes, if you don't mind," said the nurse. And she carried off the little boy as gently as she could, while he squirmed and cried.

The boy's father went down the stairs and out of the hospital. It was odd to be leaving the boy and taking away his clothes—the pants and sweater and the socks that seemed too small to contain a pair of running feet.

And then as he was going with his father on some errands around town, he complained of a stomach ache. "Ow, ow, my tummy," he said, and began to scream and put the same place.

He continued to howl as his father phoned mother, who remembered that the boy had taken some laxative pills in her hand bag and used them for "money." She took his word that he hadn't eaten any of them, but now she wasn't so sure.

The doctor ordered the boy taken to the emergency ward of the hospital, just in case. There the boy fought like a young wildcat against the nurse and doctor who tried to examine him.

They left him alone for a minute or so. "I want to go up on my father's shoulder," he said. "I want to go up on my father's shoulder. He thought he was safe from attack by those men and ladies in white coats."

They said he would be admitted to hospital. So Daddy answered some questions and they went up to the children's ward. "I want my blanket and my bonnet," said the boy, trying for the much loved blanket and bonnet which were his companions in bed and during times of distress.

The nurse was very kind, but she and the boy's daddy thought he'd secretly get him undressed and into a pair of very large hospital shorts. Abandoning the attempt to get a coat on him the nurse decided to give him a bath. So he was carried off, weeping, struggling and calling "Daddy." And for the time being, that was the last his father saw of him.

He left the hospital with the clothes, feeling that he had been betrayed the little boy somehow.

The boy's mother walked the blanket and the bonnet, "I keep forgetting, and walking around quietly to I don't wake him," she said. "I hope he won't be too bad a boy in the hospital. He'll come home with some new socks."

The boy's father, who had often complained about the little playing voice and the tugging hands that interrupted his work, now paced around and looking at the empty cot and the toy cars and animals lying there neglected. The house seemed very quiet.

THROUGH THE Study Window

By Rev. C. C. Armstrong

Claire Wallace, who made an introduction has written a complete dictionary of etiquette. It tells you how to dress social events, how to dress for every occasion, how to write all letters and "how to behave" in every situation. All this for only fifty cents. It ranges from "Abbas of Monasteries" to "Elegance of the Moderns."

The sections on "how to behave in every situation" could be very helpful. However the publisher has this qualifying statement: "Canadian etiquette brought up to date, and covers every situation—you are likely to meet."

The man called Ecclesiastes, in Scripture, says that there is a time for everything, and one time a goodly number of occasions in which it is well to know what to do. I am not too sure that Ecclesiastes is very helpful and Claire Wallace may be permitted to give a little supplementary information by way of extension.

A book such as this can be very useful and helpful. Her mention on "appointments" is brief and to the point. It reads like this: "Appointments. Be timely. As a sinner myself, I commend this to other sinners. Why call sometimes for half an hour in advance to examine him."

They left him alone for a minute or so. "I want to go up on my father's shoulder," he said. "I want to go up on my father's shoulder. He thought he was safe from attack by those men and ladies in white coats."

They said he would be admitted to hospital. So Daddy answered some questions and they went up to the children's ward. "I want my blanket and my bonnet," said the boy, trying for the much loved blanket and bonnet which were his companions in bed and during times of distress.

The nurse was very kind, but she and the boy's daddy thought he'd secretly get him undressed and into a pair of very large hospital shorts. Abandoning the attempt to get a coat on him the nurse decided to give him a bath. So he was carried off, weeping, struggling and calling "Daddy." And for the time being, that was the last his father saw of him.

He left the hospital with the clothes, feeling that he had been betrayed the little boy somehow.

The boy's mother walked the blanket and the bonnet, "I keep forgetting, and walking around quietly to I don't wake him," she said. "I hope he won't be too bad a boy in the hospital. He'll come home with some new socks."

The boy's father, who had often complained about the little playing voice and the tugging hands that interrupted his work, now paced around and looking at the empty cot and the toy cars and animals lying there neglected. The house seemed very quiet.

C. C. C. A. Working On Floor Supports

Carroll Crush—The November meeting of the Carroll Crush Community Association was held on November 7. Four new members were welcomed to the club. It is interesting to know that work is being done toward the floor supports.

It was decided to start a Bazaar of the time we expect them to start, in order to secure models those who are inevitable late.

Of course, when your wife is shopping, too rigid a schedule of appointments-to-meet-at-three is not a good thing, and now very likely to be successful. But if a public meeting is called for a specific hour it should start at that time and not be governed by the rule of "Let's wait till the crowd gets here."

There are those who tried to talk themselves into believing that the practice of abundant church services regularly would be a good one for them to start sometime. But some Sunday and they have unexpected visitors, or the furnace goes on the blink, or the children can't find their clean socks, and so they just don't get around to doing it this Sunday.

But next Sunday? God has an appointment with you. "Be on time."

Long whiskered man to fellow countryman: "It all started about ten years ago—you see, I have three daughters and one both twins."

Peers 4-H Elect Officers

The Peers 4-H Cooking Club held a meeting on October 19. Officers elected were:
President, Elaine Gardner; Secretary, Laura Young; Treasurer, Marie Bowd; Reporter, Thelma Radcliffe; Social Convener, Lois Radcliffe; Games, Gerry Radcliffe; Hostess at Large, Nola Gardner; Inter Club Activities Mary Dixon; Lunch, Clara Sweeney.

Milk Producers Hold Banquet

Milk producers in the Edson milkshed held a get-together and banquet in the Commodore hotel room on Tuesday evening when Mr. J. Hocking of the Department of Health, and Mr. Jack Rasmussen of the Dairy Branch, were present.
Two films on the latest methods of sanitation on dairy farms were very well received by the milk producers.
Mr. H. Wadley acted as chairman for the evening.

Peers 4-H Meet

A 4-H meeting was held at the home of Marie Bowd on November 10 with a full attendance. Roll call was answered by Good Grooming Points.
The meeting was ably conducted by Chairman Elaine Gardner. Talks were given by Mrs. Young and Mrs. Nelson, who distributed books and pamphlets and outlined them, on Parliamentary Procedure, handicraft, demonstration, etc.
A period of recreation followed with the girls joining in a Potato Creation contest and a sing song.
Hostesses for the evening, serving a most delicious lunch, were Marie Bowd, Mary Dixon and Nola Gardner.
Dr. and Mrs. Jim Crawford and Linda are visiting in Calgary this week.

MAKE EVERY DAY S-D DAY

The Freezing Of The Pumps

Hinton—
The water pumps both at the school and in the trailer camp were frozen on Sunday. The one at the school was back in action before Monday noon but the one in the trailer camp did not get repaired until Wednesday, this because some one used too much brute strength and broke the whole thing.
If the pump is frozen it is a lot quicker and easier on the pump to use heat to thaw it rather than try to pull it around.
I guess this won't happen to the pump in the trailer camp again unless that propane heater that was installed there runs out of gas, but if it does and the pump is found frozen, the party who finds it should get in touch with the development officer and he will arrange for it to be thawed.

An employer, leaving his office, was instructing his new secretary what to say if anyone called while he was out.
"It may be back this afternoon," he told her. "And then again, it may not."
The girl nodded brightly. "Yes, sir," she said. "Is that definite?"

BY VI

We have a nice long list on the Skate Exchange. Both wanted and for exchange, but guess what? These to exchange are nearly all from size 3 to 6 and these wanted from size 9 (small) to size 11, of which there seems to be a shortage.

I see that the Skating in Edmonton are advertising "bellow-eyed" noted gun parties, saying they are going to pool, grand for routine, etc. I sure do agree with them, bellow come

We tried to go along with the town on garbage can regulations, but can't seem to have any idea on the can though. So if your youngster has a "bellow" from a garbage can you'll know someone somewhere has uncovered garbage cans.

It's been grand for the kids having the rink open. I hope there is going to be lots of public skating this year. I was told the other night that Edson is the only town that charges for public skating. Can't help but wonder how true that is.

I'm having a real time trying to entertain my small fry these days. The hours seem so long to them if they aren't busy. So today I discovered an old pipe, and Tom blew bubbles most of the day. He entertained himself and baby Brenda and kept them out of my hair for awhile.

If you get the Canadian Home and Garden, you have probably read Madame Benoit's articles. This month she went into trying and she gave a marvelous recipe for acquiring the right fat for frying especially meat. If you haven't tried it you're in for a pleasant surprise. Here it is:

You simply keep in a jar under refrigeration all the types of fat you accumulate in the kitchen such as bacon fat, steak fat, soup fat, etc. Place the fats one over the other in the jar. When a fair amount has collected, and you'll find it accumulates surprisingly quickly, clarify the fat to prepare to fry.

Have a bowl you do it. Place the fat to be clarified in the top of the double boiler with 1 cup boiling water. 1 small potato, unpeeled and cut in four, 1/2 teaspoon baking soda, 2 bay leaves, 1 small onion, cut in two. Heat the double boiler for 40 minutes. Pour the hot mixture into a bowl and chill in the refrigerator until the fat is set.

Then lift the cake of fat off the water, cleaning with the cutting edge of a knife whatever particles of food have stayed in the bottom. Rub out the fat over direct heat until all the stinking stops. Pour into a dish and keep under refrigeration to use at your convenience.

Then lift the cake of fat off the water, cleaning with the cutting edge of a knife whatever particles of food have stayed in the bottom. Rub out the fat over direct heat until all the stinking stops. Pour into a dish and keep under refrigeration to use at your convenience.

Letters To The Editor

Dear Sir:

We wish to thank you for a good newspaper that reflects the desires and thoughts of the people around about. Also for keeping us in touch with what the Mayor and Councilors are doing for the good of the majority. We would like to write thank you. Dear Editor, and our Mayor and Councilors, also their sweethearts, who have missed their boy friend on many Council nights.

George Ed Collins

Thanks Folks

Edson kids wish to thank those who attended the Eds who held at the Nova Theatre November 20. The purpose of the show was to raise funds for the Benevolent Fund.

Edson Leader, Thursday, November 24, 1955—Page 7

Food Is A Foundation

As a building depends upon its foundations for safety, so the health of an adult may depend in large measure upon the health foundations laid in childhood. The youngster who has grown up on a balanced diet will probably have the detriment of his health.

Every child like every adult, needs certain daily amounts of protein, minerals and vitamins for proper maintenance of his body and to supply energy. Without these necessary nutrients he may suffer some form of malnutrition.

Spitfires vs. Canadians

This will complete half the schedule and after Christmas the other half will be published. After the whole schedule is completed, playoff for the Pettinson Trophy will be arranged.

It is suggested that anyone wanting to help the boys learn to play hockey contact Percy Wells, since there is always a need for timekeepers, referees, goal judges and official scorekeepers.

The main street of the new town will be 180 feet wide, this consisting of three parts: a center thoroughfare with a boulevard dividing two byways with parking on both sides to the by ways and sidewalks on the business side of each byway. This street is 80 feet wider than Jasper Ave. in Edmonton. Guess one will have to take a lunch to last one to the other side.

All the streets in the business district will be laid surfaced and the ones in the residential district will be gravelled with a light binder to hold down the dust.

This is not part of the question for the new town or pertaining thereto but the question of stream pollution came up and Frank Pulp, who is a member of the provincial Fish and Game League says the reason the pulp company is building such a large basin down near the river is to eliminate any chance of polluting the river. This was not possible when the mill was planned for Tofield.

The question of small came up and Roy Morton says that the people of the new town will not get any bad there may be some set back to the ground again after they travel five or six miles away from the stacks are being built high enough to insure this.

Ray Fuller then on behalf of the Business Men's Club thanked Mr. Ruben and his company for a nice dinner and for the information that we had gained.

Mr. Ruben went on to explain that although this was not a company town there is a limitation on the amount of business that a town of this size could support and using the same method that the Alberta Liquor Control Board is in picking the parties who will be allowed the hotel, that is the one who will put up the hotel will be the one who gets the go ahead.

Also the Hudson Bay Company are going to build a department store. This is to be 18,000 square feet on the first floor to start and provision for a second story later.

The first stage of installing the sewer and water system of the new town will be completed by December 1st this year and the complete business district will be finished, also 180 residential lots.

The plan for the whole town is now complete and just waiting final approval from the Town Planning Commission. Then the sale price of the lots will be able to be released.

One point that came out in the price of servicing the new lots with water and sewer which is moving in is quite low because the pulp mill is making pulp using the sewage in some way and this saving is going to be passed back to the people who have property in the new town.

'round town

—Inn, our telephone operator is now back after a vacation in Mexico looking refreshed after a good rest. Field she was fed up traveling around and was glad to get back to the phone board. We're sure glad she got back.

—A bit of bundling by the AOT. They ran a pole line up the hill to the new development office and just a two strand wire. Guess they forgot that all the people in business up there have applied for a telephone service. The telephone lines run right back of the buildings. Also this fifty phone board is only using eight of the phones it is capable of.

—Hear several of the ladies of the trailer camp complaining that the garbage is not being picked up quite as regular as they wish. —Saw Roy (Mac) Morton with the tartan of his clan trying to explain the difference between the Hunting Stuart and the McLeod Tartan that he was wearing.

—Hear tell "horse radicals" of Bliss will get a bracing party if Patsy Peterson's men let their horses out again.

—Mrs. Crawley says she sure will be pleased to get into her new home by Christmas.

—Overheard Lorne Cribb and a few friends talking about exotic flights dishes such as steak and kidney pie, fried calves brains and such. Sounded good the way they spoke.

—Had a hard time recognizing Wilf Bushfield. He's wearing a new cap now—looks pretty good too.

—Saw a three foot square hole about five foot deep being dug in front of the post office went over and, gosh, the frost has gone down over four feet. Sure must of been hard digging.

—Lorne Cribb says its not fair for the principal to catch a cold at this time as the reorganizing of the school is had enough with-out the sniffling on top of it all.

—The Legion is going to postpone off that old oil heater and buy a new one.

—We were talking to Jack Pat and Lorne Cribb. Jack brought up the wife they have in Edson for the young girls taking Home life that they can't wear their jeans to school. This is not a good rule as our weather is too cold for rules like this. Lorne says we won't have that rule at Hinton. Too cold inside and out.

Some Hope For Edmon

Saturday last, Fred Hansen took a trip into Edmon to join his family there and help in the celebrating of his son Bert's 23rd birthday. Fred says the weather we have now is mild to the time Bert was born.

The McLeod, near Edson was frozen over to hard that the team had no trouble crossing at all, but he did hold out some hope.

He said the thaw came before he brought the lad home from the hospital and they had to cross the McLeod in a row boat.

OVER THE

Pastor's Desk

Let us who are of the day be sober, putting on the breastplate of faith and love, and for a hat, meet the hope of salvation. I Thess. 5:8.

The other day I was listening to that song by Dale Evans, Hove Faith, Hope and Charity, and I got to thinking about this business of what is faith hope and love or charity.

Kenny Hinch, who is attending school in Edmonton was home over the weekend, accompanied by his cousin Bill Stone.

Art Hagers and two friends were Sunday visitors to the St. Hubert home.

Mrs. S. Klato is visiting her daughter, Mrs. A. Olmke in Vinny.

The Proer family were Edmon visitors last weekend.

The next community meeting will be held at 8:30 p.m. December

Roosevelt News

Deep sympathy is extended by the community to Mrs. Otto Ols and family in their recent bereavement.

Mr. and Mrs. O. Kandel of Edmonton formerly of Roosevelt were back visiting last week and I notice that some people are getting smart and having propane engine heaters installed by Max well's Electric and they work like a charm, so I've been told. Much better than blow torches and fires set under the cars.

It's too bad we can't think of something to warm up the children who have to stand on the roads waiting for the school bus.

May I remind you all again of the bingos to be held in the Roosevelt school on Friday, November 25. Time 8:30 p.m.

Take care to get what you like. You will end up by liking what you get.

Gordon's Edson Variety manager to get covered in this week in time for their big Christmas sale.

The 25 by 40 addition to the existing 35 by 40 store gives the variety store plenty of floor space now to display the new lines of variety items and dry goods which they have had in storage due to lack of space.

The addition was delayed somewhat by the bitter cold, but now that Field Construction and Maxwell's Electric got it covered in, the work can be finished at last.

Crafters To Meet Next Tuesday

Edson Craft Centre will hold their Annual meeting and election of officers next Tuesday evening in the old school shop. Persons interested in joining the Centre are invited to attend and see what has been done in the past year. Meeting time is 8:00 p.m. and a good turnout of members is hoped for.

Passed away early this week in his mid-thirties, Mr. McAllister is survived by his wife and four children.

—John Gerlitz and John Demaschuk plotting what they were going to do when they hit Vancouver during Grey Cup week.

—Bert Navigation heading down town to see "A Star is Born".

Coming Events

THURSDAY & FRIDAY, NOV. 24 & 25—Ed's Variety Store in the Legion Hall starting at 8:30 p.m. Don't miss it.

TUESDAY, NOVEMBER 29—General meeting of the Curling Club at 8:00 p.m. in the rink.

TUESDAY, NOV. 29—General meeting and election of officers of the Edson Craft Centre in the woodshop at 8:00 p.m.

SATURDAY, DEC. 3—St. Catherine's W.A. Bazaar, Tea and Sale of Home Cooking in the Parish hall.

SUNDAY, DEC. 4—Special show in Nova Theatre sponsored by Edson Kinetics. Draw will also be made for Clock Radio. At 8:30 p.m.

WEDNESDAY, DEC. 7—A general meeting of the Community Club and sale of Home Sewing beginning at 8:00 p.m. will be held at the home of Mrs. A. Baria, Glenwood in aid of the Building Fund.

FRIDAY, DECEMBER 9—Mr. J. Har, Federal Liberal organizer and co-ordinator, will be present in the Commodore banquet room to meet Liberals. All interested are cordially invited.

Visiting at the home of Mr. and Mrs. L. Halliwell this week are Mrs. Halliwell's parents, Mr. and Mrs. John Leys, and brother Mr. and Mrs. Martin Leys and baby of Elvira Bakatshvian.

Mr. and Mrs. Scotty Stevenson are leaving for holidays at the coast. While there they will take in the Grey Cup game.

G. Lamb Takes First Oats At Toronto Royal

Mayrthorpe—

Our congratulations go to Geo. Lamb, Chertill, for winning first prize in the Early Oat Class at the Toronto Royal Agricultural Winter Fair. Mr. Lamb took the top award with his exhibit of Lorraine oats. One of the "old timers" in the district, Mr. Lamb has been one of the top-notch seed growers in the province for many years. He is at present in Elton Seed Grower of Wainbury, Lorraine oats and Lorraine Red Clover.

For the past year, Mr. Lamb has been club leader for the Balentine & H. Grain Club and his example has been an inspiration

for many of the members of the club.

Everyone Co-operates Says Fire Chief

Jack Setty, the fire chief, says the fire brigade is coming on fine and getting co-operation from everyone approached.

Karl Kellerman, the forest ranger, says the forestry department is only too happy to put all the fire fighting apparatus they have at the disposal of the brigade if a fire breaks out.

Bob Hudson said that all the facilities of the Athabasca Valley Development Co. will be at the disposal of the brigade if a serious fire breaks out.

EAA To Sponsor Club In Intermediate B Playoffs

An E.A.A. hockey meeting was held in the skating rink last Sunday, with the executive and players of last year's hockey team in attendance.

The coming hockey season was discussed with a view to making it the most successful yet.

It was decided at the meeting that the Athletic Association would sponsor the senior hockey team and also enter the club in the Alberta Intermediate "B" playoffs next spring.

The executive also decided to

sponsor the local midget entry in the Provincial playoffs next spring. The midget team has enough uniforms on all the financial aid they will require is for equipment and travelling expenses.

It was decided to approach the Town Council with the suggestion that the rink schedule remain the same as last year, as far as the senior team is concerned. A one hour practice period on Friday nights was discussed, but was left up to the town schedule committee to decide.

It was then announced that the first senior practice would be held on Tuesday night, and the meeting was then adjourned.

Coach Wanted

The 1935-36 hockey season got underway on Tuesday last at 8:00 p.m., when the first senior hockey practice was held at the arena.

About 15 players turned out for the practice, and the prospects looked good for the coming season.

The big shortage at the present time is the lack of a coach. If anyone is interested in coaching the senior team for the coming season, he is asked to contact a practice or get in touch with any member of the team.

Curlers Plan Broom 'Spiel'

The Curling Club met for a general meeting Tuesday evening in the club room of the Rink with a very creditable attendance. Plans were completed for the annual Broom 'Spiel' which is getting underway this weekend.

The setting of the dates for men's and women's bonspiel was left up to the executive. With the very cold weather so early in the season this year, and all risks getting an early start, the district spels will likely be better than ever.

And so the rink is finally returning to the sheets of happy curlers. Fixed up so comfortably as the club in this year it will be an even bigger pleasure, for players as well as spectators, to drop in for a few minutes or a few hours

Thefts Of Wild Meat Reported

Thefts of wild meat are being reported to the local RCMP detachment frequently enough to have become noticeable.

With a record kill of wild game being stored in the Edson area this year there is more wild meat being stored outside in the cold weather than in previous winters.

The previous stuff should be carefully concealed to keep from inviting marauders the RCMP suggest.

Watch Running Taps

Utilities department foreman Ben Roome is worried about the increased water consumption in town since the cold weather which he blames on people running taps to keep them from freezing in the recent cold snap.

Consumption of water has shot up alarmingly and pumping from the wells has to be carried on continuously to keep up, leaving none too great a reserve for fires which are more prevalent in this weather.

Another cause of the heavy water use, Mr. Roome tells us, is the number of leaky faucets and running bathroom fixtures that citizens don't fix as promptly as they should.

No Accidents Here S-D Day

As we go to press Thursday afternoon there have been no accidents reported to either the Town Police or the local detachment of the RCMP with the S-D Day publicity program in full swing.

Everything from having pupils in the lower grades take home letters to their parents suggesting ways to observe traffic regulations to house-to-house pamphleteering by the Town authorities can have nothing but a beneficial effect on our traffic accident rate here in Edson.

Accidents within the Town borders are running pretty well made and meek with the 125 reported so far this year in immediate Edson District.

Legion Sweep Well Split

The Legion sponsored Football Pool was a little surprising this year. Instead of four winners for the three first quarters and the final score a total of nine people won some of the money.

The first two quarters went according to Hagle with Mrs. F. Hutchinson of Edson winning the first quarter's fifty dollars. W. Keraschke of Edson won the second fifty dollars and then things got a little complicated.

As the actual score wasn't drawn by any one person for the third quarter score, the fifty was split by the three closest numbers which belonged to Maurus Cliff Wiley, John Finlay and A. Moger all of Edson.

Like the final score in the Grey Cup game, the numbers of winners in that final score also went a little wild with the final \$250.00 being divided between the four closest ticket holders who were: Mrs. Ted Dye, of MacKay, Mr. Chris Nielsen, of Pelly, E. Townsend and Mrs. Chris Rempel of Edson.

Mrs. Edson Davidson (nee Sophie Sandelach) and were seen arrived on Monday from the coast for a holiday with relations in Edson.

Postmaster Edgren asks patrons to please bear in mind that no parcels will be delivered

Main Druggers were started a week or so ago by the sight of a frozen stiff cougar shop a car in front of the Provincial Building. The starting, vicious mouth and the rammed stiff tail may not be completely natural to the beast but photographer Tom Becker has caught the frozen form at any rate.

Get Your Parcels From New Post Office

Effective Monday, December 5, 1935, all parcels for delivery only to patrons of the Edson Post Office will be delivered from the basement of the New Post Office building. Entry will be through the main door on Main Street (the door on the south-east corner of the building). Patrons will enter through this door and then go downstairs to the parcel depot.

The parcels will be carded and given a number—the same as at present — the cards will then be brought to the main Post Office and placed in the boxes or general delivery in the case may be.

When the patron receives a card from the main post office he or she will take it to the parcel depot and pick up the parcel relative to that card.

Postmaster Edgren asks patrons to please bear in mind that no parcels will be delivered

Kinette Show Coming Sunday

Edson Kinette Club are sponsoring a Sunday show in the Opera Theatre this coming Sunday, December 4, at 9:00 p.m.

Starring in the feature film are Genevieve and John Payne in "Son Valley Serenade."

Proceeds from the show will be used to build up the Kinette's charitable organization fund.

Mrs. Trueman Williamson has been in Edmonton where both her parents, Mr. and Mrs. H. Rice have been confined to hospital for treatment. Mrs. Rice has just been admitted, while Mr. Rice has been in hospital for several weeks.

Keep Our Power Plant

When discussion of Edson's municipally owned light plant comes to the fore perhaps the bourgeois who complain most about the high rate should remember the disadvantages of being on a long cross-country power line that is fallable to strong winds and heavy snows.

The following item was prominently displayed on the front page of a utility company in the fall end of one of our Alberta utility companies.

"LIGHTS OUT"

"Our town has gone strictly to the dogs as far as power is concerned. Of late it seems that when one needs the power the most, that is the time we have our nightly blackout."

The blackface is ours but the item is as it appeared a week or two ago in this paper on the eastern edge of the province.

We understand that the private power companies who have been dickering with the Town about our light and power franchise have never committed themselves on the point of keeping a "stand-by" unit here to provide at least minimum power in an emergency.

There have been a couple of short shutdowns in our municipal plant recently and prior to that we can't, off hand, remember when they had a previous one.

While our friends on the eastern edge of the province may not be having anywhere near nightly shutdowns as they are obviously frequent enough to cause comment.

In addition to such essential services as the power needed in our hospitals and other public institutions, we don't need much imagination to picture the hardships in a town such as ours where so many homes have electrically controlled heat, deep freezers, etc.

Even if we are to eventually buy bulk power from a private company we should hang onto our own power plant as a stand-by safeguard.

Little Sheep

Oh I have a little pup by the name of Sheep
 You'll find him playing on my doorstep.

The little mutt is so short and fat
 You'll have to look twice to see where he's at.

But the cute little fellow at feeding time
 He always is the first in line

And though he's tough as a pup can be
 It seems he always picks on me.

He breaks my gloves and chews my hat
 I can never find where he hides them at

He'll bite at the pig and run from the cow
 He'll grow smart someday but I wonder how.

His little tail is always a going
 Whenever he's playing that's all there is showing

Well I love my pup and I think he loves me
 But will he grow up it's a big mystery.

Composed by Raymond Pearl, Cannon Creek, Alberta
 The books that help you most, are those which make you think the most.—Theodore Parker.

The great standard of literature, as to purity and exactness of style, is the Bible.—Hugh Blair.

One recent misadventure need not judge libraries.—A. Brunsen Aleson.

We should choose our books as we would our companions, for their sterling and intrinsic merit.—C. C. Colton.

WE LAUGHED AT THESE

A garage owner appeared on his premises unexpectedly and found his four mechanics squabbling happily on the floor playing pool, with a pile of tools in front of them. "You haven't paid us for weeks," pointed out one of them. "We of course have no money." We're playing for tools instead. And by the way, it's Jack's to open."

A couple of first-year girls from Hunter College found themselves inside the Museum of Art in New York (to escape a sudden shower). They paused before a glass case that contained a well-preserved Egyptian mummy. A display card at the mummy's head read: 3500 B.C.

"Was, is that square all has degraded up?" marvelled one of the fresh. "Wonder what the 3500 B.C. dates in part."

"Probably the license number of the car that contained her," said her com.

Back from a disastrous day of the race track a dejected fan met a friend who said, "I can't get out with you tonight. I've my bridge night."

Miss You, grunted the big fellow. "Let's jump off together."

In 17 years as a stellar pitcher in the American League "Lefty" Gomez of the Yankees didn't exactly knock down the fences with his bat. In fact, he averaged about four scratch singles a season. One day he closed his eyes, took a hefty swing and to everybody's amazement, including his own, smashed a solid triple to left center.

Foisted on third, the triumphant "Lefty" bawled to Coach Art Fletcher. "Hey, Art, I think I can steal home."

Fletcher shrugged and heaved. "It's taken you four months to get this far; don't blow it!"

A clever rhymester contributes these words of wisdom: "They've travelled folks, it's out of town."

From all those stickers showing But due to heading where they've been, They can't see where they're going."

A man once a friend on the street, all named up and walking on crutches.

"What happened?" asked the friend.

"Well, I had a date with my girl. We were dancing when her father came in. You know how dad is—he couldn't hear the music."

He had gone into the library to put the thing up to her father, and she was anxiously waiting on the front porch.

"Well," said the sister when he returned, "the school how I was fixed and I told him I had \$8.00 in the bank."

"And what did he say to that?"

"He borrowed it."

Letters To The Editor

Editor,
 Edson Leader,
 Dear Sir:
 I read with interest and great amusement, the articles submitted by the carter, but anonymous supporters of Milk Pasteurization. Amusement, that, considering the allegedly lethal potentiality of milk in this weary world have managed to survive for so many thousands of years and in view of the also, alleged safety of pasteurized milk I was even more astounded to discover that the only major milk borne epidemic which has occurred in this country was caused by this so called safe milk.

I refer to the typhoid epidemic which took place in Montreal during 1937 affecting 5583 cases; the report of the official investigation authorized by the Ministry of Health for the Province of Quebec in part.

"An extensive study of the possibility of infected raw milk causing the epidemic, failed to show any such possibility."

"The survey shows that the epidemic was largely caused by the consumption of pasteurized milk from the Montreal Dairy Co."

"The pasteurized milk used in the city became infected with typhoid bacilli through the medium of a typhoid carrier who was former of the pasteurization room."

Again in view of the wonderful safety effect claimed for pasteurization it is odd to discover in the report of the U.S. Health Service the following statement dealing with an epidemic of 300 cases of food poisoning in Phoenix, Arizona, (1940):

"Pasteurization charts for July 1940 show milk was properly pasteurized and leads to the assumption that the toxin was produced in the milk while it was stored with out proper pasteurization."

During the same year and question from the same authority, we have a single epidemic of gastroenteritis in Great Bend, Kansas involving 480 cases with 9 deaths traced to the drinking of pasteurized milk due to "unnecessary operations in dairies, unsterilized bottles and improper pasteurization."

With regard to that terrible bug a-bye, undulant fever, Dr. B. A. Black, Professor of Veterinary Medicine, University of Wisconsin when asked as to the percentage of the fever that could be proved to be caused by milk infection from the cow stated: "I do not believe the answer to that question is definitely known. We do know, however, that a percentage of the cases of undulant fever are due to Brucella abortus. Whether any of them came through the milk has as far as I know never been demonstrated."

Regardless of hysterical propaganda the 4 essential necessary for the production of safe milk are, 1. Sterilized udders; 2. Clean cows with clean udders and udders; 3. Small topped milk pails; 4. Refrigeration at 50 degrees F after milking.

While regretting that this letter can only deal with one aspect of the important question arising to the limitation of your valued space, I have confidence in my facts and hence an unadorned to sign myself.

Yours truly,
 TOM BOKER

Dear Editor:
 May I be permitted a few words and thoughts on town planning and food for thought to our letter writers.

We do sometimes aim at a side of bacon with a sausage and take the chance of hit or miss. In my opinion, the name of the Edson penitentiary would have a powerful advertising effect and would render no reflections to the contrary.

It is up to us Edsonites to render our town more attractive. A good job has been done in this respect when travelling by high way. Yet a stranger travelling through by train sees us in our worst side and if the minister of justice and chief engineer come to Edson by train, we have it make excuses. Well, would it not be good for us to launch a campaign to appear better from the railway view.

Modern industry depends on reliable, reasonable, dependable labor, on electricity, cheap gas and cheap transportation. Our electricity at present prohibits industrial development.

Our town fathers will have to calculate on which choice is better—keep charging high for electricity and tell the taxpayers they save the money and hide the fact that the same people pay it out in electricity anyway; or improve electricity supply system so that its rates become more competitive and then be in a position to attract manufacturers with capital and know-how. The bigger turnover of the power plant would enable the town to operate profitably at a lower price to the consumer. Again a project such as the pen could help us over the dead point.

Milk pasteurization has its far reaching and unfavorable sides.

Our doctors keep us informed on its favorable side and how in the time in illuminating its weak points.

So please permit me to mention a few. Private enterprises has a difficult stand against it as big capital is needed. Its centralization gives monopoly a strong hand—the consumer pays the price and the farmer proceeds seem to be just not the case as Nature's pure product (milk I am saying) and here science will have to do more exploring.

Then as cities grow and the individual becomes a citizen the consumer depends on the mercy of the unions.

Above all stands the farmer with the will to serve you in the past as in the future.

Hurry Wassmuth.

HINTON HI-LITES

New Highway Portion In Use During Derailment

The portion of the new highway over town. It was a little too fresh. One of the photographers from Jasper sure was put out because of the train derailment. He had come down from Jasper just to get a picture of the switch engine switching the mill side.

Well with the delay caused to the way freight it was coming from the east on Tuesday it was well after dark when it got down to the site to do the switching. So no pictures. He says he is coming back again.

Mr. Bill Switzer has announced that his new drug store will open its doors on Wednesday, November 30 to add to the services available to our expanding population.

Also announcing their coming to Hinton where they will be available in the pulp company first aid every Friday afternoon from 3 to 5 are the Jasper Medical Group.

Another step for complete living here.

No Show At Legion

There will be no show in the Legion Hall for some time due to a shortage of power. Mr. T. Skaggs and members of the Legion Ladies Auxiliary have advised us.

'round town . . .

—Saw Gordon Trost of a Jasper in the hotel barney having a cup of coffee, asked him what he was doing so far from home, but he was just waiting for the line to be cleared so he could get his freight train through to Edson. He says that new young son of his is sure keeping him on the run, since he started walking.

—Well the walls of the new post office are new. Guess it won't be long now Dorothy, before you will have room enough to turn around when your working.

—Noticed the new prebail mill down by the highway at Bliss coming on line. The cold weather has not stopped that nor the digging for the water and several lines down there. In the dark last night the fire throwing out the ground for the digging was looked over.

—No news is good news, but not around Hinton. Very little has been happening here over the past week. No one is putting up a power line yet.

—Mrs. Joe Norton is now at Fort William visiting her folks. Joe says hatching's all right except after three weeks he is starting to run out of dishes.

—Once more we found out just how fortunate we are to have Mrs. Eagle, the nurse in our midwife clinic. She was a pretty sick girl on Tuesday and her Aunt Olga sent to Mrs. Eagle to come and have a look at her. Mrs. Eagle did and said to get the young one to the hospital. Walley Rabe-wich drove her to Edson hospital where the doctors say she had pneumonia.

—Wall the Gray Cap fever is hitting this town as well as the rest of Canada. Must be a couple of dozen people going to Vancouver to see the game.

—Noticed Mammack's Construction back in town pulling off the forms from the bridge they built on the highway road.

—Hamp McNabb, now of the New West Construction, beesting about the cold, last July and August. He beested about heat. When asked just what he wanted he said half and half. He quoted some astonishing figures on the amount of gravel and dirt his company had moved this summer with those wild cowboys on the turnpikes—in the millions of cubic yards. The big machines are now standing idle until spring. Frost stopped them when not making else would.

—Wayne Wanck and a couple of friends were out hunting the mouse north of the river. Says he saw five bulls and one cow. Hopes he can get one of them today.

—Sandy MacLean sure gets around. Saw him before I left Hinton on Tuesday, and when I got to Edson ran into him again. Guess he must fly low between the two places.

—Saw Jim McNaughton and his crew of truckers from Edson in town bringing fifteen cabbages for the Imperial Oil megaphone crew that will be working over here this winter.

—Hear tell one of our temporary bachelors has found a way to get his washing done while the good wife is in the east. He loaned her washing machine to a neighbor and she does his laundry.

—Saw Jack Wilson, formerly of Beaveridge now of Hinton, says he can't wait much longer to find out whether it's a boy or girl. This suspense of not knowing whether he is a mother or father is getting him down.

ALL ABOARD

By G. E. MONTGOMERY

The scientists are trying to take all the fun out of driving. If we don't keep a sharp eye on the road, they'll make it impossible for us to knock down a pedestrian or a traffic cop.

They also threaten to reduce the number and severity of road accidents, thereby flagging those made of ambulance drivers and motorists out of work.

To start with, they have equipped a car with radar which auto-

matically scans a small sphere deep before it strikes a person or object.

Tested recently in Washington, D.C., the radar car rotated all attempts to make it collide with status and public buildings.

Scientists who were prepared for a satisfying crash and a shower of masonry stood there open-mouthed when the car glided tamely to a stop.

And at last it's down on the

frustrated engineers that science has produced a car more intelligent than the man driving it. Considering the low mental caliber of some of the drivers who clog our streets every day, that might mean a small advance toward the day when the automobile may change our way of life, unless the engineers and underwriters' lobby manage to have radar cars made illegal.

That isn't all. Premier Bennett of British Columbia is having R.C. government cars fitted with safety belts; and somewhere in the United States, research has shown that hedges of rose bushes at the side of the road will bring a careening car to a stop in a shower of petals with little damage.

Car and driver wind up in a fragrant thicket with no worse injury than some scratches to the arm which is still out of the window giving the wrong signal.

Scientists will carry out further tests to see if the bushes retain their bounce in winter.

If all these busybodies succeed in their plans, they will make the roads safe for motorists and normal citizens alike, and the usefulness of the automobile as a device for eliminating the evil will be ended.

You would expect the automobile to be tamed only by some other product of the machine age. Radar, however, that description but for a safety wall along the road, engineers don't bother with reinforced concrete or new, stain-resistant Schmolium.

Instead, they employ a rose bush. There is something refreshing about Nature being called up as an ally against the unruly machine.

When all the highways from coast to coast are fenced in with roses, the landscape may be monstrous, but it will be safe, and easy on the eyes and nose. So far, flowers have not been made to grow in the form of advertising messages, and one hopes they never will.

From R.C. to Newfoundland it will be roses, roses all the way.

Peers Students Picking Colors

The meeting of the Peers Students Union was held on Tuesday November 15. There was a discussion on the tickets being sold for the draw on the Mystery Box to be drawn on December 1st at the next winter drive.

It was decided there would be things on November 28th to raise money for the Christmas fund sponsored by the Peers Students' Union. Time 8:00 p.m. Ladies please bring lunch. Coffee served.

There was also a discussion on school colors the students would like to have in their new school which will be decided at a later date.

"Who broke your window Mr. Johnson?" "My forehead, dearie. No doubt."

Well, Mary, I figure using fertilizer* gave us an extra \$2,200 this year.

That's wonderful, John.

Mrs. Smith told me fertilizer bought them a nice car.

*Every year more and more Canadian farmers are using fertilizer—and benefitting from the extra profits resulting from increased yields. Through the use of fertilizer you, too, can profit from these advantages—bigger yields, higher grades, greater resistance to disease and an earlier harvest. See your Elephant Brand agent—ask him about the right fertilizer for your farm!

Calling All Carol Singers For Tryout Next Friday

The Edson Choral Group would like to extend a very cordial invitation to anyone who likes music more especially choral music and Christmas Carols, to come to their public carol singing on Friday evening, December 5.

The choral group will do a number of selections that they have mastered under the direction of their leader, Mr. Gordon K. Greene, University Extension Lecturer in Music.

Mr. Greene has been coming out once weekly for the past eight weeks to give them a course in choral leadership. As an added attraction there will be a guest soloist from Edmonton whom Mr. Greene promises is very worth while hearing.

Carols sheets will be handed out to everyone who loves to sing the beautiful Christmas music so plan to attend and participate. Don't be late. It starts at 8:00 p.m. in the Parish Hall.

New Druggist In Town

Edson has a new druggist by the name of Randall Murray, who recently took over Gavin's drug. Born in Lethbridge, he is the son of Dr. and Mrs. Lloyd Murray of Edmonton. He took his schooling in Peace River and Edmonton, later obtained his B.Sc. in sociology from the University of Alberta followed by his degree in pharmacy.

After graduation he was apprenticed with the well known drug firm Griveland's in the city. Randall tells us he is interested in civic affairs and studio theatre and that he also was a U.S. boxing coach. He will be joined shortly by Mrs. Murray, the former Donna McElabb of Edmonton, who is herself a graduate of the University of Alberta.

SEEN ON THE MAIN DRAG

—Joe Wynn and Guy Thompson buy these days moving the stock as they wait for the Municipal Office from the Provincial Building across the street to their new home in the North Theatre.

—Elsie Radomski assuring Mrs. Gordon McIntyre that she would certainly be at the Square Dance on Saturday.

—Joe Pehovich expressing the side.

satisfaction at the number of hockey players who turned out for the practice on Tuesday evening.

—The General Supply staff burning the midnight oil taking stock as they wait for the holiday season by doing it then.

—Lyall Kortman heading up ahead to his new job in the Imperial Bank.

—The RCMP car sitting in the parking lot by the Edson Theatre with a big S.D. Day banner on it.

The second Sunday in Advent is the Sunday on which the Church particularly emphasizes the Bible. It is one of the curious phenomena of our times that it is considered perfectly respectable to be stupidly ignorant of the Christian Faith.

Men and women who would be deeply ashamed of having their ignorance exposed in matters of sport, music, movies or a hundred other things. Over the radio, in printed articles, intelligent people frequently show their almost complete ignorance of Christ and the Church. The plain fact is not that men have given their serious attention to the Bible and found it spurious, but that they have not given it any serious attention at all. Many of these people call themselves Christians.

Here in the Bible, is the account OVER THE

Pastor's Desk

By REV. L. B. MALLIWEILL

Behold the man—was Pilate's leer. That is what all the ages have been doing since, and the vision has grown more glorious. We have watched as the crown of thorns has become a crown of golden radiance, and the cast off robe has glistered like the garments He wore on the night of His transfiguration. Marys have smiled in the flame as at that vision. Romans have turned at it to a new life. Little children have seen it and have had awakened by it dim recollections of their heavenly home. Toward it, knowingly or not, men have turned in the time of trouble or peace for the guidance that only it can offer to the creation of God. It would be a most interesting thing to watch just how you be hold this man Jesus. Is He just an example or is He the Master? Is He just a teacher or is He the Messiah? Is He just a life that can pattern yours after or is He the Saviour of mankind that is moving along in the everyday march. Just how do you look at the Son of the Living God?

Study Window

By REV. C. C. ARMSTRONG

Advent, the season of preparation, penitence and expectancy, begins on the Sunday nearest to St. Andrew's Day (November 30) and continues through the four subsequent Sundays. It is the season immediately preceding Christmas.

The churches are making preparation. Special services, Christ mass music are all being planned and arranged. The consistent and the casual churchgoer alike feel drawn toward the church. Christmas is one of the great seasons in the church calendar.

Christmas itself, however, has always been readily accepted with in the church. Before the 19th century there was no general agreement as to when it should come in the calendar, whether on the 6 of January, or the 25 of March, or the 25 of December. In deed, the Eastern Church, (Greek) still favours the 6 of January as Christmas. Neither the date nor the nature of any celebration connected with Christmas was set for several centuries after the actual birth of Christ.

In Britain the 25 of December was a festival long before the conversion to Christianity, and in 1041 the English puritans forbade any merriment or religious services at Christmas, on the ground that it was a heathen festival and ordered it to be kept as a fast. Even today certain sects or groups frown on the observance of Christmas as a day of festivity and gift

exchanging. Many of us are troubled by the undue emphasis on the giving of gifts at Christmas. Santa Claus' right to existence as a creature of the imagination, and as a symbolic figure, may still be maintained in many households. Personally I am not advocating his banishment. But Santa has become an instrument for sales promotion rather than a symbolic of generosity and good will. If we become so pre-occupied with this matter of giving and receiving gifts that we forget God's gift of his son, it would be better to call a halt to Christmas activities, and reclaim its true spiritual significance as the commemoration of the incarnation. Through sacred music, through Scripture and sermons, Christmas can be reclaimed and thus fittingly commemorate the coming in the flesh of God Himself. "Arise, and let us go unto Bethlehem, and see this thing which has come to pass."

as well. Actually, they have plenty to sell.

"Sunny Alberta" is often summer in the winter than it is in the summer and if the majestic Rocky Mountains are spectacular in July and August, they are even more so in winter when the lofty peaks are clothed in snow. For winter sports enthusiasts, Banff and Jasper national parks already offer splendid skiing which could be developed even more.

Autumn in Alberta, according to the travel literature, holds a special charm offered by no other season of the year. Days are more likely to be sunny, and comfortably warm.

For amateur photographers, the autumn atmosphere in the mountains lack the haze common in the summer, and permits clear pictures. In addition, the trees are resplendent in fall shades which make sparkling color photographs.

Then, of course, there is the winter appeal to the sportsman. Few areas of North America offer more in the way of hunting—fur migratory fowl, upland birds and

This may sound too much like a travel folder, but it's the men who the travel bureau is trying to get across to the public—especially by the U.S. touring public—and it's a message that can be interpreted in dollars and cents for the Alberta economy.

Even last year, when summer weather conditions were poor more than 1,000,000 tourists visited the four national parks and spent \$42,021,387. By the time this year is finished, the travel bureau estimates that 1,700,000 visitors will have spent 49,000,000 and that's big money.

To reach the public with its campaign, the travel bureau sends reams of folders, booklets and literature to travel agencies all over the U.S. and Eastern Canada. The number of letters received by the bureau is ample evidence that the campaign is achieving results. So far this year, the bureau office in the Legislature Building here has received more than 27,000 letters seeking information on Alberta. Every one has been answered.

Alberta probably has a vast tourist potential which hasn't even been scratched. Nature has been so generous that there are thousands of acres of natural-play ground even outside the National Parks. Alberta has scenic attractions of one kind or another all the way from the Peace River country in the north to the bad lands of the east central area, to the Cypress Hills region of the south. Many of them need only a little development to bring the tourists flocking.

If the tourist industry in Alberta has been good this year, so has almost every other phase of business in the province, according to a summary of statistics covering the first nine months of 1955. Firm income from grain during the nine months, including wheat board adjustment payments, amounted to \$108,425,000, compared

ed with \$10,800,000 for the same period of 1954. Livestock income, however, dropped to \$108,105,000 from \$107,513,000 last year.

One of the best yardsticks of prosperity is sales of new motor vehicles, which were up by 13.2 per cent for the nine months. They increased to \$49,529,000 from \$43,544,000 last year. The construction industry more than held its own, with value of increasing permits in the eight cities increasing by 36.4 per cent to \$129,191,000 from \$103,814,853.

Manufacturing industries allied to agriculture showed a general increase in business. Packing plants made the biggest gain, with a 6.6 per cent increase in gross sales, a 27.3 per cent boost in most exports, and an increase in production of 17.8 per cent.

IDEAL SAW FOR T-MAN LOGGING

Yes, the light-weight McCulloch Model 430A is one of the best in the business for one man logging, bucking and limbing up to 8" timber. It's got rugged power and is packed with features. Comes with straight blades from 14" to 42", or 15" bow, all interchangeable. It's "masonry in your pocket" when you own and use this wonder one-man logging tool. A trial will convince you.

Passos At Peers

Mr. Ernest Otto Ohe passed a way at his home in Peers, on Nov-
ember 21, at the age of 70 years.
Besides his loving wife he is sur-
vived by one son and one daugh-
ter, Bill and Kate both at home.
He is also survived by three
brothers, Bill of Edmonton, Carl
in Germany, and Fred of Rose-
vau, and by three sisters in
Germany.

Funeral services were held on
Thursday, November 26 at 2:30
p.m. at the Rouvier Lutheran Church.
The Rev. Mr. Kunkel
officiated and interment was made
in the Church Cemetery.

Beautiful floral tributes and mes-
sages of sympathy were received
from: Leavie wife; Frederick,
Wulfrinus, Wilma, Louise and
Herman; Chris and Pearl Neilson;

Maclean's Looks At Pasteurization

(To uphold the position of
those who see pasteurization
of milk as a desirable public
health measure the following
quotation from an article by
Ryder Kats in the current is-
sue of Maclean's magazine
concerning Dr. Gordon Bates
may be of interest.)

According to Bates, the main
task of a voluntary organization
such as the Health League is to
expose an unpopular cause. For
political reasons, governments are
usually reluctant to sponsor cer-
tain measures — no matter how

Before 1900 no Canadian pro-
vince had relatively few manage-
ment. Bates was alarmed by this.
He knew that between 1900 and
1905 there were at least forty-eight
milk-borne epidemics in Canada.
One of them—a typhoid fever epi-
demic in Montreal—led to five
thousand cases of illness and five
hundred deaths. According to Bates
calculations, about ten thousand
Canadians were getting undulant
fever each year, some with fatal
results, from drinking raw milk.

Bates began agitating for com-
pulsory pasteurization in the early
30's. In 1930, accompanied by the
financier, J. P. Rickell, of Toronto,
and publisher Joseph Atkinson of
the Toronto Star, he visited Pres-

for Mitchell Hepburn of Ontario.
"I can't bring in that law," Hep-
burn said. "It's too robbing myself
of rural votes." He was referring
to the fact that farmers and dairy
men would resent pasteurization
because it took time and cost
money. Hepburn observed that he
could advocate pasteurization only
if there was a strong public de-
mand. "Will you introduce a law
if I create public demand for it?"
asked Bates. Hepburn said he would.

For the next two years, working
through a committee under the
chairmanship of Dr. Allan Brown,
the Toronto pediatrician, Bates in-
cubated Ontario with anti-raw
milk propaganda. The campaign
reached a climax at a dinner at
the home of J. P. Rickell which
was attended by Mitchell Hepburn,
Sir James Dunn, the financier and
Dr. Allan Brown. At one point
they were arguing about Bates and
his fight for pasteurization. Brown
said to Hepburn: "If you really
want to know why we need pas-
teurization, come to the Hospital
for Sick Children at eleven o'clock
tomorrow morning." At the ho-
spital the next day, Brown told
Hepburn through a ward where
there were children with tuber-
culosis of the glands, kidneys and
bones—the results of drinking raw
milk. He turned to the premier
of Ontario. "Mitch," he said an-
grily, "if you had an ounce of guts
this sort of thing would stop." In
1933 Hepburn introduced a com-
pulsory pasteurization law for
Ontario, the first province in Can-
ada to adopt such a measure. Cases
of bovine tuberculosis are now sel-
dom seen at the Hospital for Sick
Children.

laws are not good enough since
raw milk filters in from surround-
ing areas. Hampered by lack of
funds, the Health League has been
unable to survey the milk situa-
tion thoroughly but Bates says
millions of Canadians are still
"living with sickness and death"
by drinking unpasteurized milk.

HOW... DOES A STRONG FINANCIAL SERVICE Sell Groceries?

The rural grocer is a little like the
general practitioner—he cannot
narrow his business down to
specialization. His customers rely
on him to provide them with a
wide range of necessities.

To do this, he needs the services
of a strong financial institution,
such as the Provincial Treasury
Branches. Drains, loans, current
accounts, money orders, safety
deposit boxes are just some of
the many conveniences of our or-
ganization. By working in close
partnership and cooperation with

the local Provincial Treasury
Branch, the rural grocer can better
serve his customers, which will
naturally increase his profits.

Today as never before, rural
families are making more and
SPENDING MORE. For the
grocer, it is a healthy market with
plenty of buying power.

The Provincial Treasury Branches
are ready and able to help the
rural merchant of Alberta serve
their customers efficiently and pro-
fitably.

Vol. 3 Edison, Alberta, Thursday, December 8, 1955 No. 33

Pulp Wood To Be Cut In Area Next Fall B. of T. Told

Mr. Roy Morton, engineer in charge of construction for the North Western Pulp & Paper Ltd. pulp mill at Hinton told members of the Edison Board of Trade at their annual banquet meeting on Wednesday evening in the Town Municipal Council room that the glass-cut wall start next fall and production is planned for June 1957 for the new mill.

Mr. Morton described the various processes from the time the log left the bush until it was put through the chipping machine, the cooking and washing process and its final emergence as bleached sulphate pulp. The speaker said that the buildings are being planned with a view to doubling the capacity of the plant and special type walls are being built in the mill buildings to permit walls to be moved out and additional machinery added at a later date.

In answer to a question the speaker said there are no present plans for actual paper production at the mill yet. The bleached sulphate produced will be of a very high whiteness and grade though.

It is expected that 175,000 cords of pulp wood will be cut next fall to be followed by 300,000 cords the next year.

Accompanying Mr. Morton were Mr. Stan Hart and Mr. Chas. St. Denis, of the Woodlands Division of the Hinton mill.

A lengthy discussion of pre-Christmas shopping hours took place with the meeting resulting in asking the Town Council to designate the pre-Christmas week shopping hours as Wednesday afternoon until six o'clock; Thursday and Friday afternoon until nine and Saturday or Christmas Eve until eight p.m.

Mr. W. Nigro addressed the meeting and asked the support of the Board members in putting on what amounts to Edison's 34th annual winter carnival.

He mentioned that the project seemed to have gone beyond the capacity of one service club such as the Kinsmen and Kiwanis to handle and for beyond the heavy duties undertaken by the few de-

votes of figure skating who did the job before getting help from the Kinsmen.

A resolution was read into the record to ask the Edison Council to designate the block immediately east of the present Memorial Park as a park area for future development.

President G. V. Nelson outlined to the meeting what had been done with regard to the showing of Major General Gibson and Col. R. W. Cotto of the penitentiaries branch of the Dominion Department of Justice, mentioning the showing of the site at Telkerton and the supplying of the facts about Edison and District.

Correspondence on the dial telephone request for Edison was read by Secretary Lorne Knutson. There apparently being no hope of speeding up the two or three-year estimate by the Department of Telephones to complete the job.

Superintendent E. H. House, of the CNR, told the meeting that his division had recommended to his company officials that Edison was ideal for the situation of a penitentiary here.

Penitentiary Commissioner Explains Modern Treatment Of Prisoners

Major General G. R. Gibson told a joint meeting of the Edison Board of Trade executive and Town Council members Monday evening that 33 towns in all had applied to the Dominion Government to have one of the two proposed penitentiaries located in their area.

General Gibson said that while there wasn't as much reaction to having a prison in a district as there used to be, he had been surprised at the number of towns going all out for such an institution, when the word was announced that one would be built in the west.

He then went on to tell of how this change in viewpoint came about. He said that just after the war the government decided to make a change and his department was given a mandate to reform the

Woodman Spare That Tree

While we've got all kinds of natural green "Christmas Trees" in our district, it is still prudent to remember that "Only God can grow a tree."

All too often we have gone out into the bush to follow the trail of some axe happy character who has slashed first this tree, then that one, as he searched for one to suit his fancy.

Another way to save that tree is to decorate the ones that we may already have growing in our front yards.

This is the time of the year when every family should be planning to burn a few bright colored lights in their front yards in honor of the festive spirit.

method of dealing with the persons sentenced.

While there were the hard-bitten criminals, of course, the General said, the ordinary person inmate was a person who had slipped and fallen and the government felt that something should be done towards turning him into a better citizen.

A special educational program was worked out, with vocational training especially and the results have been very encouraging in turning out pretty skilled trades men.

General Gibson said that compared to a much higher rate formerly, only 20 per cent of the inmates have gotten into trouble again. The two new prisons are to be for those people who have no hard

Taken of a recent family gathering was this four generation picture of an old time resident and members of her family. Seated in the picture is Mrs. Jack Daniel who was formerly Mrs. George Paul Standing is her daughter Edna (Mrs. Clifford Winters of Dickson), Mrs. Winters' daughter, P'ronce, (Mrs. Wm. Franklin) and her daughter, little Miss Theresa Franklin of Marlboro.

Bridge Damage Extensive As Truck Hits Rail

The driver escaped serious injury Sunday evening when his truck and lowboy struck and partially demolished the bridge over the Edison River on the Bear Lake Road.

The accident happened Sunday evening about 9:30, when the truck and lowboy, owned by James A. Reimer of Calgary, were returning from hauling oil well

equipment to a new well site north of here.

The truck hit the east side of the bridge, knocking the railing off and jolting the decking fall before going into the river itself. Extensive damage was done to the bridge which will be out of commission for quite some time. Just now an eight mile detour is being used.

The accident was investigated by the RCMP. Another James and Reimer truck hit the Wolf Creek bridge on Wednesday afternoon and tore out several overhead crossbars and hit the deck with some heavy object that ripped a hole in the planking.

Highways Department men were immediately called to the task of setting this important bridge on the Jasper-Highway eight miles east of Edison back into service.

Draw Being Held Dec. 19

The draw for the food hamper being raffled by the Greenwood Community will be made at 4:00 o'clock Monday afternoon, December 19.

The Greenwood Club are becoming increasingly active and they are laying plans for further work on their community hall which has been a bit stymied for the past while.

The Penitentiary

In spite of several Gibson reminding us on his visit here that 32 other towns on the main lines of the CNR and CPR, and applied for consideration in the location of the new penitentiary being planned by the Federal Department, we have the optimistic opinion that Edson district's chances are very good.

The fact that General Gibson and his engineering officer, Col. Catto, came to Edson first is a good omen. Perhaps the fine reception being the visiting officers by the Board of Trade and other citizens of the Town will be a pleasant memory through the ordeal of looking at towns without the natural advantages of this district.

Of interest was the type of penitentiary the Department of Penitentiaries is planning to build. The jail here would be inmates, not yet hardened criminals who would be capable of rehabilitation.

General Gibson repeated several times how essential it is for an institution to have the facilities for the prison officers to get away from their duties and to have as normal lives as possible.

The penitentiaries branch has come a long way in helping inmates back to full citizenship upon their release and this policy of rehabilitation in recent years has lowered the "return" rate to less than 20 per cent of those released on the expiration of their sentences.

Prisoners have been given a new slant on life in recent years, said the General, the inmates being prepared for life outside with a trade to follow, but through such activities as sports inside prison and cultural pursuits such as musical shows and dramatics.

Pulp Wood Cut Next Fall

The confirmation by Mr. Morton at the Board of Trade meeting on Wednesday evening of the earlier assumption that pulp wood could be cut for stock piling next fall comes as welcome news to all in this area.

The impact of the purchasing power that this new forest products industry will give us will be tremendous when the initial production schedule begins.

But apparently the mill company is planning to expand even before production begins due to the analysis of the tree population in the Hinton vicinity.

We understand that prices of pulp wood should allow owners of even small woodlots as far east as Wilkwood to cash in on this new source for a cash crop.

Another Will Pass This Way

An old man going on a lone highway,
Came at the evening end and gray
To a chasm vast and deep and wide
Through which flowed a sultry tide.

The old man crossed in the twilight dim,
The sudden stream had no fears for him.
But he turned when safe on the other side,
And built a bridge to span the life.

Old man, said a fellow pilgrim near,
You are wasting your strength by building here:
Your journey will end with the closing day;
You never again will pass this way.

You've crossed the chasm deep and wide
Why build this bridge at eventide?
The builder told his old gray head
"Good friend, in the night I've built it," he said,
"There I followed after me today
A youth whose feet must pass this way
His chasm that's been naught to me
To that far youth a pitfall be
Now, too, must cross in the twilight dim
Good friend, I'm building this bridge for him"

WE LAUGHED AT THESE

Social life in London is not all beer and skittles. Take the matter of official position as it affects one's place in the scheme of things. That's something to be reckoned with.

Witness the actions of one lady struggling for social success. Calling up a certain important woman, she gushed, "I hear your husband is to be appointed to a Cabinet post. If that is true, do come to dinner at my place next Tuesday. If it isn't, then do come in for coffee afterwards."

"I was upset when Gerald kissed me last summer."

"Why, hadn't he kissed you before?"

"Yes, but not in a cane."

Grocery price war in Burlington, Ia., got so fierce that customers were paid five cents to take home a loaf of bread. They'd have to pay us a lot more than that to take home some grocery store bread we've sampled.

The teacher was talking about her bearing animals.

"Billy," she asked, "do we get far from Alaska?"

"Yes, man," answered Billy, "as far as we can."

THAT'S DIFFERENT

"I'd like to report that someone broke into my residence and stole three gallons of moonshine whiskey," the male voice informed the sheriff's office radio operator in Pensacola, Florida, on the telephone.

The operator tried twice to get the caller's name and then said, "Well, listen to me. Don't you know it's against the law even to have moonshine whiskey in your possession? You could go directly to jail if we know who you are."

"Well, now," the man replied, "if that's the case, I'd just as soon forget about the whole thing." He hung up.

"My boy," said the successful man featuring his son on the importance of industry and thrift, "when I was your age I was carrying water for a gang of brick layers."

"Well, Peter, I am proud of your pluck and perseverance," answered the lad. "Why, if it hadn't been for you I might have had to do something of the sort myself."

Outfit in Richmond, Calif., wants members of its Russian equivalent to come to this country and plumb to the depths of the way of American life. It's the latest plumb line.

"These people hear you down with their perpetual prattings and their noisy minds. It takes a great deal of fortitude and suffering to keep silent under the spite of words they substitute for reason argument—Brooks Bulletin"

ALBERTA SCENE

By KEN MASON

Edmonton—Delegates to the Social Credit League convention in Calgary last week may have been just day dreaming when they passed a resolution asking the government to consider direct dividend payments to citizens from natural resources revenue.

On the other hand, they have been serving the provincial government in a function which is commonly called "having a bite" putting forth a controversial or radical idea for the purpose of testing public reaction.

According to the resolution, the dividend payments to individual citizens would be made instead of continuing to increase government grants to municipalities. With the dividend payments, citizens would be able to afford higher taxes, and that would take care of municipal financial problems, according to the Social Crediters.

If the idea was to obtain public reaction, it got quick results. On Thursday of last week, the executive of the Union of Alberta Municipalities met in Edmonton and turned thumbs down on the proposal. The group, which represents Alberta cities and towns, passed a resolution asking the government to increase grants to municipalities.

When the premier spoke out last week, he said that he would provide another source of revenue for municipalities, and would prevent them becoming too dependent upon the provincial government for financial aid. In addition, he said, the individual citizen would feel he was deriving

Menaces

There are about two and a half billion people in the world and we suppose most of them are rather decent folks, if they have half a chance.

But there are some perpetual nuisances and we propose to place them in the category to which they belong.

The career conservative who brands all original ideas as odious socialism and akin to communism; the reformer who are more interested in publicity than progress; the theorist who damn you as an old fogey if you ask him for proof of his theories.

Then there is the overbearing materialist and the sentimental spiritualist who are doing business on a shelf worn stock of borrowed phrases; the pedant who knows so much about everything that he has no dependence conviction about anything.

These people hear you down with their perpetual prattings and their noisy minds. It takes a great deal of fortitude and suffering to keep silent under the spite of words they substitute for reason argument—Brooks Bulletin"

Some Big Heads Taken In District This Season

There have been some record specimens of big game taken in the district by hunters this year and some of the hunters are plenty proud of their own particular kills.

Orrville Kraskey of Minburn, Alberta reported to us, with a picture for proof, that the elk he shot had a truly "mammoth" head. The rack of horns measured 41 inches at their widest point and were 42 inches from base to tip with seven points on each side. A

very heavy set, the horns had a circumference of 10 and a half inches at the base and Mr. Kraskey had put his tag just back of the most points.

Mr. Harry Webb, of Edmonton hunting with a party of six, south of Edson, shot an elk with a horn spread of 49 inches. These horns had six points on each side and were a slim perfectly matched pair. Another member of this party took home a mammoth set of moose horns, which had a total

Mr. M. Sinal Laid To Rest

Mr. Martin Sinal of Cadomin passed away on December 3 at the age of 75 years.

Funeral services were held at the Edson Funeral Home at 2:30 p.m. on Tuesday, December 6. Mr. Albert McLeod of Mercoal read the United Mine Workers of America funeral ritual and interment was made in Glenwood Cemetery.

Mr. Sinal is survived by his loving wife, Mrs. Kay Sinal of Cadomin, three sons and three daughters, Martin of Drayton Valley, George of Calgary and Frank of Edmonton; Mrs. William Kern of Edmonton; Mrs. Walter Kern of Mercoal; and Margaret of Calgary. He is survived by 5 grandchildren and two sisters in Czechoslovakia.

Funeral tributes were received from: Loving Wife, Bill, Mary, Freddy and Ryan, George, Mar and Family; Martin, Rose and Family; Helen and Walter; Mar, Albert and Frank; Mr. and Mrs. Nestor Shevchuk; Mr. and Mrs. Elvin Golka; Mr. and Mrs. Panko vich and Mike; Mr. and Mrs. W. Leaser and Family; Mr. and Mrs. Ostachuk and Family; Mr. and Mrs. Herbert Langer and Family; Mr. and Mrs. Joe Hrychuk; Mr. and Mrs. Panach and Family; Mr. and Mrs. Marinkovich and Bobby; Mr. and Mrs. Gordon McLeod, Dwyer and Jack, Wrayley and Jacoby; Mr. and Mrs. John Palivoda and Family; Frank and Frankie.

Edson Funeral Home were directors of the service.

No Rebekah Whist In December

Persons who took part in the Rebekah Lodge whist party that was held Friday, November 25, had their usual enjoyable time. Winners for the evening were as follows:

Ladies first: Mrs. Wm. Wilson Sr.; Ladies Consolation, Mrs. K. Christians; Gent's First, Mr. W. Lilly; Gent's Consolation, Mr. Mark Albert. The Oscar for the evening was won by Mrs. Gladys McLeod.

The Rebekah Lodge will not hold a whist drive in December due to the date falling in the busy Christmas week.

NOTICE

Due to credit sale of milk to retail customers having gone out of control we regret having to announce that, effective immediately, such sales will be on a strictly cash basis, in keeping with the practice elsewhere.

Please do not ask our delivery man for credit.

F.U.A. News

F.U.A. Local No. 588 held a dance in Trail School on November 25. Sorry folks that it didn't turn out to be a real "big time" but the host had plans etc. etc.

Lucky winner of the draw-out was Floyd Nashby—good looking friend.

Local No. 588 will meet again on Saturday, December 10 and perhaps there will be more and better news to report.

HOMESTEAD DAYS

By EUSTACE REDGREN

Ma. 36
In the early years when we had a dry May there was always considerable firewood in the crop. In 1923 one couldn't see crop for firewood which though short was still higher than the grain which at home was only just tall enough to be cut with a binder. When cutting, the binder and myself were soon covered with firewood shavings and later when we threshed the shroeder got so much of this firewood shuff on that he had the appearance of being wrapped in cotton batting.

These oats only yielded 9 bushels per acre and the poorest crop we had had, previously had been more than 50 bushels per acre. One field was too short to be cut with the binder so we cut with the mower but we got very little hay off that field.

All that summer and fall fire ranger Frank Krasse of Coon Creek had a crew of men fighting fire in the North West Lumber Co. Timber berth immediately north of us. The spruce was thick and it was mostly a digging and patrolling job but they had to be there until the snow came.

One of our neighbors had decided to pull out and we bought his few acres of crop in the stock. When we were threshing this crop we were only about one mile from

the timber limit and while threshing I noticed a fire at the edge of the timber and just as we finished threshing the fire broke out. I remember only about half a mile from our house.

I jumped into the demerol and made all speed possible to get this neighbor and a plow to plow a fireward around the haystack. When I got to this neighbor's, who lived quite close to the Prairie Church we noticed a fire in the church grounds so we rushed there and put the fire out with the help of Lee Romeo who lives across the road from the Church and who had also noticed the fire.

We said "This delay will mean goodbye to our hay stacks but we couldn't have gone away and left the Church to burn." With the Church safe we rushed to the haystacks and when we arrived there the fire was within fifty yards of one of the stacks. We had water and sacks with us and as it was fairly calm we were able to beat out the fire with wet sacks as it crept over the mown meadow to wards the stacks. That was a narrow escape but with the meadow burnt off all around the haystacks we didn't need to worry about them any more.

The fire continued burning in the timber and were only definitely checked when we had a

welcome fall of snow on October 29th.

The drought was general that summer and everyone was in the same boat as we all had more stock than we could feed that winter. The work horses had the first claim on the feed then came the milk cows for we needed the cream cheese to pay the grocery bills until the next harvest. Fortunately I had been able to get enough feed for their needs but had no alternative but to ship all the rest of the cattle.

Naturally with the drought general over Northern Alberta prices were greatly depressed and all I received for 27 head was \$300—an average of \$11.22 a head. I had bought the cows through the Soldier Settlement Board for approximately \$100 each only two years earlier and at this rate it took the value of eight head to pay for each cow. The worst feature of it all was that I had been forced to sell all the calves—the calves that I had figured would grow up and pay off future cow payments. I always liked cattle and I still had the milk cows as the start of another herd.

Mayerthorpe Held McNern Wins School Festival Season's First Spiel

Mayerthorpe—

The annual school festival was held in Mayerthorpe on November 30. This year it included only the children attending school at Mayerthorpe. A concert was held in the evening where parents were shown a few highlights of the festival and also Miss Annie Johnston was presented her governor-general award by Mr. Paul Buxton chair-man of the local school board.

A vote of thanks in the form of a plaque was asked for by principal J. Dickson, to all those who have given the children of Mayerthorpe such a wonderful chance in the field of music. This was heartily accepted by students as well as parents.

Once Eddy, for a few weeks before going on to the coast. F.O. Allan Weekes from Rock beach, Ontario and his fiancée, F.O. McDonald from Whitehorse, are visiting here with their parents, Mr. and Mrs. Rupert Weekes before leaving on the Coast next week to spend Christmas with F.O. McDonald's parents.

McNern Wins Season's First Spiel

Cutting got off to a good start over the weekend with a mixed broom spiel getting all the enthusiasts out. With play getting underway with a seven o'clock draw Friday evening, the twenty risks entered shoving and swept their way through another successful bonspiel.

Newcomer Bob McNern and old standby Carson Field met in the final game of the Grand Challenge at nine o'clock Sunday evening with the McNern risk coming out on top by a 17-12 score.

The winners risk included Skip McNern, Mrs. McNern, Bill Lilly and Mrs. Nellie Amundsen. The field risk included Carson Field, Mrs. Baby Switzer, Paul Bodner and Mrs. Nellie Field.

The risk will be busy then over this year with 22 risks entered in the men's section and 17 women's risks entered for play. Every Coast next week to spend Christmas with F.O. McDonald's parents.

REV. L. B. HALLIWELL

A banner of the word—and a lot of people. It is often used in some strange ways. We will often think of it when things are tough or when things seem to have no way out of themselves. But have you ever thought about what it really is to thousands of people who are even better to you for God is no respecter of persons.

Religion may be learned on Sunday, but it is lived in the week-day's work. The torch of religion and put it away for a few days may be lit in the church, but it does it's burning in the shop and enough of the cork to permit it on the street. Religion seeks it's easy removal.

It is in prayer, but it lives it's life in deeds. It is planted in the heart, but it is growing out of the world. It feathers itself in flight in songs of praise, but its actual flights are in the works of love. It resolves and meditates on righteousness as it reads its lessons in the Book of Truth, but the lesson learned is shown by the work of the possessor in their everyday's work.

It puts its armor on in the morning rooms of the sanctuary. It combats for the right, the noble and the good in all the activities of practical existence and its battle-ground is the whole field of life. This is the religion that is useful in the day in which we live and which man is seeking for continually.

HELPFUL HINTS

Exterior enamel is the best type of finishing coat to use for both wood and metal porch and garden furniture. It is easy to apply and easy to keep clean.

Arrange your closet so the most convenient. Don't crowd too much into one closet. Light colored or delicate fabrics should be placed in dress bags for protection from dust.

If a cork breaks and falls inside the bottle, pour enough ammonia in the bottle to float the cork's work. The cork of religion and put it away for a few days may be lit in the church, but it does it's burning in the shop and enough of the cork to permit it on the street. Religion seeks it's easy removal.

It is wise to wash sweaters separately, since lighter colors may be lost. It feathers itself in flight in songs of praise, but its actual flights are in the works of love. It resolves and meditates on righteousness as it reads its lessons in the Book of Truth, but the lesson learned is shown by the work of the possessor in their everyday's work.

her aunt, Mrs. George Seibel. Cousins of the bride, George Seibel, Jr. attended as best man. A reception was held in Pioneer at the home of her aunt and uncle. Her uncle proposed the toast to the bride.

Mr. and Mrs. Tomlinson will be making their home in Leon Lake Saskatchewan.

About Scrolls

One thing that impressed us about the scrolls which were presented to Alberta Senior Citizens this year, besides their excellent design, was a slight breach of etiquette in the matter of signing. It will be noted that the signature of Premier Manning and A. J. Hocks appear on behalf of the government and people of Alberta.

The scrolls should be signed by the Lieutenant-Governor. It is curious that no one has commented on this.

We won't argue with those who think Mr. Manning is God's representative.

Wed In Quiet Ceremony

St. Catherine's Anglican Church was the scene of a quiet wedding on December 3rd, when Miss Patricia Lynette Christophers became the bride of Mr. Bruce Tomlinson.

The bride is the eldest daughter of Sgt. P. M. Christophers, former of Edson and now of Edmonton, and is a graduate nurse having received her R.N. with the rank of a graduate class of 1953. The groom is the son of Mr. and Mrs. Tomlinson of Leon Lake Sask.

Given in marriage by her uncle Mr. G. Seibel of Pioneer, the bride wore a deep blue princess style gown in cocktail length, accented with white accessories. Her only jewellery was a gold bracelet of her mother's, who were a couple of orchids and lily-of-the-valley.

The bride's only attendant was

Rooms To Vie For Parental Attendance

The regular monthly meeting of the Edson Home and School As-

sociation was held in the High School Auditorium, on Wednesday November 30, when even though it was a cold night, a good number of parents attended a very interesting meeting.

A room award was started

whereby the parents who attend the meeting sign the register along with the teacher's name who teaches their child. The teachers name that appears the most times is allowed to hang this room award in her room until it has been awarded to another class room. It is hoped that this will bring out a better attendance and make a better competition.

McLeod Valley Award Winner 4-H Club

The McLeod Valley 4-H Garden Club are very proud of themselves these days, and well they may be. The announcement was made early this week that the McLeod Club had won the Wheat Pool Award for the best group of 4-H gardens west of Edmonton.

Other honours have also gone to members of the very active McLeod Valley Club. Miss Ida Lambie has been given the Wheat Pool Award for the best local garden and Miss Marion Lambie assistant leader, has just recently returned from Banff where she took a leadership course on a Junior Farm Leaders Scholarship.

The 4-H Clubs are indeed a credit to their community and to the men and women who are leaders in them, as well as to the young people who are the members. They show by their own initiative and willingness to work that farming methods in a district can be improved and made to pay better. The girls learn sewing and home-making through their sections of the club as well as gardening and other outdoor projects. This is proven by the award the McLeod Valley Club has just won.

Yates News

An item in from Yates this week states, "We see Mrs. Art Straub back on the job in the cook house at the Yates landing. Every one who has occasion to eat there knows of Mrs. Straub's delicious pies and all the good food that comes before the desert."

And so a good word for a good cook.

ing talk on the local library and pointed out the different types of libraries across Canada and how they operate.

He stressed that it was the hope of the library board that as many as possible should take advantage of the opening of the library for one hour each Wednesday noon. If a good number of pupils use this privilege it would be more encouraging.

The meeting was closed with a lunch served by the room mothers and judging from the discussion an interesting time was had by all.

WHAT DOES THE FUTURE HOLD FOR YOUR SONS, YOUR DAUGHTERS?

The future of Canada is in your hands. And ours. It is in the hands of all who are at this moment building the nation and the way of life our sons and daughters must inherit. The contribution a bank can make is important, and The Bank of Nova Scotia is proud to have served Canada's development so intensively.

How extensively may be read in the figures of the 124th Annual Statement below. This is more than a financial record of a year's transactions—it is a reflection of the bank's ever-increasing participation in the many activities that are building the Canada of tomorrow.

Four activities... for bank loans and other bank services are helping you build businesses, expand industries, carry on the commerce activities that enrich and strengthen our land.

Wherever men tap the natural resources of Canada, or conduct scientific research, or build hospitals, welfare centers, schools—wherever financial backing and experienced counsel may serve—there The Bank of Nova Scotia is on hand. And the funds which the bank puts to work for you in such ways are the funds which you deposit every time you save. You and the bank are firm partners... partners in helping Canada grow.

woman's viewpoint

BY VI

This seems to be Christmas cake baking week because my neighbors seem to be hauling out their favor- ite cake recipes.

Just to be different I'm going to publish my favorite Christmas (or otherwise) I guess! tart recipe to be made before the run bottle is empty:

RUM AND BUTTER TARTS
1 cup brown sugar
2 tablespoons cream
1 teaspoon rum
raisins
2 tablespoons butter
1 egg

Stir cream and butter into sugar heat it very gently until butter melts. Remove from fire. Add well beaten egg and flavoring.

Put a few raisins in the bottom of each tart and add teaspoon of rum and butter mixture.

Bake in a moderate oven (350 degrees) until pastry is nice and brown. This only makes three dozen very small tarts, but you can double it.

If you're doing your cake in the evening and you find that you are short of something from the down town groceries spin out to Glenwood and see Louis. He will save it! Louis has the cake mix ingredients that the Buy-Rite and others feature.

A neighbor told me recently that for a large family it was much cheaper to bake your own bread. Well I've found it cheaper by the cost per loaf, but the way the family eats it up it certainly isn't!

I still have to buy as much Edson Bakery and Honeybowl as previously so it can't be much cheaper.

I wonder how many of the folk with their cars parked on the street realize how hard it is to see them when they are all covered with snow. My Editor husband usually mumbles to himself when driving up the Main Drag about them on a dark night.

Visits Home From The Dew Line

We had an interesting talk with Joe Radenreich while he was home visiting his parents, Mr. and Mrs. Matt Radenreich, last week.

Joe who served with the Royal Canadian Army Corps of Signals in Korea, is working as a civilian technician in communications work on the famous "Dew Line" of Canada's Arctic defenses.

While details of his job are secret, of course, Joe's stories of life on Canada's arctic outposts are very interesting and he is very enthusiastic about life in the north in the trade in which he excels.

Modern technology is doing everything it reasonably can to make sure that we are not taken by surprise some morning when we are least expecting it, Joe says.

He returned to his duties this week after a short brushup course at Calgary.

HINTON HI-LITES

'round town

—Mrs. Ina says the post office should build a bridge over the ditch on the west side of the building its too slippery to walk down into the ditch and up again. Now about it, Dorothy.

—Carl Carson in town Thursday after noon enroute back to his camp north of the river.

—Saw George and Helen Frymark in the hotel lobby trying to get a phone call through.

—Eric Potter, when told by Mike Magnus that some folks had missed the road to the nuisance ground and dumped a load of garbage on the new highway said "where must be some new people in as he had everyone taking it to the right place for the past couple of months."

—Mike Magnus says he had a wonderful time in Vancouver even if he couldn't get tickets to the show.

—Mrs. Jones and Mrs. Born down looking for the transformers and what came in for Calgary power they couldn't find it but it is there. Hope we get power soon or I lose a lot of bats, darn it, sticking my neck out to day as well as the approach to the crossing here at Hinton.

—The Royalist bulk tank and shed are now ready saw three fellows from the B.A. Oil down measuring the site where they are going to build their tanks.

But Now as an Added Convenience
We have costume made heavy logging boots for immediate or future delivery

DON'T MISS THIS GREAT PERFORMANCE

Quick Action

Sure got quick results from the Department of Highways yesterday afternoon.

We spoke to Mike Magnus about the slippery condition of the approach to the railroad crossing at Frymark and he had it cleaned out to day as well as the approach to the crossing here at Hinton.

Shoots Cariboo
Four of the boys from the New West had quite a hunt last Wednesday. They were out hunting moose and what they thought was a little deer kept haunting them all day.

Late in the afternoon they finally gave up hope of getting their moose and shot the deer, dressed it out, put their tag on it and headed home.

They were quite pleased with themselves until they got to the checking station at the Entrance Bridge. The attendant there, told them they had shot a caribou and it would have to be turned over to the ranger.

"ROUND TOWN"
—Leo Spier says to Eastern Canada and the Sales on vacation his place on the vacation was taken by Len Rust.

—Lots of hunting stories floating around. Don Seely claims the record buck of the year, a seven point buck.

—Saw Karl and Mrs. Urshan in town. Karl says the cold weather sure is good for the cold east nose.

For The Young People

Among the "blessings" for young people's activities, right from the Sunday School, which takes the children at an early and tender age and follows them through almost to maturity, the Explorers, Brownies, C.G.T., Cubs, 4-H Clubs, Sea Cadets and many other youth activities. Two elements are essential to each of these projects—the first is of course the interested young people—the second, and equally important, is the group of older folks some in their youth, and some adults, who are willing to devote their time and energies to these activities.

It is these latter whom we would particularly like to mention on this occasion. Just how many there are, or who they are does not come within the scope of this editorial—let us suffice to say that they are perhaps more numerous than one might imagine. What young people? That too is some of the most of these leaders of our thing that we cannot set down in detail—certainly it means many hours of work, work that is in itself interesting, but at the same time often proves difficult and trying. It means, too, hours of preparation and study. The time spent in actual contact with the young folk is but part of the total time necessary for the preparation, for organization must be prepared to spend many hours of work—time when they might be pursuing their hobbies, visiting friends, or fixing things up around their homes.

For this work very few receive any monetary reward, and the rewards received by that few are far from adequate.

How can we express to these people our thanks and appreciation for their work? Perhaps they ask little other than recognition of their efforts—but we can assist. We can do whatever is in our power to see that our children co-operate, and act as they should, we can be sure that the required amount of money is provided for the conduct of these activities, by supporting their money-raising campaigns. More than that, we can show our willingness to get it and help should our services be required as leaders or committee members.

We are very fortunate in having so many public spirited citizens who are willing to devote their time and their talents to these important jobs. Let us give them all the support we can and give them credit for the fine work they are doing.—Wainwright Star

Principals' Association Formed In Edson Inspectorate

At a meeting held in the High School on Saturday last a Principals' Association was organized for the Edson Inspectorate. Principals and vice-principals from the Edson and Coal Branch School Divisions and the town of Jasper attended. The meeting was opened by Superintendent J. P. Fisher, who explained the purposes which might be served by the type of organization proposed.

Each of the delegates was then given an opportunity to express his views, and all agreed that the "Principals' Association" would serve a very useful function in co-ordinating administrative and curricular activities in the inspectorate. It was especially felt that such might be done to achieve uniformity of standards in making promotion from one grade to the next, particularly at the high school level.

Following a unanimously accepted motion to organize, the officers elected were: J. P. Fisher, president; D. L. Tuovola, vice president; N. R. Falls, secretary. Will the new president on the chair, the group then discussed the question of the Institute proposed for late February or early March. Thereon decided on views. Mathematics, Health and Personal Development, and Educational Tests. The Joseph staff volunteered to make preparations for the workshop discussions. Liability insurance for teachers and pupils and the care of new buildings were also topics discussed.

Those present were guests of the Edson School Division at a noon luncheon in the Commodore Hotel. Principals and vice-principals attending were: M. D. Meade and N. R. Falls, Edson Junior and Senior High School; A. H. Dakin, E. Housman and P. Belrose, Edson Elementary; R. Zuur and K. G. E. Wade, Evansburg; G. L. Peers, Jasper High School; D. L. Tuovola, Edson; and R. J. Laerte, Jasper Elementary and Junior High. S. G. Martz and Mrs. M. B. Mackay, Wainwright; H. W. Komarik and Mrs. M. C. Hye, Niton; L. J. Perry and A. L. Ellis, Mervos; H. Kubarovich, Peers; L. A. Tybirk, Hinton; Mrs. Violet Hayman, Marlboro; Master Douglas Lindgren, Edson; Mrs. M. Marican, Marlboro.

The next meeting will be held during the winter term at the call of the executive.—M.J.M.

Summer Staff

These summer time pictures snapped by Mrs. Allan Hutchinson on a trip to Allette look wonderful in this cold weather and bring to mind hot lazy days when we were planning trips to Allette or the river or lake or someplace to cool off.

The pictures were taken near the east gate of Jasper Park and while most of the guests seem oblivious to Mrs. Hutchinson and in fact on what they are doing, the one in the front seems to be posing as if it were all old stuff to him.

Commissioner Explains Modern Treatment Of Prisoners

Cont. from page 1
The games, of necessity have to be "home" games said the General with a chuckle.

These prisoners competing in sports events with the outside world then start thinking about the next ball game instead of the next crime they can scheme.

In addition to hobby crafts the prisoners sew and repair mail bags, make government furniture and do other types of work that is not in competition with organized labor the speaker said.

The present prison policy he summed up as one of trying to convince people that prisoners who show a good attitude deserve a chance in society.

He emphasized that he could only recommend where he thought in consultation with his chief engineer, Col. R. W. Catto, the new prison in the west should be placed.

In answer to a question he said that he thought a decision should be possible by March if every thing went well.

S C Convention Well Attended

Some 500 persons were present at the banquet at the Pullman Hotel where Mr. Gagliardi, B.C. Minister of Highways gave a very dynamic speech.

Close to 100 resolutions were brought before the members and the coloring of margarine was one of them and was again rejected by the members.

The Hon. Solon Low who was to be one of the speakers was unable

MAIN DRAG

—Mrs. Terry Roome telling an interested listener about the concert and public Carol singing the Choral Group are putting on in the Parish Hall this Friday.

to attend because of illness. Mr. Hamed, National Social Credit President acted on Mr. Low's behalf.

—Mrs. Ruby Switzer creaking down the Main Stem after curling 5 games over the weekend.

—The proprietor of Cummings Ladieswear having a look at her new window display, from the outside.

—Christmas tree beginning to blossom with gay trimmings in stores along the Main Drag.

Mrs. Bill Kuyk was an Edmon ton visitor for a few days last week.

The Edson Leader

The Voice of Edson Constituency

Vol. 3 Edson, Alberta, Thursday, December 13, 1955 No. 34

New Businessman Ask Hinton Representative On School Division Board

Edson and district gained the services of a specialist in adjusting insurance claims this week when R. S. (Dick) Holmes moved into his new office above the Nova Theatre. Mr. Holmes has had extensive experience in the adjusting of insurance losses and is already well known in this district. He was joined last week by Mrs. Holmes who will handle the stenographic end of this new Edson enterprise.

No Leader During The Holidays

To allow our staff to have a break in the routine of putting out a newspaper every week, we will not be publishing an edition during the week between Christmas and New Year's. Our next regular edition after next week's Christmas issue will be January 5th when we will carry as full account of the district's news as we are able. In the meantime all the best in the Festive Season to our readers, contributors, advertisers and friends.

Blundell Insurance Coverage—Moved this week. Cont. on page 4

Fine Town Tree

The Town's work crew were the centre of attention on Thursday of this week as they arrived on the corner lot at Fourth and Main with their overland Christmas tree.

Then there was the hole to dig to "plant" it in, in preparation for the trimming and even though it's a lot of work, the men seem to get a great deal of pleasure out of putting it up.

Maybe it's just the feeling of anticipation that seems to come with the erection of a Christmas tree, any day, the memories of past pleasant times and hopes for future ones. Anyway everyone who passed on the street seemed to watch with smiling interest as the tree was prepared.

And we must say, they picked a very impressive tree.

Kinsmen Ask Help In Putting On Ice Carnival

Edson's annual ice carnival has reached the stage where even Edson's largest service club feels it can no longer handle it without help from the rest of the community.

This year's acting chairman, Bill Nigro, has called a meeting of all interested people to be held in the town hall on Sunday afternoon at 2:00. Everyone wishing to see a carnival for Edson and district is urged to show up.

Our chief trouble is that through the years we have built up a tradition of a quality spectacle through the efforts of such people as Mrs. Laura Mahon and the girls she has trained, who are now young matrons, and whose family duties circumscribe the community. The tradition of a color extravaganza has also built up a considerable burden in the making of the many costumes through the year. The organization and such things as the ticket sales and the queen contest are also a burden.

The easy way out would be to bring in a ready-made show, but apparently all the good ones have been booked since last year. Then a complete outside show doesn't allow any chance for our kiddies to take part in what can be one of the pleasantest memories of their growing up in our town.

The answer, obviously, is more help from a wider committee of citizens. Turn out Sunday afternoon and bring your suggestions.

City Team Coming On Weekend

The Burns and Dutton Communas are scheduled to meet the Edson Athletics in the local arena for a two-game series this week.

First game will be Saturday evening at 8:00 p.m. and the teams will clash again on Sunday afternoon at 2:30.

Schools Closed Until January 3

Schools in Edson School Division will be closed during the Christmas week from December 24 to January 2 both inclusive.

That is the last day of school will be Friday, December 23, and the first day of school in the new year will be Tuesday, January 3.

Penitentiary Commissioner Meets Edson Men

Members of the Town Council and the Edson Board of Trade entertained Major General G. E. Gibson, Commissioner of Penitentiaries for the Government of Canada, and his chief engineer, Colonel R. W. Cotts in the Commodore Banquet room Monday evening last week during their inspection of the proposed Tel-lerton jail site.

Reading from left to right are: Board of Trade President G. V. Gellman, Town Secretary

R. C. Bragg, Counsellor W. A. Sultzer, former Jasper-Edson M.P., J. W. Welbourn, General Gibson, Mayor M. Burleigh and Colonel Cotts.

The General was not able to make any commitments regarding the site of the proposed penitentiary here, but said he expected a decision on the site would be made by March.

The institution would employ about 150 men to start with if it came to Edson.

Cont. from page 1
The following agents be allowed the insurance coverage on the new buildings as follows:

A. Wolff, Evansburg: New Evansburg School, Interier Insurance Limited, Wildwood school, Niton school, Edson high school addition, Complete Liability Coverage: J. Griffin & Son: Peers school, New Edson Elementary school, Divisional Office and Workshop Building Program—A general discussion of setting dates for inspection and occupancy of the new buildings under construction followed. It was the general feeling that the inspection of the Evansburg and Peers schools should be held on December 14 and Wildwood, Niton, and Pulham schools on or before December 30. The two-room addition to the Edson high school was inspected and will be occupied December 13.

New Truck—Moved that the Board tender for the purchase of a new divisional truck and obtain bids and specifications as to the trade-in value of the present vehicle, and that such tenders close December 27, 1935.

Elementary Janitor—Moved that subject to the approval and interview, by Mr. J. H. Finlay, Superintendent, that Mr. W. O'Neil be accepted for services to commence December 27, 1935 at a salary wage of \$200.00 per month.

Passenger Panel—Moved that the division purchase and operate a 20-passenger panel to be used in the centralization of the Log Cabin school. Such tenders to close December 27.

Christmas Holidays—Moved that the Christmas Holidays will be from December 24, to January 2 inclusive.

Other matters discussed were van drivers, change of van routes, Leamas car transportation, transportation allowances, discussion of Pilot carline, progress of building program, approval of purchase of a teacher from the Trans-Mountain Pipeline Limited, report of principals' meeting held December 3, setting of janitor salaries, completing payment for Hinton schools, purchase of new equipment, permission to set Northville school, transporting by van of Empress school, superintendent's report, payment of accounts.

Moved that the meeting adjourn at 10:30 p.m. and meet for the next regular meeting on January 12, at 10:00 a.m.

Mild Weather On Horizon

We know we shouldn't mention it for fear of repercussions from the weathermen, but it looks as though we have a fair chance of having comparatively mild winter weather for our Christmas festivities.

We've got our fingers crossed.

BUILT TO BATTLE THE WEATHER

CANADA'S TOP WINTER TIME

What prompted consideration of the matter at this time was the rejection by the Department of Municipal Affairs of an account from the Town for a recent fire call to Glenwood.

Present were Mayor Burleigh and Councillors Kortman, Mahon, Negro and Tucker.

Church Site: Messrs B. Falkert and L. Sprietman addressed Council on matter of site for a reformed Christian Church, and were advised that Council would consider application on receipt of plans and selection of acceptable site.

Park Area: Delegation consisting of Messrs. Bolton, Heston and Stockwell of the Edson Board of Trade submitted resolution of the Board requesting that Council set aside the blocks lying east of the Memorial Park for additional park purposes.

The Council went on record as approving in principle the setting aside of blocks 72 and 73 as park area subject to modification of boundaries on a proposed resurvey of the area.

BUILDING PERMITS
It was moved that building permit to E. Weller for garage building for \$500.00 on lot 20 block 45. It was moved that Mr. Peter Pitman's lease and option on lot 14, block 21 be extended to June 30, 1936, subject to submission of proper plans on proposed new structure.

It was moved that Council grant permission to Canadian Propane Ltd. to place not more than six 1,000 gallon propane storage tanks on property of Cap's Construction Ltd., lots 14 to 16, block 12, as temporary measure and not later than June 30th, 1936, and subject to all safety measures and installation being met and approval being evidenced of Cap's Construction Ltd.

Submission of Rade Vopnyvich for modification of permit for moving of house from Robb to lot 20, block 91, with plans etc. was placed before Council. It was moved that permission be not granted to Mr. R. Vopnyvich to move building as proposed.

It was moved that no extension of lease and option to Canadian Oil Companies on lots 11 to 13 block 12 be granted at the present time beyond June 30th, 1936 but that Company be advised that Council would consider it at that time if extenuating circumstances are evident.

It was moved that Mr. Sam Ilyama be advised that he must submit proper plans and specifications and advance proposed date of construction if he is to retain lease and option to lot 20, block 48.

Federal Building Allow: Submission of Department of Public Works of Canada requesting closing of line behind lots 5 and 6 block 21 was placed before Council.

It was moved that the Department of Municipal Affairs reject account for fire call to Glenwood hamlet was read. It was moved that Town cannot enter contract for fire service outside Town with only one unit available and that it be made known to Glenwood hamlet area that no fire calls can be responded to under the circumstances.

Canadian Utilities: Letter from Mr. P. A. Brown of Canadian Utilities Ltd. et al with regard to Power and Gas franchise was read and Secretary was directed to acknowledge and advise that Council will advise when prepared to discuss details.

Weather Station: Letter from Mr. Andrew Thomson, Controller Department of Transport on matter of Town's request for 24 hour weather observing station was read and the Secretary directed to acknowledge.

Western Water Works: Request from Western Water Works Ltd. for payment of \$378.70 held back on drilling No. 4 well and relative letter from Haddin, Davis and Brown was read. It was moved that payment be withheld and

Municipal Affairs Rejects Bill For Glenwood Fire Call

Council declined at its regular meeting on Tuesday, December 3, 1935, subject to submission of proper plans on proposed new structure.

It was moved that Council grant permission to Canadian Propane Ltd. to place not more than six 1,000 gallon propane storage tanks on property of Cap's Construction Ltd., lots 14 to 16, block 12, as temporary measure and not later than June 30th, 1936, and subject to all safety measures and installation being met and approval being evidenced of Cap's Construction Ltd.

Submission of Rade Vopnyvich for modification of permit for moving of house from Robb to lot 20, block 91, with plans etc. was placed before Council. It was moved that permission be not granted to Mr. R. Vopnyvich to move building as proposed.

It was moved that no extension of lease and option to Canadian Oil Companies on lots 11 to 13 block 12 be granted at the present time beyond June 30th, 1936 but that Company be advised that Council would consider it at that time if extenuating circumstances are evident.

It was moved that Mr. Sam Ilyama be advised that he must submit proper plans and specifications and advance proposed date of construction if he is to retain lease and option to lot 20, block 48.

Federal Building Allow: Submission of Department of Public Works of Canada requesting closing of line behind lots 5 and 6 block 21 was placed before Council.

It was moved that the Department of Municipal Affairs reject account for fire call to Glenwood hamlet was read. It was moved that Town cannot enter contract for fire service outside Town with only one unit available and that it be made known to Glenwood hamlet area that no fire calls can be responded to under the circumstances.

Canadian Utilities: Letter from Mr. P. A. Brown of Canadian Utilities Ltd. et al with regard to Power and Gas franchise was read and Secretary was directed to acknowledge and advise that Council will advise when prepared to discuss details.

Weather Station: Letter from Mr. Andrew Thomson, Controller Department of Transport on matter of Town's request for 24 hour weather observing station was read and the Secretary directed to acknowledge.

Western Water Works: Request from Western Water Works Ltd. for payment of \$378.70 held back on drilling No. 4 well and relative letter from Haddin, Davis and Brown was read. It was moved that payment be withheld and

that copy of letter from Haddin, Davis and Brown be sent with acknowledgment to Western Water Works Ltd.

Gas Line Entry: It was moved that the Mayor and Secretary be authorized to sign consent required by Sharon Co. Ltd. to North Canadian Oil Limited granting right of entry and use of surface right on such land as the Town owns in block 20, and in N.E. 1/4 section 17-53-17-W5.

Laundry: It was moved that approval of Council be granted to issuance of license to Mack Town Get for operation of laundry business on limited scale at premises lot 30, block 4.

Deputy Mayor Tucker: It was moved that Councillor Tucker be Deputy Mayor until the first regular meeting in March 1936.

School Regulation: It was moved that balance of School Regulation in the sum of \$10,912.50 be paid to Craft Centre: Letter from Edson Craft Centre expressing appreciation for Council's interest and co-operation in Craft's activities was read.

The following accounts were read and passed for payment: G. Kirsch, 72.80; Mrs. J. Wyshowski, 6.00; M. M. Albert, 32.33; T. Thos, 3.00; R. C. Gregg (advance to delegation expense), 800.00; Mrs. J. Auto Camp At Wolf Creek

Mr. Keith McCargara of Edson has purchased the auto camp and coffee shop at the Wolf Creek bridge on the Jasper High way seven miles east of Edson from Mr. Dave Hickley.

Mr. McCargara plans to remove the garage and the cabin immediately and will be joined by his wife and family as soon as the living quarters are renovated.

Brother Len reports that Mr. Wilmer Dickson is recuperating nicely after a severe attack of pneumonia hospital.

woman's viewpoint

BY VI

Had a young mother visit me the other day and she couldn't help but remark how our ten-month-old Brenda gets around in her walker. These walkers (you can get them at any local hardware) are built so that a baby can get into too much mischief. They don't damage the furniture and woodwork, but they do give the wee ones plenty of exercise and puts the muscles in good working trim. They are surely the answer to the don't walk-rot-out.

In each and every room. The door and Christmas were in Mr. Belrose's room was especially attractive. Mrs. Bolan's grade two nature study or science cupboard was really novel and I got quite a surprise to find the deer leg that our dog had brought home a while back on prominent display.

Any parent visiting the school could not help but feel the interest and enthusiasm in our children shown by our local teachers. We enjoyed every minute of it.

I've been hearing quite a bit about the carnival plans, or lack of them rather. We hope the Kinsmen will be able to work up enough enthusiasm to act as the committee in charge.

We've heard they intend to import a ready-made program. If that is impossible, then a teacher to whip our own local talent into shape.

For my part I would have enjoyed seeing professional talent (imported if necessary) perform in a skit or play with lovely costumes, etc. that we didn't have to make. However, it all goes to make a carnival and the work and the worry has to be included.

We're going to have such a long skating season that there will be plenty of time for practice if our own folks put on an extravaganza as they have in previous years.

The Kinsmen say they can't manage the costume this year. So if our youngsters are in the carnival.

Main Streeter

The roving Leader camera picked up a typical shot of Mr. D. C. Matthews in a unposed picture of this well-known Edson and District personality. When we caught him in our camera's eye "Cam" had been putting the finishing touches on the new offices in the second story of the Nova Theatre.

This year it will be up to the mothers. I think most mothers prefer to make their own children's costumes. I know I do. If the Kinsmen can get this carnival rolling, for sure the town will be behind them in their efforts.

Mrs. Jack Damsel left on Sunday for Bramford, Ontario, where she will visit with her sister for a few months.

Mr. and Mrs. Max Kilpatrick left on Wednesday for Port Alberni, B.C., where they will attend the wedding of Mrs. Kilpatrick's niece, Miss Evina Rae. While there Mrs. Kilpatrick will see two of her brothers who are attending the wedding from Michigan and whom she hasn't seen for ten years.

Well Known Edson Family Honored Prior To Moving

Mr. and Mrs. Lorne Wilson and son, Tommy, moved to Edmonton on Thursday of this week. They will be greatly missed by their many friends and by the community as they were active in their church and various clubs.

Prior to their departure they have been guests of honor at a number of gatherings. On December 6, Mrs. Ford Davidson held an afternoon tea when a group of Mrs. Wilson's friends were on hand to wish her well in her new home. At the last meeting of the Afternoon Group of the Anglican W.A. Mrs. Wilson was presented with a gift as a token of appreciation for the work she has done as a member and president of the group.

During the last evening of Mrs. Wilson's bridge club she was given a gift by the members as a remembrance of the many happy evenings they had spent together. Then last Saturday evening, the

Edson Theatre And Elks To Give Free Show

Powell Brothers' annual treat to Edson's young fry, of a free show will take place this year on Thursday and Friday, December 22 and 23.

On Thursday afternoon, starting at 1:15, pre-school kiddies and First Graders are invited to attend a special showing of cartoons and other features, interesting to little folk. Their moms are invited to attend this showing too.

Friday will be show time for students included in grades two to six. Along with the shows the D.P.O.E. will be on hand to give out treats and we understand Santa Claus will be putting in an appearance sometime each afternoon.

Which ever way you look at it, there should be fast, rugged fun for everyone at the games helping to support the team.

Athletics To Host B&D Commandos

The Senior Athletics hockey team will play a two game exhibition series with the Burns and Dutton Commandos from Edmonton this weekend.

The Burns & Dutton team was strong contender in the intermated "B" playoffs last year, and since the Airlines Hotel team dropped out of competition, they are thought to be the team to beat.

Which ever way you look at it, there should be fast, rugged fun for everyone at the games helping to support the team.

The game will be played at 8:00 p.m. Saturday night and again on Sunday at 2:00 p.m.

Choral Group Treat Audience To Evening Of Carols

The Parish Hall was comfortably filled last Friday evening when the Edson Choral Group presented a concert as the culmination of their 10 week leadership course under the direction of Mr. G. K. Greene, Extension Lecturer from the University of Alberta.

The audience participated also in singing groups of old well loved Christmas Carols and the sparkling favorite, Jingle Bells.

The group sang two groups of three songs. The first group included the lullaby, Golden Slumbers, Full Fathom Five, a fantasy with words by William Blake, and the lovely Ash Grove.

The Choral Group will meet again on Friday, January 13 when they will learn new music under the direction of members of the group.

The second group were more in the Christmas spirit, being Jean Point of Consolation, What is This Lovely Fragrance and Ding Dong Merrily on High.

Mrs. Hebelman, a member of the group, delighted the audience with three Carols in her native German tongue.

Mr. Stephen Hayward, fifteen year old Edmonton pianist, as guest artist, played two groups of varied selections which were very well received.

Grey Cup Fans Liked Edson

That Grey Cup Fans didn't mind stopping off and meeting the Edsonites who were on hand to greet them when the C.N.R. special rolled through is evidenced from the smiles of the Toronto fan caught above by Leader Photo Al Thomas. The specially printed ribbons "Edson's for Babs" really went over big with these down easters. Only one note of the special train deal was that the waiting room was unconsciously locked on Edson fans boarding the train during the evening. It took an appeal to the C.N. Superintendent to get the waiting room opened again for those waiting for the midnight train.

Crop Rotations And Wild Oats Study Of Study By Experts

By WALTER McNARY
Studies of various crop rotations has been of major importance at the Lacombe Experimental Farm, Canada Department of Agriculture since 1911. One of the most interesting and important observations made in the study program was the remarkable superiority of mixed farming types of rotations in the control of wild oats. Wild oats thrive on our black soils.

However, on plots where the mixed farming rotation, which included early maturing cereals and two years of hay as well as wheat, were practiced, this weed had not caused serious crop losses.

On the other hand, in our straight grain rotation of fallow wheat, wild oats have seriously reduced the yield of grain. In fact, in four of the past forty years, the wheat crops had to be cut for greenfeed despite the fact that delayed seeding, fertilizers and other measures of control of this weed are being used.

The success of the mixed farming rotations in checking wild oats must be attributed to a number of interesting factors. Fallowing down infested land to a grass-legume mixture has not in itself given any marked relief from this weed, even when the seed was left unbroken for as long as ten years. However, where the land was systematically seeded down in a grass-legume mixture and used for hay or pasture for a period of two or three years and this

combined with the delayed seeding of early maturing cereals, the wild oats have been effectively checked.

By way of comparison over a period of years, the amount of wild oats in the wheat on fallow was in the study program 13 per cent while on our mixed farming rotation it was 6.25 per cent. The mixed farming rotation included two years of hay.

Central Alberta conditions are well suited to mixed farming and the production of forage for livestock feeding. It is gratifying therefore that the mixed farming type of crop rotation has not only materially reduced the wild oat losses but has also more than doubled the crop output of an acre of land, when compared with straight fallow and grain rotation.

There is no such way to attain to greater measure of grace as for a man to live up to the little grace he has. —Richard E. Burton.

As dew silver falls on a morning night, so the dew of life grace never comes to the restless soul. A. B. Stimpson.

Virtue, wisdom, goodness, and real power, like the loadstone, never lose their power. —James Gordon Brooks.

Rosevear News

The dance on the 8th was well attended. A good time was had by all and Miss Audrey MacMillan was the hostess chair.

Due to the cold weather and drifting snow, a very small crowd attended the bingo on the 13th. Little Barry Fabian won the big prize of the evening.

Mr. and Mrs. Carl Steller and family of Edmonton, were visiting in Rosevear last Sunday. Mrs. Steller is, we are sorry to say, still in hospital.

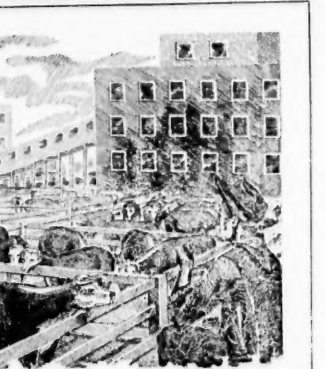

Corporal Berthel returned to his post in Edmonton on Sunday after having spent the weekend at home.

Mr. R. Greenwood is now working at Galloway.

The Rosevear boys were beaten 2-0 by Wolf Creek in the hockey game last Sunday. Cheer up boys you can't win them all.

The big date for the children of the district, the day they can

Early Resident Recalls Early Days In Hinton History

We were privileged to talk to what is now called the Moberly, early resident of Hinton, where the tribe had their last week who has had an interesting life watching this part of Alberta grow to its present stage of development.

Adam Joakum was born here in Hinton 77 years ago last spring. One of an Indian and a white man, he was the first white man to settle in Hinton. He was a guide. He says this winter we are having new life all around that the signs are for warm

weather and each time it gets colder.

One sign he says has always been infallible, is when the creeks are frozen over, and the water rises. Warm weather comes right away, this year each time that has happened the weather has got colder.

Mr. Joakum was a pupil of the late Father Lacombe and a classmate of Father Bourde at the St. Albert Mission for five years. Then he and Father Bourde went to Montreal for another five years of college there. While there he was a member of the militia unit called the Fusiliers de Montreal.

On his return to western Canada he accompanied Father Lacombe on his trips to the Indian villages on the eastern slope of these mountains and some great tales he can tell of the hardships and adventure that was had on these trips.

They were made by horse back and on foot. He has one complaint—fifty years ago he and the rest of the men of his village built a church, but for the last two years no service has been held because no priest has called at the village. When asked how their settlement got the name of Grande Cache, he said about 1875 a party of Canadian Pacific engineers made a survey trip up through this country and built the largest food cache that the Indians in this area had ever seen so the name of The Grande Cache was given to this place and later when the Indians called their village there it was called the Grande Cache.

Mr. Joakum worked with the surveyors that later built the Grand Trunk and the Canadian Northern Railway through here. He says the Canadian Northerns was the smarter of the two, they waited and let the Grand Trunk get a short way ahead of them and then shipped most of their material and supplies over the Grand Trunk, saving the expense and labor of building long tote roads.

Agricultural Soil And Feed Testing Laboratory

By Walter L. McNary
District Agriculturist

The opening of an Agricultural Soil and Feed Testing Laboratory has been announced in a joint statement issued by L. C. Hamrat, Alberta Minister of Agriculture and A. G. McCalla, Dean of the University, Faculty of Agriculture.

The Laboratory will be located in the Agriculture building at the University and is designed to handle soil samples from farmers and greenhouse operators, and samples of home-grown feeds, either grain or forage crops. Commercial feeds and supplements will not be analyzed. Dr. A. Zitaah, a graduate of the University has been appointed Chief Analyst.

The Laboratory will take over the soil testing work that has been done for many years by the Department of Soil Science. The opening of a full-time laboratory will make it possible to extend this work and give faster service on routine analyses. The analysis of feeds is an entirely new service but one that has been in demand by farmers and particularly by ranchers in southern Alberta.

It is expected that District Agriculturists will be supplied with containers for the soil and feed samples as of December 1st. The cost of this service to farmers will be 50¢ for soil tests and \$1.00 for feed tests.

Hinton And District Firms Co-operate To Make Rink

All the firms engaged on the construction of the mill are co-operating with a representative of the Businessmen's Club in making possible a skating rink for the local kids, both big and small.

George Gibson, of Poole Construction, is chairman of the rink committee, and there is a member from each of the other firms helping to build the mill, as well as a member from the Woodlands Division of North Western Pulp & Paper and a representative for the Athabasca Valley Development Corporation.

Frank Lovsin of Freson Market is representing the business men of Hinton.

The committee has received donations from all the involved and will require a little cash to support this rink for our kids.

So if anyone has a spare buck or two for the project, they can contact any member of the committee to make their contribution.

One thing we do need is a lighted rink for the folks here to enjoy the winter pastime. The first flooding of the rink will take place on Sunday. All the help that comes out will be appreciated.

Officials Pleased With Progress

Messrs. Alex Smalley, of New York, a vice-president of St. Regis Paper Co., M. V. Hart, of New York, and Woodlands Manager for the paper company and T. A. Estley, Manager of the Hinton mill, North Western Pulp and Paper, announced while passing through Edmonston this week that "progress on plant construction is very satisfactory," and that by next June pulp wood cutting will be in progress on a large scale. Accompanied by Mr. Gordon McNaught, of Woodlands Division here, the party were on their way back east.

The announcement confirmed that during the winter of 1955-57, the woodlands Division expects to employ approximately 800 men in pulp wood stock-piling alone.

'round town

—A good thing for us the first Saturday from Drinnan. Alvin took home plate Wednesday but Bud Ford had just reached the junction of the Branch Road and Highway 16.

—Roy Patten in the city last week saw him this week and he says Edmonton's fine, but Hinton's better.

—Saw a couple of hunters from Hinton blasting away at a moose down near Obed, but guess he was too far away as they did not get him.

—The folks down at Blin getting the new town going aren't letting the frost or adverse weather stop them. The preb factory is now getting the roofing on, with sewer and water mains going in. The engineer in charge was boasting one of the machines dug two hundred feet one day this week sure shows how the job should be done. Mr. Hooker please note.

—Alvin MacKay making much better time on moving his back end than Bud Ford. Bud started moving from Hinton to Hinton Wednesday. Alvin started moving on

THROUGH THE Study Window

By REV. C. C. ARMSTRONG
Two leaders of the Russian Orthodox Church have been visiting in Canada and will be returning to their homeland for Christmas. They came out as guests of the United Church of Canada and in their tour of Canada have met with dignitaries of the Orthodox Church.

Perhaps some folks have looked upon this as a rather unusual venture. The United Church is not noted for its adherence to old established customs, and many people regard it as anything but orthodox. Others no doubt will view it from afar as an indication of a politico-religious trend, and wonder what relation it bears to Communism. Others will accept it as a worthwhile project to encourage a better understanding between two communions both claiming the right to be classified as Christians.

Historically, Christendom divided up after the dissolution of the Roman Empire. The Latin part has been called Catholic, and the eastern portion, centering on Constantinople was the Greek or Orthodox Church. Orthodox, of course means "right teaching."

At Christmas we hear much of peace on earth and goodwill to men. Unless people who claim Christ as Saviour and Love exhibit goodwill towards each other there can be little force in an appeal for peace. Without a righteousness based on the spirit of Christ there can be no peace. It is only when Christian people exhibit a desire to live together on a Christian level that is on a higher plane than political expediency that we can show the world the way to peace. So long as the terms "Protestant" "Catholic" and "Orthodox" are suggestive of mutual antagonism we have reason for a humble searching of our conscience. Only a united Christendom can sing with angelic hosts that chorus first heard on the Judean hillside "Glory to God in highest, and on earth peace, good will among men."

Pastors Desk

REV. B. B. HALLIWELL

and they presented unto Him gifts. . . . Math. 2:11
These Wise Men came from the East, for the King of the Jews had been heard of in Babylon, or the country beyond the Euphrates. . . .
These Wise Men, it would seem, belonged to the learned class for they had access to the presence of Herod. . . .
Regardless of their dealings with Herod it was not their mission to see this earthly ruler but they had come to see the King of Kings as He was cradled in a manger.

ger. They had come to see a ruler that was not clothed in the regal robes of royalty, but the Son of God clothed in humility.
They had come with gifts while Herod came with the sword. They had come led by a star while Herod came led by the monster of fear. These men step from our curty, while Herod stepped into it. What a difference between the two.
But they were bearing gifts for the Babe in the Judean manger. Many years have passed since these men made their immortal trip to the manger but that does not reduce the necessity, of you my friend, in also making the same journey in your heart.
We will be giving and receiving many things at this time of year but let me ask you, have you given to the Babe that WAS in the manger the gift that He would like you to give, that is your life to His control. . . .

ALL ABOARD

By G. E. MORTIMORE

A truck was drawn up to the curb. New people were moving into the corner house that night. I stopped on the sidewalk to let two men pass by, carrying a chestful.

As they vanished into the dim interior of the house, a child's voice cried: "My little wagon." It was a cry of grief. The child himself was out of sight in the shadows, but a light shining from somewhere deep in the house showed up the wagon parked in front.

This was a very small red wagon, and it had a rib to the left side, a kind of list to port. Apparently one front wheel was crippled. Maybe it had been smashed in transit by a piece of heavy furniture.

So the wagon stood there by itself while the men carried the more useful things. And the small boy uttered his thin cry of distress.

I didn't hear any more from him. A man said: "We'll handle the heavy stuff first, and then we can get the rest of it shifted around."

Little boys can be a nuisance on moving day. They get under foot there isn't time to nurse them along, and answer all their questions.

But as I walked past, trying to look as though I was minding my own business, I was haunted by the notion of a small figure standing bewildered among the jumble of furniture in the half-darkness of a strange house, and crying for his broken wagon.

The wagon was one of the most important objects in his world. Perhaps he had gotten it for his birthday. In the house where he used to live, he trundled it around with a cargo of odds and ends, playing at being a truck driver. It had acquired a personality.

Now he was in another house that night, and the wagon broke, and the grown-ups bustled around as though nothing was wrong.

When those people are settled in their house, I hope they will find time to fix the wheel. Perhaps the boy has forgotten about it now.

But that cry still rings in my head. There was real pain in it, the pain of a little boy who does not understand.

Edson Motors

Hold Annual

Staff Party

Edson Motors held their annual staff Christmas party in the Parish Hall last Thursday evening, which was attended by more than sixty employees and members of their families.

The evening started with a traditional Christmas banquet of tur key and all the trimmings which was served by the United Church W.A. This was followed by a social evening and dance with music being provided by the Ciciarelli orchestra.

All the ladies present were recipients of a white carnation corsage. During the evening members of the staff presented their employees with individual gifts.

their house, I hope they will find time to fix the wheel. Perhaps the boy has forgotten about it now. But that cry still rings in my head. There was real pain in it, the pain of a little boy who does not understand.

Gifts for the home

ARE THE Best Gifts OF ALL

Neither the illustrations nor the listed descriptions of these tables can convey their beauty . . . their quality . . . and their gift suitability. This is just a glimpse and a promise of what awaits you, in BOTH traditional and modern tables. BE SURE TO SEE THEM!
